Honorable President and Members of the Board of Education  
Citizens of Absecon  
Absecon School District  
Absecon, New Jersey 08201

Dear Board Members:

The Comprehensive Annual Financial Report of the Absecon City Board of Education for the fiscal year ended June 30, 2024 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Absecon Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections as follows:

The Introductory Section contains the table of contents, this Letter of Transmittal, the District's organizational chart and a roster of officials.

The Financial Section includes the Independent Auditor's Report, Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the District's financial position and operating results, and other schedules providing detailed budgetary information. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis;

The Single Audit Section – The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996, OMB Circular Uniform Guidance and NJ OMB 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

#### **Reporting Entity**

The City of Absecon Board of Education is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds of the District are included in this report. The Absecon City Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre K through 8. These include regular, as well as special education for students with disabilities. The District completed the 2023-24 fiscal year with an average daily enrollment of 926.0 (according to the New Jersey State Attendance Records).

The following details the changes in the student enrollment of the District over the last ten years.

2023-24	926.0	-2.17%
2022-23	946.06	+3.8%
2021-22	911.4	+2.73%
2020-21	887.2	-1.76%
2019-20	903.1	+5.82%
2018-19	853.4	-2.84%
2017-18	877.6	+7.06%
2016-17	819.7	-3.80%
2015-16	852.1	-0.64%
2014-15	857.6	-0.08%
2013-14	858.3	+2.94%

### **Economic Condition and Outlook**

Socio economic trends remain consistent throughout the district, and consistent to the patterns that have been established over the last decade. This detail is most prevalent in our identified Free and Reduced percentages of students ranging from Preschool to eighth grade (see below):

	Paid	F/R
HAM	50%	50%
ECA	48%	51%
DISTRICT	49%	51%

A further consideration to socio economics may be that although percentages have not wavered, the total number of students since October of 2016 has increased by approximately 90-100 students as we continue to expand our preschool program (see below). This, in turn, has increased our total number of free and reduced students proportionally.

October 15, 2016 - 830 students

October 15, 2019 - 913 students

October 15, 2020 - 900 students *(despite those being home schooled and disenrolled due to the COVID-19 pandemic)*

October 15, 2021 - 900 students

October 15, 2022 - 938 students

October 15, 2023 - 927 students

We have seen a modest increase in the City's ratable tax base the last few years, despite some businesses having closed as a result of the COVID-19 pandemic. It is our hope to draw new families to our City through the success and appeal of our school district as we implement new exciting initiatives. Along with implementation of best practices for instruction and highly researched academic supports, the district offers a comprehensive balanced literacy program, enhanced middle school interscholastic athletics in each season, full day preschool programming for three and four year old children, academic and enrichment opportunities beyond the school day, and a dedication to promoting arts in education. Additionally, there has been one consistent theme that has contributed to, and speculated to, stifle the City's appeal to potential families wanting to move into the district: our current send-receive relationship for high school. It is the community's sincerest belief that through providing enhanced educational opportunities for high school students in our district by pursuing an alternative send-receive relationship, that families will find our City to be much more appealing, increasing the market value of homes and regenerating the surrounding businesses with new residents.

## **Major Initiatives**

### **2023-2024**

The 2023-2024 school year found the district on a continuous path towards excellence, guided by the completion of a Long-Term Strategic Plan, with an emphasis on academic achievement defined as best practices in Literacy and Mathematics, student safety, positive culture and climate, and the advancement of our facilities. Our Early Childhood program hosted 12 full-day preschool classrooms open to all 3- and 4-year-olds (Universal 3 & 4) residing within Absecon. The Preschool Department sought to strengthen the relationships between the school and local community, forming a collaborative and collective team to create high-quality experiences to promote development and growth in our youngest students. With an increase across all grade levels in English Language Arts and Mathematics NJSLA scores from Spring 2022 to Spring 2023, we continued our efforts of refining instruction through student performance analysis and data-based decision making. High-quality classroom assessments and benchmark testing that correlates to NJSLA proficiency assisted in identifying areas of need within the grade, class, and student levels, allowing us to refine our small group instruction and interventions and after-school academic offerings. Targeted professional development in various modes focused on expanding our knowledge of the science of reading, arts integration, and cross-curricular learning. The middle school continued to expand its course offerings to extend beyond the traditional special area classes and included nearly 30 unique courses: an ongoing initiative seeking to create a competitive edge for 8th Grade students seeking admission into choice high schools. Efforts to strengthen the climate and culture of the district include: growth opportunities in the form of guest speakers and training, student rallies at the elementary school, student voice action groups at the middle school, and events to join together the school and local community.

With regard to efforts of Safety/Security and Facilities, the district installed 20 mil security film on exterior windows, upgraded visitor management technology components, made improvements to security camera operations, added exterior lighting around the campus, purchased two golf carts, and installed security gates to secure the elementary playground area. We internally updated our flat network to a VLAN network, and added new network components throughout the campus. Our campus now houses an additional ten (10) restrooms, additional outdoor learning spaces, repaired and serviced HVAC mechanical components, upgraded smoke detector heads, resurfaced gymnasium floors at the elementary and middle schools, expanded and refurbished our Early Childhood play spaces, purchased a John Deere utility vehicle, and added additional parking spaces.

In our continued efforts to provide quality education to all constituents of the Absecon learning community, we continue to work with Porzio, Bromberg and Newman, PC to represent the district in our efforts to end our current send-receive relationship, and form one that will provide additional learning opportunities for our high school students. This process, supported by the community as a whole, has been one that was anticipated to be both procedural and costly. The petition to alter our send-receive status was not challenged by the Pleasantville Board of Education, as recommended by their then Superintendent, and fell under the jurisdiction of the Acting Commissioner of Education, who denied our bid in May 2022. We have since submitted an appeal to the Appellate Division of the Superior Court of New Jersey, an anticipated 2-3 judge panel. To cover the cost of the continued litigation, the Absecon School District has budgeted \$100,000 for this current fiscal year. Oral arguments are scheduled to commence in January/February of 2025.

