JEFFREY BENDER Superintendent of Schools

RICHARD A. BERGACS, Ed.D. Assistant Superintendent of Schools

KATHRYN BLEW, CPA School Business Administrator Board Secretary

October 14, 2023

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District County of Hunterdon, New Jersey

Dear Board Members:

The annual comprehensive financial report of the North Hunterdon-Voorhees Regional High School District (the "District") for the fiscal year ended June 30, 2023, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (the "Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the basic financial statements and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the Independent Auditors' Report, the management's discussion and analysis, the basic financial statements and notes providing an overview of the District's financial position and operating results, and supplementary schedules providing detailed budgetary information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditors' reports on internal control and compliance with applicable laws, regulations, contracts and grants along with findings and questioned costs, are included in the single audit section of this report.

<u>1) REPORTING ENTITY AND ITS SERVICES</u>: The North Hunterdon-Voorhees Regional High School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board ("GASB") in codification section 2100. All funds of the District are included in this report. The North Hunterdon-Voorhees Regional High School District Board of Education and all its schools constitute the District's reporting entity.

The North Hunterdon-Voorhees Regional High School District provides educational services for students in grades 9 through 12 for the constituent districts of the Township of Bethlehem, Borough of Califon, Town of Clinton, Clinton Township, Franklin Township, Borough of Glen Gardner, Borough of Hampton, Borough of High Bridge, Borough of Lebanon, Township of Lebanon, Tewksbury Township and Township of Union, as well as 9<sup>th</sup> through 12<sup>th</sup> grade students from Hunterdon County Polytech Career Academy under a sending/receiving relationship. A full range of educational programs are provided for all students, including pre-vocational programs, as well as special education services and programs. Enrollment varies year to year.

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 2 October 14, 2023

#### 2) ECONOMIC CONDITION AND OUTLOOK:

Growth in the North Hunterdon-Voorhees area has slowed and subsequently, student population is anticipated to decrease as we have seen in our sending elementary districts.

#### 3) MAJOR INITIATIVES AND ACCOMPLISHMENTS:

The North Hunterdon-Voorhees Regional High School District continues to focus on the major initiatives highlighted in the most recent 5-year strategic plan, which are listed below:

Providing professional development opportunities to our teaching staff to help them create engaging learning experiences through cross-curricular collaboration. We will also be evaluating and improving our use of racially diverse materials in all of our curricula. Using real world applications, students will be able to better choose careers and develop life skills, especially important for students not interested in pursuing a college education. The district has been involved in developing partnerships with community organizations to find internship opportunities during students' senior year.

Creating healthy and supportive relationships where students, staff and parents can collaborate to enable students to develop and achieve realistic goals. In order to achieve these goals, the faculty and staff will provide programming and resources to teach students how to manage stress through community health and wellness seminars.

In an effort to create a safer school environment which provides physical and emotional safety for students and staff, new security measures are being taken to enhance the infrastructure. In line with 21<sup>st</sup> century goals, we have initiated several energy saving initiatives, including upgraded LED lighting and roof-mounted solar panels, which were installed during the 2021 and 2022 school years. During the 2023 school year the District was awarded the School and Small Business Ventilation and Energy Efficiency Verification and Repair Program Grants from TRC/NJ Clean Energy Program for \$6.5 million, to complete HVAC repairs and new system upgrades.

<u>4) INTERNAL ACCOUNTING CONTROLS</u>: Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the District also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control system is also subject to periodic evaluation by the District's management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control system, including that portion related to major federal and state award programs, as well as to determine that the District has complied with applicable laws, regulations, contracts and grants.

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 3 October 14, 2023

5) <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by a vote of the Board of Education. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as fund balance restrictions, commitments and assignments at June 30, 2023.

<u>6) ACCOUNTING SYSTEM AND REPORTS</u>: The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Basic Financial Statements", Note 1.

7) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

<u>8) RISK MANAGEMENT</u>: The Board carries various forms of insurance, including, but not limited to, general liability, excess liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. The New Jersey Schools Insurance Group oversees risk management for the District. A schedule of insurance coverage is found on Exhibit J-20.

The Board is a member of the New Jersey Schools Insurance Group ("NJSIG"). The NJSIG is a risk-sharing public entity risk fund that is both an insured and self-administered group of school districts established for the purpose of providing low-cost insurance coverage to their members.

<u>9) OTHER INFORMATION</u>: Independent Audit – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nisivoccia LLP, CPAs, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* The auditors' report on the basic financial statements and specific required supplementary information are included in the financial section of this report. The auditors' reports related specifically to the single audit and *Government Auditing Standards* are included in the single audit section of this report.

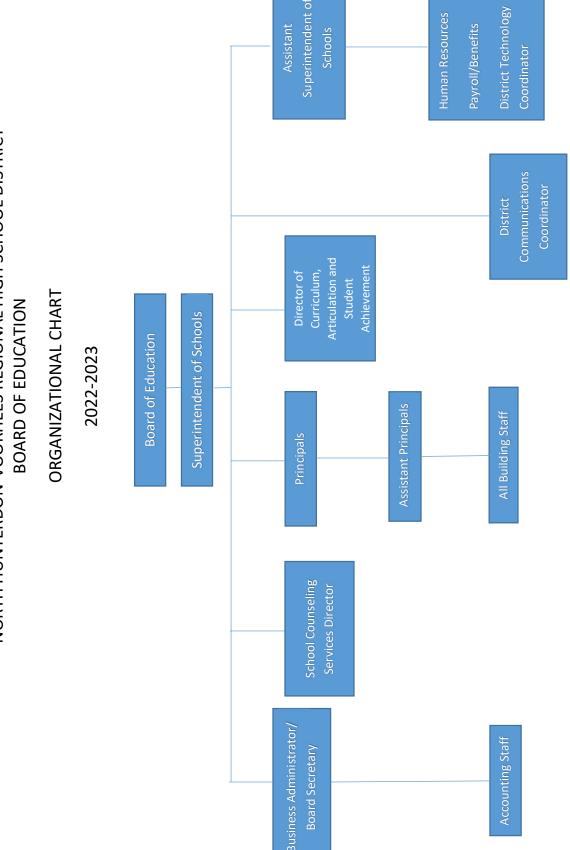

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 4 October 14, 2023

<u>10) ACKNOWLEDGMENTS</u>: We would like to express our appreciation to the members of the North Hunterdon-Voorhees Regional High School District School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of the financial and accounting staff.

Respectfully submitted,

Jeffrey Bender Superintendent

Kathryn Blew, CPA Business Administrator/Board Secretary

#### Independent Auditors' Report

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District County of Hunterdon, New Jersey

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the North Hunterdon-Voorhees Regional High School District (the "District"), in the County of Hunterdon, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position, and, where applicable cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey (the "Office") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 2

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Office will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Office, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, which follows this report, the pension and post-retirement schedules in Exhibits L-1 through L-5 and the related notes, and the budgetary comparison information in Exhibits C-1 through C-3 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, are required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 3

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information schedules and the schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

# REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of North Hunterdon-Voorhees Regional High School District's annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2023. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

#### **Overview of the Financial Statements**

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more* detail than the District-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the short-term as well as what remains for future spending.
- *Proprietary funds* statements offer *short* and *long-term* financial information about the activities the District operates like a business, such as food services.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

#### Figure A-1

#### Organization of the School District's Financial Report

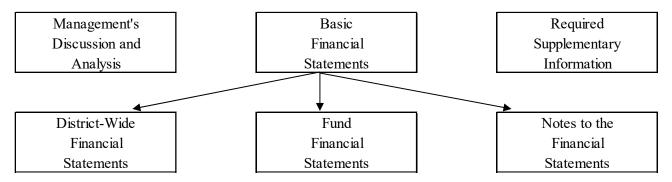

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights that structure and contents of each of the statements.

## Figure A-2

		Fund Financial S	Statements
	District-Wide Statements	Governmental Funds	Proprietary Funds
Scope	Entire District	The activities of the District that are not proprietary, such as special education and building maintenance	Activities the District operates similar to private businesses: food services
Required Financial Statements	<ul> <li>Statement of net position</li> <li>Statement of activities</li> </ul>	<ul> <li>Balance sheet</li> <li>Statement of revenue, expenditures, and changes in fund balances</li> </ul>	<ul> <li>Statement of net position</li> <li>Statement of revenue, expenses, and changes in net position</li> <li>Statement of cash flows</li> </ul>
Accounting Basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of Asset/Liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets, lease assets, subscription assets, or long- term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term
Type of Inflow/Outflow Information	All revenue and expenses during the year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenue and expenses during the year, regardless of when cash is received or paid

#### Major Features of the District-Wide and Fund Financial Statements

#### **District-wide Statements**

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred inflows and outflows and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two District-wide statements report the District's *net position* and how they have changed. Net position – the difference between the District's assets, deferred inflows and outflows and liabilities – is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the District-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities*: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state formula aid finance most of these activities.
- *Business-type activities*: The District charges fees to help it cover the costs of certain services it provides. The District's food service is included here.

