We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.2. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Financial Planning, Accounting and Reporting (Continued)

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue section of the ACFR. This section of the ACFR documents the financial position pertaining to projects under Title I, Title IIA and Title IV of the Elementary and Secondary Education Act of 1965.

Our examination of the Federal funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A Exhibit (K-3) and Schedule B Exhibit (K-4) located in the ACFR.

Our audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

I.D.E.A. Part B

Separate accounting was maintained for each approved project.

Grant application approvals and acceptance of grant funds were made by board resolution or recorded in the minutes.

T.P.A.F. Reimbursements

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-3 (as amended) and 18A:39-3 are \$44,000 and \$32,000, respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 effective 2021-22.

Pursuant to N.J.S.A. 18A:18A-3, a board of education may increase the bid threshold to \$44,000 if the District employs a Qualified Purchasing Agent. The District's Purchasing Agent is qualified pursuant to subsection b of section 9 of P.L. 1971, c. 198 (c. 40A:11-9) and the board of education by resolution has increased the bid threshold to \$44,000.

School Purchasing Programs (Continued)

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Solicitor's opinion should be sought before a commitment is made.

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination did not indicate the payments, contracts, or agreements were made" for the performance of any work or the furnishings or hiring of any material or supplies" in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal that purchases were made through the use of state contracts. These contracts were approved in the official minutes.

Student Activity Funds

The Board has a policy which clearly established the regulation of student activity funds.

Cash receipts were deposited timely.

Cash disbursements had proper supporting documentation.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2021 Application for State School Aid (A.S.S.A.) for on-roll, private schools for handicapped, related services, and low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with immaterial exceptions noted. The results of our procedures are presented in the Schedule of Audited Enrollments with no exceptions noted.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2021-22 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments with no exceptions noted.

Our procedures also included a review of transportation-related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts.
