CREATIVITY COLABORATORY CHARTER SCHOOL 457 Shirley Road, PO Box 888, Elmer N.J. 08318

Dr. George Farmer Principal 856-358-2472 Kelvin Caba, School Business Administrator/ Board Secretary 856-365-1000 x 388

November 28, 2023

Honorable President and Members of the Board of Trustees Creativity CoLaboratory Charter School County of Salem Elmer, New Jersey 08318

Dear Board Members,

The comprehensive annual financial report of the Creativity CoLaboratory Charter School for the fiscal year ended June 30, 2023, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Charter School. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the final position and results of operations of the various funds under the auspices of the Charter School. All disclosures necessary to enable the reader to gain an understanding of the Charter School's financial activities have been included.

The comprehensive annual financial report is presented in four sections as follows:

- > The Introductory Section includes this transmittal letter, the Charter School's organizational chart and a list of principal officials.
- > The Financial Section includes the basic financial statements and schedules, as well as the auditor's report thereon.
- > The Statistical Section includes four unaudited fiscal years of data.
- The Single Audit Section-The Charter School is required to undergo an annual single audit in conformity with the provisions of Title 2 CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), "Audits of States, Local Governments, and Non-Profit Organizations" and State Treasury Circular Letter 15-08 OMB. "Single Audit Policy for recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditor's report on internal control and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

The Creativity CoLaboratory Charter School, Inc. is an independent reporting entity within the criteria adopted by the Government Standards Board (GASB) as established by GASB Statement No.14. All funds and account groups of the Charter School are included in this report. The Creativity CoLaboratory Charter School, Inc. Board of Trustees and its school constitute the Charter School's reporting entity.

1. REPORTING ENTITY AND ITS SERVICES: (continued)

The Charter School is responsible for providing a thorough and efficient educational system for students in grades 5th-8th. The Charter School completed its first year of operations during the 2019-2020 fiscal year with an enrollment of 93. Enrollment for the past three fiscal years was as follows:

Average Daily Enrollment

Fiscal Year	Student Enrollment	Percentage Change
2022 - 2023	191	15%
2021 - 2022	166	16%
2020 - 2021	143	54%

2. ECONOMIC CONDITION AND OUTLOOK:

The Creativity CoLaboratory Charter School is in a rural community in Salem County, which presently is considered to possess a stagnant economy. However, the school continued to attract students during its second year. The school remained fully enrolled, and it enters its fifth year with an increased enrollment of 191 students with a healthy waiting list. The strong community reception, both from districts that are adjacent to the home district of the school, and from throughout the 4 Southwestern counties of NJ, bodes well for a strong outlook.

Initiatives

The Charter School has developed a comprehensive strategic plan to support its mission and vision and serve as a blueprint for the achievement of its goals. The plan includes objectives such as pupil achievement, staff development and technology in the classroom. The vision and goals grow directly out of the charter.

Major initiatives include:

- Needs assessment and programmatic changes in preparation of charter renewal process.
- Maintaining full enrollment across all grades while maintaining small class size of 12.
- Conducting and strengthening ongoing programs with key partners for the benefits of the students, families and staff.
- Deepening focus on arts integration in academic subjects.
- Maintaining and deepening the current one-on-one laptop initiative, adding software as indicated.
- Continue to raise awareness of the success of the school.
- Building operational and administrative capacity, and cultivating leadership among the staff.

3. INTERNAL ACCOUNTING CONTROLS:

Management of the Charter School is responsible for establishing and maintaining internal control designed to ensure that the assets of the Charter School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the Charter School also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the Charter School management.

As part of the Charter School's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal awards and state financial assistance programs, as well as to determine that the Charter School has complied with applicable laws and regulations.

4. BUDGETARY CONTROLS:

In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2023.

5. ACCOUNTING SYSTEM AND REPORTS:

The Charter School's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the Charter School is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note 2.

6. DEBT: None

7. INVESTMENT POLICY:

The investment policy of the Charter School is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 3. The Charter School has adopted a cash management plan, which requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit deposit Protection Act (GUDPA). GUDPA was enacted in 2007 to protect governmental units from loss of funds from deposit with a failed banking institution in New Jersey. The law required governmental units to deposit public funds in public depositaries located in New Jersey, where the funds are secured in accordance with the act.

8. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

9. OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nightlinger, Colavita and Volpa, Pa. was appointed by the Board. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Title 2 CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and State of New Jersey Treasury Circular 15-08 OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and combining and individual fund statements and schedules are included in the financial section of this report. The auditor's report related specifically to the single audit is included in the single audit section of this report.

10. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Creativity CoLaboratory Charter School, Inc. Board of Trustees for their concern in providing fiscal accountability to the community and contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Dr. George Farmer

INDEPENDENT AUDITOR'S REPORT

To the Members of The Board of Trustees Creativity CoLaboratory Charter School, Inc. County of Salem, New Jersey 08318

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New
 Jersey's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting
 estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's basic financial statements. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is also not a required part of the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report, as required by the Office of School Finance, Department of Education, State of New Jersey. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 28, 2023, on our consideration of the Creativity CoLaboratory Charter School, Inc. Board of Trustees' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Creativity CoLaboratory Charter School, Inc. Board of Trustees' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governments Auditing Standards in considering Creativity CoLaboratory Charter School's internal control over financial reporting and compliance.

Respectfully submitted,

NIGHTLINGER, COLAVITA & VOLPA, PA

Raymond Colavita, C.P.A., R.M.A. Licensed Public School Accountant

No. 915

CREATIVITY COLABORATORY CHARTER SCHOOL, INC. CITY OF CAMDEN

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

UNAUDITED

The discussion and analysis of Creativity CoLaboratory Charter School, Inc.'s financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2023 are as follows:

- ❖ General revenues, net of transfers, and special items accounted for \$3,173,568 in revenue or 92% percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$282,373 or 8% percent to total revenues of \$3,455,941.
- ❖ The results operations at the school reflect a Total Net Position of \$237,482. This amount represents the results for governmental activities at June 30, 2023. There was no amount of Net Position for the Food Enterprise Fund.
- The School had total expenses of \$3,440,931, of which \$282,373 was offset by program specific charges for services, grants or contributions. General revenues of \$3,173,568 consisted of Federal and State Aid of \$1,701,517, property taxes of \$1,441,477, and \$30,574 of miscellaneous net revenue.
- ❖ The General Fund also reflected \$3,281,675 in revenues and \$3,237,002 in expenditures. The General Fund's ending balance of \$314,421 included a transfer of \$45,501 to the Food Service Enterprise Fund.

Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Creativity CoLaboratory Charter School, Inc. as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School, presenting both an aggregate view of the School's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For Governmental Funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Creativity CoLaboratory Charter School, Inc., the General Fund is by far the most significant fund.

Reporting the School as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School to provide programs and activities, the view of the School as a whole looks at all financial transactions and asks the question, "How did we do financially during 2023?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's net position and changes in those assets. This change in net position is important because it tells the reader that, for the School as a whole, the financial positions of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include property tax base of the School's resident districts, current laws in New Jersey concerning revenue allocations, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School is divided into two distinct kinds of activities:

- ❖ Governmental Activities All of the School's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- ❖ Business Type Activities This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting the School's Most Significant Funds

Fund Financial Statements

The analysis of the School's major (all) funds begins on page 21. Fund financial reports provide detailed information about the School's major funds. The School uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School's most significant funds. The School's major governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

The School's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

The Charter School as a Whole

Recall that the Statement of Net Position provides the perspective of the School as a whole.

Table 1 provides a summary of the School's net position for the years ended in 2023 and 2022 under the GASB reporting format.

Table 1

As shown above, the School's total revenue for the fiscal year ended June 30, 2023 was \$3,455,941 of which governmental revenues were \$3,363,459. As a Charter School, voter approval for the School operations is not required in New Jersey. Property taxes made up 42.9% percent of total net governmental revenues for the Camden Creativity CoLaboratory Charter School, Inc. during it's fiscal year ending 2023. Federal, State and local grants accounted for another 50.6%. The School's total expenses were \$3,440,931 of which total governmental expenses were \$3,348,449 and the cost of all governmental activities, net of program revenues from charges for services or grants was \$3,113,057. Instruction comprises 40.8% of total expenditures and 42.5% of net governmental activity expenses.

Business-Type Activities

Revenues for the School's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- ❖ Food service expenses exceeded revenues by \$45,501 and as a result, this amount was transferred from the general fund. Food Service expenses were \$92,482.
- Charges for services represent \$23,110 of revenue. This represents amount paid by patrons for daily food services.
- Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities were \$23,871.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows a comparison of the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the School's resident district taxpayers by each of these functions. Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

		Table 3

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the School.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Curriculum and staff development include expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities includes expenses related to student activities provided by the School which are designated to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to liabilities of the School.

The School's Funds

Information about the School's major funds starts on page 21. These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general funds, special revenue funds and capital projects fund presented in the fund-based statements) had total revenues of \$3,517,076 and expenditures of \$3,472,538. The net positive/negative change in fund balance for the year, from revenues and expenditures, amounted to a positive result of \$44,529. In addition, there was a transfer to the Food Service Fund of \$45,501. This shows that the School met current operating costs with revenues for the current year.

As demonstrated by the various statements and schedules included in the financial section of this report, the School continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds, including capital projects, for the fiscal year ended June 30, 2023 and the amount and percentage of increases and decreases in relation to prior year revenues.

			Table 4		
Revenue		Amount	Percent of Total	Increase/ (Decrease) from 2022	Percentage Increase/ (Decrease)
Local Sources State Sources Federal Sources	\$	1,472,051 1,809,876 235,140	41.9% \$ 51.5% 6.6%	\$ 226,818 362,608 45,086	22.2% 36.2% 99.1%
Total	\$_	3,517,067	100%	634,512	30.7%

The revenue from Local Sources is attributed to the local tax levy of \$1,441,477, which is the total of the amounts determined from each sending district and \$30,574 in miscellaneous revenue.

The State Sources included on-behalf social security reimbursements and pension contributions of \$364,528.

The Federal Sources is attributed to funding of various grant awards.

The following schedule presents a summary of general fund and special revenue fund expenditures for the fiscal year ended June 30, 2023.

Table 5 Increase/ Percent Increase Percent (Decrease) from 2022 (Decrease) of Total **Expenditures** Amount General 23.1% 1,405,417 40.5% \$ 243,934 Regular Instruction Support -9.9% 17.2% (29,458)General Administration 597,387 172,890 86.7% 8.3% **School Administration** 289.618 552.0% 396 0.0% 276 Student and Instruction 13.0% 30,988 9.1% 313,366 Plant Operations 156.0% 24.9% 417,668 866,354 **Employee Benefits** 40.6% 100.0% \$ 836,298 3,472,538 Total

The Instructional expenditures for this year of operations was \$1,324,200 in the general fund and \$81,217 in the Special Revenue Fund.

The Support Expenditures for this year of operations was \$289,618 for School administrative services and \$443,464 for general administration services, along with \$154,319 in special revenue fund expenses. There was also \$313,366 in plant operation and maintenance costs, and \$866,354 in employee benefit costs.

General Fund Budgeting Highlights

The School's Budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2023, the School amended its General Fund budget as needed. The School uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

- Staffing changes based on student needs.
- Costs for student transportation both in regular education and special education.
- ❖ Accounting changes in maintenance and operations
- Changes in appropriations to prevent budget overruns.

While the School's final budget for the general fund anticipated that year-ending surplus would decrease by \$7,520, the actual results for the year shows an excess of revenues over expenses of \$44,673, which includes a transfer out to food service of \$45,501.

- ❖ Actual revenues exceeded the final budgeted amounts by \$33,040, excluding On-behalf Pension and Social Security Reimbursement of \$438,666
- The actual expenditures in various line items were less than expected in the total amount of \$138,417, excluding Pension and Social Security Reimbursement of \$438,666

Capital Assets

At the end of the fiscal year 2023, the School had \$149,377 invested in right-to-use capital assets, which consists of leased costs of \$874,542, net of accumulated amortization of \$725,165.

The Creativity CoLaboratory Charter School, Inc. is presently in good financial condition. Continued optimum enrollment in the School will provide financial stability into the future.

As a charter school, it is a concern of the Board of Trustees of the Creativity CoLaboratory Charter School, Inc. as to how future budgets will be financed. To address this issue, the administrator closely monitors instructional and support expenditures, as well as administrative costs of the School.