#### Fund Financial Statements

The fund financial statements provide more detained information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term liabilities) or to show that is it properly using certain revenue (such as federal grants).

The District has two kinds of funds:

- Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on {1} how cash and other financial assets that can readily be converted to cash flow in and out, and {2} the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or difference) between them.
- *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the District-wide statements. The District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information, such as cash flows. The District uses *internal service funds* (the other kind of proprietary fund) to report activities that provide supplies and services for its other programs and activities. The District currently does not maintain any internal service funds.

*Notes to Basic Financial Statements*: Provide additional information essential to a full understanding of the Districtwide and fund financial statements.

#### Financial Analysis of the District as a Whole

*Net Position.* The Statement of Net Position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a school's financial position.

#### Figure A-3

\* as Restated

The District's financial position is the product of financial transactions including the net results of activities, the acquisition and payment of bonded and long-term liabilities, the acquisition and disposal of capital assets, and the depreciation of capital assets.

*Changes in Net Position.* Net position in the Governmental Activities increased due primarily to the maturity of long term liabilities, capital assets additions offset by depreciation expense as well as excess revenues and unexpended budget balances in the General Fund. An explanation for the change in Net Position for Business-Type Activities is included later in this section of the report.

#### **Governmental** Activities

As discussed elsewhere in this commentary, the financial position of the District improved. However, maintaining existing programs with a slight decrease in enrollment and the provision of special programs and services for disabled pupils, combined with rising salary and benefit costs, school security, out of district tuitions and state mandates on testing place great demands on the District's resources.

Careful management of expenses and increases in revenues remains essential for the District to sustain its financial health. The District continues to receive the benefit of cost saving measures from the past few years, especially the energy conservation measures.

It is crucial that the District examine its expenses carefully. Staff, parental and student demands for salary increases, activities, small class sizes and programs must be evaluated thoroughly. District resources are at their tightest level in a decade. Figure A-5 presents the cost of six major District activities: instruction, pupil and instructional services, administration and business, maintenance and operations, transportation and other. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs).

The net cost shows the financial burden placed on the District's taxpayers by each of these functions:

#### Figure A-5

	Total Cost of Services 2022/2023	Net Cost of Services 2022/2023	Total Cost of Services 2021/2022	Net Cost of Services 2021/2022

	\$ 65,072,963	\$ 52,591,401	\$ 69,618,859	\$ 52,985,477

#### Net Cost of Governmental Activities

#### **Business-Type** Activities

Net position from the District's business-type activity increased by \$83,362. (Refer to Figure A-4). The primary factor contributing to the increase was the District being back to pre-pandemic sales levels. The increase is slightly down from the prior year due to the increasing cost of food and supplies.

#### **Financial Analysis of the District's Funds**

The District's financial position increased significantly on a fund basis due to significant amounts of unexpended budgeted appropriations.

A major concern for the community is that the burden of the rising cost of education is focused on taxpayers to support their local schools. Despite these concerns, the North Hunterdon-Voorhees Regional High School District is committed to maintaining fiscal responsibility as well as achieving educational excellence for all the students of the District.

To maintain a stable financial position, the District must continue to practice sound fiscal management, including efficiency/cost containment practices, evaluation of services and programs and seeking additional sources of revenue.

#### **General Fund Budgetary Highlights**

• Over the course of the year, the District revised the annual operating budget as necessary. These budget amendments were due to changes made within budgetary line items for changes in school-based needs for programs, supplies and equipment.

#### **Capital Asset and Long-Term Liabilities**

#### Figure A-6

	\$ 23,266,037	\$ 22,374,934	3.98%

The District's long-term liabilities increased \$891,103, or 3.98%, – as shown in Figure A-7. (More detailed information about the District's long-term liabilities is presented in Note 8 to the financial statements).

#### Factors Bearing on the District's Future Revenue/Expense Changes

The North Hunterdon-Voorhees Regional High School District, encompassing 174 square miles, is a community of children and adults living, learning, and working together across twelve municipalities. In addition to fostering students' intellectual growth, we focus on enhancing their self-esteem and developing strong personal character.

The many programs we offer, in and beyond the classroom, provide opportunities for children to explore new interests, gain self-confidence, socialize, and learn from one another. Coupled with an outstanding instructional program, these stimulating experiences support and nurture the total child. Our commitment to professional development, high-quality instructional programs, enrichment activities, and social-emotional learning support our philosophy of educational excellence. Our mission statement supports these endeavors:

The North Hunterdon-Voorhees Regional High School District, a district committed to innovation, personal excellence, high achievement, and community partnership, provides all students with personalized opportunities through a broad spectrum of exemplary educational experiences to develop their fullest potential, to foster lifelong learning, and to become responsible citizens in a continually changing society.

The District's two high schools, with approximately 2,070 students, offer students in grades 9 - 12 a comprehensive educational program emphasizing college and career readiness. In addition to a strong curriculum offering, that includes over 20 Advanced Placement courses, students can pursue career and technical programs through dual enrollment at Hunterdon County Polytech Career and Technical School, part of the Hunterdon County Vocational School District. The North Hunterdon-Voorhees district expanded its relationship with the vocational school district and is now hosting a four-year Biomedical Sciences Academy at North Hunterdon High School, four-year Environmental Sustainability & Engineering Academy at Voorhees High School, a four-year Computer Science Academy at Voorhees High School, and a four-year Animal Sciences program at Voorhees High School and Hunterdon County Polytech Career and Technical School.

An innovative district technology plan enhances our instructional program, facilitates and promotes independent and cooperative learning and provides relevance to students' lives. Since 2015-2016, all four grade levels are provided with a Chromebook. With the deployment of Chromebooks, our technology program extends beyond the classroom and traditional school day. Alongside the Chromebooks, the technology plan leverages an increasing number of cloud based software solutions for instructional purposes. This technology plan and the implementation of a 1:1 initiative was especially beneficial during the COVID-19 crisis.

Through working with various stakeholders in early 2018, the district has a new five-year Strategic Plan for 2018-2023. The main goals for 2023-2024 will be to increase training for staff and students on implicit bias and diversity to ensure all students feel safe and welcomed in our school community and to monitor students' mental health throughout the year and offer assistance as needed. In conjunction with those goals, the district aims to provide a safe and secure learning environment for students and staff, so future facility upgrades will focus on safety and security. Working with the local police departments, the district currently has two School Resource Officers and seven Class III Security Officers in the high school buildings.

For students with special needs, the district provides a full range of special education programs and services. Multiple Disabled, Learning/Language Disabilities, Behavior Disorders, Career Development, and Autism self-contained classes are provided throughout the district. Resource center programs at each school offer in-class support as well as pull-out instruction. In addition, related services of speech, nursing, occupational therapy, physical therapy, and teacher of the deaf are provided to students who require them. The district also launched Unified Sports in the 2017-2018 school year, and this continues to be successful at both schools.

In addition, the district added the Lion P.R.I.D.E. Academy, housed in North Hunterdon High School, which opened for the 2019-2020 school year. The Academy is the only academy in Hunterdon County that assists students with emotional and behavioral problems with successful, innovative therapeutic services. The district has increased its mental health support for students by adding two additional licensed mental health clinicians.

#### **Contacting the District's Financial Management**

This financial report is designed to provide the District's citizens, taxpayers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Board of Education Office, 1445 State Route 31 South Annandale, NJ 08801.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (the "Board") of North Hunterdon-Voorhees Regional High School District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

#### A. Reporting Entity

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3). The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

#### **B.** Basis of Presentation

#### District-Wide Financial Statements:

The statement of net position and the statement of activities present financial information about the District's governmental and business type activities. These statements include the financial activities of the overall District in its entirety. Eliminations have been made to minimize the double counting of internal transactions. These statements distinguish between the governmental and business type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenue and other nonexchange transactions. Business type activities are financed in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenue for businesstype activities and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses are allocated to the functions using an appropriate allocation method or association with the specific function. Indirect expenses include health benefits, employer's share of payroll taxes, compensated absences and tuition reimbursements.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### B. Basis of Presentation: (Cont'd)

#### District-Wide Financial Statements: (Cont'd)

Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenue that is not classified as program revenue, including all taxes, is presented as general revenue. The comparison of direct expenses with program revenue identifies the extent to which each government function or business segment is self-financing or draws from the general revenue of the District.

