I. PROGRAM OBJECTIVES

To establish a funding source for school districts/charter schools in accordance with the “School Funding Reform Act of 2008” (SFRA) P.L. 2007, c.260.

II. PROGRAM PROCEDURES

School districts/charter schools were notified of their 2012-2013 allocation of the amounts appropriated as State aid in the February 23, 2012 State aid notice issued by the Commissioner of Education. School Choice Aid allocations are as adjusted by the Commissioner of Education as of March 6, 2012. Districts receiving Supplemental Enrollment Growth Aid (SEGA) were notified of the award amount on August 29, 2012.

For GAAP purposes, the amount of 2011-12 state aid reflected in the deferred last two state aid payments of June 2012 (received July 2012) is recognized as revenue in 2012-13. For budgetary purposes, the two deferred payments from June 2012 were included in 2011-12 revenue. June payments to charter schools were not deferred.

The deferred last two state aid payments for fiscal year 2012-13 (June 2013) are received July 2013 and included as 2012-13 revenue for budgetary purposes and as 2013-14 revenue for GAAP purposes. This is reported in the aggregate in the Required Supplementary Information (Exhibit C-3 of the CAFR) and not itemized by state aid category.

III. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES

A. TYPES OF SERVICES ALLOWED OR UNALLOWED

1. Compliance Requirements

The state aid categories listed at the beginning of this chapter are general fund revenue sources.

Suggested Audit Procedures

- Verify that the correct amount of state aid for 2012-13 is recorded as general fund revenue in the district's/charter school's accounting records and approved budget and that, if applicable, the accounting records reflect the accounts receivable for any aid category having an increase after adjustment.

B. ELIGIBILITY

1. Compliance Requirements

The district must complete the Application for State School Aid (A.S.S.A.) in accordance with the instructions provided by the Office of School Finance. The district must complete a set of workpapers that document the compilation of data and provide an audit trail for testing the enrollments reported on the A.S.S.A. All charter school students are on-roll in their district of residence and reported in the district's A.S.S.A.

The school district/charter school must have on file written procedures that provide a description of the count process. The workpapers and internal procedures must be maintained on file for seven years.

Districts:

Districts obtain their A.S.S.A. printout from the district's individual account on the school aid notice website The Schedule of Audited Enrollments for June 30, 2013 reflects the compression of special education tiers and enrollments of LEP low income and LEP not low income students in accordance with the October 2012 ASSA. Questions about the ASSA or obtaining the printout should be addressed to assa@doe.state.nj.us.

Charter Schools:

Charter schools obtain their enrollment printouts from the CHE system for the October 15, 2012 and the last day of school enrollment counts. Questions about CHE or obtaining the printouts should be addressed to school-funding@doe.state.nj.us.

In addition to providing student enrollment data to districts of residence for A.S.S.A. reporting purposed, charter schools must submit enrollment data through the Charter School Enrollment System (CHE) at October 15, 2012 and last day of school. The charter school must maintain data and provide an audit trail for testing of the enrollment reported in the CHE.

Suggested Audit Procedures

- In accordance with instructions and audit procedures in *The Audit Program*, Section I-3 and III-4, issued by the Department of Education, verify enrollments reported on the district's A.S.S.A. printout or the charter school's CHE printouts with the pupil counts on the district's/charter school's workpapers.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

None.

D. REPORTING REQUIREMENTS

None.

E. SPECIAL TESTS AND PROVISIONS

1. Compliance Requirements

Expenditures, which exceed the bid or quote threshold, must be made in accordance with the requirements of the Public School Contracts Law (*N.J.S.A. 18A: 18A et seq.*). Refer to Section I, Chapter 5, of *The Audit Program, Bids & Contracts/Purchasing*.

Suggested Audit Procedures

- Test expenditures to determine compliance with advertising for bids and obtaining quotes as required by *N.J.S.A. 18A: 18A-3, 18A-4 and 18A-37*.

2. Compliance Requirements

The Board Secretary, and Treasurer of School Moneys (where the BOE has elected to maintain the position of Treasurer of School Moneys (*N.J.S.A. 18A:8-33*) must prepare and submit financial reports in accordance with *N.J.S.A. 18A:17-9* and *N.J.S.A. 18A:17-36*, respectively. Within 60 days of the December month-end, or later upon approval of the executive county superintendent, every district board of education/charter school board of trustees shall provide a copy of the school business administrator/board secretary's and treasurer's (where the BOE has elected to maintain the position) monthly financial reports to the executive county superintendent pursuant to *N.J.A.C. 6A:23A-16.10(c)(4)(iv)*. Pursuant to *N.J.S.A. 18A:17-10*, all districts/charter schools must submit the Annual Report to the board and the executive county superintendent by August 1.

Suggested Audit Procedures

- Review board minutes for acceptance of reports and the inclusion of the reports or a summary thereof.
- Verify the reports are in agreement with the financial records of the district/charter school.
- Verify that the Board Secretary and Treasurer (where BOE/BOT has maintained the position) reports were prepared within 60 days after December.
- Review the district/charter school records to determine if the Annual Report was submitted to the Board and executive county superintendent by August 1.

3. Compliance Requirements

A district board of education/charter school board of trustees shall not incur any obligation or approve any payment in excess of the amount appropriated by the district board of education/charter school board of trustees in the applicable line item account or program category account. (*N.J.A.C. 6A:23A-16.10*)

Suggested Audit Procedures

- Review budgetary appropriation ledger for over-expenditures.
- Review board minutes for approval of transfers and to assure transfers were approved prior to the over-expenditure of any line item account.

4. Compliance Requirements [N/A to charter schools]

N.J.S.A. 18A:22-8.1, applicable for regular non-vocational districts, requires Commissioner approval (or executive county superintendent as Commissioner's designee) for line-item transfers from any general fund appropriation account that on a cumulative basis exceed 10 percent of the amount of the account included in the budget certified for taxes. The district must also obtain two-thirds affirmative vote of the authorized membership of the school board. *N.J.A.C.* 6A:23A-13 provides further guidance regarding transfers. The department has provided an excel worksheet for the districts to complete at least monthly to track transfers. The worksheet and directions are available on the website: <http://www.state.nj.us/education/finance/fp/af/transfer/monthly.shtml>

County approval is deemed to have been received by the district if, after 10 working days of receipt of the request by the executive county superintendent or assistant commissioner, as applicable, no approval or denial has been provided to the district. The district must obtain supporting documentation that the request was received by the executive county superintendent.

Suggested Audit Procedures

- Review the monthly transfer worksheets prepared by the district and determine that the district received the appropriate approvals, including documentation of executive county superintendent receipt when applicable.

5. Compliance Requirements [N/A to charter schools]

N.J.A.C. 6A:23A-13.3(g) requires regular non-vocational districts to receive executive county superintendent approval (Commissioner's designee) for any transfer to an advertised appropriation account identified as administration that exceeds, on a cumulative basis, 10 percent of the amount of the account included in the district's budget certified for taxes. These administration accounts include general administration, school administration, central services, or administrative information technology.

Suggested Audit Procedures

- Review the monthly transfer worksheets prepared by the district and determine that the district received the appropriate approvals.

6. Compliance Requirements [N/A to charter schools]

N.J.S.A. 18A:7G and *N.J.A.C.* 6A:23A-8.4 require voter or board of estimate approval of the local funding for a capital project (school facility project or other capital project) in the budget certified for taxes, at a special election (type II districts) or by special resolution (type I districts), or by withdrawal from capital

reserve in accordance with *N.J.A.C. 6A:23A-14.1* For withdrawals from capital reserve to fund projects that would not otherwise be eligible for State support, and where the district has moved to a November election, the requirement for voter or board of school estimate approval is met through the certification of the board of education/board of school estimate and approval by the executive county superintendent for a budget that is within the statutory tax levy cap. *N.J.A.C. 6A:23A-13.3(h)* requires executive county superintendent approval for transfers to capital outlay, excluding equipment, for an “emergent circumstance” after an on-site inspection by the county superintendent. Transfers to equipment accounts or to supplement a capital outlay executive project previously approved by the voters or board of school estimate pursuant to *N.J.A.C. 6A:23A-8.4* do not require approval of the executive county superintendent.

