# Jersey City Global Charter School

March 15, 2024

Angelica Allen-McMillan, Ed.D. Acting Commissioner New Jersey Department of Education 100 Riverview Executive Plaza CN – 500 Trenton, New Jersey 08625-0500

Dear Ms. Allen-McMillan:

We are pleased to present to you the Annual Comprehensive Financial Report (ACFR) of the Jersey City Global Charter School (Charter School) for the fiscal year ended June 30, 2023. This ACFR includes the Charter School's Basic Financial Statements prepared in accordance with Governmental Accounting Standards Board Statement 34.

The Charter School has elected to adopt this new financial reporting model which we believe will provide all users of this document with much more useful financial and statistical information than ever before. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Trustees (Board).

To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the Charter School. This report will provide the taxpayers of the Charter School with comprehensive financial data in a format enabling them to gain an understanding of the Charter School's financial affairs.

The Annual Comprehensive Financial Report is presented in four sections as follows:

- The Introductory Section contains a table of contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the Charter School;
- The Financial Section begins with the Independent Auditor's Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the Charter School's financial position and operating results, and other schedules providing detailed budgetary information;
- The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the Charter School, generally presented on a multi-year basis;

The Single Audit Section — The Charter School is required to undergo an annual single audit in conformity with the provisions of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey State Office of Management and Budget (OMB) Circular Letter 15-08, "*Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*". Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, are included in the single audit section of this report.

#### **Charter School Organization**

An elected Board of Trustees (the "Board") serves as the policy maker for the Charter School. The Board adopts an annual budget and directly approves all expenditures which serve as the basis for control over and authorization for all expenditures of Charter School tax money.

The Principal is the chief executive officer of the Charter School, responsible to the Board for total educational and support operations. The Business Administrator is the chief financial officer of the Charter School, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the Charter School, acting as custodian of all Charter School funds, and investing idle funds as permitted by New Jersey law.

 <u>REPORTING ENTITY AND ITS SERVICES</u>: The Jersey City Global Charter School is an independent reporting entity within the criteria adopted by the Government Auditing Standards Board (GASB) as established by GASB Statement No. 14. All funds and account groups of the Charter School are included in this report. The Charter School's Board of Trustees, constitutes the Charter School's reporting entity.

The focus of education at Jersey City Global Charter School has always been what is best for the success of the children. With this in mind, the school provides a full range of services appropriate to meeting the needs of all students in Kindergarten through Grade Four (4). Such instructional services include regular education and special education.

Jersey City Global Charter School ended the 2022-2023 school year with an enrollment of 409 students. The following details the student enrollment of the Charter School over the last five years:

Av	Average Daily Enrollment								
Fiscal	Student	Attendance							
Year	Enrollment	Rate							
2022-2023	416	88.00%							
2021-2022	431	91.00%							
2020-2021	500	91.23%							
2019-2020	468	91.23%							
2018-2019	425	88.03%							
2017-2018	377	97.13%							
2016-2017	361	99.17%							

- 2. <u>ECONOMIC CONDITION AND OUTLOOK:</u> The Charter School is located in Jersey City, New Jersey and has completed its first year of implementation. The Charter School is located in one of the major urban areas in the State of New Jersey. They are experiencing some of the same social and economic phenomena as other urban areas its size. These phenomena include, but are not limited to, unemployment, and under employment among its working class population.
- 3. <u>INITIATIVES</u>: The Charter School has developed a comprehensive strategic plan to support its mission and vision which serves as a blueprint for the achievement of its goals. The plan includes objectives, such as pupil achievements, staff development and technology in the classroom. The goals for the upcoming academic years emphasize the importance of a smooth leadership transition, transparent collaboration with the Board of Trustees, extensive community engagement, and proactive measures to address immediate concerns.

#### Language Arts Literacy

The school utilized the Linkit Assessments in Language Arts Literacy and Mathematics and they were administered three times within the academic school year in grades K-8. The three testing windows generally occur in Fall, Winter, & Spring.

Overall, we noticed grades Kindergarten to Eighth Grade that 5 grade levels obtained 50% or higher of students met or exceeded ELA benchmarks. In grades Kindergarten to Second Grade about 80% or more of students in each grade met or exceeded ELA benchmarks. We observed that more than 60% of students in the 7<sup>th</sup> and 8<sup>th</sup> grade met or exceeded the benchmark respectively in ELA.

#### Mathematics

In the academic area of Mathematics, 90% kindergarten students met or exceeded the benchmark by end of the year. In first grade 85% of the student population met or exceeded benchmark, whereas in second grade 59% of students met or exceeded the benchmark.

We further observed that 55% of students in the third and 36% fourth grade students met or exceeded benchmark. In the fifth grade 31% students met or exceeded the benchmark. Only 32% of students in the sixth grade and 24% of students in the seventh grade and 9% of eighth grade students met or exceeded the benchmark.

In the 2022-2023 Linkit assessment phase, we observed that students made small gains in their final Linkit scores; however students in grades 6-8 have been identified as cohorts in need of more intensive support in ELA & Math.

#### Dynamic Learning MAPS

No students were administered Dynamic Learning Maps.

4. <u>INTERNAL ACCOUNTING CONTROLS</u>: Management of the Charter School is responsible for establishing and maintaining an internal control designed to ensure that the assets of the Charter School are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not

#### 4. INTERNAL ACCOUNTING CONTROLS – CONTINUED:

exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. As a recipient of federal and state financial assistance, the Charter School is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the Charter School's management. As part of the Charter School's single audit described earlier, tests are made to determine the adequacy of internal controls, including that portion related to federal and state financial assistance programs, as well as to determine that the Charter School has complied with applicable laws and regulations.

- 5. <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount, as amended for the fiscal year, is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2023.
- 6. <u>CASH MANAGEMENT</u>: The investment policy of the Charter School is guided in large part by state statute as detailed in "Notes to Financial Statements" Notes 1 and 3. The Charter School had adopted a cash management plan which requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Government Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 7. <u>RISK MANAGEMENT</u>: The Board carries various forms of insurance, including but not limited to general liability, directors' and officers' insurance and workmen's compensation.

#### 8. OTHER INFORMATION:

#### Independent Audit

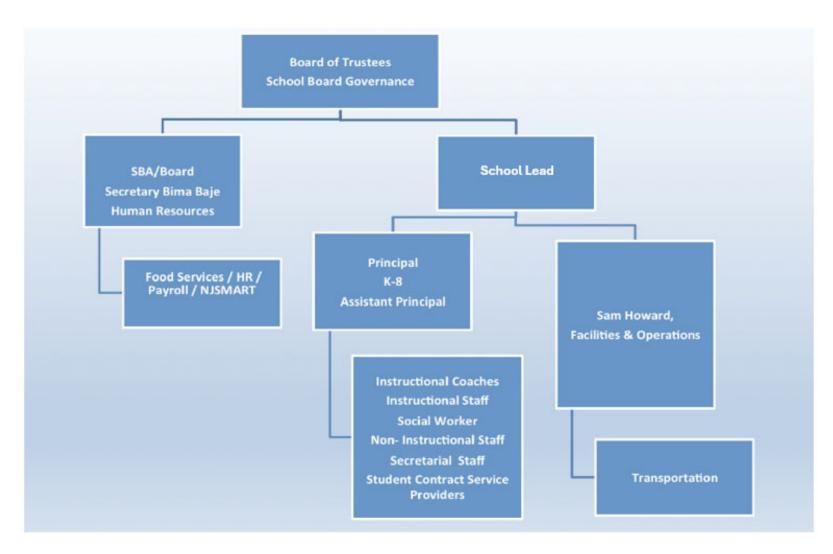

State statute requires an annual audit by independent certified public accountants or registered municipal accountants. The Charter School appointed the accounting firm of Galleros Robinson CPAs, LLP. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Uniform Guidance and the New Jersey OMB Letter Circular Letter 15-08. The auditor's report on the basic financial statements, combining and individual fund statements, and schedules are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

**9.** <u>ACKNOWLEDGMENTS:</u> We would like to express our appreciation to the members of the Jersey City Global Charter School Board of Trustees for their concern in providing fiscal accountability to the citizens and taxpayers of the Charter School and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial, accounting and administrative staff.

