## Section III — Reporting

### Chapter 4 — Auditor's Management Report (AMR)

#### Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance

The Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance (Auditor's Management Report or AMR), is the auditor's report to the board of education/board of trustee of the findings and recommendations as a result of the audit. It is issued separately from the ACFR and has the same due date for submission of December 5, 2022. The AMRs will be available to the public on the [DOE ACFR website](http://state.nj.us/education/finance/fp/acfr/search/) page at: [state.nj.us/education/finance/fp/acfr/search/](http://state.nj.us/education/finance/fp/acfr/search/)

*N.J.S.A.* 18A:23-9 states that the auditor "...report any error, omission, irregularity, violation of law, together with recommendations, to the board of education of each school district." This statute applies to the Auditor's Management Report filed with the Department of Education. All findings must be included in that report of audit. This includes all items contained in the separate schedule of findings and questioned costs included in the single audit section of the district, charter school and renaissance school project ACFR. A separate report to the board of education/board of trustee outlining findings not included in the report of audit is considered a violation of this statute.

If an auditor detects an error which requires disclosure pursuant to *N.J.S.A.* 18A:23-9, and the auditor believes a recommendation is not needed because the error was insignificant and an isolated unintentional deviation from the board's standard operating procedure, the auditor must report the item as a finding, state that in his or her opinion no recommendation is necessary, and elaborate on the reason(s) for this opinion.

The report presents the recommendations immediately after the comments. Since this is a stand-alone document, a brief explanation of the statute or procedure for which there is noncompliance should be included so that the reader can understand the issue. The auditor should then include the finding and recommendation.

This section is applicable to school districts/charter schools/renaissance school projects unless specifically identified as applicable/not applicable to either school districts/charter schools/renaissance school projects. The section provides a sample of the Auditor's Management Reports and auditors are cautioned to tailor the report language to the school district/charter school/renaissance school projects as appropriate. **This sample AMR is not meant to be a boilerplate and should be adapted to the circumstances of the individual district/charter school/renaissance school project audit.**

The standard format of the Auditor's Manager Report includes the following sections:

- A. Table of Contents
- B. Report of Independent Auditors
- C. Comments, Findings and Recommendations
- D. Schedule of Meal Count Activity [if applicable]
- E. Schedule of Audited Enrollments
- F. Excess Surplus Calculation
- G. Audit Recommendation Summary

### **A. Table of Contents**

The *Table of Contents* is for organization purposes and is included to assist the reader in reviewing the report.

### **B. Report of Independent Auditors**

The *Report of Independent Auditors* provides the reader with the basis and intent of the report as well as its distribution. The sample in this chapter may be expanded to include an opinion on the report if that is the individual firm's policy. The report should contain both the firm name as well as the signature and license number of the public school accountant. The report should be on firm letterhead and dated the same as the auditor's reports included in the Annual Comprehensive Financial Report (ACFR).

### **C. Comments, Findings and Recommendations**

The *Comments, Findings and Recommendations* section includes items noted during the audit that require comments and recommendations, including a repeat of any items contained in a separate schedule of findings and questioned costs included in the single audit section of the school district or charter school or renaissance school project ACFR. Such items should be numbered sequentially (e.g. 2022 -xxx) and if the finding is also included in the ACFR, should reference applicable ACFR finding (e.g. ACFR finding No. 2022-xxx). Repeat audit findings should be cross-referenced to the current year finding (2022-xxx).

The comments and recommendations must be specific under the following applicable headings:

- Administrative Practices and Procedures
- Financial Planning, Accounting and Reporting
- School Purchasing Programs
- School Food Service
- Student Body Activities
- Application for State School Aid (Not applicable to charter schools or renaissance school projects)
- Charter School Enrollment System/Charter School Aid/Renaissance Enrollment Report (Not applicable to school districts)
- Pupil Transportation (Not applicable to charter schools or renaissance school projects)
- Facilities and Capital Assets
- Miscellaneous
- Follow-up on prior year findings

Recommendations must be included for all negative comments and areas of noncompliance cited, and at a minimum they are to be grouped in the above headings. The auditor may use sub-groupings within these headings.

Auditor recommendations which are not the result of either a required comment or generated by a negative finding but rather represent suggestions to management should be grouped together and included at the end of the Auditor's Management Report in a section titled "Suggestions to Management." Management suggestions are not required to be included in the district's/charter school's/renaissance school project's Corrective Action Plan.

Where a non-compliance issue is discovered by the auditor and has been corrected by the school district/charter school/renaissance school project within that same fiscal year, the finding must be reported in the AMR and the recommendation should state that the conditions/finding(s) were corrected within the fiscal year under audit.

Required comments must include discussions for the following areas and detailed examples are included in the sample provided:

- Fire Insurance Coverage
- Surety Bonds as to Adequacy (see Note and table below)
  1. *N.J.A.C. 6A:23A-16.4(c)* “The independent school auditor shall verify the adequacy of the treasurer’s surety bond which is required by *N.J.S.A. 18A:17-32*, and shall include appropriate comment, and a recommendation, if needed, in the annual school audit report.”
  2. *N.J.S.A. 18A:13-13* provides that in a district/charter school/renaissance school project which does not have a treasurer of school moneys, the secretary shall give bond in such amount and with such surety as the board shall direct.
- Whether appropriate billing adjustments have been made for tentative and actual tuition charges. (Not applicable to charter schools or renaissance school projects)
- Examination of Claims
- Salary Accounts
- That encumbrances, contracts, salaries and expenditures for state and federally funded projects were in accordance with laws and regulations and in conformity with procurement requirements.
- A certification that district/charter school/renaissance school project funds were provided and expended in the proper GAAP account/code based upon audit testing of transactions. The comment must include a summary of the sample selection process, conclusions reached, and additional procedures performed, if any.
- Whether the district/charter school/renaissance school project has timely and accurately completed its requests for social security reimbursement for TPAF members.
- Advertisement for bids in accordance with statutory requirements. Any items of noncompliance should be listed and *Title 18A:18A Public School Contracts Law* should be quoted. (PSCL is not applicable to renaissance school projects)
- Limitation of Principal Amount of Bonds *18A:24-19*. (Not applicable to charter schools or renaissance school projects)
- The condition of the records, with both positive and negative findings for:
  1. Athletic Association
  2. Food Services
  3. Student Activity Funds
  4. Secretary (status of secretary’s accounting records must be noted)
  5. Secretary and Treasurer’s records/reports. Where the district/charter school/renaissance school project does not maintain the treasurer’s position, the review should encompass the condition of the records/reports formerly kept by the treasurer that are now the responsibility of other district/charter school/renaissance school project personnel
  6. Capital Asset Records

**Note:** The minimum requirements for the surety bond shall be such percentage of the current year's school budget as is required in the schedule set forth in *N.J.A.C. 6A:23A-16.4*. In fixing the minimum bond, the nearest even \$1,000 shall be used.

