The Board has implemented and maintains a personnel tracking and accounting (Position Control) system.

Reserve for Encumbrances and Accounts Payable

Also, unpaid purchase orders included in the balance of accounts payable were reviewed for proprietary and to determine that goods were received and services were rendered, as of June 30.

We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. No exceptions were noted regarding the account classification of our expenditures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3.

The financial records, books of account and minutes maintained by the Board Secretary were in fair condition.

Acknowledgement of the Board's receipt of the Board Secretary's and Treasurer's monthly financial reports were included in the minutes.

The prescribed contractual order system was followed. Bids received were summarized in the minutes (N.J.S.A. 18A:18A-21).

Finding 2022-001: Donations received by the District were recorded in the General Fund along with their related expenditures.

Recommendation: Donations and related expenditures be reported in the Special Revenue Fund.

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund. The financial transactions of this fund are reported in the Fiduciary Fund.

Finding 2022-002: Unemployment compensation being withheld from employees pay is not being properly transferred from the Payroll Account to the Unemployment Account.

Recommendation: Employee unemployment withholdings be transferred from the payroll account.

Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

Our examination indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Exhibit K-3 and Exhibit K-4 located in the CAFR.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contract under N.J.S.A. 18A:39-3 is \$20,200 for 2021-22.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed; however, to determine whether any clear-cut violations existed.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that purchases were made through the use of State contracts.

Finding 2022-003: District utilized the Ed Data Coop for purchases exceeding the bid threshold, but did not maintain all proper documentation.

Recommendation: Supporting documentation be retained for all contracts awarded through Ed-Data where the contract exceeds the bid threshold.

Food Service Fund

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The District contracted with Maschio's Food Services, Inc., a food service management company (FSMC), to operate and manage its food service program for 2020/2021 up until December 2020 when the District and Maschio's terminated their relationship. The district was depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract included an operating results provision which guaranteed that the food service program will break even. When it was determined that this break even guarantee was no longer achievable with the enrollment levels at the school, the District decided to part ways and have the Education Foundation take over the Food Services.

The District does not participate in the School Nutrition Program.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursement records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Exhibits reflecting food service operations are included in the section entitled Enterprise Funds.

Student Activity Accounts

The Board has a policy which clearly established the regulation of student activity funds.

Application for State School Aid

Our audit procedures included a test information reported in the October 15, 2021 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified with immaterial exceptions noted. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent. The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2021-2022 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with an immaterial exception noted. The information on the DRTRS was unable to be verified. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts.