Respectfully submitted,

Bima Baje School Business Administrator

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable President and Members of the Board of Trustees Jersey City Global Charter School County of Hudson Jersey City, New Jersey

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Jersey City Global Charter School (the Charter School), in the County of Hudson, State of New Jersey, as of and for the fiscal year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Jersey City Global Charter School, in the County of Hudson, State of New Jersey as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Charter School, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Change in Accounting Principle

As discussed in Note 2 to the financial statements during the fiscal year ended June 30, 2023, the Charter School adopted new accounting guidance, Government Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements.* Our opinion is not modified with respect to this matter.

#### INDEPENDENT AUDITOR'S REPORT - CONTINUED

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Charter School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, the *Government Auditing Standards* and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, the *Government Auditing Standards* and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

#### **INDEPENDENT AUDITOR'S REPORT - CONTINUED**

 Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the information listed under Required Supplementary Information in the accompanying table of contents be presented to supplement the basis financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Charter School's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance (Schedules) are also presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and New Jersey OMB's Letter Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, respectively, and are also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, and the Schedules, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **INDEPENDENT AUDITOR'S REPORT - CONTINUED**

#### Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report for the year ended June 30, 2023. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2024 on our consideration of the Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Charter School's internal control over financial reporting and compliance.

# REQUIRED SUPPLEMENTARY INFORMATION PART I

# MANAGEMENT'S DISCUSSION AND ANALYSIS

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis (MD&A) provides an analysis of the Charter School's overall financial position and results of operations.

#### Introduction

This section of the Jersey City Global Charter School's (the "Charter School") annual financial report presents our discussion and analysis of the Charter School's financial performance and provides an overview of the Charter School's financial activities for the fiscal year ended June 30, 2023. It should be read in conjunction with the transmittal letter at the front of this report and the Charter School's financial statements, which follow this section.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model in conformance with the requirements oy the Governmental Accounting Standards Board (GASB).

#### Financial Highlights

Key Financial highlights for the fiscal year 2023 are as follows:

- General revenues accounted for \$6.55 million or 74% of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$2.29 million or 26% of total revenues of \$8.84 million.
- The Charter School had \$7.44 million in expenses; only \$2.29 million of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$6.55 million were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$7.46 million in revenues and \$7.37 million in expenditures and other financing uses. The General Fund's fund balance increased by \$0.09 million.

#### Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Jersey City Global Charter School as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole Charter School, presenting both an aggregate view of the Charter School's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Charter School's most significant funds with all other non-major funds presented in total in one column. In the case of Jersey City Global Charter School, the General Fund is by far the most significant fund.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

#### **Reporting the Charter School as a Whole**

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the Charter School to provide programs and activities, the view of the Charter School as a whole look at all financial transactions and ask the question, "How did we do financially during 2023?" The *Statement of Net Position* and the *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Charter School's net position and changes in that position. This change in net position is important because it tells the reader that, for the Charter School as a whole, the financial position of the Charter School has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the Charter School is divided into two distinct kinds of activities:

**Governmental Activities** – Most of the Charter School's programs and services are reported here including instructional, extracurricular activities, curriculum, staff development, special education and other support services, operation and maintenance of plant, pupil transportation, health services and general administration.

**Business-Type Activities** – Services are provided on a charge for goods or services or reimbursement basis to recover the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

#### **Reporting the School Charter School's Most Significant Funds**

#### Fund Financial Statements

Fund financial reports provide detailed information about the Charter School's major funds, not the Charter School as a whole. Funds are accounting devices that the Charter School uses to keep track of a multitude of financial transactions. The Charter School's only major governmental fund is the General Fund.

#### Governmental Funds

Most of the Charter School's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year-end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that can readily be converted to cash.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

#### Reporting the School Charter School's Most Significant Funds - Continued

#### **Governmental Funds - Continued**

The governmental fund statement provides a detailed short-term view of the Charter School's general government operations and the basic services it provides. Governmental fund information helps determine whether there are sufficient financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the Statement of Net Position and the Statement of Activities and the governmental funds are reconciled in the financial statements.

#### **Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

#### The Charter School as a Whole

The perspective of the Statement of Net Position is of the Charter School as a whole. The table below provides a summary of the Charter School's net assets at June 30, 2023.

		Business	
	Governmental	Туре	
	Activities	Activities	Total
Assets			
Current Assets	\$ 3,092,133	\$ 9,672	\$ 3,101,805

In 2023, total revenues increased by \$0.87 million about 11% compared to total revenues in 2022. Total expenses in 2023 increased by \$0.41 million or about 6%.

#### **Governmental Activities**

The Statement of Activities reflects the cost of program services and the charges for services and operating grants and contributions offsetting those services. The table below, for government activities, indicates the total cost of services and the net cost of services. It identifies the cost of these services supported by unrestricted state entitlements for the fiscal year ended June 30, 2023.

	Total Cost of Services				Charges forGrants/ServicesContributions			Net Cost of Services

Total Expenses	\$	7,151,090	\$ 28,578	\$	1,990,885	\$	(5,131,627)		

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

#### **Business-Type Activities**

The Charter School's food service is administered by the Jersey City Public Schools (School District). The financial transactions, lunch applications for free and reduced meals, and statistical records related to the school food service are maintained by the School District.

#### The Charter School's Funds

The Charter School's governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had revenues and other financing sources of \$8.27 million and expenditures and other financing uses of \$8.18 million.

#### **General Fund Budgeting Highlights**

The Charter School's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2023, the Charter School amended its General Fund budget as needed. The Charter School uses state-aid and other revenue-based budget. The budgeting systems are designed to tightly control total budget but provide flexibility for Charter School management teams.

For the General Fund, final budgeted revenues and other financing sources were \$6.63 million which included a local tax levy of \$4.60 million. Expenditures and other financing uses were budgeted at \$6.95 million. The Charter School anticipated \$0.33 million decrease in fund balance. In fiscal year 2022-2023, actual revenues and other financing sources were \$7.46 million, and expenditures and other financing uses were \$7.37 million.

The State of New Jersey reimbursed the Charter School \$0.08 million during the year ended June 30, 2023 for the employer's share of social security contributions for TPAF members while on-behalf pension, post-retirement medical benefits and long-term disability insurance contributions amounted to \$0.83 million. These unbudgeted amounts are included in both revenues and expenditures.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

#### **Capital Assets**

At the end of fiscal year 2023, the Charter School had \$2.27 million invested in capital assets as follows:

	 vernmental Activities	-	isiness Type ctivities	 Total
Machinery and equipment Leasehold improvements	\$ 153,139	\$	4,152	\$ 157,291
in-progress	 2,246,834		-	 2,246,834
Total capital assets Less: Accumulated	2,399,973		4,152	2,404,125
depreciation	 (129,792)		(3,182)	 (132,974)
Totals	\$ 2,270,181	\$	970	\$ 2,271,151

#### **Right-of-use Assets**

At the end of fiscal year 2023, the Charter School had \$0.09 million of right-of-use assets, net of accumulated amortization of \$3.64 million which pertains to the leased building and cafeteria.

#### **Noncurrent Liabilities**

At the end of fiscal year 2023, noncurrent liabilities are as follows:

	Balance at June 30, 2022	Additions	Maturities/ Payments	Balance at June 30, 2023	Due within One Year	
Net Pension Liability	\$ 726,085	\$755,063	\$-	\$ 1,481,148	\$ 134,499	
Loans payable	1,199,019	-	(1,199,019)	-	-	
Lease liabilities	675,558	-	(570,855)	104,703	22,696	
Total	\$ 2,600,662	\$755,063	\$(1,769,874)	\$ 1,585,851	\$ 157,195	

#### Economic Factors and Next Year's Budget

The State of New Jersey continues to face serious budgetary constraints. These impacts the amount of state aid allocated to charter schools. This reality was taken into account when adopting the general fund budget for 2022-2023. Nothing was done to compromise the quality of the programs in place in our Charter School during the regular instructional day. The budget was prepared to ensure that all students have the textbooks, materials supply, equipment and programs they need to meet New Jersey's Core Curriculum Content Standards.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

#### For the Future

The Jersey City Global Charter School is in good financial condition presently. The Charter School is proud of its community support. A major concern is the continued enrollment growth of the Charter School with the increased reliance on federal and state funding.

In conclusion, the Jersey City Global Charter School has committed itself to financial excellence for many years. In addition, the Charter School's system for financial planning, budgeting, and internal financial controls are well regarded. The Charter School plans to continue its sound fiscal management to meet the challenge of the future.

