Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A. 18A:16-13.3 (Chapter 44) submitted for the year under audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by the School District.

The School District data certification was completed by the chief school administrator. The School District Chapter 44 data was submitted timely.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were less than estimated costs. The School District made a proper adjustment to the billings to sending districts for the decrease in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f)3.

FINANCIAL PLANNING, ACCOUNTING, AND REPORTING

Examination of Claims

Sampled claims paid during the fiscal year under audit did not indicate any reportable noncompliance with respect to signatures, certification, or supporting documentation.

Payroll Account

The net salaries of sampled employees of the School District were deposited in the net payroll account. Employees' payroll deductions and the employer's share of fringe benefits were deposited in the payroll agency account.

Sampled payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary / School Business Administrator.

Sampled salary withholdings were promptly remitted to the proper agencies, including health benefit premium withholdings due to the general fund.

Sampled payrolls were delivered to the Board Secretary who then deposited with warrants in separate bank accounts for net payroll and withholdings.

Employee Position Control Roster

A sample of the Employee Position Control Roster indicated that it was in satisfactory condition and was approved by the county office submission with the 2022-2023 budget review checklist.

Encumbrances and Accounts Payable

A sample of outstanding issued purchase orders was made as of June 30 for proper classification of orders as encumbrances and accounts payable. Our sample did not indicate any reportable noncompliance with respect to classification of orders.

Travel

Our procedures performed on travel expenditures during the fiscal year under audit did not indicate any reportable noncompliance.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our randomly sampled expenditure transactions. We also tested the coding of all expenditures included in our compliance and single audit sampling procedures. In addition, a sample was selected that specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. Our samples did not indicate any reportable noncompliance with respect to classification of expenditures.

Board Secretary's Records

Our audit of the financial and accounting records maintained by the Board Secretary indicated that they were in satisfactory condition.

Treasurer of School Moneys' Records

Our audit of the financial and accounting records maintained by the Superintendent indicated that they were in satisfactory condition.

FINANCIAL PLANNING, ACCOUNTING, AND REPORTING (CONT'D)

Pupil Transportation

Our audit procedures included a sample of on-roll status reported in the 2022-23 District Report of Transported Resident Students (DRTRS). The information that was reported on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the schedule of audited enrollments.

Our procedures also included a sample of transportation related contracts and purchases. Based on our sample, the School District complied with proper bidding procedures and award of contracts. No exceptions were noted in our sample of transportation related purchases of goods and services.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (E.S.S.A.)

The E.S.E.A. financial exhibits are contained within the special revenue section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I, Title II, Title III, and Title IV of the Every Student Succeeds Act.

The audit of compliance for E.S.E.A. did not indicate any reportable noncompliance.

Other Special Federal and / or State Projects

The School District's other special projects were approved as listed on exhibits K-3 and K-4 located in the ACFR.

Our audit of the federal and state funds on a sample basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the special revenue section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned other special projects.

The audit of compliance for other special projects did not indicate any reportable noncompliance.

TPAF Reimbursement

Our audit procedures included a sample of the biweekly reimbursements filed with the Department of Education for School District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's final reports for all federal awards for the School District to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the School District for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management and N.J.S.A. 18A:66-90. The expenditure was inspected subsequent to the reimbursement and no exceptions were noted.

SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and the school contracts in general, are available on the following website:

<https://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>

Current statute is posted on the New Jersey Legislature website at:

<http://www.njleg.state.nj.us/>

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000.00 (with a Qualified Purchasing Agent) and \$32,000.00 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200.00 for 2022-23.

The School District's Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of our audit, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

SCHOOL FOOD SERVICE

The financial transactions and statistical records of the school food service fund were audited. The financial accounts, meal count records, and eligibility applications were tested on a sample basis. No exceptions were noted.

Cash receipts and bank records were sampled for timely deposit. No exceptions were noted.

The School District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC cost reimbursable or fixed price or non-competitive emergency procurement contract / addendum were inspected and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least \$300,455.69. The operating results provision has been met. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the food service account and reconciled to supporting documentation at least annually.

Expenditures should be separately recorded as food, labor, and other costs. Vendor invoices were sampled and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

SCHOOL FOOD SERVICE (CONT'D)

Net cash resources did exceed three months average expenditures.

Finding No. 2023-001 (ACFR Finding No. 2023-001)

The School District's Food Service Fund Net Cash Resources exceeded its three months average expenditures by \$385,159.09.

Recommendation

The School District continue to monitor the finances of its Food Service Fund and follow up the plan to reduce the net cash resources below its three month average expenditures.

There were no food service employees authorized by the School District.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted / certified in a timely manner.

Sampled applications for free and reduced price meals were tested for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and / or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was inspected for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for audit.

USDA Food Distribution Program (food and / or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The statement of revenues, expenses, and changes in fund net position (ACFR exhibit B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the ACFR.

STUDENT BODY ACTIVITIES

Our audit of the financial and accounting records for student activities indicated that they were in satisfactory condition.

APPLICATION FOR STATE SCHOOL AID

Our audit procedures included a sample of information reported in the October 14, 2022 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low-income, and bilingual. We also performed an inspection of the School District procedures related to its completion. The information on the A.S.S.A. was compared to the School District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the schedule of audited enrollments.

The School District maintained workpapers on the prescribed State forms or their equivalent.

The School District has adequate written procedures for the recording of student enrollment data.
