Classification of Expenditures – General and Administrative Classifications

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-8.2 as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, we reviewed administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A-23A-16.2(f). As a result of the procedures performed, we found no errors and no additional procedures were deemed necessary to test the propriety of expenditure classification.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L. 1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made"

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law"

School Purchasing Programs (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200 for 2021-22.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, as amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The school food service program was not selected as a major federal and/or state program. However, the program expenditures exceeded \$100,000 in Federal and/or State support. Accordingly, we inquired of school management, or the appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

Non-program foods were not purchased, prepared or offered for sale.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to eligible students, maintenance of all applicable production records, meal counts, noncompetitive procurements, modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP Loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA if the FSMC received a PPP loan.

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments or recommendations.

Application for State School Aid

Our audit procedures included a test of enrollments and related services reported in the October 205, 2021 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, bilingual and low income students. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers without exception. The information that was included on the work papers was verified on a test basis with minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2021-2022 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The District did not purchase buses; therefore, the review of bid specifications for the purchase of buses for compliance with applicable statutes did not apply to the District for the current fiscal year. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

There were no SDA Capital Grant Fund received or expended in the current year.

Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations include requirements for the District to establish a maximum travel amount for the year and to ensure that the maximum amount is not exceeded. The regulations also require that all travel must be preapproved by the Board of Education and that the approval must be itemized by event, event total cost, and the individuals attending.

Our review of the travel policies and records revealed that the District is in general compliance with the travel regulations.

Testing for Lead of All Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Management Suggestions

COVID-19 Federal Funding

It is likely that the District will undergo some review of its COVID-19 federal funding if only at a desk review level by state and/or federal agencies. We strongly suggest that the District ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the District ensures that these funds are accounted for in the state account numbers designated by the NJ Department of Education and that any applicable Board policies are current with respect to federal grant requirements.