#### Contacting the Charter School's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Charter School's finances and to reflect the Charter School's accountability for the monies it receives. Questions about this report or additional financial information needs should be directed to: Jersey City Global Charter School, Business Office, 255 Congress Street, Jersey City, New Jersey 07307.

# **BASIC FINANCIAL STATEMENTS**

## **CHARTER SCHOOL-WIDE FINANCIAL STATEMENTS**

This Statement of Net Position and the Statement of Activities display information about the Charter School as a whole. The Statement of Net Position presents the financial condition of the government and business-type activities of the Charter School at fiscal year-end. The Statement of Activities presents a comparison between direct expense and program revenues for each program or function of the Charter School's governmental and business-type activities.

#### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### YEAR ENDED JUNE 30, 2023

Total net change in fund balances - governmental funds (B-2)			\$ 92,260
Amounts reported for governmental activities in the Statement of Activities (A-2) are different because:			
Capital outlays related to right-of-use assets and capital assets are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the period. Additionally, in the Statement of Activities gains or (losses) are recognized upon disposition.			
Capital outlay Depreciation expense	\$	407,632 (25,630)	
Amortization expense		(378,957)	3,045
Repayment of loan and lease obligations are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the	_		
Statement of Net Assets and are not reported in the Statement of Activities.			
Principal payment of loans payable Principal payment of lease liabilities		789,343 570,855	1,360,198
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in fovernmental funds.			
Pension costs			 (57,258)
Change in net position of governmental activities (A-2)			\$ 1,398,245

# FIDUCIARY FUNDS

Trust Fund. Accounts for assets held in a trustee capacity for others and therefore cannot be used to support the Charter School's own programs which are as follow:

- a. Pension and Other Employee Benefit Trust. Accounts for resources held in trust for the members and beneficiaries of various employee benefit plans.
- b. Investment Trust Fund. Accounts for the portion of investment pools reported by the sponsoring district.
- c. Private Purpose Trust Fund. Accounts for all other trust arrangements, such as a scholarship fund to benefit individual students.

Custodial Fund. Accounts for resources held by the Charter School in a purely custodial capacity that involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Charter School must maintain the financial integrity of the individual agencies through a separate accounting of each activity for which the Charter School is acting as an agent. Custodial funds would include parent-teacher organizations.

At June 30, 2023, the Charter School do not have a Trust Fund nor Custodial Fund.

# NOTES TO THE BASIC FINANCIAL STATEMENTS

## NOTES TO FINANCIAL STATEMENTS

#### JUNE 30, 2023

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Jersey City Global Charter School (the "Charter School") is presented to assist in understanding the Charter School's financial statements and notes are representation of the Charter School's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units and have been consistently applied in the preparation of these financial statements.

## A. <u>Reporting Entity</u>

The Charter School is an instrumentality of the State of New Jersey, established to function as an educational institution. The school is governed by an independent Board of Trustees, which consists of parents, founders and other community representatives in accordance with its charter, which was appointed by the State Department of Education. An administrator is appointed by the board and is responsible for the administrative control of the Charter School.

## B. <u>Component Units</u>

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the Government Accounting Standard Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Charter School management. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, and ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds and account groups of the Charter School. Based on the aforementioned criteria, the Charter School has no component units.

#### C. Basis of Presentation

The financial statements of the Charter School have been prepared in conformity with GAAP as applied to governmental units. GASB is the accepted standardsetting body for establishing governmental accounting and financial reporting principles.

The Charter School also applies Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise fund unless they conflict with or contradict GASB pronouncements. The most significant of the Charter School's accounting policies are described below:

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### C. <u>Basis of Presentation</u> - Continued

In June 1999, the GASB unanimously approved Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain of the significant changes in the financial statements include the following:

The financial statements include:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Charter School's overall financial position and results of operations.
- ii) Financial statements prepared using full accrual accounting for all of the Charter School's activities.
- iii) A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

#### D. Basic Financial Statements

The Charter School's basic financial statements consist of Charter School or government-wide statements, including a statement of net position and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

## **Government-wide Financial Statements**

The statement of net position and the statement of activities display information about the Charter School as a whole. These statements include the financial activities of the Charter School, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental and business-type activities of the Charter School at fiscal yearend. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Charter School's governmental and business-type activities. The governmental activities generally are financed through federal and state awards, taxes and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### D. Basic Financial Statements - Continued

#### **Fund Financial Statements**

Fund financial statements of the Charter School are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Charter School.

The Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Charter School at a more detailed level.

## E. <u>Governmental Funds</u>

**General Fund** - The General Fund is the primary operating fund of the Charter School and is always classified as a major fund. It is used to account for all financial resources except those that are legally or administratively required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

- As required by the New Jersey Department of Education, the Charter School included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.
- 2) Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of ground, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

**Special Revenue Fund -** The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major Capital Projects, Debt Service or the Enterprise Funds) and local appropriations that legally restricted to expenditures for specified purposes.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### E. <u>Governmental Funds</u> - Continued

**Capital Projects Fund -** The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. As of June 30, 2023, there was no Capital Projects Fund.

**Debt Service Fund** - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on, bonds issued to finance major property acquisitions, construction, and improvement programs. As of June 30, 2023, there was no debt service fund.

## F. Proprietary Funds

The focus of Proprietary Funds' measurement is upon determination of net income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those to similar to business in the private sector. The following is a description of the Proprietary Funds of the Charter School:

#### **Enterprise Funds:**

The Enterprise Fund are utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the Charter School is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods and services to the students on a continuing basis be financed or recovered primarily through user charges; or where the Charter School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriated for capital maintenance, public policy, management control, accountability or other purposes.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenue) and decreases (expenses) in net total assets.

## Internal Service (Self-Insurance) Fund:

The Self-Insurance Fund is used to cover the self-insured limits of the various insurance policies for all funds. The Charter School does not use self-insurance fund.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## G. Fiduciary Funds

Fiduciary funds are classified as follows:

Trust Fund. Accounts for assets held in a trustee capacity for others and therefore cannot be used to support the Charter School's own programs. Three trust fund types discussed below are used to account for resources held and administered by the Charter School when it is acting in a fiduciary capacity for individuals, private organizations, or other governmental units. These funds are distinguished from custodial funds generally by the existence of a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

- a. Pension and Other Employee Benefit Trust. Accounts for resources held in trust for the members and beneficiaries of various employee benefit plans.
- b. Investment Trust Fund. Accounts for the portion of investment pools reported by the sponsoring district.
- c. Private Purpose Trust Fund. Accounts for all other trust arrangements, such as a scholarship fund to benefit individual students.

Custodial Fund. Accounts for resources held by the Charter School in a purely custodial capacity that involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Charter School must maintain the financial integrity of the individual agencies through a separate accounting of each activity for which the Charter School is acting as an agent. Custodial funds would include parent-teacher organizations. The Charter School does not have a fiduciary activity as of and for the year ended June 30, 2023.

## H. Measurement Focus and Basis of Accounting

**Measurement Focus** - Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied. On the government-wide statements of net position and the statement of activities, both governmental and business-like activities are presented using the economic resources measurement focus. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statement of these funds present increases (i.e., revenues and other financing sources), and decreases (i.e. Expenditures and other finances uses) during a given period. These funds use fund balance as their measure of available spend able financial resources at the end of the period.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### H. <u>Measurement Focus and Basis of Accounting</u> - Continued

All proprietary funds are accounted for on a flow economic resources measurement focus. With this measurement focus, the accounting adjectives are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flow. All assets and all liabilities, whether current or noncurrent, associated with their activities are included on the balance sheet. Fund equity (i.e., net total assets) is classified as net position.

**Basis of Accounting -** In the government-wide statement of net position and statements of activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting revenues are recognized when earned and expenses are recognized when the liability, resulting from exchange and exchange like transactions, is incurred (i. e. the exchange takes place).

In the fund financial statements, governmental fund and agency funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available.

"Measurable" means the amount of the transaction can be determined and "available" means collectible with the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues.