The current charter calls for expansion each year. In the 2018-2019 school year the school began with 2 classes of each grade. Class size is maintained at 12. Therefore, there were 96 students in the class. In 2019-2020 the school was projected to grow by 48 by adding 2 additional classes in 5th grade and 2 in 6th grade. The total for the 2020-2021 school year was 143 students. In 2021-2022 the charter called for the addition of 2 additional 7th grade classes, bringing the total to 166 students. In 2022-2023 the charter calls for the addition of 2 additional 8th grade classes, bringing the total to 191 students. This growth trajectory allows students who are in the school to continue in the school through 8th grade graduation.

In addition to monitoring its own activity, Creativity CoLaboratory must be cognizant of the local districts activities and enrollment trends. The state's expansion of Renaissance schools and active support of existing public schools will be a factor in Creativity CoLaboratory's evaluation of its own growth plan and role in the neighboring areas. The administration of Creativity CoLaboratory will utilize this upcoming year to conduct a needs assessment and growth analysis.

In conclusion, the Creativity CoLaboratory Charter School, Inc. is committed to sound financial planning, budgeting, and internal financial controls, in order to meet the challenges of the future.

Contacting the School's Financial Management

This financial report is designed to provide our citizens, taxpayers and oversight entities with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional information, contact Kelvin Caba, Business Administrator, at Creativity CoLaboratory Charter School, Inc., 457 Shirley Road Elmer N.J. 08318.

CHARTER SCHOOL - WIDE FINANCIAL STATEMENTS The statement of net position and the statement of activities display information about the School. These statements include the financial activities of the overall School, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the School.

NOTE 1. DESCRIPTION OF THE CHARTER SCHOOL AND REPORTING ENTITY

The Creativity CoLaboratory Charter School, Inc is located in the County of Salem, State of New Jersey and was incorporated on March 28, 2019. It was created on through the approval of its New Jersey Charter Schools Application by the State of New Jersey, Department of Education. As a Charter School, the Creativity CoLaboratory Charter School, Inc. functions independently as an educational institution through a Board of Trustees (the "Board"). In accordance with the bylaws of the Charter School the Board is to consist of not less than 3 and not more than 20 individuals.

The Charter School ended the 2022-23 school year with 191 Students.

A. Reporting Entity:

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- > the organization is legally separate (can sue or be sued in their own name)
- > the Charter School holds the corporate powers of the organization
- > the Charter School appoints a voting majority of the organization's board
- > the Charter School is able to impose its will on the organization
- > the organization has the potential to impose a financial benefit/burden on the Charter School
- > there is a fiscal dependency by the organization on the Charter School

There were no additional entities required to be included in the reporting entity, under the criteria as described above, in the current fiscal year. Furthermore, the Charter School is not includable in any other reporting entity on the basis of such criteria.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Creativity CoLaboratory Charter School, Inc. have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Charter School's accounting policies are described below.

In June 1999, the Governmental Accounting Standards Board (GASB), unanimously approved Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. This Statement provides for the most significant change in financial reporting over twenty years and is scheduled for a phase-in implementation period (based on amount of revenues) starting with fiscal years ending 2002 (for larger governments). In addition, the Charter School has implemented GASB Statement No. 37, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus, Statement No. 38, Certain Financial Statement Note Disclosures and GASB No. 54 Fund Balance Reporting and Governmental Fund Type Descriptions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

New Accounting Standards:

Accounting standards that the School District is currently reviewing for applicability and potential impact on the financial statements include:

- ➤ GASB Statement No. 96 Subscription-Based Information Technology Arrangements was effective after June 15, 2022 and was considered by Management.
- ➤ GASB Statement No. 99 Omnibus 2022: The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. Management is evaluating the potential impact of the adoption of GASB 99 on the School District's financial statements.
- Statement No. 100 Accounting Changes and Error Corrections, an amendment of GASB Statement No. 62: The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Management is evaluating the potential impact of the adoption of GASB 100 on the School District's financial statements.
- SASB Statement No. 101 Compensated Absences: The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Management is evaluating the potential impact of the adoption of GASB 101 on the School District's financial statements.

A. Basis of Presentation:

The Charter School's financial reporting consist of a Management's Discussion and Analysis (MD&A) providing an analysis of the Charter School's over-all financial position and results of operations, as well as Basic financial statements prepared using full-accrual accounting for all of the Charter School's activities.

The School's basic financial statements consist of School-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

<u>Charter School-wide Statements</u>: The statement of net position and the statements of activities display information about the financial activities of the overall School, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the School. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activities of the School at the fiscal year end while the statement of activities presents a comparison between direct expenses and program revenues for each different business-type activity of the School and for each function of the School's governmental activities.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

A. Basis of Presentation (Cont'd):

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses of the School related to the administration and support of the School's programs, such as personnel and accounting-are not allocated to programs.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

Fund Financial Statements: During the fiscal year, the Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the School's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey Schools to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among School financial reporting.

B. Fund Accounting:

The accounts of the Charter School are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. The operations for each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. The various funds and accounts are grouped, in the financial statements in this report:

GOVERNMENTAL FUND TYPE

<u>General Fund</u> - The general fund is the general operating fund of the Charter School and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for instructional and non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey State Department of Education, the Creativity CoLaboratory Charter School, Inc. includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmentalities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from the "local levy" local share - charter school aid, "local levy" state share - charter school aid, categorical aid, revenues from other sources and appropriated fund balance. Expenditures are those, which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (Cont'd):

As a result of implementing GASB Statement No. 84, Fiduciary Activities, amounts maintained for unemployment claims and payroll withholdings for employee salary deductions are included in the general fund. Amounts maintained for unemployment claims are used to account for the portion of employee deductions for unemployment compensation required to be deposited and accumulated for future unemployment claims under the Benefit Reimbursement Method.

<u>Special Revenue Fund</u> - The Charter School accounts for the proceeds of specific revenue sources from the state and federal government (other than expendable trusts, major capital projects or enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes in the special revenue fund.

As a result of implementing GASB Statement No. 84, Fiduciary Activities, amounts maintained for student activities and private purpose scholarships are included in the special revenue fund. The amounts are considered to be restricted and available to use for specific expenditures. Amounts maintained for student activities are derived from athletic events or other activities of pupil organizations and accumulated for payment of student group activities

Capital Projects Fund - The Charter School does not currently have any open capital projects.

<u>Debt Service Fund</u> - The accounting system of the Charter School includes a Debt Service fund in accordance with state statute.