**Surety Bond minimum**

<b>School Annual Budget</b>	<b>Minimum Surety Bond</b>
Up to \$100,000	20% of Budget (Minimum \$10,000)
\$100,000.01 to \$250,000	\$20,000 + 15% of all over \$100,000

\$10,000,000.01 and upwards	\$180,000 + 1/4% of all over \$10,000,000

**D. Schedule of Meal Count Activity [if applicable]**

The separate federal and state Schedule of Meal Count Activity a summary of the results of the audit testing of the number of meals claimed for reimbursement under federal and state subsidy programs. The schedules calculate a total net over claim or under claim based on the difference between the meal count tested by the auditor and meal count claimed by the district/charter school/renaissance school project. Eligibility application exceptions/reclassifications must be quantified and included in the schedules. A finding and recommendation should be included for any differences noted. Each of these schedules are included only if the Child Nutrition Program is a major program audited in the current audit period in accordance with federal 2 C.F.R 200 *Uniform Administrative Requirements, Cost Principles, And Audit Requirements for Federal Awards*.

**E. Schedule of Audited Enrollments**

For school districts, the *Schedule of Audited Enrollments* provides a summary of the results of the audit testing of the Application for State School Aid (ASSA) and the District Report of Transported Resident Students (DRTRS). It documents the information reported on the ASSA in comparison to the district workpapers which summarize the school register(s) and compares the information in the district workpapers to the underlying supporting data, quantifying any errors noted. It also documents the information reported on the DRTRS and the amount verified. A finding and a recommendation should be included for any differences noted.

For charter schools, the Schedule of Audited Enrollments provides a summary of the results of the audit testing of the Charter School Enrollment System (CHE), NJ School Register and submission of enrollment counts to the Department. It documents the information reported on the submission to the department in comparison to the charter school workpapers and compares the information in the charter school's workpapers to the underlying supporting data, quantifying any errors noted. A finding and a recommendation should be included for any differences noted. The auditor must also report any discrepancies, which resulted in an over/understatement of charter school aid to the Office of Charter and Renaissance Schools to [charterfinance@doe.nj.gov](mailto:charterfinance@doe.nj.gov) for appropriate follow-up.

For renaissance school projects, the *Schedule of Audited Enrollments* provides a summary of the results of the audit testing of NSMART Enrollment Report, the Renaissance Enrollment Report, NJ School Register and submission of enrollment counts to the renaissance school district and/or to the Department. It documents the information reported on the submission to the renaissance school district in comparison to the renaissance school project workpapers and compares the information in the renaissance school project's workpapers to the underlying supporting data, quantifying any errors noted. A finding and a recommendation should be included for any differences noted. The auditor must also report any discrepancies, which resulted in an over/understatement of renaissance school aid, to the Office of Charter and Renaissance Schools to [charterfinance@doe.nj.gov](mailto:charterfinance@doe.nj.gov) for appropriate follow-up.

## F. Excess Surplus Calculation

For school districts, the Excess Surplus Calculation documents the calculation of excess surplus for the district as required by N.J.S.A. 18A:7F-7, providing the maximum unassigned fund balance which regular districts may have at year end as 2 percent of adjusted audit year general fund expenditures. County vocational school districts are subject to the 6 percent surplus limitation. Due to the financial impacts of the public health emergency, P.L.2021, c.35, approved March 15, 2021 authorizes school districts other than county vocational school districts to maintain surplus up to the greater of four percent or \$250,000 for 2020-2021 and 2021-2022 school years. [Chapter 35](#).

Charter schools and renaissance school projects are not subject to the audited excess surplus limitations. Accordingly, charter school and renaissance school project auditors are not required to document the calculation of excess surplus pursuant to *N.J.S.A. 18A:7F-7*.

*Auditor's Note* – Auditors should review Section II-10 of this *Audit Program* for guidance on the Excess Surplus Calculation for districts required to use school-based budgeting.

Government Auditing Standards require that the schedule of findings and questioned costs included in the single audit section of the ACFR present each finding in a format that addresses the Criteria or specific requirement (what should be); Condition (what is); Context (describe the work performed that resulted in the finding); Effect (the difference between what is and what should be); Cause (why it happened); Recommendation; and, Views of responsible officials and planned corrective actions. Auditors should reference 2 CFR Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Section .516 Audit Findings) for specific requirements on the reporting of audit findings in the Schedule of Findings and Questioned Costs when a federal single audit of the district/charter school/renaissance school project is required. At the time of publication of this Audit Program, the most recently issued AICPA's Example 13-6 *Illustrative Schedule of Findings and Questioned Costs* is available in the AICPA Audit Guide *Government Auditing Standards and Circular A-133 Audits*. It is recommended that school auditors check the AICPA website for revised illustrative reports in relation to the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

At the time of publication of this Audit Program, the most recently issued Governmental Accounting Quality Control (GAQC) illustrative reports posted to the AICPA website are illustrative reports 13-1 through 13-3 *Reports on Compliance for Each Major Federal Program; Reports on Internal Control Over Compliance; and Reports on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance* updated for the clarity auditing standards and the 2021 edition of *Government Auditing Standards*. These illustrative audit reports are excerpts from Appendix A of chapter 13 of the 2021 AICPA Audit Guide, *Government Auditing Standards and Single Audits*. These report illustrations, as well as 13-4 through 13-6 (13-6 the aforementioned *Illustrative Schedule of Findings and Questioned Costs*) are incorporated into the recent edition of the *Government Auditing Standards and Single Audit Guide* available for purchase from the AICPA website. It is recommended that school auditors check the AICPA website for revised illustrative reports in relation to the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

When repeating the ACFR (Single Audit) findings in the Auditor's Management Report, auditors may follow that same format or revise the comment to be consistent with the other items presented in the Auditor's Management Report.

**Administrative Practices and Procedures***Insurance*

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-13, Insurance Schedule contained in the school district or charter school or renaissance school project ACFR.

*(new) P.L.2020,c.44*

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A.18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did/did not include all health benefit plans offered by school district/charter school/renaissance school project.

The school district/charter school/renaissance school project data certification was/was not completed by the chief school administrator. The school district/charter school/renaissance school project Chapter 44 data was/was not submitted timely.

If the data certification date reflects submission date later than 60 days after the end of the enrollment period: The original data submission did/did not require significant revision due to errors or omissions on the part of the district.

*Tuition Charges (Not applicable to charter schools or renaissance school projects)*

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were less than estimated costs. The board made a proper adjustment to the billings to sending districts for the decrease in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f) 3.

