To the Board of Trustees
ABC School for Students with Disabilities

Opinion

We have audited the accompanying financial statement of the ABC School for Students with Disabilities (a nonprofit organization), in the County of **[County]**, State of New Jersey, which comprise the statement of assets, liabilities and fund balances statutory basis as of June 30, 202**X**, and the related statements of support and revenue expenses and changes in fund balances statutory basis for the year then ended, and the related notes to the financial statements. In our opinion, the financial statements referred to above present fairly, in all material respects, the statement of assets, liabilities and fund balances - statutory basis of ABC School for Students with Disabilities **[County]**, State of New Jersey as of June 30, 202**X**, and its support and revenue, expenses and the changes in fund balances for the year then ended in accordance with the financial reporting provisions of the Division of Finance and Business Services, Department of Education, State of New Jersey, described in Note **X**.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the audit requirements as prescribed by the Department of Education, Division of Finance and Business Services, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. We are required to be independent of ABC School for Students for Disabilities and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

We draw attention to Note **X** of the financial statements, which describes the basis of accounting. As described in Note **X**, these financial statements were prepared in conformity with the financial reporting provisions of the Division of Finance and Services, Department of Education, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of N.J.A.C. 6A:23A-18.1 through 18.23. Our opinion is not modified with respect to the matter.

Key Audit Matters

Key audit matters are those matters that were communicated with those charged with governance and, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. (Include a description of each key audit matter here in accordance with AU-C 701, if applicable)

Other Matters

The accompanying supplementary information listed in the foregoing table of contents is presented for the purposes of additional analysis as required by the Division of Finance and Business Services, Department of Education, State of New Jersey and in accordance with the requirements of N.J.A.C. 6A:23A-18.1 through 18.23 regarding allowable costs, certified actual costs per student and the final tuition rate charged and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Finance and Business Services, Department of Education, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about ABC School for Students with Disabilities' ability to continue as a going concern for June 30, 202**X**.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion on these financial statements based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing our audit with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in the auditor's judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

New accounting updates from the Financial Accounting Standards Board set forth in FASB 2016-14 require changes to the presentation and disclosures of the not-for-profit's financial statements. These include an improved measurement of the classification of net assets, a clearer presentation of operational performance without regard to how the not-for-profit finances its operations through debt or investing activities, and the improvement of a financial statement user's ability to assess the not-for-profit's liquidity position, making the financial statements more understandable and usable by its primary stakeholders. This audit reflects these updated accounting standards.

Restriction on Use

Our report is intended solely for the information and use of ABC School for Students with Disabilities and the New Jersey State Department of Education for the purpose of determining the certified actual cost per student and the final tuition rate charged to public school districts for students with disabilities and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by the Department of Education, State of New Jersey

In accordance with the Department of Education, State of New Jersey, we have also issued our report dated /insert date of report/ on our consideration of ABC School for Students with Disabilities' internal control over financial reporting and on our tests of its compliance with certain provisions of N.J.A.C. 6A:23A-18.1 through 18.23. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with the Department of Education, State of New Jersey in considering ABC School for Students with Disabilities' internal control over financial reporting and compliance.

Auditor's Report on Internal Controls

To the Board of Trustees of
ABC School for Students with Disabilities

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, the financial statements of ABC School for Students with Disabilities in the County of [County], State of New Jersey, which comprise the statement of assets, liabilities and stockholder's equity – statutory basis as of June 30, 20XX, and the related statements of support and revenue, expenses, and reconciliation of retained earnings – statutory basis for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated [Date of Auditors Report].

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered ABC School for Students with Disabilities' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of ABC School for Students with Disabilities' internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether ABC School for Students with Disabilities' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under the audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with the audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Note 10(a) - Child Nutrition Program

The Statement of Food Service reflects the net expenditures included in the calculation of the certified actual cost per student. ABC School met the nutritional requirements of the Child Nutrition Program as administered by the New Jersey Department of Agriculture pursuant to N.J.A.C. 6A:23A-18.23(a)2. The Statement of Food Service reflects revenue from sales of meals as ABC School charged for students' paid and reduced meals in accordance with the income eligibility criteria established by the Child Nutrition Program as administered by the New Jersey Department of Agriculture pursuant to N.J.A.C. 6A:23A-18.23(a)2. The actual number of students participating in the Child Nutrition Program varied as a result of fluctuating enrollment. Accordingly, as of June 30, 20XX, XX students received free meals, XX students received reduced rate meals, and XX students received paid rate meals.

Note 10(b) - Child Nutrition Program –parent/guardian/sending district provide meals

The Statement of Food Service does not reflect expenditures associated with providing meals to students because students bring lunch to school provided by the parents/guardian/sending district.

Note 10(c) - Child Nutrition Program –nonparticipation

The Statement of Food Service does not reflect expenditures associated with providing meals to students because ABC School has elected to fund the cost of providing meals to students through an unrestricted fund. As such, there are no costs included in the calculation of the certified actual cost per student. Accordingly, ABC School did not meet the provisions of N.J.A.C. 6A:23A-18.23(a)2.

Note 11 – Payroll Protection Program Disclosure for Profit Schools

The School applied for and received a Payroll Protection Program loan in the amount of \$XXX, XXX with XX% of the loan amount expressly used for the payment of employees' payroll according to SBA and lender requirements. For the school year ended June 30, 2025, \$XXX, XXX was used for payroll purposes, as disclosed below:

Total PPP loan amount received:	\$XXX, XXX
Amount used towards APSSD	
Amount used towards other (non-APSSD) programs	
Qualified Expenditures to be Forgiven:	\$XXX, XXX

In accordance with IAS 20, FASB ASC 958-605 and FASB ASC 450-30, if a nongovernmental entity that is not a not-for-profit entity (that is, a business entity) expects to meet the PPP's eligibility criteria and concludes that the PPP loan represents, in substance, a grant that is expected to be forgiven, the proceeds from the loan are to remain recorded as a deferred income liability. Subsequent to initial recognition, a business entity would reduce the liability with the offset through earnings presented as either:

- 1) a credit in the income statement, either separately or under a general heading such as "other income," or
- 2) a reduction of the related expenses, as it recognizes the related cost to which the loan relates, for example, compensation expense.

This will continue until either:

- 1) the loan is, in part or wholly, forgiven and the debtor has been “legally released” or
- 2) the debtor pays off the loan to the creditor.

Once the loan is, in part or wholly, forgiven and legal release is received, a nongovernmental entity would release the liability by the amount forgiven and record a gain on extinguishment.

In accordance with State guidance, the application for loan forgiveness and resultant determination have been submitted to the Department of Education in tandem with the audited financial statement submission.

Choose one of the following:

- ABC School’s management applied (or intends to seek) for forgiveness of exactly \$XXX, XXX in accordance to SBA guidance on (insert date). The amount of \$X, XXX of principal and interest related to the PPP loan is included as allowable costs.
- The School does not intend to seek forgiveness of the PPP loan and will repay the loan plus accrued interest according to SBA requirements and the lender’s terms utilizing unrestricted funds.
- The School has applied for forgiveness of the PPP loan on (insert date) and was denied; therefore, the School will repay the loan plus accrued interest according to SBA requirements and the lender’s terms utilizing unrestricted funds.