Suggested Audit Procedures

- Review the monthly transfer worksheets prepared by the district and determine that the district received the appropriate approvals.

7. Compliance Requirements [N/A to charter schools]

N.J.S.A. 18A:7G-31(c), and *N.J.S.A. 18A:7G-13* permit districts, by board resolution, to transfer undesignated general fund balance to either the capital reserve account or maintenance reserve account if included in the district’s original budget certified for taxes or approved at a special election (type II districts) or by the board of school estimate (type I districts). *N.J.S.A. 18A:7F-41* permits a district board of education or board of school estimate to transfer by board resolution at year-end (between June 1 and June 30) any unanticipated revenue or unexpended line-item appropriation amounts, or both, to the capital reserve or the maintenance reserve account for withdrawal in subsequent school years.

Suggested Audit Procedures

- Review deposits into the capital reserve account to determine if the transfer was included in the original budget certified for taxes; the district received voter approval at one of the special elections (type II districts) or by the board of school estimate (type I districts); or the transfer was made by board resolution between June 1 and June 30.
- Review deposits into the maintenance reserve account to determine if the transfer was included in the original budget certified for taxes; the district received voter approval at one of the special elections (type II districts) or by the board of school estimate (type I districts); or the transfer was made by board resolution between June 1 and June 30.

8. Compliance Requirements [N/A to charter schools]

N.J.S.A. 18A:7F-41 permits districts to establish a current expense emergency reserve account and appropriate funds into the account in the district’s annual budget or through a transfer by board resolution at year end of any unanticipated revenue and unexpended line-item appropriation amounts. The account balance is not to exceed \$250,000 or 1 percent of the district’s general fund budget up to a maximum of \$1 million whichever is greater. Withdrawals require approval by

the Commissioner, except as permitted in *N.J.A.C. 6A:23A-14.4(a)1* when necessary to meet an increase in total health care costs in excess of 4 percent if the district did not receive an automatic adjustment for health care costs. Any amount that exceeds the limit at year end must be reserved and appropriated in the second subsequent year's budget.

Suggested Audit Procedures

- Review the board minutes to determine that if a reserve account was established and/or determine whether deposits were made between June 1 and June 30 or through the annual budget process.
- Calculate the maximum balance permitted and determine that the emergency reserve account balance does not exceed the statutory amount.
- If the district transferred funds from the emergency reserve, review the Commissioner approval letter to determine that the amount transferred was authorized.

9. Compliance Requirements [N/A to charter schools]

N.J.S.A. 18A:7F-41 provides that districts may establish a debt service reserve account in the debt service fund for proceeds from the sale of district property. Deposits may not be made to the reserve account if a district does not have any outstanding debt. Pursuant to *N.J.A.C. 6A:23A-14.4(a)2*, the funds may be used for any outstanding debt obligation or debt obligations of the school district. The funds are to be used to retire outstanding debt obligations of the district within the lesser of five years from its inception or the remaining term on the obligations. Any remaining balance must be reserved and appropriated in the second subsequent year's budget.

Suggested Audit Procedures

- If the district has a debt service reserve account, determine that the reserve was established using proceeds from the sale of district property and was properly authorized by a board resolution.
- In the year of deposit, determine that the district had outstanding debt. In future years, determine that the district still has outstanding debt.

10. Compliance Requirements [N/A to charter schools]

N.J.S.A. 18A:22-8.1, applicable for regular non-vocational districts, limits transfers from surplus or under budgeted or unbudgeted revenue to those amounts approved in the district's original budget, unless Commissioner approval is obtained. The regulations provide further guidance regarding the appropriation of surplus (*N.J.A.C. 6A:23A-13.3*). Appropriations between April 1 and June 30 require approval from the executive county superintendent or other Commissioner designee. Prior to April 1, approval is granted by the Commissioner (or the Commissioner's designee) only for an emergent circumstance.

Below are six exceptions that do not require department approval:

- approval is granted in the department's notification of a state grant;
- appropriation of unbudgeted and under budgeted tuition revenue from a school district-specific program that is not part of a formal sending-receiving relationship;
- appropriation of unbudgeted and under budgeted school transportation revenue generated as part of the district's or Coordinated Transportation Services Agency's role as host provider;
- restricted miscellaneous local revenue;
- appropriation of federal revenue; and
- appropriation of surplus generated from any federal or state revenue excluded from the prebudget year excess surplus calculation.

Suggested Audit Procedures

- Review the general fund beginning and ending fund balance and any additional appropriations of revenue or other under-budgeted or unbudgeted revenue during the year in conjunction with the monthly transfer worksheets to determine whether proper approval was obtained for any appropriation of surplus not included in the original budget certified for taxes, which did not meet one of the six exceptions noted above.
- Verify that the district expended the additional appropriation of funds for the approved intended purpose.
- If the district transferred funds from unreserved, unbudgeted surplus prior to April 1, determine whether the district received Commissioner approval authorizing the transfer.

11. Compliance Requirements [N/A to charter schools]

For regular school districts (excluding non-operating and vocational school districts), *N.J.S.A.* 18A:7F-5(c) established administrative cost limits. School districts are required to budget and appropriate total administrative costs within the administrative cost limit, as calculated and established by the Department of Education. School district total administrative cost is defined by the *Taxpayers' Guide to Education Spending* as total administrative costs calculated in the Advertised Per Pupil Cost Report of the district's budget statement and include the functions for general administration, school administration, central services, and administrative information technology functions, excluding judgments against the school district, interest on lease purchases, and interest on bond anticipation notes. School districts are required to account for all appropriations, administration as well as other expenditures, consistent with guidance issued in the Chart of Accounts. Proper supporting documentation should be maintained for permissible allocation of salaries. Auditors should refer to Section I-6 of The Audit Program for guidance on classification and allocation of administrative expenditures.

Suggested Audit Procedures

- Review administrative cost functions for significant fluctuations from prior year to determine compliance with coding of expenditures.
- Trace employment contracts for the chief school administrator, business administrator, and principal/vice principal to the amounts recorded in general administration, central services and school administration. The salary for these functions may only be allocated to direct classroom instruction if part of the regular teaching curriculum of the district.
- Verify that proper supporting documentation is maintained for administrative salaries that are allocated to other functions (ex: for allocation to instruction, request the teaching roster or another form of documentation, such as timesheets and inquiry of district personnel, to support the teaching position as a regular part of the curriculum).
- Inquire if any salaries were reclassified from an administrative to a non-administrative function from the prior year, and determine if their job description and/or duties have changed.
- Trace professional contracts, such as legal and audit, to the detailed ledgers to determine proper account classifications.
- Review the district prepared schedule detailing all staff requiring school administrative, business administrative and principal certification in conjunction with the district prepared questionnaire on administrative classifications as a tool in planning the audit and verifying coding accuracy of administrative salaries. Include a finding and recommendation when

district prepared schedule and/or questionnaire is substantially incomplete or inaccurate.

12. Compliance Requirements

N.J.S.A. 18A:11-12 provides specific guidelines for district/charter school travel policies and procedures. The Commissioner of Education may reduce state aid payments to any district/charter school by any amounts found to be in violation of restrictions placed on travel expenditures in accordance with regulations adopted by the Commissioner.

N.J.A.C. 6A:23A-7.1 et seq. codifies previously issued guidance from the department on travel, including the requirement that each board of education/board of trustees adopt a formal policy and procedures pertaining to travel and expense reimbursement for its employees and board members. *N.J.A.C.* 6A:23A-7.13 requires each district board of education/charter school board of trustees to adopt and implement policies and procedures that are in accordance with *N.J.S.A.* 18A:11-12. This statute, approved in 2007, requires that the policies of the board be in compliance with guidelines established by the New Jersey Department of the Treasury and the federal Office of Management and Budget. NJ Circulars 12-14-OMB, effective June 25, 2012 and 11-09-OMB, effective January 5, 2011 pertain to travel, meals, events and entertainment.

N.J.S.A. 18A:11-12 provides that prior approval for travel is required for employees and board members. The approval must be itemized by event, event total cost, and number of employees and school board members attending the event.