**Financial Planning, Accounting and Reporting***Examination of Claims*

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

*Payroll Account*

The net salaries of all employees of the board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/Business Administrator, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium.

[Where the district /charter school/renaissance school project employs a treasurer of school moneys] Payrolls were delivered to the treasurer of school moneys with a warrant made to his order for the full amount of each payroll.

[Where the district/charter school/renaissance school project does not employ a treasurer of school moneys] Payrolls were delivered to the secretary of the board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

*Finding 202X-xxx (ACFR Finding 202X-xxx):*

The required certification (E-CERT1) [not applicable to charter schools/renaissance school projects] of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was not filed by the March 15 due date [or was not filed].

**Recommendation:**

The Board of Education should designate someone to prepare and submit the certification as required by *N.J.S.A. 18A:14.4* and submit the E-CERT1 if not yet submitted.

*Finding 202X-xxx (ACFR Finding 202X-xxx):*

Reporting of employee compensation for income tax related purposes did not comply with federal (or state) regulations regarding the compensation which is required to be reported. [State what noncompliance issue was, e.g., lease value of vehicle not included in W-2, compensation at separation was deferred over five years by employee choice and should be included in W-2; fringe benefits were erroneously included in base salary for pension calculation purposes].

**Recommendation:**

The district/charter school/renaissance school project should establish internal controls to ensure that compensation is properly recorded and reported, including taxable fringe benefits and other additional forms of compensation as applicable. District/charter school/renaissance school project should also send corrected reporting to the applicable tax authority.

*Finding 202X-xxx (ACFR Finding 202X-xxx):*

The certifying officer did not maintain documentation of his/her analysis of the district's decision to classify a professional service provider (defined at N.J.S.A. 18A:18A-2(h)) as an employee of the school district in violation of Local Finance Notice 2007-28.

**Recommendation:**

The district should establish internal controls to ensure that employee versus contractor decisions for professional service providers are documented within the employee's personnel file.

*Finding 202X-xxx (ACFR Finding 202X-xxx):*

**(Not applicable to charter schools or renaissance school projects)**

The board of education made a merit bonus payment without prior confirmation from the Executive County Superintendent that a quantitative merit criterion or a qualitative merit criterion had been satisfied and without prior approval by the district board of education and Executive County Superintendent, as required by *N.J.A.C.6A:23A-3.1(e) 10.iv*.

**Recommendation:**

The board of education business office should establish internal controls over payroll to ensure that employee merit bonus payments are made only after having obtained:

- 1) board approval, and
- 2) receipt of confirmation of the satisfaction of that criterion from the Executive County Superintendent pursuant to having submitted a board of education resolution to the Executive County Superintendent certifying that a quantitative merit criterion or a qualitative merit criterion has been satisfied.

**Employee Position Control Roster**

*Finding 202X-xxx (ACFR Finding 202X-xxx):*

An inquiry and subsequent review of the Position Control Roster found inconsistencies between the payroll records, employee benefit records (e.g. pension reports and health benefit coverage reports), the general ledger accounts to where wages are posted (administrative versus instruction), and the Position Control Roster.

**Recommendation:**

The board should establish internal control procedures to ensure that an annual or more frequent review of the Position Control Roster is performed to ensure proper and consistent financial reporting and that employee benefits are offered only to current employees and their eligible relations.

**Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

*Finding 202X-xxx (ACFR Finding 202X-xxx):*

District/charter school/renaissance school project personnel did not perform an analysis of outstanding purchase orders at June 30 and prepare the separate listings of purchase orders comprising the balance sheet account balances for accounts payable and reserve for encumbrances. Numerous audit adjustments were needed to adjust the accounting records to properly reflect the true balances as of June 30, taking into consideration both the status of the orders at June 30 as well as their subsequent liquidation.

**Recommendation:**

Purchase orders should be reviewed for proper classification at June 30 as accounts payable or reserve for encumbrances based upon whether the goods have been received or the services rendered. All orders that

will not be liquidated within the suggested time frame of 60 to 90 days of year-end should be cancelled. Reconciliations of the adjusted June 30 balances for accounts payable and reserve for encumbrances should be performed and the required schedules be prepared for the year-end audit.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

Payments were made without proper authorization for amounts which exceeded the original approved purchase order amounts.

**Recommendation:**

The School Business Administrator should review the payments and purchase orders to ensure that all payments are properly authorized and consistent with N.J.A.C. 6A:23A-6.10(a).

**Travel**

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The district/charter school/renaissance school project did not obtain prior written approval of the Executive County Superintendent for a travel event that exceeded \$5,000 as required by *N.J.A.C. 6A:23A-5.9*.

**Recommendation:**

The district/charter school/renaissance school project should implement a process for submitting request for approval to the Executive County Superintendent at least 10 working days in advance of a travel event with a total cost exceeding \$5,000.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The district/charter school/renaissance school project did not have an approved board travel policy as required by *N.J.A.C. 6A:23A-6.13* and *N.J.S.A. 18A:11-12*.

**Recommendation:**

The board of education/board of trustees should adopt a travel policy that complies with *N.J.S.A. 18A:11-12*.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

Payment for travel by an employee was approved after completion of the travel event.

**Recommendation:**

The board of education/board of trustees should revise its travel policy to ensure that payments will not be ratified after completion of the travel event unless the policy excludes regular business travel from the pre-approval requirement. *N.J.A.C. 6A:23A-7.2(d)*

**Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C. 6A:23A-16.2(f)* as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C. 6A:23A-8.3*. As a result of the procedures performed, a transaction error rate of 1.90 percent overall was noted, and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### A. General Classification Findings

#### *Finding 202X-xxx (ACFR Finding 202X-xxx)*

During our test of transactions, it was noted that the district/charter school/renaissance school project misclassified and misbudgeted professional development costs for noninstructional staff as Improvement of Instruction Services/Other Support Services-Instructional Staff - Other Purchased Professional and Technical Services. The expenditure and related appropriation was reclassified to Business and Other Support Services - Purchased Professional Services for financial statement presentation purposes.

#### **Recommendation:**

Districts/charter schools/renaissance school projects should reference *The Uniform Minimum Chart of Accounts for New Jersey Public Schools* and other available reference materials, such as the

Budget Guidelines for the proper classifications required to be in compliance with *N.J.A.C. 6A:23A-16.2(f)*.

### B. Administrative Classification Findings

In several instances, salaries and/or contracted payments for home instruction were improperly classified as salaries for regular education instruction.

#### **Recommendation:**

Districts/charter schools/renaissance school projects should reference *The Uniform Minimum Chart of Accounts for New Jersey Public Schools* and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with *N.J.A.C. 6A:23A-16.2(f)*.