## I. <u>Budgets/Budgetary Control</u>

Annual appropriated budgets are prepared prior to July 1, for the General Fund. The budget is prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A. 2(m)1. All budget amendments must be approved by the State Department of Education. Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the Special Revenue Fund as noted below.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### I. <u>Budgets/Budgetary Control</u> - Continued

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognized encumbrances as expenditures and also recognized the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow of the presentation of GAAP basis financial report. As presented in the Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – General, Special Revenue Fund and Debt Service Funds to the GAAP basis of accounting as presented in the Statement of Revenue, Expenditures and Changes in Fund Balances – Budget and Actual – General in the Statement of Revenue, Expenditures and Changes in Fund Balances – Budget and Actual – General, Special Revenue Fund and Debt Service Funds to the GAAP basis of accounting as presented in the Statement of Revenue, Expenditures and Changes in Fund Balances – Budget and Actual – General is presented in the Statement of Revenue, Expenditures and Changes in Fund Balances – Budget and Actual – Budget and Actual – General, Special Revenue Fund and Debt Service Funds to the GAAP basis of accounting as presented in the Statement of Revenue, Expenditures and Changes in Fund Balances – Governmental Funds.

## J. Assets, Liabilities, and Equity

#### Deposits, Investments and Risk Disclosure

Cash and cash equivalents includes amounts in deposits, money market accounts and short-term investments with original maturities of three months or less.

Investments are stated at cost, or amortized cost, which approximates market. The amortized cost method involves valuing a security at its cost on the date of purchase and thereafter assuming a constant amortization to maturity of any discount or premium. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### J. Assets, Liabilities, and Equity - Continued

#### Deposits, Investments and Risk Disclosure - continued

GASB Statement No. 40 replaces in part, and otherwise modifies the prior GASB Statement No. 3, in addressing the requirements for disclosure of the level of custodial credit risk assumed by the Board in its cash, cash equivalents and investments. Custodial credit risk disclosures are limited to deposits that are not covered by depository insurance and are (a) uncollateralized; (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor-government's name. Investment securities that are uninsured, are not registered in the name of the government, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent but not in the government's name.

## Deposits

New Jersey statutes require that Charter Schools deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Charter Schools are also permitted to deposit public funds in the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows: The market value of the collateral must equal at least five percent of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%. All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

#### Investments

New Jersey statutes permit the Charter School to purchase the following types of securities:

a. Bonds or other obligations of the United States or obligations guaranteed by the United States.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## J. Assets, Liabilities, and Equity - Continued

## Deposits, Investments and Risk Disclosure - Continued

#### Investments - continued

- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal national Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the Charter School.
- d. New Jersey Cash Management Fund, New Jersey Arbitrage Rebate Management Fund and MBIA CLASS.

As of June 30, 2023, the Charter School did not hold any investments.

#### Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act. Although GASB Statement No. 40 eliminated Categories 1 and 2 as previously established by GASB Statement No. 3, it maintained, with modification, the level-of-disclosure requirements of GASB Statement No. 3.

As of June 30, 2023, the Board had funds invested and on deposit in checking accounts. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 3 and modified by GASB Statement No. 40, and as such, are deposits that are insured or collateralized with securities held by the Board or by its agent in the Board's name, both at year-end and throughout the year.

The Charter School does not have a policy for the management of the custodial risk, other than depositing all of its funds in banks covered by GUDPA.

## Prepaid Expenses

Prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditure during the year of purchase. There was no prepayment as of June 30, 2023.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### J. Assets, Liabilities, and Equity - continued

#### Interfund Assets/Liabilities

On the fund financial statements, receivables and payables resulting from shortterm Interfund loans are classified as Interfund Receivable/Payable. Interfund balanced within governmental activities and within business-type activities are eliminated on the charter school-wide Statement of Net Position.

## Fixed Assets

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the Charter School as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation based for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the governmental fund capital assets.

Donated capital assets are capitalized at estimated fair market value on the date donated. Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of the depreciable capital assets are as follows:

	Estimated
Asset Class	Useful Lives
Building improvements	20 years
Machinery and equipment	5-10 years remaining term of the lease or
Leasehold improvements	remaining Charter School term, whichever is shorter

#### Right-of-use Assets

Right-of-use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized over the lease term or the life of the asset, whichever is shorter.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### J. Assets, Liabilities, and Equity - Continued

## Subscription Assets

In the charter school-wide financial statements, subscription assets are measured as the sum of (1) present value of subscription payments expected to be made during the subscription term plus (2) payments made before commencement of the subscription term, and (3) any capitalizable implementation costs, less any incentives received at or before the commencement of the subscription term in the charter school-wide and proprietary fund financial statements and is amortized on a straight-line basis over the subscription term. Short-term SBITAs, which have a maximum possible term of 12 months, including any options to extend, regardless of their probability of being exercised are recognized as outflows of resources in the period paid. The Charter School does not have subscription assets as of June 30, 2023.

## Compensated Absences

The Charter School accounts for compensated absences (e.g., unused vacation, sick leave) as directed by GASB Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences that are attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued is accrued as employees earn the rights to the benefits.

Charter School employees are granted sick and vacation leave in varying amounts under the Charter School's personnel policies and according to negotiated contracts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave. Vacation days not used during the year may only be carried forward with approval from the Head of School.

In the charter school-wide Statement of Net Position, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2023, there are no liabilities for compensated absences.

#### Pensions

In government-wide financial statements, pensions are recognized and disclosed using the accrual basis of accounting, regardless of the amount recognized as pension expenditures on the modified accrual basis of accounting.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## J. Assets, Liabilities, and Equity - Continued

## Pensions - continued

The Charter School recognizes a net pension liability for each qualified pension plan in which it participates, which represents the excess of the total pension liability over the fiduciary net position of the qualified pension plan, measured as of the Charter School's fiscal year-end or the Charter School's proportionate share thereof in the case of a cost-sharing multi-employer plan. Changes in the net pension liability during the period are recorded as pension expense, or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience, are amortized over the weighted average remaining service life of all participants, including retirees, in the respective qualified pension plan and recorded as a component of pension expense beginning with the period in which they arose.

Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

## Deferred Revenue

Deferred revenue in special revenue fund represent cash that has been received but not yet earned.

## Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprises fund are reported and the enterprises fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from currents financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payments during the current year.

## Lease Liabilities

Lease liabilities are measured at the present value of payments expected to be made during the lease term (less any lease incentives).

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### J. Assets, Liabilities, and Equity - Continued

#### Subscription Liabilities

In the charter school-wide financial statements, subscription liabilities are reported are measured as the present value of subscription payments at the charter school's incremental borrowing rate. The Charter School does not have subscription liabilities as of June 30, 2023.

## **Deferred Outflows and Inflows of Resources**

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represent a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

The deferred outflows of resources and deferred inflows of resources in the Charter School-wide governmental activities pertain to pensions.

## Fund Balance and Equity

Generally, fund balance represents the difference between current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Charter School is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Under this standard, the fund balance classifications are as follows:

*Nonspendable* fund balance includes amounts that cannot be spent because they are either not in spendable form (inventories, prepaid amounts, long-term receivables) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).

*Restricted* fund balance is to be reported when constraints placed on the use of the resources are imposed by grantors, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification will be used to report funds that are restricted for debt service obligations and for other items contained in General Municipal Law or Education Law.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### J. Assets, Liabilities, and Equity - Continued

## Fund Balance and Equity - Continued

*Committed* fund balance will be reported for amounts that can only be used for specific purposes pursuant to formal action of the entity's highest level of decision making authority. These funds may only be used for the purpose specified unless the entity removes or changes the purpose by taking the same action that was used to establish the commitment. This classification includes certain designations established and approved by the entity's governing board.

Assigned fund balance, in the General Fund, will represent amounts constrained either by the entity's highest level of decision making authority or a person with delegated authority from the governing board to assign amounts for a specific intended purpose. An assignment cannot result in a deficit in the unassigned fund balance in the General Fund. This classification will include amounts designated for balancing the subsequent year's budget and encumbrances. Assigned fund balance in all other governmental funds represents any positive remaining amount after classifying nonspendable, restricted or committed fund balance amounts.

*Unassigned* fund balance, in the General Fund, represents amounts not classified as nonspendable, restricted, committed or assigned. The General Fund is the only fund that would report a positive amount in unassigned fund balance. For all governmental funds other than the General Fund, unassigned fund balance would necessarily be negative, since the fund's liabilities, together with amounts already classified as nonspendable, restricted and committed would exceed the fund's assets.

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Charter School's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Charter School's policy to use fund balance in the following order: committed, assigned, and unassigned.

#### Net Position

Net Position on the Statement of Net Position include the following:

**Investments in Capital Assets, net of Related Debt -** the component of net asset there reports the differences between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributed to the acquisition, construction or improvement of those assets.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## J. Assets, Liabilities, and Equity - Continued

#### Net Position - Continued

**Restricted for Specific Purposes** – the component of net position that reports the difference between assets and liabilities of the certain programs that consist of assets with constraints placed on their use by either external parties and /or enabling legislation.

