WEST WINDSOR-PLAINSBORO REGIONAL SCHOOL DISTRICT

321 Village Road East, P.O. Box 505 West Windsor, NJ 08550 Phone: 609-716-5000

December 5, 2023

Honorable President, Members of the Board of Education, and Constituents West Windsor-Plainsboro Regional School District County of Mercer, New Jersey

Dear Board Members and Constituents:

The annual comprehensive financial report of the West Windsor-Plainsboro Regional School District ("District" or "WW-P") as of and for the year ended June 30, 2023, is hereby submitted. Responsibility for both the accuracy of the data, and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position of the governmental activities, the business-type activities and each major fund at June 30, 2023, and the respective changes in financial position and cash flows, where applicable, for the year then ended. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter (designed to complement Management's discussion and analysis and should be read in conjunction with it), the District's organizational chart, roster of officials, independent auditors and advisors and the Certificate of Excellence in Financial Reporting. The financial section includes management's discussion and analysis, basic financial statements, required supplementary information and supplementary information and other information, as well as the auditors' report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis and is unaudited. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Information related to this single audit, including the auditors' reports on internal control and compliance with applicable laws and regulations and findings and questioned costs, are included in the single audit section of this report.

1. Reporting Entity and Its Services

West Windsor-Plainsboro Regional School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB). All funds and the government-wide financial statements of the District are included in this report. The following chart details the changes in the in-district student seat count of the District over the last five years. These amounts will differ from the ASSA student count taken every October.

District Seat Count

| Fiscal <u>Year</u> | Student Enrollment* | Percent <u>Change</u> | *Only in-district students |
|-----------------------|------------------------|--------------------------|----------------------------|
| 2022-2023 | 8,953 | (1.2) | |
| 2021-2022 | 9,064 | (3.2) | |
| 2020-2021 | 9,363 | (1.6) | |
| 2019-2020 | 9,513 | (0.6) | |
| 2018-2019 | 9,564 | (2.0) | |

2. Economic Condition and Outlook

The Mercer County-Middlesex County region has excellent and well utilized transportation services: a robust network of highways, including Route 1 and US Route 95/295; and light rail train services, including the Amtrak and New Jersey Transit railroads. These strong transportation conduits provide business and residents with access to a generous variety of commercial and employment opportunities within the Philadelphia, Princeton, and New York City corridor. Hence, the Mercer-Middlesex area's unemployment rate trends are below state and national levels. Also, this area has been fortunate in that its assessed value has fluctuated by less than 1 percent annually over the past five years; assessed and market values of property total about \$10 billion. In addition, there is little tax base concentration with the ten leading taxpayers accounting for less than 15 percent of total assessed value. Together, these factors are positive indicators for the continued financial health of the district.

The District serves 37.3 square miles with a population of 50,965. West Windsor and Plainsboro are vibrant and diverse communities that are popular with residents and businesses alike. With a robust mix of commercial and residential properties, the West Windsor-Plainsboro area is projected to continue its economic growth. Student enrollment is expected to plateau slightly above the current level and then is likely to grow again as several residential projects in West Windsor are being actively pursued.

3. Major Initiatives

Financial Planning

The Board of Education's policies relating to financial matters, reinforced by solid internal controls, have continued to lead the district to success in its central target: providing an excellent educational experience at a moderate cost. External evidence of the result of its practices was seen in December 2006 when the district became the first New Jersey K-12 public school district to earn an underlying bond rating of AAA from Standard & Poor's. The August 2015 refunding bond issue, July 2017 refunding bond issue and the December 2018 bond issue again saw an affirmation of the coveted AAA rating.

Facility Planning

When the regional school district was formed in 1969, the district incorporated several existing schools. Two of our schools are over 100 years old. Dutch Neck Elementary School was opened in 1917 and Wicoff Elementary was opened in 1919. The 1990's saw rapid growth in enrollment and the opening of a spate of new schools: Millstone River School opened in 1990, Village School in 1995, High School North in 1997, Grover Middle School in 1999, and Town Center Elementary School in 2002. In between were Hawk Elementary School in 1964, High School South in 1973, and Community Middle School in 1987. Virtually every school has had one or more additions and renovation work. Most recently, the Village addition opened in 2015 and not only included six regular education classrooms, several special education rooms and two small group instruction areas; but, for the first time provided a central office area for the district. Central office personnel had been spread around the district and the addition removed these staff members from schools and allowed restoration of about 15 rooms back to instructional use. Renovations and/or additions at each of the district's 10 schools was included in a referendum vote in November 2018.

With the imposition by the State of New Jersey of its so-called "2% general fund tax levy cap," the district must avoid large swings in programs and avoid the use of "one-time" revenue sources. This is especially difficult with capital projects due to many of them being on long life cycles – an example are long lived items such as roofs. With 1.5 million square feet of buildings, and building ages that range over 100 years old, roofs and HVAC related projects are intermittent and large when they come. To deal with these issues the district has utilized its financial discipline to build its capital reserves. At \$20.1 million, capital reserve provides a sound foundation for the over \$40 million of capital projects that are under consideration over the next 8-10 years. Without capital reserve, supporting \$276 million of capital assets on an annual capital outlay of \$3 million would be very difficult.

Educational Program

The West Windsor-Plainsboro Regional School District has served the municipalities of West Windsor Township and Plainsboro Township since its formation in 1969. In fulfilling its mission since regionalization, the district has been successful in providing school facilities and an outstanding education for our student population. The taxpayers of West Windsor and Plainsboro Townships realize a remarkable return on their investment. Students are well prepared for higher education and, in actuality, gain acceptance to the top colleges in the nation.

The mission statement of the WW-P Regional School District is: "Building upon our tradition of excellence, the mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning." Our Strategic Goal statement notes that "We believe that every individual has intrinsic worth, that embracing diversity enriches and empowers our community, and that people reach their full potential when encouraged to believe it is possible. Therefore, building upon our tradition of excellence, we will guide and support our students' growth, empowering them to value their individual learning journeys." There are four strategic goals: Goal 1: Understanding that all students have diverse needs, backgrounds, and approaches to learning, we will integrate tools and structures to appropriately challenge and enable students to realize their full potential. Goal 2: Embracing a rapidly changing world, we will empower learners to assume active roles in their communities, to face and engage global challenges, and to contribute proactively toward a more peaceful, just, inclusive, and secure world. Goal 3: Recognizing that children need to balance physical, social, emotional, and academic needs, we will maintain a supportive culture and build structures for the health, safety, and well-being of the Whole Child. Goal 4: West Windsor-Plainsboro Regional School District will cultivate a diverse and inclusive community where members of every race, sexual orientation, gender, gender identity, ability, religion, socio-economic class, ethnicity, and national origin are welcomed, valued, respected and celebrated.

Students in the West Windsor-Plainsboro Regional School District have extraordinary opportunities to develop knowledge and skill in world languages, science, language arts, history, and mathematics. The district's vocal and instrumental music, fine arts, and drama programs publicly demonstrate exceptional results. WW-P schools also provide a broad array of co-curricular and athletic programs, including extensive after-school intramurals and clubs for early adolescents. The district offers state-of-the-art resources and technology that allow faculty to provide interdisciplinary instruction with maximum flexibility.

Student achievement indicators reveal that high school students continue to perform at high levels. It is a tribute to the talents of our students and teachers that we continue to have a graduation rate of almost 100 percent.

Ninety-three percent of high school students indicated that they planned to attend college or other post-secondary education. SAT scores (657/683) for Evidence-Based Reading and Math/Writing are well above state (538/528) and national (520/508) averages. ACT scores (30.5/29.8/29.7/28.4./29.7) for English/Mathematics/Reading/Science/Composite are well above the state (24.5/23.9/24.9/23.8/24.4) and national (18.6/19.0/20.1/19.6/19.5) averages.

There were 18 National Merit Scholar Finalists and 18 National Merit Semifinalists, along with 167 National Merit Scholar Letters of Commendation. There were 207 Advanced Placement Scholars, 141 Advanced Placement Scholars with Honors, and 413 Advanced Placement Scholars with Distinction. WW-P had 1,373 students taking 3,424 Advanced Placement examinations, with 88 percent receiving grades of 3 or higher. This profile contains the aggregate measures of both high schools, continuing to reflect on why our community continues to receive state and national recognition.

The population of the school community reflects the growing trend toward pluralism in American society. Students represent major racial and ethnic groups (72.9 percent Asian, 15.1 percent White, 5.2 Black, 5.2 percent Hispanic and 1.6 Multiracial). Our students speak approximately 45 languages. This diversity affords students excellent opportunities for inter-cultural understanding and provides them with a global view of the world. In order to fulfill the needs of our multicultural communities, we have made every effort to create an awareness of the many ethnic and cultural distinctions represented here. Children are taught the traditions and mores not only of their background but also those of their classmates who come from all corners of the world.

The school district commits resources to the social, emotional, and ethical development as well as the intellectual and physical growth of students. Each elementary school has a nurse, and full-time school counselor, in addition to school counselors who support students at grades 6 through 12. The district also employs student assistance counselors for grades 6-12 and child study teams (learning consultant, psychologist, and social worker) at every school. Students with unique learning challenges receive extensive support through Reading Recovery, Basic Skills, English Language Learner program, and Special Education services.

The district operates several specialized programs for students: integrated preschools for students with disabilities; full-day kindergarten for students with language/learning disabilities; expanded MD/autistic programs; Kindergarten-Grade 12 (through age 21) program for students with multiple disabilities including autism and cognitive disabilities; and the Academy for high school students with emotional needs. Specifically, WW-P offers the following:

<u>Multiple Disabilities Programs</u> (Cognitive Disabilities, Autism, and Other Programs)
High School North TrACC (Grades 9 through age 21); Community Middle School STARS (Grades 6-8);
Millstone River School (Grades 4 and 5); Maurice Hawk Elementary School (Grades K-3)

Behavior Disabilities Program High School North Academy (Grades 9-12)

<u>Learning and/or Language Disabilities (LLD) Programs</u> High School North (Grades 9-12); Community Middle School (Grades 6-8); Millstone River School (Grades 4 and 5); Village School (Grades 4 and 5); Dutch Neck Elementary School (Grades 1-3); Maurice Hawk Elementary School (Kindergarten and Grades 1-3); and Town Center Elementary School (Grades 1-2).

Resource Programs In-Class and Pull-Out Replacement Programs at all schools

<u>Preschool Disabilities Programs</u> Town Center Elementary School (full day); Maurice Hawk Elementary School (full day and half-day programs for 3 and 4 year olds)

<u>Integrated Preschool Programs</u> Maurice Hawk Elementary School (half-day programs for 3 and 4 year olds)

<u>Autism Programs</u> Community Middle School ACES (Grades 6-8); Millstone River School (Grades 4 and 5); Town Center Elementary School (Kindergarten and Grades 1-3).

The school district reflects the lifestyle of a community that takes pride in its continuing tradition of academic and cultural achievement. The richness of the academic program, alternative options, and extracurricular activities expands learning beyond the classroom boundaries. The schools provide an educational environment that motivates students to learn and requires them to exercise imagination and sensibility in solving problems.

Dutch Neck Elementary School

Dutch Neck Elementary School, a K-3 school, is representative of the community's tremendous multicultural diversity. Dutch Neck Elementary School provides a nurturing environment where students are empowered with academic and social skills to become enthusiastic lifelong learners. This is accomplished by working in close partnership with parents and the community to provide child-centered programs that recognize and build on the unique potential of each child. The school's primary goal is to build the foundation which will sustain and promote a life of learning. We value the diversity of our students and recognize the need to provide a curriculum and instructional practices which are accessible and equitable for every child. Our teachers and staff are continually offered opportunities for professional growth, development and trainings in order to stay current with research-based best practices.

The teachers and staff at Dutch Neck Elementary School value the importance of educating the whole child. This includes providing a strong, research-based academic program designed to meet students where they are academically in order to build upon their strengths. There are many opportunities for student choice and voice, where they are invited to explore and develop their passions and interests. During their time at Dutch Neck, students have opportunities to learn and participate in a variety of special area classes including Music, Art, Spanish, Physical Education, Media and Computers. Our students also build global awareness and understanding by looking at learning as a means to enact change and build community.

