Foreword

This handbook establishes the chart of accounts for use by New Jersey school districts, charter schools, renaissance school projects, and for Approved Private Schools for Students with Disabilities (APSSD). In accordance with the New Jersey Administrative Code (*N.J.A.C. 6A:23A-16.1 et seq.*), each district, charter school, and renaissance school project shall maintain a uniform system of financial bookkeeping and reporting that is consistent with generally accepted accounting principles (GAAP). In accordance with the New Jersey Administrative code (*N.J.A.C. 6A:23A-18.5(a)7*), each APSSD shall maintain a uniform system of accounts for use in the accounting system of the school for financial reporting to the Department. “*Chart of accounts*” means a classification structure for the accounting system that permits the standardization of reported financial data facilitating analyses within and between district boards of education and APSSDs, and on a nationwide basis.

History of the New Jersey Public School Chart of Accounts

The State Board of Education originally authorized The Chart of Accounts on July 1, 1959. In 1992, The Uniform Minimum Chart of Accounts (Handbook 2R2), an amended manual, was published to conform to generally accepted accounting principles (GAAP) as provided by the National Council on Governmental Accounting.

Since the 1992 edition, the information in the Chart of Accounts has been updated with revisions issued in 1994, 2003, 2008, 2015, and annually thereafter, by annual software vendor letters and budget guidelines, and through the distribution of accounting memos.

The requirement to complete school-based budgets and account for appropriations at the school level was implemented for certain at-risk school districts with guidance provided through annual school-based budget district specific budget guidelines as well as any other policy memos issued by the Department. The 2003-updated edition of the Chart of Accounts reflected the use of fund 15, a character class within the general fund used for school-based budgeting and accounting. Fund 15 is still included in this edition.

The Government Accounting Standards Board (GASB) issued Statement No.34 (GASB 34) in June 1999 for implementation by June 30, 2004, which had several key implications for the 2003 Chart of Accounts update. GASB 34 eliminated the financial reporting of the general fixed asset account and general long-term debt account groups. Capital assets and long-term debt were included in the Statement of Net Assets, a district-wide accrual basis statement. Consequently, those account codes which are used in either the proprietary or fiduciary funds (accrual basis) or the governmental column of the district-wide statements (accrual basis) were identified in the 2003 updated Chart of Accounts with the phrase [*Accrual basis of accounting*] at the end of the description of the account code. These notations are also in this edition. Districts do not need to include all accrual basis account codes in the general ledger software for day-to-day accounting, only those needed for the proprietary and fiduciary funds.

In November 2003, the National Center for Education Statistics (NCES) issued a revised publication Financial Accounting for Local and State School Systems, which was an updated version of the 1990 NCES chart of accounts and comparable to most account codes in the NJ Chart of Accounts.

The 2008 Chart of Accounts update incorporated the changes issued in annual software vendor letters and budget guidelines, through the distribution of accounting memos, and as a result of the passage of The School Funding Reform Act of 2008 (SFRA).

The 2015 Chart of Accounts update incorporated the changes issued in annual software vendor letters and budget guidelines, and through the distribution of accounting memos. It included an update to Appendix A to include line numbers and enhance the format for clarity and ease of use. The 2015 document also added a new Appendix C to list details of reserved codes that have been discontinued from use.

The 2016-17 Chart of Accounts update incorporated the changes for 2016-17 issued in the annual software vendor letter and budget guidelines. Information from the Budget Guidelines Appendix C *Minimum Chart of Accounts* was integrated into the guidance in the document.

The 2017-18 Chart of Accounts update incorporated the changes issued in the annual software vendor letter and budget guidelines, including updates to align with the 2014 NCES publication Financial Accounting for Local and State School Systems, which was released in March 2015. The update also included items to incorporate the accounts for New Jersey Approved Private Schools for Students with Disabilities (APSSD) into this document. Prior to the issuance of the 2017-18 Chart of Accounts, *Appendix B — Private Schools for the Disabled Narrative Explanation of the Chart of Accounts* was last updated on June 17, 2005. That document updated through 2017-18 was incorporated into this document.

