December 5, 2023

Honorable President and Members of the Board of Trustees The Queen City Academy Charter School 815 West 7<sup>th</sup> Street Plainfield, New Jersey 07063

#### **Dear Board Members:**

We are pleased to present to you the Annual Comprehensive Financial Report (ACFR) of The Queen City Academy Charter School (Charter School) for the fiscal year ended June 30, 2023. This ACFR includes the Charter School's Basic Financial Statement prepared in accordance with Governmental Accounting Standards Board Statement 34.

The Charter School has elected to adopt this financial reporting model which we believe will provide all users of this document with much more useful financial and statistical information than ever before. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Trustees (Board).

To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the Charter School. This report will provide the stakeholders of The Queen City Academy Charter School with comprehensive financial data in a format enabling them to gain an understanding of the Charter School's financial affairs.

The Annual Comprehensive Financial Report is presented in four sections as follows:

- > The Introductory Section contains a Table of Contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the Charter School;
- The Financial Section begins with the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the Charter School's financial position and operating results, and other schedules providing detailed budgetary information;
- The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the Charter School, generally presented on a multi-year basis;
- ➤ The Single Audit Section The Charter School is required to undergo an annual single audit in conformity with the provisions of the Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Information related to

this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, are included in the single audit section of this report

# **Charter School Organization**

An elected six-member Board of Education (the "Board") serves as the policy maker for the Charter School. The Board adopts an annual budget and directly approves all expenditures which serve as the basis for control over and authorization for all expenditures of Charter School tax money.

The CEO of the Charter School is responsible to the Board for total educational and support operations. The School Business Administrator/Board Secretary is the chief financial officer of the Charter School, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the Charter School, acting as custodian of all Charter School funds, and investing idle funds as permitted by New Jersey law.

# 1. REPORTING ENTITY AND ITS SERVICES:

The Queen City Academy Charter School is an independent reporting entity within the criteria adopted by the GASB as established by NGCA Statement No. 3. All funds and account groups of The Queen City Academy Charter School are included in this report. The Queen City Academy Charter School Board of Trustees and its school constitute the Charter School's entity.

The Charter School provided a full range of educational services appropriate to regular students grade levels K through 10. The Queen City Academy Charter School completed the 2022-2023 fiscal year with an enrollment of 386 regular students. The following details the changes in the student enrollment of The Queen City Academy Charter School.

## Average Daily Enrollment

Fiscal Year	Student Enrollment	Percent Change
2022-2023	386	11.66
2021-2022	324	0%
2020-2021	323	5.10%
2019-2020	324	0%
2018-2019	324	0%
2017-2018	324	0%
2016-2017	324	-1.57%
2015-2016	324	22.80
2014-2015	249	-0.48%
2013-2014	250	2.16
2011-2012	249	5%
2010-2011	236	4%

# 2. ECONOMIC CONDITION AND OUTLOOK:

The City of Plainfield tax rate has been stable or slightly increased over the past several years. Economic development activities are evident in the downtown area. The housing market for existing homes has seen a decline in recent times, as has the rest of the state. The Queen City Academy Charter School occupies a space in a suburban type location in the western end of Plainfield.

# 3. MAJOR INITIATIVES:

In 2020 QCACS was granted approval of its high school and in September of 2021 the first 9th grade class was enrolled. The high school will continue to grow a grade per year until completely enrolled. The high school has a dual enrollment partnership with Union County College allowing scholar to begin college matriculation in 9th grade.

With the addition of the high school it was necessary to build out the organization's leadership capacity. Therefore, the organizational structure moved to add a CEO, Elementary Director, and High School Director; along with two Dean positions that both hold an administrative certificate. Rounding out the Leadership with the addition of a Development Associate allows the organization to focus on development in a way that it has not previously.

For the 2020-2021 Academic Year QCACS continued to offer a robust curriculum that was inclusive of the arts. While maintaining true to the schools mission of offering a culturally relevant curriculum.

The Queen City Academy Charter School received accreditation from the Middle States Commissions on Elementary and Secondary Schools in October 2011.

The Queen City Academy Charter School continues to provide an ESL program directed at students with English as a second language.

# 4. INTERNAL ACCOUNTING CONTROLS:

Management of The Queen City Academy Charter School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of The Queen City Academy Charter School are protected from loss, theft or misuse and to ensure that the adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: The cost of control should not exceed the benefits likely to be derived; and the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, The Queen City Academy Charter School also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by The Queen City Academy Charter School management.

As part of The Queen City Academy Charter School's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that The Queen City Academy Charter School has compiled with applicable laws and regulations.

# 5. **BUDGETARY CONTROLS:**

In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by The Board. Annual appropriated budget is adopted for the general fund and is approved by the Board of Trustees of The Queen City Academy Charter School.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2023.

# 6. ACCOUNTING SYSTEM AND REPORTS:

The Charter School's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of The Queen City Academy Charter School is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

# 7. FINANCIAL INFORMATION AT FISCAL YEAR END

As demonstrated by the various statements and schedules included in the financial section of this report, The Queen City Academy Charter School continues to meet its responsibility for sound financial management.

## 8. DEBT ADMINISTRATION:

At June 30, 2023 the Charter School had outstanding debt totaling \$1,393,543. The Charter School purchased the school building located at 815 West 7<sup>th</sup> Street, Plainfield, New Jersey, in April 2013 for a total purchase price of \$2,550,000; the amount financed was \$2,050,000. In July 2015, the Charter School incurred additional debt in the form of a construction loan in the amount of \$700,000, to help finance the significant facilities expansion to the school. The Charter School has taken an aggressive approach towards paying off the construction loan well before its full maturity date.

# 9. CASH MANAGEMENT:

The investment policy of the Charter School is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The Queen City Academy Charter School has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit

Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

# 10. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, hazard and theft insurance on property and contents, and fidelity bonds. The Board participates in the NJSBA Insurance Group.

# 11. ANTI-BULLYING:

On January 5, 2011, Governor Chris Christie signed into law P.L. 2010, Chapter 122, known as the Anti-Bullying Bill of Rights. The Anti-Bullying Bill of Rights Act ("Act") requires initial and ongoing training for all staff members, Anti-Bullying Specialists, Anti-Bullying Coordinators, administrative staff, and Board members. N.J.S.A. 18A:37-22(d) requires every teacher to complete at least two hours of instruction on harassment, intimidation, and bullying prevention in each professional development period. The Charter School has utilized the services of Strauss Esmay Associates, in providing Harassment, Intimidation, and Bullying Prevention Training Program, to assist in complying with the training requirements of the Act.

# 12. OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Barre & Company, LLC, Certified Public Accountants, was selected by the Board of Trustees. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* The auditors' report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditors' reports, related specifically to the single audit, are included in the single audit section of this report.

Our responsibility is to express an opinion on compliance for each of the Charter School's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Those standards, the Uniform Guidance and New Jersey's OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements

# 13. **ACKNOWLEDGEMENTS**:

We would like to express appreciation to the members of The Queen City Academy Charter School Board of Trustees for their commitment to provide fiscal accountability to the citizens and taxpayers of the respective communities of Plainfield and North Plainfield and thereby contributing their full support to the maintenance of the Charter School's financial operation.