In addition to providing a strong academic program, students develop their social/emotional skills through a variety of experiences. For example, every day begins with a morning meeting where students have opportunities to greet, share and participate in activities designed to build community, while teaching and practicing valuable social skills. A workshop approach is used to teach reading, writing, and math. This structure allows us to teach and model a strategy, give children an opportunity to try it out with a partner and independently, and then add this strategy to their repertoire while reading, writing, or solving math problems. Children are working at their own level, teachers are meeting with individual and small groups of students to reinforce, support, and extend their learning so they can continue to grow and develop.

The West Windsor-Plainsboro School District offers parents the choice of enrolling their incoming kindergartener into a Dual Language Immersion program in Chinese or Spanish, with Dutch Neck Elementary School offering the Spanish program. Children are immersed in learning content through the target language beginning in kindergarten and extending through fifth grade.

Currently, the students who began this program a few years ago are now fifth graders. In just a few short years, students have learned a great deal of the language with research showing they will be a grade level ahead of their monolingual peers in their early teens.

Dutch Neck Elementary School has been named one of the top elementary schools in New Jersey by *New Jersey Monthly*. This K-3 school has earned Star School recognition for Best Practices in Mathematics. The strength of the school lies in the collegiality and dedication of its staff and parent community. Dutch Neck Elementary School has established open communication and high expectations for children through worthwhile programs including a variety of activities during American Education Week, poetry sharing, Arts Festival, interactive Math, Literacy and the Arts Nights, an International Carnival, and many other valuable opportunities for children and their families. The original building is over 100 years old but the learning that is happening within the walls uses newest best practice research with technological resources to support the learning. The Dutch Neck Elementary School continues to be a very special place for children, parents, and faculty.

Maurice Hawk Elementary School

Maurice Hawk is an elementary school serving pre-K through third grade students. The school is proud to host not only a pre-school program, but four self-contained classes, as well. The school values inclusion and supporting students to recognize the value of a diverse community. Teachers follow the district's robust curriuclum, while balancing academics with the importance of developing each child's social and emotional competencies, as well. Maurice Hawk partners with families through our Parent-Teacher Association. The school hosts many community based events, such as STEAM Night and our International Fair.

Maurice Hawk is proud to host a Dual Language Immersion Program. Children may enroll during their Kindergarten year. Children receive math, social studies, and science in Mandarin, and reading, writing, and phonics in English. Children work together to build a community of learners with their cohort. Grade level teaching partners work together to make this a seamless transition for all students. Children learn to understand, speak, read, and write in Mandarin and English.

Maurice Hawk is a pilot school for Multi-Tiered Systems of Support. We have a strong focus on classroom instruction, which builds upon the workshop model in which students receive direct instruction in reading, writing, and math. Children have an opportunity to practice skills with the support of a teacher one-on-one or in small group. Classrooms also engage in a daily Morning Meeting, which focuses on relationship building. Children partner with one another to help solve problems and build their social and emotional toolkits. Our pilot also looks at our intervention models and supporting students who need additional help in reading and math. Also children are closely monitored through universal screenings, benchmark and formative assessments.

Town Center Elementary School at Plainsboro

Town Center Elementary School is fortunate to be part of a diverse and multicultural community in Plainsboro. Our diversity enriches programs as well as the students' school experience. The students and staff at Town Center Elementary School, a pre-K- grade 2 school, work as a school community to provide outreach to several local charities. Town Center has several annual events such as Breast Cancer Awareness, and Autism Awareness Fundraisers and the Gator Giving Wall

to support others. Town Center benefits from strong community support through a highly active PTA. The PTA supports various programs to foster connection among students and with families. The PTA and volunteers offer family fun night events, school wide events, and grade level specific programs.

Town Center holds monthly whole school meetings that are student/teacher led. These meetings are interactive and informative as they support the importance of strengthening connections and building a school community.

Best practices in instruction are supported at Town Center through grade level "Power Hours," and professional development with the Teacher Resource Specialists to grow staff member's professional skill set. Town Center Elementary School also continues to partner with reading and writing professional development.

The professional dedication and collegiality of our staff is a continuing strength of Town Center Elementary School. They are committed to implementing best practices in teaching and learning and to promoting the self-confidence, integrity, responsibility, and respect that support learning. The Writing Celebrations, Science Fair, STEAM week and a host of other special events and programs provide students with ways to develop their potential in many areas.

John V. B. Wicoff Elementary School

Wicoff Elementary School, built in 1919, provides K-3 students with learning experiences that foster academic, social, physical, and emotional success. The principal and staff believe there must be cooperation and communication between family and school. The mission of the Wicoff Elementary School is to prepare its diverse community of children for their continuing educational journey, to be responsible and productive citizens, and to respect themselves and others. This is accomplished by providing a nurturing environment, developing a foundation of skills necessary for independent thinking and problem solving, and meeting individual needs through a strong partnership among students, staff, parents, and community.

Wicoff Elementary School incorporates Culturally Responsive Teaching practices that place emphasis on cultural knowledge, prior experiences, and learning styles to enhance classroom instruction. Students and staff members participate in school-wide activities to celebrate and learn more about our differences. Such activities are entitled "My Name, My Identity," "What's Strong With You?," and "Helping Hands." Wicoff recognizes parents and caregivers as valuable assets to our school community. We incorporate activities that strengthen the home-school connection such as evening read alouds, cultural surveys, and evening shares.

Wicoff Elementary School staff members are dedicated to adopting best instructional practices that promote teaching from a "strengths based" mindset. During the 23-24 school year, Wicoff is a pilot school for MTSS (Multi-Tiered Systems of Support). Teachers, Interventionists and Teacher Resource Specialists cross articulate; utilizing various data points to identify students' strengths, set goals, and plan for more targeted Tier 1 instruction.

Wicoff Elementary School is proud to have 70 English Language Learners among our K-3 classrooms. Classroom teachers participate in ongoing professional development opportunities

with ELL teachers across WWP, to develop best practices for creating an inclusive and engaging environment that supports the language acquisition for each of our ELL students. During the 2023-24 school year, Wicoff is piloting a new "push-in" model of support for our ELL students. Classroom teachers and ELL teachers articulate and plan together to meet the social and language needs of every student.

Millstone River School

The Millstone River School hosts students in Grades 3-5 and values an environment that focuses on student developmental stages for the purpose of maximizing learning opportunities.

Students engage in serious educational projects with their classes and in individual study. The culture of the schools encourages collaboration and cooperation among students. Through discussions and activities, citizenship, personal integrity, and contributions to the community.

Millstone River School utilizes a workshop model of instruction in reading, writing and math. Our teachers participate in continuous professional learning to optimize this model of instruction to increase student engagement and learning.

Millstone River School seeks to engage students as leaders and participants in the school culture through activities such as Student Human Relations and Safety Patrols.

Millstone River School benefits from strong community support through a highly active PTA. The PTA supports various programs to foster connection among students and with families. The PTA and volunteers offer family fun night events, a walkathon and grade level specific programs.

Village School

Village Elementary School utilizes a workshop model of instruction in reading, writing, and math. Village School teachers have attended in-depth professional development on optimizing this model of instruction to increase student engagement and learning.

Village benefits from a strong partnership with our PTA, which fosters positive home-school connections through "Coffee with the Principal" sessions, Book Fairs, and student and family events.

Community Middle School and Grover Middle School

Community Middle School (CMS) and Thomas R. Grover Middle School (GMS) provide a comprehensive, developmentally responsive middle school experience based on the principles of middle level education outlined in the most current middle level research. The facilities and programs are uniquely designed to promote discovery, effective interdisciplinary learning through teaming, and academic excellence. Students have extraordinary opportunities to develop knowledge and skill in world languages, science, language arts, history, and mathematics. The district's vocal and instrumental music, fine arts, and drama programs publicly demonstrate exceptional results. WW-P offers resources and technology that allow faculty to provide interdisciplinary instruction with maximum flexibility.

Across subjects and grade levels, students at CMS and GMS explore real-world problems, create informational campaigns using various media, and apply problem-solving skills to improve their schools, community, state, country, and world. Students have focused on community and global problems and connect with real world leaders and activists to put their learning into action.

CMS and GMS offer a wide variety after school activities ranging from interscholastic sports to seasonal clubs. Examples include competitive arts, music, mathematics, and science teams like the School Musical, Chamber Orchestra, MathCounts, and Science Olympiad, in addition to general sign-up opportunities for activities like Gourmet Club, Stock Market, Solar Car, Shakespeare, Social Justice Club, or philanthropic clubs. Students may also become leaders in the Student Council.

High School North and High School South

West Windsor-Plainsboro High School North and High School South reflect the lifestyle of a community that takes pride in its continuing tradition of academic and cultural achievement. The richness of the academic programs, alternative options, and extracurricular activities expands learning beyond classroom boundaries. Each high school provides an educational environment that motivates students to learn and requires them to exercise imagination and sensibility in solving problems.

Over 3,000 high school students may choose from a program of studies that reflects a demanding and challenging curriculum. Qualifying high school seniors may elect to participate in Senior Practicum and Internship: this is designed to give students structured, supervised activities that will assist them with clarifying career goals, exploring career possibilities, developing employable skills, or making the transition between school and employment or further education and training.

The high schools offer state-of-the-art resources and technology that allow faculty to provide interdisciplinary instruction with maximum flexibility. West Windsor-Plainsboro High School North and High School South each offer teams in over 70 sports and sponsor various student publications, acclaimed performing groups in vocal and instrumental music, academic teams, and clubs/activities devoted to specialized interests.

Student achievement indicators reveal that high school students continue to perform at high levels. It is a tribute to the talents of our students and teachers that we continue to have a graduation rate of almost 100 percent. Both High School North and High School South are ranked in the top 1% of all public high schools in America by Niche.com. US News and World Report certifies HS South and HS North as National Gold Medal Schools.

Ninety-three percent of high school students indicated that they planned to attend college or other post-secondary education. SAT scores (657/683) for Evidence-Based Reading and Math/Writing are well above state (538/528) and national (520/508) averages. ACT scores (30.5/29.8/29.7/28.4./29.7) for English/Mathematics/Reading/Science/Composite are well above the state (24.5/23.9/24.9/23.8/24.4) and national (18.6/19.0/20.1/19.6/19.5) averages.

There were 18 National Merit Scholar Finalists and 18 National Merit Semifinalists, along with 167 National Merit Scholar Letters of Commendation. There were 207 Advanced Placement Scholars, 141 Advanced Placement Scholars with Honors, and 413 Advanced Placement Scholars

with Distinction. WW-P had 1,373 students taking 3,424 Advanced Placement examinations, with 88 percent receiving grades of 3 or higher. This profile contains the aggregate measures of both high schools, continuing to reflect on why our community continues to receive state and national recognition.

The academic and cultural resources of West Windsor and Plainsboro have attracted a dedicated and highly trained instructional staff, which welcomes the challenges and excitement of a diverse student population. The high schools value their excellent student to faculty ratios. Over 50 percent of the teachers hold advanced degrees (M.A. or Ph.D.). Additionally, many faculty members serve as educational consultants or teach part-time at local colleges or universities.

The population of the school community reflects the growing trend toward pluralism in American society. Students represent major racial and ethnic groups (72.9 percent Asian, 15.1 percent White, 5.2 Black, 5.2 percent Hispanic and 1.6 Multiracial). Our students speak approximately 45 languages. This diversity affords students excellent opportunities for intercultural understanding and provides them with a global view of the world.

West Windsor-Plainsboro High School North and High School South are accredited by the New Jersey Department of Education and an excellent reputation for both high schools has been earned through the commitment of staff and students to the quality of life and learning. Both high schools are Blue Ribbon Schools and were named by *New Jersey Monthly, The Daily Beast*, and *US News & World Report* as top high schools in the state and nation.

4. Internal Control

District management is responsible for establishing and maintaining internal control designed to ensure that the assets of the district are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the district also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by District management.

As part of the district's single audit described earlier, tests are made to determine the adequacy of internal control over compliance, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations relating to its major programs.

