## **ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE**

### **Scope of Audit**

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

### **Administrative Practices and Procedures**

#### **Insurance**

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the school district ACFR.

#### **Official Bonds (N.J.S.A 18A:17-26, 18A:17-32, 18A:13-13)**

Name	Position	Amount
Michael LoBrace	Business Administrator/Board Secretary	\$ 150,000
Kenneth Jannarone	Treasurer	\$ 1,000,000

There is an Employee Dishonesty Faithful Performance Crime Coverage policy with N.J. School Insurance Group covering all other employees with multiple coverage of \$500,000.

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A/18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by the school district.

The school district data certification was completed by the chief school administrator. The school district Chapter 44 data was submitted timely.

If the data certification date reflects submission date later than 60 days after the end of the enrollment period: The original data submission did not require significant revision due to errors or omissions on the part of the district.

#### **Tuition Charges**

A comparison of tentative tuition charges and actual certified tuition charges was made. Our comparison revealed that tuition appeared to be charged correctly.

#### **Financial Planning, Accounting and Reporting**

##### **Examination of Claims**

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

## **Financial Planning, Accounting and Reporting (Cont'd)**

### **Payroll Account**

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Business Administrator/Board Secretary, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

Payrolls were delivered to the treasurer of school moneys with a warrant made to his order for the full amount of each payroll.

### **Employee Position Control Roster**

A review of the Position Control Roster was made and found that proper and consistent financial reporting, and that employee benefits are offered only to current employees and their eligible relations.

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30, 2022 for proper classification of orders as reserve for encumbrances and accounts payable.

### **Travel**

No findings.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C.* 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C.* 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0.00 percent overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Board Secretary's Records**

Our review of the financial and accounting records maintained by the board secretary disclosed the following items.

No findings.

### **Treasurer's Records**

The following items were noted during our review of the records of the Treasurer.

No findings.

**Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)**

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to projects under the Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

**Other Special Federal and/or State Projects**

The district's Special Projects were approved as listed on Schedule K-3 and Schedule K-4 located in the ACFR.

Our audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

**T.P.A.F. Reimbursement**

Our audit procedures included a test of quarterly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

**TPAF Reimbursement to the State for Federal Salary Expenditures**

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

**School Purchasing Programs**

**Contracts and Agreements Requiring Advertisement for Bids**

*N.J.S.A.* 18A:18A-3 states:

1. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefore, except that the board of education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent possesses a qualified purchasing agent certificate pursuant to subsection b. of section 9 of P.L.1971, c.198 (C.40A:11-9) the board of education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

**School Purchasing Programs (Cont'd)**  
**Contracts and Agreements Requiring Advertisement for Bids (cont'd)**

2. Commencing in the fifth year after the year in which P.L.1999, c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of the Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.

Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection a. of N.J.S.A 18A:18A-5 may be awarded for a period not exceeding 12 consecutive months.

*N.J.S.A. 18A:18A-4* states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the board of education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law."

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200 for 2021-2022.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

**School Food Service**

**PUBLIC HEALTH EMERGENCY**

In accordance with the Governor's Declaration of Emergency pertaining to the public health emergency all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to eligible students during the period of school closures. Governor Murphy's emergency declaration ended June 4, 2021; however, the United States Department of Agriculture's federal waiver continued through June 30, 2022. Food Service Agencies operated under this federal waiver.

## **School Food Service (cont'd)**

As a result, School Food Authorities (SFAs) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO). SFAs could also choose to participate in the National School Lunch Program utilizing standard counting and claiming practices.

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all free and reduced price meal eligible students during the emergency.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program costs of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA.

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records were reviewed on a test-check basis. No exceptions were noted. Cash receipts and bank records were reviewed for timely deposit. No exceptions were noted.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed, and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

The SFA recorded and maintained separate supporting documentation for additional costs (food, supplies, transportation, etc.) applicable to the implementation of the COVID-19 meal service under SSO or SFSP program requirements.

Net cash resources did exceed three months average expenditures.

Time sheets were reviewed, and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education/board of trustees. No exceptions were noted.

### **School Food Service (cont'd)**

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were/were not submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications /or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

### **Student Body Activities**

During our review of the student activity funds, no items were noted.

No findings.

### **Application for State School Aid (ASSA)**

Our audit procedures included a test of information reported on the October 15, 2021 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Finding 2022-1 - Our audit indicated that the detailed workpapers provided by the District for low income and private school for the disabled students did not support student counts reported in the respective category on the ASSA.