#### Fund Financial Statements:

During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds. Separate statements for each fund category – governmental and proprietary- are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

<u>General Fund</u>: The General Fund is the general operating fund of the District and is used to account for and report all expendable financial resources not accounted for and reported in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay subfund.

As required by NJDOE, the District includes budgeted capital outlay in this fund. GAAP, as it pertains to governmental entities, states that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenue. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expenses by board resolution.

<u>Special Revenue Fund</u>: The Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Thus, the Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted or committed to expenditures for specified purposes.

<u>Capital Projects Fund:</u> The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets, lease assets or subscription assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, funds appropriated from the General Fund, and from aid provided by the state to offset the cost of approved capital projects.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### B. Basis of Presentation (Cont'd)

<u>Debt Service Fund:</u> The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

<u>Enterprise Funds</u>: The Enterprise Funds account for all revenue and expenses pertaining to the Board's cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

#### C. Measurement Focus and Basis of Accounting

The district-wide financial statements and the proprietary financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenue is recognized when measurable and available. The District considers all revenue reported in the governmental funds to be available if the revenue is collected within sixty days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured. Capital asset or lease asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under financed purchases are reported as other financing sources.

It is the District's policy, that when an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, to apply restricted resources first followed by unrestricted resources. Similarly, within unrestricted fund balance, it is the District's policy to apply committed resources first followed by assigned resources and then unassigned resources when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific costreimbursement grants, categorical block grants and general revenue. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenue.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### D. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budget for the fiscal year ended June 30, 2023 was submitted to the County office and was approved by a vote of the Board of Education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be made by School Board resolution. All budgetary amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budget during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis except for student activities and scholarships. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The General Fund budgetary revenue differs from GAAP revenue due to a difference in recognition of the last two state aid payments for the current year. Since the State is recording the last two state aid payments in the subsequent fiscal year, the District cannot recognize these payments on the GAAP financial statements.

#### E. Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

The District generally records investments at fair value and records the unrealized gains and losses as part of investment income. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

New Jersey school districts are limited as to the type of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A 17:9-41et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all the other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### F. Interfund Transactions:

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenue. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenue/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net position, except for amounts due between governmental and business-type activities, which are presented as internal balances.

#### G. Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

#### H. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as restricted, committed and/or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenue at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

#### I. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

#### J. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2023.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### K. Capital Assets:

During the year ended June 30, 1994, the District established a formal system of accounting for its capital assets. Capital assets acquired or constructed subsequent to June 30, 1994, are recorded at historical cost including ancillary charges necessary to place the asset into service. Capital assets acquired or constructed prior to the establishment of the formal system are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Land has been recorded at estimated historical cost. Donated capital assets are valued at acquisition value. The cost of normal maintenance and repairs is not capitalized. The District does not possess any infrastructure. Capital assets have been reviewed for impairment.

The capitalization threshold (the dollar value above which asset acquisitions are added to the capital asset accounts) is \$2,000. The depreciation method is straight-line. The estimated useful lives of capital assets reported in the District-wide statements and proprietary funds are as follows:

	Estimated Useful Life
Site Improvements	20 years
Buildings and Building Improvements	50 years
Machinery and Equipment	10 to 15 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures in the governmental fund upon acquisition. Capital assets are not capitalized and related depreciation is not reported in the fund financial statements.

#### L. Lease Assets

Intangible right-to-use lease assets are assets which the District leases for a term of more than one year. The value of leases are determined by the net present value of the leases at the District's incremental borrowing rate at the time of the lease agreement, amortized over the term of the agreement.

#### M. Subscription Assets

Intangible right-to-use subscription assets are subscription-based information technology arrangements (SBITAs) with subscription terms of more than one year. The value of subscription assets is determined by the sum of the subscription liability and payments made to the SBITA vendor, including capitalizable initial implementation costs, before the commencement date of the subscription term.

#### N. Long Term Liabilities:

In the district-wide and enterprise fund statements of net position, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or enterprise funds. Bond premium and discounts, are reported as deferred charges and amortized over the term of the related debt using the straight-line method of amortization. In the fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

#### O. Accrued Salaries and Wages

As of June 30, 2023, there were no accrued salaries or wages.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### P. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by GASB. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's various employee agreements/contracts. Upon termination, employees are paid for accrued vacation. The District's various employee agreements/contracts permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee agreements/contracts.

In the district-wide *Statement of Net Position*, the liabilities, whose average maturities are greater than one year, should be reported in two components – the amount due within one year and the amount due in more than one year.

#### Q. Subscription Payable

In the district-wide financial statements, subscription payables are reported as liabilities in the Statement of Net Position. In the governmental Fund financial statements, the present value of subscription payments at the District's incremental borrowing rate over the subscription term is reported as other financing sources.

#### R. Unearned Revenue

Unearned revenue in the special revenue fund represents cash which has been received but not yet earned.

#### S. Lease Payable

In the district-wide financial statements, leases payable are reported as liabilities in the Statement of Net Position. In the governmental fund financial statements, the present value of lease payments is reported as other financing sources.

#### T. Fund Balance Appropriated

<u>General Fund:</u> Of the \$27,982,965 General Fund fund balance at June 30, 2023, \$12,700,809 is restricted in the capital reserve account; \$1,712,929 is restricted in the maintenance reserve account; \$656,398 is restricted for Unemployment Compensation; \$10,146,304 is restricted for excess surplus in accordance with N.J.S.A. 18A:7F-7 as amended by P.L. 2004, C.73 (S1701) (the \$4,560,617 of prior year excess surplus has been appropriated and included as anticipated revenue for the fiscal year ending June 30, 2024 and the current year excess surplus of \$5,586,766 will be appropriated and included as anticipated revenue for the fiscal year ending June 30, 2025); \$1,013,717 is assigned for year-end encumbrances; and \$1,751,729 is unassigned, which is \$385,421 less than the calculated maximum unassigned fund balance, on a GAAP basis, due to the final two state aid payments which are not recognized until the fiscal year ending June 30, 2024.

<u>Special Revenue Fund:</u> Of the \$507,316 fund balance in the Special Revenue Fund \$22,572 is restricted for Scholarships, and \$484,744 is restricted for Student Activities.

<u>Capital Projects Fund</u>: Of the \$659,877 fund balance in the Capital Projects Fund \$160,144 is restricted, and \$499,733 is committed.

<u>Calculation of Excess Surplus:</u> In accordance with N.J.S.A. 18A:7F-7 as amended by P.L. 2004, c.73 (S1701), the designation for Restricted Fund Balance-Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The District had excess surplus as noted above.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### T. Fund Balance Appropriated (Cont'd)

The District's unassigned fund balance in the General Fund is less on a GAAP basis than the budgetary basis as reported in the fund statement (modified accrual basis).

P.L. 2003, C.97 provides that in the event state school aid payments are not made until the following school budget year, districts must record the last state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last state aid payments in the subsequent fiscal year, the school district cannot recognize the last state aid payments on the GAAP financial statements until the year the State records the payable. The excess surplus is calculated using the fund balance reported on the Budgetary Comparison Schedule, including the last state aid payments, and not the fund balance reported on the fund statement which excludes the last state aid payments.

#### U. Deficit Net Position

The District had a deficit in unrestricted net position from governmental activities in the amount of \$10,899,606. This is primarily due to deferred outflows, inflows and liabilities related to pensions and compensated absences payable. This deficit does not indicate that the District is in financial difficulties and is a permitted practice under generally accepted accounting principles.

#### V. Net Position

Net position is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources.

A deferred outflow of resources is a consumption of net position by the District that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by the District that is applicable to a future reporting period. The District had deferred outflows and deferred inflows for pensions at June 30, 2023.

Net position is displayed in three components - net investment in capital assets; restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, lease assets, net of accumulated amortization, and subscription assets, net of accumulated amortization reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position.

The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### W. Fund Balance Restrictions, Commitments and Assignments

The District Board of Education has the responsibility to formally commit resources for specific purposes through a motion or a resolution passed by a majority of the Members of the Board of Education at a public meeting of that governing body. The Board of Education must also utilize a formal motion or a resolution passed by a majority of the Members of the Board of Education at a public meeting of that governing body in order to remove or change the commitment of resources. The District has committed resources at June 30, 2023 in the capital projects fund.

The restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. The committed fund balance classification includes amounts that can be used only for the specific purposes determined for a formal action of the District's highest level of decision-making authority. Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Unassigned fund balance is the residual classification for the District's General Fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classifications should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts have been restricted, committed or assigned.

Fund balance restrictions have been established for excess surplus, capital reserve, maintenance reserve, scholarships, student activities, unemployment compensation and the capital projects fund.

The assignment of resources is generally made by the District Board of Education through a motion or a resolution passed by a majority of the Members of the Board of Education. These resources are intended to be used for a specific purpose. The process is not as restrictive as the commitment of resources and the Board of Education may allow an official of the District to assign resources through policies adopted by the Board of Education. The District has assigned resources for year-end encumbrances in the General Fund at June 30, 2023.

#### X. Revenue - Exchange and Nonexchange Transactions

Revenue, resulting from exchange transactions in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### X. Revenue - Exchange and Nonexchange Transactions (Cont'd)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes, interest and tuition.

#### Y. Operating Revenue and Expenses

Operating revenue are those revenue that are generated directly from the primary activity of the Enterprise Fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

#### Z. Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### AA. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State of New Jersey Public Employees' Retirement System (PERS) and the State of New Jersey Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the PERS's and TPAF's net position have been determined on the same basis as they are reported by the PERS and the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension Plan investments are reported at fair value.

#### NOTE 2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS

Due to the differences in the measurement focus and basis of accounting used on the government fund statements and district-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items.

#### NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

#### NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Cont'd)

Interest Rate Risk - In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed in the section of this note on investments.

Custodial Credit Risk – The District's policy with respect to custodial credit risk requires that the District ensures that District funds are only deposited in financial institutions in which NJ school districts are permitted to invest their funds.

#### Deposits:

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits or in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

#### Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located;

#### NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Cont'd)

#### Investments: (Cont'd)

- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law", P.L. 1983, c.313 (C.40A:5A-1 et seq.). Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Investment in the Department of the Treasury for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); or
- (8) Agreements for the repurchase of fully collateralized securities if:
  - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a. or are bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the requirements of the "Local Authorities Fiscal Control Law," P.L. 1983, c. 313 (C.40A:5A-1 et seq.).;
  - (b) the custody of collateral is transferred to a third party;
  - (c) the maturity of the agreement is not more than 30 days;
  - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41); and
  - (e) a master repurchase agreement providing for the custody and security of collateral is executed; or
- (9) Deposit of funds in accordance with the following conditions:
  - (a) The funds are initially invested through a public depository as defined in section 1 of P.L. 1970, c. 236 (C.17:9-41) designated by the school district;
  - (b) The designated public depository arranges for the deposit of the funds in deposit accounts in one or more federally insured banks, savings banks or savings and loan associations or credit unions for the account of the school district;
  - (c) 100 percent of the principal and accrued interest of each deposit is insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund;
  - (d) The designated public depository acts as custodian for the school district with respect to these deposits; and
  - (e) On the same date that the school district's funds are deposited pursuant to subparagraph (b) of this paragraph, the designated public depository receives an amount of deposits from customers of other financial institutions, wherever located, equal to the amounts of funds initially invested by the school district through the designated public depository.

#### NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Cont'd)

#### Investments: (Cont'd)

As of June 30, 2023, cash and cash equivalents of the District consisted of the following:

			Restricted Cash and Cash									
	Cash and		Equivalents									
	Cash	Capital	Maintenance Unemployment			Student						
	Equivalents	Reserve	Reserve	Compensation		Compensation		Compensation Activities		nolarships	Total	
Checking and												
Savings Accounts	\$20,799,341	\$12,700,809	\$ 1,712,929	\$	656,398	\$ 484,744	\$	22,572	\$ 36,376,793			
	\$20,799,341	\$12,700,809	\$ 1,712,929	\$	656,398	\$ 484,744	\$	22,572	\$ 36,376,793			

During the period ended June 30, 2023, the District did not hold any investments. The carrying amount of the Board's cash and cash equivalents at June 30, 2023, was \$36,376,793 and the bank balance was \$38,563,327.

#### NOTE 4. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the District by inclusion of \$1 in the original 2000-2001 annual budget for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the State Department of Education, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amount or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The June 30, 2023 balance of local support costs of uncompleted capital projects in the District's LRFP exceeds the balance in the capital reserve account at June 30, 2023. The withdrawals from the capital reserve were for use in DOE approved facilities projects consistent with the District's LRFP.

Beginning Balance, July 1, 2022	\$ 9,652,795
Add:	
Interest Earnings	100,488
Transfer from Unassigned Fund Balance per Board Resolution	3,000,000
Unexpended Project Balance Returned from Capital Projects Fund	56,526
Less:	
Withdrawal per Board Resolution	(109,000)
Ending Balance, June 30, 2023	\$ 12,700,809

#### NOTE 5. TRANSFERS TO CAPITAL OUTLAY

During the fiscal year ended June 30, 2023, the District transferred \$86,601 to the capital outlay accounts for the purchase of equipment which did not require County Superintendent approval.

#### NOTE 6. CAPITAL ASSETS

Capital asset balances and activity for the year ended June 30, 2023 were as follows:

	(Restated) Beginning Balance	Increases	Adjustments/ Decreases	Ending Balance
Governmental Activities:				
Capital Assets not Being Depreciated:				
Sites (Land)	\$ 372,120			\$ 372,120
Construction in Progress		\$ 1,151,287		1,151,287
Total Capital Assets Not Being Depreciated	372,120	1,151,287		1,523,407
Capital Assets Being Depreciated:				
Site Improvements	9,284,747	71,146		9,355,893
Buildings and Building Improvements	70,248,118	183,444		70,431,562
Machinery and Equipment	4,724,317	82,957		4,807,274
Total Capital Assets Being Depreciated	84,257,182	337,547		84,594,729
Governmental Activities Capital Assets	84,629,302	1,488,834		86,118,136
Less Accumulated Depreciation for:				
Site Improvements	(3,807,176)	(371,279)		(4,178,455)
Buildings and Building Improvements	(37,678,607)	(2,060,921)		(39,739,528)
Machinery and Equipment	(2,926,092)	(256,668)		(3,182,760)
	(44,411,875)	(2,688,868)		(47,100,743)
Governmental Activities Capital Assets,				
Net of Accumulated Depreciation	\$ 40,217,427	\$ (1,200,034)	\$ -0-	\$ 39,017,393
Business Type Activities:				
Capital Assets Being Depreciated:				
Machinery and Equipment	\$ 565,013	\$ 7,573		\$ 572,586
Less Accumulated Depreciation for:	(306,069)	(34,331)		(340,400)
Business Type Activities Capital Assets,				
Net of Accumulated Depreciation	\$ 258,944	\$ (26,758)	\$ -0-	\$ 232,186

#### NOTE 6. CAPITAL ASSETS (Cont'd)

The District transferred \$-0- of completed capital projects to depreciable capital assets during the fiscal year. As of June 30, 2023, the District expended \$219,726 from its current year capital outlay budget; depreciated \$2,688,868 from its governmental activities; and disposed of \$-0- of assets net of accumulated depreciation. The District expended \$7,573 and depreciated \$34,331 from its business-type activities during the fiscal year.

Depreciation expense was charged to governmental functions as follows:

Regular Instruction	\$ 967,993
Special Education Instruction	188,221
Other Instruction	215,109
Support Services	376,442
General Administration	80,666
School Administrative	80,666
Central Services	53,777
Administrative Information Technology	53,777
Operations and Maintenance of Plant	403,330
Pupil Transportation	 268,887
	\$ 2,688,868

#### NOTE 7. LEASE ASSETS

Lease asset balances and activity for the year ended June 30, 2023:

	eginning Balance	Increases		Adjustments/ Decreases		Ending Balance
Governmental Activities:						
Lease Assets Being Amortized:						
Machinery and Equipment	\$ 200,052	\$	287,940	\$	200,052	\$ 287,940
Total Lease Assets Being Amortized	 200,052		287,940		200,052	 287,940
Governmental Activities Lease Assets	 200,052		287,940		200,052	 287,940
Less Accumulated Amortization for:						
Machinery and Equipment	185,233		80,808		200,052	65,989
	 185,233		80,808		200,052	 65,989
Governmental Activities Lease Assets,						
Net of Accumulated Amortization	\$ 14,819	\$	207,132	\$	-0-	\$ 221,951

#### NOTE 7. LEASE ASSETS (Cont'd)

Amortization expense was charged to governmental functions as follows:

**Regular Instruction** 

#### NOTE 8. LONG-TERM LIABILITIES

During the fiscal year ended June 30, 2023, the following changes occurred in liabilities reported in the District-wide financial statements:

	Balance 6/30/2022	Accrued	Retired	Balance 6/30/2023
Serial Bonds Payable	\$ 6,960,000		\$ 600,000	\$ 6,360,000
Compensated Absences Payable	3,130,656	\$ 146,525	111,925	3,165,256
Leases Payable	23,724	287,940	86,835	224,829
Financed Purchases Payable	4,658,830		806,676	3,852,154
Net Pension Liability	7,601,724	2,062,074		9,663,798
	\$ 22,374,934	\$ 2,496,539	\$ 1,605,436	\$ 23,266,037

#### A. Bonds Payable:

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds and are liquidated through the Debt Service Fund.