5. Budgetary Controls

In addition to internal control, the district maintains budgetary controls. The legal level of budgetary control is established at line item accounts within each fund. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual approved budget. Annual appropriated budgets are adopted for the general fund, the special revenue fund,

and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as assigned fund balance at June 30, 2023.

6. Accounting System and Reports

The district's accounting records reflect GAAP, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and a government-wide presentation is also included. These funds and government-wide statements are explained in the "Notes to the Basic Financial Statements, Note 1."

7. Independent Audit

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Wiss and Company, LLP was selected by the Board of Education. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance); and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditors' report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditors' report related specifically to the single audit is included in the single audit section of this report.

8. Awards

The International Association of School Business Officials (ASBO) awarded a Certificate of Excellence in Financial Reporting to the district for its annual comprehensive financial report for the fiscal year ended June 30, 2022. This was the thirteenth consecutive year that the district has received this prestigious award. In order to be awarded this certificate, the district published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States and applicable legal requirements.

The Certificate is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Program's requirements and we are submitting it to ASBO to determine its eligibility for the fiscal year 2022-2023 certificate.

9. Acknowledgments

We would like to express our appreciation to the members of the West Windsor-Plainsboro Regional School District Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

David Aderhold

Independent Auditors' Report

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District West Windsor, New Jersey County of Mercer

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the West Windsor-Plainsboro Regional School District, County of Mercer, New Jersey (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District

Page 2

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the schedules included under Required Supplementary Information in the accompanying table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements, long-term debt schedules, and the schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200 *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are presented for additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District

Page 4

information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements, long-term debt schedules and the schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report for the year ended June 30, 2023. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Required Supplementary Information Part I

Management's Discussion and Analysis

West Windsor-Plainsboro Regional School District Management's Discussion and Analysis Year ended June 30, 2023

The discussion and analysis of West Windsor-Plainsboro Regional School District's ("WW-P") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at WW-P's financial performance as a whole; readers also should review the financial statements, notes, and additional information in the transmittal letter to enhance their understanding of WW-P's financial performance.

Management's Discussion and Analysis "(MD&A)" is Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. Certain comparative information between the current year and the prior year is required to be presented in this MD&A.

Financial Highlights

Key financial highlights for fiscal 2023 are as follows:

- Total net position is \$184,025,681. It is comprised of both current and capital assets and deferred outflows of resources less current and outstanding long-term liabilities and deferred inflows of resources (Schedule A-1).
- General revenues accounted for \$222,491,279 of revenue or 95 percent of all revenues. Program specific revenues in the form of charges for services, grants, aid, and contributions accounted for \$11,542,493 or 5 percent of total revenues of \$234,033,772 (Schedule A-2).
- The District had \$255,817,595 in governmental funds expenditures (Schedule B-2). Of that amount, the General Fund expenditures totaled \$232,914,767 including \$40,939,082 in State on-behalf TPAF pension, disability and social security contributions. Special revenue expenditures totaled \$6,051,983, of which \$4,209,991 were grant-related. Business-type activities expenses were \$4,707,411 (Schedule B-5). Internal Service Fund (i.e., Self-Insurance) expenses, which are considered governmental activities, totaled \$22,399,485 (Schedule B-5).

Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the West Windsor-Plainsboro Regional School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities. The three components that comprise the District's

basic financial statements are: government-wide financial statements; fund financial statements; and notes to the basic financial statements. The ACFR also contains required and supplementary information and other information in addition to the basic financial statements themselves.

Reporting the School District as a Whole

Government-wide Statements

The Statement of Net Position and Statement of Activities provide information about the activities of the entire District, and are designed to provide readers with a broad overview of the District's finances in a manner similar to private-sector business. These government-wide statements found at A-1 and A-2 are not intended to drive budgetary decisions of the Board of Education. Instead, the fund statements found at B-1 through B-6 as well as the supplementary budgetary comparison at C-1 should be utilized, as in the past, for the decision making of the Board of Education. The fund financial statements are explained later in this MD&A.

These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash is received or paid.

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

- Governmental activities All of the District's programs and services are reported here including instruction, support services, operation and maintenance of facilities, pupil transportation, and extracurricular activities.
- Business-type activities Programs reported here are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the District is that the costs of providing goods and services be financed through user charges. The Food Service Enterprise Fund is reported as a business-type activity, as is Community Education (Student Care and Adult Education Programs).

The government-wide financial statements are Schedules A-1 and A-2.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the District's funds. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds. The fund financial statements are utilized for District financial decision making.

Governmental Funds

The District's main activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the general fund, special revenue fund, capital projects fund, and debt service fund, all of which are considered to be major funds.

The District adopts an annual appropriated budget for its general fund, special revenue fund and debt service fund. Budgetary comparison statements have been provided as required supplementary information for the general fund and special revenue fund to demonstrate compliance with this budget. The basic governmental fund financial statements are Schedules B-1, B-2 and B-3.

Proprietary Funds

The District maintains proprietary funds types in the form of enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District's enterprise funds are used to account for the operations of its food service program and community education program, both are major funds. The internal service fund accounts for its self-insured health insurance costs for the District's employees.

The basic enterprise fund financial statements are Schedules B-4, B-5 and B-6.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found immediately following the basic financial statements of this report.

The School District as a Whole

The Statement of Net Position provides the perspective of the District as a whole. Net position may serve as an indicator of a government's financial position. However, as noted earlier, net position is not the primary basis for decision making for each budget cycle. The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. There are not any restrictions, commitments or other limitations that would significantly affect the availability of resources for future use.

The following table provides a summary of the net position relating to the District's governmental and business-type activities over the past two years.

Net Position (000's) June 30, 2023 and 2022

| | Governmental | | Business-type | | | |
|------------------------------|--------------|-----------------------|---------------|----------|------------|------------|
| _ | Activit | Activities Activities | | ties | Total | |
| | 2023 | 2022 | 2023 | 2022 | 2023 | 2022 |
| Assets: | | | | | | |
| Current and other assets | \$ 85,294 | \$ 95,877 | \$ 3,416 | \$ 3,663 | \$ 88,710 | \$ 99,540 |
| Capital assets, net | 279,110 | 269,635 | 3,781 | 3,700 | 282,891 | 273,335 |
| Total assets | 364,404 | 365,512 | 7,197 | 7,363 | 371,601 | 372,875 |
| Deferred Outflows of | | | | | | |
| Resources | 5,969 | 5,750 | | - | 5,969 | 5,750 |
| Liabilities: | | | | | | |
| Current liabilities | 13,666 | 25,653 | 630 | 900 | 14,296 | 26,553 |
| Long-term liabilities | 174,846 | 168,987 | | | 174,846 | 168,987 |
| Total liabilities | 188,512 | 194,640 | 630 | 900 | 189,142 | 195,540 |
| Deferred Inflow of Resources | 4,402 | 12,862 | | _ | 4,402 | 12,862 |
| Net position: | | | | | | |
| Net investment in capital | | | | | | |
| assets | 136,108 | 116,813 | 3,781 | 3,700 | 139,889 | 120,513 |
| Restricted | 52,645 | 60,655 | | | 52,645 | 60,655 |
| Unrestricted (deficit) | (11,294) | (13,708) | 2,786 | 2,763 | (8,508) | (10,945) |
| Total net position | \$ 177,459 | \$ 163,760 | \$ 6,567 | \$ 6,463 | \$ 184,026 | \$ 170,223 |

The largest portion of the District's net position is its net investment in capital assets, e.g. land, construction in progress, buildings and improvements, and furniture and equipment, net of accumulated depreciation, less any related debt (general obligation bonds payable, leases payable) used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the District's net position represents a balance of restricted net position. This balance reflects the net position in the capital projects fund and other restricted accounts in the general fund, including capital reserve, maintenance reserve, emergency reserve, unemployment reserve and excess fund balance designated for subsequent years expenditures. The increase primarily resulted from the District generating excess surplus in the current year, as well as approving transfers to the capital reserve in the current year. The remaining balance of unrestricted net position may be used to meet the District's ongoing obligations to citizens and creditors.

Business-type assets increased from the prior year. Overall, the activity within the business-type activities increased approximately \$104,000, mainly due to the increase in operating revenues. The increase in net position in the food service enterprise fund is attributed to the increased operating revenues from the prior year. The decrease in net position in the Community Education Enterprise Fund was directly related to the District's increase in expenses for the year ended June 30, 2023.

The following table presents changes in net position for the fiscal years ended June 30, 2023 and 2022.

Changes in Net Position (000's) Years ended June 30,

| | Governmental | | Business-type | | | |

| Hot position chang | Ψ111, +00 | ψ100,700 | ψ0,001 | Ψυ,+υυ | Ψ10-7,020 | Ψ110,220 |

Program revenues increased mainly due to operating grants and contributions decreasing as a result of less state and federal funding received.

General revenues decreased mainly due to a decrease of federal and state aid not restricted to a specific purpose during the 2023 year.

Expenses decreased mainly due to GASB 75-related expenses.

Financial Analysis of the District's Funds

Governmental Funds (Schedules B-1 and B-2)

Governmental funds are accounted for using the modified accrual basis of accounting. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of resources. Such information is essential in assessing the District's financing requirements.

General Fund. The general fund is the main operating fund of the District. At the end of the current fiscal year, unassigned fund balance was \$5,467,693, while the total fund balance was \$70,054,371. The net change in total fund balance for the General Fund was a decrease of \$5,168,150 which was mainly attributable to the results of current year operations in comparison to the prior year. The District withdrew \$22,999,058 for use towards capital projects and debt service and deposited \$13,972,505 into capital reserve through the budget process and a June 2023 Board resolution.

Special Revenue Fund. The special revenue fund is used to track the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes, other than debt service or capital projects. Revenues and expenditures for the current fiscal year decreased by \$158,459 attributable to an decrease in federal and state grants expended. IDEA continues to be the largest grant in the special revenue fund, with expenditures in the current fiscal year of \$2,052,170.

Capital Projects Fund. The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to an expenditure for capital outlays, including the acquisition or construction of major capital facilities and other assets (other than those financed by proprietary funds). There were expenditures of \$4,995,051 in the current fiscal year compared to expenditures of \$36,935,630 in the prior year. Current year expenditures relate to those incurred through the use of capital reserve funds, bond, and ESIP proceeds. The majority of these funds were expended for the 2018 referendum projects. Total fund balance was \$4,139,131 and \$9,134,182 as of June 30, 2023 and 2022, respectively.

Debt Service Fund. The debt service fund accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds. The fund balance in the debt service fund is \$104,276 which is attributable to interest earned in the capital projects fund.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility of sound financial management. The following schedules represent revenues and expenditures from a New Jersey budgetary viewpoint. The first schedule presents a summary of the revenues of the General Fund, Special Revenue Fund and Debt Service Fund for the fiscal year ended June 30, 2023, and the amount and percentage of increases in relation to prior year revenues.

Revenues Year Ended June 30, 2023

| Revenues | Amount | Percent of Total | Increase from 2022 | Percent of Increase |
|-----------------|----------------|---------------------|--------------------|------------------------|
| Local sources | \$ 181,173,919 | 74.2% | \$ 3,366,131 | 1.9 % |
| State sources | 58,433,550 | 23.9 | 575,130 | 1.0 |
| Federal sources | 4,701,735 | 1.9 | 279,971 | 6.3 |
| Total | \$ 244,309,204 | 100.0% | \$4,221,232 | 1.8 % |

The increase in the local sources was primarily the result of an increase in the local tax levy. The increase in state sources was mainly attributable to the increase in contributions for TPAF pension the State pays on behalf of the District and additional State Aid. Federal sources increased due to increases in the special revenue activity, mainly from federal funds related to the COVID-19 pandemic as well as FEMA revenue in the general fund.