The expenditure and related appropriation was reclassified to Support Services - General Administration for financial statement presentation purposes.

**Recommendation:**

See recommendation below.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

During our test of transactions, it was noted that there were no salary expenditures of clerical staff recorded in Central Services as had been in prior years. Clerical positions that were recorded in the prior year in central services were not eliminated but instead reclassified to Attendance without proper documentation to support this change.

**Recommendation:**

Districts/charter schools/renaissance school projects should reference *The Uniform Minimum Chart of Accounts for New Jersey Public Schools*, and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with *N.J.A.C. 6A:23A-16.2(f)*.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

During our test of transactions, it was noted that many of the district's/charter school's/renaissance school project's responses to the required completion of the school district/charter school/renaissance school project questionnaire were incomplete.

**Recommendation:**

The district/charter school/renaissance school project should compare the completed school district/charter school/renaissance school project questionnaire and the payroll registers and an administrative certificated staff roster, or similar document, to assure accuracy and completeness of the school district/charter school/renaissance school project questionnaire.

**Board Secretary's Records**

Our review of the financial and accounting records maintained by the board secretary disclosed the following items.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

**Recommendations:**

Approved budgetary line accounts should not be over-expended. The Board Secretary should not approve the issuance of purchase orders that would cause over-expenditure in the line account to be charged, prior to the board approving the requested transfer of additional appropriations to cover such orders.

The Board Secretary should file monthly certifications of the budgetary line item status which are consistent with the actual budgetary records.

Current statute is posted on the [New Jersey Legislature](http://njleg.state.nj.us/) (njleg.state.nj.us/) website.

Auditors should refer to Section I, Chapter 5, Bids & Contracts/Purchasing for highlights of *N.J.S.A. 18A:18A-3* and 4.

The bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and *18A:18A-3(a)* are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The district board of education/charter school board of trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of my examination, I did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A. 18A:18A-4*.

Sample Finding and Recommendation

**Enrollment Counts and Submissions to the Department**

Our audit procedures included a testing on enrollment information on October 15 and the last day of school for on-roll, special education, English Language Learners (ELL) and low-income. The results of our procedures are presented in the Schedule of Audited Enrollments and the following was noted;

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

There were several students where number of days on-roll were overstated. Students transferred out and the enrolled days were not adjusted to reflect the reduction. Several students reported as Special Education did not have valid IEPs. Several students reported as “low income” lacked appropriate

supporting documentation (Free and Reduced Lunch Application, Household Survey, Direct Medicaid Match). Several students reported as ELL, lacked the appropriate qualifying documentation.

**Recommendation:**

The charter school/renaissance school project must ensure that students on-roll data reported be in agreement with the school register and that students reported as special education, ELL or Low Income have proper documentation to support the classification to support the additional related funding.

**Information for Charter Schools Only**

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

*Public Health Emergency*

In accordance with the Governor’s Declaration of Emergency pertaining to the public health emergency all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to eligible students during the period of school closures. (new) Governor Murphy’s emergency declaration ended June 4, 2021; however, the United States Department of Agriculture’s federal waiver continued through June 30, 2022. Food Service Agencies operated under this federal waiver.

As a result, School Food Authorities (SFAs) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO). (new) SFAs could also choose to participate in the National School Lunch Program utilizing standard counting and claiming practices .

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

Required Comments for a School Food Service Program that has not Been Audited as a Major Program, but has expended \$100,000 or more in Federal and/or State Support:

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. Exceptions (were/were not noted) as follows:

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions (were /were not noted) as follows:

If non-program foods were not purchased, prepared, sold, or offered for sale, comment in kind.

If non-program foods were purchased, prepared, sold, or offered for sale, provide one of the following comments:

- The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.
- or
- The B-5 does not separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA. (Note to Auditor: The Schedule of Meal Count Activity is not a required presentation where the School Food Service Program has not been audited as a major program.

*Required Comments for a School Food Service Program that has been audited as a major program*

[The School Food Service section of the Auditor's Management Report must contain statements such as those noted below (with the respective related findings, if applicable, cross-referenced to the ACFR). Also, please indicate "No Exceptions Noted" when there are no findings].

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records were reviewed on a test-check basis. Cash receipts and bank records were reviewed for timely deposit.

(If applicable) The district/charter school/renaissance school project utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with *N.J.S.A. 18A:17-34*, and 19-1 through 19-4.1. Provisions of the FSMC Cost Reimbursable Fixed Price or Non-Competitive Emergency Procurement contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will [break even] [return a profit of at least \$XX.] [incur a loss of not more than \$XX]. The operating results provision has (has not) been met. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed, and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

The SFA recorded and maintained separate supporting documentation for additional costs (food, supplies, transportation, etc.) applicable to the implementation of the COVID-19 meal service under SSO or SFSP program requirements.

The FSMC did/did not apply for and receive a loan in accordance with the Payroll Protection Plan and did/did not use the funds to pay for costs applicable to the Food Service Programs. The PPP loan was/was not subsequently forgiven and the FSMC did/did not refund or credit the applicable amounts to the SFA.

Net cash resources did (did not) exceed three months average expenditures.

Time sheets were reviewed, and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education/board of trustees. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were/were not submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications /or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

If non-program foods were not purchased, prepared, sold, or offered for sale, comment in kind.

If non-program foods were purchased, prepared, sold, or offered for sale, provide one of the following two comments:

1. The Statement of Revenues, Expenses, and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue AND program and non-program cost of goods sold.
- or**
2. The B-5 does not separate program and non-program revenue AND program and non-program cost of goods sold. (This comment requires that the CPA issue a finding and recommendation in the AMR to be addressed in the CAP uploaded to the NJDOE repository and emailed to [CAP@ag.nj.gov](mailto:CAP@ag.nj.gov) . )

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the ACFR.

In the event that single inventories are not maintained sufficiently to allow the auditor to include this activity in the financial statements and schedules, a finding and recommendation must be included in the Auditor's Management Report.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

Food service accounting records maintained by the district's/charter school's/renaissance school project's central administration office did not agree with the records maintained by the food service director.

**Recommendation:**

The district /charter school/renaissance school project should establish procedures that will reconcile the food service director's records and the food service records maintained by the central administration office.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The district's/charter school's/renaissance school project's food service receipts were not deposited promptly and supporting documentation did not reconcile with the amounts deposited.

**Recommendation:**

The district's/charter school's/renaissance school project's food service receipts should be deposited promptly and intact. Amounts deposited should reconcile to the supporting documentation.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

Meals claimed did not agree with meal count records resulting in an over/under claim, as detailed on the Schedule of Meal Count Activity (See section II-60).

**Recommendation:**

Prior to submitting reimbursement claims to the New Jersey Department of Agriculture, the meals claimed should be verified to the meal count activity records and Edit Check Worksheets.