In our continued effort to complete projects in our Long Range Facilities Plan, in FY24 we began an upgrade to the Attales Middle School with four new rooftop units to be fully completed at the end of summer 2025. The Long Range Facilities Plan was updated in FY24 working with the District architect to include an artificial turf sports field.

### **2024-2025**

In the 2024-2025 school year, Absecon continues to strengthen core academic areas—Literacy, Mathematics, and Science—while enhancing the overall educational experience. In literacy, the revised 2023 NJSL standards, aligned with

the research-based approaches to literacy instruction encompassed in the Science of Reading, are being implemented to promote evidence-based reading practices. Targeted professional development from a literacy consultant and Curriculum Supervisor emphasizes the five pillars of literacy instruction: phonemic awareness, phonics, fluency, vocabulary, and comprehension. Teachers receive ongoing support from NJDOE offerings, in-house professional development, and targeted out-of-district professional development, ready to turn-key in PLCs. The daily What I Need (WIN) period, which focuses on differentiated instruction at Marsh, uses benchmark data like the Phonics 1st Diagnostic Assessment, Fountas and Pinnell Reading Benchmark, and IXL to drive instruction. At Attales, students benefit from the Reinforcement and Intervention Team (RIT) program's targeted approach using benchmark and 2024 NJSLA data to improve NJSLA performance.

In Mathematics, professional development emphasizes the revised 2023 Math NJSLs, with a focus on changes to the Measurement and Data domain. Teachers adopted the 2024 edition of Ready Math, emphasizing performance-based assessments and small group instruction in K-1 requiring additional Math manipulatives, while digital platforms like iReady and IXL track progress and guide interventions. Science instruction now includes enhanced resources to promote interdisciplinary learning and the STAR Science special, supporting phenomena-based teaching to foster curiosity and a deeper understanding of science, preparing students for middle school coursework and boosting NJSLA Science achievement.

Beyond core academics, the district is dedicated to offering students a diverse array of enrichment activities that encourage personal growth, career exploration, and community engagement. Expanded interscholastic offerings for middle school students at Attales now include a Swim Team, Cheer, Spanish Club, Odyssey of the Mind, and Robotics Club. At Marsh, students have new opportunities to join the Performing Arts Club, Visual Arts Club, and Girls Who Code, broadening extracurricular options for all interests. Unique career exploration opportunities are woven into enhanced specials and electives, such as Health Sciences and Aviation. Work-based learning programs are a key component of this effort, allowing students to gain hands-on experience for future careers through initiatives like the Absecon Cafe, Spirit Store, and the Early Childhood Education Curriculum in Action program. These programs not only foster practical life skills, but also build a bridge between classroom learning and real-world application. Community partnerships with local businesses with Crusader, Inc., as well as grade-level service-learning projects, further enhance students' experiences, fostering pride in the City of Absecon and enriching students' education through real-life connections and service.

## **Financial Information**

### **Internal Accounting Controls**

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District's Management.

As part of the District's single audit described earlier, tests are made periodically to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

### **Budgetary Controls**

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters

of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriation of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance as of June 30, 2024.

### **Accounting System and Reports**

The District's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in the "Notes to the Financial Statements", Note 1.

### **Debt Administration**

On April 24, 2014, the District issued bonds in the amount of \$5,210,000 to undertake repairs and renovations to the H. Ashton Marsh School and the Emma C. Attales School. The bonds are scheduled to be paid off July 15, 2031. The District was approved for debt service aid at 40%.

### **Cash Management**

The investment policy of the District is guided in large part by state statute as detailed in "Notes to Financial Statements," Note 3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1980 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

### **Risk Management**

The Board of Education carries various forms of insurance, including but not limited to general liability, cyber, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

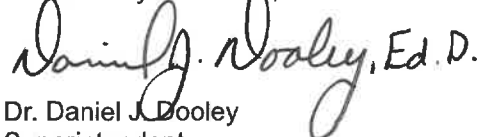

### **Independent Audit**

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ford, Scott and Associates, L.L.C. was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Single Audit Act Amendment of 1996 and the related State Treasury Circular Letter NJ OMB 15-08. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