Expenditures Year Ended June 30, 2023

The following table presents a summary of general fund, special revenue fund, and debt service fund expenditures for the year ended June 30, 2023, and the percentage of increases and (decreases) in relation to prior year amounts.

| Expenditures | Amount | Percent of Total | Increase (Decrease) From 2022 | Percent of Increase (Decrease) |
|------------------|---------------|---------------------|-------------------------------------|--------------------------------|
| Current: | | | | |
| Instruction | \$ 79,699,505 | 31.8% | \$ 1,836,578 | 2.4% |
| Support services | 145,491,868 | 58.0 | 7,419,369 | 5.4 |
| Capital outlay | 13,775,377 | 5.5 | 5,595,387 | 68.4 |
| Debt service: | | | | |
| Principal | 8,375,000 | 3.3 | 270,000 | 3.3 |
| Interest | 3,480,794 | 1.4 | (268,181) | (7.2) |
| Total | \$250,822,544 | 100.0% | \$14,853,153 | 6.3% |

The increase in instruction and support services expenditures is mainly due to increased expenditures in the area of learning and/or language disabilities and other costs.

The increase in capital outlay represents the timing of expenditures incurred related to projects in progress at year-end in the current year as compared with the prior year.

Debt service principal and interest expenditures decreased overall, reflecting the current year's principal and interest payments on outstanding debt.

General Fund Budgeting Highlights (Schedule C-1)

The District's budget is prepared according to New Jersey law. The most significant budgeted fund is the General Fund.

State sources exceeded anticipated revenues by \$43,685,708 as a result of the District not anticipating revenues related to Extraordinary Aid, Non-public transportation aid, State on-behalf TPAF pension, medical and disability contributions, and State reimbursed TPAF social security contributions.

Fiscal discipline freed up funds in some budget areas, allowing selected budgetary transfers to be made between budgetary line items and approved by the Board for various reasons including:

- Student transportation services: an increase of \$1,076,633 was due to an increase in contracted services.
- Capital outlay–purchased professional and technical services: a decrease of \$977,094. This is where the funds are put at budget time for various district wide projects and then the funds are allocated throughout the year as projects become necessary.
- Capital outlay–construction services: an increase of \$8,299,520 was primarily due to reallocating \$1,250,000 from Architectural/Engineering Services, an additional capital reserve withdrawal of \$439,650 to construction services along with and rolled over encumbrances totaling \$5,914,387.

The District also experienced significant variations between the final amended budget and the actual expenditures for various reasons including:

- Undistributed Instruction—Tuition: a remaining balance of \$2,829,441 is mainly the result of building programs to meet the educational needs of students in house.
- Undistributed expenditures—custodial services: a remaining balance of \$1,465,748 was mainly due to energy savings as a result of the energy measures put in place through the ESIP and the solar panels becoming fully operational.
- Undistributed expenditures—unallocated benefits: a remaining balance of \$6,736,601. District is self-insured for health benefits and had a better year than projected.

• Capital outlay–construction services: a remaining balance of \$7,706,232 was due to construction projects committed but not completed at year end.

Capital Assets

At June 30, 2023 and 2022, the District had a net capital investment of \$282,890,721 and \$273,335,277, respectively, in land, construction in progress, site improvements, building and building improvements, right-to-use equipment, right-to-use site improvements and machinery, equipment and vehicles.

The following table summarizes the capital asset balances at June 30, 2023 and 2022:

| | Capital Assets (Net of Depreciation/Amortization) | | | | | | | | |
|---|---|---------------|-----------------------------|-------------|--|--|--|--|--|
| | Government | al Activities | Business-type Activities | | | | | | |
| | 2023 | 2022 | 2023 | 2022 | | | | | |
| Land | \$ 7,722,907 | \$ 7,722,907 | | | | | | | |
| Construction in progress | 116,694,778 | 109,503,542 | | | | | | | |
| Site improvements | 7,883,512 | 8,128,618 | \$ 6,229 | \$ 6,800 | | | | | |
| Building and building | | | | , | | | | | |
| improvements | 142,451,132 | 141,016,161 | 3,524,654 | 3,585,421 | | | | | |
| Machinery and equipment Right-to-use site | 2,946,092 | 2,537,246 | 249,641 | 107,764 | | | | | |
| improvements | 892,621 | | | | | | | | |
| Right-to-use equipment | 519,155 | 726,818 | | | | | | | |
| Total | \$ 279,110,197 | \$269,635,292 | \$3,780,524 | \$3,699,985 | | | | | |

The large increase in capital assets, net is due to the current year construction in progress additions, which are not yet being depreciated. For more detailed information, please refer to Note 4 to the basic financial statements.

Debt Administration

At June 30, 2023, the District had \$174,845,809 of outstanding long-term liabilities. Of this amount, \$5,817,101 is for compensated absences; \$2,836,510 is for the unamortized premium of bonds payable; \$25,508,601 is for the net pension liability; \$118,595,000 relates to the outstanding principal on serial bonds, \$20,690,000 relates to financed purchases payable, and \$1,398,597 relates to leases payable. For more detailed information, please refer to Note 5 to the basic financial statements.

At June 30, 2023, the School District's overall gross bonded debt was \$118,595,000, compared to total governmental capital assets of \$279,110,197. The remaining unutilized school borrowing margin is \$353,609,304. For more detailed information, refer to J-13 (statistical section) of this report.

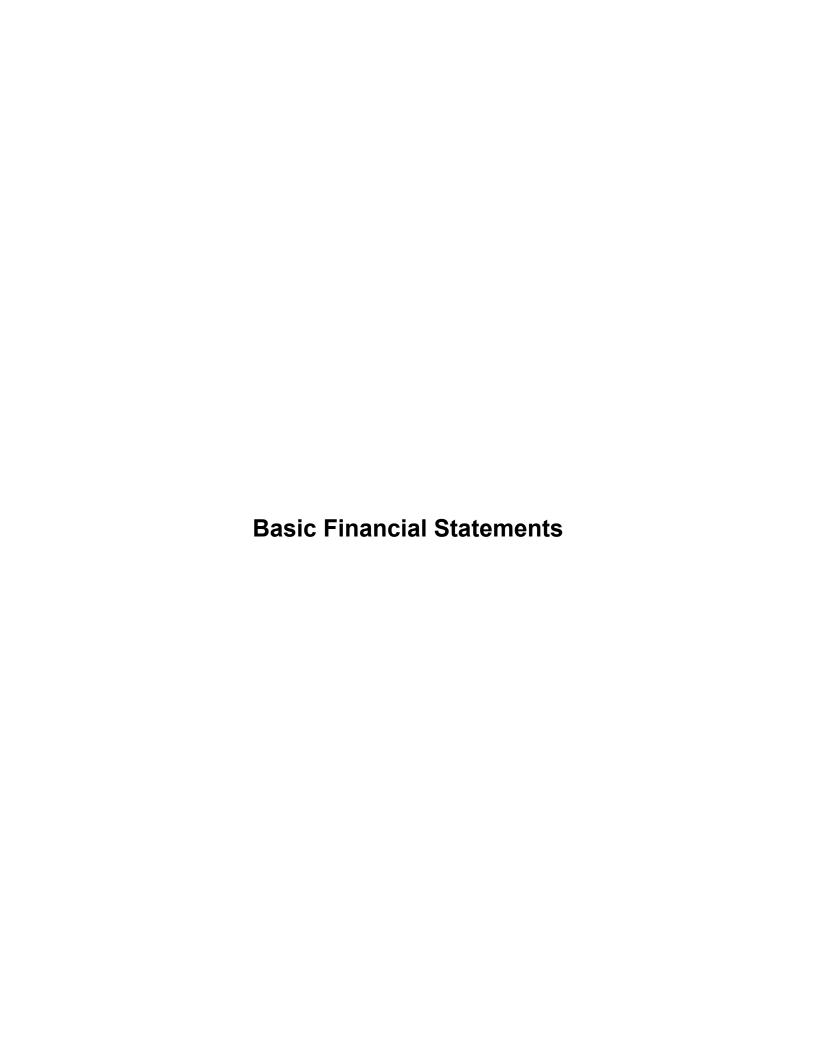

For the Future

The West Windsor-Plainsboro Regional School District is in a strong financial condition. The District is proud of the community's support of the public schools. However, future finances are not without challenges. A major concern is the continued growth of salary/benefit costs to the District and the reliance on local property taxes. The State has restricted funding and taxpayers are increasingly reluctant to fund education at much more than at the rate of inflation. Legislation by the State of New Jersey continues to constrain the educational and financial flexibility of the District.

In conclusion, the West Windsor-Plainsboro Regional School District has committed itself to sound financial practices. The School District plans to continue to improve its fiscal management to meet the challenges of the future.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional information, contact Mr. Christopher Russo, Ed.D., Assistant Superintendent for Finance/Board Secretary at West Windsor-Plainsboro Regional Board of Education, Administration Building, 321 Village Road East, West Windsor, New Jersey 08550. Please visit our web site at www.ww-p.org.

Government-wide Financial Statements

The government-wide financial statements provide a financial overview of the District's operations. These financial statements present the financial position and operating results of all governmental activities and business-type activities as of and for the year ended June 30, 2023.

Noncash noncapital financing activities

The District received \$75,984 of food commodities from the U.S. Department of Agriculture for the year ended June 30, 2023.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies

The financial statements of the West Windsor-Plainsboro Regional School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The District, as the primary government for financial reporting entity purposes, has oversight responsibility and control over all activities related to the West Windsor-Plainsboro Regional School District in West Windsor, New Jersey. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

The District has no component units that are required to be included within the reporting entity, as set forth in Section 2100 of the GASB Codification of <u>Governmental Accounting and</u> Financial Reporting Standards.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the District. For the most part, the effect of internal activity has been removed from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The New Jersey Department of Education requires all funds, except internal service funds be reported as major to promote consistency among the school districts in the State of New Jersey.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues to be available if they are collected within sixty days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, leases, financed purchases payable, and legal liabilities are recorded only when payment is due.

Property taxes, interest, and state aid funds associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when the District receives cash.

The District has reported the following major governmental funds:

General Fund: The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment, which are classified in the capital outlay subfund.

Special Revenue Fund: The District maintains one special revenue fund which includes the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes, other than debt service or capital projects.

Capital Projects Fund: The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to an expenditure for capital outlays, including the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds, state and local funds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election and state and local funds.

Debt Service Fund: The debt service fund accounts for and reports financial resources that are restricted, committed, or assigned to an expenditure for the principal and interest on long-term general obligation debt of governmental funds.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

The District reports the following major proprietary funds:

Food Service and Community Education Enterprise Funds: The food service and community education funds account for all revenues and expenses pertaining to cafeteria and community education program operations and account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation) of providing goods or services to the students and others on a continuing basis are financed or recovered primarily through user charges.

The District reports the following non-major proprietary fund:

Internal Service Fund: The internal service fund is used to record the activity of the District's health insurance expenses.

Amounts reported as program revenues include 1) fees charged to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a enterprise fund's principal ongoing operations. The principal operating revenues of the District enterprise funds are charges for sales of food and tuition. Operating expenses for enterprise funds include the cost of sales, administrative expenses, and depreciation on capital assets, if applicable. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District reports unearned revenue on its balance sheet and statements of net position. Revenues and other governmental fund financial resources should be recognized in the accounting period in which they become both measurable and available. Unearned revenue also arises when resources are received by the District before it has legal claim to them, as when federal assistance is received prior to the incurrence of qualifying expenditures. When an asset is recorded in governmental fund financial statements, but the revenue is not available the government should report a deferred inflow of resources until such time the revenue becomes available.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

Ad Valorem (Property) taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available.

The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

The County Board of Taxation is responsible for the assessment of properties, and the Municipal Tax Collectors are responsible for collection of taxes. Assessments are certified and taxes are levied on January 1; taxes are due February 1, May 1, August 1, and November 1. Unpaid taxes are considered delinquent the following January 1 and are then subject to lien.

D. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds and submitted to the county office. Budgets are prepared using the modified accrual basis of accounting and the special revenue fund uses a non-GAAP budget (budgetary basis). The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referred in N.J.A.C. 6A:23. The over-expenditure in the general fund is due to the inclusion of the non-budgeted on-behalf payments made by the State of New Jersey as District expenditures. These amounts are offset by related revenues and as such do not represent budgetary over-expenditures. All budget amendments must be approved by School Board resolution and certain other matters require approval by the County Superintendent of Schools. Budgetary transfers were made during the current year in accordance with statutory guidelines.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

Except for student activity and scholarship funds, the accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, amounts on deposit, and money market accounts.