PROPRIETARY FUND TYPE

The focus of Proprietary Fund measurement is on determination of net income, financial position and cash flows. The applicable generally accepted accounting principles are similar to businesses in the private sector.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is separated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

The following is a description of the Proprietary Funds of the Charter School:

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the School is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The School's Enterprise Fund is comprised of a Food Service Fund managed by an outside food service management company. During the 2019-20 School Year, the Charter School relinquished all of its authority, duties and obligations, with respect to School Nutrition Programs,

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (Cont'd):

to Camden's Promise Charter School. As such, inventory and commodity amounts were considered as owned by the Camden's Promise Charter School.

<u>Internal Service Fund</u>- The Creativity CoLaboratory Charter School does not maintain an Internal Service whereby services would be provided on a cost-reimbursement basis.

FIDUCIARY FUND TYPE

Fiduciary Funds include Expendable Trust, Nonexpendable Trust and Agency Funds. The measurement focus of the Expendable Trust Funds is the same as for governmental funds. The measurement focus of the Nonexpendable Trust Funds is similar to Proprietary Funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The following is a description of the Fiduciary Funds of the Charter School:

Nonexpendable Trust Fund- A nonexpendable trust fund is used to account for assets held under the terms of a formal trust agreement, whereby the Charter School is under obligation to maintain the trust principal. The accounting system of the Charter School does not include a nonexpendable trust fund.

<u>Expendable Trust Fund</u> - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Funds consists of an Unemployment Compensation Insurance Fund.

C. Basis of Accounting and Measurement Focus:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

In its accounting and financial reporting, the Charter School follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board(FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The Charter School's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989. The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Accounting and Measurement Focus (Cont'd):

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Charter School considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, arbitrage rebates, and postemployment healthcare benefits, are recorded only when payment is due.

D. Budgets/Budgetary Control:

Charter School budgets are prepared annually and are submitted to the Department of Education for review. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are mandated by the Department of Education and are detailed in the Charter School Budget Summary form that is part of the New Jersey Charter School Application and are defined as the lowest (most specific) level of detail referenced in NJAC 6:20-2A (m) 1. Transfers of appropriations may be made by Board resolution at any time during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are to be maintained to allow for the presentation of GAAP basis financial reports.

There is a reconciliation of the special revenue funds from the budgetary basis of accounting, as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General, Special Revenue and Debt Service Funds, to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types. (See Exhibit C-3).

E. Encumbrance Accounting:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal yearend as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services. The budget, as detailed on Exhibit B-2, includes all amendments to the adopted budget, if any.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Encumbrance Accounting (Cont'd):

Open encumbrances in the special revenue fund for which the Charter School has received advances (if any) are reflected in the balance sheet as unearned revenues at fiscal year-end. The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

The Charter School had assigned year end encumbrances in the general fund of \$12,809 as of June 30, 2023.

F. Tuition:

The Charter School Program Act of 1995 specifically prohibits a charter school from charging tuition to students who reside in the district of the charter school or are non-resident students.

G. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the Charter School, and that are due within one year.

H. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

On School-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2023.

I. Assets, Liabilities and Equity:

Transactions

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the School and that are due within one year.

Inventories and Prepaid Expenses

On Charter School-wide financial statements and in the enterprise fund, inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method and is expended when used. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2023.

Capital Assets

General fixed assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The general fixed assets acquired or constructed prior to June 30, 2023 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Capital assets are reflected as expenditures in the applicable governmental funds, and the related assets are reported in the Statement of Net Position. Expenditures that enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the fixed asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

I. Assets, Liabilities and Equity (Cont'd):

Capital assets are to be depreciated in the School-wide financial statements using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives_
School Building	30-50
Building Improvements	20
Vehicles	8
Office and Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

J. Compensated Absences:

Compensated absences are those for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the School and its employees, is accrued as the employees earn the rights to the benefits.

In accordance with Statement No. 16 of the (GASB) entitled "Accounting for Compensated Absences", Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School and its employees, are accounted for in the period in which such services are rendered or in which such events take place and will be calculated in accordance with formulas outlined in the Charter School agreements with any collective bargaining units and included in the budget of the current year of payment.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. There currently is no formal policy concerning payment of accumulated absences and no liability to be reported in the Statement of Net Position.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them. As of June 30, 2023, no liability existed for compensated absences in the Food Service Fund.

K. Unearned Revenue:

Unearned revenue in the special revenue fund represents cash, which has been received but not yet earned (see Note 2(B) regarding the special revenue fund).

L. Fund Equity:

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

M. Management Estimates:

In order for the preparation of basic financial statements to be in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

N. Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the School-wide financial statements. Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

O. Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

P. Charter School Funding:

The Charter School is largely funded on its enrollment through the local levy and categorical aid, which follows a particular student. Funding flows from the State to the district Board of Education and then to the Charter School. In accordance with N.J.S.A. 18A:36A-12 "the school district of residence shall pay directly to the Charter School for each student enrolled in the charter school who resides in the district a presumptive amount equal to 90% of the local tax levy budget per pupil for the specific grade level in the district. At the discretion of the commissioner and at the time the charter is granted, the commissioner may require the school district of residence to pay directly to the charter school for each student enrolled in the charter school an amount equal to less than 90%, or an amount, which shall not exceed 100% of the local levy budget per pupil for the specific grade in the district of residence. The per pupil amount paid to the charter school shall not exceed the local levy budget per pupil for the specific grade level in the district in which the charter school is located. The district of residence shall also pay directly to the charter school any categorical aid attributable to the student, provided the student is receiving appropriate categorical services; and any federal funds attributable to the student".

During the school year, a charter school shall conduct an enrollment count on October 15, and the last day of the school year. A charter school shall submit each count through a summary school register for the purposes of determining average daily enrollment. Based on these counts, a charter school's revenue is adjusted accordingly.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Q. Net Position:

Net position represents the difference between the sum of assets and deferred outflows of resources, and the sum of liabilities and deferred inflows of resources. Net position is classified into the following three components:

- Net investment in capital assets This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.
- Restricted Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by credits, grantors, or laws or regulations of their governments.
- Unrestricted Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The Charter School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

R. Fund balances - governmental funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Non-spendable includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the Charter School's highest level of decision-making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Directors.
- Assigned includes amounts that the Charter School intends to use for a specific purpose, but do
 not meet the definition of restricted or committed fund balance. Under the District's policy,
 amounts may be assigned by the Business Administrator.
- Unassigned includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the general fund. The Charter School reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

When an expenditure is incurred for purposes which both restricted and unrestricted fund balance is available, the Charter School considers restricted funds to have been spent first. When expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the Charter School considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

S. Fund Balance Reserves:

The Charter School reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve would be established for encumbrances.

T. Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School Charter School, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

U. Revenues – Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School, available means within sixty days of the fiscal year end. Nonexchange transactions, in which the Charter School receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned.

Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or for the fiscal year when use is first permitted; matching requirements, in which the Charter School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Charter School on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

V. Comparative Data/Reclassifications:

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the Charter School's financial position and operations. Also, certain immaterial amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

W. Allocation of Indirect Expenses:

The Charter School reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

X. Lease Acquisition Costs:

As part of any long-term lease agreement, providing for the use of school buildings, payments constituting professional lease acquisition and other related professional fees will expensed when incurred in accordance with GASB Statement No. 65. There were no such leases for the year ended June 30, 2022.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with a maturity of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey Schools are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey Schools.

Investments are stated at cost, or amortized cost, which approximates market. The amortized cost method involves valuing a security at its cost on the date of purchase and thereafter assuming a constant amortization to maturity for any discount or premium. The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

Deposits:

New Jersey statutes require that Charter Schools deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Charter Schools are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

New Jersey statues require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the Unites States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives, which have a maturity date no greater than twelve months from the date of purchase.
- c. Bonds of other obligations of the Charter School.

As of June 30, 2023, cash and cash equivalents in the fund financial statements of the Charter School consisted of the following:

		Cash and Cash Equivalents	
	Checking Accounts	\$ 281,175	
	Total	\$ 281,175	
Unrestricted cash			
Governmental fund	s, Balance Sheet	B-1	\$ 376,332
Enterprise funds, S	tatement of Net Position	B-4	4,843
Restricted cash			
Governmental fund	s, Balance Sheet	B-1	
Total cash	,		\$ <u>381,175</u>

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Custodial Credit Risk—Custodial credit risk is the risk that, in the event of a bank failure, the Charter School's deposits may not be recovered. Although the Charter School does not have a formal policy regarding custodial credit risk, N.J.S.A 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local government agencies. The program is administered by the Commissioner of the NJ Department of Banking and Insurance. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Funds owned by the Charter School in excess of FDIC insured amounts are protected by GUDPA. As of June 30, 2023, the Charter School's bank balance of \$518,808 was exposed to custodial credit risk as follows:

Insured	\$	250,000
Uninsured and collateralized with securities held by pledging financial institutions	 i .	268,808
	\$	518,808

New Jersey Cash Management Fund – The New Jersey Cash Management Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At June 30, 2023, the Charter School had no funds on deposit with the New Jersey Cash Management Fund.

NOTE 4. PENSION PLANS

Description of Plans - Eligible employees of the Charter School can be covered by Public Employees' Retirement System (PERS), Teachers' Pension and Annuity Fund (TPAF), or Defined Contribution Retirement Program (DCRP). PERS and TPAF are administered by the New Jersey Division of Pension and Benefits (NJDPB) and the DCRP is jointly administered by Prudential and NJDPB. The NJDPB issues publicly available financial reports that include financial statements and required supplementary information for the systems. These reports may be obtained online at https://www.nj.gov/treasury/pensions/financial-reports.shtml.

Public Employees' Retirement System

The PERS is a cost sharing multiple-employer defined benefit pension plan that was established in 1955. The PERS provides retirement, death and disability, and medical benefits to qualified members. The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A. All benefits vest after ten years of service, except for medical benefits that vest after 25 years of service or under the disability provisions of PERS.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who are enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010.
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
5	Members who were eligible to enroll on or after June 28, 2011.

Contributions - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The PERS member total contribution rate as of July 1, 2021 was 7.5% of base salary. The Charter School employees' contributions for the year ended June 30, 2023 were \$11,706. Employers in PERS are required to contribute at an actuarially determined rate which includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. The PERS employer rate due in 2023 is 15.98% of covered payroll. The Charter School is billed annually for its normal contribution plus any accrued liability. These contributions were paid by the Charter School and equal to the required contributions for each year. The Charter School's contributions to PERS for the years ended June 30, 2023, and 2022, were \$15,569 and \$8,630 respectively.

The total payroll for the year ended June 30, 2023 was \$1,404,784. Payroll covered by PERS was \$156,080 for fiscal year 2023.

NOTE 4. PENSION PLANS (CONT'D)

Public Employees' Retirement System (Continued)

Components of Net Pension Liability - At June 30, 2023, the Charter School's proportionate share of the PERS net pension liability was \$186,319. The net pension liability was measured as of June 30, 2022. The Charter School's proportion of the net pension liability was based on the Charter School's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2022. The Charter School's proportion measured as of June 30, 2022 was 0.001235% which was an increase of 0.00050% from its proportion measured as of June 30, 2021.

Pension Expense and Deferred Outflows/Inflows of Resources - The Charter School's 2023 PERS pension expense, with respect to GASB 68, was \$36,619. The Charter School's 2023 deferred outflows of resources and deferred inflows of resources were from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources
Differences between expected and actual experience	\$	1,345	\$	1,186
Changes of assumptions		577		27,899
Net difference between projected and actual earnings on pension plan investments		7,712		
Changes in proportion		173,944		
Contributions subsequent to the measurement date	_	15,569	_ ,	
Total	\$	199,147	\$	29,085
	=		= :	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

PERS
\$ 51,638
51,638
51,638
(1,201)
7.80
\$ 154,493
•

NOTE 4. PENSION PLANS (CONT'D)

Public Employees' Retirement System (Continued)

Additional Information - Collective Balances at June 30, 2023 and 2022 are as follows:

Year		2023	 2022
Collective deferred outflows of resources	_ \$	199,147	\$ 139,850
Collective deferred inflows of resources	\$	29,085	\$ 54,699
Collective Net Pension Liability	\$	186,319	\$ 87,297
District's Proportion		0.001235%	0.000737%

Actuarial Assumptions - The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	PERS
Investment Rate of Return	7.00%
Salary Increases: (Based on Years of Service):	2.75 – 6.55%
Inflation Rate – Price	2.75%
Inflation Rate – Wage	3.25%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

NOTE 4. PENSION PLANS (CONT'D)

Public Employees' Retirement System (Continued)

Long-Term Expected Rate of Return – In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 are summarized in the following table:

PERS		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%
Total	100.00%	

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

NOTE 4. PENSION PLANS (CONT'D)

Public Employees' Retirement System (Continued)

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate - The following presents the collective net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

-	1% Decrease (6.00%)	Current Discount (7.00%)	1% Increase (8.00%)
District's Proportionate Share of the Net Pension Liability	\$241,393_ \$	186,319	142,370

Teachers' Pension and Annuity Fund

The State of New Jersey Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special funding situation that was established in 1955. As under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who are enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010.
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
5	Members who were eligible to enroll on or after June 28, 2011.