Recommendation - It is recommended that internal controls over the filing of the District's ASSA be reviewed and enhanced to ensure documentation to support student counts is retained and available for audit.

Finding 2022-2 - Our audit of students reported as attending private schools for the disabled indicated that the documentation provided for audit did not support such classification on the ASSA.

Recommendation - Only those students whose documentation supports eligibility as a private school for the disabled student be reported as such on the ASSA.

## **Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2020-2021 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts.

Finding 2022-3 - Our audit of the DRTRS indicated certain students were reported who were not eligible for transportation services as part of the IEP.

Recommendation - Only those students who meet the eligibility requirements for transportation be reported on the DRTRS.

## **Facilities and Capital Assets**

Since the District is classified as a District required to utilize school based budgeting, a majority of School Development Authority (SDA) grant activity is conducted by the State of New Jersey on behalf of the District. The on behalf grant activity is reported in the District's financial statements as state aid revenue and capital outlay expenditures in the Capital Projects Fund.

## **Miscellaneous**

### **Testing For Lead Of All Drinking Water In Educational Facilities**

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

### **Follow-up on Prior Year Findings**

In accordance with government standards, our procedures included a review of all prior year recommendations.

## **Acknowledgment**

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

\*Allowable adjustment to expenditures on line K must be detailed as follows. This adjustment line (as detailed below) is to be utilized when applicable for:

- (H) Federal Impact Aid. The passage of P.L.2015, c.46 amended N.J.S.A. 18A:7F-41 to permit a board of education to appropriate federal impact aid funds to establish or supplement a federal impact aid legal reserve in the general fund. Accordingly, the Federal Impact Aid adjustment to expenditures is limited to the portion of Federal Impact Aid Section 8002 and Section 8003 received during the fiscal year and recognized as revenue on the General Fund Budgetary Comparison Schedule, but not transferred to the Federal Impact Aid Reserve – General (8002 or 8003) by board resolution during June 1 to June 30 of the fiscal year under audit. Amounts transferred to the reserve are captured on line (C4);
- (I) Sale and Lease-back (Refer to the Audit Program Section II, Chapter 10);
- (J1) Extraordinary Aid;
- (J2) Additional Nonpublic School Transportation Aid;
- (J3) Recognized current year School Bus Advertising Revenue; and
- (J4) Family Crisis Transportation Aid.

(new) (J5) Maintenance of Equity Aid and State Military Impact Aid received July 2022

Notes to auditor: Refer to the Audit Program Section II, Chapter 10 for restrictions on the inclusion of Extraordinary Aid, Family Crisis Transportation Aid, and Additional Nonpublic School Transportation Aid.

*The following example illustrates the proper calculation of the 4 percent excess surplus for districts not required to use school-based budgeting (SBB).* Note that the references (a), (b), etc. are for purposes of this illustration only.

### Example

The school district had total general fund expenditures (from exhibit C-1 of ACFR) of \$7,500,000. Included in the general fund expenditures were “On-Behalf State Aid Payments” (TPAF Pension & Social Security) of \$405,000 and Assets Acquired Under Capital Lease of \$182,000. General fund transfers to other funds not included in the general fund expenditures of the ACFR, but added to the calculation, Transfer from Capital Outlay to Capital Projects of \$60,000; Transfer from Capital Reserve to Capital Projects (augment SCC/SDA grant) of \$12,000; Trans. from General Fund to SRF for Preschool - Regular of \$10,000; and Trans. from General Fund to SRF for Preschool - Inclusion of \$5,000. The district received \$2,000 in federal impact aid revenue during 2021-22 and recognized \$1,000 of School Bus Advertising Revenue during 2021-22. The June 30, 2022 general ledger reflects that the district had the following: \$4,900 of year-end “other purposes” encumbrances reported in the “Committed” fund balance category (GASBS 54); \$9,000 legally restricted reported in the “Restricted” fund balance category (GASBS 54) from an unexpended 2020-21 additional spending proposal required to be designated/appropriated in the 2022-23 budget; \$45,000 reserved June 30, 2021 excess surplus required to be designated/appropriated in the 2022-23 budget reported in the “Restricted” fund balance category (GASBS 54); \$90,000 unreserved and designated in the 2022-23 budget reported in the “Assigned” fund balance category (GASBS 54); and \$395,000 unreserved/undesigned reported in the “Unassigned” fund balance category (GASBS 54) prior to calculating June 30, 2022 excess surplus.