Respectfully submitted,

Danielle West

# **Independent Auditor's Report**

Honorable President Members of the Board of Trustees Queen City Academy Charter School County of Union Plainfield, New Jersey

# **Report on the Financial Statements**

# **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Queen City Academy Charter School (Charter School), in the County of Union, State of New Jersey, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Queen City Academy Charter School, in the County of Union, State of New Jersey, as of June 30, 2023, and the respective changes in the financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and in compliance with audit requirements as prescribed by the Office of School Finance. Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Queen City Academy Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Responsibilities of Management for the Financial Statements

The Charter School's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Queen City Academy Charter School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of Queen City Academy Charter School's
  internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Queen City Academy Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the Charter School's proportionate share of the net pension liability, schedule of the Charter School's pension contributions, and schedule of changes in the Charter School's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance

# Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Queen City Academy Charter School's basic financial statements. The combining and related major fund supporting statements and schedules are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State of New Jersey's Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are also presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting statements and schedule and schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey

In accordance with *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey, we have also issued our report dated December 5, 2023 on our consideration of the Queen City Academy Charter School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey and the Office of School Finance, Department of Education, State of New Jersey in considering the Charter School's internal control over financial reporting and compliance.

Union, New Jersey December 5, 2023 REQUIRED SUPPLEMENTARY INFORMATION – PART I

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 UNAUDITED

The discussion and analysis of Queen City Academy Charter School's financial performance provides an overall review of the Charter School's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the Charter School's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the Charter School's financial performance. Certain comparative information between the current year (2022-2023) and the prior year (2021-2022) is required to be presented in the MD&A.

# **Financial Highlights**

Key financial highlights for 2023 are as follows:

- General revenues accounted for \$9,652,138 in revenue or 96% percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$402,792 or 4% percent of total revenues of \$10,054,930.
- ❖ The Charter School had \$7,570,399 in expenses; only \$402,792 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$9,652,138 were adequate to provide for these programs.
- ❖ Among governmental funds, the General Fund had \$8,375,685 in revenues and \$5,972,099 in expenditures. The General Fund's fund balance increased \$2,403,586 from 2022. This increase was anticipated by the Board of Trustees.

# **Using this Annual Comprehensive Financial Report (ACFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Queen City Academy Charter School as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole Charter School, presenting both an aggregate view of the Charter School's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Charter School's most significant funds with all other funds presented in total in one column. In the case of Queen City Academy Charter School, the General Fund is by far the most significant fund.

# Reporting the Charter School as a Whole

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the Charter School to provide programs and activities, the view of the Charter School as a whole looks at all financial transactions and ask the question, "How did we do financially during 2023?" The Statement of

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 UNAUDITED (CONTINUED)

## Statement of Net Position and the Statement of Activities (Continued)

Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into accounts all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Charter School's net position and changes in that position. This change in net position is important because it tells the reader that, for the Charter School as a whole, the financial position of the Charter School have improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the Charter School is divided into two kinds of activities:

- Governmental Activities All of the Charter School's programs and services are reported here including instruction, administration, support services and capital outlay.
- Business-Type Activities These services are provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

# Reporting the Charter School's Most Significant Funds

#### **Fund Financial Statements**

Fund financial reports provide detailed information about the Charter School's funds. The Charter School uses many funds to account for a multitude of financial transactions. The Charter School's governmental funds are the General Fund and Special Revenue Fund.

# **Governmental Funds**

The Charter School's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Charter School's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the *Statement of Net Position* and the *Statement of Activities*) and governmental funds are reconciled in the financial statements.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 UNAUDITED (CONTINUED)

## **Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the Charter School-wide and fund financial statements. The notes to the basic financial statements can be found starting on page 37 of this report.

#### The Charter School as a Whole

Recall that the *Statement of Net Position* provides the perspective of the Charter School as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The Charter School's financial position is the product of several financial transactions including the net results of activities.

The Charter School's combined net position was \$7,275,083 for 2023 and \$4,790,552 for 2022.

# **Governmental Activities**

The Charter School's total revenues were \$9,816,816 for 2023 and \$7,841,496 for 2022. This includes \$771,279 for 2023 and \$823,497 for 2022 of state reimbursed TPAF pension and TPAF social security contributions.

The total cost of all program and services was \$7,302,989 for 2023 and \$7,106,954 for 2022. Instruction comprises 48% for 2023 and 45% for 2022 of Charter School expenditures.

## **Business-Type Activities**

Revenues for the Charter School's business-type activities were comprised of charges for services and federal and state reimbursements.

#### **FOOD SERVICE**

- ❖ Expenses exceeded revenues by \$54,296 for 2023 and revenues exceeded expenses by \$12,706 for 2022.
- Charges for services represent \$6,835 for 2023 and \$17 for 2022 of revenue. This represents amounts paid by patrons for daily food.
- ❖ Federal and state reimbursements for meals, including payments for free and reduced lunches and breakfast, and state snack program were \$205,518 for 2023 and \$197,546 for 2022.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 UNAUDITED (CONTINUED)

#### **Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Administration includes expenses associated with administrative and financial supervision of the Charter School.

Support services include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development and the costs associated with operating the facility.

Capital Outlay represents school equipment purchased under the \$2,000 threshold.

#### The Charter School's Funds

All governmental funds (i.e., general fund and special revenue fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$9,424,474 for 2023 and \$7,112,834 for 2022 and expenditures were \$7,027,364 for 2023 and \$6,938,297 for 2022. The net change in fund balance was most significant in the general fund, as there was an increase of \$2,378,586 for 2023 and \$717,150 for 2022.

As demonstrated by the various statements and schedules included in the financial section of this report, the Charter School continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2023, and the amount and percentage of increases in relation to prior year revenues.

D	A 1	Percent of	Increase/ (Decrease)	Percent of Increase/
Revenues	Amount	Total	From 2022	(Decrease)
Local Sources State Sources	\$ 1,961,342 6,377,849	20.81% 67.67%	968,880 1,323,715	97.62% 26.19%
Federal Sources	1,085,283	11.52%	19,045	1.79%
Total	\$ 9,424,474	100.00%	\$ 2,311,640	

The following schedule represents a summary of general fund and special revenue fund expenditures for the fiscal year ended June 30, 2023, and the amount and percentage of increases and decreases in relation to prior year amounts.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 UNAUDITED (CONTINUED)

# The Charter School's Funds (Continued)

Expenditures	Amou	ınt	Percent of Total	(D	crease/ ecrease) om 2022	Percent of Increase (Decreas	<u>.</u> /
Instruction Administration Support Services Capital Outlay	2,620 1,430	0,053 6,595 0,749 9,967	38.14% 37.37% 20.36% 4.13%	\$	559,114 279,477 (172,659) (576,865)	26.3 11.9 -10.7 -66.5	91% 77%
Total	\$ 7,02	7,364	100.00%	\$	89,067		

Changes in expenditures were the results of varying factors. Current expense increased due to salary increases, additional staff and students, and increased health benefits and utility costs.

