All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies including health benefits premium amounts withheld due to the general fund.

The propriety of deductions from individual salaries for Pensions, Social Security, Withholding Tax and other purposes was not verified as part of this examination.

#### Reserve for Encumbrances and Accounts Payable

All encumbrances, contracts, salaries and expenditures for state and federally funded projects were in accordance with laws and regulations and in conformity with procurement requirements.

## Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

#### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with <u>N.J.A.C.</u> 6A:23-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. There were no transaction errors noted as a result of the procedures performed.

#### **Board Secretary's Records**

The financial records, books of accounts and minutes maintained by the Board Secretary were in satisfactory condition. The prescribed contractual order system was followed.

The School District's double entry system of account records were maintained in accordance with the Department of Education's prescribed <u>GAAP Technical Systems Manual</u>, pursuant to N.J.S.A. 18A:4-14 and N.J.A.C.60-20-2A.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

#### Treasurer's Records

The Treasurer's records were examined and found to be in agreement with the records of the Board Secretary.

#### Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

## Financial Planning, Accounting and Reporting (Continued)

# Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA) (Continued)

The study of compliance for E.S.E.A. did not indicate any areas of noncompliance and/or questioned costs.

#### Other Special Federal and State Projects

The District's Special Projects were approved as listed on Schedule A (K-3) and Schedule B (K-4) reflected in the ACFR.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated that there were no areas of noncompliance and/or questioned costs.

#### TPAF Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

#### TPAF Reimbursement to the State for Federal Salary Expenditures

The reimbursement to the State for the amount of the expenditure charged to the current year's Final Report(s) for all federal Awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60 days grant liquidation period, but prior to the 90 days required by N.J.S.A. 18A:66-90. Accordingly, the expenditure was made in accordance with State law (90 days) and properly reported as obligated and not expended and as an unliquidated balance in the current year's Final Report(s) for all federal awards.

## School Purchasing Programs

#### Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 is \$32,000.00 without a Qualified Purchasing Agent. The law regulating bidding for public school transportation contracts under N.J.S.A. 18A:39-3 is \$20,200.00 for 2021-2022.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the "performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, as amended.

#### **School Purchasing Programs** (Continued)

#### Contracts and Agreements Requiring Advertisement for Bids (Continued)

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

#### School Food Service

#### PUBLIC HEALTH EMERGENCY

In accordance with the Governor's Declaration of Emergency pertaining to the COVID-19 Virus, all Public, Charter, Non-Public schools were ordered to close effective March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to Free and Reduced Price eligible students during the period of school closures.

During SY 2021-2022, the public health emergency was still applicable. As a result, School Food Authorities (SFA's) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO) or the Summer Food Service Program (SFSP) option.

SFA's were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A. 18A:18A-7. The SFA's were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFA's were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all free and reduced price meal eligible students during the emergency.

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with *N.J.S.A.* 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC Fixed Price or non-competitive emergency procurement contract/addendum were reviewed and audited. All vendor discounts, rebates and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the school food service.

The SFA recorded and maintained separate supporting documentation for additional costs (food, supplies, transportation, etc.) applicable to the implementation of the COVID-19 meal service under SSO or SFSP program requirements.

## **School Food Service** (Continued)

#### PUBLIC HEALTH EMERGENCY (Continued)

The FSMC did apply for and receive a loan in accordance with Payroll Protection Plan and did use the funds to pay for costs applicable to the Food Service Programs. The PPP loan is still pending forgiveness and the FSMC did not refund or credit the applicable amounts to the SFA.

Net cash resources did not exceed three months average expenditures.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food.

Service employees were authorized by the board of education/board of trustees. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were/were not submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications/ or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the School System. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

The School District did provide the detailed revenue and expenditure information necessary in order to execute the U.S.D.A. mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting child nutrition program operations are included in the section entitled Enterprise Funds, Section G of the ACFR.

#### **Student Body Activities**

The Student Body Activity Fund encompasses three (3) Elementary Schools, One (1) Middle School, One (1) Athletic Account and the High School.

Cash receipts and disbursements records submitted for examination were analyzed in detail. Cancelled checks and available vouchers and invoices were examined and compared to disbursement records.

#### Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2021 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the District procedures related to its completion. The information on the ASSA was compared to the District workpapers without exception. The information that was included on the workpapers was compared to the registers without exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

#### **Federal Programs**

A collaborative Federal Desk Monitoring Report was completed by the State of New Jersey, Department of Education for all Federal Programs related to SY 2021-2022. The New Jersey Department of Education reviewed the LEA's use of federal funds to determine if the LEA's programs are meeting their intended purposes and objectives. After review, eleven (11) findings were noted by the Collaborative Monitoring Report as it relates to federal programs. A corrective action plan was created by the Harrison Town Board of Education to address any required actions arising from the monitoring report.

#### Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2021-2022 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

#### **Facilities and Capital Assets**

Accounting for capital assets is required in order to maintain physical accountability over the assets owned by a school. The accounting system should provide a record of the fixed assets obtained over the years that are still in service and identify the funding source for the purchase of those assets. This provides the ability to prevent, detect and recognize losses of capital assets. The New Jersey Department of Education notified school districts that, effective July 1, 2001, there is a \$2,000.00 capitalization threshold for capital assets. This is a policy set for financial reporting and accounting purposes. Schools may use a lower threshold for asset management and insurance purposes.

#### Testing for Lead of all Drinking Water in Educational Facilities

The School District adheres to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in education facilities.

The School District did submit the Annual Statement of Assurance to the Department of Education pursuant to N.J.A.C. 6A:26-12.4(g).

#### Follow-Up on Prior Years' Findings

In accordance with *Government Auditing Standards*, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings.

#### **Miscellaneous**

The minutes indicate that the Report on Examination of Accounts for the 2020-2021 fiscal year was reviewed by the Board, a synopsis thereof distributed at a public meeting and public discussion held.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

## Acknowledgment

We received the complete cooperation of all the officials of the School District and greatly appreciate the courtesies extended to the members of the audit team.