*Findings 202X-xxx (ACFR Finding 202X-xxx)*

A number of exceptions were noted regarding free and reduced price meal applications. Applications were not properly completed or were missing. The resulting over claim/under claim has been identified by the auditor on the federal and/or state Schedules of Meal Count Activity.

**Recommendation:**

The free and reduced price meal applications/documentation or Household Information Surveys should be properly completed as required and available for audit. Incomplete or missing applications should be included in the paid (denied) category.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

Applications were placed in the incorrect category. The resulting over claim/under claim has been identified by the auditor on the federal and/or state Schedules of Meal County Activity.

**Recommendation:**

The free and reduced price meal applications or Household Information Surveys should be reviewed by district/charter school/renaissance school project personnel and properly classified as free or free equivalent, reduced price or reduced price equivalent, or paid.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The school district/charter school/ renaissance school project did not separate program and non-program revenue and cost of goods sold.

**Recommendation:**

The school district/charter school/ renaissance school project should establish a system to ensure that the separation of program and non-program revenue and cost of goods sold occurs.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The salary of the designated determining and/or the confirming official in the Community Eligibility Provision School was charged to the food service fund.

**Recommendation:**

The school district/charter school/renaissance school district should charge the salary of the designated determining and the confirming official in the Community Eligibility Provision school to the general fund.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The Community Eligibility School (CEP) used the Federal Application for Free or Reduced Price Meals for the determination of student's low-income status for ASSA reporting.

**Recommendation:**

The CEP school, school district, charter school, or renaissance school project may not use the Federal Application for Free or Reduced Price Meals for purposes of determining income status. CEP schools must utilize the State of New Jersey Household Information Survey for CEP Schools to determine a students' low-income status for ASSA reporting.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The Food Service Management Company's monthly invoices and operating statements did not include and identify the source and amounts of discounts, rebates and credits applicable to the district.

**Recommendation:**

**Student Body Activities**

During our review of the student activity funds, the following items were noted.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The board had no policy that clearly established the regulation of student activity funds.

**Recommendation:**

The board should approve a policy establishing the regulation of student activity funds.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

**Application for State School Aid (ASSA)**

(Not applicable to charter schools or renaissance school projects)

Our audit procedures included a test of information reported in the October 15, 201X Application for State School Aid (ASSA) for on-roll, private schools for students with disabilities, low-income, and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers without exception. {or explain any exceptions found during the audit process}. The information included as part of the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district written procedures appear to be adequate for the recording of student enrollment data.

**For Charter Schools/Renaissance School Projects Only**

(Enrollment counts and related submissions to the Department or by the renaissance school project to the renaissance school district)

Our audit procedures included a test of enrollment information on October 15, 2021 and the last day (if applicable) of school for on-roll, special education, bilingual and low-income.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The charter school/renaissance school project had no written procedures for the proper maintenance and recording of student enrollment data.

**Recommendation:**

We recommend that the charter school/renaissance school project prepare written procedures detailing the process for the two required enrollment counts. The procedures should describe how the count was taken, who was responsible for compiling the data, completing the enrollment count submission, and detail the

various assigned responsibilities for collection of the data and the follow-up procedures to identify student information to be corrected in the subsequent count.

The charter school/renaissance school project maintained written procedures appear to be adequate for the recording of student enrollment data.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The charter school/renaissance school project had documentation on file for Free and Reduced Lunch or a Household Information Survey but never forwarded copies to the resident/renaissance school district.

**Recommendation:**

All documentation, for which state aid is based, must be forwarded to the resident/renaissance school district.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

There were two instances where a student enrolled in the charter school/renaissance school project was not in attendance for 10 days and was not dropped from the charter school's/renaissance school project's register until 20 days after the last known day of attendance. According to the Department's school register instructions, the charter school's/renaissance school project's responsibility is to ensure the attendance of those students enrolled in their school. A student who has been absent 10 days for an unknown reason must be reported as a dropout. If the student is reported as a dropout, the charter school/renaissance school project must immediately notify the district of residence/renaissance school district in writing of this condition on the 10th day.

**Recommendation:**

The charter school/renaissance school project must make a concerted effort to notify the resident district of school dropouts in a timely manner in accordance with school register instructions.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The charter school reported a student on the Charter School Enrollment System/Renaissance Enrollment Report and subsequently received aid for a special education student who is attending a private school for the disabled. The educational costs for the outside placement at the private school are paid by the resident school district and not the charter school/renaissance school project.

**Recommendation:**

The charter school/renaissance school project must establish and implement procedures to ensure that any student attending a private school for the disabled is "dropped" from the charter school/renaissance school project reporting to ensure that the district of residence/renaissance school district is not double-billed for the student.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The charter school/renaissance school project reported full Average Daily Enrollment for a student on the Charter School Enrollment System (CHE)/Renaissance Enrollment Report and subsequently received 100% of eligible charter school/renaissance school aid for student who is attending a county vocational program. County vocational schools are funded directly by the state for all enrolled students.

**Recommendation:**

The charter school/renaissance enrollment must establish and implement procedures to ensure that the enrolled days of any student attending a county vocational program are reduced in the CHE/Renaissance

Enrollment Report to reflect that the student is only enrolled at the charter school/renaissance school project part-time so as to ensure that the charter school/renaissance school project is not receiving overpayment from the district of residence/renaissance school district.

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The charter school/renaissance school project reported special education classification on the Charter School Enrollment System/Renaissance Enrollment Report for a student who was identified and began receiving related services subsequent to October 15th. Students identified after October 15th must be reported in the subsequent year.

**Recommendation:**

The charter school/renaissance school project must establish and implement procedures to ensure reporting of Special Education Categorical Aid only for students who are identified and receiving related services prior to the October 15th ASSA reporting deadline.

**Miscellaneous**

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

(Not applicable to charter schools or renaissance school projects)

The school district did not comply with continuing disclosure agreements made in relation to prior year(s) bond issuances.

**Recommendation:**

In accordance with Local Finance Notice 2014-9, the school district must take appropriate action to identify continuing disclosure contractual obligations with respect to past issuances of debt while that debt remains outstanding. These obligations generally include filing audit reports, budgets, and certain operating data with various depositories.

**Testing for Lead of All Drinking Water in Educational Facilities**

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district/charter school/renaissance school project did/did not submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Required auditor statement of assurance: The school district/charter school/renaissance school project submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g)

*Finding 202X-xxx (ACFR Finding 202X-xxx)*

The school district/charter school/renaissance school project did not submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g) .

**Recommendation:**

The school district must take immediate appropriate action to immediately test for lead in the drinking water in accordance with N.J.A.C. 6A:26-1.2 and 12.4.