In addition, travel reimbursements for employees and board members attending in-state conferences must be for department approved events. All department approved events are on the department website at <http://www.state.nj.us/education/genfo/travel/>

Suggested Audit Procedures

- Determine that the board has adopted a travel and expense reimbursement policy and procedures in accordance with the regulations and the statute.
- Verify that the board has established a travel maximum for the year.
- Determine that the district/charter school has accounted for travel separately and has not exceeded the maximum for the year.
- For travel expenditures sampled, determine that the report required by *N.J.S.A.* 18A:11-12(d) that substantiates the purpose and relevance of the travel has been submitted.
- Sample employee travel expenditures and review the minutes for prior approval by a majority of the full voting membership of the board and review available documentation to determine that prior approval of the chief school administrator (*N.J.S.A.* 18A:11-12(f)) was obtained or if an expenditure was for regular business travel, determine that the cumulative

expenditures for the employee did not exceed the board authorized annual maximum for the employee.

- Sample board member travel expenditures and review the minutes for prior approval by a majority of the full voting membership of the board (*N.J.S.A.* 18A:11-12(g)).
- Review approvals in minutes and related documentation to determine that travel expenditures were not approved after the event had occurred.
- Determine that travel expenditures that are sampled as part of the tests of disbursements comply with the statute on travel *N.J.A.C.* 6A:23A-7.1 et seq.
- Determine that expenditures for overnight in-state conferences were for events that were issued a travel waiver approval by the department.

13. Compliance Requirements

N.J.S.A. 18A:23-2.1 requires that the annual audit include test measures to assure that documentation prepared for income tax related purposes complies fully with the requirements of federal and state laws and regulations regarding the compensation which is required to be reported.

Suggested Audit Procedures (may include but are not limited to the following)

- Obtain an understanding of the district's/charter school's payroll process and assess the risk of noncompliance regarding compensation reporting.
- Review payroll contracts for compensation above the base salary and fringe benefits and determine whether such compensation has been properly reported.
- Review board of education minutes to determine if any deferred payouts upon retirement may be subject to current year tax.
- Test year-end payroll tax reports such as the W-2 forms for inclusion of taxable benefits.
- Review sufficiency of documentation maintained in support of employee/contractor status determination(s) for professional service providers; application to income tax and to participation in employee benefit programs.

14. Compliance Requirements [N/A to charter schools]

As a condition of receiving state aid, *N.J.S.A.* 18A:55-3 requires school districts to implement a number of efficiency standards including examining options for insurance policies and opting for the most cost effective plans; taking steps to maximize the district's participation in the federal Universal Service Program (E-rate) and the ACT telecommunications program; participating in the Alliance for Competitive Energy Services (ACES) program; taking steps to maximize participation in the Special Education Medicaid Initiative (SEMI) Program; and

refinancing all outstanding debt for which a 3 percent net present value savings threshold is achievable.

Suggested Audit Procedures

- Review the district's E-rate claims and reimbursements to determine whether the district is current on submitting all claims for reimbursable costs under the federal E-rate program.
- Review the board minutes to determine whether the district participates in available cost-savings programs that include the ACT, and the ACES.
- Review the district's outstanding debt to determine whether the district refinanced all outstanding debt for which a three percent net present value savings threshold was achievable.
- Determine whether the district has maximized its participation in the SEMI Program as set forth in *N.J.A.C. 6A:23A-5.3(d)* unless a waiver was granted by the Executive County Superintendent. Maximum participation of SEMI is defined as obtaining 90 percent return rate of parental consent forms for all Medicaid eligible students and complying with all program requirements set forth in *N.J.A.C. 6A:23A-5.3(e)* and the SEMI Provider Handbook. The only exception to the 90 percent parental consent benchmark is for districts that are newly participating in the SEMI Program. During their initial year of participation only, districts are held to a 45 percent return rate requirement.

15. Compliance Requirements

N.J.S.A. 18A:16-17 provides that school district/charter school employees must contribute 1.5% of their base salaries to the cost of their health benefits when contracts were signed after the effective date of the law. *P.L.2011,c.78* was approved by the Governor and became effective on June 28, 2011. *N.J.S.A. 18A:16-17.1(a)* specifies the withholding rates for school district employees and *18A:16-17.1(c)* specifies the date which those rates commence depending upon the terms of the employee's employment contract.

The law limits the amounts paid to employees who waive participation in the State Health Benefits Plan (SHBP) to: the lesser of 25% of the employer savings (premium saved net of the employee withholding that would have been made had the employee not waived coverage) for that employee or \$5,000. Guidance was provided in Local Finance Notice 2010-11 available at this website:

http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2010.html

Suggested Audit Procedures

- Review district/charter school employment contracts and determine whether the district withheld the minimum of 1.5% of base salary for all employees and properly implemented the required increase to withholdings of contributions towards the cost of health care benefits coverage based upon the employee's base wage and the employee's cost

of coverage as set forth in N.J.S.A. 18A:16-17.1 for each employee or group of employees predicated on the terms of the employment contract.

- Verify that the amounts withheld offset the employee health benefit expenditures by the amount of withholdings. Districts/charter schools should not have recorded miscellaneous revenue equal to the amount withheld.
- Review waiver payments to employees covered by the State Health Benefits Plan (SHBP) and verify that payments do not exceed the maximum amount permitted by law predicated on the terms of the employment contract.

16. Compliance Requirements [N/A to charter schools]

The “Inter-district Public School Choice Program Act” P.L.2010, c.65 authorized the Commissioner of Education to establish an inter-district public school choice program which provides for the creation of choice districts. A choice district may enroll students across district lines in designated schools of the choice district. For state aid purposes, a district participating in the Inter-district Public School Choice Program that enrolls choice students must report these students on the ASSA as on roll through the “Choice Program On-roll Screen.” Refer to page I-3.1 of The Audit Program for ASSA requirements for choice students.

Choice districts are required to submit additional choice enrollments (additions), and choice enrollments that have withdrawn from the choice district (deletions), through the Supplemental Choice Enrollment Collection process. Tier I (public school students) are due in January and Tier II (nonpublic/other school students) are due in February.

Suggested Audit Procedures

- Review all Student Applications, including Confirmation of Enrollment/Eligibility from the student’s resident district.
- Review Student’s Notices of Intent to Enroll in the Choice District to ensure the number on file agrees with the Supplemental Choice Enrollment Collection.
- Review records to ensure the granting of proper enrollment preference and accurate reporting of the enrollments of Tier I and Tier II students in the Supplemental Choice Enrollment Collection.
- Review documentation of choice students who dropped from the choice program to ensure the documentation supports the number of removed students reported through the Supplemental Choice Enrollment Collection.
- Review records to ensure that the district did not charge tuition to non-residents in any grade level for which the district offers choice seats.

DEPARTMENT OF EDUCATION

Transportation Aid

495-034-5120-014

This section is not applicable to charter schools.

I. **PROGRAM OBJECTIVES**

To provide funding to school districts to provide transportation to and from school for all eligible public, nonpublic and special education students.

II. **PROGRAM PROCEDURES**

Transportation aid is funded based upon *N.J.S.A. 18A:7F-57* and 2011-12 State appropriations language. The February 21, 2012 state aid notices issued by the Commissioner display the amount of transportation Aid. Data from the District Report of Transported Resident Students (DRTRS) is used in the calculation of transportation aid as well as purposes such as the district's transportation efficiency rating.

III. **COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES**

A. **TYPES OF SERVICES ALLOWED OR UNALLOWED**

1. **Compliance Requirements**

State aid is provided for transporting high school pupils residing in excess of 2 1/2 miles from school, and for elementary pupils residing in excess of 2 miles from school. The mileage requirements do not apply to special education students when transportation is required by the student's I.E.P. (*N.J.S.A. 18A:39-1*). Aid is only provided for transporting students to and from school. (*N.J.S.A. 18A:39-1*).

Suggested Audit Procedures

- Review district procedures used to determine that the student counts are correct and that students transported meet the mileage requirements for to and from school.