A referendum passed on November 8, 2016, authorizing the issuance of \$9,743,000 in bonds to finance several projects including the renovations to the library/technology center and windows replacement at the two schools, HVAC upgrades and field house renovations at the North Hunterdon High School and replacement of stadium and tennis bleachers at the two schools. On April 27, 2017, the District issued serial bonds of \$9,743,000 with interest rates ranging from 1.0% to 3.0%. The bonds mature on January 15, 2018 through 2032.

The District had bonds outstanding as of June 30, 2023 as follows:

	Seria	al Bonds	
	Final Maturity	Interest	
Purpose	Date	Rates	 Amount
2017 School Bonds	01/15/32	2.00%-3.00%	\$ 6,360,000
			\$ 6,360,000

\$ 80,808

#### NOTE 8. LONG-TERM LIABILITIES (Cont'd)

#### A. Bonds Payable: (Cont'd)

Principal and interest due on serial bonds outstanding are as follows:

Fiscal Year			Bonds	
Ending June 30,	Princ	cipal	Interest	 Total
2024	\$ 6	20,000 \$	161,887	\$ 781,887
2025	6	40,000	149,488	789,488
2026	6	60,000	136,687	796,687
2027	6	80,000	122,663	802,663
2028	7	00,000	107,362	807,362
2029-2032	3,0	60,000	227,988	 3,287,988
	\$ 6,3	60,000 \$	906,075	\$ 7,266,075

#### B. Bonds Authorized But Not Issued:

As of June 30, 2023, the Board had \$6,500,000 of bonds authorized but not issued.

#### C. Compensated Absences

The liability for compensated absences of the governmental fund types is recorded in the current and long-term liabilities. The current portion of the compensated absences balance of the governmental funds is \$130,838 and the long-term portion of compensated absences is \$3,034,418 and are liquidated through the General Fund.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2023, no liability existed for compensated absences in the Enterprise Funds.

#### D. Net Pension Liability

The Public Employees' Retirement System's (PERS) net pension liability of the governmental fund types is recorded in the current and long-term liabilities and will be liquidated by the General Fund. The current portion of the net pension liability at June 30, 2023 is \$-0- and the long-term portion is \$9,663,798. See Note 9 for further information on the PERS.

#### E. Financed Purchase Payable

The District has entered into two energy savings program finance purchase agreements of \$7,600,000 and \$2,800,000 respectively, of which \$6,547,846 has matured and been repaid. The finance purchase agreements are for terms of fourteen years and fifteen years respectively. The following is a schedule of the future minimum finance purchase payments under the financed purchases, and the present value of the net minimum finance purchase payments at June 30, 2023.

(Continued)

### NOTE 8. LONG-TERM LIABILITIES (Cont'd)

#### E. Financed Purchase Payable (Cont'd)

Fiscal Year Ending June 30,		Amount
2024	\$	878,239
2025		873,806
2026		552,431
2027		171,176
2028		176,493
2029-2033		973,802
2034-2035		432,176
	4	4,058,123
Less: Amount Representing Interest		(205,969)
Present Value Net of Minimum Lease Payments	\$ 3	3,852,154

The current portion of the finance purchase payable at June 30, 2023 is \$826,649 and the long-term portion is \$3,025,505. The General Fund will be used to liquidate the finance purchase payable.

#### F. Leases Payable

The District had leases outstanding as of June 30, 2023 as follows:

#### Leases Payable

Purpose	Frequency of Payment	Final Maturity Date	Interest Rate	Amount
Sharp Copiers	Monthly	07/01/26	2.86%	\$ 224,829

Principal and interest due on leases outstanding will be liquidated through the General Fund and are as follows:

Fiscal Year	Governme	Governmental Activities		
Ending June 30,	Principal	Interest		
2024	\$ 70,759	\$ 5,507		
2025	72,810	3,457		
2026	74,920	1,347		
2027	6,340	15		
	\$ 224,829	\$ 10,326		

#### NOTE 9. PENSION PLANS

Substantially all of the Board's employees participate in one of the two contributory, defined benefit public employee retirement systems: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employee's Retirement System (PERS) of New Jersey.

(Continued)

#### NOTE 9. PENSION PLANS (Cont'd)

#### A. Public Employees' Retirement System (PERS)

#### Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's annual financial statements which can be found at <u>www.state.nj.us/treasury/pensions/annual-reports.shtml</u>.

#### Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service. The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28. 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 50 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### **Contributions**

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal costs and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability is being paid by the employer in level annual payments over a period of 15 years, which began with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. District contributions to PERS amounted to \$813,846 for fiscal year 2023. During the fiscal year ended June 30, 2022, the State of New Jersey contributed \$20,333 to the PERS for normal pension benefits on behalf of the District.

The employee contribution rate was 7.50% effective July 1, 2018.

(Continued)

#### NOTE 9. PENSION PLANS (Cont'd)

#### A. Public Employees' Retirement System (PERS) (Cont'd)

#### Special Funding Situation

A special funding situation exists for certain local employers of the PERS. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers Chapter 133, P.L. 2001. The special funding situation for Chapter 133, P.L. 2001 is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2022, there is no net pension liability associated with this special funding situation and there was no accumulated difference between the annual additional normal cost under the special funding situation and the actual State contribution through the valuation date. The State special funding situation for the fiscal year ending June 30, 2022, is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2022. The pension expense is deemed to be a State administrative expense due to the special funding situation.

#### Pension Liabilities, Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions

At June 30, 2023, the District's liability was \$9,663,798 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2022, the District's proportion was .0640%, which was a decrease of .0002% from its proportion measured as of June 30, 2021. Additionally, for the fiscal year ended June 30, 2022, the State recognized pension expense on behalf of the District in the amount of \$20,333 and the District recognized pension expense and revenue for that same amount in the fiscal year ended June 30, 2023 financial statements.

There was no state proportionate share of net pension liability attributable to the District as of June 30, 2023.

For the fiscal year ended June 30, 2023, the District recognized an actual pension benefit of \$866,146. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

#### NOTE 9. PENSION PLANS (Cont'd)

#### A. Public Employees' Retirement System (PERS) (Cont'd)

Pension Liabilities, Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions (Cont'd)

	Deferral Year	Amortization Period in Years	Deferred Outflows of Resources	Deferred Inflows of Resources

Pension Liabilities, Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions (Cont'd)

Fiscal Year Ending June 30,	Total
2023	\$ (828,951)
2024	(422,323)
2025	(205,959)
2026	449,324
2027	(989)
	\$ (1,008,897)

#### Actuarial Assumptions

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases	2.75 - 6.55% based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality Table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and a 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

#### (Continued)

#### NOTE 9. PENSION PLANS (Cont'd)

#### A. Public Employees' Retirement System (PERS) (Cont'd)

#### Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

#### Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployee contributing entity will be based upon 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

#### NOTE 9. PENSION PLANS (Cont'd)

#### A. Public Employees' Retirement System (PERS) (Cont'd)

#### Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the collective net pension liability as of June 30, 2022 calculated using the discount rate as disclosed below, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

June 30,	2022		
	At 1%	At Current	At 1%
	Decrease (6.00%)	Discount Rate (7.00%)	Increase (8.00%)
District's proportionate share of the Net Pension Liability	\$ 12,415,150	\$ 9,663,798	\$ 7,322,287

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

#### B. Teachers' Pension and Annuity Fund (TPAF)

#### Plan Description

The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF), is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF is administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the TPAF, please refer to the Division's annual financial statements which can be found at <u>www.state.nj.us/treasury/pensions/annual-reports.shtml.</u>

#### **Benefits** Provided

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts. The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28. 2011
5	Members who were eligible to enroll on or after June 28, 2011

(Continued)

#### NOTE 9. PENSION PLANS (Cont'd)

#### B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

#### Benefits Provided (Cont'd)

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### Contributions

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which included the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2022, the State's pension contribution was more than the actuarial determined amount.