### **Acknowledgements**

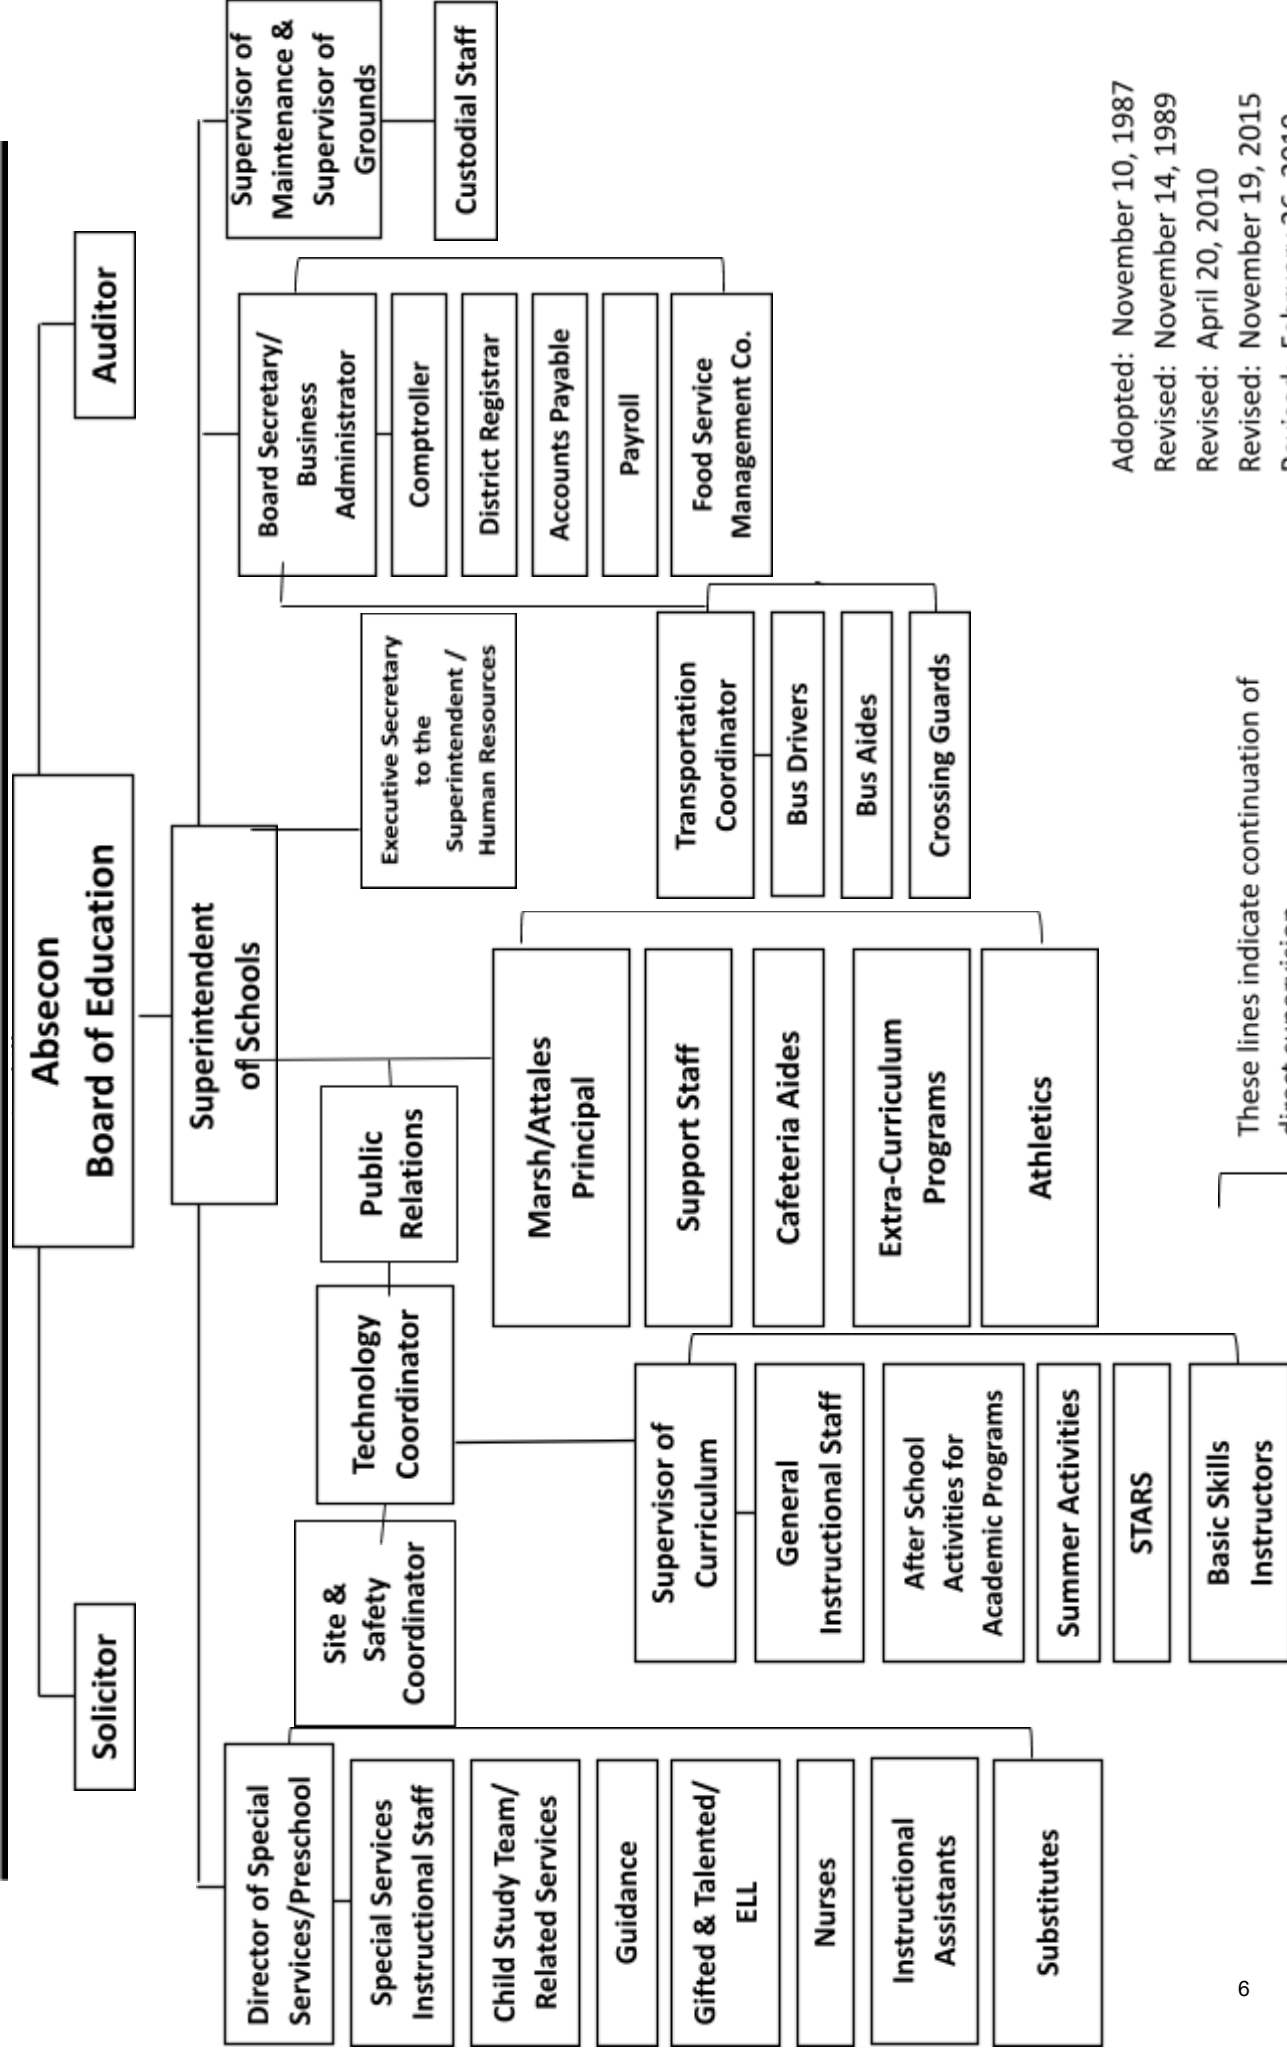

We would like to express our appreciation to the members of the Absecon Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could have not been accomplished without the efficient and dedicated services of our financial and accounting personnel and support staff.

Respectfully submitted,

Dr. Daniel J. Dooley  
Superintendent

## **Independent Auditor's Report**

Honorable President and  
Members of the Board of Education  
City of Absecon School District  
County of Atlantic  
Absecon, New Jersey

### **Report on the Audit of Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Absecon School District, in the County of Atlantic, New Jersey, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Absecon School District, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the City of Absecon School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibility of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Absecon School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether in our judgement there are conditions or events considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control – related matters that we identified during the audit.

## **Other Matters**

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Absecon School District's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the schedule of state financial assistance as required by NJ OMB 15-08 and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by the Uniform Guidance, and the schedule of state financial assistance as required by NJ OMB 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Information**

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises of the introductory and statistical sections and have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2024, on our consideration of the City of Absecon School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Absecon School District's internal control over financial reporting and compliance.

**CITY OF ABSECON SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2024  
UNAUDITED**

The discussion and analysis of the City of Absecon School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2024. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

**Financial Highlights**

Key financial highlights for 2024 are as follows:

- In total, net position increased \$1,873,526.97 which represents a 12 percent increase from 2023.
- General revenues accounted for \$18,417,220.42 in revenue or 67 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$8,976,692.51 or 33 percent of total revenues of \$27,393,912.93.
- Total assets of governmental activities increased by \$1,309,187.47 as cash and cash equivalents increased by \$2,299,953.22, receivables decreased by \$9,241.53, right to use leased assets decreased by \$260,551.62, subscription assets decreased by \$4,606.00 and capital assets decreased by \$706,533.74.
- The School District had \$25,515,469.54 in expenses; only \$8,976,692.51 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$18,417,220.42 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$23,763,505.82 in revenues and \$21,446,119.81, in expenditures. The General Fund's fund balance increased \$1,366,181.59 over 2023.