# **General Fund Budgeting Highlights**

The Charter School's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the Charter School revised the annual operating budget in accordance with state regulations. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts.

# **Capital and Right-Of-Use Leased Assets (Net of Depreciation and Amortization)**

The Charter School had depreciated capital and right-of-use leased assets at June 30, 2023 and 2022 invested in buildings, furniture, machinery and equipment for governmental and business-type activities. The table shows the balances of capital and right-of-use leased assets (net of depreciation and amortization) for fiscal years 2023 and 2022.

## **Debt Administration**

At year end, the Charter School's long-term liabilities consisted of mortgage and construction loan payables of \$1,393,543 and \$1,570,754, lease liabilities of \$298,612 and \$425,270, and net pension liability of \$494,753 and \$426,422 for the fiscal years ended June 30, 2023 and 2022, respectively.

For more detailed information, please refer to the Notes to the Financial Statements.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023 UNAUDITED (CONTINUED)

#### For the Future

The Queen City Academy Charter School is currently in good financial condition. There are several grants that will continue to impact the future of the school; the No Child Left Behind Grant (NCLB) and the Individuals with Disabilities Education Act Grant (IDEA). The Queen City Academy Charter School continues to provide a quality education experience and will increase the use of technology, utilizing new laptop computers purchased for classroom learning. The Charter School and its administration will continue to seek sound financial methods to insure that the operation of the Charter School remains efficient, while providing strong academic programming.

# **Contacting the Charter School's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Charter School's finances and to show the Charter School's accountability for the money it receives. If you have questions about this report or need additional information, contact Mr. Christopher Lessard, School Business Administrator/Board Secretary at Queen City Academy Charter School, 815 West 7th Street, Plainfield, New Jersey 07063.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For The Fiscal Year Ended June 30, 2023

Total net change in fund balances - governmental fund (from B-2)

\$ 2,372,110

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current fiscal year.

Depreciation Expense	\$ (133,615)	
Amortization Expense	(134,597)	(268,212)

Repayment of mortgage and construction loan principal are an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

177.211

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in government funds. The increase in capital leases is a reduction to the reconciliation. The decrease in capital leases is an addition to the reconciliation.

126.658

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognize as the interest accrued, regardless of when it is due. The increase in accrued interest is a deduction in the reconciliation. The decrease in accrued interest is an addition to the reconciliation.

36,920

Pension costs associated with the PERS pension plan are reported in the governmental funds as expenditures in the year the school pension contribution is paid. However, on the statement of activities, the net difference between the the current and prior year net pension liability is recognized

69,140

Change in net position of governmental activities

\$ 2,513,827

NOTES TO THE FINANCIAL STATEMENTS

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Queen City Academy Charter School have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the accounting standard-setting body responsible for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the Charter School are described below.

## A. Reporting Entity

The Charter School is an instrument of the State of New Jersey, established to function as an educational institution. Its mission is to establish a charter school to serve as a neighborhood resource and as a model for other similar schools. The Queen City Academy Charter School is committed to achieving the New Jersey Core Curriculum Content Standards and producing high academic achievement by all students. The Charter School will integrate a holistic curriculum, utilize learner center techniques, family and care giver centered approaches, comprehensive community involvement, cutting edge technology and an intimate nurturing environment that will enhance positive self-images.

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the GASB's <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is the degree of oversight responsibility maintained by the Charter School management. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, and ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds and account groups of the Charter School.

#### B. Basis of Presentation, Basis of Accounting

The Charter School's basic financial statements consist of Charter School-wide statements, including a statement of Net Position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

#### Basis of Presentation

Charter school-wide Statements: The statement of Net Position and the statement of activities display information about the Charter School as a whole. These statements include the financial activities of the overall Charter School, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the Charter School. Governmental activities generally are financed through intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Basis of Presentation, Basis of Accounting (Continued)**

The statement of Net Position presents the financial condition of the governmental and business-type activity of the Charter School at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the Charter School and for each function of the Charter School's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the Charter School.

Fund Financial Statements: During the fiscal year, the Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the Charter School's funds including its fiduciary funds. Separate statements for each fund category — governmental, proprietary, and fiduciary — are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey Charter Schools to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among Charter School financial reporting models.

The Charter School reports the following governmental funds:

<u>General Fund</u>: The general fund is the general operating fund of the Charter School and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the capital outlay subfund.

As required by the New Jersey State Department of Education, the Charter School includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid and appropriated fund balance. Expenditures are those that result in the

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Basis of Presentation, Basis of Accounting (Continued)**

acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

<u>Special Revenue Fund</u>: The special revenue fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund: Not applicable.

Debt Service Fund: Not applicable.

The Charter School reports the following proprietary fund:

<u>Enterprise (Food Service) Fund</u>: The enterprise fund accounts for all revenues and expenses pertaining to the cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Additionally, the Charter School reports the following fund type:

<u>Fiduciary Funds</u>: The Fiduciary Funds are used to account for assets held by the Charter School on behalf of others and includes Student Activities Fund, Payroll and Payroll Agency Funds.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84 - Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local government, including New Jersey school districts and their charter schools. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020, or fiscal year 2020-2021. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. After considering the criteria and guidance, it was determined that payroll, payroll agency, and unemployment compensation insurance, previously reported as fiduciary funds, that such activities are more appropriately reported in a general fund.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Basis of Presentation, Basis of Accounting (Continued)**

Additionally, the Charter School previously reported the activity of the student activity fund and scholarship funds as fiduciary funds. Beginning in fiscal year 2020-2021, such activities are more appropriately reported in a special revenue fund.

## Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Charter School—wide, Proprietary, and Fiduciary Fund Financial Statements: The financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. The Charter School is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and enterprise funds of the Charter School follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. Charter Schools also have the option of following subsequent private sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Board has elected not to follow FASB guidance issued subsequent to November 30, 1989.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## C. <u>Budgets/Budgetary Control</u>

Annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. Budgets are prepared using the modified accrual basis of accounting except for special revenue funds. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2 (m) 1. All budget amendments/transfers must be approved by School Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the fiscal year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles (GAAP) with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the Special Revenue Funds from the budgetary basis of accounting to the GAAP basis of accounting:

Total Revenues & Expenditures	
(Budgetary Basis)	\$ 1,673,862
Adjustments:	
Less Encumbrances at June 30, 2023	(1,244,883)
Plus Encumbrances at June 30, 2022	619,810
Total Revenues and Expenditures	
(GAAP Basis)	\$ 1,048,789

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## D. Encumbrances Accounting

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenues fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the Charter School has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

## E. Assets, Liabilities, and Equity

#### Interfund Transactions:

Transfers between governmental and business-type activities on the Charter School – wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### Inventories:

Inventory purchases, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Enterprise fund inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method.

#### Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## Assets, Liabilities, and Equity (Continued)

#### Capital Assets:

The Charter School has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The Charter School does not possess any infrastructure. The capitalization threshold used by Charter Schools in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

	<b>Estimated</b>
Asset Class	<b>Useful Lives</b>
School Buildings	39
Building Improvements	20
Electrical/Plumbing	20
Office & Computer Equipment	5-10

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

#### <u>Deferred Revenue</u>:

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlement received before the eligibility requirements are met are recorded as deferred revenue.

#### Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the Charter School – wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## Assets, Liabilities, and Equity (Continued)

#### **Net Position:**

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Charter School's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

## Fund Balance Reserves:

The Charter School reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

#### Revenues — Exchange and Nonexchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Charter School, available means within sixty days of the fiscal year end.

Nonexchange transactions, in which the Charter School receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Charter School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Charter School on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## Assets, Liabilities, and Equity (Continued)

#### **Operating Revenues and Expenses:**

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the Charter School, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

#### Allocation of Indirect Expenses:

The Charter School reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

#### Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

## Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### Accrued Salaries and Wages:

Certain Charter School employees who provide services to the Charter School over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## F. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net pension of the State of New Jersey Public Employees' Retirement System (PERS) and the State of New Jersey Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the PERS's and TPAF's net position have been determined on the same basis as they are reported by the PERS and the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension Plan investments are reported at fair value.

## G. Impact of Recently Issued Accounting Principles

During fiscal year 2023, the Charter School has adopted the following GASB statements.

GASB No. 96, Subscription Based Information Technology Arrangements. The objective of this Statement will be to improve financial reporting by establishing a definition for subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. That definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability or a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBIT A and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.

As of June 30, 2023, the entity's SBITAs were all 12 months or less and so the Charter School was exempt from reporting under this pronouncement.

GASB Statement No. 99, *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## <u>Impact of Recently Issued Accounting Principles (Continued)</u>

Recently Issued Accounting Pronouncements

Other GASB Statements that the Charter School is currently reviewing for applicability and potential impact on the financial statements include:

GASB Statement No. 100, Accounting Changes and Error Corrections - an amendment of GASE Statement No. 62, will be effective beginning with the fiscal year ending June 30, 2024. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

GASB Statement No. 101, Compensated Absences, will be effective beginning with the fiscal year ending June 30, 2025. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

## NOTE 2: CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes amounts in deposits, money market accounts and short-term investments with original maturities of three months or less.

Investments are stated at cost, or amortized cost, which approximates market. The amortized cost method involves valuing a security at its cost on the date of purchase and thereafter assuming a constant amortization to maturity of any discount or premium. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments. GASB Statement No. 3 requires disclosure of the level of custodial credit risk assumed by the Board in its cash, cash equivalents and investments. Category 1 includes deposits/investments held by the Board's custodial bank trust department or agent in the Board's name. Category 2 includes uninsured and unregistered deposits/investments held by the Board's custodial bank trust department or agent in the Board's name. Category 3 includes uninsured or unregistered deposits/investments held by a broker or dealer, or held by the Board's custodial bank trust department or agent but not in the Board's These categories are not broad representations that deposits or name. investments are "safe" or "unsafe".

## NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

#### **Deposits**

New Jersey statutes require that charter schools deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Charter schools are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least five percent of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

#### <u>Investments</u>

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase
- c. Bonds or other obligations of the charter school.

## NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

## **Risk Category (Continued)**

As of June 30, 2023, cash and cash equivalents and investments of the Charter School consisted of the following:

	General	S	Special Pro		orietary	
	Fund	R	Revenue		und	Total
Operating						
Account	\$ 4,489,640	\$	3,768	\$	85,843	\$4,579,251

The carrying amount of the Board's cash and cash equivalents at June 30, 2023 was \$4,579,251 and the bank balance was \$4,952,799. All bank balances were covered by federal depository insurance and/or covered by a collateral pool maintained by the banks as required by New Jersey statutes.

#### Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act. In general, bank deposits are classified as to credit risk by three categories described below:

<u>Category 1</u> — Insured or collateralized with securities held by the Board or by its agent in the Board's name.

<u>Category 2</u> — Collateralized with securities held by the pledging public depository's trust department or agent in the Board's name.

<u>Category 3</u> — Uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Board's name.

As of June 30, 2023, the Board had funds invested and on deposit in checking accounts. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 3 and are classified as Category 1, both at year-end and throughout the year.

#### **New Jersey Cash Management Fund**

All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State"

## NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

# **New Jersey Cash Management Fund (Continued)**

participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

As of June 30, 2023, the Charter school had no funds on deposit with the New Jersey Cash Management Fund.

## NOTE 3: RECEIVABLES

Receivables at June 30, 2023 consisted of accounts, intergovernmental, grants, and miscellaneous.

All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

		Governme	ntal	Funds			Proprietary Fund				
			Special		Total		Food		Total		
	(	Seneral		Revenue		vernmental	Service		siness		<b>.</b>
		Fund		Fund	Activities		Fund	Type Activities		Total	
State Aid	\$	95,431	\$	-	\$	95,431	\$ 2,293	\$	2,293	\$	97,724
Federal Aid		-		1,063,335		1,063,335	54,642		54,642	1,	,117,977
Other		-							-		-
Gross Receivables		95,431		1,063,335		1,158,766	56,935		56,935	1,	,215,701
Less: Allowance for Uncollectibles									-		-
Total Receivables, Net	\$	95,431	\$	1,063,335	\$	1,158,766	\$ 56,935	\$	56,935	\$1,	,215,701

## NOTE 4: INTERFUND TRANSFERS AND BALANCES

Transfers between funds are used to repay expenses paid by another fund.

The following interfund balances remained on the fund financial statements at June 30, 2023:

	I	nterfund	Interfund				
Fund	R	eceivable		Payable			
General Fund	\$	912,570	\$	-			
Special Revenue Fund				806,435			
Proprietary Fund				106,135			
		_					
Total	\$	912,570	\$	912,570			

## NOTE 5: <u>CAPITAL AND RIGHT-OF-USE LEASED ASSETS</u>

Capital and right-of-use leased asset activities for the fiscal year ended June 30, 2023, was as follows:

	Beginning Balance		• •				dditions	Retirements		Ending Balance
Governmental Activities:										
Capital Assets Not Being Depreciated:										
Land and Land Improvements	\$	153,452	\$	-	\$	-	\$ 153,452			
Total Capital Assets Not Being Depreciated		153,452		-		=	153,452			
Capital Assets Being Depreciated:	•									
Building and Building Improvements		3,802,247		-		-	3,802,247			
Machinery and Equipment		32,856		-		-	32,856			
Right-Of-Use Leased Asset		538,385		-		-	538,385			
Total Capital Assets Being Depreciated	1	4,373,488		-		-	4,373,488			
Less Accumulated Depreciation For:	`									
Building and Building Improvements		1,010,221		131,732		-	1,141,953			
Machinery and Equipment		30,973		1,883		-	32,856			
Right-Of-Use Leased Asset		134,596		134,597		-	269,193			
Total Accumulated Depreciation	,	1,175,790		268,212		-	1,444,002			
Total Capital Assets Being Depreciated,										
Net of Accumulated Depreciation		3,197,698		(268, 212)		-	2,929,486			
Government Activity Capital Assets, Net	\$	3,351,150	\$	(268,212)	\$	-	\$ 3,082,938			
Business-Type Activities:							 			
Capital Assets Being Depreciated:										
Machinery and Equipment	\$	19,840	\$	-	\$	-	\$ 19,840			
Less Accumulated Depreciation		(18,555)		(257)		-	 (18,812)			
Enterprise Fund Capital Assets, Net	\$	1,285	\$	(257)	\$	-	\$ 1,028			

The governmental fund balance sheet includes a reconciliation between fund balance-total governmental funds and net position-governmental activities as reported in the Charter School-wide statement of net position. One item of that reconciliation explains that capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. An addition to the fund balance-total governmental funds is made to reflect the carrying value of the Charter School's capital assets at year-end in the Charter School-wide financial statements.