#### **Special Funding Situation**

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers, such as the District. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer. During the fiscal year ended 2023, the State of New Jersey contributed \$7,552,196 to the TPAF for normal pension benefits on behalf of the District, which is more than the contractually required contribution of \$2,604,636.

The employee contribution rate was 7.50% effective July 1, 2018.

#### Pension Liabilities, Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions

At June 30, 2023, the State's proportionate share of the net pension liability associated with the District was \$96,780,588. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2022, the District's proportion was 0.187%, which was a decrease of 0.004% from its proportion measured as of June 30, 2021.

Thereafter	(1,687,721,983)
	\$ (14,678,515,482)

#### Actuarial Assumptions

- a ..

\_.

. . .

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases	2.75 - 5.65% based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and a 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

#### Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

(Continued)

#### NOTE 9. PENSION PLANS (Cont'd)

#### B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

#### Long Term Expected Rate of Return (Cont'd)

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

#### Discount Rate - TPAF

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon 100% of the actuarially determined contributions for the State. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all projected benefit payments in determining the total pension liability.

#### NOTE 9. PENSION PLANS (Cont'd)

#### B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

#### Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the State's proportionate share of the net pension liability associated with the District as of June 30, 2022 calculated using the discount rate as disclosed above, as well as what the State's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	June 3	30, 2022					
		At 1%		At Current	At 1%		
		Decrease	D	iscount Rate		Increase	
	(6.00%)			(7.00%)		(8.00%)	
State's Proportionate Share of Net Pension Liability Associated with the District	\$	113,477,296	\$	96,780,588	\$	82,715,709	

#### Pension Plan Fiduciary Net Position

Detailed information about the TPAF's fiduciary net position is available in the separately issued TPAF financial statements.

#### NOTE 10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The District obtains their health benefits coverage through Horizon Blue Cross/Blue Shield of NJ.

#### Property, Liability and Health Benefits

The North Hunterdon-Voorhees Regional High School District is a member of the New Jersey Schools Insurance Group (the "Group"). This public entity risk management pool provides general liability, property and automobile coverage and workers' compensation for its members. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report.

The Group is a risk-sharing public entity risk pool that is an insured and self-administered group of school boards established for the purpose of providing low-cost insurance for its respective members in order to keep local property taxes to a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Group are elected.

As a member of this Group, the District could be subject to supplemental assessments in the event of deficiencies. If the assets of the Group were to be exhausted, members would become responsible for their respective shares of the Group's liabilities. The Group can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership body.

The June 30, 2023 audit report for the Group is not available as of the date of this report. Selected, summarized financial information for the Group as of June 30, 2022 is as follows:

### (Continued)

#### NOTE 10. RISK MANAGEMENT (Cont'd)

Property, Liability and Health Benefits (Cont'd)

Total Assets	\$ 421,641,370
Total Net Position	\$ 184,982,708
Total Revenue	\$ 136,489,970
Total Expenses	\$ 123,329,498
Change in Net Position	\$ 13,160,472
Members Dividends	\$ -0-

Financial statements for the Group are available at the Group's Executive Director's Office:

New Jersey Schools Insurance Group 6000 Midlantic Dr. Mount Laurel, NJ 08054

#### New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

The following is a summary of District contributions, interest earned, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's restricted unemployment compensation balance in the general fund for the current and previous two years.

Fiscal Year		Interest Earned		Employee Contributions		Amount Reimbursed		Ending Balance	
2022-2023	\$	7,356	\$	43,937	\$	34,061	\$	656,398	
2021-2022		1,007		40,945				639,166	
2020-2021		1,072		63,235		2,463		597,214	

#### NOTE 11. ECONOMIC DEPENDENCY

The Board of Education receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Board of Education's programs and activities.

#### NOTE 12. INTERFUND RECEIVABLES AND PAYABLES

	Interfund Receivable	Interfund Payable
General Fund Special Revenue Fund	\$ 194,308	\$
Proprietary Fund - Food Service Fund	73 \$ 194,381	\$ 194,381

The interfund due to the General Fund from the Special Revenue Fund is for the deficit cash balance in the Special Revenue Fund awaiting grant reimbursements as of June 30, 2023. The interfund due to the Food Service Fund from the General Fund is for an expense the Food Service Fund paid on behalf of the General Fund.

#### NOTE 13. ACCOUNTS PAYABLE

Payables as of June 30, 2023 were:

						District					
		Governmental				Contribution					
	Fund					Subsequent					
			Sp	ecial	0	Capital		to the		Total	
	General		Revenue		I	Projects		Measurement		Governmental	
	Fund		Fund			Fund	Date		Activities		
Due to State of New Jersey Vendors Payroll Deductions and Withholdings	\$	308,278 185,047	\$	160	\$	14,530	\$	850,000	\$	850,000 322,968 185,047	
C	\$	493,325	\$	160	\$	14,530	\$	850,000	\$	1,358,015	

#### NOTE 14. DEFERRED COMPENSATION

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency.

The plan administrators are as follows:

AXA Equitable Lincoln Investment Planning Waddell and Reed

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT <u>NOTES TO THE BASIC FINANCIAL STATEMENTS</u> <u>FOR THE FISCAL YEAR ENDED JUNE 30, 2023</u> (Continued)

# NOTE 15. TAX CALENDAR

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1.

A ten-day grace period is usually granted before the taxes are considered delinquent and there is an imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the current and prior year may be placed in lien at a tax sale held after December 10.

Taxes are collected by the constituent municipalities and are remitted to the regional school district on predetermined agreed-upon schedules.

# NOTE 16. CONTINGENT LIABILITIES

# Grant Programs

The school district participates in state and federally assisted grant programs. The programs are subject to program compliance audits by grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

# Litigation

The District is periodically involved in pending lawsuits. The District estimates that the potential claims against it resulting from such litigation and not covered by insurance would not materially affect the financial statements of the District.

# Encumbrances

At June 30, 2023, there were encumbrances as detailed below in the governmental funds. All of the governmental funds are considered to be major funds:

	S	Special Capital		Special Capital			Total
General	neral Revenue		Projects		Governmental		
 Fund		Fund	Fund		Funds		
\$ 1,013,717	\$	97,541	\$	566,647	\$	1,677,905	

On the District's Governmental Funds Balance Sheet as of June 30, 2023, \$-0- is assigned for year-end encumbrances in the Special Revenue Fund, which is \$97,541 less than the actual year-end encumbrances on a budgetary basis. Encumbrances are not recognized on a GAAP basis and are reflected as either a reduction in grants receivables or an increase in unearned revenue. The \$566,647 of year-end encumbrances in the Capital Projects Fund are included in the \$499,733 of committed fund balance and in the \$160,144 of restricted fund balance as of June 30, 2023.

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT <u>NOTES TO THE BASIC FINANCIAL STATEMENTS</u> <u>FOR THE FISCAL YEAR ENDED JUNE 30, 2023</u> (Continued)

# NOTE 17. MAINTENANCE RESERVE ACCOUNT

A maintenance reserve account in the amount of \$250,000 was established by the District in June 2010. The funds for the establishment of this reserve were withdrawn from unassigned general fund balance.

These funds are restricted to be used for specific activities necessary for the purpose of keeping a school facility open and safe for use or in its original condition, and for keeping its constituent buildings systems fully and efficiently functional and for keeping their warranties valid but cannot be used for routine or capital maintenance. The purpose of the reserve is to provide funds for anticipated expenditures required to maintain a building.

Pursuant to N.J.A.C. 6A:26A-4.2 funds may be deposited into the maintenance reserve account at any time by board resolution to meet the required maintenance of the district by transferring unassigned general fund balance or by transferring excess unassigned general fund balance that is anticipated to be deposited during the current year in the advertised recapitulation of balances of the subsequent year's budget that is certified for taxes.

Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year by board resolution for use on required maintenance activities by school facility as reported in the comprehensive maintenance plan. Funds withdrawn from the maintenance reserve account are restricted to required maintenance appropriations and may not be transferred to any other line-item account. In any year that maintenance reserve account funds are withdrawn, unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, shall be restored to the maintenance reserve account at year-end. At no time, shall the maintenance reserve account have a balance that exceeds four percent of the replacement cost of the current year of the district's school facilities.

