## Financial Planning, Accounting and Reporting

#### Examination of Claims

An examination of claims paid during the period under review did not reveal any discrepancies with respect to each of signatures, certification or supporting documentation.

## Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls tested were certified by the President of the Board and the Board Secretary/Business Administrator and were approved by the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium withholding due to General Fund.

The School Business Administrator completed and filed the required Certification of Compliance with Federal and State Law respecting the reporting of compensation for certain employees.

The Board has implemented and maintains a personnel tracking and accounting (Position Control) system.

## Financial Planning, Accounting and Reporting (Continued)

#### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

#### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with <u>N.J.A.C.</u> 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. No errors were noted.

## <u>Travel</u>

The District had an approved board travel policy as required by N.J.A.C. 6A:23A-6.13 and N.J.S.A. 18A:11-12.

Payments made to employees for a travel related expenses were in accordance with the approved travel policy.

## Board Secretary's Records

The financial records, books of account and minutes maintained by the Board Secretary were in good condition.

Bids received were summarized in the minutes (N.J.S.A. 18A:18A-21).

Acknowledgment of the Board's receipt of the Board Secretary and Treasurer's monthly financial reports was included in the minutes.

The prescribed contractual order system was followed.

## Elementary and Secondary Education Act (E.S.E.A.)/As Amended by the Every Student Succeeds (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue section of the ACFR. This section of the ACFR documents the financial position pertaining to projects under Titles I, IIA, III and IV of the Elementary and Secondary Education Act as amended.

Our examination of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

## Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Exhibits K-3 and K-4 located in the ACFR.

Our examination of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned Special Projects.

## I.D.E.A Part B

Separate accounting was maintained for each approved project. Grant application approvals and acceptance of grant funds were made by board resolution and recorded in the minutes.

## Nonpublic State Aid

Project Completion Reports were finalized and transmitted to the Department by the due date.

## Financial Planning, Accounting and Reporting (Continued)

## T.P.A.F. Reimbursements

Our audit procedures included a test of the bi-monthly electronic reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

#### T.P.A.F. Reimbursements to the State for Federal Salary Expenditures

There were none.

## School Purchasing Programs

#### Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under 18A:39-3 is \$20,200 effective 2021-22. The Board has designated the Business Administrator as the Qualified Purchasing Agent for the District,.

The district board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination did not indicate any individual payments, contracts, or agreements which were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of statutory thresholds where there had been no advertising for bids in accordance with the provisions of <u>N.J.S.A.</u> 18A:18A-4, as amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per <u>N.J.S.A.</u> 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that purchases were made through the use of State contracts for the purchase of computer equipment, cargo van, playground equipment, office furniture and equipment.

#### **School Food Service**

The financial transactions and statistical records of the school food services were maintained in good condition.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Cash receipts and bank records were reviewed for timely deposit.

The District does not participate in the National School Lunch Program.

## Student Activity/Athletic Accounts

The Board has a policy, which clearly established the regulation of student activity and athletic accounts.

Cash receipts were promptly deposited.

Supporting documentation was maintained for cash disbursements tested.

#### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2022 Application for State School Aid (A.S.S.A.) for on-roll, private school for the disabled, low income, related services and bilingual education. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

#### Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2023-24 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

#### **Facilities and Capital Assets**

Our procedures included a review of the transfer of local funds from the Capital Reserve Account and awarding of contracts for eligible facilities construction. No exceptions were noted. Capital assets financial records were prepared by a third party service provider and were properly maintained.

The capital asset records were updated for the additions and disposal of capital assets made throughout the year.

## **Miscellaneous**

The School District adhered to all the requirements of N.J.A.C 26.1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.