The Charter School has recorded a right-of-use leased asset. The asset is right-of-use asset for leased school facility. The related leases are discussed in the leases subsection of the liabilities section of this note. The right-of-use lease assets are amortized on a straight-line basis over the terms of the related leases.

Depreciation expense of \$135,506 was charged to governmental expenses as follows:

Instruction Administration	\$ 26,723 106,892		
	\$ 133,615		

#### NOTE 6: PENSION PLANS

A substantial number of the Charter School's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several Charter School employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This plan is administered by Prudential Financial for the Division. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
http://www.nj.gov/treasury/pensions.

## A. Public Employees' Retirement System (PERS)

## **Plan Description**

The State of New Jersey, Public Employees; Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

## **Benefits Provided**

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

Tier	Descriptions
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008, and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

## NOTE 6: PENSION PLANS

## Public Employees' Retirement System (PERS) (Continued)

# **Benefits Provided (Continued)**

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age of which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

## **Contributions**

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2022, the State's pension contribution was less than actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Charter School contributions to PERS amounted to \$43,669 for fiscal year 2023.

The employee contribution rate was 7.50% effective July 1, 2018.

## NOTE 6: PENSION PLANS

## Public Employees' Retirement System (PERS) (Continued)

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Charter School reported a liability of \$494,753 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2021 which was rolled forward to June 30, 2022. The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. For the June 30, 2022 measurement date, the Charter School's proportion was 0.00327834843%, which was a decrease of 0.0003212089% from its proportion measured as of June 30, 2021.

For the fiscal year ended June 30, 2023, the Charter School recognized pension expense of (\$27,796), in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2022 measurement date.

At June 30, 2023, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference Between Expected and Actual Experience	\$	3,571	\$	3,149
Changes in Assumptions		1,533		74,084
Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments		20,477		-
Changes in Proportion and Differences between Charter School Contributions and Proportionate Share of Contributions		84,074		104,881
Charter School Contributions Subsequent to the Measurement Date		43,669		<u>-</u>
	\$	153,324	\$	182,114

# NOTE 6: PENSION PLANS

## Public Employees' Retirement System (PERS) (Continued)

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions (Continued)

\$43,669, included in deferred outflows of resources, will be included as a reduction of the net pension liability in the fiscal year ending June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending	
June 30,	 Total
2023	\$ (42,439)
2024	(21,621)
2025	(10,544)
2026	23,004
2027	 (52)
	\$ (51,652)

## Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.04, 5.13, 5.16, 5.21, 5.63, and 5.48 years for the 2022, 2021, 2020, 2019, 2018, and 2017, respectively.

# NOTE 6: PENSION PLANS

# Public Employees' Retirement System (PERS) (Continued)

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

The amortization of the other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual		
Experience		
Year of Pension Plan Deferral:		
June 30, 2017	5.48 years	-
June 30, 2018	-	5.63 years
June 30, 2019	-	5.21 years
June 30, 2020	5.16 years	-

June 30, 2022	-	5.00 years

## NOTE 6: PENSION PLANS

## Public Employees' Retirement System (PERS) (Continued)

#### **Actuarial Assumptions**

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2021. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2022. This actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases: 2.75 - 6.55%

based on years of service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021. The actuarial assumptions used in the July 01, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

## NOTE 6: PENSION PLANS

## Public Employees' Retirement System (PERS) (Continued)

#### **Long-Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 are summarized in the following table:

	Towart	Long-Term Expected Real Rate of
Assat Class	Target	_
Asset Class	Allocation	Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

## NOTE 6: PENSION PLANS

## Public Employees' Retirement System (PERS) (Continued)

# <u>Sensitivity of the Charter School's Proportionate Share of the Net Pension</u> Liability to Changes in the Discount Rate

The following presents the Charter School's proportionate share of the collective net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above as well as what the Charter School's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Measurement Date June 30, 2022						
			(	Current		
	1%	Decrease	Disc	count Rate	1%	Increase
	(	6.00%)	(	7.00%)	(	8.00%)
Charter School's				·		
Proportionate Share of the						
Net Pension Liability	\$	640,989	\$	498,938	\$	378,047

## **Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS, please refer to the plan's Annual Comprehensive Financial Report (ACFR) which can be found at www.ni.gov/treasury/pensions.

#### B. Teacher's Pension Annuity Fund (TPAF)

## **Pension Description**

The State of New Jersey, Teacher's Pension and Annuity Fund (TPAF), is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at

www.state.nj.us/treasury/pensions/annrpts.shtml.

## NOTE 6: PENSION PLANS

## **Teacher's Pension Annuity Fund (TPAF) (Continued)**

## **Vesting and Benefit Provisions**

The vesting and benefit provision are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested of 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts. The following represents the membership tiers for TPAF:

Tier	Descriptions
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, Tiers 3 and 4 with 25 or more years of service credit before age 62, and Tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### **Contributions**

The contribution policy for TPAF is set by N.J.S.A 18A:66 and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For Fiscal year 2022, the State's pension contribution was less than the actuarially determined amount.

## NOTE 6: PENSION PLANS

## **Teacher's Pension Annuity Fund (TPAF) (Continued)**

## **Contributions (Continued)**

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers, such as the Charter School. However, the notes to the financial statements of the Charter School must disclose the portion of the Charter School's total proportionate share of the net pension liability that is associated with the Charter School. During the fiscal year ended June 30, 2023, the State of New Jersey contributed \$71,799 to the TPAF for normal pension benefits on behalf of the Charter School, which is less than the contractually required contribution of \$695,942.

The employee contribution rate was 7.50% effective July 1, 2018.

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Charter School was not required to report a liability for its proportionate share of the net pension liability because of a 100% special funding situation by the State of New Jersey.

The State's proportionate share of the net pension liability, attributable to the Charter School is as follows:

Charter School's Proportionate Share of the Net Pension Liability	\$ -
State of New Jersey 's Proportionate Share of the Net Pension Liability Associated with the Charter School	 8,579,343
Total	\$ 8,579,343

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2021. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2022. For the June 30, 2022 measurement date, the Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined.

