Examination of Claims

An examination of claims paid during the period under review indicated no discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefit premium amounts withheld due to the general fund.

Payrolls were delivered to the Treasurer of school monies with a warrant made to his order for the full amount of each payroll.

An inquiry and subsequent review of the Position Control Roster did not identify any inconsistencies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

No exceptions were identified relating to payroll and human resources testing procedures.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable and no exceptions were identified.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C. 6A:23A-16.2(f)* as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C. 6A:23A-8.3*. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Administrative Findings-Financial,
Compliance and Performance**

Board Secretary's Records

Our review of financial and accounting records maintained by the Board Secretary disclosed no exceptions.

Treasurer's Records

No exceptions were noted during our review of the financial and accounting records maintained by the Treasurer.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2024-25 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Title I of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no area of noncompliance or questionable costs.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A (K-3) and Schedule B (K-4) located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

West Windsor-Plainsboro Regional School District
Administrative Findings-Financial,
Compliance and Performance

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects. No exceptions were identified.

The study of compliance for special projects indicated no instances of noncompliance.

T.P.A.F. Reimbursement

This was included and tested as a major program during the period under review. Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for District employees who are members of the Teacher's Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's final reports for all applicable federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditures were reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and *18A:18A-3(a)* are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A. 18A:39-3* is \$22,400 for 2024-25.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A. 18A:18A-4*.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per *N.J.S.A. 18A:18A-5*.

School Food Service

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency. Required Comments for a School Food Service Program that has not Been Audited as a Major Program, but has expended \$100,000 or more in Federal and/or State Support.

The school food service program was not selected as a major federal and/or State program. However, the program expenses exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA. (Note to Auditor: The Schedule of Meal Count Activity is not a required presentation where the School Food Service Program has not been audited as a major program.

Student Body Activities

During our review of the student activity funds, no material exceptions were identified.

**West Windsor-Plainsboro Regional School District
Administrative Findings-Financial,
Compliance and Performance**

Application for State School Aid

Because the General State Aid cluster was not selected as a major program in the 2025 fiscal year, our audit procedures did not include a test of information reported in the October 15, 2024 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We did agree the ASSA summary report to the underlying District working papers without exception. We also performed a review of the District procedures related to its completion. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Facilities and Capital Assets

Our procedures included a review of New Jersey Schools Development Authority ("NJSDA") grant close-outs, including a return of local funds to the General Fund and Capital Reserve, as well as a review of the collectability of receivable amounts. In addition, we reviewed the awarding of contracts for eligible facilities construction, expenditures in accordance with the Energy Savings Improvement Program, and capital asset (including construction in progress) additions and disposals. No exceptions were identified.

Testing for Lead of All Drinking Water in Educational Facilities

The District adhered to all the requirements of *N.J.A.C. 26-1.2 and 12.4* related to the testing for lead of all drinking water in educational facilities.

The District submitted the annual Statement of Assurance to the Department of Education, pursuant to *N.J.A.C. 6A:26-12.4(g)*.

Other Suggestions to Management

For the year ended June 30, 2025, the food service net cash resources exceeded three times the average food service monthly operating expenses. We suggest the District continue to develop a plan for the excess funds to be utilized in the subsequent year's allowable expenses that will further support the operation and enhance the child nutrition program, such as improving the nutritional quality of the food or purchasing equipment for the cafeteria as outlined in 7 CFR 210.14(a).

Follow-up on Prior Year's Findings

There were no prior year findings.