2. **Compliance Requirements**

School districts shall provide transportation or Aid in Lieu of Transportation to eligible students in nonpublic schools, based upon proper registration and certification of attendance by the nonprofit private school. (*N.J.A.C. 6A:27-2.4*). Districts are notified in July 2013 of the amount for additional nonpublic school transportation aid and instructed to record this as Other State Aid, account 10-3190 in 2012-13. Nonpublic aid in lieu of transportation payments are appropriated and accounted for in "Contract Services.–Aid in Lieu Payments–Non-Public Schools", account 11-000-270-503.

School districts shall provide transportation or Aid in Lieu of Transportation to eligible students who attend a charter school in grades kindergarten through 12 based upon proper registration and certification of attendance by the charter school. (*N.J.S.A.* 18A:36A-13 and *N.J.A.C.* 6A:27-3.1). Charter school aid in lieu of transportation payments are appropriated and accounted for in 11-000-270-504.

School districts shall provide transportation or Aid in Lieu of Transportation to eligible students who attend a choice school in grades kindergarten through 12 based upon proper registration and certification of attendance by the choice school. (*N.J.S.A.* 18A:39-1 et seq. and *N.J.A.C.* 6A:27-4.1). Choice school aid in lieu of transportation payments are appropriated and accounted for in 11-000-270-505.

Suggested Audit Procedures

- Verify the district has a Nonpublic School Application for Transportation Services (B6T for nonpublic students) completed by the student's parent or guardian on file documenting the registration of their student for transportation services. Verify the district has a Charter/Choice School Application for Transportation Services completed by the charter school or choice school on file documenting the registration of their student for transportation services.
- Verify the district has received a completed Charter School/Choice School/Nonpublic School Certification of Attendance form documenting the student's attendance at the charter school, choice school, or nonpublic school (B8T for nonpublic students). These forms must be completed whether or not a student is transported by the district, and whether or not Aid in Lieu payments are made to the parent or guardian.
- For aid in lieu payments made to parents or guardians, verify the district has received a fully completed parent or guardian certified Charter School/Choice School/Nonpublic School Request for Payment of Transportation Aid form documenting the parental or guardian request for payment of aid in lieu of transportation (B7T for nonpublic students).
- Review the accounting records to determine that any additional nonpublic school transportation aid, if received, was properly recorded.

B. ELIGIBILITY

1. Compliance Requirements

The district must complete a District Report of Transported Resident Students (DRTRS) utilizing the data collection software. The district should either maintain a paper copy of the report produced by the software or the information can be viewed online utilizing the DRTRS data collection software. The district must also have on file written procedures that provide a description of the count process. The workpapers and internal procedures must be maintained on file for seven years.

Suggested Audit Procedures

- In accordance with instructions and audit procedures in The Audit Program issued by the Department of Education, verify the on-roll status of students reported on the DRTRS Eligibility Summary Report produced by the department with the pupil counts on the district's workpapers.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

None.

D. REPORTING REQUIREMENTS

None.

E. SPECIAL TESTS AND PROVISIONS

1. Compliance Requirements

The district must prepare transportation bid specifications for transportation services that meet the minimum requirements prescribed by *N.J.A.C. 6A:27-9.3*.

Suggested Audit Procedures

- Verify that specifications meet the requirements as prescribed by the administrative code.

2. Compliance Requirements

Bus purchases must be properly bid and awarded pursuant to *N.J.S.A. 18A:18A et seq.*

Suggested Audit Procedures

- Verify that bidding procedures for bus purchases comply with the Public School Contracts Law (*N.J.S.A. 18A:18A et seq.*). Please refer to Section I, Chapter 5 of *The Audit Program*, "Bids & Contracts/Purchasing."

3. Compliance Requirements

All transportation contracts and renewals must be supported by a signed Executive County Superintendent's Approval Memo and a certified copy of the board minutes approving the contract. Contracts may not be bid for a term exceeding four years. Contracts may be renewed annually with a negotiated "cost of living" increase not to exceed the current Consumer Price Index (CPI). The CPI increase is calculated on the prior contract cost. For the 2012-13 school year the CPI is 1.89 percent. The contract cost is defined as the final cost to the board of education for those items included in the bid. (Please note that effective May 5, 2003, P.L.2003, c.69 amended this provision of *N.J.S.A. 18A:39-3* to clarify that the CPI increase when a contract is extended is based on the previous contract, not the original contract). In addition to this negotiated increase, contracts and renewals may also increase or decrease according to the terms of the original contract (such as additional mileage or the addition of an aide

included in the original bid). An addendum to the contract (prescribed form) must be used for this type of change. (*N.J.A.C. 6A:27-9.14*)

Suggested Audit Procedures

- Verify that all transportation contracts and renewals are supported by an Executive County Superintendent Approval Memo and that there is a certified copy of the board minutes approving the contracts. Transportation contracts and renewals must meet the requirements as prescribed by the administrative code. (*N.J.A.C. 6A:27-9 et seq.*)

4. Compliance Requirements

The district must advertise for bids to provide transportation for nonprofit private school students eligible to receive transportation services. However, the district is not required to advertise for bids when another board of education or Coordinated Transportation Services Agency (CTSA) has bid on the board's behalf, or they can provide transportation utilizing a district owned vehicle or through a contract renewal. If the district has advertised for bids, and no bids are received or the bids exceed the statutory limit of \$884 per pupil, the district must attempt to utilize the services of a Coordinated Transportation Services Agency (CTSA). If no bids are then received, or if the cost generated by those bids would exceed the statutory limit of \$884, the district must provide the parent or guardian with Aid in Lieu of Transportation. (*N.J.S.A. 18A:39-1* and *N.J.A.C. 6A:27-10.1*)

Suggested Audit Procedures

- Verify that the school district advertised for bids. If the district did not advertise for bids, verify that another board of education or CTSA advertised for bids on their behalf. If the district advertised for bids, but did not receive any qualified responses or the bids exceeded the statutory limit, verify that the district attempted to utilize the services of a CTSA, or that a CTSA provided the actual transportation services.
- If Aid in Lieu of Transportation payments were made to parents, verify that the lowest qualified bid received exceeded the state maximum of \$884 or that no bids were received pursuant to the solicitation by the district. Further verify that in this situation the district referred the bidding to a CTSA and the CTSA did not generate any qualified bids not in excess of the statutory limit.
- If the district is a constituent district and has costs for transportation of nonpublic pupils, verify that the regional district transports nonpublic school pupils. (The pupils below the grade level of the regional district are to be transported by the transporting regional district and the costs pro-rated among the constituent districts on a per pupil basis.)
- Verify consistency between reported costs and student counts reported on the DRTRS summary report part A lines 6 and 7.

DEPARTMENT OF EDUCATION

Extraordinary Special Education Aid

100-034-5120-473

I. PROGRAM OBJECTIVES

Extraordinary Aid (EXAID)

EXAID is regulated by the School Funding Reform Act of 2008 (SFRA) and the 2013 budget language. The program objective is to provide assistance to school districts/charter schools in which the actual costs of providing an education for an individual pupil, excluding transportation costs, exceed a predetermined threshold within a single fiscal year. The types of costs allowable and the calculations of the EXAID award depend on the student's educational placement.

II. PROGRAM PROCEDURES

The application process requires that districts complete one on-line form for each child eligible for aid. The department's extraordinary aid application for 2012-13 and related instructions are available on-line at <https://homeroom.state.nj.us/exaid.htm>. Additional information including a Frequently Asked Questions document is available on the same website and offers important guidance on what services qualify a student with a disability who has an IEP for extraordinary aid. Charter schools apply for extraordinary aid through the student's district of residence. All supporting documentation is to be maintained at the charter school and copies provided to the district.

III. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES

A. TYPES OF SERVICES ALLOWED OR UNALLOWED

1. Compliance Requirements

EXAID is available for partial reimbursement of expenditures for individual classified pupils who are placed in one of three categories and whose Individualized Education Plan (IEP) requires the provision of at least one intensive service. The calculations of the award and allowable costs depend upon the category selected.