**Follow-up on Prior Year Findings**

In accordance with government auditing standards, our procedures included a review of all prior year recommendations including findings. Corrective action had been taken on all prior year findings with the exception of the following, which is repeated in this year's recommendations noted as current year finding "2022-XXX:"

Approved budgetary line accounts should not be over expended. (2022-XXX)

We have also reviewed any findings contained in the audit reports issued by the Office of Fiscal Accountability and Compliance (OFAC). Corrective action had been taken on all findings in the report dated XX/YY/ZZ with the exception of the finding listed below. This finding is also included in the Schedule of Findings and Questioned Costs.

During and after the preparation and completion of the Application for Extraordinary Aid (EXAID) and supporting work papers in the area of in-district /charter school/renaissance school project costs, the district/charter school/renaissance school project did not ensure that costs were submitted in accordance with EXAID directions published by the Division of Finance.

To clarify, when a prior OFAC finding is determined not to be a finding under the single audit section, the independent auditor is only required to report the status of the finding in the AMR, and not in the ACFR.

[If there were no prior year findings and no OFAC audit report findings, indicate "Not Applicable" in this section. Do not omit the section.]

**Acknowledgment**

We received the complete cooperation of all the officials of the school district/charter school/renaissance school project and I greatly appreciate the courtesies extended to the members of the audit team.

## Excess Surplus Calculation

On the following pages are the sample calculation worksheets for regular school districts, charter schools/renaissance school projects county vocational districts. See Section II, Chapter 10 for the related discussion on Excess Surplus calculation. Districts required to use school-based budgeting should follow the sample calculation on page III-4.37 and refer to section II-10 of this Audit Program.

*N.J.S.A.* 18A:7F-7 requires that excess surplus for regular school districts and charter schools/renaissance school projects is calculated using 2 percent for June 30, 2005 and thereafter. Due to the financial impacts of the public health emergency, P.L.2021, c.35, approved March 15, 2021 authorizes school districts other than a county vocational school districts to maintain surplus up to the greater of four percent or \$250,000 for 2020-2021 and 2021-2022 school years. [Chapter 35: njleg.state.nj.us/2020/Bills/PL21/35\\_.PDF](https://njleg.state.nj.us/2020/Bills/PL21/35_.PDF) Pursuant to P.L.2007, c.62, the minimum is 250,000, effective with the year ending June 30, 2007. Refer to [Commissioner’s March 17, 2021 broadcast](#) . County vocational school districts are subject to 6 percent surplus as included in either Part A or Part B of the 6 percent calculation. The illustrations that follow show the regular district calculation separately from the county vocational district sample.

Charter schools and renaissance school projects are not subject to the excess surplus limitations. (new) Accordingly, charter school and renaissance school project auditors are not required to document the calculation of excess surplus.

### Calculation

Complete Sections 1 and 2. If the total of Section 2 is **greater** than the applicable portion of Section 1, enter the difference in Section 3. If the difference results in a negative, enter a zero in Section 3. **The applicable sections are to be submitted as part of the Auditor’s Management Report.**

Note that the excess surplus calculation the transfer to food services is not an allowable adjustment (increase) to total general fund expenditures.

### School Bus Advertising Revenue

Districts were provided guidance to budget and recognize current year school bus advertising revenue on line 315, 10-1992. Under *N.J.S.A.* 18A:7F-7.1 and *N.J.S.A.* 18A:39-31, an adjustment to the audited excess surplus calculation is permitted in the year revenue earned under a school bus advertising contract is recognized by the district. The statute doesn’t state that the district is limited to the amount not used to reduce fuel costs; accordingly, the full amount may be used as an adjustment to excess surplus in the year of recognition/receipt only. Refer to illustration on page III-4.39 – Line (J3).

*N.J.S.A.* 18A:39-31 requires that 50 percent (50%) of recognized school bus advertising revenue be used to offset the fuel costs of providing pupil transportation services. Of the total revenue recognized, any portion of the 50% required by statute to be used as an offset to fuel costs in the year of revenue recognition, but not used for that purpose **must** be established as a restricted fund balance at year end. Report the restricted year end balances on Audsum lines 90028 (Bus Advertising Revenue Reserved for Fuel Costs – Current Year Adjustment), and Audsum 90029 (Bus Advertising Revenue Reserved for Fuel Costs – Prior Year Adjustment). Include the amount(s) as adjustments in the “Detail of Other Restricted Fund Balance” calculation (refer to illustration on page III-4.34 of this Audit Program). Note that the school district budget software will preload these amounts from Audsum onto the Recapitulation of Balances Line 15 in the columns for the respective years. The prior year balance in this reserve (Audsum line 90029) was budgeted in the subsequent year’s budget (2021-22) and the current year balance in this reserve (Audsum line 90028) must be budgeted in the 2<sup>nd</sup> subsequent year’s budget (2022-23). An edit will verify that the amounts on lines 90028 and 90029 are budgeted as a revenue source. Line 90028 will

preload onto Line D-2 of the budgetary calculation of Additional Excess Surplus report in the 2022-23 budget software.

In the recapitulation of fund balance reported at the end of the Budgetary Comparison Schedule (Exhibit C-1), the reserve for each of two possible years should be reported separately. Separate lines are provided in the Audsum data collection (line 90028 for current year and line 90029 for subsequent year) for each applicable year's reserve. GASBS No. 54 requires the further categorization of the bus advertising reserve for fuel costs account balance on the Governmental Funds Balance Sheet (Exhibit B-1). Based upon the withdrawal requirements, the bus advertising reserve for fuel costs has significant externally imposed restrictions on its use and should be categorized as "Restricted" fund balance. The same categorization is applicable to the General Fund Budgetary Comparison Schedule (Exhibit C-1).

### Example

The school district had total general fund expenditures (from exhibit C-1 of ACFR) of \$7,500,000. Included in the general fund expenditures were “On-Behalf State Aid Payments” (TPAF Pension & Social Security) of \$405,000 and Assets Acquired Under Capital Lease of \$182,000. General fund transfers to other funds not included in the general fund expenditures of the ACFR, but added to the calculation, Transfer from Capital Outlay to Capital Projects of \$60,000; Transfer from Capital Reserve to Capital Projects (augment SCC/SDA grant) of \$12,000; Trans. from General Fund to SRF for Preschool - Regular of \$10,000; and Trans. from General Fund to SRF for Preschool - Inclusion of \$5,000. The district received \$2,000 in federal impact aid revenue during 2021-22 and recognized \$1,000 of School Bus Advertising Revenue during 2021-22. The June 30, 2022 general ledger reflects that the district had the following: \$4,900 of year-end “other purposes” encumbrances reported in the “Committed” fund balance category (GASBS 54); \$9,000 legally restricted reported in the “Restricted” fund balance category (GASBS 54) from an unexpended 2020-21 additional spending proposal required to be designated/appropriated in the 2022-23 budget; \$45,000 reserved June 30, 2021 excess surplus required to be designated/appropriated in the 2022-23 budget reported in the “Restricted” fund balance category (GASBS 54); \$90,000 unreserved and designated in the 2022-23 budget reported in the “Assigned” fund balance category (GASBS 54); and \$395,000 unreserved/undesignated reported in the “Unassigned” fund balance category (GASBS 54) prior to calculating June 30, 2022 excess surplus.

