The New Jersey Department of Education has approved school district and charter school restricted and unrestricted indirect cost rate applications for the 19-20 School Year. If the NJDOE approved indirect cost rate is utilized, it must be documented and charged consistently across all programs.

If you have never received a negotiated indirect cost rate, you may elect to charge a rate of 10% of modified total direct costs indefinitely. If this election is made, you must use this rate consistently for all Federal Awards and all charges must be documented.

If you have any questions, please call our Division's fiscal office at 609-984-1439.