**Using this Annual Comprehensive Financial Report (ACFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Absecon School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School district's most significant funds with all other non-major funds presented in total in one column. In the case of the City of Absecon School District, the General Fund is by far the most significant fund.

**Reporting the School District as a Whole**

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2024?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those assets. This change in net position is important because it tells the reader that, for the school district as a whole, the financial position of the School district has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- **Governmental Activities** - All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- **Business-Type Activity** - This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

**Reporting the School District's Most Significant Funds**

Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transaction. The School District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

**The School District as a Whole**

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net position for 2024 and 2023.

**Business-Type Activities**

Revenues for the District's business-type activities (food service and after school child care programs) were comprised of charges for services and federal and state reimbursements.

- Expenses exceeded revenues before investment income by \$88,806.03.
- Charges for services represent \$630,515.03 of revenue. This represents amounts paid by patrons for daily food service and childcare.
- For the food service operation, federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was \$420,195.16.

**Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

**The School District's Funds**

All governmental funds (i.e., general fund, special revenue fund, capital projects, and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$28,081,432.58 and expenditures were \$25,891,564.64. The net positive change in fund balance for the year of \$2,184,951.52 was most significant in the General Fund.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds, for the fiscal year ended June 30, 2024, and the amount and percentage of increases and decreases in relation to prior year revenues.

**General Fund Budgeting Highlights**

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts.

**Capital Assets**

At the end of the fiscal year 2024, the School District had \$13,049,141.05 invested in land, building, furniture and equipment, and vehicles. Table 4 shows fiscal year 2024 balances compared to 2023.

**Table 4  
Capital Assets (Net of Depreciation) at June 30,**

Total	<u>\$ 13,049,141.05</u>	<u>13,755,674.79</u>

Overall capital assets decreased \$706,533.74 from fiscal year 2023 to fiscal year 2024. The decrease is the net of added capital assets and annual depreciation. For more detailed information, please refer to the Notes to the Financial Statements.

**Debt Administration**

At June 30, 2024, the School District had \$3,135,645.68 of outstanding debt. Of this amount \$357,441.20 is for compensated absences, \$63,204.48 is for right to use leased assets, and \$2,715,000.00 of serial bonds for school construction.

At June 30, 2024, the School District's overall legal debt margin was \$23,067,989. For more detailed information, please refer to the Notes to the Financial Statements.