F. Interfund Receivables/Payables

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

G. Inventories

Inventories, which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure during the year of purchase. The consumable inventory is the property of the District's food service vendor. The inventory cost is determined using the First-in First-out method.

At June 30, 2023, there were no unused Food Donation Program commodities owned by the District.

H. Capital Assets

Capital assets, which include land, property, plant and equipment and construction in progress, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures. Donated capital assets are valued at acquisition value on the date of acquisition.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Property, plant and equipment of the District is depreciated/amortized using the straightline method. The following estimated useful lives are used to compute depreciation/amortization:

| | Years |
|---|-------|
| Machinery and equipment | 2-20 |
| Buildings | 50 |
| Building improvements | 20-40 |
| Vehicles | 5-10 |
| Right-to-use equipment | 3-5 |
| Right-to-use site and site improvements | 15-20 |

I. Compensated Absences

A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. The District uses the "vesting method" for estimating its accrued sick and vacation leave liability.

District employees are granted vacation and sick leave in varying amounts under the District's personnel policies and collective bargaining agreements. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after one year of service. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with District's agreements with the various employee unions. Under terms of association agreements, employees earn vacation and sick leave in amounts varying with tenure and classification by the District for the unused sick leave in accordance with District's agreements with the various employee unions. The liability for vested compensated absences of the District is recorded in the district-wide financial statements and includes salary related payments.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2023, a liability existed for compensated absences in the government-wide financial statements in the amount of \$5,817,101 and no liability existed for compensated absences in the proprietary fund types.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

J. Unearned Revenue

Unearned revenue in the special revenue fund represents cash, which has been received but not yet earned. Unearned revenue in the enterprise fund represents cash receipts from students for future meals that have been received in advance and tuition fees for community education programs received in advance of the program offering.

K. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense / expenditure) until then. The District has two items that qualify for reporting in this category, including deferred amounts from the refunding of debt and deferred amounts related to pensions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category, deferred amounts related to pensions.

L. Deferred Loss on Defeasance of Debt

Deferred loss on refunding arising from the issuance of the refunding bonds is recorded as a deferred outflow of resources. It is amortized in a systematic and rational manner over the duration of the related debt as a component of interest and other charges on long-term debt. The amortization expense for the year ended June 30, 2023 amounted to \$125,815. As of June 30, 2023, the District has recorded an unamortized balance of \$517,441 as a deferred outflow of resources.

M. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method which approximates

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

N. Leasee

The District is a lessee for noncancellable leases of equipment. The District recognizes a lease liability and an intangible right-to-use lease asset ("lease asset") in the government-wide financial statements. The District recognizes lease liabilities with an initial individual value of \$200,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease is amortized on a straight-line basis over its useful life. Key estimates and judgements related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and any purchase option price that the District is reasonably certain to exercise. The District monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the Statement of Net Position.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

O. Fund Balances

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions ("GASB 54") established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five categories, as defined below:

- Nonspendable includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
- 2) Restricted includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- 3) Committed includes amounts that can be used only for the specific purposes imposed by a formal action of the government's highest level of decision-making authority. The District's highest level of decision-making authority is the Board of Education (the "Board") and formal action is taken by resolution of the Board at publicly held meetings. Once committed, amounts cannot be used for other purposes unless the Board revises or changes the specified use by taking the same action (resolution) taken to originally commit these funds.
- 4) Assigned amounts intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Intent is expressed by either the Board or Business Administrator, to whom the Board has delegated the authority to assign amounts to be used for specific purposes, including the encumbering of funds.
- 5) Unassigned includes all spendable amounts not contained in the other classifications in the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. In the other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. For the unrestricted fund balance, the District first spends committed funds, then assigned funds, and finally, unassigned funds.

Of the \$70,054,371 of fund balances in the General Fund, \$11,317,664 are encumbrances which are classified as assigned to other purposes, \$14,713,928 has been restricted for excess surplus-current year, \$13,190,885 has been restricted for prior year excess surplus that has been designated for subsequent year's expenditures, \$15,258,921 has been restricted for the capital reserve, \$1,000,000 has been restricted for the emergency reserve, \$1,507,167 has been restricted for the maintenance reserve, \$1,688,747 has been restricted for unemployment compensation claims, \$5,909,366, has been assigned and designated to subsequent year's expenditures, and \$5,467,693 is classified as unassigned.

At June 30, 2023, the District has \$4,139,131 of fund balance in the Capital Projects Fund, which is restricted for capital projects and includes \$1,498,123 of outstanding encumbrances. The Debt Service Fund fund balance in the amount of \$104,276 is restricted for future debt service payments. Of this amount, the District has budgeted \$55,148 in its 2023-2024 budget. The Special Revenue Fund has \$1,146.229 of fund balance, which is restricted for student activities and scholarships.

P. Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets.

Net positions are reported as restricted in the government-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Q. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

R. On-Behalf Payments

Revenues and expenditures of the general fund include payments made by the State of New Jersey social security and post-retirement pension, medical and long-term disability contributions for certified teacher and other members of the New Jersey Teachers Pension and Annuity Fund. Additionally, revenues and expenses related to on-behalf pension contributions in the government-wide financial statements have been decreased by \$18,400,228 to adjust for the full accrual basis expense incurred by the State of New Jersey during the most recent measurement period. The amounts are not required to be included in the District's annual budget.

S. Calculation of Excess Surplus

The designation for restricted fund balance – excess surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance generated in the 2023 fiscal year was \$14,713,928, which will be utilized in the 2024-25 budget. Prior year excess fund balance was \$13,190,885, which was budgeted in the 2023-24 fiscal year.

T. GASB Pronouncements

Recently Issued Accounting Pronouncements

The GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements in May 2020. This Statement provides guidance on accounting and financial reporting for subscription-based information technology arrangements. The requirements of this Statement are effective for periods beginning after June 15, 2022. Management has determined there is no material impact of the Statement on the financial statements.

Notes to the Basic Financial Statements

Year ended June 30, 2023

1. Summary of Significant Accounting Policies (continued)

The GASB issued Statement No. 99, *Omnibus 2022* in April 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements of this Statement are effective for periods beginning after June 15, 2022. Management has implemented the Statement on the financial statements.

The GASB issued Statement No. 101, Compensated Absences in June 2022. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for periods beginning after December 15, 2023. Management has not determined the impact of the Statement on the financial statements.

U. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2023 and December 5, 2023, the date that the financial statements were available for issuance.

2. Reconciliation of Government-Wide and Fund Financial Statements

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that long-term liabilities, including bonds payable, leases, financed purchases payable, unamortized premiums and compensated absences, are not due and payable in the

Notes to the Basic Financial Statements

Year ended June 30, 2023

2. Reconciliation of Government-Wide and Fund Financial Statements (continued)

current period and therefore are not reported in the funds. The details of this \$149,337,208 difference are as follows:

| Bonds payable | \$118,595,000 |
|---|---------------|
| Financed purchases payable | 20,690,000 |
| Leases payable | 1,398,597 |
| Unamortized premium on bonds | 2,836,510 |
| Compensated absences payable | 5,817,101 |
| Net adjustment to reduce fund balance-total governmental | |
| funds to arrive at net position – governmental activities | \$149,337,208 |

3. Deposits and Investments

Investments are stated at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools and Statement No. 72, Fair Value Measurement and Application. The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments and are stated at amortized cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. N.J.S.A. 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured.

Notes to the Basic Financial Statements

Year ended June 30, 2023

3. Deposits and Investments (continued)

All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund and the New Jersey Asset and Rebate Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit. In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The District's cash and cash equivalents are classified below to inform financial statement users about the extent to which a government's deposits and investments are exposed to custodial credit risk.

At June 30, 2023, the carrying amount of the District's deposits for all funds was \$82,870,385 and the bank balance was \$93,627,031. Of the bank balance, \$1,000,000 of the District's cash deposits on June 30, 2023 were secured by federal depository insurance. The New Jersey Governmental Unit Deposit Protection Act (GUDPA) covered \$89,984,952 of the bank balance. \$2,642,079 held in the District agency accounts are not covered by GUDPA.

Notes to the Basic Financial Statements

Year ended June 30, 2023

3. Deposits and Investments (continued)

Pursuant to GASB Statement No. 40, *Deposit and Investment Risk Disclosures* ("GASB 40"), the District's operating cash and money market accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the District would not be able to recover the value of its deposits and investments). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. The District does not have a policy for the management of custodial credit risk, other than depositing all of its funds in banks covered by GUDPA. At least five percent of the District's deposits were fully collateralized by funds held by the financial institution, but not in the name of the District. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized. Operating cash accounts are held in the District's name by several commercial banking institutions.

Custodial Credit Risk-Deposits: Custodial credit risk is the risk that in the event of a bank failure, the District's deposits, in the form of certificates of deposit, money market accounts and checking accounts, may not be returned to it. The District does not have a deposit policy for custodial credit risk.

Investments

New Jersey statutes permit the District to purchase the following types of securities:

- a. Bonds and other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank, which have a maturity date not greater than twelve months from the date of purchase.
- c. New Jersey Cash Management Fund and New Jersey Asset and Rebate Management Fund.

Custodial Credit Risk: The District does not have any investments that are exposed to custodial credit risk and does not have a policy for custodial credit risk.

Credit Risk: The District does not have any investments exposed to credit risk and does not have an investment policy regarding the management of credit risk.

Notes to the Basic Financial Statements

Year ended June 30, 2023

3. Deposits and Investments (continued)

Concentration of Credit Risk: The District places no limit on the amount the District may invest in any one issuer and does not have a policy for limiting the concentration of investments.

Interest Rate Risk: The District does not have a policy to limit interest rate risk.

GASB 72 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement) The three levels of the fair value hierarchy under GASB 72 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the District has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets:
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments outstanding at June 30, 2023.

Notes to the Basic Financial Statements

Year ended June 30, 2023

4. Capital Assets

The following schedule is a summarization of the governmental activities changes in capital assets for the year ended June 30, 2023:

| • | Beginning Balance | Additions | Ending Balance |
|--|----------------------|--------------|-------------------|
| Governmental activities: | Dulance | Additions | Dalarice |
| Capital assets that are not being depreciated/amortized: | | | |
| Land | \$ 7,722,907 | | \$ 7,722,907 |
| Construction in progress | 109,503,542 | \$ 7,191,236 | 116,694,778 |
| Total capital assets not being depreciated/amortized | 117,226,449 | 7,191,236 | 124,417,685 |
| Capital assets being depreciated/amortized: | | | |
| Site and site improvements | 18,571,627 | 467,015 | 19,038,642 |
| Building and building improvements | 263,198,869 | 8,475,728 | 271,674,597 |
| Machinery and equipment | 52,115,104 | 1,408,942 | 53,524,046 |
| Right-to-use site and site improvements | | 1,115,776 | 1,115,776 |
| Right-to-use equipment | 934,481 | | 934,481 |
| Totals | 334,820,081 | 11,467,461 | 346,287,542 |
| Less accumulated depreciation/amortization for : | | | |
| Site and site improvements | 10,443,009 | 712,121 | 11,155,130 |
| Building and improvements | 122,182,708 | 7,040,757 | 129,223,465 |
| Machinery and equipment | 49,577,858 | 1,000,096 | 50,577,954 |
| Right-to-use site and site improvements | | 223,155 | 223,155 |
| Right-to-use equipment | 207,663 | 207,663 | 415,326 |
| Total accumulated depreciation/amortized | 182,411,238 | 9,183,792 | 191,595,030 |
| Total capital assets being depreciated/amortized, | | | |
| net of accumulated depreciation/amortization | 152,408,843 | 2,283,669 | 154,692,512 |
| Governmental activities capital assets, net | \$ 269,635,292 | \$ 9,474,905 | \$ 279,110,197 |

The District acquired \$7,191,236 of construction in progress capital assets included above with lease and financed purchase proceeds.

