## Elementary and Secondary Education Act (E.S.E.A) as amended by the Every Student Succeeds Act (E.S.S.A.)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I, II, and IV of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of the E.S.E.A. funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

#### Other Special Federal and/or State Projects

The District's special projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the <u>ACFR</u>. This section of the <u>ACFR</u> documents the financial position pertaining to the aforementioned special projects. The study of compliance for special projects indicated no areas of noncompliance.

The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

#### **School Purchasing Programs**

#### Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: http://www.state.nj. us/dca/divisions/dlgs/programs/lpcl.html.

Current statute is posted on the New Jersey Legislature (http://www.njleg.state.nj.us/) website.

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 for 2022-2023.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended.

#### **School Purchasing Programs (Cont'd)**

#### Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination revealed purchases through the use of State contracts for a storage tank.

The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract over the statutory threshold amount of \$6,600 except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Education, price and other factors considered. Our examination indicated that the Board of Education complied with these provisions.

#### **School Food Service**

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal or State program and expended less than \$100,000 in Federal and/or State Support for its Child Nutrition Program.

#### **Finding 2023-1**

The September SNEARS was submitted late and the request for reimbursement was denied, resulting in a loss of \$3,941.

#### Recommendation

Reimbursement requests should be submitted within 60 days.

#### **Finding 2023-2**

Net cash resources in the Food Service Fund exceeded three months average expenditures.

#### Recommendation

The Board should implement a corrective action plan to effectively reduce the net cash resources on hand in the Food Service Fund through capital expenditure or otherwise.

#### **Student Body Activities**

The Board has a policy, which clearly established the regulation of student activity funds.

All receipts were promptly deposited.

A monthly report of student activity funds is being submitted to the Board.

Cash receipts and disbursements books were maintained in good condition.

Receipts appeared to be deposited promptly in the bank.

Vouchers and supporting invoices were maintained for the student activity fund purchases. All disbursements appeared to be supported by appropriate documentation.

#### **Unemployment Compensation Insurance Trust Fund**

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

#### **Workers' Compensation Insurance Trust Fund**

The Board has not adopted a self-insurance plan for workers' compensation and has not established a Workers' Compensation Insurance Trust Fund.

#### Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2022 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped and low-income. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers. The information that was included on the workpapers was verified. The results of our procedures are presented in the Schedule of Audited Enrollment. The District maintained workpapers on the prescribed state forms or their equivalent. The District has adequate written procedures for the recording of student enrollment data.

#### **Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

#### **Facilities and Capital Assets**

Our procedures included a review of the SDA grant agreements, if any, for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.

There were no open SDA grant agreements as of June 30, 2023, as the previous grant was closed during the year under audit. The general fixed asset records were updated for the additions and disposals of general fixed assets made during the year.

#### **Finding 2023-3**

The District's Fixed Asset Record, prepared by an outside vendor, was not available as of the audit date. As a result, reasonable estimates were calculated and applied, as part of the audit.

#### Recommendation

Additions, deletions and other adjustments to the District's Fixed Asset Record should be submitted to the outside vendor in a timely manner, in order to reflect updated annual information in the financial statements.

#### Testing for Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

#### Follow-up on Prior Years' Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. All prior year findings were resolved with the exception of the following:

#### **Finding 2022-1**

Net cash resources in the Food Service Fund exceeded three months average expenditures.

#### **Acknowledgment**

We received the complete cooperation of all the officials of the School District, and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
