Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not reveal any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Financial Planning, Accounting and Reporting (Continued)

Salary withholdings were promptly remitted to the proper agencies including health benefits withholdings due to the general fund.

The required certification (E-CERT) of compliance with requirements of income on compensation of District administration was filed with the New Jersey Department of Treasury by the due date.

Payrolls were delivered to the secretary of the board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

Cash Reconciliations

The District has designated the Assistant Business Administrator to prepare monthly bank reconciliations. The Board designee did perform cash reconciliations for the general operating account, payroll account and payroll agency account.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30. No errors were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The financial records, books of account and minutes maintained by the Board Secretary were in excellent condition.

Bids received were summarized in the minutes (N.J.S.A.18A:18A-21).

Approved budgetary line accounts were not overexpended.

Acknowledgment of the Board's receipt of the Board Secretary's monthly financial reports was included in the minutes.

The prescribed contractual order system was followed.

The capital asset records were updated for the additions and disposals of capital assets made during the year.

Financial Planning, Accounting and Reporting (Continued)

Elementary and Secondary Education Act (E.S.E.A.) as Amended by Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Title II Part A of the Elementary and Secondary Education Act as amended.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Exhibits K-3 and K-4 located in the ACFR.

Our audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained herein represent a true statement of the financial position pertaining to the aforementioned special projects.

I.D.E.A. Part B

Separate accounting records were maintained for each approved project. Grant application approvals and acceptance of grant funds were made by Board resolution.

T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to State for Federal Salary Expenditures

None.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-3(A) are \$44,000 (with a qualified purchasing agent) and \$32,000 (without a qualified purchasing agent), respectively. The District's Business Administrator is qualified and the District, by Board resolution has increased the bid threshold to \$44,000. The law regulating bidding for public school transportation contracts under N.J.S.A. 18A:39-3 is currently \$22,400.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or goods or service, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Financial Planning, Accounting and Reporting (Continued)

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal that purchases were made through the use of State contracts.

School Food Service

The school district did not participate in the National School Lunch Program.

The financial transactions and statistical records of the school food services were maintained in satisfactory condition.

Cash receipts and bank records were reviewed for timely deposit.

The district utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1 Provisions of the FSMC contract/addendum were reviewed and audited. As a result of the uncertainties due to supply chain disruptions, food and paper cost increases due to inflation and the impact of minimum wage increases on cost of labor, the FSMC contract includes no guarantee of operating results for the 2024-2025 school year. However, the FSMC will strive to maintain an economically efficient operation.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G.

Enterprise Funds

The District maintains the following other enterprise funds:

The *summer enrichment fund* accounts for the activities of the District's summer school program which provides education opportunities beyond the regular school term.

The *pay to participate fund* accounts for the activities of the District's extra-curricular activities which provides sports programs.

The *social club fund* accounts for the activities of special need students which provides for the learning of interrelation skills.

Financial Planning, Accounting and Reporting (Continued)

Enterprise Funds (Continued)

The *technology program fund* accounts for the activities of student purchased insurance on district issued computers.

Student Body Activities

The Board has a policy which clearly established the regulation of student activity funds.

All receipts were promptly deposited.

Cash disbursements had proper supporting documentation.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2024 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exceptions. The information that was included on the workpapers was verified without exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Because Transportation Aid was not tested as a major program in the 2025 fiscal year, our audit procedures did not include a test of on roll status reported in the 2024-2025 District Report of Transported Resident Students (DRTRS). We did agree the information presented on the DRTRS by the County/NJDOE and compared the information presented by the District without exception.

Our procedures also included a review of transportation-related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Transportation Aid was not tested as a major program for purposes of the State single audit and therefore limited procedures were performed over the DRTRS.

Facilities and Capital Assets

There was grant activity with three SDA ROD grants in the 2024-25 school year. Our procedures included a review of transactions relating to the Capital Reserve Account.

The District maintained records for their governmental and business type activities capital assets.
