Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the School District Annual Comprehensive Financial Report (ACFR). Adequacy of insurance coverage is the responsibility of the Board of Education.

Official Bonds (N.J.S.A. 18A:17-26, 18A:17-32,18A:13-13)

Surety bond coverage in force during the period was:

<u>Name of Employee</u>	<u>Position</u>	<u>Amount</u>
Paul DeAngelo	Business Administrator/Board Secretary	\$ 195,000
Andrew Coppola	Treasurer of School Monies	195,000

The Treasurer of School Monies was bonded in a surety bond in accordance with provisions of N.J.S.A 18A:17-32 within minimum limits of the schedule promulgated by the New Jersey State Board of Education.

P.L.2020,c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A.18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by the School District.

The School District data certification was completed by the Chief School Administrator. The School District Chapter 44 data was submitted timely.

June 30, 2023

Payroll Account

The net salaries of all employees of the Board were deposited in the payroll account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the payroll agency account.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/Business Administrator, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

Employee Position Control Roster

A review of the Position Control Roster found no inconsistencies between the payroll records, employee benefit records (e.g., pension reports and health benefit coverage reports), the general ledger accounts to where wages are posted (administrative versus instruction), and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received, or services not yet rendered, and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received, and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was evaluated for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3.

A review of classification of expenditures during the period under review did not indicate any material discrepancies with respect to proper classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary disclosed exceptions.

Finding 2023-001: The Board Secretary's Report did not agree with underlying accounting records.

Recommendation: The Board Secretary's Report should agree with underlying accounting records.

Treasurer's Records

Our review of the records of the Treasurer of School Moneys did not disclose any exceptions.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

Other Special Federal and/or State Projects

The District's special projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

We suggest that reimbursements for grant expenditures be continuously monitored to ensure adequate cash flow for District needs.

Our audit procedures included a test of the bi-weekly reimbursements filed with the Department of Education for District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 States:

- “A. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by Resolution of the Board of Education without public advertising for bids and bidding therefor, except that the Board of Education may adopt a Resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent possesses a qualified purchasing agent certificate pursuant to Subsection B. of Section 9 of P.L.1971, c.198 (C.40A:11-9) the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.”
- “B. Commencing in the fifth year after the year in which P.L.1999, c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of the Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in Subsection A. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.”

N.J.S.A. 18A-4 States:

“Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by Resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law.”

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200 for 2022-2023.

In accordance with N.J.S.A. 18A:18A-3A and N.J.A.C. 5:34-5 et. seq. the Board of Education has appointed a Qualified Purchasing Agent which allows the Board of Education to increase the bid threshold and to grant the authorization to negotiate contracts below the bid threshold.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

School Purchasing Programs (continued)

Contracts and Agreements Requiring Advertisement for Bids (continued)

As the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Expenditures were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Unemployment Compensation Insurance Fund

The Board has adopted the direct reimbursement method and has established an unemployment compensation insurance fund.

School Food Service

The District was authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The District was also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

The District was notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

We also inquired of School Management, or appropriate school food service personnel, as to whether the District's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

We inquired of Management about the public health emergency procedures/practices that the District instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations.

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

MANSFIELD TOWNSHIP SCHOOL DISTRICT

June 30, 2023

School Food Service (continued)

The District utilizes a FSMC and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC Cost Reimbursable Fixed Price or Non-Competitive Emergency Procurement contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program profits will equal \$20,000. The operating results provision was met. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the food service account and reconciled to supporting documentation at least annually. The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources exceeded three months' average expenditures. It has been determined that continued efforts have been made to reduce the cash balance below the three months average expenditures.

The number of meals claimed for reimbursement was compared to sales and meal count records. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced-price meals were reviewed for completeness and accuracy. The number of free and reduced-price meals claimed as served was compared to the number of valid applications/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced-price meal and free milk policy was reviewed for uniform administration throughout the School system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced-price applications were completed and available for review.

USDA Food Distribution Program (food and commodities) were received, and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

We also inquired of school Management, or appropriate food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

The School District did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section titled Proprietary Funds, Section B of the ACFR.