# NOTE 6: PENSION PLANS

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions (Continued)

At June 30, 2022, Charter School's proportion was 0.00% due to the 100% special funding situation with the State of New Jersey. For the June 30, 2022 measurement date, the State's proportionate share of the TPAF net pension liability associated with the Charter School was 0.0166284326%, which was a decrease of 0.0017217456% from its proportion measured as of June 30, 2021.

For the fiscal year ended June 30, 2023, the Charter School recognized \$230,894 in pension expense and revenue, in the government-wide financial statements, for the State of New Jersey on behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2022 measurement date.

The State reported the collective deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) for the year ended June 30, 2022:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Assumptions	\$ 3,013,097,864	\$19,441,140,477
Difference Between Expected and Actual Experience	699,820,974	122,664,916
Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments	1,172,371,073	-
	\$ 4,885,289,911	\$19,563,805,393

# NOTE 6: PENSION PLANS

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions (Continued)

The amortization of the deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual		
Experience		
Year of Pension Plan Deferral:		
June 30, 2014	-	8.50 years
June 30, 2015	8.30 years	-

### NOTE 6: PENSION PLANS

### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense excluding that attributable to employer-paid member contributions as follows:

Fiscal Year Ending	
June 30,	Total
2023	\$ (2,658,825,381)
2024	(3,823,762,872)
2025	(3,351,102,048)
2026	(1,509,375,379)
2027	(1,647,727,819)
Thereafter	(1,687,721,983)
	\$ (14,678,515,482)

### **Actuarial Assumptions**

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2021. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2022. This actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate: Price Wage	2.75% 3.25%
Salary Increases:	2.75% - 5.65% based on years of service
Investment Rate of Return	7.00%

### NOTE 6: PENSION PLANS

### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

### **Actuarial Assumptions (Continued)**

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 01, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
ASSEL Class	Allocation	
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

### NOTE 6: PENSION PLANS

### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

# Sensitivity of the Charter School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

As previously mentioned, TPAF has a special funding situation where the State pays 100% of the Charter School's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2022, the pension plans measurement date, attributable to the Charter School is \$0, and the State of New Jersey's proportionate share of the net pension liability, attributable to the Charter School, using a discount rate of 7.00%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

Measurement Date June 30, 2022						
	1% Decrease Current Discount (6.00%) Rate (7.00%)		1% Increase (8.00%)			
Charter School's				_		
Proportionate Share of the						
Net Pension Liability	\$	-	\$	-	\$	-
State of New Jersey's Proportionate Share of the Net Pension Liability Associated with the						
Charter School		10,075,483		8,593,006		7,344,207
	<u>\$</u>	10,075,483	\$	8,593,006	\$	7,344,207

### NOTE 6: PENSION PLANS

### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

### **Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and additions to/deductions from TPAF's fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about TPAF, please refer to the plan's Annual Comprehensive Financial Report (ACFR) which can be www.nj.gov/treasury/pensions.

### C. Defined Contribution Retirement Program (DCRP)

### **Plan Description**

The Defined Contribution Retirement Program (DCRP) is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for Tier 3 enrollment but who earn salary of at least \$5,000.00 annually (The minimum salary in 2019 is \$8,400 and is subject to adjustment in future years); and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for Tiers 4 or 5 enrollment, but who earn salary of at least \$5,000 annually. The minimum number of hours is 32 hours per week for local education employees.

### **Vesting and Benefit Provisions**

Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

### NOTE 6: PENSION PLANS

### <u>Defined Contribution Retirement Program (DCRP) (Continued)</u>

### **Contributions**

The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Charter School contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

For the fiscal year ended June 30, 2023, employee contributions totaled to \$4,362, and the Charter School recognized pension expense, which equaled the required contributions of \$3,212.

### NOTE 7: POST-RETIREMENT BENEFITS

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for charter schools.

As a result of implementing GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, the post-retirement health benefit program plan is reported in an Agency Fund in the New Jersey Annual Comprehensive Financial Report effective for the fiscal year ended June 30, 2022. Therefore, the plan has no assets accumulated in a trust. In accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Oher than Pension (GASB No. 75), the plan is classified as a single employer defined benefit OPEB plan with a special funding situation that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75.

### Plan Description and Benefits Provided

The State of New Jersey sponsors and administers the following post-retirement health benefit program plan covering certain local charter school employees, including those Board employees and retirees eligible for coverage.

State Health Benefit Program Fund – Local Education Retired (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.32f provides medical coverage and prescription drug benefits to qualified retired education participants. The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees.

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

### Plan Description and Benefits Provided (Continued)

Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

### Plan Membership

Membership of the defined benefit OPEB plan consisted of the following at June 30, 2021:

Active Plan Members	213,148
Inactive Plan Members or Beneficiaries Currently	
Receiving Benefits	151,669
Inactive Plan Members Entitled to but Not Yet	
Receiving Benefits	-
	•
Total Plan Members	364,817

### **Measurement Focus and Basis of Accounting**

The financial statements of the post-employment health benefit plans are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the post-employment health benefit plans. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan.

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

### **Measurement Focus and Basis of Accounting (Continued)**

The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

### **Collective Net OPEB Liability**

The collective net OPEB liability of the State, as the non-employer contributing entity, of the plan at June 30, 2022 is \$50,646,462,966, and the plan fiduciary net position as a percentage of the total OPEB liability is zero percent.

The total OPEB liabilities were determined based on actuarial valuation as of June 30, 2021 which were rolled forward to June 30, 2022.

### **Actuarial Methods and Assumptions**

In the June 30, 2021 OPEB actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

### **Post-Retirement Medical Benefits Contributions**

The funding policy of the OPEB plan is pay as you go basis; therefore, there is no prefunding of the liability. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are made by the State, as a nonemployer contributing entity, under a special funding situation in accordance with State statutes as previously disclosed. The State as a non-employer contributing entity made contributions of \$1.33 billion to the OPEB plan in fiscal year 2022.

The State sets the contribution rate based on a pay as you go basis rather than the actuarial determined contribution, an amount actuarially determined in accordance with the parameters of GASB Statement 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The State's contributions, as a nonemployer contributing entity, to the State Health Benefits Program Fund-Local Education Retired for retirees' post-retirement benefits on behalf of the Charter School for the fiscal years ended June 30, 2023, 2022, and 2021 were \$169,438, \$162,192, and \$170,345, respectively, which equaled the required contributions for each year.

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

### **Post-Retirement Medical Benefits Contributions (Continued)**

The State's contributions to the State Health Benefits Program Fund – Local Education Retired for PERS retirees' post-retirement benefits on behalf of the Charter School was not determined or made available by the State of New Jersey. The on-behalf OPEB contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB No. 85.

# OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

GASB Statement No. 75 requires participating employers in the State Health Benefit Program Fund – Local Education Retired to recognize their proportionate share of the collective OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The nonemployer allocation percentages presented are based on the ratio of the State's contributions made as a nonemployer toward the actuarially determined contribution amount to total contributions to the plan during the measurement period July 01, 2021 through June 30, 2022. Nonemployer allocation percentages have been rounded for presentation purposes.