Special Funding Situation - The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

NOTE 4. PENSION PLANS (CONT'D)

Teachers' Pension and Annuity Fund (Continued)

Contributions - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. The member contribution rate was 7.5% in as of July 1, 2021. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2022, the State's pension contribution was less that the actuarial determined amount. Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the Charter School and all other related non-contributing employers. No normal or accrued liability contribution by the Charter School has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, Accounting and Financial Reporting for Pensions. The Charter School was not required to make any contributions to the pension plan during the fiscal year ended June 30, 2023 because of the 100% special funding situation with the State of New Jersey.

During the fiscal year ended June 30, 2023, the State of New Jersey contributed \$281,056 to the TPAF for pension contributions, \$73,833 for post-retirement benefits on behalf of the Charter School, and \$305 for long-term disability. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Charter School \$83,473 during the year ended June 30, 2023 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries.

Components of Net Pension Liability - At June 30, 2023, the Charter School was not required to report a liability for its proportionate share of the net pension liability because of a 100% reduction for State of New Jersey pension support provided to the Charter School.

Pension Expense - For the year ended June 30, 2023, the Charter School recognized pension expense of \$60,655 and revenue of \$60,655 for support provided by the State.

Actuarial Assumptions - The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	TPAF
Investment Rate of Return	7.00%
Salary Increases	
(Based on Years of Service):	2.75 - 5.65%
Inflation Rate – Price	2.75%
Inflation Rate – Wage	3.25%

NOTE 4. PENSION PLANS (CONT'D)

Teachers' Pension and Annuity Fund (Continued)

Long-Term Expected Rate of Return - Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

TPAF		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%
Total	100.00%	=

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

NOTE 4. PENSION PLANS (CONT'D)

Teachers' Pension and Annuity Fund (Continued)

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate - The following presents the collective net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Current 1% Decrease Discount (6.00%) (7.00%)		1% Increase (8.00%)	
State's Share of the Net Pension Liability associated with the District	\$ 2,646,808	\$	2,253,775	\$ 1,929,308
State's Share of the Net Pension Liability	\$ 60,591,896,759	\$	51,676,587,303	\$ 44,166,559,329

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) is a multiple-employer defined contribution pension fund that was established in 2007 under the provisions of N.J.S.A 43:15C-1. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and long-term disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et seq.

The following represents the individuals eligible for membership in the DCRP:

Eligibility

- 1. State or Local Officials who are elected or appointed on or after July 1, 2007
- 2. Employees enrolled in the PERS or TPAF on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits
- 3. Employees enrolled in the PFRS or SPRS after May 21, 2010, who earn salary in excess of established "maximum compensation" limits
- 4. Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Tier 3 enrollment but who earn salary of at least \$5,000 annually
- 5. Employees otherwise eligible to enroll in the PERS or TPAF after May 21, 2010, who do not work the minimum number of hours per week required for PERS or TPAF Tier 4 or Tier 5 enrollment but who earn salary of at least \$5,000 annually

Contributions – The contribution policy is set by N.J.S.A 43:15C-3 and requires contributions by active members and contributing employers. Plan members are required to contribute 5.5% of their base salary and the Charter School's employer match is an additional 3% contribution. For the year ended June 30, 2023, employee contributions totaled \$0.00 and the Charter School's employer contribution, recognized in pension expense, was \$0.00. There were no forfeitures during the fiscal year.

Pension Plan Fiduciary Net Position - Detailed information about each pension plan's fiduciary net position is available in the separately issued New Jersey Division of Pension and Benefits financial report. Information on where to obtain the report is indicated at the beginning of this note.

NOTE 5. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

General Information about the OPEB Plan

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

Special Funding Situation

The participating local education employer allocations included in the supplemental Schedule of special funding amounts by employer are provided as each local education employer is required to record in their financial statements, as an expense and corresponding revenue, their respective amount of total OPEB expense attributable to the State of New Jersey under the special funding situation and to include their respective amount of total OPEB liability in their notes to their financial statements. The total OPEB liability and service cost for each employer was determined separately based on actual data for each employer's participants.

NOTE 5. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)

State Health Benefit State Retired Employees Plan:

State Health Benefit State Retired Employees Plan Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be recorded on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not prefund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The 7 State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage: https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

NOTE 5. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)

Total OPEB Liability

The State of New Jersey's total OPEB liability, as of the measurement date of June 30, 2022, was \$50,646,462,966. Of this amount, the total OPEB liability attributable to the Charter School was \$703,594. The State of New Jersey's proportionate share of the total OPEB liability is 100%, including the proportion attributable to the Charter School of 0.00139%. The total OPEB liability for the Charter School measured as of June 30, 2022 is zero as a result of the Special Funding Situation with the State of New Jersey. The Charter School's proportionate share of the total OPEB liability measured as of June 30, 2022 is 0.00%. Accordingly, the Charter School did not recognize any portion of the collective net OPEB liability on the Statement of Net Position.