If the account exceeds this maximum amount at June 30, the excess shall be restricted and designated in the subsequent year's budget. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Beginning Balance, July 1, 2022	\$ 1,693,743
Add:	
Interest Earnings	19,186
Ending Balance, June 30, 2023	\$ 1,712,929

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 (Continued)

# NOTE 18. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

# State Health Benefit Program Fund – Local Education Retired Employees Plan

# General Information about the OPEB Plan

## Plan Description and Benefits Provided

The District is in a "special funding situation", as described in GASB Codification Section P50, in that OPEB contributions and expenses are legally required to be made by and are the sole responsibility of the State of New Jersey, not the District.

The State of New Jersey reports a liability as a result of its statutory requirements to pay other post-employment (health) benefits for the State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other than Pensions*. The State Health Benefits Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employees.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A. 52:14-17.32f. According to N.J.S.A. 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 years or more of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits is the responsibility of the individual education employers.

For additional information about the State Health Benefit Local Education Retired Education Plan, please refer to the Division's annual financial statements which can be found at <u>https://www.state.nj.us/treasury/pensions/gasb-notices-opeb.shtml</u>.

## Employees Covered by Benefit Terms

At June 30, 2021, the plan membership consisted of the following:

Retirees Plan Members and Spouses of Retirees Currently Receiving Benefit Payments	151,669
Active Plan Members	213,148
Total	364,817

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 (Continued)

# NOTE 18. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Cont'd)

# State Health Benefit Program Fund - Local Education Retired Employees Plan (Cont'd)

## Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022.

## Actuarial Assumptions and Other Inputs

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

	TPAF/ABP	PERS
Salary Increases:	2.75 - 4.25%	2.75 - 6.55%
	based on years	based on years
	of service	of service

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of the TPAF, PERS and PFRS experience studies prepared for July 1, 2018 – June 30, 2021.

# Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Post-retirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees were based on the Pub-2010 "Safety" (PFRS), "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees were based on the Pub-2010 "Safety" (PFRS), "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality improvement projections from the central year using Scale MP-2021.

# Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 6.25% and decreases to a 4.50% long term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 8.00% and decreases to a 4.50% long term rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT <u>NOTES TO THE BASIC FINANCIAL STATEMENTS</u> <u>FOR THE FISCAL YEAR ENDED JUNE 30, 2023</u> (Continued)

# NOTE 18. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Cont'd)

# State Health Benefit Program Fund - Local Education Retired Employees Plan (Cont'd)

# Discount Rate

The discount rate used to measure the total OPEB liability was 3.54%. This represents the municipal bond rate as chosen by the State of New Jersey Division of Pensions and Benefits. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

# Changes in the State's Proportionate Share of the Total OPEB Liability Associated with the District

	Total OPEB Liability
Balance at June 30, 2021	\$ 115,311,674
Changes for Year:	
Service Cost	4,764,009
Interest on the Total OPEB Liability	2,609,851
Difference between Expected and Actual Experiences	4,715,864
Changes in Assumptions	(26,418,366)
Gross Benefit Payments by the State	(2,585,134)
Contributions from Members	 82,932
Net Changes	 (16,830,844)
Balance at June 30, 2022	\$ 98,480,830

# Sensitivity of the Total Nonemployer OPEB Liability Attributable to the District to Changes in the Discount Rate

The following presents the total nonemployer OPEB Liability attributable to the District as of June 30, 2022, calculated using the discount rate as disclosed in this note, as well as what the total nonemployer OPEB liability attributable to the District would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Jun	ne 30, 2022		
	At 1%	At	At 1%
	Decrease	Discount Rate	Increase
	(2.54%)	(3.54%)	(4.54%)
Total OPEB Liability Attributable to the District	\$ 115,753,856	\$ 98,480,830	\$ 84,637,363

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT <u>NOTES TO THE BASIC FINANCIAL STATEMENTS</u> <u>FOR THE FISCAL YEAR ENDED JUNE 30, 2023</u> (Continued)

NOTE 18. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Cont'd)

State Health Benefit Program Fund - Local Education Retired Employees Plan (Cont'd)

Sensitivity of the Total Nonemployer OPEB Liability Attributable to the District to Changes in the Healthcare Trend Rate

The following presents the total nonemployer OPEB Liability attributable to the District as of June 30, 2022, calculated using the healthcare trend rate as disclosed in this note, as well as what the total nonemployer OPEB liability attributable to the District would be if it were calculated using a healthcare trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

J	une 30	, 2022				
		1%	]	Healthcare		1%
	Decrease		Cost Trend Rate		Increase	
Total OPEB Liability Attributable to the District	\$	81,400,425	\$	98,480,830	\$	120,916,979

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2023 the District recognized OPEB expense of \$1,923,041 as determined by the State of New Jersey Division of Pensions and Benefits. This expense and the related offsetting revenue are for benefits provided by the State through a defined benefit OPEB plan that meets the criteria in GASB Codification Section P50, in which there is a special funding situation.

In accordance with GASB Codification Section P50, as the District's proportionate share of the OPEB liability is \$-0-, there is no recognition of the allocation of the proportionate share of the deferred inflows and outflows of resources. At June 30, 2022 the State had deferred outflows of resources and deferred inflows of resources related to OPEB associated with the District from the following sources:

	Deferral Year	Period in Years	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Assumptions	2017	9.54		\$ 5,113,231

# A. PUBLIC EMPLOYEES' RETIREMENT SYSTEM

# Benefit Changes

There were none.

# Changes of Actuarial Assumptions

In the July 1, 2021 actuarial valuation the salary increases were 2.75% - 6.55% based on years of service while in the July 1, 2020 actuarial valuation the salary increases were 2.00%-6.00% through 2026 and 3.00-7.00% thereafter based on years of service.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021. The actuarial assumptions used in the July 1, 2020 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

# **B. TEACHERS' PENSION AND ANNUITY FUND**

# Benefit Changes

There were none.

# Changes of Actuarial Assumptions

In the July 1, 2021 actuarial valuation the salary increases were 2.75% - 5.65% based on years of service while in the July 1, 2020 actuarial valuation the salary increases were 1.55%-4.45% through 2026 and 2.75%-5.65% thereafter based on years of service.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021. The actuarial assumptions used in the July 1, 2020 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

# C. STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES OPEB PLAN

## Benefit Changes

There were none.

## Changes of Actuarial Assumptions

The discount rate for June 30, 2022 was 3.54%. The discount rate for June 30, 2021 was 2.16%, a change of 1.38%.

The salary increases for TPAF/ABP for thereafter were 1.55% - 4.45% through 2026 and 2.75 - 5.65% for thereafter in the valuation as of June 30, 2021. The salary increases for TPAF/ABP were 2.75% - 4.25% in the valuation as of June 30, 2022.

The salary increases for PERS were 2.00% - 6.00% through 2026 and 3.00% - 7.00% for thereafter in the valuation as of June 30, 2021. The salary increases for PERS were 2.75% - 6.55% in the valuation as of June 30, 2022.

The salary increases for PFRS were 3.25% - 15.25% through 2026 and not applicable for thereafter in the valuation as of June 30, 2021. The salary increases for PFRS were 3.25% - 16.25% in the valuation as of June 30, 2022.

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

# C. STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES OPEB PLAN (Cont'd)

The mortality rates in the valuation as of June 30, 2022 were based on the following:

Pre-retirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), and "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Post-retirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees were based on the Pub-2010 "Safety" (PFRS), "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees were based on the Pub-2010 "Safety" (PFRS), "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality improvement projections from the central year using Scale MP-2021.

The mortality rates in the valuation as of June 30, 2021 were based on the following:

Pre-retirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Post-retirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees were based on the Pub-2010 "Safety" (PFRS), "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees were based on the Pub-2010 "Safety" (PFRS), "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality improvement projections from the central year using Scale MP-2021.

The health care trend rates in the valuation as of June 30, 2022 were based on the following:

For pre-Medicare medical benefits, the trend rate is initially 6.25% and decreases to a 4.50% long term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.5% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 8.00% and decreases to a 4.50% long term rate after eight years.

The health care trend rates in the valuation as of June 30, 2021 were based on the following:

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.5% long term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal years 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreasing to 15.23% in fiscal year 2025 and decreasing to 4.5% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreasing to 4,5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.5% long term rate after seven years.