Total Net Change in Fund Balance - Governmental Funds (from B-2)	\$ 2,184,951.52
Amounts reported for governmental activities in the statement of activities (A-2) are different because:	
Capital outlays are reported in governmental funds as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current fiscal year.	
Depreciation expense	(721,368.23)
Capital Outlay	<u>6,875.63</u>

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long - term liabilities in the statement of net assets and is not reported in the statement of activities.	
Bonds Payable	<u>320,000.00</u>
	320,000.00
Governmental funds report district pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of of employee contributions is reported as pension expense.	
District pension contributions - PERS	
Cost of benefits earned net of employee contributions	<u>133,792.00</u>
	133,792.00
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation (+).	26,647.05
In the statement of activities, interest on long-term debt is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is a deduction in the reconciliation.	3,466.87

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Absecon School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of the City of Absecon School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB). The more significant accounting policies established in GAAP and used by the District are discussed below.

**A. Reporting Entity**

The City of Absecon School District is a Type II district located in the County of Atlantic, State of New Jersey. As a Type II District, the School District functions independently through a Board of Education. The board is comprised of seven members elected to three-year terms. The purpose of the district is to educate students in grades K-8. The City of Absecon School District had an enrollment at June 30, 2024 of 927 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name);
- the District holds the corporate powers of the organization;
- the District appoints a voting majority of the organization's board;
- the District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the District;
- there is a fiscal dependency by the organization on the District;

Based on the aforementioned criteria, the District has no component units.

**B. BASIC FINANCIAL STATEMENTS – GOVERNMENT WIDE FINANCIAL STATEMENTS**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general and special revenue activities are classified as governmental activities. The District's Food Service and After School Child Care programs are classified as business-type activities.

In the governmental-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position are reported in three parts-invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular instruction, vocational programs, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, interest income, etc.).

- a. The District does allocate indirect costs such as depreciation expense, compensated absences, On-behalf TPAF Pension Contributions, and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Fiduciary funds are not included in the government-wide statements.

**B. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Standards set forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education has mandated that all New Jersey School Districts must report all governmental funds as major, regardless of the fund meeting the GASB definition of a major fund. However, the criteria are applied to proprietary funds.

The following fund types are used by the District:

**1. Governmental Funds:**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

- a. **General Fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The District's Unemployment Compensation Trust Fund, Payroll Agency, and Net Payroll accounts are also accounted for in the General Fund.
- b. **Special Revenue** funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specific purpose. The special revenue fund is specifically used to account for state and federal grant monies that have been allocated to the District. The District's Student Activity Fund is also accounted for in the Special Revenue Fund.
- c. **Capital Projects** funds are used to account for all financial resources to be used for the acquisition or construction of major capital facilities. The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

- d. **Debt Service** funds are used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

**Fund Balances – Governmental Funds**

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.

Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.

Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds as needed.

**2. Proprietary Funds:**

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

- a. **Enterprise Funds** are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs. The District operates a food service fund to provide a child nutrition program for the students of the district.

The District's Enterprise Funds are comprised of the Food Service Fund and the After School Childcare Fund.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

**3. Fiduciary Funds:**

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position, and is reported using accounting principles similar to proprietary funds.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.), and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

All fund internal activity is eliminated when carried to the Government-wide statements.

**D. BASIS OF ACCOUNTING**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

**1. Accrual:**

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**2. Modified Accrual:**

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

**E. FINANCIAL STATEMENT AMOUNTS**

**1. Cash and Cash Equivalents:**

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

NJSA 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

**2. Investments:**

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate). Interest earned on investments in the Capital Projects Fund is recognized as a reserve to pay future debt service or transferred to the general fund.

**3. Inventories:**

Inventories in the general fund consist of expendable supplies held for the District's use and are carried at cost using the first-in, first-out method. Inventories in the enterprise fund are valued at cost, which approximates market, using the first-in, first –out method. As of June 30, 2024, the District did not have inventory in the general fund and had the following inventory in the enterprise fund:

Food and Supplies	\$ 5,202.10
	<u>\$ 5,202.10</u>

The value of Federal donated commodities is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

**4. Capital Assets:**

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Machinery and equipment	5-10 years
Improvements	10-20 years
Infrastructure Assets	50-65 years

Infrastructure assets include roads, parking lots, underground pipe, etc. The District includes all infrastructure assets as depreciable assets in the financial statements.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

**5. Revenues:**

Substantially all governmental fund revenues are accrued. Property taxes are susceptible to accrual and under New Jersey State Statutes a municipality is required to remit to its school district the entire balance of taxes in the amount certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non operating revenue. In respect to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and unearned revenue by the recipient. Program revenues, including tuition revenue are reported as reductions to expenses in the statement of activities.

**6. Expenditures:**

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

**7. Compensated Absences:**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as both an expenditure and a fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the District-wide Financial Statements as a Governmental Activity.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

**8. Interfund Activity:**

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

**9. Budgets/Budgetary Control:**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office for approval and, as long as the District budget is within State mandated CAPs, there is no public vote on the budget. If the budget exceeds State mandated CAPs, the voters have an opportunity to approve or reject the budget at the regular election held in November. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2(g). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the County Superintendent of Schools.

Significant transfers approved by the Board of Education during the fiscal year were as follows:

Regular Program - Instruction	
Grades 6 - 8 - Salaries of Teachers	\$ (32,424.00)
Special Education - Instruction	
Resource Room - Salaries of Teachers	(39,907.70)
Basic Skills/Remedial - Instruction	
Salaries of Teachers	31,443.20
Bilingual Education - Instruction	
Salaries of Teachers	38,898.70
Undistributed Expenditures	
Tuition to Other LEA's Within the State - Special	44,803.92
Guidance - Salaries of Other Professional Staff	(28,088.73)
General Administration - Communications/Telephone	45,000.00
School Administration - Salaries	37,948.00
Central Services - Salaries	37,838.00
Required Maint. For School Fac. - Salaries	43,473.00
Required Maint. For School Fac. - Cleaning, Repair & Maint.	(107,375.02)
Security - Purchased Professional and Technical Services	26,880.06
Security - General Supplies	26,080.72
Student Transportation Serv. -	
Rental Payments - School Buses	(25,533.64)
Unallocated Benefits - Personal Services - Employee Benefits	
Social Security Contributions	26,949.10
Other Retirement Contributions - PERS	(52,489.00)
Health Benefits	(156,118.46)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

**10. Tuition Receivable:**

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined. The final cost is based on agreements with the Dennis Township, Logan Township, Winslow, Mullica Township, Camden City and Atlantic City school districts.