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	TPAF/ABP	PERS	PFRS
Salary Increases:	2.75% to 4.25%	2.75% to 6.55%	3.25% to 16.25%
	based on years of	based on years of	based on years of
	service	service	service

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the TPAF, PERS and PFRS experience studies prepared for July 1, 2018 to June 30, 2021.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 6.25% and decreases to a 4.50% long-term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 8.00% and decreases to a 4.50% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

NOTE 5. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)

Discount rate

The discount rate used to measure the total OPEB liability was 3.54%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the Total OPEB Liability

State of New Jersey	Total OPEB Liability
Balance as of June 30, 2021 Measurement Date	\$ 60,007,650,971
Changes for the year:	
Service Cost	2,770,618,025
Interest	1,342,187,139
Changes of Benefit Terms	0
Differences between Expected and Actual	 1,399,200,736
Changes of Assumptions	(13,586,368,097)
Benefit Payments	(1,329,476,059)
Contributions from Members	42,650,252
Net Changes	(9,361,188,004)
Balance as of June 30, 2022 Measurement Date	\$ 50,646,462,967

Sensitivity of Total Nonemployer OPEB Liability to changes in the discount rate:

The following presents the total nonemployer OPEB liability as of June 30, 2022, respectively, calculated using the discount rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

		June 30, 20 <u>22</u>	
-	At 1.00% Decrease	At Discount Rate	At 1.00% Increase
	2.54%	3.54%	4.54%
\$ -	59,529,589,697	50,646,462,966	43,527,080,995

Sensitivity of Total Nonemployer OPEB Liability to changes in the healthcare trend rate:

The following presents the total nonemployer OPEB liability as of June 30, 2022, calculated using the healthcare trend rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a healthcare trend rate that is 1- percentage point lower or 1-percentage point higher than the current rate:

		June 30, 2022	
_	1.00% Decrease	Healthcare Cost Trend Rate	1.00% Increase
\$	41,862,397,291	50,646,462,966	62,184,866,635

NOTE 5. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the Charter School recognized OPEB expense of \$186,127. The Charter School reported deferred outflows of resources and deferred inflows of resources from the following sources:

	_	Deferred Outflows of Resources	 Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$	125,619	\$ (214,815)
Changes of Assumptions		121,774	(239,465)
Net difference Between Projected and Actual Earnings on OPEB Plan Investments		,	(300, 100)
Changes in Proportion		785,493	
Contributions Subsequent to the Measurement Date		,	
Total	\$	1,032,886	\$ (454,280)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows.

Measurement Period Ending June 30,		OPEB
2023	\$	184,568
2024		184,568
2025		184,568
2026		184,568
2027		184,568
Thereafter	_	564,326
Total	\$	1,487,166

NOTE 6. FUND BALANCE

<u>General Fund</u> - Of the \$314,421 in General Fund balance at June 30, 2023, \$75,000 is restricted for escrow, \$7,129 is restricted for unemployment compensation, \$12,809 is assigned for encumbrances, and \$219,483 is unassigned.

NOTE 7. LITIGATION

The Charter School is from time to time involved in claims and lawsuits incidental to its operations. Per confirmation by the Charter School's legal counsel, there are no pending litigations, claims, assessments of contingent liability against the Charter School.

NOTE 8. RISK MANAGEMENT

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u>- The Charter School maintains commercial insurance coverage for property, liability, student accident and surety bonds.

New Jersey Unemployment Compensation Insurance- The Charter School has elected to fund its New Jersey Unemployment Compensation Insurance under the Reserve method. Under this plan, the Charter School is required to contribute a percentage of wages to the New Jersey Unemployment Trust Fund on a quarterly basis. The following is a summary of Charter School contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Charter School's expendable trust fund for the current year:

Balance	Charter			Balance
June 30,	School	Employee		June 30,
2022	Contributions	Contributions	<u>Claims</u>	2023
\$ 10,128 \$	1_\$		\$ (3,000)	7,129

NOTE 9. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2023:

Business-Type Activities:						
Compensated absences payable	\$	\$	\$	\$	\$	\$

Leases

The Charter School is a lessee for a building lease agreement. The Charter School recognizes a lease liability – finance purchase and a capital asset or recognizes a lease liability – right to use and an intangible right-to use lease asset in the Charter School-wide financial statements based on the criteria dictated in GASB Statement No. 87 – Leases.

NOTE 12. LONG-TERM OBLIGATIONS (CONT'D))

<u>Leases</u> (Continued)

At the commencement of a lease, the Charter School determines based on the criteria dictated in GASB Statement No. 87 – Leases, if the lease is a finance purchase or a right to use lease liability. Then the Charter School initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease liabilities are reported with the long-term obligations on the statement of net position.

A finance purchased asset is initially measured as the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. The asset is depreciated on a straight-line basis over the life of the lease which is considered the asset's useful life. The asset is reported with the Charter School capital assets as land, land improvements, buildings and improvements or furniture and equipment.

An intangible right-to use lease asset is initially measured as the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date. The intangible right-to use lease asset is amortized on a straight-line basis over the life of the lease. The intangible right-to use lease asset is reported with the Charter School's capital assets in its own category called Right-to-Use Lease Assets.

Key estimates and judgements related to leases include how the Charter School determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The Charter School uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the Charter School is utilizing the treasury bill rate (corresponding to length of lease) in place at the date of implementation along with other risk factors to determine the discount interest rate for leases.

The Charter School has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statements of net position.

The Charter School has determined its lease agreement qualifies as a right-to-use asset. As of June 30, 2022, total future minimum lease payments under right-to-use lease agreement is as follows:

Year Ending June 30,		Amount			
2024	\$	251,715			
2025		3,099			
2026		3,099			
2027		3,099			
2028		1,549			
	\$_	262,561			

NOTE 13. TAX ABATEMENT

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government Creativity CoLaboratory to forgo tax revenues and the individual or entity Creativity CoLaboratory to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because NJSA 54:4-75 and NJSA 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at NJSA 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

NOTE 14. RESERVED FUND BALANCE - ESCROW

New Jersey Charter Schools are required to maintain an Escrow Reserve account up to \$75,000 in accordance with state statute. As of June 30, 2023, the Charter School has \$75,000 restricted for Escrow.

NOTE 15. SUBSEQUENT EVENTS

There were no events noted, between the year-end and November 28, 2023, requiring disclosure.

