Official's Bonds (N.J.S.A. 18A:17-26, 18A:17-32, 18A:13-13)

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Lisa DiNovi	Board Secretary/Business Administrator	\$189,000

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A.18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by school district.

The school district data certification was completed by the chief school administrator. The school district Chapter 44 data was submitted timely.

Tuition Charges

These charges represent payments from parents of students not residing in the school district. Tuition appeared to be charged and received at the approved rate for the year under audit. In addition, there were no tuition students from billings to sending districts for the year under audit per N.J.A.C. 6A:23-3.1(f).

District Internal Control Policies

District boards of education and administration are responsible for developing internal controls policies and procedures and maintaining a strong internal control environment. NJAC 6A:23A-6.4 requires that the district's internal control policies include specific requirements at NJAC 6A:23A-6.5 through 6.13.

All Internal Control Policies were found in accordance with NJAC 6A:23A-6.5 through 6.13.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Certification of Income Tax Compliance

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators was filed with the N.J. Department of Treasury by the due date.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the School Business Administrator/Board Secretary, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

Payrolls were delivered to the treasurer of school monies with a warrant made to her order for the full amount of each payroll.

Employee Position Control Roster

An inquiry and subsequent review of the Position Control Roster did not find any discrepancies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2025 for goods not yet received or services not yet rendered, and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered as of June 30, 2025.

Financial Planning, Accounting and Reporting *(Continued)*

Obligations of Federal Grant Awards and Requests for Reimbursement of Expenditures Against Those Federal Grants Awards

No exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

A. General Classification Findings

Purchase orders were charged to the appropriate line item accounts in accordance with the State prescribed **Uniform Minimum Chart of Accounts (2R2) for New Jersey Public School.**

An analysis of cumulative budget transfers was examined to determine that transfers appear to be approved and recorded in accordance with Department of Education requirements regarding the ten percent rule on advertised budget line items.

Financial Planning, Accounting and Reporting *(Continued)*

Treasurer's Records

The Treasurer prepared cash reconciliations for the general operating account, payroll account and payroll agency account per N.J.S.A.18A:17-9.

All cash receipts were promptly deposited. (N.J.S.A.18A:17-34, 18A:17-9.1)

The Treasurer's records were in agreement with the records of the Board Secretary.

The Treasurer filed her reports in a timely manner.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (E.S.S.A.)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I-A and II-A of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of the E.S.E.A. funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The study of compliance for E.S.E.A. indicated that all E.S.E.A. programs were in compliance.

Other Special Federal and/or State Projects

The District's special projects were approved as listed on Schedule A and Schedule B located in the **ACFR**.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the **ACFR**. This section of the **ACFR** documents the financial position pertaining to the aforementioned special projects. The study of compliance for special projects indicated no areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

Financial Planning, Accounting and Reporting (Continued)

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: <http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>.

The current statute is posted on the New Jersey Legislature website at: http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientID=1319801&depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$20,200 for 2024-2025.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year.

Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did not reveal any purchases by state contract. The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract less than the bid threshold but 15% or more of that amount, except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Education, price and other factors considered.

School Food Service

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. Exceptions were not noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations.

School Food Service *(Continued)*

We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA. Exceptions were not noted.

Student Body Activities

The Board has a policy, which clearly established the regulation of student activity funds.

All receipts appeared to be deposited promptly in the bank.

A monthly report of student activity funds is being submitted to the Board. Vouchers and supporting invoices were maintained for the student activity fund purchases. All disbursements appeared to be supported by appropriate documentation.

Latchkey Program/Summer Camp

The financial transactions and records of the Latchkey Program/Summer Camp were reviewed and appear to be supported by appropriate documentation. The Latchkey Program was not in operation during the year under audit.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped and low-income. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers with one minor the exception shown in the Schedule of Audited Enrollment. The results of our procedures are presented in the Schedule of Audited Enrollment. The District participates in the SEMI program.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

Facilities and Capital Assets

The general fixed asset records are required to be updated each year though implementation of in-house software or an outside vendor.

Our procedures included inquiry as to SDA grant agreements, if any, for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account and awarding of contracts for eligible facilities construction.

Testing for Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The test results were put on the district's website as well as being available at the school facility.

Follow-up on Prior Years' Findings

A review was performed on the prior year and there were no findings with recommendations requiring corrective action.

Acknowledgment

We received the complete cooperation of all the officials of the school district, and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