These categories and thresholds are:

1. Those instances in which a pupil is educated along with non-disabled peers
 - in a district maintained public school program; or
 - in a charter school maintained program; or
 - in a private school for students with disabilities located in a public school

and the cost of providing direct instructional and support services for that individual classified pupil exceeds \$40,000. For those direct instructional and support services costs in excess of \$40,000, a district shall receive aid equal to 90 percent of the amount of that excess. Students in this category must have at least some daily contact with their non-disabled peers. "In a district" is broadly defined as encompassing students that are attending school in a district that is not confined solely to that student's district of residence. Accordingly, in order to qualify for this reimbursement

category/threshold it is not required that the student is attending school in their resident district.

2. Those instances in which a pupil is educated in a separate public school program for students with disabilities and the cost of providing direct instructional and support services for an individually classified pupil exceeds \$40,000. For those direct instructional and support services costs in excess of \$40,000 a district shall receive aid equal to 75 percent of the amount of that excess. Students in this category have no daily contact with their non-disabled peers.

3. Those instances in which a pupil is educated in a separate private school for students with disabilities and the tuition for that individually classified pupil exceeds \$55,000. For tuition costs in excess of \$55,000, a district shall receive aid equal to 75 percent of the amount of that excess.

For the 2012 -2013 year, the Extraordinary Aid award notices are expected to be available through the districts' Homeroom folder during July 2013. The final payment amount will be made in fiscal 2013-14.

Note: students can be in more than 1 placement category during the fiscal year; however, it is the placement category in which the student spends the greatest relative number of days within the school year that determines that student's aid threshold for the school year.

Suggested Audit Procedures

- Verify that the district prepared EXAID work papers for each student listed on the application or similar documentation.
- Select a sample in accordance with sampling directions for ASSA testing in the Audit Program. Review the student's IEP and determine whether the intensive service claimed in the application is required by the IEP and was actually provided to the student.
- Review the application and determine that the placement category selected was supported by the IEP or other documentation.

2. Compliance Requirements

Direct instructional costs are those costs associated with providing the services called for in the student's IEP. Typical allowable EXAID costs include the educational portion & support portion of paid public school tuition and 100 percent of any related services paid in addition to that tuition. Teacher and teacher aide salaries with their fringe benefits are typical in-district educational costs. Private school tuition payments are accepted at 100 percent value. Related service costs (physical or occupational therapies, one-on-one aides, etc.) are considered to be 100 percent educational expenses. The cost to provide services called for in IEP (aides, residential placement, therapies, etc.) is also considered to be part of the tuition in a private placement. Support costs are not an allowed expense in private placement. The creation and maintenance of the IEP is a typical support cost expense.

All public school tuitions must be prorated to determine their educational and support cost components. This proration can be done either by using a percentage amount provided by the department at the link for “Educational and Support Cost Percentages” at the website <https://homeroom.state.nj.us/exaid.htm> or by using information provided by the agency submitting the tuition (the receiving district). Unadjusted in-district tuition rates cannot be used to claim educational expenses for in-district students, since they include many non-educational components.

Unallowable costs include transportation; administrative costs including, but not limited to, legal services and other costs associated with litigation to implement the Least Restrictive Environment (LRE); and facility costs such as building maintenance, heating, and cleaning. Districts may adjust their own district tuitions in order to determine the educational and support costs for their in-district student applicant.

Support services costs (direct and in-direct) are also allowable costs when a student is in public placement. Support costs are expenditures for activities associated with assisting the instructional staff with the content and process of providing a learning experience. A complete description of these costs is in the “Introduction and Description” selection of the *Taxpayers’ Guide to Education Spending* under Indicator 6 at <http://www.state.nj.us/education/guide/>. In general, allowable costs are those associated with the development and maintenance of the IEP.

Suggested Audit Procedures

- Verify that actual allowable costs were incurred during the fiscal year 2012-13 for the purposes specified in the application for extraordinary aid. Costs incurred for multiple years cannot be combined in order to reach cost eligibility limits. Note: Qualified costs are those costs that are in excess of the extraordinary aid reimbursement thresholds, as described in Section I above, for a student. As a point of clarification, qualified prior year’s costs incurred for a student that were not included in the prior year application for that student may be added to the costs of the immediate following year for that student only if that student’s current year qualifying cost threshold has been met exclusive of those prior year’s costs.
- Verify that any public school tuition amount was properly prorated in order to capture only direct educational and support costs within the tuition.

B. ELIGIBILITY

Compliance Requirements

The district must complete the application process in accordance with the instructions provided by the Division of Administration and Finance. The district must also have on file supporting work papers. The Division of Administration and Finance has provided excel worksheets for each placement type (there are 3 worksheets). Districts can use their own versions of the work paper so long as similar information is clearly presented. The application and supporting documentation must be maintained on file for seven years. For EXAID

applications in 2012-2013, the applicant student must have a birth date between 7/01/1991 to 6/30/2010.

Suggested Audit Procedures

- In accordance with sampling instructions for A.S.S.A /CHE testing in the Audit Program, verify that the student is reported on the district's/charter school's School Register. Verify that the student name and birth date are reported correctly, i.e., agree with the School Register. Verify that the student's birth date is between 7/01/1991 to 6/30/2010.
- Verify that the student is classified and in an approved placement.
- Verify that the intensive service and/or other services for which costs are claimed are specified in the IEP for the student that was in place at the time the application was made.
- Verify that the student received the intensive service and/or other services being claimed in the application.
- Verify that work papers are in order and supported with cost documentation. Costs must be pro-rated if they are incurred for multiple students.
- For out-of-district placements to a private school for the disabled, verify that tuition stated in the application agrees with the contracted amount in the private schools' mandated tuition contract for the individual students.
- For out-of-district placements to a public school, verify that tuition stated in the application agrees with the contracted amount of the school in question and that the district prorated the tuition to accept only the educational and support costs within the tuition.
- Support costs for students placed in-district should agree with the 2012-13 budgeted average district per pupil support cost found in the *Taxpayers' Guide to Education Spending* for this year under Indicator 6 <http://www.state.nj.us/education/guide/> . The amounts are also found on a spreadsheet provided by the department at the link called "Support Cost Averages Cost by District" on the website <https://homerom.state.nj.us/exaid.htm> . Other amounts are acceptable if the district provides supporting calculations for them. Some out of district students may also have additional in-district support costs (such as maintaining the student's IEP). Calculations should be provided, as the in-district average cannot be used in these cases.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

None.

D. REPORTING REQUIREMENTS

1. Compliance Requirements

Districts were notified through a posting to their homeroom of the amount of 2012-13 extraordinary aid. In general, Extraordinary Aid revenue is recorded in account 10-3131 in the fiscal year 2012-13. Districts do not have the option to record this in any other fiscal year. Auditors should refer to Section II-10 of the Audit Program for guidance on how ExAid should be recorded. The ExAid award amount has an anticipated release date in July 2013 and is expected to be reported on line F of the “2012-13 Extraordinary Aid” notice.

Suggested Audit Procedures

- Verify that the 2012-13 award is recorded in the correct account as revenue for 2012-13.

DEPARTMENT OF EDUCATION

Reimbursed TPAF Social Security Contributions

495-034-5095-002

I. PROGRAM OBJECTIVES

To reimburse school districts/charter schools for the employers' share of social security (FICA) contributions on TPAF members' pensionable/regular wages. *N.J.S.A.* 18A:66-66 authorizes the State to provide the amount of the employer's share of the social security contributions for TPAF members. However, that the State's provision for the social security contributions is limited to contributions upon compensation upon which members' contributions to the retirement system are based. P.L. 2010, c.1 limited the pension contributions for multiple positions entered into after May 21, 2010. Therefore, the district/charter school pays the employer's share of the social security contribution upon all wages that are not deemed pensionable.

II. PROGRAM PROCEDURES

School districts/charter schools utilize a web-based system available on the Department of Education's Homeroom Page to report FICA contributions for TPAF members' regular wages. Districts/charter schools are reimbursed for the employer share of FICA contributions calculated on TPAF members' pensionable/regular wages via an electronic funds transfer (EFT) to the district bank account.

III. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES

A. TYPES OF SERVICES ALLOWED OR UNALLOWED

1. Compliance Requirements

Reimbursement is provided for the employer's share of FICA contributions calculated on TPAF members' pensionable/regular wages. FICA reimbursement is not made for extra compensation wages or for wages that were not pensionable.