CREATIVITY COLABORATORY CHARTER SCHOOL REQUIRED SUPPLEMENTARY INFORMATION BUDGET-TO-GAAP RECONCILIATION NOTE TO RSI - PART II FOR THE FISCAL YEARS ENDED JUNE 30, 2023

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

Sources/inflows of resources			General Fund		<u>.</u>	Special Revenue Fund
Actual amounts (budgetary basis) "revenue"						
from the budgetary comparison schedule	[C-1]	\$	3,281,675	[E-1]	\$	235,392
Difference - budget to GAAP:						
Grant accounting budgetary basis differs from GAAP in that						
encumbrances are recognized as expenditures, and the related revenue is recognized.						
Current Year						
Prior Year						
State aid payment recognized for budgetary purposes,						
not recognized for GAAP statements						
not recognized for GAAF statements		_				
Total revenues as reported on the statement of revenues, expenditures						
and changes in fund balances - governmental funds.	[B-2]	¢	3,281,675	[B-2]	¢	235,392
and on the salariose governmental failes.	[ك-ك]	<u>Ψ</u>	3,201,073	[D-2]	Ψ ———	200,002
Uses/outflows of resources						
Actual amounts (budgetary basis) "total outflows" from the	[C-1]	\$	3,237,002	[E-1]	\$	235,536
budgetary comparison schedule						
Differences - budget to GAAP						
Encumbrances for supplies and equipment ordered but						
not received are reported in the year the order is placed for						
budgetary purposes, but in the year the supplies are received for financial reporting purposes.						
Current Year						
Prior Year						
Transfers to and from other funds are presented as outflows of						
budgetary resources but are not expenditures						
for financial reporting purposes.						
Net transfers (outflows) to general fund						
Total expenditures as reported on the statement of revenues,						
expenditures, and changes in fund balances - governmental funds	[B-2]	\$	3,237,002	[B-2]	\$	235,536

Required Supplementary Information - Part III

Schedule of Changes in the Total OPEB Liability and Related Ratios

State Health Benefit Local Education Retired Employees Plan-Last Ten Fiscal Years

			2022	2021	2020	2019
Total OPEB Liability						
Service Cost		\$	104,020 \$	\$		\$
Interest Cost			18,646	3,789		
Changes of Benefit Terms				(155)		
Differences Between Expected and Actual Expe	eriences		641,476	145,183		
Changes of Assumptions			(188,745)	144		
Member Contributions			593	97		
Gross Benefit Payments			(18,469)	(2,985)		
Net Change in Total OPEB Liability			557,521	146,073		
Total OPEB Liability - Beginning			146,073	-		
Total OPEB Liability - Ending	e e e e e e e e e e e e e e e e e e e	\$	703,594 \$	146,073 \$		\$
Covered-Employee Payroll		\$	1,259,480 \$	949,380 \$		\$
○ Total OPEB Liability as a Percentage of Cov	ered-Employee Payroll		55.86%	15.39%		

Notes to Schedule:

Changes of Benefit Terms: The decrease in liability from June 30, 2020 to June 30, 2021 is due to employers adopting Chapter 44 provisions.

Differences Between Expected and Actual Experiences: The decrease in liability from June 30, 2020 to June 30, 2021 is due to changes in the census.

Changes in Assumptions: The increase in the liability from June 30, 2020 to June 30, 2021 is due to the combined effect of Trend Updates, Mortality Projection Scale Updates, Discount Rate Changes, and Salary Scale changes.

Note: This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, this presentation will only include information for those years for which information is available.

OTHER SUPPLEMENTARY INFORMATION

SPECIAL REVENUE FUND

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

PROPRIETARY FUND

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund – This fund provides for the operation of food services in all Schools.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5 AND B-6.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of
The Board of Trustees
Creativity CoLaboratory Charter School, Inc.
County of Salem New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards. issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Trustees of the Creativity CoLaboratory Charter School, Inc. Charter School, in the County of Salem, State of New Jersey, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Board of Trustees of the Creative Collaboratory Charter School, Inc. Charter School's basic financial statements, and have issued our report thereon dated November 28, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Creativity CoLaboratory Charter School, Inc. Board of Trustees' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Creativity CoLaboratory Charter School, Inc. Board of Trustees' internal control. Accordingly, we do not express an opinion on the effectiveness of the Creativity CoLaboratory Charter School, Inc. Board of Trustees' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Creativity CoLaboratory Charter School, Inc. Board of Trustees' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance, or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE NEW JERSEY OMB CIRCULAR 15-08

The Honorable President and Members of the Board of Trustees Creativity CoLaboratory Charter School, Inc. County of Salem New Jersey

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's major state programs for the year ended June 30, 2023. The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Office of School Finance, *Department of Education, State of New Jersey*, and New Jersey OMB 15-08. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and New Jersey OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the County of Salem, State of New Jersey's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and New Jersey OMB 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test
 basis, evidence regarding The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the
 County of Salem, State of New Jersey's compliance with the compliance requirements referred to
 above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The Creativity CoLaboratory Charter School, Inc. Board of Trustees, in the
 County of Salem, State of New Jersey's internal control over compliance relevant to the audit in order
 to design audit procedures that are appropriate in the circumstances and to test and report on internal
 control over compliance in accordance with New Jersey OMB 15-08, but not for the purpose of
 expressing an opinion on the effectiveness of The Creativity CoLaboratory Charter School, Inc. Board
 of Trustees, in the County of Salem, State of New Jersey's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the New Jersey OMB 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

The accompanying Notes to the Financial statements and Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance are an integral part of this schedule.

CREATIVIVITY COLABORATORY CHARTER SCHOOL, INC. NOTES TO THE SCHEDULE OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2023

NOTE 1: GENERAL

The accompanying schedules of expenditures of awards and financial assistance present the activity of all federal and state award programs of the Board of Trustees, Creativity CoLaboratory Charter School, Inc. The board of trustees is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies are included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200- Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The Charter School has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

NOTE 3: RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

CREATIVIVITY COLABORATORY CHARTER SCHOOL, INC. NOTES TO THE SCHEDULE OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2023

There was no net adjustment to reconcile from the budgetary basis to the GAAP basis for the special revenue fund. See Note 2 for a reconciliation of the budgetary basis to the Modified Accrual basis of accounting for the general and special revenue fund. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	Federal			State	 Total
General Fund	\$	- " -	\$	1,809,876	\$ 1,809,876
Special Revenue Fund		235,140			235,140
Food Service Fund		67,794		1,578	 69,372
Total Awards & Financial Assistance	\$_	302,934	\$_	1,811,454	\$ 2,114,388

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: FEDERAL AND STATE LOANS OUTSTANDING

Creativity CoLaboratory Charter School had no outstanding loans at June 30, 2022.

NOTE 6: OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the Charter School for the year ended June 30, 2022. TPAF Social Security Contributions represent the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2022.

NOTE 7: SCHOOL-WIDE PROGRAM FUNDS

The District's Federal Programs are maintained on a school-wide basis.

NOTE 8: MAJOR PROGRAMS

Major programs are identified in the Summary of Auditor's Results Section of the Schedule of Findings and Questioned Cost.

NOTE 9: ADJUSTMENTS

There were no adjustments reported on Schedule A or Schedule B for the 2021-2022 School Year.