**Restricted for Debt Service** – the component of net position that reports the difference between assets and liabilities of the Debt Service Fund that consists of assets with constraints placed on their use by creditors.

**Unrestricted** - the difference between the assets and liabilities that is not reported in Net Position Invested in Capital Assets, net of Related Debt, Net Position Restricted for Specific Purposes or Net Position Restricted for Debt Services.

## Contributed Capital

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds.

## K. Interfund Transactions

Interfund transfers are defined as the flow of assets, such as cash or goods, without equivalent flows of assets in return. Interfund borrowings are reflected as "Due from/to Other Funds" on the accompanying financial statements. All other interfund transfers are reported as operating transfers.

#### L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the recorded amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### M. Accounting for Uncertainty in Income Taxes

The Charter School recognizes the effect of income tax positions only of those positions are more likely than not of being sustained. Management has determined that the Charter School had no uncertain tax positions that would require financial statement recognition. The Charter School is no longer subject to audits by the applicable taxing jurisdictions for tax periods prior to 2020.

## N. On-Behalf Payments

Revenues and expenditures of the General Fund include payment made by the State of New Jersey for Pension and social security contributions for certified teacher members of the New Jersey Teachers Pension and Annuity Fund, and for post-retirement medical benefits of members. The amounts are not required to be included in the Charter School's annual budget.

#### O. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 15, 2024.

## NOTE 2 ACCOUNTING PRONOUNCEMENTS

#### A. Accounting Pronouncement Adopted During the Year

GASB Statement No. 91, *Conduit Debt Obligations* provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The Charter School is not a party to a conduit debt obligation, and therefore, the adoption of this standard did not have an effect on the Charter School's financial statements.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* provides new definitions and guidance for accounting and financial reporting for public-private, public-public partnerships (PPPs) and availability payment arrangements (APAs).

A PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time, in an exchange or exchange-like transaction.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 2 ACCOUNTING PRONOUNCEMENTS

#### A. Accounting Pronouncement Adopted During the Year - continued

An APA is an arrangement in which a government compensates an operator for activities that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time, in an exchange or exchange-like transaction. In an APA, a government procures a capital asset or service, rather than receiving compensation to allow another entity to provide public services. During the process of evaluating the impact of this statement, it was confirmed that the Charter School is not involved in APA arrangements.

The Charter School do not have a PPP nor APA type of agreements, and thus the adoption of Statement No. 93 had no impact on the Charter School's current accounting practices nor its financial reporting.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for governments. The Statement is based on the principle that SBITAs are financings of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets). It establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability. Additionally, the Statement provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA. The new SBITA standard also requires enhanced disclosures which include a general description of a SBITA arrangement, the total amount of subscription assets and the related accumulated amortization, the amount of outflow of resources recognized from SBITA contracts that are not included in the measurement of the liability, and the disclosure of the long-term effect of SBITA arrangements on a government's resources.

All of Charter School's SBITA are for a term of 12 months or less. Thus, the adoption did not have an effect on the Charter School's financial statements

GASB Statement No. 92, *Omnibus 2022*, addresses a variety of practice issues, such as requirements related to derivatives, leases, PPPs and SBITAs that were identified during implementation and application of certain GASB Statements. The effective periods of Statement No. 99 covered multiple fiscal years. The Charter School implemented some of the requirements of this statement in its fiscal year ended June 30, 2022 financials, and the residual items in the current fiscal year and found that there were no material impacts to the Charter School's financial statements. Additionally, the Charter School does not have derivative or hedging instruments and other investment instruments as defined by Statement No. 99.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

# NOTE 2 ACCOUNTING PRONOUNCEMENTS - CONTINUED

## B. Accounting Pronouncements Issued but not Yet Adopted

GASB has issued the following pronouncements that may affect future financial position, results of operations, cash flows, or financial presentation of the Charter School upon implementation. Management has not yet evaluated the effect of implementation of these standards.

GASB		Effective
Statement No.	GASB Accounting Standard	Fiscal Year
99	Omnibus 2022	2024
100	Accounting Changes and Error Corrections—	2024
	an amendment of GASB Statement No. 62	
101	Compensated Absences	2024

## NOTE 3 CASH AND CASH EQUIVALENTS

The Charter School's cash and cash equivalents are classified below to inform financial statement users about the extent to which the Charter School's deposits and investments are exposed to custodial credit risk.

As of June 30, 2023, the Charter School's carrying amount of deposits and investments are as follows:

	General Fund	Special Revenue Fund		Enterprise		Total	
Operating account Restricted cash	\$ 1,762,576 75,000	\$	- 6,589	\$	4,267 -	\$ 1,766,843 <u>81,589</u>	
Total	\$ 1,837,576	\$	6,589	\$	4,267	\$ 1,848,432	

Operating cash accounts are held in the Charter School's name by several banking institutions. At June 30, 2023, the Charter School's carrying amount of deposits was \$1,848,432 and the bank balance was \$2,122,344. Of the bank balance, up to a maximum of \$250,000 of the Charter School's cash deposits on June 30, 2023 were secured by federal deposit insurance and \$1,872,344 was covered by a collateral pool maintained by the bank as required by New Jersey statutes in accordance with the New Jersey Governmental Unit Deposit Protection Act ("GUDPA").

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 3 CASH AND CASH EQUIVALENTS - CONTINUED

#### Escrow

The Charter School has established and funded an Escrow Account pursuant to an agreement signed with the New Jersey Department of Education. The required minimum is \$75,000 which is fully funded at June 30, 2023. The agreement stipulates that the intended use of the escrow amount is "to pay for legal and audit expenses and any other outstanding pension benefits that would be associated with a dissolution should it occur".

## NOTE 4 CAPITAL ASSETS

Capital assets activities for the year ended June 30, 2023 are as follows:

Governmental Activities	Beginning Balance		Net Additions (Deletions)		Ending Balance	
Capital assets being depreciated: Machinery and equipment	\$	143,567	\$	9,572	\$	153,139
Capital assets being not depreciated: Leasehold improvements in-progress Total Less: Accumulated depreciation		1,848,774 1,992,341 (104,162)		398,060 407,632 (25,630)	-	2,246,834 2,399,973 (129,792)
Capital assets, net Business-Type Activities	<u>\$</u> E	1,888,179 Beginning Balance		382,002 Additions eletions)	\$	2,270,181 Ending Balance
Machinery and equipment Less: Accumulated depreciation	\$	4,152 (2,352)	\$		\$	4,152 (3,182)
Capital assets, net	\$	1,800	\$	(830)	\$	970

## NOTE 5 LEASES

A lease is defined as a contractual agreement that conveys control of the right to use another entity's nonfinancial asset, for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction. The Charter School leases a significant amount of nonfinancial assets such as building and cafeteria. The related obligations are presented in the amounts equal to the present value of lease payments, payable during the remaining lease term. As a lessee, the associated right-of-use asset as of June 30, 2023 on the government-wide Statement of Net Position is as follow:

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 5 LEASES - CONTINUED

Governmental Activities	 Beginning Balance	t Additions Deletions)	 Ending Balance
<i>Right-of-use assets being amortized:</i> Leased building Leased cafeteria	\$ 3,561,244 171,243	\$ -	\$ 3,561,244 171,243
Total Less: accumulated amortization Right-of-use assets, net	\$ 3,732,487 (3,262,201) 470,286	\$ - (378,957) (378,957)	\$ 3,732,487 (3,641,158) 91,329

The amortization of right-of-use assets for the year ended June 30, 2023, recognized in the Charter School-wide statement of activities amounted to \$378,957.

The Charter School does not have of variable payment clauses, within its lease arrangements. The Charter School did not incur expenses related to its leasing activities related to residual value guarantees, lease termination penalties or losses due to impairment. As a lessee, there are currently no agreements that include saleleaseback and lease-leaseback transactions.

As of June 30, 2023, the Charter School's lease liabilities amounted to \$104,703.

Key estimates and judgements related to leases include how the Charter School determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments. The Charter School uses the interest rate charged by the lessor as the discount rate when available. In the absence of the lessor's interest rate, the Charter School uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease, limited to the Charter School's latest charter renewal term. Lease payments included in the measurement of the lease liability are composed of fixed payments and any purchase option price that the Charter School is reasonably certain to exercise.