Suggested Audit Procedures

- Compare the FICA reimbursement worksheet that the district prepared to support its submission to NJDOE for FICA reimbursement to the district's/charter school's Report of Contributions (ROC) and determine that only TPAF members' pensionable/regular wages are included for reimbursement.

B. ELIGIBILITY

1. Compliance Requirements

Reimbursement is made for TPAF members only.

Suggested Audit Procedures

- Test that only TPAF members are included for reimbursement.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

None.

D. REPORTING REQUIREMENTS

None.

E. SPECIAL TESTS AND PROVISIONS

1. Compliance Requirements

All applicable requests for reimbursement must be recorded by the district/charter schools as revenue in the current school year and appropriate reimbursements requested and not received as of June 30 are to be recorded as an account receivable at the end of the school year.

Suggested Audit Procedures

- Verify that accounts receivable recorded as of June 30 were subsequently received in the next school year

DEPARTMENT OF EDUCATION

Preschool Education Aid

495-034-5120-086

I. PROGRAM OBJECTIVES

Beginning with 2008-09, former Abbott districts and those former ECPA districts approved to expand their preschool program must provide a full-day program for three and four year old resident students. For these districts, 2012-13 Preschool Education Aid (PEA) reflects the cost of the child's placement in a district program, a licensed child care provider program, or a Head Start Program which provides high quality preschool in accordance with N.J.A.C. 6A:13A.

Other former ECPA districts and any former ELLI districts may provide either a half-day or a full-day program in accordance with their department-approved preschool plan.

- For these "Other" former ECPA districts, 2012-13 PEA reflects the district's prior year per pupil amount increased by a cost of living adjustment and multiplied by a department-determined enrollment projection factor.
- For former ELLI districts, 2012-13 PEA reflects the district's prior year PEA amount.
- Charter schools that are located in Preschool-eligible districts may apply to the Department of Education, Division of Early Childhood Education to operate a preschool program. For FY 2012-13, only two charter schools are operating approved preschool programs: Learning Community Charter School located in Jersey City and Marion P. Thomas Charter School located in Newark.

All districts/charter schools receiving Preschool Education Aid were given accounting and budgeting guidance in the 2012-13 Budget Guidelines in the Supporting Documentation 15 section (p.134) to budget Preschool by program for Half Day -3 Yr., Half Day 4 Yr., Full Day 3 Yr., Full Day 4 Yr., and Full Day 3& 4 Yr. Districts/charter schools receiving Preschool Education Aid should account for the full cost of the preschool program in fund 20, except for self-contained preschool disabled students and support services needed for preschool disabled students served in general education classrooms. Self-contained preschool disabled students and support services needed for preschool disabled students served in general education classrooms should be accounted for in the applicable special education cost centers of the general fund. Districts/charter schools should fully account for kindergarten costs in the general fund. If a district/charter school has separate preschool programs (i.e., three-year-olds half-day, three-year-olds full-day, four-year-olds half-day, full - day three - and four - year - olds), they report one combined preschool statement. The statement must include the actual versus budgeted spending for the entire program and will include a line for the contribution to charter schools. The calculation of the 2012-13 Available & Unbudgeted funds and Actual Carryover as of June 30, 2013 is required.

II. PROGRAM PROCEDURES

For 2012-13, four districts remain as districts that demonstrated the ability to offer a high quality full day three and full day four year old program and continue as approved to expand their preschool program. For these four districts, and for each of the former Abbott districts, 2012-13 Preschool Education Aid was provided in accordance with the per pupil amounts in the SFRA, depending upon a students' placement in a district program, a licensed child care provider program, or a Head Start program.

For the “Other” eligible districts, Preschool Education Aid provided in 2012-13 is equal to the district’s 2011-12 PEA per pupil amount increased by a cost of living factor and multiplied by a department-determined enrollment projection factor. These districts were instructed to include continuation of the preschool program as approved in 2011-12 and detailed on Support Documentation #15 for 2011-12, in their 2012-13 budgets also detailed on Support Documentation #15 for 2012-13.

For former ELLI districts, 2012-13 PEA reflects the district’s prior year PEA amount.

For charter schools that are operating state-approved Preschool programs, the aid is reflected in the charter school aid notices (FY12-13 projected, 10/15/12 and last day of school).

Preschool Education Aid is a restricted state aid that is accounted for in the special revenue fund. Programs operate from July 1 to June 30. Unexpended or unencumbered funds at June 30 shall be classified as deferred revenue and: 1) appropriated in the subsequent year when identified prior to the preparation of the subsequent year budget, 2) appropriated during the subsequent year with the approval of the Commissioner, or 3) retained as deferred revenue until the second subsequent year budget.

The budgetary revenue and GAAP revenue may differ due to state reporting requirements of the last state aid payment. For budgetary purposes, district state aid equals the amount shown on the 2012-13 “NET” in the Special Revenue Fund Aid section of the 2012-13 Net State School Aid Summary. For GAAP financial reporting, revenue equals the amount reported on the 2011-12 NET increased by the first two cash payments of July 2012 and decreased by the two June 2013 state aid payments paid in July 2013 (and not recognized until that subsequent year). Charter school state aid equals the amounts reflected in FY12-13 projected aid notice, the October 15, 2012 notice, and last day of school charter school aid notice. School district payments to charter schools were not deferred.

III. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES

A. TYPES OF SERVICES ALLOWED OR UNALLOWED

1. Compliance Requirements

Former “Other” ECPA districts and all ELLI districts were required to submit a One-year Preschool Program Plan Update for 2012-13, detailing any changes to their prior-approved preschool plan.

The former Abbott districts and the four districts approved to expand their preschool program were funded by the SFRA per pupil amounts for 2012-13 and were required to submit an annual update (2012-13) to the Five-year Preschool Program Plan outlining any changes to their prior-approved Five-Year Plan to serve preschool students. Those districts were permitted to provide preschool education either by the child’s placement in a district program, a licensed child care provider program, or a Head Start program which provides high-quality full-day preschool in accordance with the Commissioner’s regulations.

Suggested Audit Procedures

- For the former “Other” ECPA districts and all ELLI districts verify the submission of a One-year Preschool Program Plan Annual Update for 2012-13, detailing any changes to their prior-approved preschool plan. Sample the

expenditures to determine whether they are consistent with those outlined in the One- year Preschool Program Plan Annual Update for 2012-13.

- For the former Abbott districts and the four districts approved to expand their preschool program verify the submission to the DOE of a Five-year Preschool Program Plan Annual Update for 2012-13 outlining any changes to their prior-approved Five-Year Plan to serve preschool students. Verify the existence of a district preschool program, or the availability of a licensed child care provider program, or a Head Start program which provides high-quality full-day preschool in accordance with the Commissioner's regulations to at-risk students as identified in the plan.

B. ELIGIBILITY

1. Compliance Requirements

The above districts with at-risk students are eligible based on filing the annual Application for State School Aid (A.S.S.A.). The district must complete the A.S.S.A. in accordance with the instructions provided by the Division of Administration & Finance. The district must complete a set of workpapers that documents the compilation of data and provides an audit trail for testing the enrollments reported on the A.S.S.A. The district must also have on file written internal procedures that provide a description of the count process. The workpapers, original supporting documentation and internal procedures must be maintained on file for seven years.

Suggested Audit Procedures

- In accordance with instructions and audit procedures in The Audit Program issued by the Department of Education, verify enrollments reported on the district's A.S.S.A. printout with the pupil counts on the district's workpapers.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

1. Compliance Requirements

If the expenditures incurred by the district are less than the amount of Preschool Education Aid, unexpended or unencumbered funds must be carried over and: 1) expended in the subsequent fiscal year when identified prior to the preparation of the subsequent year budget, 2) appropriated during the subsequent year with the approval of the Commissioner or his or her designee, or 3) retained as deferred revenue until the second subsequent year budget. All deferred revenue must be used for the purpose of preschool education programs unless approval by the Commissioner was received to transfer funds to the general fund.

