Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule, contained in the district's **ACFR**

Official's Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Richelle Baughn	School Board Administrator/Board Secretary	\$ 475,000

P.L.2020,c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A.18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by school district.

The school district data certification was/was not completed by the chief school administrator. The school district Chapter 44 data was submitted timely.

Tuition Charges

A review of the financial statements indicated that the charter school charged no tuition for any student attending the charter school. In addition, there were no proceeds for a before/after school program to be accounted for in the Enterprise Fund.

Administrative Practices and Procedures (Continued)

District Internal Control Policies

District boards of education and administration are responsible for developing internal controls policies and procedures and maintaining a strong internal control environment. NJAC 6A:23A-6.4 requires that the district's internal control policies include specific requirements at NJAC 6A:23A-6.5 through 6.13.

All Internal Control Policies were found in accordance with NJAC 6A:23A-6.5 through 6.13.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were certified by the President of the Board, the School Business Administrator/Board Secretary and the Chief School Administrator. Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2023 for proper classification of orders as reserve for encumbrances or accounts payable. This was accomplished by reviewing open purchase orders to determine whether goods were received or services were rendered as of June 30, 2023 and that no blanket purchase orders were included. No exceptions were noted in a review of outstanding purchase orders as of June 30, 2023.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with **N.J.A.C.** 6A:23A-16.2(f) and line item details as described in the Budget Summary Key as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with **N.J.A.C.** 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

A. General Classification Findings - None

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: http://www.state.nj.us/dca/divisions/dlqs/programs/ps_contracts.html.

The current statute is posted on the New Jersey Legislature website at: http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientID=1319801&depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 for 2022-2023.

The Charter School has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per **N.J.S.A.** 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the charter school used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did not identify any exceptions for purchases made through state contract.

The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract under the statutory bid threshold but 15 percent or more of the amount, except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Trustees, price and other factors considered. Our examination indicated that the Board of Trustees complied with these provisions.

School Food Service

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. Exceptions were not noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

School Food Service (Continued)

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA. Exceptions were not noted.

Finding 2023-1

Net cash resources in the Food Service Fund exceeded three months average expenditures.

Recommendation

The Board should implement a corrective action plan to effectively reduce the net cash resources on hand in the Food Service Fund through capital expenditure or otherwise.

Student Body Activities

The Board has a policy, which clearly established the regulation of student activity funds.

All deposits were identified and promptly deposited.

Monthly bank reconciliations of the Student Activity Fund account were adequately prepared.

Enrollment counts and submission to the Department

Our audit procedures included a test of information reported on the Enrollment Counts for October 15 and the last day of school for on-roll, special education, bilingual and low income students. The details of our test results are included in this report in the *Schedule of Audited Enrollments*. We also performed a review of the School's procedures related to its completion.

Internal controls as they relate to the collection and submission of enrollment counts were documented and reviewed during the audit process.

Facilities and Capital Assets

Our procedures included a review of the EDA grant agreements, if any, for consistency with recording EDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction. There were no EDA grant agreements for the fiscal year ending June 30, 2023.

Testing for Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities. The test results were posted on the district's website as well as being available at the school facility.

Follow-up on Prior Years' Findings

In accordance with Government Auditing Standards, which are applicable to NJ Charter Schools, our procedures included a review of all prior year audit recommendations, which indicate that corrective action has been taken on all prior year audit findings, except the following:

Finding 2022-3

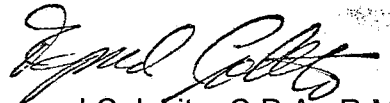

Net cash resources in the Food Service Fund exceeded three months average expenditures.

Acknowledgment

We received the complete cooperation of all the officials of the Charter School, and we greatly appreciate the courtesies extended to the members of the audit team.