The Charter School monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the right-of-use asset and lease liabilities if certain changes occur that are expected to significantly affect the amount of the lease liabilities.

Furthermore, as of report date, the Charter school is currently in the process of renewing its lease agreements.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 6 NONCURRENT LIABILITIES

During the fiscal year ended June 30, 2023, noncurrent liabilities reported in the Statement of Net Position are as follows:

	Balance at June 30, 2022	Additions	Maturities/ Payments	Balance at June 30, 2023	Due within One Year
Net Pension Liability	\$    726,085	\$755,063	\$-	\$ 1,481,148	\$ 134,499
Loans payable	1,199,019	-	(1,199,019)	-	-
Lease liabilities	675,558	<u>-</u>	(570,855)	<u>104,703</u>	22,696
Total	\$ 2,600,662	\$755,063	\$(1,769,874)	\$ 1,585,851	\$ 157,195

## Net Pension Liability

The net pension liability classified as due within one year amounting to \$134,499 represents pension contributions for fiscal year 2023 due and payable on April 1, 2024.

### Lease Liabilities

As of June 30, 2023, the Charter School's minimum principal and interest payment requirements for its leasing activities, with a remaining term in excess of one year, is as follows:

Fiscal Year			
Ending June 30,	Principal	Interest	Total
2024	22,696	5,444	28,140
2025	24,919	4,066	28,985
2026	27,279	2,572	29,851
2027	29,809	938	30,747
Total	\$ 104,703	<u>\$ 13,020</u>	<u>\$ 117,723</u>

## NOTE 7 LOAN PAYABLE

On February 20, 2020, the Community Loan Fund of New Jersey, Inc. approved the Charter School for a Leasehold improvement Loan amounting to \$1,200,000. In 2022, the Charter School drawdown \$1,199,019. The loan proceeds will be used exclusively for leasehold improvements and renovation of existing office space to be used as classrooms, common area, teacher's preparation space and administrative office of the Charter School.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 7 LOAN PAYABLE - CONTINUED

The loan has a term of nine months with two- or three-month extension option at the sole discretion of the lender with an interest-only payment of 6.5%. The loan is convertible to a permanent loan not to exceed 180 months. Monthly principal and interest payments will be due based on a 180-month amortization schedule. It will mature on the first day of the 180th day following closing. Upon conversion to a Permanent Loan, the rate will be set at the equivalent average of 10 year and 20-year term Federal Financial Bank rate plus 4.110%.

The Loan is secured by a First Mortgage lien on real property, fixtures and improvements, located at the Property, assignment of all leases and rents and a first security interest under the Uniform Commercial Code in all of the Charter School's assets. Seventy five percent (75%) of the loan and permanent loan facilities are also guaranteed by the Community Loan Fund of New Jersey, Inc.'s United States Department of Education Charter Schools Facilities grant. Reduction in the amount of guaranty funds allocated to the Loan will be matched to the amount of loan principal outstanding at the end of each quarter.

In September 2022, the Charter School paid the outstanding loan payable amounting to \$1,199,019.

## NOTE 8 <u>NET POSITION</u>

## NOTE 9 PENSION PLANS

## A. <u>Description of Plans</u>

All eligible employees of the Charter School are covered by either the Public Employee's Retirement System (PERS) or the Teacher's Pension and Annuity Fund (TPAF) which have been established by state statute and are administered by the New Jersey Division of Pension and Benefit (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the PERS and the TPAF. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

#### i. Public Employees' Retirement System (PERS)

The Public Employees' Retirement Systems (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full-time employees of the State or any county municipality, Charter School, or public agency provided the employee is not a member of another state-administered retirement system. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, Charter School, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 PENSION PLANS – CONTINUED

### A. <u>Description of Plans</u>

## ii. Teachers Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established in January 1, 1995, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full-time certified teachers or professional staff of the public school systems in the State. The Teacher's Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Charter School and the systems other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

### B. Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A 43:15a and 4303B and N.J.S.A. 18A: for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determine to be 1/55 of the final average salary for each year of service credit as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

The TPAF and PERS provides for specified medical benefits for member who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the member's accounts.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 <u>PENSION PLANS</u> – CONTINUED

### C. Significant Legislation

Two pieces of legislation passed during fiscal year 2001 having significant impact on the benefit provisions under PERS and TPAF. Chapter 133, P.L.2001, increases retirement benefits for service, deferred and early retirements by changing the formula from 1/60 to 1/55 of final compensation for each year of service. The legislation also increases the retirement benefit for veteran member with 35 years or more of service and reduces age qualification from 60 to 55. The legislation further provides that existing retirees and beneficiaries would also receive a comparable percentage increase in their retirement allowance. The benefit enhancements are effective with the November 1, 2001 benefit checks. Chapter 120, P.L 2001, established an additional retirement option for plan members. Under the new option, a retiree's actuarially reduced allowance (to provide a benefit to the retiree's beneficiary upon the death of the retiree) would "pop-up" to the maximum retirement allowance if the beneficiary predeceases the retiree.

Chapter 4, P.L 2001 provides increased benefit to certain members of PERS who retired prior to December 29, 1989 with at least 25 years of creditable service. The maximum amount of the increase is 5 percent the retiree's final compensation. For those with 30 or more years of service, the total pension would increase from 65 to 71 percent of final compensation. Due to the enactment of 1997 legislation, Chapter 114, P.L. 1997 and Chapter 115, P.L 1997, the State of New Jersey's portion of the unfunded accrued liability under each retirement system was eliminated. In addition, excess valuation assets were available to fund, in full or in part, the State of New Jersey's normal contribution from 1997 to 2001, excluding the contribution for post-retirement medical benefits in the PERS and TPAF.

#### D. <u>Contribution Requirement</u>

The contribution policy is set by laws of the State of New Jersey and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 7.06% for PERS and TPAF of the employee's annual compensation. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustment, noncontributory death benefits, and post-retirement medical premiums. Under current statute the Charter School is a non-contributing employer of the TPAF. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Charter School.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 <u>PENSION PLANS</u> – CONTINUED

#### D. <u>Contribution Requirement - continued</u>

The Charter School's contribution to PERS for the year ended June 30, 2023 was \$123,766.

The State of New Jersey was required to contribute for TPAF on behalf of the Charter School, for normal cost pension and accrued liability contributions (including non-contributory group life insurance (NCGI)) and post-retirement medical contribution amounting to \$827,523. In addition, for fiscal year 2023, the State of New Jersey contributed \$590 for TPAF Long-term Disability Insurance Premiums (LTDI).

In accordance with N.J.S.A 18A:66-66 the State of New Jersey reimbursed the Charter School \$84,454 during the year ended June 30, 2023 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. These amounts have been included in the basic financial statements.

The PERS contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure. The social contribution for TPAF members are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure.

#### E. GASB 68 Disclosures

#### i. Public Employees' Retirement System (PERS)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 PENSION PLANS - CONTINUED

#### E. GASB 68 Disclosures - Continued

#### i. Public Employees' Retirement System (PERS) - Continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At June 30, 2023, the Charter School reported in the Charter School-wide statement of net position a liability of \$1,481,148 for its proportionate share of the PERS net pension liability. The total pension liability was measured as of June 30, 2022 was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. The Charter School's proportionate share of the net pension liability was based on the ration of contributions as an individual employer to the total contributions to the PERS as of June 30, 2022 measurement date. The results of the June 30, 2022 measurement date was used to determine pension values for fiscal year 2022 as allowed by GASB Statement No. 68.

At June 30, 2022 measurement date, the Charter School's proportionate share was 0.0098145350% which is an increase from the proportionate share of 0.0061291099% at June 30, 2021 measurement date.

