**Financial Planning, Accounting and Reporting**

Examination of Claims

An examination of claims paid during the period under review did not reveal any material discrepancies with respect to signature, certification or supporting documentation.

## **Financial Planning, Accounting and Reporting, (continued)**

### **Payroll Account**

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was filed by the March 15 due date.

### **Position Control Roster**

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, a transaction error rate of 0.00% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Board Secretary's Records**

The Board Secretary's records were examined and found to be in good condition.

## **Financial Planning, Accounting and Reporting, (continued)**

### Fixed Assets

The general fixed asset records were updated for the additions and disposals of general fixed assets made during the year.

### Treasurer's Records

Treasurer's records were examined and found to be in good condition.

### Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Title I, Title II, Title III and Title IV of the Elementary and Secondary Education Act as amended.

The study of compliance for E.S.E.A. indicated that there were no areas of noncompliance and/or questionable costs.

### Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated that there were no areas of noncompliance and/or questioned costs.

### T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements form filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund.

### T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district (or charter school or renaissance school project) for those employees whose salaries are identified as being paid from federal funds was made prior to the end of 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

## School Purchasing Programs

### Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term ‘competitive contracting’, which is defined as “the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received.” Also, subsection (aa) defines the term ‘concession’ to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a “Qualified Purchasing Agent” (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. “In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted.”

Effective July 1, 2020 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,00.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the current year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

**Finding 2023-01:** There was an expenditure that exceeded the statutory bid threshold of \$44,000.00 that was not put out to bid.

**Recommendation:** That all purchases that exceed the statutory bid threshold be put out to bid.

## **School Purchasing Programs, (continued)**

**Finding 2023-02:** Political Disclosure forms were not on file or not current for vendors required to file them.

**Recommendation:** That political disclosure forms be requested annually and kept on file for all vendors required to provide them.

## **School Food Service Programs**

The financial transactions and statistical records of the school food service program were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash Receipts and bank records were reviewed for timely deposit.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC fixed price contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least \$25,000.00. The operating results provision has been met. All vendor discounts, rebates and credits from the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

The number of meals claimed for reimbursement were compared to the sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. Meals claimed did agree with meal count records.

The District is a Community Eligibility School and utilized the State of New Jersey Household Information Survey to determine a student's low-income status for ASSA reporting.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did exceed three months average expenditures. No comment is being made as this was due to the COVID emergency.

U.S.D.A. Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The Statement of Revenues, Expenses and Changes in Fund Net Assets (ACFR, Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

The School District's food management company maintains the detailed revenue and expenditure information necessary in order to execute the U.S.D.A. mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the Annual Comprehensive Financial Report.

### **Student Body Activities**

During our review of the student activity funds, the following items were noted.

Cash and disbursement records were maintained in good order.

All cash receipts were promptly deposited in the bank and the disbursements contained supporting documentation.

### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 14, 2022 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

**Finding 2023-03:** The student counts on the District workpapers were not in agreements with the amounts reported on the A.S.S.A. Data listing as detailed on the schedule of audited enrollments.

**Recommendation:** That the amounts reported on the A.S.S.A. be in agreement with the student counts on the District workpapers.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

### **Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

**Testing for Lead of All Drinking Water in Educational Facilities**

The School District submitted the Annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

**Follow-up on Prior Year Findings**

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings with the exception of the items marked with an “\*”.

**Acknowledgment**

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.