Suggested Audit Procedures

- Verify that any unexpended or unencumbered funds are properly reflected as Preschool Education Aid deferred revenue at year-end.
- Verify the accuracy of the June 30, 2012 Preschool Education Aid (PEA) carryover balance that was utilized in the 2012-13 records; and/or that an adjustment was made if the estimated amount anticipated was incorrect. (Refer to the 2013 Audit Program section II-20 for emphasis of this matter).

D. REPORTING REQUIREMENTS

1. Compliance Requirements

Former “Other” ECPA and all ELLI districts are required to implement the One-year Preschool Program Plan Annual Update for 2012-2013 and annual budget that was reviewed and approved by the Division of Early Childhood Education.

Former Abbott districts and the four (five prior to merger) districts approved to begin expansion in 2008-09 were required to submit a Five-year Preschool Program Plan Annual Update for 2012-13 and annual budget to the Division of Early Childhood Education for review and approval.

The district’s June 30, 2013 Comprehensive Annual Financial Report must contain a summary schedule of Preschool Education Aid expenditures, including a summary of the estimated 2012-13 Preschool Education Aid carryover included in the 2013-14 budget compared to the actual carryover calculated at June 30, 2013. See Section II-20 of the Audit Program for sample schedules.

Suggested Audit Procedures

- Review plans for compliance with reporting procedures and due dates.
- Test amounts reported with accounting records.

E. SPECIAL TESTS AND PROVISIONS

1. Compliance Requirements

Preschool Education Aid must be budgeted and accounted for in the special revenue fund using the uniform grant project budget statement coding structure.

Suggested Audit Procedures

- Verify that the aid is recorded in the special revenue fund based on the district’s accounting records and approved budget.
- Review board minutes for approval of transfers and revisions.

2. Compliance Requirements

Expenditures which exceed the bid or quote threshold must be made in accordance with the requirements of the Public School Contracts Law, *N.J.S.A. 18A:18A et seq.* Please refer to Section I, Chapter 5, “Bids & Contracts/Purchasing,” of The Audit Program.

Suggested Audit Procedures

- Test expenditures to determine compliance with advertising for bids and obtaining quotes as required by *N.J.S.A. 18A:18A-3, 18A-4 and 18A-37.*

DEPARTMENT OF EDUCATION

Nonpublic Textbook Aid

100-034-5120-064

This section is not applicable to charter schools.

I. **PROGRAM OBJECTIVES**

To provide funds to school districts for the purchase of textbooks for loan to pupils enrolled in a nonpublic school located within the district.

II. **PROGRAM PROCEDURES**

Nonpublic schools must forward their requests for textbooks to the school districts on or before March 1 for the next school year. Districts should have received full payment of state aid no later than July 31. The amount of state aid shall not exceed the state average budgeted textbook expense per public school pupil, for each student enrolled in grades kindergarten through 12 of a nonpublic school on the last school day prior to October 16 of the preceding year.

III. **COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES**

A. **TYPES OF SERVICES ALLOWED OR UNALLOWED**

1. **Compliance Requirements**

The textbooks that are loaned to students in grades kindergarten through 12 of any nonpublic school, shall be textbooks used in any public school of the state, or approved by any board of education. **Textbooks may be in electronic format.**

The textbooks are to be loaned without charge, subject to rules and regulations approved by the board. These rules may contain requirements for reimbursement by nonpublic pupils to the school district for loss, damage or destruction of loaned textbooks. (*N.J.S.A. 18A:58-37.3, 18A:58-37.4, N.J.A.C. 6A:23A-20.6*)

Suggested Audit Procedures

- Verify that the textbooks, which are loaned to nonpublic school pupils, are approved for use by the board.
- Verify that the school district loans textbooks without charge to nonpublic school pupils.
- Verify that charges for loss, damage or destruction of loaned textbooks to nonpublic school pupils are also applicable to public school pupils.

B. ELIGIBILITY

1. Compliance Requirements

A school district is eligible to receive state aid for the purchase and loan of textbooks to nonpublic school pupils.

The nonpublic school pupils must be residents of the state and attend a nonpublic school located within the district. In addition, the parents or legal guardians must maintain a residence in the state. (*N.J.S.A. 18A:58-37.5, N.J.A.C. 6A:23A-20.1*)

Suggested Audit Procedures

- Verify, by testing, the residency status of the pupils, parents or legal guardians and that the nonpublic school, which received the textbooks, is located within the district.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

1. Compliance Requirements

A school district is not required to expend funds for the purchase and loan of textbooks in excess of the amount of state aid received. (*N.J.S.A. 18A:58-37.3*)

If the expenditures incurred by the school district for the purchase and loan of textbooks are less than the amount of state aid received, unexpended funds must be refunded to the state after the completion of the school year, but no later than December 1. (*N.J.S.A. 18A:58-37.7*)

The cost of textbooks for nonpublic school pupils must be entered in a separate line account. (*N.J.A.C. 6A:23A-20.5*)

Suggested Audit Procedures

- Verify funds were expended for the purchase of textbooks for nonpublic school pupils.
- Verify that any unexpended funds reported on the prior year's Schedule of Expenditures of State Financial Assistance were deducted from state aid payments received by the district in the proper amount in the current year under audit.
- Verify and compute the unexpended balance for the current year under audit.

D. REPORTING REQUIREMENTS

1. Compliance Requirements

The school district shall maintain an accounting system for nonpublic programs and file (with the DOE) an annual Nonpublic Project Completion Report (NPCR) which details the amount expended for nonpublic school pupils serviced by the school district. Where the public school district responsible for the provision of textbooks enters into a contract with a third-party provider (e.g. an ESC), the third-party provider must provide the district with a monthly detailed statement

of expenditures made by the third-party provider on behalf of the student(s) receiving textbooks. The district's annual NPCR must reflect the actual expenditures reported by the third-party provider. The transfer of funds by the district to the third-party provider is not an expenditure of funds for purposes of the NPCR, Schedule of Expenditures of State Awards, or Audsum.

The district's NPCR reports only actual expenditures for textbooks made by the district or reported to the district by the district's third-party provider. Where the total of year-end expenditures made by the district (or reported to the district by a third-party provider) is less than the state funds received by the district for the program, the public school district must return the unexpended state funds to the New Jersey Department of Education no later than December 1. The return of unexpended funds to the state will only be accomplished through a reduction to the district's state aid payments for the year immediately following the year under audit. The school district's Audsum must report actual district (or reported third party) expenditures for textbooks provided and report any funds received, but not expended. Those funds reported as received, but not expended, will result in a decrease to the district's state aid payments for the year following the current year under audit. Audsum must agree to the NPCR. (*N.J.A.C. 6A:14-6.3 and 6A:14-6.4*)

Suggested Audit Procedures

- Verify that the school district maintains a separate account for recording expenditures for eligible purchases for nonpublic school pupils.
- Verify that the End of the Year Report (NPCR) is filed timely and agrees with the school district's supporting documentation.
- If the district is using a third party service provider, review the documentation supporting the expenditures and determine that only actual expenditures are reported on the NPCR and that the Audsum agrees to the NPCR.

E. SPECIAL TESTS AND PROVISIONS

1. Compliance Requirements

All textbooks purchased for nonpublic school pupils shall remain the property of the school district, and the label on each book shall indicate ownership.

The school district is responsible for the collection and inventory of textbooks and may require the textbooks be returned to the school district at the end of the school year or allow the nonpublic schools to store the textbooks. The school district shall not pay storage charges to the nonpublic school. (*N.J.A.C. 6A:23A-20.4*)

Suggested Audit Procedures

- Verify by testing that textbooks are properly labeled and stored in the district. If the textbooks are stored in the nonpublic schools verify that the school district does not pay storage charges.

The school district must file an application for funds by November 5, which includes the number of pupils identified as eligible to receive each service during the previous school year.

III. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES

A. TYPES OF SERVICES ALLOWED OR UNALLOWED

1. Compliance Requirements

The school district must provide Compensatory Education and English as a Second Language to nonpublic school pupils who meet the eligibility requirements. Services are provided to pupils between the ages of five and twenty, who reside in New Jersey and are enrolled full-time in a nonpublic school within the district. (*N.J.S.A. 18A:46A-3*)

Suggested Audit Procedures

- Verify by testing that pupils receiving auxiliary services have a valid and signed Non Public School Student Application for Chapter 192 Services (Form 407-1) on file, with the type of service requested.
- Verify by testing that pupils receiving services are between the ages of five and twenty, reside in New Jersey and are enrolled full-time in a nonpublic school within the district.