GAAP Revenues and Expenditures		General Fund	Special Revenue Fund
Sources/Inflows of Resources			
Actual Amounts (Budgetary Basis) "Revenue"			
from the Budgetary Comparison Schedule	\$	69,115,362	\$ 2,911,935
Difference - Budget to GAAP:			
Grant Accounting Budgetary Basis Differs from GAAP in that the			
Budgetary Basis Recognized Encumbrances as Expenditures and			
Revenue while the GAAP Basis does not:			
Prior Year Encumbrances			125,140
Cancellation of Prior Year Encumbrances			(970)
Current Year Encumbrances			(97,541)
Prior Year State Aid Payments Recognized for GAAP Purposes, not			
Recognized for Budgetary Statements		430,477	
Current Year State Aid Payments Recognized for Budgetary Purposes,			
not Recognized for GAAP Statements		(385,421)	 
Total Revenues as Reported on the Statement of Revenues, Expenditure	s		
and Changes in Fund Balances - Governmental Funds.		69,160,418	\$ 2,938,564
Uses/Outflows of Resources:			
Actual Amounts (Budgetary Basis) "Total Outflows" from the			
Budgetary Comparison Schedule	\$	66,918,068	\$ 2,942,094
Differences - Budget to GAAP			
Encumbrances for Supplies and Equipment Ordered but			
Not Received are Reported in the Year the Order is Placed for			
Budgetary Purposes, but in the Year the Supplies are Received			
for Financial Reporting Purposes:			
Prior Year Encumbrances			125,140
Cancellation of Prior Year Encumbrances			(970)
Current Year Encumbrances			(97,541)
Total Expenditures as Reported on the Statement of Revenues,			
Expenditures, and Changes in Fund Balances - Governmental Funds	\$	66,918,068	\$ 2,968,723

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT <u>REQUIRED SUPPLEMENTARY INFORMATION</u> <u>BUDGETARY COMPARISION SCHEDULE</u> <u>NOTE TO RSI</u> <u>FOR THE FISCAL YEAR ENDED JUNE 30, 2023</u>

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budget for the fiscal year ended June 30, 2023 was submitted to the County office and was approved by a vote of the Board of Education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. All budgetary amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis except for Student Activities and Scholarships. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The general fund budgetary revenue differs from the GAAP revenue due to a difference in the recognition of the last two state aid payments for the current year. Since the State is recording the last two state aid payments in the subsequent fiscal year, the District cannot recognize these payments on the GAAP financial statements.

#### STATISTICAL SECTION (UNAUDITED)

This part of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial health.

<u>Contents</u>	Exhibit
Financial Trends	
These schedules contain trend information to help the reader understand how	
the District's financial performance and well-being have changed over time.	J-1 thru J-5
Revenue Capacity	
These schedules contain information to help the reader assess the factors	
affecting the District's ability to generate its property taxes.	J-6 thru J-9
Debt Capacity	
These schedules present information to help the reader assess the affordability	
of the District's current levels of outstanding debt and the District's ability	
to issue additional debt in the future.	J-10 thru J-13
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader	
understand the environment within which the District's financial activities take	
place and to help make comparisons over time and with other governments.	J-14 thru J-15
Operating Information	
These schedules contain information about the District's operations and	
resources to help the reader understand how the District's financial information	
relates to the services the District provides and the activities it performs.	J-16 thru J-20

**Sources**: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net Valuation Taxable.

b Rates for debt service are based on each year's requirements.

Subtotal, Overlapping Debt			75,290,910
North Hunterdon-Voorhees Regional School District Direct Debt			 13,460,000
Total Direct And Overlapping Debt			\$ 88,750,910

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Township of Bethlehem, Borough of Califon, Town of Clinton, Township of Clinton, Township of Franklin, Borough of Glen Gardner, Borough of Hampton, Borough of High Bridge, Borough of Lebanon, Township of Lebanon, Township of Tewksbury and Township of Union. This process recognizes that, when considering the District's ability to issue and repay long-term, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping unit.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable equalized property values. Applicable percentages were estimated by determining the portion of another governmental unit's equalized property value that is within the district's boundaries and dividing it by each unit's total equalized property value.

Sources: Assessed value data used to estimate applicable percentages provided by the Hunterdon County Board of Taxation; debt outstanding data provided by each governmental unit.

Independent Member BKR International

<u>Report on Internal Control over Financial Reporting and</u> <u>on Compliance and Other Matters Based on an Audit of Financial Statements</u> Performed in Accordance with *Government Auditing Standards* 

Independent Auditors' Report

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District County of Hunterdon, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey (the "Department"), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the North Hunterdon-Voorhees Regional High School District, in the County of Hunterdon (the "District") as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 14, 2023.

# **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified. The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 2

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### <u>Report on Compliance For Each Major State and Federal Programs;</u> <u>Report on Internal Control Over Compliance Required by the Uniform Guidance and NJOMB 15-08</u>

## Independent Auditors' Report

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District County of Hunterdon, New Jersey

# **Report on Compliance for Each Major State and Federal Programs**

# **Opinion on Each Major State and Federal Program**

We have audited the Board of Education of the North Hunterdon-Voorhees Regional High School District's (the "District's") compliance with the types of compliance requirements identified as subject to audit in the *New Jersey State Aid/ Grant Compliance Supplement* that could have a direct and material effect on each of the District's major state and federal programs for the fiscal year ended June 30, 2023. The District's major state and federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state and federal programs for the fiscal year ended June 30, 2023.

## Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* Our responsibilities under those standards, the Uniform Guidance and New Jersey's OMB Circular 15-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 2

# **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal and state programs.

# Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and New Jersey's OMB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and New Jersey's OMB Circular 15-08, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey's OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in

The Honorable President and Members of the Board of Education North Hunterdon-Voorhees Regional High School District Page 3

internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance or New Jersey's OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

## NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

# NOTE 1. BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards includes the federal and state grant activity of the Board of Education, North Hunterdon-Voorhees Regional High School District, under programs of the federal and state governments for the fiscal year ended June 30, 2023. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Because the schedules present only a selected portion of the operations of the District, they are not intended to and do not present the financial position, changes in net position or cash flows of the District.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the budgetary basis of accounting. These bases of accounting are described in Note 1 to the District's basic financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

# NOTE 3. INDIRECT COST RATE

The District has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

## NOTE 4. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue funds to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last two state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes those payments are not recognized until the subsequent budget year due to the state deferral and recording of the last two state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis for the General Fund is \$45,056 and for the Special Revenue Fund is \$26,629 of which \$39,386 is for prior year local grants. See Note 1D for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenue are reported on the Board's basic financial statements on a GAAP basis as presented on the following page.

## NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT NOTES TO SCHEDULES OF FEDERAL AND STATE AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 (Continued)

# NOTE 4. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (Cont'd)

	 Federal	State	Total
General Fund Special Revenue Fund Debt Service Fund	\$ 23,416 897,905	\$ 16,672,848 159,835 195,094	\$ 16,696,264 1,057,740 195,094
Total Awards	\$ 921,321	\$ 17,027,777	\$ 17,949,098

# NOTE 5. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### NOTE 6. OTHER

TPAF Social Security contributions represent the amount reimbursed by the State for the employers' share of social security contributions for TPAF members for the year ended June 30, 2023.

#### NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

#### Summary of Auditors' Results:

- The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the District.
- There were no material weaknesses or significant deficiencies disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.*
- No instances of noncompliance material to the financial statements of the District which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- There were no material weaknesses or significant deficiencies in internal control over major state and federal programs disclosed during the audit as reported in the *Independent Auditors' Report on Compliance For Each Major State and Federal Program; Report on Internal Control Over Compliance* required by the Uniform Guidance and NJOMB 15-08.
- The auditor's report on compliance for the major state and federal programs for the District expresses an unmodified opinion on all major state and federal programs.
- The audit did not disclose any audit findings which are required to be reported in accordance with New Jersey's OMB Circular 15-08 or 2 CFR 200.516(a) of the Uniform Guidance.
- The District's program tested as major state and federal programs for the current fiscal year consisted of the following:

	State Grant or Assistance Listing		Award	Budgetary
	Number	Grant Period	Amount	Expenditures

## NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

## Summary of Auditors' Results: (Cont'd)

- The threshold used for distinguishing between state and federal Type A and B programs was \$750,000.
- The District was determined to not be a "low-risk" auditee for state and federal programs.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards.

#### Findings and Questioned Costs for Federal Awards:

- The audit did not disclose any findings or questioned costs for federal awards as defined in 2 CFR 200.516(a) of the Uniform Guidance.

#### Findings and Questioned Costs for State Awards:

- The audit did not disclose any findings or questioned costs for state awards as defined in 2 CFR 200.516(a) of the Uniform Guidance and New Jersey's OMB Circular 15-08.

# NORTH HUNTERDON-VOORHEES REGIONAL HIGH SCHOOL DISTRICT <u>SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS</u> FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Status of Prior Year Findings:

There were no prior year audit findings.