Depreciation/amortization expense was charged to functions/programs of the District as follows:

| Regular Instruction | \$4,531,881 |
|---|-------------|
| Special Education Instruction | 1,163,870 |
| Other Special Instruction | 276,508 |
| Other Instructional Programs | 212,529 |
| General administration | 136,971 |
| Required maintenance of plant services | 1,573,985 |
| Student transportation | 1,288,048 |
| Total depreciation/amortization expense – governmental activities | \$9,183,792 |

Notes to the Basic Financial Statements

Year ended June 30, 2023

4. Capital Assets (continued)

The following is a summary of enterprise fund changes in capital assets for the year ended June 30, 2023:

| | Beginning Balance | | Additions | Ending Balance | |
|--|-------------------|-----------|------------|-----------------------|--|
| Business-type activities: | | _ | | | |
| Capital assets, being depreciated: | | | | | |
| Machinery and equipment | \$ | 1,452,810 | \$ 159,206 | \$ 1,612,016 | |
| Site and site improvements | | 11,415 | | 11,415 | |
| Buildings and building improvements | | 4,246,311 | 31,939 | 4,278,250 | |

| Less accumulated depreciation for: | | | | | |
| Machinery and equipment | | 1,345,046 | 17,329 | 1,362,375 | |
| Site and site improvements | | 4,615 | 571 | 5,186 | |
| Buildings and building improvements | | 660,890 | 92,706 | 753,596 | |
| Total accumulated depreciation | | 2,010,551 | 110,606 | 2,121,157 | |
| T-A-IIIiA | Φ. | 2 200 005 | Ф 00 520 | Ф 0.700 F04 | |
| Total business-type activities capital assets, net | \$ | 3,699,985 | \$ 80,539 | \$ 3,780,524 | |

5. Long-Term Liabilities

During the year ended June 30, 2023, the following changes occurred in long-term liabilities:

| | Begi | nning Balance | , | Additions | ı | Reductions | Ending Balance | _ | Due within One Year |
|------------------------------|------|---------------|----|-----------|----|--------------|-------------------|----|------------------------|
| Governmental activities: | | - | | | | | | | |
| Compensated absences payable | \$ | 6,989,027 | \$ | 149,253 | \$ | (1,321,179) | \$ 5,817,101 | \$ | 928,000 |
| Bonds payable | | 126,970,000 | | | | (8,375,000) | 118,595,000 | | 8,725,000 |
| Leases payable | | 719,226 | | 1,115,776 | | (436,405) | 1,398,597 | | 448,461 |
| Financed purchases payable | | 22,455,000 | | | | (1,765,000) | 20,690,000 | | 980,000 |
| Premium on bonds | | 3,321,461 | | | | (484,951) | 2,836,510 | | 484,951 |
| Subtotal | | 160,454,714 | | 1,265,029 | | (12,382,535) | 149,337,208 | | 11,566,412 |
| Net pension liability | | 20,309,338 | | 5,199,263 | | - | 25,508,601 | | |
| | | | | | | | | | |
| | \$ | 180,764,052 | \$ | 1,265,029 | \$ | (12,382,535) | \$ 174,845,809 | \$ | 11,566,412 |

The District expects to liquidate the net pension liability, leases, financed purchases and compensated absences with payments made from the District's general fund. Bonds payable are expected to be liquidated by expenditures charged to the debt service fund.

Notes to the Basic Financial Statements

Year ended June 30, 2023

5. Long-Term Liabilities (continued)

Bonds Payable

Bonds are authorized in accordance with State law or by the voters of the municipalities through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds and were issued as a result of an approved public referendum to provide resources for the additions and renovations of various schools throughout the District. The general obligation bonds are a direct borrowing of the District for which its full faith and credit are pledged and are payable from taxes levied on all taxable real property within the District. Principal and interest due on all bonds outstanding is as follows:

| | Principal | Interest | Total |
|----------------------|---------------|--------------|----------------|
| Year ending June 30: | | | |
| 2024 | \$8,725,000 | \$3,190,587 | \$11,915,587 |
| 2025 | 8,985,000 | 2,877,649 | 11,862,649 |
| 2026 | 7,315,000 | 2,605,525 | 9,920,525 |
| 2027 | 7,555,000 | 2,374,075 | 9,929,075 |
| 2028 | 6,410,000 | 2,168,187 | 8,578,187 |
| 2029-2033 | 31,760,000 | 8,474,403 | 40,234,403 |
| 2034-2038 | 35,195,000 | 4,217,372 | 39,412,372 |
| 2039-2042 | 12,650,000 | 338,624 | 12,988,624 |
| | \$118,595,000 | \$26,246,422 | \$ 144,841,422 |

Bonds payable at June 30, 2023 are comprised of the following issues:

\$27,395,000, 2015 refunding bonds, due in annual installments ranging from \$700,000 to \$2,960,000 through September 15, 2027 at interest rates of 5.00%.

\$8,215,000, 2017 refunding bonds, due in annual installments ranging from \$340,000 to \$1,245,000 through September 15, 2026 at an interest rate of 4.00%.

\$35,000,000, 2018 school bonds, due in annual installments ranging from \$1,475,000 to \$2,300,000 through August 1, 2038 at interest rates ranging from 3.00% to 3.50%.

\$79,875,000, 2019 school bonds, due in annual installments ranging from \$3,100,000 to \$5,200,000 through August 1, 2039 at interest rates ranging from 2.25% to 3.00%.

Notes to the Basic Financial Statements

Year ended June 30, 2023

5. Long-Term Liabilities (continued)

As of June 30, 2023, the District does not have any defeased debt outstanding.

Authorized but Not Issued Debt

There were no bonds authorized but not issued at June 30, 2023.

Financed Purchases

The District entered into a financed purchase for an Energy Savings Improvement Program in the amount of \$24,145,000 with an interest rate of 2.14%. The following is a schedule of the future minimum lease payments under the financed purchase and the present value of the net future minimum payments at June 30, 2023:

| | Principal | | Interest | Total |
|-----------------------------|------------------|----|-----------|------------------|
| Fiscal year ending June 30: | | | | _ |
| 2024 | \$ 980,000 | \$ | 437,523 | \$ 1,417,523 |
| 2025 | 1,025,000 | | 416,337 | 1,441,337 |
| 2026 | 1,055,000 | | 394,135 | 1,449,135 |
| 2027 | 935,000 | | 372,307 | 1,307,307 |
| 2028 | 980,000 | | 352,030 | 1,332,030 |
| 2029-2033 | 5,625,000 | | 1,421,549 | 7,046,549 |
| 2034-2038 | 6,275,000 | | 767,725 | 7,042,725 |
| 2039-2042 | 3,815,000 | | 138,457 | 3,953,457 |
| _ | \$ 20,690,000 | \$ | 4,300,063 | \$ 24,990,063 |

On November 19, 2019, the Board of Education approved a resolution to finance energy conservation measures pursuant to an Energy Savings Improvement Plan ("ESIP") to fund various projects including asbestos abatement, HVAC and mechanical upgrades, light fixture replacements and other energy projects for an amount not to exceed \$24,145,000. A Lease with TD Equipment Finance, Inc. ("TD") was issued on January 30, 2020 in the amount of \$24,145,000 with the first payment made July 15, 2020. During the year ended June 30, 2023, \$15,196,387 of project costs were expended for the project. The District will be utilizing the savings from the energy plan to make the lease payments to TD. Principal and interest due on the lease are included in the future minimum lease payment schedule above. Assets acquired under this financed purchase (including utilizing bank interest earned) were \$24,157,786 at June 30, 2023 and is recorded in construction in progress in the financial statements.

Notes to the Basic Financial Statements

Year ended June 30, 2023

5. Long-Term Liabilities (continued)

Leases Payable

The District has remaining leases payable totaling \$1,398,597 with interest rates ranging from 0.8930% to 2.6430% on the copier lease and 3.002% on the lease of 72 Grovers Mill Road. The terms of the leases are from three-and-a-half to five years, including all extensions. As of June 30, 2023, the District has the option to purchase all of the copiers for a total of \$507,229. The following is a schedule of the future minimum lease payments at June 30, 2023:

| erest | Total |
|-----------|--------------------------|
| 88,633 \$ | 487,094 |
| 23,278 | 487,093 |
| 0,906 | 261,084 |
| 3,857 | 240,000 |
| 6,674 \$ | 1,475,271 |
| | 23,278 0,906 3,857 |

6. Pension Plans

Description of Systems

Substantially all of the District's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Teachers' Pension and Annuity Fund Retirement System is considered a cost-sharing multiple-employer plan, with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. The Public Employees' Retirement System is considered a cost-sharing multiple-employer plan.

Teachers' Pension and Annuity Fund

The Teachers' Pension and Annuity Fund was established in January 1955 under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full-time public school employees in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for health care coverage. Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010,

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60, and 62, respectively, with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively, with an annual benefit generally determined to be 1/60th of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of credited service. Anyone who retires early and is under their respective tier's retirement age receives retirement benefits as calculated in the above mentioned formulas but at a reduced rate in accordance with applicable New Jersey Statute based upon their tier.

Public Employees' Retirement System

The Public Employees' Retirement System was established in January 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school Board or public agency provided the employee is not a member of another Stateadministered retirement system. Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010, and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60, and 62, respectively, with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively with an annual benefit generally determined to be 1/60th of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of credited service. Anyone who retires early and is under their respective tier's retirement age receives retirement benefits as calculated in the above mentioned formulas but at a reduced rate in accordance with applicable New Jersey Statute based upon their tier.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

Funding Policy

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing members. Plan member and employer contributions may be amended by State of New Jersey legislation. Under the provisions of Chapter 78, P.L. 2011, employee contribution rates for TPAF and PERS are 7.5%. Employers are required to contribute at an actuarially determined rate in both the TPAF and PERS. The actuarially determined contribution includes funding for non-contributory death benefits and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the year ended June 30, 2023, the State of New Jersey contributed \$35,212,930 to the TPAF for on-behalf medical, disability insurance and pension contributions on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District \$5,726,152 during the year ended June 30, 2023 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the government-wide and fund financial statements.

The District's actuarially determined contributions to PERS for each of the years ended June 30, 2023, 2022, and 2021 were \$2,131,520, \$2,007,732, and \$1,741,755, respectively, equal to the required contributions for each year.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For the purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Public Employee's Retirement System (PERS)

At June 30, 2023, the District reported a liability of \$25,508,601 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation on July 1, 2020, which was rolled forward to June 30, 2021. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined.

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

At June 30, 2023, the District's proportion was 0.1690276629 percent, which was a decrease of 0.0024098048 from its proportion measured as of June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the District recognized full accrual pension benefit of \$1,321,826 in the government-wide financial statements. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

| | Deferred | | | Deferred |
|---|----------|-----------|----|-----------|
| | | Outflows | | Inflows |
| | of | Resources | of | Resources |
| Changes of assumptions | \$ | 79,034 | \$ | 3,819,647 |
| Net difference between projected and actual | | | | |
| earnings on pension plan investments | | 1,055,778 | | |
| Changes in proportion | | 1,849,415 | | 420,118 |
| Difference between expected and actual | | | | |
| experience | | 184,109 | | 162,358 |
| District contributions subsequent to the | | | | |
| measurement date | | 2,283,269 | | |
| | \$ | 5,451,605 | \$ | 4,402,123 |

\$2,283,269 is reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

| 2024 | \$ (1,611,603) |
|------|----------------|
| 2025 | (662,745) |
| 2026 | (163,253) |
| 2027 | 1,208,198 |
| 2028 | (4,384) |
| | \$ (1,233,787) |

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

Actuarial Assumptions

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions:

| Inflation rate: | June 30, 2022 |
|---------------------------|---------------------------|
| Price | 2.75% |
| Wage | 3.25% |
| | |
| Salary increases | 2.75 - 6.55% |
| | based on years of service |
| | |
| Investment rate of return | 7.00% |

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Mortality Rates

Pre-retirement morality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expecting future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 are summarized in the following table:

| | | Long-Term |
|----------------------------------|------------|----------------------|
| | Target | Expected Real |
| Asset Class | Allocation | Rate of Return |
| | | |
| US Equity | 27.00% | 8.12% |
| Non-U.S. Developed Market Equity | 13.50% | 8.38% |
| Emerging Market Equity | 5.50% | 10.33% |
| Private Equity | 13.00% | 11.80% |
| Real Assets | 3.00% | 7.60% |
| Real Estate | 8.00% | 11.19% |
| High Yield | 4.00% | 4.95% |
| Private Credit | 8.00% | 8.10% |
| Investment Grade Credit | 7.00% | 3.38% |
| Cash Equivalents | 4.00% | 1.75% |
| U.S. Treasuries | 4.00% | 1.75% |
| Risk Mitigation Strategies | 3.00% | 4.91% |
| | 100% | • |
| | | • |

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

Discount rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the District's proportionate share of the net pension liability as of June 30, 2022 calculated using the discount rate as disclosed above as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

| | At 1% | At Current | At 1% | |
|-----------------------------------|------------------|---------------|------------------|--|
| | Decrease | Discount Rate | Increase | |
| | (6.00%) | (7.00%) | (8.00%) | |
| District's proportionate share of | | | | |
| the net pension liability | \$ 32,771,080 | \$ 25,508,601 | \$ 19,327,939 | |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report for the State of New Jersey Public Employees' Retirement System.