For the year ended June 30, 2023, the Charter School recognized pension expense of \$57,261. The Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Ō	eferred outflows Resources	Deferred Inflows of Resources	
Differences between expected				
and actual experience	\$	10,690	\$	9,427
Changes of assumptions		4,589		221,787
Net difference between projected and actual				
earnings on pension plan investments		61,303		-
Change in proportion and differences				
between Charter School contributions				
and proportionate share contributions		886,298		51,894
	\$	962,880	\$	283,108

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 PENSION PLANS - CONTINUED

#### E. GASB 68 Disclosures - Continued

#### i. Public Employees' Retirement System (PERS) - continued

The amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense as follows:

	Year Ended			
	June 30,			
2023	\$	121,517		
2024		124,891		
2025		137,935		
2026		149,613		
2027		145,816		

Actuarial assumptions. The collective total pension liability for the June 30, 2022 measurement date as determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increase	2.75 - 6.55% based on years of service
Investment rate of return	7.00%

Pre-retirement mortality rates were based on Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 PENSION PLANS - CONTINUED

#### E. GASB 68 Disclosures - Continued

#### i. Public Employees' Retirement System (PERS) - Continued

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-term Expected Rate of Return. In accordance with the State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2022 measurement date, are summarized in the following table:

Target	Long-Term Expected Real Rate of Return		
Allocation			
27.00%	8.12%		
13.50%	8.38%		
5.50%	10.33%		
13.00%	11.80%		
8.00%	11.19%		
3.00%	7.60%

100.00%	-		
	Allocation 27.00% 13.50% 5.50% 13.00% 8.00% 3.00% 4.00% 8.00% 7.00% 4.00% 4.00% 3.00%		

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 PENSION PLANS - CONTINUED

#### E. GASB 68 Disclosures - Continued

#### i. Public Employees' Retirement System (PERS) - Continued

*Discount rate.* The discount rate used to measure the total pension liability was 7% as of June 30, 2022 measurement date. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions from local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of all current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Charter School's Proportionate share of the net pension liability to changes in the discount rate. The following presents the Charter School's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		1%		Current		1%	
		Decrease		Discount Rate		Increase	
		(6.00%)		(7.00%)		(8.00%)	
Charter School's proportionate share of the net pension liability	\$	1,918,957	\$	1,481,148	\$	1,131,775	

*Pension plan fiduciary net position*. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

### ii. Teachers Pension and Annuity Fund (TPAF)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

In accordance with N.J.S.A. 18:66-33, the employer contributions for the Charter School is legally required to be funded by the State. This is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. As such, there is no net pension liability or deferred outflows or inflows to report in the financial statements of the Charter School.

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - continued

For the year ended June 30, 2023, the Charter School recognized pension expense and related revenue of \$210,903 in the Charter School-wide financial statements for its proportionate share in the special funding support provided by the State for its TPAF members. The results of the June 30, 2022 measurement date was used to determine pension values for fiscal year 2023 as allowed by GASB Statement No. 68.

The State's proportionate share of the net pension liability attributable to the Charter School was based on the ratio on the State's contribution as an employer and nonemployer towards the actuarially determined contribution amount adjusted by locations who participated in the State early retirement incentives to total contributions to TPAF for the June 30, 2022 and 2021 measurement dates, respectively. At June 30, 2023 and 2022, the State's proportion of the net pension liability attributable to Charter School was 0.0151886998% and 0.0148567095%, respectively.

### ii. Teachers Pension and Annuity Fund (TPAF)- Continued

Actuarial Assumptions. The total pension liability for the June 30, 2022 measurement date as determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary Increases	2.75% - 5.65% based on years of service
Investment rate of return	7.00%

Pre-retirement mortality were based on Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, ad with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-term Expected Rate of Return. In accordance with the State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 9 <u>PENSION PLANS</u> - CONTINUED

## E. GASB 68 Disclosures - Continued

## ii. Teachers Pension and Annuity Fund (TPAF) - Continued

the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 measurement date, are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
US Equity	27.00%	8.12%
Non-US Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equipments	4.00%	1.75%
US Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%
Total	100.00%	

*Discount rate.* The discount rate used to measure the total pension liability was 7.0% June 30, 2022 measurement date. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of all current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of Net Pension Liability. The following presents the Charter School's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (6.00%)		Dis	Current scount Rate (7.00%)	1% Increase (8.00%)		
State's proportionate share of the net pension liability attributable to the Charter School	\$	9,203,121	\$	7,836,521	\$	6,708,326	

## NOTE 10 POST-RETIREMENT BENEFITS

## General Information about the OPEB Plan

## State Health Benefit State Retired Employees Plan

Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be recorded on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution. The State provides post-retirement medical (PRM)

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 10 POST-RETIREMENT BENEFITS - CONTINUD

## General Information about the OPEB Plan - continued

## State Health Benefit State Retired Employees Plan - continued

benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-retirement medical benefits on a "payas-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The 7 State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021.

Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage: https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

### Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The Charter School's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the Charter School did not recognize any portion of the collective net OPEB liability on the Statement of Net Position.

Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. Note that actual numbers will be published in the NJ State CAFR at https://www.nj.gov/treasury/omb/cafr.shtml.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 10 POST-RETIREMENT BENEFITS – CONTINUED

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022. The actuarial valuation vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	TPAF/ABP	PERS	PFRS
	2.75% to 4.25%	2.75% to 4.25%	2.75% to 4.25%
Salary increases:	Based on years	Based on years of	Based on years
	of service	service	of service

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP) "General" (PERS), and "Safety" (PFRS) classification headcountweighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcountweighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcountweighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the TPAF, PERS and PFRS experience studies prepared for July 1, 2018 to June 30, 2021.

## (a) Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially is 6.25% and decreases to a 4.50% long-term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend is 8.00% and decreases to a 4.50% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 10 POST-RETIREMENT BENEFITS - CONTINUED

(b) Discount rate

The discount rate for used for June 30, 2022 measurement dates was 3.54%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the Total OPEB liability of the State for Charter School retirees:

Balance at 6/30/21 Measurement date	\$ 2,961,417
Changes for the year	
Service cost	572,385
Interest	70,572
Changes of benefit terms	-
Changes in assumptions	(714,374)
Difference between expected	
and actual experience	(159,337)
Benefit payments	(69,904)
Contributions from the member	 2,243
Net Change	 (298,415)
Balance at 6/30/22 Measurement date	\$ 2,663,002

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the State for Charter School retirees, as well as what the State's total OPEB liability for the Charter School retirees would be if it were calculated using a discount rate that is 1-percentage -point lower or 1-percentage-point higher than the current discount rate:

	 1% Decrease (1.16%)	Dis	Current scount Rate (2.16%)	 1% Increase (3.16%)
Changes in the State's Proportionate Share of the Total OPEB Liability Attributable to the Charter School retirees	\$ 3,130,079	\$	2,663,002	\$ 2,288,663

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the State for Charter School retirees, as well as what the State's total OPEB liability for the Charter School retirees would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	Current Health Cost Trend								
	1% Decrease	Rate	1% Increase						
State's Proportionate Share of the Total OPEB liability Attributable to the Charter School retirees	<u>\$     2,201,134</u>	<u>\$2,663,002</u>	<u>\$3,269,694</u>						

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the Charter School recognize OPEB revenue and expense of \$737,668 as determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASBS No. 75 and in which there is a special funding situation.

In accordance with GASBS No. 75, the Charter School's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources.

At June 30, 2023, the State reported deferred outflows of resources and deferred inflows of resources related to retired Charter School employees' OPEB from the following sources:

		Deferred		Deferred
		Outflows		Inflows
	of	of Resources		Resources
Changes of assumptions	\$	460,898	\$	906,340
Differences between				
expected and actual experience		475,451		813,045
Changes in proportion		1,285,367		-
	\$	2,221,716	\$	1,719,385

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 10 POST-RETIREMENT BENEFITS - CONTINUED

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB of retired Charter School employees will be recognized in OPEB expense as follows:

	Year Ended					
		June 30				
2024	\$	109,919				
2025		109,919				
2026		109,919				
2027		109,919				
2028		104,091				
Thereafter		(41,436)				

## NOTE 11 DEFERRED COMPENSATION

The Charter School offered its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Service 403(b). The Plan is administered by AXA Equity, Inc. permits participants to defer apportion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, death or unforeseeable emergency.

## NOTE 12 RISK MANAGEMENT

The Charter School is exposed to various risks of loss relates to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

## A. Property and Liability Insurance

The Charter School maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section (Unaudited) of this Annual Comprehensive Financial Report (Schedule J-20).

## B. New Jersey Unemployment Compensation

The Charter School has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Charter School is required to reimburse the New Jersey Unemployment Trust Fund For benefits paid to its former employees and charged to its account with the State. The Charter School is billed quarterly for amounts due to the State.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## NOTE 13 INTERFUND RECEIVABLES AND PAYABLES

Amount reported in the governmental funds as interfund receivable and payable from/to other governmental funds are eliminated in the governmental activities column. The remaining internal receivable and payable between the governmental funds and enterprise fund have been eliminated in the total Charter School-wide Statement of Net Asset.