### **Illustrative Excess Surplus Calculation and Instructions for Districts Required to Use School-Based Budgeting**

This section is included to provide detailed instructions on preparing the excess surplus calculations in districts required to use school-based budgeting. Excess surplus is a budget related calculation using the General Fund expenditures and fund balance of the budgetary comparison statements/schedules. The amounts used in the calculation must be taken from the Budgetary Comparison Schedule – General Fund (Exhibit C-1). The calculation for SBB districts must be adjusted to reduce the total general fund budgetary expenditures by the amount allocated to restricted federal resources in fund 15. The calculation must also separate the assets acquired under capital leases with state and local funds from those acquired with the allocated federal resources.

Line	Instructions for Section 1 Calculation
(A)	The total combined general fund expenditures (Funds 11-13 plus Fund 15) reported in the actual column of the <i>Budgetary Comparison Schedule – General Fund</i> (Exhibit C-1). Note this is a balance based on budgetary amounts.
(A1a)	Include selected operating transfer expenditures that relate to the general fund but were required to be maintained in another fund. Do not include general fund transfers to food services, Capital Reserve or Debt Service Fund, or Facilities Grant transfer to Special Revenue Fund.
(A1b)	The total Fund 15 expenditures allocated to restricted federal resources reported on the districtwide Schedule of Expenditures Allocated by Resource Type — Actual for the Fiscal Year Ended June 30, 2022 (Exhibit D-2).
(A2)	Add line(s) (A1a) and subtract line (A1b) from line (A). This results in the total amount of general fund expenditures being used to calculate the maximum “Unassigned” fund balance for district required to use school-based budgeting.
(A3)	The sum of the non-budgeted TPAF pension on-behalf payment plus the non-budgeted TPAF social security reimbursement reported in the State Sources section of the <i>Budgetary Comparison Schedule – General Fund</i> (Exhibit C-1).
(A4)	The total Fund 10 assets acquired under capital leases amount is obtained from the Actual Operating Fund column of the <i>Combining Budgetary Comparison Schedule – General Fund</i> (Exhibit C-1a).
(A5)	The Fund 15 assets acquired under capital leases amount is obtained from the Actual Blended Resource Fund column of the <i>Combining Budgetary Comparison Schedule – General Fund</i> (Exhibit C-1a).
(A6)	The percentage of the overall districtwide Fund 15 expenditures, which were funded with general fund contribution or state resources. This percentage is obtained from the line entitled “Combined General Fund Contribution & State Resources” on the district-wide <i>Blended Resource Fund 15 - Schedule of Expenditures Allocated by Resource Type – Actual</i> (Exhibit D-2).

Line	Instructions for Section 1 Calculation
(A7)	The general fund and state resources portion of Fund 15 assets acquired under capital leases and is determined by multiplying the total Fund 15 assets acquired under capital leases reported on line (A5), by the combined general fund contribution and state resources percentage reported on line (A6).
(A8)	The total assets acquired under capital leases with general fund contribution and state resources. Line (A8) is the sum of lines (A4) and (A7).
(A9)	The total adjusted expenditures upon which the maximum unreserved/undesignated fund balance is calculated; the result of line (A2) minus line (A3) minus line (A8).
(A10)	This line represents 4 percent of general fund expenditures and is calculated by multiplying line (A9) by 4 percent.
(A11)	The maximum allowable amount of unreserved/undesignated fund balance, prior to allowable adjustments.
(K)	This line is calculated in Section 3 of the excess surplus calculations.
(M)	The total maximum allowable “Unassigned” fund balance. This amount is calculated here as line (A11) plus line (K).
*	This adjustment line (line (K) as detailed below) is to be utilized for Impact Aid, Sale, Lease-back, Extraordinary Aid, Additional Nonpublic School Transportation Aid, and recognized current year School Bus Advertising Revenue, if applicable. Extraordinary Aid and Additional Nonpublic School Transportation Aid and (new) Maintenance of Equity Aid and State Military Impact Aid received July 2022 for 2021-22 received after June 30 is limited to the amount of revenue recognized in the audit year that was not appropriated.

**Detail of Allowable Adjustments: Lines and Descriptions**

Line	Description
(H)	Line H represents the amount of Impact Aid received by the district during 2021-22. This amount is obtained from the line entitled “Federal Sources: Impact Aid” on the <i>Comparative Schedules of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual</i> (Exhibit C-1a). This amount is reported net of any amount transferred to Impact Aid general fund reserve or Impact Aid capital fund reserve.

Line	Description
(I)	Line I represents the proceeds realized from the sale-lease back of textbooks and non-consumable instructional materials during the current year and is excluded from the calculation of excess undesignated general fund balance. See the Audit Program Section II-10.13 for a more detailed discussion of this adjustment.
(J1)	Line J1 represents the extraordinary aid received after June 30 for 2021-22. This amount can only be excluded from the excess surplus calculation if the district can clearly document that they did not budget this additional aid during the 2021-22 fiscal year for which they filed an application. See Section II-10.4 for a more detailed discussion of this adjustment.
(J2)	This line is used for Additional Nonpublic Transportation Aid received after June 30 but recorded in 2021-22. This amount is only excluded from the excess surplus calculation if the district can document that they did not budget the additional aid during 2021-22.
(J3)	This line is used for School Bus Advertising Revenue recognized during 2021-22. This amount is excluded from the current year excess surplus calculation as required by <i>N.J.S.A. 18a:7F-7.1</i>
(J4)	This line is used for Family Crisis Transportation Aid received after June 30 but recorded in 2021-22. This amount is excluded from the excess surplus.
(J5)	This line is used for Maintenance of Equity Aid and State Military Impact Aid received after June 30 but recorded in 2021-22. This amount is excluded from the excess surplus.
(K)	Line (K) is the sum of lines (H), (I), (J1), (J2), (J3), (J4) and (J5) and represents the total allowable adjustment to increase the maximum unreserved/undesignated fund balance.

**6 Percent Calculation – Vocational Districts**

County vocational districts must perform the 6 percent calculation.