Additional Information

Collective balances of the Local Group at June 30, 2022 are as follows:

| Deferred outflows of resources | \$ 1,660,772,008 |
|--------------------------------|----------------------|
| Deferred inflows of resources | \$ 3,236,303,935 |
| Net pension liability | \$ 15,219,184,920 |

District's proportion 0.1690276629%

Collective pension benefit for the Local Group for the measurement period ended June 30, 2022 is \$(1,032,778,934).

The average of the expected remaining service lives of all employees that are provided with pension through the pension plan (active and inactive employees) determined at June 30, 2022, 2021, 2020, 2019, 2018, 2017 and 2016 is 5.04, 5.13, 5.16, 5.21, 5.63, 5.48 and 5.57 years, respectively.

Teachers Pensions and Annuity Fund (TPAF) – Special Funding Situation

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred

outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

The State's proportionate share of the TPAF net pension liability associated with the District as of June 30, 2022 was \$352,181,941. The District's proportionate share was \$0. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2021. The State's proportionate share of the net pension liability associated with the District was based on

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

a projection of the State's long-term contributions to the pension plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2023, the State's proportionate share of the TPAF net pension liability associated with the District was 0.6825970120 percent, which was a decrease of 0.0111411997 from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized on-behalf pension benefit and revenue in the government-wide financial statements of \$18,400,228 for contributions incurred by the State.

Actuarial assumptions

The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation rate: | June 30, 2022 |
|---------------------------|---------------------------|
| Price | 2.75% |
| Wage | 3.25% |
| | |
| Salary increases | 2.75 - 6.55% |
| | based on years of service |
| | |
| Investment rate of return | 7.00% |

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage by adding expected inflation.

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

| | | Long-Term |
|----------------------------------|------------|----------------------|
| | Target | Expected Real |
| Asset Class | Allocation | Rate of Return |
| | | |
| US Equity | 27.00% | 8.12% |
| Non-U.S. Developed Market Equity | 13.50% | 8.38% |
| Emerging Market Equity | 5.50% | 10.33% |
| Private Equity | 13.00% | 11.80% |
| Real Estate | 8.00% | 11.19% |
| Real Assets | 3.00% | 7.60% |
| High Yield | 4.00% | 4.95% |
| Private Credit | 8.00% | 8.10% |
| Investment Grade Credit | 7.00% | 3.38% |
| Cash Equivalents | 4.00% | 1.75% |
| U.S. Treasuries | 4.00% | 1.75% |
| Risk Mitigation Strategies | 3.00% | 4.91% |
| | 100% | • |
| | | |

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments determining the total pension liability.

Notes to the Basic Financial Statements

Year ended June 30, 2023

6. Pension Plans (continued)

Sensitivity of the State's proportionate share of the net pension liability associated with the District to changes in the discount rate

The following presents the State's proportionate share of the net pension liability associated with the District as of June 30, 2022 calculated using the discount rate as disclosed above as well as what the State's proportionate share of the net pension liability associated with the District would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

| | At 1% | At Current | At 1% |
|--|--------------|-------------------|----------------|
| | Decrease | Discount Rate | Increase |
| | (6.00%) | (7.00%) | (8.00%) |
| State's proportionate share of | | | |
| the net pension liability associated with the District | \$ 412,940,8 | 10 \$ 352,181,941 | \$ 301,000,229 |

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

Additional Information

Collective balances of the Local Group at June 30, 2022 are as follows:

| Deferred outflows of resources | \$ 5,004,259,312 |
|--------------------------------|----------------------|
| Deferred inflows of resources | \$ 19,682,774,794 |
| Net pension liability | \$ 51,676,587,303 |
| | |
| District's proportion | 0.6825970120% |

Collective pension expense-Local Group for the plan for the measurement period ended June 30, 2022 is \$1,424,884,581.

The average of the expected remaining service lives of all employees that are provided with pension through the pension plan (active and inactive employees) determined at June 30, 2022, 2021, 2020, 2019, 2018, 2017, 2016 and 2015 is 7.83, 7.93, 8.04, 8.29, 8.30, 8.30 and 8.30 years, respectively.

Notes to the Basic Financial Statements

Year ended June 30, 2023

7. Post-Retirement Benefits

General Information about the OPEB Plan

The State Health Benefit State Retired Employees Plan (State Retired OPEB Plan) is a single-employer defined benefit OPEB plan with a special funding situation. The State Retired OPEB Plan is administered on a "pay-as-you-go" basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The State Retired OPEB Plan covers the State, State colleges and universities, the Palisades Interstate Park Commission, and the New Jersey Building Authority (referred to collectively as "the employers") for which the State is legally obligated to pay for benefits. The State Retired OPEB Plan is treated as a cost-sharing multiple employer plan with a special funding situation for allocating the total OPEB liability and related OPEB amounts since each employer mentioned above is required to issue stand-alone financial statements. The State Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of the employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

In accordance with N.J.S.A. 52:14-17.32, the State is required to pay the premiums or periodic charges for health benefits of State employees who retire with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Judicial Retirement System (JRS), the State Police Retirement System (SPRS), the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen's Retirement System (PFRS), and the Alternate Benefit Program (ABP). In addition, N.J.S.A. 52:14-17.26 provides that for purposes of the State Retired OPEB Plan, an employee of Rutgers, the State University of New Jersey, and New Jersey Institute of Technology shall be deemed to be an employee of the State. Further, P.L.1966, c.302, addresses the other State colleges and universities, whereas while these institutions were provided autonomy from the State, their employees retained any and all rights to health benefits within the State Retired OPEB Plan and are therefore classified as State employees.

The State Health Benefit Local Education Retired Employees Plan (Local Education Retired OPEB Plan) is a multiple-employer defined benefit OPEB plan with a special funding situation. The Local Education Retired OPEB Plan is administered on a "pay-as-you-go" basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Local Education Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of local education employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

Notes to the Basic Financial Statements

Year ended June 30, 2023

7. Post-Retirement Benefits (continued)

The employer contributions for the participating local education employers are legally required to be funded by the State in accordance with N.J.S.A. 52:14-17.32f. According to this law, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: TPAF, PERS, PFRS, or ABP.

Pursuant to P.L.2011, c.78, future retirees eligible for postemployment medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The State is legally required to pay for the OPEB benefit coverage for the participating local education employers. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. The State, as a non-employer contributing entity, reported a Fiscal Year 2022 total OPEB liability of \$50,646,462,966 for this special funding situation.

The State's contributions to the SHBP Fund for TPAF retirees' post-retirement medical benefits on behalf of the District for the years ended June 30, 2023, 2022, and 2021 were \$7,323,596, \$6,657,964, and \$6,439,993, respectively, which equaled the required contributions for each year.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments.

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective OPEB liability on the Statement of Net Position. The State's proportionate share of the OPEB liability associated with the District as of June 30, 2022 was \$301,112,418. Additional information can be obtained from the State of New Jersey's annual comprehensive financial report.

Notes to the Basic Financial Statements

Year ended June 30, 2023

7. Post-Retirement Benefits (continued)

Additional information on pensions and OPEB can be assessed at state.nj.us/treasury/pensions/financial-reports.shtml.

Actuarial assumptions and other inputs

The total non-employer OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022 and included in the June 30, 2022 audited financial statements of the State Health Benefit Local Education Retired Employees Plan. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

| | TPAF | PERS |
|-------------------|---|---|
| Inflation rate | 2.50% | 2.50% |
| Salary Increases: | 2.75 - 4.25% based on years of service | 2.75 - 6.55% based on years of service |

Mortality Rates

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP) and "General" (PERS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2010 "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Notes to the Basic Financial Statements

Year ended June 30, 2023

7. Post-Retirement Benefits (continued)

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of the actual experience studies for the periods July 1, 2018 – June 30, 2021 and July 1, 2014 – June 30, 2018 for TPAF and PERS, respectively.

Discount Rate

The discount rate for June 30, 2022 was 3.54%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

The following represents sensitivity of total non-employer OPEB liability to changes in the discount rate and health care cost rate

The following presents the total non-employer OPEB liability associated with the District as of June 30, 2022 calculated using a discount rate as disclosed above as well as what the total non-employer OPEB liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

The following also presents the total non-employer OPEB liability associated with the District as of June 30, 2022 calculated using a healthcare cost trend rate as disclosed above as well as what the total non-employer OPEB liability would be if it was calculated using a healthcare trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate.

| Total Plan Members | 364,817 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the District recognized on-behalf OPEB expense and revenue in the government-wide financial statements of \$3,313,133 for OPEB expenses incurred by the State. Collective balances of the Local Education Group at June 30, 2022 are as follows:

Deferred outflows of resources \$ 20,104,625,333 Deferred inflows of resources \$ 34,996,842,046 Collective OPEB expense \$ 1,595,653,562 District's Proportion 0.59%

Special Funding Situation

The employer contributions for local participating employers are legally required to be funded by the State, therefore, the District records an expense and corresponding revenue for its respective share of total OPEB expense and revenue attributable to the State of New Jersey.

Notes to the Basic Financial Statements

Year ended June 30, 2023

8. Interfund Receivables and Payables

The total interfund accounts receivable and payable for the District amounted to \$222,353 analyzed as follows:

| Fund | Interfund Receivable | | | Interfund Payable |
|-----------------------|-------------------------|---------|----|----------------------|
| General Fund | \$ | 173,226 | | |
| Special Revenue Fund | | | \$ | 150,770 |
| Capital Projects Fund | | | | 49,127 |
| Debt Service Fund | | 49,127 | | |
| Internal Service Fund | | | | 22,456 |
| | \$ | 222,353 | \$ | 222,353 |

The interfund between the internal service fund and the general fund in the amount of \$22,456 relates to funds due back that were not required in the internal service fund and not yet returned. The interfund between the special revenue fund and the general fund pertains to the elimination of the pooled cash deficit in the special revenue fund in the amount of \$150,770. The \$49,127 interfund between the debt service fund and the capital projects fund relates to interest due to the debt service fund not transferred at the end of the fiscal year from the capital projects fund. All interfunds are expected to be liquidated within one year.

9. Economic Dependency

The District receives support from federal and state governments. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

10. Contingent Liabilities

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2023 may be impaired. In addition, the District is receiving funding from the New Jersey Schools Development Authority (NJSDA), in connection with its capital projects. The costs associated with the funding received from the NJSDA are subject to final review of eligible costs and compliance by the New Jersey Department of Education and the NJSDA. To the extent that the District has not

Notes to the Basic Financial Statements

Year ended June 30, 2023

10. Contingent Liabilities (continued)

complied with the rules and regulations governing the NJSDA funds or has not met the final eligible requirements, refunds of any money received may be required and the collectability of any related receivable at June 30, 2023 may be impaired. As a result of the impact of COVID-19, the District has received funding under the Elementary and Secondary School Emergency Relief (ESSER) Fund, Coronavirus Relief Fund (CRF), American Rescue Plan Elementary and Secondary School Emergency Relief Funds (ARP ESSER), and American Rescue Plan IDEA Funds (ARP IDEA). To the extent that the District has not complied with the rules and regulations governing these funds, money may be required to be returned. In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with rules and regulations or final eligible cost requirements governing the respective grants or funding; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with the rules and regulations or final eligible cost requirements governing the respective grants or funding; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

The District is also involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Board.

11. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the 2023 fiscal year, the District was covered by a joint insurance fund as well as commercial insurance.

Property and Liability Insurance

The Board is a member of the School Alliance Insurance Fund (SAIF), a public entity risk pool currently operating as a common risk management and insurance program. The SAIF is a School District Joint Self Insurance Fund comprised of Boards of Education. The Board pays an actuarial determined annual assessment to SAIF for its insurance coverage. Supplemental assessments may be levied to supplement the fund. The Board has not been notified of any supplemental assessments. The coverage provided by SAIF is partially self-insured retention and partially excess coverage provided by

Notes to the Basic Financial Statements

Year ended June 30, 2023

11. Risk Management (continued)

commercial insurance. The self-insured retention coverage for crime is \$50,000, and \$10,000 for theft, disappearance and destruction. The District continues to carry commercial insurance for all other risks of loss, including, accident insurance and public officials bonds. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years and there have been no significant decreases in insurance coverage from the prior year.

New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's unemployment funds reported in the general fund for the past three years:

| Fiscal Year | Cor | ontributions | | Amount Paid | | ding Balance |
|-------------|-----|--------------|----|--------------------|----|--------------|
| | | | | | | _ |
| 2022-23 | \$ | 395,567 | \$ | 377,214 | \$ | 1,688,747 |
| 2021-22 | | 222,631 | | 102,834 | | 1,670,394 |
| 2020-21 | | 238,498 | | 39,251 | | 1,550,597 |

Self-Insurance

The District is self-insured for medical, prescription and dental benefits and uses an internal service fund to account for its self-insurance activities. At June 30, 2023, the accrued liability for unpaid medical, prescription and dental claims of \$5,976,498 has been recorded in the internal service fund financial statements for Incurred But Not Reported Claims (IBNR), which is subject to modification and/or assessment of existing or additional claims. The medical, prescription, and dental benefits IBNR liability has been calculated by an actuary employed by the District's claims administrator.

Notes to the Basic Financial Statements

Year ended June 30, 2023

11. Risk Management (continued)

Changes in the Incurred but Not Reported claims liability accounts payable for the current year and previous two years were:

| Beginning of Year Liability | | Current Year Claims and Changes In Estimates | | | Claim Payments | Balance at End of Year | | |
|-------------------------------|----|--|----|--|-------------------|--|----|-------------------------------------|
| 2022-23 2021-22 2020-21 | \$ | 5,891,098 1,873,600 | \$ | 22,484,885 23,362,752 29,856,087 | \$ | 22,399,485 19,345,254 27,982,487 | \$ | 5,976,498 5,891,098 1,873,600 |

12. Deferred Compensation

The District offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by various insurance companies, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency.

Participants' rights under the plan are equal to those of general creditors in an amount equal to the fair market value of the deferred account of each participant. The District has no liability for losses under the plan. Since the District does not hold the assets in a trustee capacity, the related assets are not included in the District's Fiduciary Fund Financial Statements.

13. Reserve Accounts - Restricted Assets

A capital reserve account was established by the District by inclusion of \$228,986 in June of 2002 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget. Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfers by Board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line item appropriation amounts, or both.

Notes to the Basic Financial Statements

Year ended June 30, 2023

13. Reserve Accounts – Restricted Assets (continued)

A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2022–June 30, 2023 fiscal year is as follows:

| Ending balance, June 30, 2022 | \$ 22,820,653 |
|--------------------------------------|------------------|
| Interest earnings | 310,741 |
| Deposits: | |
| Approved in 2022-23 budget | 10,972,505 |
| Approved by June 2023 resolution | 3,000,000 |
| Prior Year Cancelled Encumbrances | 6,013 |
| Transfer – return of unused balances | 1,148,067 |
| Withdrawals: | |
| Transfer to debt service fund | 10,059,408 |
| Capital outlay | 12,939,650 |
| Ending balance, June 30, 2023 | \$ 15,258,921 |

The District budgeted a withdrawal from the capital reserve of \$4,262,400 in its 2023-24 budget for capital purposes. At June 30, 2023, the amount deposited in the capital reserve account does not exceed the District's local share reported in its Long-Range Facility Plan.

In addition, at June 30, 2023, the District has restricted amounts resulting from the maintenance reserve of \$1,507,167 and emergency reserve of \$1,000,000. The changes in maintenance reserve resulted only from interest earned of \$18,125. There were no changes to emergency reserves.

Notes to the Basic Financial Statements

Year ended June 30, 2023

14. Transfers - Reconciliation

The following presents a reconciliation of transfers during the 2023 fiscal year:

| | Transfers In | | | Transfers Out |
|--------------------------------|-----------------|------------|----|------------------|
| General Fund Debt Service Fund | \$ | 10,059,408 | \$ | 10,059,408 |
| | \$ | 10,059,408 | \$ | 10,059,408 |

The transfer of \$10,059,408 from the general fund to the debt service fund represents the transfer of funds from the capital reserve account for payment of debt in the District's debt service fund.

15. Commitments

The District has contractual commitments at June 30, 2023 to various vendors, which are recorded in the general fund as fund balance assigned to other purposes in the amount of \$11,317,664.

There were \$1,498,123 of contractual commitments at June 30, 2023 to vendors related to the ongoing construction projects recorded as restricted for capital projects in the capital projects fund.

In addition, there were \$31,892 of contractual commitments at June 30, 2023 in the community education enterprise fund, which is recorded as unrestricted net position.

During the 2023 fiscal year, the New Jersey Department of Labor has been delayed in issuing bills to New Jersey governmental units and as such the District has not been billed for any quarters during the fiscal year. Unemployment claims for the fiscal year cannot be estimated, however, it is expected that the Federal Government, through the CARES Act and American Rescue Plan (ARPA) will reimburse the State of New Jersey, a portion of all claims incurred. Since the District has not received a bill related to fiscal year 2023, and the amounts due are not known, no provision has been made in the District's financial statements for any liability related to the 2023 fiscal year.

Notes to the Basic Financial Statements

Year ended June 30, 2023

16. Tax Abatements

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provision at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

West Windsor Township and Plainsboro Township have entered into tax abatement agreements, of which have reduced the District's tax revenues. For the 2022 year, Plainsboro Township recognized revenue of \$3,567,548 from the annual service charge in lieu of payment of taxes, while the taxes that would have been paid for this property were \$3,754,980, resulting in a reduction of taxes collected by the Township of \$187,432. For the 2022 year, West Windsor Township recognized revenue of \$102,286 from the annual service charge in lieu of payment of taxes, while the taxes that would have been paid for this property were \$415,947, resulting in a reduction of taxes collected by the Township of \$313,661. A portion of this would have been allocated to the District.

Statistical Section

Unaudited

This part of the Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial condition.

Contents

Financial Trends

These schedules contain historical financial information that illustrates trends allowing the reader to understand how the District's financial performance and financial position has changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report (ACFR) for the relevant year.

Source: School Disctrict Records

School taxes are collected by the Municipal Tax Collectors. Under New Jersey State Statute, a municipality is required to remit to the school district the entire property tax balance, in the amount certified prior to the end of the school year. The taxes levied above do not include the debt service fund.

Sources: Township Finance Officers

Plainsboro and West Windsor Twsps. as of December 31, 2022.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the district. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for

repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditors' Report

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District West Windsor, New Jersey County of Mercer

We have audited, in accordance with the auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("Government Auditing Standards"), the financial state12ments of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the West Windsor-Plainsboro Regional School District, in the County of Mercer, New Jersey (the "District") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 5, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District

Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal and State Program and Report on Internal Control Over Compliance Required by the Uniform Guidance and New Jersey OMB Circular 15-08

Independent Auditors' Report

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District West Windsor, New Jersey County of Mercer

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited the West Windsor-Plainsboro Regional School District of New Jersey's, in the County of Mercer, New Jersey (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2023. The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States ("Government Auditing Standards"), the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08 Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Our responsibilities under those standards, the Uniform Guidance and New Jersey OMB Circular 15-08 are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District

Page 2

evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal and state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and New Jersey OMB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and New Jersey OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and
 to test and report on internal control over compliance in accordance with the Uniform
 Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Honorable President and Members of the Board of Education West Windsor-Plainsboro Regional School District

Page 3

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

The accompanying notes to schedules of expenditures of federal awards and state financial assistance are an integral part of this schedule.

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance

Year ended June 30, 2023

1. Basis of Presentation

The accompanying schedules of expenditures of federal awards and state financial assistance include the federal award and state financial assistance activity under programs of the federal and state government for the year ended June 30, 2023. The District is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules of expenditures of federal awards and state financial assistance.

The information in these schedules are presented in accordance with the requirements of Title 2 U.S, Code of Federal Regulations Part 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Therefore, some amounts presented in these schedules may differ from amounts presented, or used in the preparation of, the basic financial statements. Because the schedules present only selected portions of the operations of the District, they are not intended to and do not present the financial position, changes in net position, or cash flows of the District.

2. Summary of Significant Accounting Policies

The expenditures reported on the accompanying schedules of expenditures of federal awards and state financial assistance (Schedules) are presented on the budgetary basis of accounting with the exception of programs recorded in the enterprise fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and New Jersey OMB Circular 15-08, wherein certain types of expenditures are allowable or are limited as to reimbursement. These bases of accounting is described in Note 1 to the District's basic financial statements.

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance

Year ended June 30, 2023

3. Relationship to Basic Financial Statements

Amounts reported in the accompanying schedules agree with amounts reported in the District's basic financial statements. The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the fiscal year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis of accounting with the exception of the revenue recognition of the last two state aid payments in the current year, which is mandated pursuant to N.J.S.A. 18A:22-44.2.

For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of the last two state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$142,176 for the general fund and \$375,296 for the special revenue fund. See note to required supplementary information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds (C-3). Federal and State award revenues are reported in the District's basic financial statements on a GAAP basis as follows:

| | <u>Federal</u> | State | Total |
|------------------------------------|----------------|--------------|--------------|
| General Fund | \$ 817,737 | \$56,504,334 | \$57,322,071 |
| Special Revenue Fund | 3,883,998 | 186,345 | 4,070,343 |
| Debt Service Fund | | 1,742,871 | 1,742,871 |
| Food Service Enterprise Fund | 877,590 | 31,266 | 908,856 |
| Total financial award expenditures | \$5,579,325 | \$58,464,826 | \$64,044,141 |
| | | | |

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance

Year ended June 30, 2023

4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

5. Other

Revenues and expenditures reported under the Food Donation Program represent current year value received and current year distributions, respectively. TPAF Social Security Contributions represent the amount reimbursed by the State for the employer's share of Social Security for TPAF members for the year ended June 30, 2023.

The post retirement pension, disability insurance and medical benefits received on-behalf of the District for the year ended June 30, 2023 amounted to \$27,878,428. Since on-behalf post retirement pension, disability insurance and medical benefits are paid by the State directly, these expenditures are not subject to a single audit in accordance with New Jersey OMB Circular 15-08, however, they are reported on the Schedule of Expenditures of State Financial Assistance, as directed by the funding agency.

During fiscal year 2023, the New Jersey Department of Labor notified the District that federal legislation under the CARES Act and the American Rescue Plan Act of 2021 provided for partial federal subsidies related to unemployment insurance benefits attributable to the District's account. The amount of federal subsidies received by the District during fiscal year 2023 amounted to \$130,975, which have been included on the schedule of expenditures of federal awards. These subsidies represent amounts paid on behalf of the District for time periods prior to the current fiscal year (third quarter of 2020 through the third quarter of 2021) and therefore have been excluded from the District's basic financial statements.

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance

Year ended June 30, 2023

6. Indirect Cost Rate

The District elected not to use the 10% de minimis indirect cost rate allowed by the Uniform Guidance.

7. Adjustments

The adjustments presented on Schedule K-3 and K-4 represent the cancellation of prior year receivables and encumbrances.
