REPORT OF INDEPENDENT AUDITORS

Honorable President and Members of the Board of Education Springfield School District County of Union, New Jersey

We have audited, in accordance with generally accepted audit standards and Government Auditing Standards issued by the comptroller General of the United States, the general purpose financial statements of the Board of Education of the Springfield School District in the County of Union for the year ended June 30, 2023, and have issued our report thereon dated January 15, 2024.

As part of our audit, we performed procedures required by the New Jersey Department of Education and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

This report is intended for the information of the Springfield Board of Education's management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

January 15, 2024

<u>ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE REPORTING</u>

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Monies, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20; Insurance Schedule contained in the district's <u>ACFR</u>.

Officials Bond

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Michelle Calas	Board Secretary/School Business Administrator	\$ 260,422.00
Manuel E. Vieira	Treasurer	285,000.00

There is a Public Employees' Faithful Performance Blanket Position Bond under the blanket policy covering all other employees with multiple coverage of \$250,000.00.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The Board made a proper adjustment to the billings to sending districts for the increase/decrease in per pupil costs in accordance with *N.J.A.C.* 6A:23-3.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certifications, or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable. No exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C.* 6A:23-2.2(g) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C.* 6A:23A-2.4. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary disclosed no reportable conditions. The records were in good order.

Treasurer's Records

The Treasurer's records were in agreement with the records of the Board Secretary. All reconciliations were properly done.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to projects under Title II, Title IIA, Title III and Title IV of the E.S.E.A.

The study of compliance for E.S.E.A. indicated the following areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal fund was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with *N.J.S.A.* 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A.* 18A:39-3 is \$20,200 for 2022-23.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contact or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A.* 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreement for "Professional Services" per *N.J.S.A.* 18A:18A-5.

School Food Service Fund

The school food service program was not selected as a major federal and/or State Program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

The food services for 2022-23 were awarded to Pomptonian Food Service on their proposal of a management fee of a per meal administrative/management fee of \$0.2030 which will be multiplied by the total meals. The actual fee was \$55,684 for 2022-2023. The food service provider was in compliance with all statutes and regulations. The operating results provision has been met. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

As a result of the uncertainties during the public health emergency there is no guaranteed operating result for 2022-2023 school year.

The financial transactions and statistical records of the School Food Services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement vouchers were timely filed, and meals claimed agreed with meal count records.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days. The free and reduced price meal policy is uniformly administered throughout the School System. The required verification procedures for free and reduced price applications were completed and available for review.

Cash receipts and bank records were reviewed for timely deposits per state guidelines.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used

The cash disbursement records reflected expenditures for program related goods and services. The District deposited and expended program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources exceeded three months average expenditures.

U.S.D.A commodities were received and a separate inventory was maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G.

The 2022-23 operations produced a net loss of \$15,391.

School Food Service Fund (Continued)

Due to the ongoing public health emergency, New Jersey school districts were being reimbursed by the Federal Government at the free meal reimbursement rate for all lunches served, regardless of being fee, reduced or at full price. This resulted in Districts receiving an unprecedented amount of revenue in 2022-2023.

The District could not reasonably or responsibly spend this level of funding in a single fiscal year. To address this the District has a plan in place to expend the funding responsibly over the next year. In our opinion, it is unreasonable to cite the school districts management for a situation they had no control over.

GAAP Accounting Implementation

The school district's double entry system of accounting records were maintained in accordance with the Department of Education's prescribed <u>GAAP Technical Systems Manual</u>, pursuant to <u>N.J.S.A.</u> 18:A4-14 and <u>N.J.A.C.</u> 6:20-2A.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2022 Application for State School Aid (A.S.S.A) for on-roll, private schools for the handicapped, low-income, and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2022-23 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Follow-Up on Prior Year Findings

The finding of the exceeding of Net Cash Resources was not repeated in 2022-2023.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.
