Financial Planning, Accounting and Reporting (Continued)

Payroll Account

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

The District maintains a personnel tracking and accounting (Position Control) system.

The District filed the required certification (E-CERT1) of compliance with requirements for income tax compensation of certain administrators with the NJ Department of Treasury by the March 15 due date.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserve for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered as of June 30.

Travel

The Board of Trustees has adopted a travel policy that complies with N.J.S.A. 18A:11-2.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to a random sample, our sample also included new procedures required by the State Department of Education for specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.3. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The financial records, books of account and minutes maintained by the Board Secretary were in good condition.

The Board Secretary's and Board Designee's monthly financial reports were presented monthly to the Board on a timely basis and were submitted to the Executive County Superintendent as prescribed by N.J.S.A. 18A: 17-9 and 18A: 17-36.

The monthly records pertaining to cash reconciliations were in agreement with the records of the Board Secretary.

FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

Financial Planning, Accounting and Reporting (Continued)

Elementary and Secondary Education Act (E.S.E.A.)/as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the financial section (Special Revenue Fund) of the ACFR. This section of the ACFR documents the financial position pertaining to projects under Titles I, II, III and IV of the Elementary and Secondary Education Act, as amended.

Our examination of the ESEA/ESSA funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The District's special projects were approved as listed on Exhibits K-3 and K-4 located in the single audit section of the ACFR.

Our examination of the other Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the special revenue section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Reports for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. No expenditure was submitted by the District as no pensionable salaries of TPAF members were charged against federal grants.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-3 (as amended) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent). The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$22,400.

If the purchasing agent is qualified pursuant to subsection b of section 9 of P.L. 1971, c. 198 (c.40A:11-9), the board of education may establish that the bid threshold may be up to \$44,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section. The Board has designated the School Business Administrator as the qualified purchasing agent and established the bid threshold at \$44,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Attorney's opinion should be sought before a commitment is made.

FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or goods or service, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination, did not indicate any individual payments, contracts or agreements were made for the performance of work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, as amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

Food Service Fund

The school food service program was not selected as a major federal or State program. However, the program expenditures exceeded \$100,000 in federal support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. Exceptions were not noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The financial transactions and records of the school food service fund were maintained in good condition. The financial accounts and records were reviewed on a test-check basis.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed. The FSMC contract does not provide for an operating result provision.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three months average expenditures.

Applications for free and reduced price meals were reviewed for completeness and accuracy as part of our audit of the Application for State School Aid (ASSA).

USDA Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Exhibits B-4 through B-6 of the ACFR.

Student Body Activities

The Board has a policy which clearly established the regulation of student activity funds.

Cash receipts and disbursements records for the student activity accounts were maintained in good condition.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2024 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with minor exceptions noted. The information that was included on the workpapers was verified with no exceptions noted. The results of our procedures are presented in the Schedule of Audited enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2024/2025 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with no exceptions. The results of our procedures are presented in the Schedule of Audited enrollments.

Our procedures included a review of transportation related contracts and purchases. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

The District had no SDA grant projects during the current year.

The District maintained detail capital assets financial records.

Testing for Lead of all Drinking Water in Educational Facilities

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Suggestions to Management

- Transfers of Capital Reserve to and from Capital Projects Fund should be formally approved by Board resolution.
- External fixed asset inventory report be reviewed for accuracy prior to being finalized.
- Review be made of part-time employee's eligibility for DCRP enrollment.