**11. Tuition Payable:**

Tuition charges for the fiscal years 2023-2024 were based on estimated costs established by the receiving district. These rates are subject to change when the actual costs have been determined.

**12. Use of Estimates:**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

**13. Allocation of Costs:**

In the government-wide statement of activities, the District has allocated unallocated benefits to various programs based on the budgetary expenditures by program.

**14. Pensions:**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund (TPAF) and Public Employee Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**F. IMPACT OF RECENTLY ISSUED ACCOUNTING PRINCIPLES**

**Adopted Accounting Pronouncements**

The following GASB Statements became effective for the fiscal year ended June 30, 2024:

In April 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 99, "Omnibus 2022". This statement, which is effective for fiscal years beginning after June 15, 2023, and all reporting periods, thereafter. This standard did not have any effect on the School District's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 100, "Accounting Changes and Error Corrections (an amendment of GASB Statement No. 62)". This statement, which is effective for fiscal years beginning after June 15, 2023, may have an effect on the School District's financial reporting. This standard did not have any effect on the School District's financial reporting.

**G. RECENT ACCOUNTING PRONOUNCEMENTS NOT YET EFFECTIVE**

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". This statement, which is effective for fiscal years beginning after December 31, 2023, and all reporting periods, thereafter, will not have any significant effect on the School District's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 101, "Compensated Absences". This statement, which is effective for fiscal years beginning after December 15, 2023, may have an effect on the School District's financial reporting.

In December 2023, the Governmental Accounting Standards Board (GASB) issued Statement No. 102, "Certain Risk Disclosures". This statement, which is effective for fiscal years beginning after June 15, 2024, and all reporting periods, thereafter, will not have any significant effect on the School District's financial reporting.

In April 2024, the Governmental Accounting Standards Board (GASB) issued Statement No. 103, "Financial Reporting Model Improvements". This statement, which is effective for fiscal years beginning after June 15, 2025, and all reporting periods, thereafter, will not have any significant effect on the School District's financial reporting.

In September 2024, the Governmental Accounting Standards Board (GASB) issued Statement No. 104, "Disclosure of Certain Capital Assets". This statement, which is effective for fiscal years beginning after June 15, 2025, and all reporting periods, thereafter, will not have any significant effect on the School District's financial reporting.

**NOTE 2 – CASH**

**Custodial Credit Risk—Deposits.** Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The district's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2024, \$332,015.75 of the government's bank balance of \$10,540,337.43 was exposed to custodial credit risk.

**NOTE 3 – RECEIVABLES**

Receivables at June 30, 2024, consisted of accounts (tuition), interfund, and intergovernmental. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

	Governmental Fund Financial Statements	Government Wide Financial Statements

Compensated absences have been liquidated in the General Fund.

**Bonds Payable**

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

At June 30, 2024, bonds payable consisted of the following issue:

\$5,210,000 School Bonds dated May 8, 2014, due in annual installments beginning July 15, 2015 through July 15, 2031, bearing interest at various rates. The balance remaining as of June 30, 2024 is \$2,715,000.00.

**Lease Liability**

The district entered into agreements to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. The district has determined the accumulated amortization to be immaterial to the governmental-wide financial statements and has elected to record the remaining payments in full.

The first agreement was executed in September 2018, to lease copiers across the different locations within the school district. The term of the lease is 60 months and matured in August 2023. There is no remaining liability as of June 30, 2024.

The second agreement was executed in June 2023, to lease copiers across the different locations within the school district. The term of the lease is 36 months and matures in June 2026. The remaining liability as of June 30, 2024, is \$63,204.48.

The third agreement was executed in June 2023, to lease (5) 54 passenger buses and (1) 25 passenger bus. The term of the lease is 12 months and matures in June 2024. There is no remaining liability as of June 30, 2024.

The fourth agreement was executed in June 2023, to lease (5) 54 passenger buses. The term of the lease is 12 months and matures in June 2024. There is no remaining liability as of June 30, 2024.

The future minimum lease obligations as of June 30, 2024, are as follows:

Year Ending June 30,	Principal	Interest	Total

**NOTE 7 – PENSION PLANS**

Description of Plans - All required employees of the district are covered by either the Public Employees' Retirement System, the Teachers' Pension and Annuity Fund or the Defined Contribution Retirement Program which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the reports can be accessed on the internet at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.50% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF and the PERS rate is 7.5% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2024, 2023 and 2022 were \$2,801,604.00, \$2,567,056.00, and \$2,492,184.00, respectively, and paid by the State of New Jersey on behalf of the board, equal to the required contributions for each year. The School District's contributions to PERS for the years ending June 30, 2024, 2023 and 2022 were \$197,511.00, \$191,990.00, and \$135,766.00 respectively, equal to the required contributions for each year.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024  
(CONTINUED)**

During the fiscal years ended June 30, 2024, 2023 and 2022, the State of New Jersey contributed \$762,494.00, \$674,359.00, and \$582,275.00, respectively, to the TPAF for post-retirement medical benefits on behalf of the Board. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the Board \$620,494.15, \$609,162.13, and \$565,303.76, during the same fiscal years for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts, which are not required to be budgeted, have been included in the financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance with GASB Standards.

