Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a 0% error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

No exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: http://www.state.nj.us/dca/divisions/dlgs/programs/ps_contracts.html.

The current statute is posted on the New Jersey Legislature website at: http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientID=1319801&depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 for 2022-2023.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that I Pads, Carts/Adapters and Access Controller were purchased from vendors approved for state contract.

Financial Planning, Accounting and Reporting (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that I Pads, Carts/Adapters and Access Controller were purchased from vendors approved for state contract.

The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract less than the bid threshold but 15% or more of that amount, except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Education, price and other factors considered. Our examination indicated that the Board of Education complied with these provisions.

School Food Service

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A. 18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. Exceptions were not noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. Exceptions were not noted.

Finding 2023-1

Net cash resources in the Food Service Fund exceeded three months average expenditures.

Recommendation

The Board should implement a corrective action plan to effectively reduce the net cash resources on hand through capital expenditure or otherwise.

Student Body Activities

Approval authorization appeared to be available for all student activity cash disbursements.

The District maintains a board policy that clearly established the regulation of the Student Activities Fund.

Cash receipts and disbursements journals were maintained in fair condition and reconciled to the monthly bank statements. Deposits were traceable to the bank and made on a timely basis. Expenditures were supported by invoices and other documentation.

Community Program Enterprise Fund

Cash receipts and disbursements journals were maintained in fair condition and reconciled to the monthly bank statements. Deposits were traceable to the bank and made on a timely basis. Expenditures were supported by invoices approval authorization and other documentation.

The amount of surplus increased by \$48,828 during the 2022-2023 fiscal year, with a balance at June 30, 2023 of \$72,914.

Application for State School Aid

Our audit procedures included a test of the information reported in the October 15th Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A was compared to the district workpapers without exception.

The results of our procedures are presented in the Schedule of Audited Enrollments. The district maintained workpapers on the prescribed state forms or their equivalent and has adequate written procedures for the recording of student enrollment data.

The results of our procedures are presented in the Schedule of Audited Enrollment.

The District maintained workpapers on the prescribed state forms or their equivalents.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS District workpapers was verified to the DRTRS Eligibility Summary Report, which is presented in the Schedule of Audited Enrollments. The DRTRS Eligibility Summary Report was compared to the County Summary Report. All items were in agreement.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

As part of the GASB 34 reporting format, fixed assets were recorded in accordance with GAAP including a provision for depreciation expense.

There were additions of \$1,232,214 to fixed capital during the 2022-2023 school-year and the balance in Fixed Assets was \$7,419,820, after reflecting depreciation expense of \$356,734 and an adjustment of \$10,778 as of June 30, 2023.

Testing for Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The test results were posted on the district's website as well as being available at the school facility.

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. All prior year findings were resolved with the exception of the following:

Finding 2022-1

Net cash resources in the Food Service Fund exceeded three months average expenditures.

Acknowledgment

We received the complete cooperation of all the officials of the School District, and we greatly appreciate the courtesies extended to the members of the audit team.