At June 30, 2023, the interfund balances consisted of the following components:

		Rec	eiva	ables (Payab	les)	
				Special		
	(	General Fund		Revenue Fund	E	nterprise Fund
General fund	\$	638,162	\$	(638,162)	\$	-
GASB No 34 mandated eliminations within governmental activities		(638,162)		638,162		<u> </u>
Net interfund balances reported as follows: Entity-wide (eliminated in total column)	\$	<u>-</u>	\$	-	\$	<u>-</u>

## NOTE 14 CONTINGENCIES

## State and Federal Aid Receipts

State and Federal awards are generally subject to review by the responsible governmental agencies for compliance with the agencies regulations governing the aid. In the opinion of the Charter School's management and legal counsel, any potential adjustments to the Federal or State aid recorded by the Charter School through June 30, 2023, resulting from a review by a responsible government agency will not have a material effect on the Charter School financial statements at June 30, 2023.

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

PART II

JERSEY CITY GLOBAL CHARTER SCHOOL JUNE 30, 2023

REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY GAAP RECONCILIATION NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

#### YEAR ENDED JUNE 30, 2023

### Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

		General Fund		 Special Revenue Fund
Sources/inflows of resources				
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule:	[C-1]	\$ 7,459,935	[C-2]	\$ 813,686
Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the relatec revenue is recognized.		-		-
Last State aid payment recognized for budgetary purposes only		-		-
General Fund contribution to Early Childhood Program Aid		 		 
Total revenues as reported on the statement of revenues, expenditure and changes in fund balances - governmental funds	s [ <b>B-2</b> ]	 7,459,935	[B-2]	 813,686
Uses/outflows of resources				
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1]	7,367,506	[C-2]	813,855
Differences - budget to GAAP Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.				
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes. Net transfer (outflows) to general fund		 		 <u> </u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2]	\$ 7,367,506	[B-2]	\$ 813,855

Note A -The general fund budget basis of the use/outflow of resources is GAAP, therefore no reconciliation is required

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

PART III

# NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PART III YEAR ENDED JUNE 30, 2023

## Public Employees Retirement System (PERS)

Change in benefit terms. There was no change in the benefit terms.

*Change in assumptions.* The calculation of the discount rate used to measure the total pension liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. The discount rate used to measure the total pension liability did not change at 7.00%.

### **Teachers Pension and Annuity Fund (TPAF)**

Change in benefit terms. There is no change in the benefit terms.

*Change in assumptions.* The calculation of the discount rate used to measure the total pension liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. The discount rate used to measure the total pension liability did not change at 7.00%.

## Other Post-Employment Benefits (OPEB)

Change in benefit terms. There is no change in the benefit terms.

Change in assumptions. The calculation of the discount rate used to measure the total nonemployer OPEB liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. The discount rate used to measure the total pension liability changed from 2.16% to 3.54% in the current measurement date. This change in the discount rate is considered to be a change in actuarial assumptions under GASB No. 75. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

## FIDUCIARY FUNDS

Trust funds are used to account for gifts and bequests to the Charter School for specific purposes.

Unemployment Compensation Insurance Trust Fund is an expendable trust fund used to account for unemployment transactions of the Charter School.

At June 30, 2023 there was no non-expandable trust fund utilized by the Charter School.

Agency funds are used to account for assets held by the Charter School as an agent for individuals, private organizations, governmental and/or other funds.

At June 30, 2023 the Charter School did not have agency funds recognized in accordance with GASB 84.

## LONG-TERM DEBT

The long-term debt is used to record the outstanding principal balances of the long-term liabilities of the charter school. This includes the outstanding principal balance on leases, subscription liabilities, the accrued liability for insurance claims and the liability for compensated absences and the outstanding principal balance on certificates of participation outstanding or mortgage note payable.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable President and Members of the Board of Trustees Jersey City Global Charter School Hudson County, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Jersey City Global Charter School (the Charter School), in the County of Hudson, State of New Jersey, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated March 15, 2024.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

www.gallerosrobinson.com

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS - CONTINUED

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

However, we noted certain matters that we have reported to the Board of Trustees of Jersey City Global Charter School in the County of Essex, New Jersey in a separate Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance, dated March 15, 2024.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR LETTER 15-08

To the Honorable President and Members of the Board of Trustees Jersey City Global Charter School Hudson County, New Jersey

### **Report on Compliance for Each Major Federal and State Programs**

### **Opinion on Each Major Federal and State Programs**

We have audited the Jersey City Global Charter School's (the Charter School) in the County of Hudson, State of New Jersey compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid Grant Compliance Supplement* that could have a direct and material effect on each of the Charter School's major federal and state programs for the fiscal year ended June 30, 2023. The Charter School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Jersey City Global Charter School in the County of Hudson, State of New Jersey, complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2023.

### Basis of Opinion on Each Major Federal and State Programs

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Our responsibilities under those standards, the Uniform Guidance and the New Jersey OMB Circular Letter 15-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the Charter School's compliance with the compliance requirements referred to above.

www.gallerosrobinson.com

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR LETTER 15-08-CONTINUED

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statute, regulations, rules and provisions of contracts or grant agreements applicable to its federal and state programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Charter School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and the New Jersey OMB Circular Letter 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Charter School's compliance with the requirements of each major federal and state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and the New Jersey OMB Circular Letter 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Charter School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Charter School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the New Jersey OMB Circular Letter 15-08, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR LETTER 15-08-CONTINUED

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance with a type of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the New Jersey OMB Circular Letter 15-08. Accordingly, this report is not suitable for any other purpose.

Total for State Financial Assistance-Major Program Determination

<u>\$ (2,013,150)</u>

## NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FISCAL YEAR ENDED JUNE 30, 2023

### NOTE 1 <u>GENERAL</u>

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Trustees for the Jersey City Global Charter School (the "Charter School"). The Board of Trustees is defined in Note 1 to the Charter School's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of federal awards and state financial assistance.

### NOTE 2 BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented using the budgetary basis of accounting with the exception of those recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Charter School's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the New Jersey OMB Letter Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* Therefore, some amounts presented in these schedules may differ from amounts presented in or used in the preparation of the basic financial statements.

### NOTE 3 RELATIONSHIPS TO BASIC FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with the amounts reported in the Charter School's basic financial statements. The basic financial statements present the special revenue fund on both GAAP and budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. See Exhibit C-3 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the Charter School's basic financial statements on a GAAP basis as follows:

# NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE - CONTINUED

### NOTE 3 RELATIONSHIPS TO BASIC FINANCIAL STATEMENTS - CONTINUED

	Federal		State	Total		
General Fund	\$	-	 1,978,141	\$	1,978,141	
Special Revenue Fund		752,598	32,510		785,108	
Enterprise Fund		114,085	 2,499		116,584	
Total	\$	866,683	\$ 2,013,150	\$	2,879,833	

### NOTE 4 RELATIONSHIP TO STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

### NOTE 5 ON-BEHALF PAYMENTS

TPAF Social Security Contributions represents reimbursements in the amount of \$84,454 by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2023. The State had also made onbehalf TPAF pension, post-retirement medical benefits and long-term disability insurance contributions totaling \$828,113.

### NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF pension, post-retirement medical benefits and long-term disability insurance contributions are not subject to a State Single Audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State Financial Assistance reported in the Charter School's financial statements and the amount subject to State single audit and major program determination.

### NOTE 7 DE MINIMIS INDIRECT COST

The Charter School has not elected to use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

# SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS AND QUESTIONED COSTS AS PREPARED BY MANAGEMENT

FISCAL YEAR ENDED JUNE 30, 2023

### Finding 2022-001 Confirming Purchasing Order and Change Orders

### Condition

During our claims testing, we noted a payment that the Board has approved on 5/3/2022 for \$315,450 representing a partial payment of a construction expense for a change order invoice in the amount of \$502,634, dated 4/6/2022.with a purchase order date of 5/3/2022. Further review of documentation of the related construction costs, we noted that the change orders of \$502,634 dated 4/6/2022 and \$27,300 dated 12/1/2021 are not board approved as required prior to change orders being incurred. No board resolutions were passed to document approval for both changed orders.

We also noted that the Charter School made attempts to obtain certified payrolls from the construction vendor but none was provided.

### Status

No similar issue identified in fiscal year 2023.
