## **Financial Planning, Accounting and Reporting (continued)**

### **Payroll Account and Position Control Roster**

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the School Business Administrator/Board Secretary, and the Superintendent.

Payrolls were delivered to the secretary of the board who then deposited warrants in separate bank accounts for net payroll and withholdings.

Salary withholdings were promptly remitted to the proper agencies including health benefits withholding due to the general fund.

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30, 2022 for proper classification of orders as reserve for encumbrances and accounts payable, and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. This was accomplished through a review of unpaid purchase orders included on the balance as accounts payable for proprietary and to determine that goods were received and services rendered as of June 30, 2022.

### **Minutes**

The monthly minutes of the Board were generally well prepared and budget transfers were noted in the minutes.

### **District Internal Control Policies**

District boards of education and administration are responsible for developing internal controls policies and procedures and maintaining a strong internal control environment. NJAC 6A:23A-6.4 requires that the district's internal control policies include specific requirements at NJAC 6A:23A-6.5 through 6.13. Internal control policies were found in accordance with NJAC 6A:23A and no exceptions were noted during our review of travel expenditures.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with **N.J.A.C.** 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with **N.J.A.C.** 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of zero percent overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

**Financial Planning, Accounting and Reporting (continued)**

**Classification of Expenditures (continued)**

**A. General Classification Findings- NONE**

**B. Administrative Classification Findings- NONE**

**Board Secretary's Records**

The financial records, books of accounts maintained by the Secretary were in satisfactory condition.

Acknowledgment of the Board's receipt of the Board Secretary's monthly financial reports was included in the minutes.

Monthly financial certificates of the Board Secretary and Board of Education for positive line item account status certifications (**N.J.A.C. 6:2-2.13**) were performed.

Budgetary line item account transfers were approved monthly to cover any anticipated deficits.

**Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (E.S.S.A)**

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, II-A, and IV of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of the E.S.E.A. funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

**Other Special Federal and/or State Projects**

The District's special projects were approved as listed on Schedule A and Schedule B located in the **CAFR**.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the **CAFR**. This section of the **CAFR** documents the financial position pertaining to the aforementioned special projects.

### **T.P.A.F. Reimbursement**

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

### **TPAF Reimbursement to the State for Federal Salary Expenditures**

The reimbursement to the State for the amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the charter school or for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60 day grant liquidation period, but prior to the 90 days required by N.J.S.A. 18A:66-90. Accordingly, the expenditure was made in accordance with State law (90 days) and properly reported as obligated and not expended and as an unliquidated balance in the current year's Final Report(s) for all federal awards.

### **School Purchasing Programs**

#### **Contracts and Agreements Requiring Advertisement for Bids**

**N.J.S.A. 18A:18A-1 et seq.** (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: [http://www.state.nj.us/dca/divisions/dlgs/programs/ps\\_contracts.html](http://www.state.nj.us/dca/divisions/dlgs/programs/ps_contracts.html).

The current statute is posted on the New Jersey Legislature website at: <http://lis.njleg.state.nj.us>.

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$36,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 for 2021-2022.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended, with the exception of the following:

## **School Purchasing Programs (continued)**

### **Contracts and Agreements Requiring Advertisement for Bids(continued)**

#### **Finding 2022-1**

There was one purchase in excess of the bid threshold where the District solicited quotes instead of advertising for bids in accordance with N.J.S.A 18A:18A-4.

#### **Recommendation**

The District should review and revise its internal controls over procurement and purchasing procedures to ensure compliance with the requirements of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. We did not identify any exceptions through the use of State contracts. In addition, the review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract over the statutory threshold amount of \$6,600 except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Education, price and other factors considered. Our examination indicated that the Board of Education complied with these provisions.

## **School Food Service**

### **Public Health Emergency**

In accordance with the Governor's Declaration of Emergency pertaining to the public health emergency all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to eligible students during the period of school closures. Governor Murphy's emergency declaration ended June 4, 2021; however, the United States Department of Agriculture's federal waiver continued through June 30, 2022, Food Service Agencies operated under this federal waiver.

As a result, School Food Authorities (SFAs) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO). SFAs could also choose to participate in the National School Lunch Program utilizing standard counting and claiming practices.

### **School Food Service (continued)**

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA. No exceptions noted.

### **Other Enterprise Funds**

Cash receipts and bank records were reviewed for timely deposit. Expenditures were separately recorded based on line items deemed appropriate. Vendor invoices were available and examined. No exceptions were noted.

### **Student Body Activities**

The Board has a policy, which clearly established the regulation of student activity funds. Cash receipts and disbursements records were maintained in satisfactory condition, with the following exception:

Vouchers and supporting invoices were maintained for the student activity fund purchases. All disbursements appeared to be supported by appropriate documentation.

### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2021 Application for State School Aid (ASSA) for on-roll, private schools for students with disabilities, low-income, and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers without exception. The information included as part of the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district written procedures appear to be adequate for the recording of student enrollment data.

### **Facilities and Capital Assets**

Our procedures, if applicable, included a review of the SDA grant agreement for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account. The District has one open capital projects, as of June 30, 2022. The project is funded through Salem County bond proceeds and is designated for various improvements to the Career and Technical High School.

Fixed asset records were updated as of June 30, 2022 through contracting with an outside vendor.

### **Testing for Lead of all Drinking Water in Educational Facilities**

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The test results were posted on the district's website as well as being available at the school facility.

### **Follow-up on Prior Years' Findings**

In accordance with government auditing standards, our procedures included a review of all prior year recommendations, which were all resolved.

### **Acknowledgment**

We received the complete cooperation of all the officials of the school district, and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
