## ESSEX FELLS SCHOOL DISTRICT

### ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE

#### Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

#### Administrative Practices and Procedures

##### Insurance

Fire insurance coverage was carried in the amounts, as detailed on Exhibit J-20, Insurance Schedule contained in the District's ACFR.

##### Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Steven J. Lella	Board Secretary/School Business Administrator	\$160,000.00
Marie Criscuolo	Treasurer of School Moneys	160,000.00

There is an Employee Dishonesty Bond with the New Jersey Schools Insurance Group covering all other employees in the amount of \$50,000.00.

##### P.L. 2020, c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A. 18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by the school district.

The school district data certification was completed by the Chief School Administrator. The school district Chapter 44 data was submitted timely.

##### Tuition Charges

Not Applicable.

##### Financial Planning, Accounting and Reporting

##### Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

In verifying expenditures, computations were tested on claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

### **Payroll Account and Position Control Roster**

The net salaries of all employees of the Board were deposited in the payroll account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the payroll agency account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

The propriety of deductions from individual salaries for Pensions, Social Security, Withholding Tax and other purposes was not verified as part of this examination.

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

All encumbrances, contracts, salaries and expenditures for state and federally funded projects were in accordance with laws and regulations and in conformity with procurement requirements.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Board Secretary's Records**

The financial records, books of accounts and minutes maintained by the Board Secretary were in satisfactory condition. The prescribed contractual order system was followed.

District funds were provided and expended in the proper GAAP account codes based upon audit testing of transactions.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

### **Treasurer's Records**

The Treasurer's records were found to be maintained properly.

Acknowledgment of the Board's receipt of the Treasurer's Report was included in the minutes.

### **Elementary and Secondary Education Act as Amended by the Every Student Succeeds Act (ESSA)**

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act, as amended and reauthorized.

The study of compliance for E.S.E.A. indicated that there were no areas of noncompliance and/or questioned costs.

### **Other Special Federal and/or State Projects**

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR. Expenditures of federal awards did not meet the \$750,000.00 expenditure threshold requiring a federal single audit.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects did not indicate any areas of noncompliance.

### **TPAF Reimbursement**

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

### **TPAF Reimbursement to the State for Federal Salary Expenditures**

There were no TPAF employee salaries charged to federal award expenditures that would require reimbursement to the State of New Jersey for TPAF Pension or FICA paid on-behalf of the district.

### **School Purchasing Programs**

#### **Contracts and Agreements Requiring Advertisement for Bids**

The bid threshold in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) is \$44,000.00 with a Qualified Purchasing Agent. The law regulating bidding for public school transportation contracts under N.J.S.A. 18A:39-3 is \$20,200.00 for 2022-2023.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

### **School Food Service**

Not Applicable.

### **Student Body Activities**

Cash receipts and disbursement records were examined only insofar as the local records permitted. Our review of the student activity fund did not determine any exceptions.

### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 14, 2022 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

### **Pupil Transportation**

Our audit procedures included a test of on-roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

### **Facilities and Capital Assets**

Accounting for capital assets is required in order to maintain physical accountability over the assets owned by a school. The accounting system should provide a record of the fixed assets obtained over the years that are still in service and identify the funding source for the purchase of those assets. This provides the ability to prevent, detect and recognize losses of capital assets. The New Jersey Department of Education notified school districts that, effective July 1, 2001, there is a \$2,000.00 capitalization threshold for capital assets. This is a policy set for financial reporting and accounting purposes. Schools may use a lower threshold for asset management and insurance purposes.

### **Testing for Lead of All Drinking Water in Educational Facilities**

The School District adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The School District did submit the Annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

### **Follow-Up on Prior Years' Findings**

Not Applicable

Acknowledgment

We received the complete cooperation of all the officials of the school district and greatly appreciate the courtesies extended to the members of the audit team.