In accordance with GASB No. 75, the Charter School is not required to recognize an OPEB liability for the post-employment health benefit plan. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to the plan on behalf of the Charter School. Accordingly, the Charter School's proportionate share percentage determined under Statement No. 75 is zero percent and the State's proportionate share is 100% of the OPEB liability attributable to the Charter School. Therefore, in addition, the Charter School does not recognize any portion of the collective deferred outflows of resources and deferred inflows of resources related to the plan. At June 30, 2022, the State had deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	of Resources	Resources
Difference Between Actual and Expected Experience	\$ 9,042,402,619	\$ 15,462,950,679
Net Difference Between Expected and Actual Earnings on OPEB Plan Investments	-	-
Assumptions Changes	8,765,620,577	17,237,289,230
Sub Total	17,808,023,196	32,700,239,909
Contributions Made in Fiscal Year Ending 2022 After June 30, 2021 Measurement Date	TBD	Not Available
Total	\$17,808,023,196	\$ 32,700,239,909

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in State's OPEB expense as follows:

Measurement Period Ending June 30,	Total
2023 2024 2025 2026 2027 Total Thereafter	\$ (2,517,151,602) (2,517,151,602) (2,517,151,602) (2,175,449,761) (1,243,951,140) (3,921,361,006)
	\$ (14,892,216,713)

For the fiscal year ended June 30, 2023, the Charter School recognized in the government-wide statement of activities (accrual basis) OPEB expense of \$417,342. This amount has been included in the government-wide statement of activities (accrual basis) as a revenue and expense in accordance with GASB No. 85

At June 30, 2023, the State's proportionate share of the OPEB liability attributable to the Charter School is \$2,437,903. The nonemployer allocation percentages are based on the ratio of the State's proportionate share of the OPEB liability attributable to the Charter School at June 30, 2021 to the total OPEB liability of the State Health Benefit Program Fund – Local Education Retired Employees Plan at June 30, 2022. At June 30, 2022, the state's share of the OPEB liability attributable to the Charter School was 0.0048135701%, which was a decrease of 0.0006017260% from its proportionate share measured as of June 30, 2021 of 0.0054152961%.

### **Actuarial Assumptions**

The OPEB liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

### **Actuarial Assumptions (Continued)**

Total Nonemployer OPEB Liability \$50,646,462,966

	TPAF/ABP	PERS	PFRS	
Salary Increases:	2.75 - 4.25% based on service	2.75 - 6.55% based on service	3.25 - 16.25% based on service	
	years	years	years	

Preretirement mortality rates were based on the Pub-2010 Health "Teachers" (TPAF/ABP, "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of the TPAF, PERS, and PFRS experience studies prepared for July 1, 2018 to June 30, 2021.

100% of active members are considered to participate in the plan upon retirement.

### **Health Care Trend Assumption**

For pre-Medicare medical benefits, the trend rate is initially 6.25% and decreases to a 4.50% long-term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 8.00% and decreases to a 4.50% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

### **Discount Rate**

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

Fiscal Year	iscal Year Measurement Date	
2023	June 30, 2022	3.54%
2022	June 30, 2021	2.16%

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

### **Changes in the Total OPEB Liability**

The change in the State's proportionate share of the OPEB liability attributable to the Charter School for the fiscal year ended June 30, 2023 (measurement date June 30, 2022) is as follows:

	Charter School's Total OPEB Liability (State Share 100%)		State of New Jersey's Total OPEB Liability	
Balance at June 30, 2021 Measurement Date	\$	3,249,592	\$	60,007,650,970
Changes Recognized for the Fiscal Year:				
Service Cost		581,773		2,770,618,025
Interest on Total OPEB Liability		64,607		1,342,187,139
Changes of Benefit Terms		-		-
Differences between Expected and Actual		(740 400)		1 200 200 726
Experiences		(742,138)		1,399,200,736
Effect of Changes of Assumptions		(653,989)		(13,586,368,097)
Contributions - Employees		2,053		(1,329,476,059)
Gross Benefits Paid by the State		(63,995)		42,650,252
Net Changes		(811,689)		(9,361,188,004)
Balance at June 30, 2022 Measurement Date	\$	2,437,903	\$	50,646,462,966

Changes of assumptions and other inputs reflect a change in the discount rate from 2.16% in 2021 to 3.54% in 2022.

The change in the total OPEB liability was based on the State's proportionate share of the OPEB liability attributable to the Charter School at June 30, 2022.

### NOTE 7: POST-RETIREMENT BENEFITS (CONTINUED)

### Sensitivity of OPEB Liability

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the State's proportionate share of the OPEB liability attributable to the Charter School calculated using the discount rate of 3.54%, as well as what the State's proportionate share of the OPEB liability attributable to the Charter School that would be if it were calculated using a discount rate that is 1-percentage-point lower (2.54%) or 1-percentage-point higher (4.54%) than the current rate:

			Α	t Current		
	At 1	% Decrease	Dis	count Rate	At 1	% Increase
		(2.54%)		(3.54%)		(4.54%)
Net OPEB Liability						
(Allocable to the						
Charter School and						
the responsibility of						
the State)	\$	2,865,499	\$	2,437,903	\$	2,095,207

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the State's proportionate share of the OPEB liability attributable to the Charter School calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

			Heal	thcare Cost		
	1%	Decrease	Tr	end Rate	19	% Increase
Net OPEB Liability (Allocable to the Charter School and the responsibility of						
the State)	\$	2,015,076	\$	2,437,903	\$	2,993,312

The sensitivity analyses were based on the State's proportionate share of the OPEB liability attributable to the Charter School at June 30, 2022. Sensitivity analyses specific to the State's proportionate share of the OPEB liability attributable to the Charter School at June 30, 2022 were not provided by the pension system.

### NOTE 8: RISK MANAGEMENT

The charter school is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

### NOTE 8: RISK MANAGEMENT (CONTINUED)

### **Property and Liability Insurance**

The charter school maintains commercial insurance coverage for property, liability, student accident, and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report.

### **New Jersey Unemployment Compensation Insurance**

The Charter School has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Charter School is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Charter School is billed quarterly for amounts due to the State.

### NOTE 9: FUND BALANCE APPROPRIATED

### General Fund

Of the \$6,451,999 General Fund balance in the fund financial statements at June 30, 2023, \$6,361,926 is unreserved and undesignated. Of the remaining General Fund balance, \$75,000 is Reserved for Escrow, \$11,895 is Reserved for Encumbrances, and \$3,178 for Unemployment Compensation.

### NOTE 13: SUBSEQUENT EVENTS

Subsequent events were evaluated through December 5, 2023, the date the financial statements were available to be issued.

