Honorable President and

Pennsville Township School District
30 Church Street
Pennsville, New Jersey 08070

We have audited, in accordance with generally accepted auditing standards and **Government Auditing Standards** issued by the Comptroller General of the United States, the basic financial statements of the Board of Education of the Pennsville Township School District in the County of Salem for the year ended June 30, 2023, and have issued our report thereon dated December 1, 2023.

As part of our audit, we performed procedures required by the Division of Administration and Finance, New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

This report is issued in conjunction with the Annual Comprehensive Financial report of the Board of Education of the Pennsville Township School District, for the fiscal year ending June 30, 2023 and is intended for the information of the School District's management and the New Jersey Department of Education. ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Financial Services Coordinator, District personnel entrusted with duties formally under the auspices of the Treasurer of School Monies, the activities of the School District, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule, contained in the District's **CAFR**.

Official Bonds (N.J.S.A. 18A:17-26, 18A:17-32, 18A:13-13)

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Heather Mayhew	School Business Administrator/ Board Secretary	\$ 250,000

P.L.2020,c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A.18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by school district.

The school district data certification was completed by the chief school administrator. The school district Chapter 44 data was submitted timely.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made and the actual costs were different than the estimated costs. The Board appeared to make proper adjustment to the billings to sending districts for the adjustments in per pupil costs in accordance with **N.J.A.C. 6A:23A-17.1(f) 3.**

District Internal Control Policies

District boards of education and administration are responsible for developing internal controls policies and procedures and maintaining a strong internal control environment. NJAC 6A:23A-6.4 requires that the district's internal control policies include specific requirements at NJAC 6A:23A-6.5 through 6.13.

Internal Control Policies were found in accordance with NJAC 6A:23A-6.5 through 6.13.

Financial Planning, Accounting, and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any material discrepancies with respect to signatures, certification, itemization and other documentation.

Payroll Account and Employee Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the School Business Administrator/Board Secretary, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefit premium withholdings due to the general fund. In addition, we did not identify any instance of noncompliance with the provisions covering the flexible spending account.

Payrolls were delivered to the secretary of the board who then deposited warrants in separate bank accounts for net payroll and withholdings.

An inquiry and subsequent review of the Position Control Roster did not find any discrepancies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2023 for goods not yet received or services not yet rendered, and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered as of June 30, 2023.

Financial Planning, Accounting and Reporting (Cont'd)

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, no transaction errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

- A. **General Classification Findings** - NONE
- B. **Administrative Classification Findings** - NONE

Board Secretary's Records

The financial records and board minutes of the Board Secretary were found to be in satisfactory condition.

Acknowledgment of the Board's receipt of the Board Secretary's and Treasurer's monthly financial reports was included in the monthly minutes.

Purchase orders were found to be charged to the appropriate line item accounts in accordance with the State prescribed **Uniform Minimum Chart of Accounts (2R2) for New Jersey Public Schools**.

Monthly financial certifications of the Board Secretary and Board of Education for positive line item account status certification (N.J.A.C. 6:20-2.13) were approved monthly. Budgetary line item account transfers were approved monthly to cover any anticipated deficits.

Treasurer's Records

Board Secretary personnel performed cash reconciliations for the general operating account, payroll account and payroll agency account per N.J.S.A. 18A:17-9.

Cash receipts appeared to be deposited promptly.

The Treasury records were in agreement with the records of the Board Secretary.

The Treasury reports were filed in a timely manner.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (E.S.S.A.)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I, II-A, and IV of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of the E.S.E.A. funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The study of compliance for E.S.E.A. indicated that all E.S.E.A. programs were in compliance.

Other Special Federal and/or State Projects

The District's special projects were approved, as listed on Schedule A and Schedule B located in the ACFR and labeled as Exhibits K-3 and K-4. Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for special projects indicated no areas of noncompliance and/or questionable costs.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The District does not have employees paid from federal awards.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: <http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>.

School Purchasing Programs (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

The current statute is posted on the New Jersey Legislature website at:
http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientID=1319801&depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 for 2021-2023.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds, where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4 as amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did not reveal any exceptions, with regard to purchases from vendors approved for state contract.

The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract less than the bid threshold but 15% or more of that amount, except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Education, price and other factors considered. Our examination indicated that the Board of Education complied with these provisions.

School Food Service

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. Exceptions were not noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. Exceptions were not noted.

Student Body Activities

Cash receipts and disbursements journals were maintained in good condition and reconciled to the monthly bank statements. Deposits were traceable to the bank and made on a timely basis. Expenditures were supported by invoices and other documentation.

Internal Service Funds

Cash receipts and disbursements journals were maintained in good condition and reconciled to the monthly bank statements. Deposits were traceable to the bank and made on a timely basis. Expenditures were supported by invoices and other documentation.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15 Application for State School Aid (ASSA) for on-roll, private schools for students with disabilities, low-income, and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers. The information included as part of the workpapers was verified without exception.

Application for State School Aid (Continued)

The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report. The County Summary was also verified to the District's DRTRS Eligibility Summary Report. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. Bid specifications were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services, as well as for any purchase of buses.

Facilities and Capital Assets

As part of the GASB 34 reporting format, fixed assets are recorded in accordance with GAAP, including a provision for depreciation expense. Our procedures included a review of the NJSDA grant agreements, if any, for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.

Testing for Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The test results were put on the district's website as well as being available at the school facility.

Follow-up on Prior Year Findings

A review was performed on the prior year recommendations and corrective action was taken on all prior year findings.

Acknowledgment

We received the complete cooperation of all the officials of the School District, and we greatly appreciate the courtesies extended to each member of our audit team.
