P.L.2020, c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A.18A:16-13.3 (Chapter 44) submitted for the year under audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The net salaries of sampled employees of the School District were deposited in the Net Payroll Account. Employees' payroll deductions and the employer's share of fringe benefits were deposited in the Agency Payroll Account.

Sampled payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary / School Business Administrator.

Sampled salary withholdings were promptly remitted to the proper agencies, including health benefit premium withholdings due to the General Fund.

Payrolls were delivered to the Board Secretary / School Business Administrator who then deposited warrants in separate bank accounts for net payroll and withholdings.

We also tested the coding of all expenditures included in our compliance and single audit sampling procedures. In addition, a sample was selected that specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. Our samples did not indicate any reportable noncompliance with respect to classification of expenditures.

Recommendation

The School District should implement controls over the filing of reimbursement requests to ensure timely reimbursement of expenditures.

State Aid Public

Finding No. 2023-009 (ACFR Finding 2023-009)

Condition

The School District failed to follow Public Law 2011, chapter 78, and made waiver payments in excess of the maximum amount allowed.

Recommendation

The School District should follow Public Law 2011, chapter 78 with respect to the disbursement of waiver payments.

T.P.A.F. Reimbursement

Our audit procedures included a sample of the biweekly reimbursements filed with the Department of Education for School District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's final report for all federal awards for the School District to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the School District for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management and N.J.S.A. 18A:66-90. The expenditure was inspected subsequent to the reimbursement and no exceptions were noted.

SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and the school contracts in general, are available on the following website:

<https://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>

Current statute is posted on the New Jersey Legislature website at:

<http://www.njleg.state.nj.us/>

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000.00 (with a Qualified Purchasing Agent) and \$32,000.00 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200.00 for 2022-2023.

The School District's Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of our audit, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

SCHOOL FOOD SERVICE

The school food service program was not selected as a major federal and / or State program. However, the program expenditures exceeded \$100,000.00 in federal and / or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. The following exceptions were noted:

Finding No. 2023-005 (ACFR Finding 2023-005)

Condition

In several instances the School District's edit check worksheets that detail the number of meals served did not agree with the number of meals claimed for reimbursements. Additionally, the School District could not provide supporting documentation for 1 month of meals claimed.

Recommendation

The School District should ensure that all edit check worksheets are maintained as supporting documentation and they agree to the amount of meals requested for reimbursement.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The statement of revenues, expenses, and changes in fund net position (ACFR exhibit B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We also inquired of management about the public health emergency procedures / practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Paycheck Protection Plan (PPP) and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA.

Net cash resources did exceed three months average expenditures.

Finding No. 2023-001 (ACFR Finding 2023-001)

Condition

The School District's net cash resources exceeded 3 months average expenditures for its nonprofit school food service.

Recommendation

The School District should ensure that its net cash resources does not exceed 3 months average expenditures for its nonprofit school food service.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the ACFR.

STUDENT BODY ACTIVITIES

Our audit of the financial and accounting records for student activities indicated that they were in satisfactory condition.

APPLICATION FOR STATE SCHOOL AID

We also performed an inspection of the School District procedures related to its completion. The information on the A.S.S.A. was compared to the School District workpapers without exception. The information that was included on the workpapers was verified with minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The School District maintained workpapers on the prescribed State forms or their equivalent.

The School District has adequate written procedures for the recording of student enrollment data.