Amounts calculated in excess of 6 percent that have not been appropriated in the 2022-23 original budget certified for taxes must be reported in the “Restricted Fund Balance” category (GASBS 54) as general fund—“Reserved Fund Balance - Excess Surplus” in the June 30, 2022 ACFR and appropriated in the 2023-24 budget. The amount which has been included in the 2022-23 budget should be reported in the “Restricted Fund Balance” category (GASBS 54) as general fund—“Reserved Fund Balance - Excess Surplus, Designated for Subsequent Year's Expenditures.” Note disclosures should describe the nature of the excess surplus and the amount budgeted in the 2022-23 original budget certified for taxes and the amount reserved for the subsequent year budget.

For districts with expenditures equal to or less than \$100 million, any unreserved/undesignated general fund surplus amounts in excess of the greater of 6 percent of general fund expenditures or \$250,000 (after allowable adjustments) is excess surplus. For districts with expenditures greater than \$100 million any unreserved/undesignated general fund surplus amounts greater than the sum of 3 percent of general fund expenditures in excess of \$100 million plus \$6,000,000 and allowable adjustments is excess surplus. Any excess surplus amount must be reserved for appropriation in the 2022-23 original certified budget.

## Section III — Electronic Reporting

### Chapter 5—Audit Summary

All school districts, charter schools and renaissance school projects are required to have their auditor complete the Audit Summary (Audsum) and the ACFR and the district/charter schools/renaissance school projects must transmit the auditor completed Audsum data to the NJ Department of Education via the web application. The department uses this information for various reporting and analytical purposes. The information from the Audsum will be downloaded into the actual column of the DOE budget software used by the school district. District cannot access and revise this data via the budget program if the data is incorrect. Only the auditor can make corrections through the submission of a revised Audsum. For revisions, both the auditor and the district board secretary/business administrator must provide electronic signatures (within the web application) and revised ACFR pages must also be submitted, if applicable. **The board secretary/business administrator is responsible for performing a careful review of the reports generated by the web application and for the provision of his/her electronic signature as to the accuracy of the information. Both the auditor and district/charter school/renaissance school projects personnel are advised to pay particular attention to the accuracy of the data submitted to avoid having to resubmit the data!**

*Auditor's Note* – The department **highly recommends** that the Audsum be completed prior to filing the ACFR. The Audsum has numerous edits that can flag common reporting errors such as the reporting of excess surplus, special education program expenditures, food service operations, and fund balances.

For districts which operate a regional day school or other approved separate entity in addition to a regular day school, the school auditor must submit a separate audit summary for each entity.

School districts, charter schools and renaissance school projects will no longer have to complete the Indirect Cost Rate Tab prior to certifying Audsum to the Department of Education. The detail for the calculation of the Indirect Cost Rate is captured within the chart of account line items and reported in Audsum accordingly. This financial information will be used to calculate the Unrestricted and Restricted Indirect Cost Rates for use with the 2023-24 federal grants

School districts that operate more than one school must enter school level expenditure data in Audsum. This data will be used by the NJDOE by the Office of Title I as well as by the Office of School Finance with the ultimate reporting of school level expenditure data on the school performance report in accordance with ESSA Section 1111(h)(1)(C)(x). Such school level data will not be subject to audit by the LPSA, but the totals of all data reported will be tested to match the audited data which is submitted by the LPSA.

An audit report **will be considered incomplete** until the required Audsum is received by the statutory deadline. Auditors are able to view the current certification status (CPA certified, and district/charter school/renaissance school projects certified with dates for each) for each of their client districts on the CPA User Links to District(s), Charter School and Renaissance School Projects page.

#### Fund Balance (General Fund)

Separate lines for the breakout of the June 30 fund balance (general fund) are provided in the Audsum web application. Corresponding lines for the July 1 beginning fund balance classifications are also provided to enable reporting the appropriate balances in accordance with Governmental Accounting

Standards Board Statement No. 54 (GASBS No. 54). Reserve for encumbrances will continue to be separately reported in Audsum as Year End Encumbrances – Committed and Assigned on line 90010 and memo accounts 90015 and 90016 (fund 15).

Lines for tuition reserve enable tracking of the reserve for each of two permitted years, both the beginning and the ending balances. These balances are to be entered separately in the Audsum, and not as aggregated balances. (See Section II-10 of this Audit Program and *N.J.A.C. 6A:23A-17.1(f).8* for further reference on tuition reserve). Tuition reserve **beginning balance** lines are as follows with corresponding ending balances noted in the next paragraph:

- Current Year Beginning Balance (line 50) represents the 2020-21 tuition year. The balance in this account must be budgeted for payment in 2022-23.
- Prior Year Beginning Balance (line 51) represents the 2019-20 tuition year. The balance in this account was budgeted for payment in 2021-22.

The following list is to be followed for the classification of ending fund balance – general fund:

Unspendable/Restricted/Committed/Assigned Fund Balance. Please note that the values entered in this section will impact the Recap of Balance section of the following year budget software screen. Many beginning balance errors for the following year budget preparation are due to erroneous entries on this screen. Selected lines are highlighted in the table below:

## Appropriations and Carryover

There is a memo collection of Preschool Carryover. This amount must agree with what is reported on the Schedule of Preschool Expenditures as carryover. Preschool appropriations reported on the E-2 must agree with preschool appropriations reported in Audsum.

Districts required to use school-based budgeting – Fund 15 Audit Summary (Audsum)  
**(Applies only to former Abbott Districts)**

All districts are required to report school-based expenditures in the 2021-22 Audit Summary (Audsum). Please note that **Fund 15 expenditures should not be entered in the Fund 11 tab. A separate Fund 15 statement must be completed for each whole school reform school implementing school-based budgeting. Fund 15 expenditures are reported under the "School-based Expenditures" data entry screen. Failure to enter the Fund 15 data separately will result in the reporting of inaccurate data to federal and state agencies. This will also cause inaccurate data to be preloaded into upcoming budgets.**

**When reporting expenditures under the "Expenditures" data entry screen, only include expenditures related to districtwide costs and non-whole school reform schools. Fund 15 expenditures are not to be reported in the "Expenditures" data input screen.**

### **Audsum Questions Related to Conditions for Appointment of State Monitor or Forensic Audit**

(N/A to charter schools and renaissance school projects)

Questions regarding the auditor opinions, material weaknesses, repeat audit findings, capital projects fund deficits, and return of federal funds are included in Audsum to enable the department to determine whether a district meets conditions for either appointment of a state monitor or a forensic audit. *N.J.S.A. 18A:7A-55* authorizes the Commissioner to appoint a state monitor for districts which meet criteria specified in the law, and pursuant to *N.J.S.A. 18A:7A-57*, the state auditor will perform a forensic audit if a district has a general fund deficit and meets one of the criteria for state monitor.