For the DCRP, members contribute at a uniform rate of 5.5% of their base salary. Employers are required to contribute at a set rate of 3.0% of base salary. There were 27 employees enrolled in the DCRP for the year ended June 30, 2024.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Teacher's Pension and Annuity Fund (TPAF) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of  $\frac{1}{4}$  of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2013, the member contribution rates increased in October 2012. The phase-in of the additional incremental member contribution rates for PES members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.

- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS and employer contributions to the retirement systems.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS and TPAF with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

**NOTE 8: PENSION LIABILITIES – PUBLIC EMPLOYEES' RETIREMENT SYSTEM (PERS)**

In 2012, the Governmental Accounting Standards Board issued GASB statement 68. This statement is effective for fiscal years beginning after June 15, 2014. This statement changes the method of reporting the district's pension liabilities. The following information describes the district's proportionate share of the statewide pension system's liabilities and expenses.

The following represents the district's pension liabilities as June 30, 2023:

**Public Employees' Retirement System**

The district has a liability of \$2,140,490 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022, that was rolled forward to June 30, 2023. The district's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2023, the District's proportion is 0.01477792530%, which is a decrease of 2.93% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized pension expense of \$63,719. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected & actual experience	\$ 20,466	(8,750)
Changes of assumptions	4,702	(129,723)
Net difference between projected and actual earnings on pension plan investments	9,857	
Changes in proportion	416,670	(129,462)
Total	<u>\$ 451,695</u>	<u>\$ (267,935)</u>

**CITY OF ABSECON SCHOOL DISTRICT

Amounts that would be reported as deferred outflows of resources and deferred inflows of resources related to pensions would be recognized in pension expense as follows:

2025	\$	(267,216)
2026		42,090
2027		338,711
2028		63,341
2029		6,833
Total	\$	<u>183,760</u>

**Actuarial Assumptions**

The total pension liability for the June 30, 2023, measurement date was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increases:	2.75% – 6.55% (based on years of service)
Investment rate of return:	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disable retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2023 are summarized in the following table:

*Discount Rate*

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

*Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.*

The following presents the District's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$ 2,581,112	2,140,490	1,765,869

**NOTE 9 – PENSION LIABILITIES - TEACHERS' PENSION AND ANNUITY FUND (TPAF)**

At June 30, 2023, the District liability for its proportionate share of the net pension liability which is considered a Special Funding Situation with the State of New Jersey is reported below.

The employer contributions for local participating employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 18:66-33. Therefore, local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the plan, there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the non-employer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

The amount recognized by the district as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ -
State's proportionate share of the net position liability associated with the District	<u>31,606,931</u>
Total	<u><u>\$ 31,606,931</u></u>

The net pension liability was measured as of June 30, 2023, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The district's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2023, the District's proportion was 0.00%, which was no change from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized pension expense of \$776,490 and revenue of \$776,490 for support provided by the State.

*Actuarial assumptions.* The total pension liability in the June 30, 2023, actuarial valuation was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. This actuarial valuation used the following assumptions, applied to all period included in the measurement:

Inflation Rate	
Price	2.75%
Wage	3.25%

Investment rate of return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

***Long-Term Expected Rate of Return***

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. ***Discount rate***

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

**General Information about the OPEB Plan**

**State Health Benefit State Retired Employees Plan:**

Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be reported on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contributions. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASBE Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent, from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage: <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

***Total OPEB Liability***

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. Note that actual numbers will be published in June 30, 2023 III-3.8 the NJ State ACFR on the Office of Management and Budget's Financial Publications webpage: [NJ OMB - Financial Publications](#)

Actuarial assumptions and other imputes. The total OPEB liability in the June 30, 2023, actuarial valuation reported by the State in the State's most recently issued ACFR was determined by an actuarial valuation as of June 30, 2022, which was rolled forward to June 30, 2023. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

*Salary Increases*

<u>TPAF/ABP</u>	<u>PERS</u>	<u>PFRS</u>
2.75% to 4.25% based on service years	2.75% to 6.55% based on service years	3.25% to 16.25% based on service years

*Mortality Rates*

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2020 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of the TPAF, PERS, and PFRS experience studies for the period July 1, 2018 to June 30, 2021.

100% of active members are considered to participate in the Plan upon retirement.

*Health Care Trend Assumptions*

For pre-Medicare medical benefits, the trend rate is initially 6.5% and decreases to a 4.5% long-term trend rate after nine years. For post-65 medical benefits PPO, the trend is increasing to 14.8% in fiscal year 2026, and decreases to 4.5% in fiscal year 2033. For HMO the trend is increasing to 17.4% in fiscal year 2026, and decreases to 4.5% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 9.5% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

*Discount Rate*

The discount rate used to measure the total OPEB liability was 3.65%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

(Contributions made after June 30 are reported as deferred outflow of resources but are not amortized in the expense.)

Detailed information about the plan's fiduciary net position is available in the separately issued OPEB financial report.

**NOTE 11 – COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years as long as it does not violate Title 18A. Upon retirement employees shall be paid by the District for unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for vested compensated absences for the governmental fund types is recorded in current and long-term liabilities. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore is not shown separately from the long-term liability of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2024, there was no liability for compensated absences in the Food Service Enterprise Fund.

**NOTE 12 – DEFERRED COMPENSATION**

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Equitable Life  
Lincoln Investment Planning, Inc.  
Siracusa

**NOTE 13 – TUITION RESERVE ACCOUNT**

A tuition reserve account was established by the City of Absecon Board of Education in accordance with N.J.A.C. 6A:23-3.1(f)(8). This reserve represents foreseeable future tuition adjustments up to a maximum of 10% of the estimated tuition cost of the respective year. The tuition reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The activity of the tuition reserve for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance, July 1, 2023	\$ 244,452.00

**NOTE 15 – CAPITAL RESERVE ACCOUNT**

A capital reserve account was established by City of Absecon Board of Education by the inclusion of \$1 on September 26, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6:23A-2.13(g) 7*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve account for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance, July 1, 2023		\$ 3,657,185.45

**NOTE 16 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's Unemployment Compensation fund for the current and prior year:

**NOTE 17 – CONTINGENT LIABILITIES**

Federal and State Grants

The District participates in a number of federal and state grant programs. The grant programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance would result in the disallowance of program expenditures.

