Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

<u>Insurance</u>

Multi-peril insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's ACFR.

Officials in Office and Surety Bonds

Name	Position	Coverage
Raymond Krov	Treasurer of School Monies	\$ 320,000
Kathryn Blew	School Business Administrator/Board Secretary	320,000

P.L. 2020, c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A. 18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by the District.

The District's data certification was completed by the Superintendent, and the data was submitted timely.

The data certification date does not reflect a submission date later than 60 days after the end of the enrollment period.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were different than estimated costs. The Board made a proper adjustment to the billings to sending districts for the change in per pupil costs in accordance with N.J.A.C. 6A:23A-3.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid on a test basis, during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Financial Planning, Accounting and Reporting (Cont'd)

Payroll Account and Position Control Roster

The net salaries of employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/School Business Administrator and the Superintendent.

Salary withholdings were promptly remitted to the proper agencies including health benefit withholdings due to the General Fund.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendent and business administrator) to the NJ Department of Treasury was filed in a timely manner.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made on a test basis as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, we reviewed administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. Overall compliance was noted.

Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained herein within the Special Revenue Section of the District's ACFR. This section of the ACFR documents the financial position pertaining to projects under Title I, Title IIA, Title III, and Title IV of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for the E.S.E.A. did not indicate any area of noncompliance.

Financial Planning, Accounting and Reporting (Cont'd)

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR.

This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The T.P.A.F. Reimbursement to the State for Federal Salary Expenditures was remitted to the State of New Jersey prior to the required deadline of October 1, 2023. The reimbursement form was reviewed and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

- a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made "

School Purchasing Programs (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law"

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively.

As per N.J.S.A. 18A:18A-3, the Board passed a resolution, authorizing the Business Administrator as a qualified purchasing agent and increasing the bid threshold to \$44,000.

The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200 for 2022-23.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. No exceptions were noted.

Based upon the results of our examination, we did not note any individual payments, contracts, or agreements for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The District does not participate in the Child Nutrition Program.

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no student activities comments.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2022 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low income and bilingual education students. We also performed a review of the District procedures related to its completion.

The information on the A.S.S.A. was compared to the District workpapers without exception. The information that was included on the workpapers was verified on a test basis without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District's written procedures for the recording of student enrollment data appear to be adequate.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA revenue and awarding contracts for eligible facilities construction.

Travel Expenses and Travel Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations include requirements for the District to establish a maximum travel amount for the year and to ensure that the maximum amount is not exceeded. The regulations also require that all travel must be preapproved by the Board of Education and Superintendent and that a brief report detailing the key issues addressed at the travel event must be submitted after the travel event has occurred. Overall compliance was noted in our testing.

Testing for Lead of All Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Management Suggestion

COVID-19 Federal Funding

It is likely that the District will undergo some review of its COVID-19 federal funding if only at a desk review level by state and/or federal agencies. We strongly suggest that the District ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the District ensures that these funds are accounted for in the state account numbers designated by the NJ Department of Education and that any applicable Board policies are current with respect to federal grant requirements.

Status of Prior Year's Findings/Recommendations

There were no prior year recommendations.