### QUEEN CITY ACADEMY CHARTER SCHOOL

Budgetary Comparison Schedule Budget To GAAP Reconciliation Note to RSI For the Fiscal Year Ended June 30, 2023

# Note A - Explanation of differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

		General Fund		Special Revenue Fund
Sources/Inflows of Resources Actual amounts (budgetary) "revenues" from the budgetary comparison schedules	[C-1] \$	8,375,685	[C-2] \$	1,673,862
Difference - Budget to GAAP Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is				
recognized				(625,073)
Total revenues as reports on the statement of revenues, expenditures and changes in fund balance - governmental funds.	[B-2] <u></u> \$	8,375,685	[B-2] <u>\$</u>	1,048,789
Uses/Outflows of resources Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1] \$	5,972,099	[C-2] \$	1,680,338
Differences - Budget to GAAP: Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are				(625.072)
received for financial accounting purposes.  Total expenditures as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	 [B-2] \$	5,972,099	 [B-2] \$	(625,073) 1,055,265

## SECTION G – PROPRIETARY FUNDS DETAIL STATEMENTS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the charter school's board is that the costs of providing goods or services be financed through user charges.

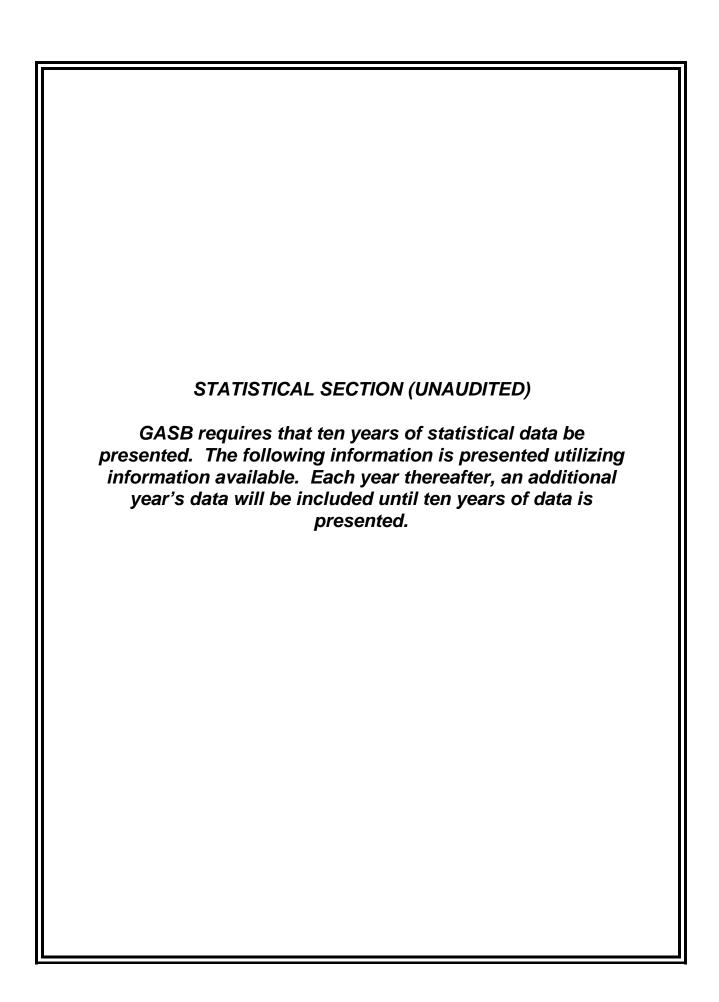

Food Services Fund – This fund provides for the operation of food services in all schools within the Charter School.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.

SECTION I – LONG TERM DEBT

#### **Queen City Academy Charter School Statistical Section**

J series

#### **Contents**

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the charter school's financial performance and well-being have changed over time.

#### Revenue Capacity (Not Applicable To Charter School)

These schedules contain information to help the reader assess the Charter School's most significant local revenue source, the property tax.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the charter school's current levels of outstanding debt and the charter school's ability to issue additional debt in the future.

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the charter school's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the charter school's financial report relates to the services the Charter School provides and the activities it performs.

**Sources:** Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports (ACFR) for the relevant year. The charter school implemented GASB Statement 34 in the fiscal year ending June 30, 2006; schedules presenting charter school-wide information include information beginning in that year.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Queen City Academy Charter School County of Union Plainfield, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Queen City Academy Charter School (Charter School), in the County of Union, State of New Jersey, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, as listed in the table of contents, and have issued our report thereon dated December 5, 2023.

#### **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness. However, material weakness may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY U.S. UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Queen City Academy Charter School County of Union Plainfield, New Jersey

#### Report on Compliance for Each Major Federal and State Program

#### Opinion on Each Major Federal and State Program

We have audited the compliance of the Queen City Academy Charter School (Charter School), in the County of Union, State of New Jersey, with the types of compliance requirements identified as subject to audit in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the *New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Charter School's major federal and state programs for the year ended June 30, 2023. The Charter School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Queen City Academy Charter School, in the County of Union, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2023.

#### Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*; and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Our responsibilities under those standards, the Uniform Guidance, and New Jersey OMB Circular 15-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Queen City Academy Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Queen City Academy Charter School's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Queen City Academy Charter School's federal and state programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Queen City Academy Charter School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, U.S. Uniform Guidance and New Jersey 0MB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Queen City Academy Charter School's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, U.S. Uniform Guidance, and New Jersey 0MB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Queen City Academy Charter School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Queen City Academy Charter School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid but not for the purpose of expressing an opinion on the effectiveness of Queen City Academy Charter School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results that the testing based on the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purposes.

Notes to the Schedules of Expenditures of Awards and Financial Assistance June 30, 2023

#### NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Trustees, Queen City Academy Charter School. The Board of Trustees is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

#### NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### NOTE 3. RELATIONSHIP BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

Notes to the Schedules of Expenditures Of Awards and Financial Assistance June 30, 2023

#### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to GAAP basis is none for the general fund and \$625,073 for the special revenue fund. See Notes to the Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General Fund	\$ 42,866	\$ 6,377,849	\$ 6,420,715
Special Revenue Fund	1,042,417	-	1,042,417
Food Service Fund	197,485	8,033	205,518
Total Awards & Financial Assistance	\$1,282,768	\$ 6,385,882	\$ 7,668,650

#### NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### NOTE 5. FEDERAL AND STATE LOAN OUTSTANDING

Queen City Academy Charter School has no loan balances outstanding at June 30, 2023.

#### NOTE 6. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the Charter School for the year ended June 30, 2023. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2023.

#### NOTE 7. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the Charter School's basic financial statements and the amount subject to State single audit and major program determination.

Notes to the Schedules of Expenditures Of Awards and Financial Assistance June 30, 2023

#### NOTE 8. SCHOOLWIDE PROGRAM FUNDS

Schoolwide programs are not separate federal programs; amounts used in schoolwide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards. The following funds by program are included in schoolwide programs in the charter school.

Program	Total
Title I, Part A: Grants to Local Education Agencies	\$ 226,142
Title II, Part A: Teacher and Principal Training and Recruiting	 20,206
Total	\$ 246,348

#### NOTE 9. DE MINIMIS INDIRECT COST RATES

The School has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### **NOTE 10. MAJOR PROGRAMS**

Major programs are identified in the Summary of Auditors Results section of the Schedule of Findings and Questioned Costs.