B. ELIGIBILITY

1. Compliance Requirements

Compensatory Education aid is available for those nonpublic school pupils who score below the minimum levels of proficiency (MLP) established by the New Jersey State Department of Education, as measured by testing conducted in the spring of the previous school year.

The nonpublic school must attach a copy of the pupil's standardized test results to the Form 407-1 for Chapter 192 Services. The nonpublic school must also enter the appropriate test score on the form, enter the appropriate subject area on

the form and submit two forms if the pupil is to receive both communications and computation services.

Suggested Audit Procedures

- Take a test sample of 407-1's for Chapter 192 Services and determine if nonpublic school pupils meet the eligibility criteria based on test scores, which are below the Minimum Level of Proficiency. Verify that required information is included on Form 407-1 for Chapter 192 Services.
- Verify that the service provided to the nonpublic school pupil is based on the service requested on Form 407-1 for Chapter 192 Services.

2. Compliance Requirements

English as a Second Language aid is available for those nonpublic school pupils who score below the standard level of English proficiency as measured by a standardized test recommended by the New Jersey State Department of Education. The pupil's native language must be other than English.

The parent or guardian must identify the pupil's native language on the Form 407-1 for Chapter 192 Services. The school district must attach a copy of the test results and record the score on Form 407-1 for Chapter 192 Services.

Suggested Audit Procedures

- Verify by testing that the eligibility criteria based on the test score is met by nonpublic school pupils.
- Review a test sample of Forms 407-1 for Chapter 192 Services and verify that the native language, copy of test results and test score is included on Form 407-1 for Chapter 192 Services.

3. Compliance Requirements

Home Instruction aid is available for nonpublic school pupils unable to attend school because of illness or injury. The pupil must be unable to attend school for at least two weeks because of illness or injury, and a letter from a physician must verify the illness or injury. Medical evidence must be attached to Form 407-1 for Chapter 192 Services. Home instruction may be provided for a period not to exceed 60 calendar days in a school year, unless the pupil is classified by the child study team and an IEP indicates the need for home instruction.

Suggested Audit Procedures

- Verify by testing Form 407-1 for Chapter 192 Services that the pupil is eligible for home instruction services and that such service does not exceed 60 calendar days, unless such pupil is classified and has a valid IEP which indicates the need for home instruction.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

1. Compliance Requirements

The school district shall not use more than 6 percent of the aid received for administration costs, and no more than 18 percent can be used to rent facilities needed to implement the services. (*N.J.S.A. 18A:46A-8*)

Suggested Audit Procedures

- Review expenditures for administration and rental costs and verify that expenditures are within statutory limits.

2. Compliance Requirements

A school district shall provide Compensatory and English as a Second Language service to nonpublic school pupils at a cost not to exceed the amount of state aid funds. (*N.J.A.C. 6A:14-6.3*)

In the event that expenditures are less than the amount of state aid received, the school district shall refund the unexpended state aid after completion of the school year, but no later than December 1. (*N.J.S.A. 18A:46A-14*) The return of unexpended funds to the state will only be accomplished through a reduction to the district's state aid payments for the year immediately following the year under audit.

- Verify that any unexpended state aid from the prior school year reported on the prior year's Schedule of Expenditures of State Financial Assistance was deducted from state aid payments received by the district in the proper amount in the current year under audit, and verify the amount of refund, if any, due to be returned for the current year.

D. REPORTING REQUIREMENTS

1. Compliance Requirements

The school district shall maintain an accounting system for nonpublic programs and file an annual Nonpublic School Project Completion Report (NPCR) that details the number of nonpublic school pupils serviced by the school district. (*N.J.A.C. 6A:14-6.3 and 6A:14-6.4*)

Where the public school district responsible for the services (Compensatory Education, English as a Second Language, or Home Instruction) enters into a contract with a third-party provider of services, the public school district must receive from the third-party provider a monthly detailed statement of the expenditures made by the third-party provider on behalf of the student receiving services. The district's annual NPCR must reflect the actual expenditures reported by the third-party provider. The transfer of funds by the district to the third-party provider is not an expenditure of funds for the purposes of the NPCR, Schedule of Expenditures of State Awards, or Audsum.

Debt Service Aid

495-034-5120-075

This section is not applicable to charter schools

I. **PROGRAM OBJECTIVES**

To provide aid to school districts for the payment of their current year's debt service.

II. **PROGRAM PROCEDURES**

For Fiscal Year 2012-13 debt service was calculated pursuant to SFRA. Debt Service aid for 2012-13 was calculated by multiplying the school district's debt service budget (including Commissioner approved lease purchase agreements with terms in excess of five years) by the district's aid percentage.

Debt Service aid for 2012-13 was adjusted to 85% of the calculated aid (DS10 printout). Adjustments were made during the 2012-13 school year for both increases and decreases by adding or subtracting the adjustment amount to the 2012-13 entitlement amounts. The accounting records should reflect all 2012-13 debt service aid **increase** adjustments as an accounts receivable and deferred revenue as of June 30, 2013. The final 2012-13 adjustment amount is printed as an adjustment on the district's 2013-14 DS10 printout.

Any entries made at June 30, 2012 for debt service aid increase adjustments from 2011-12 must be reversed during 2012-13. For fiscal year 2011-12 state aid, the district's 2011-12 DS9 and DS10 are the source documents. The debt service adjustment amount for fiscal year 2011-12 is printed as a footnote on the district's 2012-13 NET (DS10) printout.

III. **COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES**

A. **TYPES OF SERVICES ALLOWED OR UNALLOWED**

1. **Compliance Requirements**

Debt service aid is a restricted revenue and may only be used for payment of bond interest and principal, and payments for Commissioner approved lease purchase agreements in excess of five years. Funds may not be transferred from debt service to any other fund.

Suggested Audit Procedures

- Verify that aid is used only for repayment of principal and interest.
- Verify that aid is correctly reflected on the school district's accounting records and approved budget.
- Verify that no funds are transferred from debt service to any other fund or account group.

B. ELIGIBILITY

1. Compliance Requirements

All school districts that received core curriculum standards aid in 2001-02 are eligible to receive Debt Service aid for debt issued prior to July 18, 2000. Aid is calculated by multiplying the school district's debt service budget by its district aid percentage.

For debt issued on or after July 18, 2000, all school districts are eligible for debt service aid if the debt was issued for a project approved by the Department of Education's Office of School Facilities and the district chose debt service aid as the state funding option. Debt issued as the local share of a project receiving a state grant or a project constructed by the SCC is not eligible for debt service aid. Debt issued on or after July 18, 2000 but used for refunding debt issued prior to July 18, 2000 will continue to receive aid under the old formula. Under some circumstances, districts that issued debt prior to July 18, 2000 were eligible for aid under the new formula.

Suggested Audit Procedures

- Review the school district's approved budget for debt service and verify appropriations with the accounting records.
- Review the district's debt service obligation and whether the debt is eligible for aid. Compare the eligible debt service against the district's state aid notice.

C. MATCHING, LEVEL OF EFFORT AND/OR EARMARKING REQUIREMENTS

None.

D. REPORTING REQUIREMENTS

1. Compliance Requirements

N.J.S.A. 18A:7-F-8 requires that districts file an annual report regarding facilities payments to the Commissioner. The report shall include the amount of interest bearing school debt, if any, of the municipality or district then remaining unpaid, together with the rate of interest payable thereon, the date or dates on which the bonds or other evidences of indebtedness were issued, and the date or dates upon which they fall due. In the case of a Type I school district, the board secretary shall secure the schedule of outstanding obligations from the clerk of the municipality.

Suggested Audit Procedures

- Agree the amounts reported to the Commissioner with the underlying debt documentation.
- For a Type I district, verify that the district has obtained a current schedule of outstanding obligations from the clerk of the municipality and has properly included this information on the report submitted to the Commissioner.

E. SPECIAL TESTS AND PROVISIONS
