## Report of Independent Auditors

Honorable President and  
Members of the Board of Education  
Mantua Township School District  
684 Main Street  
Sewell, New Jersey 08080

We have audited, in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Board of Education of the Mantua Township School District in the County of Gloucester for the year ended June 30, 2017, and have issued our report thereon dated October 20, 2017.

As part of our audit, we performed procedures required by the New Jersey Department of Education and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

This report is intended solely for the information and use of Mantua Township School District Board of Education's management, New Jersey Department of Education and other state and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

## **Administrative Findings – Financial, Compliance, and Performance**

### **Scope of Audit**

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Monies, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

### **Administrative Practices and Procedures**

#### **Insurance**

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20; Insurance Schedule contained in the District's CAFR.

#### **Official Bonds**

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Dr. Robert Fisicaro	Business Administrator	\$10,000
Michelle H. Daminger	Board Secretary	\$225,000

#### **Tuition Charges**

A comparison of tentative charges and actual certified tuition charges was made. The actual costs were less than estimated costs. The board made the proper adjustment to the billings to sending districts for the decrease in per pupil costs in accordance with NJAC 6A:23A-17.1(f)3.

### **Financial Planning, Accounting, and Reporting**

#### **Examination of Claims**

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

#### **Payroll Account**

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies including health benefits withholding due the General Fund.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (Superintendent, Assistant Superintendents, and Business Administrator) to the NJ Department of Treasury was filed by the March 15 due date.

Reporting of employee compensation for income tax related purposes complied with federal (or state) regulations regarding the compensation which is required to be reported.

The certifying officer maintained documentation of their analysis of the District's decision to classify a professional service provider (defined at NJSA 18A:18A-2(h) as an employee of the School District.

The Board of Education made merit bonus payments after prior confirmation from the Executive County Superintendent that a quantitative merit criterion or a qualitative merit criterion has been satisfied and with prior approval by the District Board of Education and Executive County Superintendent, as required by NJAC 6A:23A-3.1(e)10.iv.

### **Employee Position Control Roster**

An inquiry and subsequent review of the Position Control Roster found no inconsistencies between the payroll records, employee benefit records (e.g. pension reports and health benefit coverage reports), the general ledger accounts to where wages are posted (administrative versus instruction), and the Position Control Roster.

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30 for proper classification of open purchase orders as to reserve for encumbrances and accounts payable with exceptions.

### **Finding: 2017-001**

Two outstanding purchase orders as of June 30 were incorrectly recorded as encumbrances.

### **Recommendation:**

Purchase orders should be reviewed for proper classification at June 30 as accounts payable or reserve for encumbrances based upon whether the goods have been received or the services rendered.

### **Travel**

The Board of Education has adopted a travel policy that complies with NJSA 18A:11-12.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with NJAC 6A:23-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with NJAC 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0.0% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Board Secretary's Records**

Our review of the financial and accounting records maintained by the Board secretary disclosed the following items.

Acknowledgement of the Board's receipt of the Board Secretary's and Treasurer's monthly financial reports was included in the minutes.

Budgetary line accounts were not over-expended during the fiscal year or at June 30.

Payments to vendors were made after the receipt of goods.

The capital asset records were updated for the additions and disposals of capital assets made during the year.

The District is maximizing its efforts under the Special Education Medicaid Initiative (SEMI) Program for obtaining federal funding for special education services.

The District made board approved line-item transfers during the year and maintained monthly transfer reports and year-to-date transfers in a format prescribed by the Commissioner or approved by the Executive County Superintendent.

The District does not have a potential liability or loss contingency relating to the ongoing labor contract negotiations.

### **Board Secretary's Records (Continued)**

Monthly bank reconciliations were prepared for the general operating account, payroll account, and payroll agency account (NJSA 18A-17-9).

The Board Secretary deposited all funds of the District in a timely manner in accordance with NJSA 18A:17-34.

### **Elementary and Secondary Education Act (ESEA), Improving America's Schools Act (IASA) as Reauthorized by the No Child Left Behind Act of 2001**

The ESEA/NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for ESEA indicated no areas of noncompliance and/or questionable costs.

### **Other Special Federal and/or State Projects**

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the Single Audit Section of the District's CAFR.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no areas of noncompliance and/or questionable costs.

### **TPAF Reimbursement**

Our audit procedures included a test of the biweekly reimbursement (electronic, but districts can print out the DOENET screen for an auditor) filed with the Department of Education for District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

### **TPAF Reimbursement to the State for Federal Salary Expenditures**

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

### **School Purchasing Programs**

#### **Contracts and Agreements Requiring Advertisement for Bids**

NJSA 18A:18A-3 states:

- a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without

### **Contracts and Agreements Requiring Advertisement for Bids (Continued)**

public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection b. of Section 9 of P.L. 1971, c.198 (C40A:11-9), the Board of Education may establish that the bid threshold may be up to \$29,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this Section.

- b. Commencing in the fifth year after the year in which P.L. 1999, c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in Subsection a. of this Section or the threshold amount resulting from any adjustment under this Subsection, in direct proportion to the rise or fall of the index rate as that term is defined, in NJSA 18A:18A-2 and shall round the adjustment to the nearest \$1,000. The governor shall notify all local school districts of the adjustment no later than June 1<sup>st</sup> of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.

NJSA 18A:18A-4 states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law."

Effective July 1, 2015, and thereafter the bid thresholds in accordance with NJSA 18A:18A-3 (as amended) and 18A:39-3 is \$40,000 with a Qualified Purchasing Agent and \$18,800 for student transportation. The District has a Qualified Purchasing Agent.

The District's Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of our examination, I did not note any individual payments, contracts, or agreements were made "for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of NJSA 18A:18A-4, amended."

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per NJSA 18A:18A-5.

### **School Food Service**

The school food service program was not selected as a major federal and/or state program. The expenditures did not exceed \$100,000 in federal and/or state support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims and whether the food service expenditures were limited to allowable direct costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

### **School Food Service (Continued)**

The financial transactions and statistical records of the school food services were reviewed. The financial accounts, meal count records, and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures were separately recorded as food, labor, and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used. No exceptions noted.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

### **Finding 2017-002:**

Net cash resources exceeded three months average expenditures.

### **Recommendation:**

The District take the necessary action to ensure proper net cash resource balances are maintained.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Service employees as authorized by the Board of Education. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. Meals claimed agreed with meal count records. No exceptions noted.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were reviewed for completed and available for review. No exceptions noted.

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The School District maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the District's CAFR.

### **Student Body Activities**

During our review of the Student Activity Funds, the following items were noted.

The Board has a policy that clearly established the regulation of Student Activity Funds.

**Student Body Activities (Continued)**

Cash receipts were deposited in a timely manner. Cash disbursements contained proper supporting documentation. The cash journals were reconciled to the bank accounts on a monthly basis.

**Application for State School Aid**

Our audit procedures included a test of information reported in the October 14, 2016, Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income, and bilingual. We also performed a review of the District's procedures related to its completion. The information on the ASSA was compared to the District's work papers with a minor exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained work papers on the prescribed state forms or their equivalent and have adequate written procedures for the recording of student enrollment data.

**Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2016-2017 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District did comply with proper bidding procedures and award of contracts.

**Miscellaneous**

The School District did comply with continuing disclosure agreements made in relation to prior year(s) bond issuances.

**Follow-up on Prior Year Findings**

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action was not required for the prior year since there were no findings. The District did not have any audit reports issued by the Office of Fiscal Accountability and Compliance (OFAC).

**Acknowledgment**

We received the complete cooperation of all the officials of the School District and we greatly appreciate the courtesies extended to the members of the audit team.
