N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and the school contracts in general, are available on the following website:

<https://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>

Current statute is posted on the New Jersey Legislature website at:

<http://www.njleg.state.nj.us/>

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000.00 (with a Qualified Purchasing Agent) and \$32,000.00 (without a Qualified Purchasing Agent), respectively. **SCHOOL PURCHASING PROGRAMS (CONT'D)**

**Contracts and Agreements Requiring Advertisement for Bids (Cont'd)**

The School District's Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of our audit, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

**SCHOOL FOOD SERVICE**

**Public Health Emergency**

In accordance with the Governor's Declaration of Emergency pertaining to the public health emergency all public, charter, non-public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, school food authorities (SFA) were required to institute alternate procedures to provide meals to free and reduced price eligible students during the period of school closures. Governor Murphy's emergency declaration ended June 4, 2021; however, the United States Department of Agriculture's federal waiver continued through June 30, 2022. Food Service Agencies operated under this federal waiver.

As a result, School Food Authorities (SFAs) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO). SFAs could also choose to participate in the National School Lunch Program utilizing standard counting and claiming practices.

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with food service management companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing cost reimbursable or fixed price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The financial transactions and statistical records of the school food service fund were audited. The financial accounts, meal count records, and eligibility applications were tested on a sample basis. No exceptions were noted.

Cash receipts and bank records were sampled for timely deposit. No exceptions were noted.

The School District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC cost reimbursable or fixed price or non-competitive emergency procurement contract / addendum were inspected and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least \$8,000.00. The operating results provision has been met. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the food service account and reconciled to supporting documentation at least annually.

Expenditures should be separately recorded as food, labor, and other costs. Vendor invoices were sampled and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

**SCHOOL FOOD SERVICE (CONT'D)**

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

The SFA recorded and maintained separate supporting documentation for additional costs (food, supplies, transportation, etc.) applicable to the implementation of the COVID-19 meal service under SSO or SFSP program requirements.

The FSMS did not apply for and receive a loan in accordance with the Paycheck Protection Plan (PPP)

Net cash resources did not exceed three months average expenditures.

Sampled time sheets were tested and labor costs verified. Payroll records were maintained on all sampled school food service employees authorized by the School District. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted / certified in a timely manner.

Sampled applications for free and reduced price meals were tested for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and / or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was inspected for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for audit.

USDA Food Distribution Program (food and / or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The statement of revenues, expenses, and changes in fund net position (ACFR exhibit B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the ACFR.

**STUDENT BODY ACTIVITIES**

Our audit of the financial and accounting records for student activities indicated that they were in satisfactory condition.

**APPLICATION FOR STATE SCHOOL AID**

Our audit procedures included a sample of information reported in the October 15, 2021 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low-income, and bilingual. We also performed an inspection of the School District procedures related to its completion. The information on the A.S.S.A. was compared to the School District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the schedule of audited enrollments.

The School District maintained workpapers on the prescribed State forms or their equivalent.

The School District has adequate written procedures for the recording of student enrollment data.

**FACILITIES AND CAPITAL ASSETS**

Our audit of the financial and accounting records for facilities and capital assets indicated that they were in satisfactory condition.

**MISCELLANEOUS**

**Continuing Disclosure Agreements**

The School District was in compliance with its most recent continuing disclosure agreements made in relation to prior year bond issuances.