**NOTE 18 – ECONOMIC DEPENDENCY**

The District receives support from the federal and state governments. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

**NOTE 19 – LITIGATION**

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District's management, the outcome of any legal proceedings will not have any adverse effect on the accompanying financial statements.

**NOTE 20 – COMMITMENTS**

The District does not have an encumbrance policy for the fiscal year end to determine significant encumbrances. All encumbrances are classified as Assigned Fund Balance in the General Fund and Special Revenue Fund. Significant encumbrances at June 30<sup>th</sup> are as follows:

Fund	Amount
General Fund Encumbered Orders	\$ 91,239.92
Special Revenue Fund Encumbered Orders	132,777.94
	\$ 224,017.86

**NOTE 21 – FUND BALANCE APPROPRIATED**

General Fund – Of the \$8,108,542.64 General Fund fund balance, at June 30, 2024, \$91,239.92 is reserved for encumbrances, but not reflected as assigned on the balance sheet since the unassigned balance is negative, \$2,327,982.72 is reserved as excess surplus in accordance with NJSA 18A:7F-7 (\$1,017,069.00 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2025, \$153,092.64 has been reserved in the Unemployment Compensation Fund; \$4,625,235.45 has been reserved in the Capital Reserve Account; \$238,257.00 has been reserved in a Tuition Reserve Account; \$827,387.00 has been reserved in a Maintenance Reserve Account and (\$63,412.17) is classified as unassigned.

**NOTE 22 – CALCULATION OF EXCESS SURPLUS**

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount of budgeted fund balance in their subsequent years' budget. The excess fund balance generated in June 30, 2024 is \$1,310,913.72.

**CITY OF ABSECON SCHOOL DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024

**NOTE 23 – DEFICIT FUND BALANCES**

The District has a deficit unassigned fund balance of (\$204,208.77) in the Special Revenue Fund as of June 30, 2024 as reported in the fund statements (modified accrual basis). *N.J.S.A. 18A:22-44.2* provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last payment as revenue, for budget purposes only, in the current school budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payments in the subsequent fiscal year, the school district cannot recognize the June state aid payments on the GAAP financial statements until the year the state records the payable. Due to the timing difference of recording the last state aid payment, the Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties. The District deficit in the Special revenue fund in the GAAP fund statements of (\$204,208.77) is equal to the last state aid payment for that fund and the student activity fund balance.

**NOTE 24 – RIGHT TO USE ASSETS**

The district has recorded right to use assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability, plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place to lease into service. The District has determined the other charges and amortization to be immaterial to the government-wide financial statements and has elected to record the Right to Use Assets at their remaining liability payments.

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Absecon City. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

- a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Honorable President and  
Members of the Board of Education  
Absecon School District  
County of Atlantic  
Absecon, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Absecon School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Absecon School District's basic financial statements, and have issued our report thereon dated November 22, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Absecon School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City of Absecon School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Absecon School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE REQUIRED BY UNIFORM ADMINISTRATIVE AWARDS (UNIFORM GUIDANCE), AND NEW JERSEY OMB'S CIRCULAR 15-08**

The Honorable President and  
Members of Board of Education  
City of Absecon School District  
Absecon, New Jersey  
County of Atlantic

**Report on Compliance for Each Major Federal & State Program**

**Opinion on Each Major Federal & State Program**

We have audited the City of Absecon School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the City of Absecon School District's major federal and state programs for the year ended June 30, 2024. The City of Absecon School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Absecon School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2024.

**Basis for Opinion on Each Major Federal & State Program**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and NJ OMB 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Absecon School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Absecon School District's compliance with the requirements referred to above.

## **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to its Federal and State programs.

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Absecon School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and NJ OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Absecon School District's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Absecon School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Absecon School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of City of Absecon's School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Other Matters**

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance or NJ OMB 15-08.

## Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

**CITY OF ABSECON SCHOOL DISTRICT**  
**Notes to the Schedules of Financial Assistance**  
**June 30, 2024**

**K-5**

**Note 1: General**

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Absecon School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

**Note 2: Basis of Accounting**

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200-*Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10% de minimis indirect cost rate.

**Note 3: Relationship to Basic Financial Statements**

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A. 18A:22-4.2*.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$84,711.80) for the general fund and \$69,691.39 for the special revenue fund. See the Notes to the Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	Federal	State	On-Behalf Payments	Total
General Fund	\$ 66,262.52	11,148,637.15	(3,565,328.00)	7,649,571.67
Special Revenue Fund	1,241,472.84	2,686,447.71		3,927,920.55
Debt Service Fund		137,335.00		137,335.00
Food Service Fund	406,831.59	13,363.57		420,195.16
	<u>\$ 1,714,566.95</u>	<u>13,985,783.43</u>	<u>(3,565,328.00)</u>	<u>12,135,022.38</u>

The On-Behalf Pension Contributions made for the district by the State of New Jersey are recognized as revenue in the basic financial statements but are not considered in the major program determination.

**Note 4: Relationship to Federal and State Financial Reports**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**Note 5: Other**

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2024. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2024.

**Note 6: Adjustments**

Both favorable and unfavorable differences incurred as a result of final grant payments being rounded by the grantor and are included in the schedule(s) of financial assistance in a column entitled "Adjustments."
