ADMINISTRATIVE FINDINGS-FINANCIAL, COMPLIANCE AND PERFORMANCE

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Dawn Huff	Business Administrator/Board Secretary/Treasurer	\$200,000

There is Public Employees' Faithful Performance Blanket Position Bond for \$50,000 with the NJ Schools Insurance Group (NJSIG).

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made by the receiving district (Belvidere High School) for fiscal year 2014-2015 and certified by the state department. The resulting 2014-2015 tuition adjustment of \$1,105 in accordance with N.J.A.C 6a:23-3.1(f)3, was due to the district in fiscal year 2016-2017. The high school reduced the district's tuition contract by the 2014-2015 tuition adjustment during the 2016-2017 school year.

Financial Planning, Accounting and Reporting

Examination of Claims

The State purchase order system is fully operational in that purchase orders are issued for the financial transactions of the Board.

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/Business Administrator, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the current fund.

Payrolls were delivered to the secretary of the board who then deposited with warrants in separate bank accounts for net payroll and withholdings

The Board, at present, processes the payroll through an approved off-site computer system.

Reserve for Encumbrances Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-16.2f as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The financial records, books of accounts and minutes maintained by the Secretary were in very good condition.

The bank reconciliations were examined and were found to be in agreement with the records of the Secretary. The bank reconciliations are prepared by a board designee independent of the Board Secretary.

Elementary and Secondary Education Act (E.S.E.A.), Improving America's Schools Act (IASA) as reauthorized by the No Child Left Behind Act of 2001

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I and VI of the Elementary and Secondary Education Act, as amended.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Schedule A and Schedule B located on pages 10 and 11 of this report.

Our audit of the Federal and State funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district school employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective April 17, 2000, *N.J.S.A.* 18A:18A (Public School Contracts Law) was revised by P.L.1999,c.440 (originally known as Assembly Bill No. 3519). Rules and regulations pertaining to the amended law are to be promulgated by the Division of Local Government Services, with consultation from the Commissioner of Education.

N.J.S.A. 18A:18A-3 is amended to read as follows:

- a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in the contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefore, except that the board of education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. (pending before the Legislature as section 15 of this bill) of section 9 of P.L.1971,c.198(C.40A:11-9) the board of education may establish that the bid threshold may be up to \$36,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Commencing in the fifth year after the year in which P.L.1999,c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in *N.J.S.*18A:18A-2(pending before the Legislature as section 50 of this bill), and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.

Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection a. of *N.J.S.*18A:18A-5 may be awarded for a period not exceeding 12 consecutive months.

N.J.S.A.18A:18A-4 (as amended) states, "Every contract or agreement for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law.

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$18,800.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Within the state budgeting structure and general ledger accounting system, payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies are not accumulated by category type. As such, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A.8A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Within the state budgeting structure and general ledger accounting system, payments are not accumulated for purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that the following purchases were made through the use of State contracts:

General School Supplies/Equipment

School Food Service

The financial transactions and statistical records of the school food services fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test check basis.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement vouchers were properly computed and filed timely. No exceptions noted.

Cash receipts and bank records were reviewed for timely deposit.

The district utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will break even. The operating results provision has been met.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education. No exceptions were noted.

Non-Program foods were purchased, prepared, and offered for sale and as such, The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

The school district did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Food Distribution commodities were received and a separate inventory was maintained on a first-in, first-out basis. No exceptions noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Student Body Activities

A cash receipts and disbursements records were maintained in very good condition.

All receipts appear to be promptly deposited in the bank.

Payment authorizations, invoices and other supporting data were presented and available for audit.

Application for State School Aid

Our audit procedures included a test of the information reported in the October 15, 2016, Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2016-2017 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Follow-up on Prior Years' Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. There were no prior year findings.
