We have audited, in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Board of Education of the Washington Township Board of Education in the County of Morris for the fiscal year ended June 30, 2023 and have issued our report thereon dated October 3, 2023.

This letter does not affect our report dated October 3, 2023 on the financial statements of the Board.

We will review the status of our comments, if any, during our next audit engagement. Payroll Account and Position Control Roster

The net salaries of employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Payrolls were approved by the Superintendent and were certified by the Superintendent, President of the Board and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the General Fund.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendent, and business administrator) to the NJ Department of Treasury was filed in a timely manner.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made on a test basis as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures – General and Administrative

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, a transaction error rate of 0% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the District's ACFR. This section of the ACFR documents the financial position pertaining to projects under Titles I, II, III, and IV of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for the E.S.E.A. did not indicate any area of noncompliance.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The T.P.A.F. Reimbursement to the State for Federal Salary Expenditures was remitted to the State of New Jersey prior to the required deadline of October 1, 2023. The reimbursement form was reviewed, and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

(Continued)

School Purchasing Programs (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made"

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law"

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a), are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200 for 2022-2023.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The school food service program was not selected as a major federal and/or state program. However, the program expenditures exceeded \$100,00 in federal and/or State support. Accordingly, we inquired of school management, or the appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

Non-program foods were purchased, prepared or offered for sale. The Statement of Revenue, Expenses and Changes in Net Position in the ACFR Schedule B-5 does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records, meal counts, noncompetitive procurements, modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP Loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA if the FSMC received a PPP loan.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled "Proprietary Funds", Section G of the ACFR.

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Student Activities records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted herein.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2022 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low income, and bilingual student education. We also performed a review of the District's procedures related to its completion. The information on the A.S.S.A. was compared to the District's workpapers without exception. The information that was included on the workpapers was verified on a test basis without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District's written procedures for the recording of student enrollment data, appears to be adequate.

(Continued)

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2022-2023 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

The deficit in Unrestricted Net Position in the Transportation Internal Service Fund has been discussed with management of the District. Management has plans to address the deficit during the 2023-2024 fiscal year. As a result, a formal recommendation is judged to be unnecessary at this time.

Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations require the District to establish a maximum travel for the year and to ensure that the maximum is not exceeded. The regulations also require that all travel be preapproved by the Board of Education and that the approval must be itemized by event, event total cost, and individuals attending.

Our review of the travel policies and records revealed that the District is in general compliance with the travel regulations.

Testing for Lead of all Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account and awarding of contracts for eligible facilities construction.

Our procedures included a review of the capital assets of the District. Based on these procedures, we have no comments.

Management Suggestions

COVID-19 Federal Funding

It is likely that the District will undergo some review of its COVID-19 federal funding if only at a desk review level by state and/or federal agencies. We strongly suggest that the District ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the District ensures that these funds are accounted for in the state account numbers designated by the NJ Department of Education and that any applicable Board policies are current with respect to federal grant requirements.

Sick and Vacation Leave

It is suggested that the District consult with its attorney to ensure that its negotiated labor contracts, individual employee agreements and employee policies, as applicable, are in accordance with New Jersey statutes regarding unused sick and vacation leave.

Status of Prior Year's Findings/Recommendations

There were no prior year finding or recommendations.