The 2018-19 and 2019-20 Chart of Accounts incorporated the changes issued in the annual software vendor letters and budget guidelines.

The 2020-21 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines; accounting changes for school districts related to Governmental Accounting Standards Board (GASB) Statement No. 84, which establishes criteria for identifying fiduciary activities of all state and local governments; new accounts for funds received under the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act; and new accounts for funds received under the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act. The document was revised after initial release to include additional accounts for federal funding provided during 2020-21.

The 2021-22 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines. The July 2021 revision included new revenue and program codes for the ARP-ESSER Grant Program. The August 2021 revision included new revenue and program codes for the ARP-IDEA Grant Programs for Basic and Preschool. The September 2021 revision included new revenue and program codes for the federal Middle Grades Career Awareness and Exploration Program, and for four federal ARP ESSER subgrants. The November 2021 revision included new revenue and program codes for three capital grant programs authorized by the FY2022 state budget, and new revenue codes for Stabilization Aid, Education Rescue grants, and State-provided Military Impact Aid. The March 2022 revision included new revenue and program codes for two grants under the ARP Homeless Children and Youth program, and a new revenue code for Maintenance of Equity aid. The June 2022 revision included reference information in the Additional or Compensatory Special Education and Related Services (ACSERS) revenue account for APSSD.

The 2022-23 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines. The March 2023 revision included new revenue and program codes for state Climate Change Grants.

The 2023-24 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines.

The 2024-25 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines. The June 2024 revision included revenue and program codes for the State reimbursements for menstrual products under N.J.S.A 18A:33-30. In addition, P.L.2024, c.13 was signed into law on May 14, 2024. This law provides [Stabilized School Budget Aid Grants](#) for the 2024-25 school year to eligible school districts equal to 45 percent of the amount of the school district’s State school aid reduction. The grant was a one-time grant for 2024-25, recorded in account number 10-3249, which was included in existing line number 500 “other state aid”.

The 2025-26 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines. The base general fund tax levy is reported on a separate line from levy raised by separate proposals. Two new revenue lines were added to collect the levy raised by separate proposals with account numbers 10-1211 and 10-1212, and a subtotal line with account number 10-121x was added to show the total general fund levy. Also for 2025-26, qualifying districts were given the opportunity to apply for Tax Levy Incentive Aid. This aid was recorded on existing revenue line 500 “other state aid”, in new account number 10-3193.

The 2026-27 Chart of Accounts incorporated the changes issued in the annual software vendor letter and budget guidelines. Preschool Education Aid has been updated to include a new revenue line for tax levy raised for the Preschool Pilot Program. An appropriation line has been added for Preschool Education Aid to allow for salaries for pupil transportation between home and school. Tax increases for the local share of preschool education costs are allowed under P.L. 2024, c.100 (N.J.S.A. 18A:7F-38) for school districts first receiving preschool education aid in the 2025-2026, 2026-2027, or 2027-2028 school years and participating in the pilot program established by the commissioner. Also new in 2026-27, pursuant to P.L. 2024, c.79, Debt Service has been updated to include one new revenue line for PILOT under programs governed by N.J.S.A. 18A:7G-15.1a and two new appropriation lines for principal and interest on lease payments governed by N.J.S.A. 18A:7G-5b. New account numbers issued are noted as new and are highlighted in gray. Account numbers that are no longer applicable are noted as “Reserved” and are listed in Appendix C — Details of Reserved Codes. The prior editions of the NJ Chart of Accounts used an asterisk (*) to identify the accounts that are required for the annual data collection that is sent to NCES. This notation continues in this 2026-27 NJ Chart of Accounts update.

Important note: As used throughout this document, (#) indicates not applicable to APSSDs and (*) indicates National Center for Educational Statistics (NCES) reporting.

Chapter 1: The Account Classification System

Section 1. The Accounting System

The accounting system is comprised of the general ledger and subsidiary ledgers through which financial transactions are recorded during the actual operation of the school district, renaissance school project, charter school, or approved private school for students with disabilities (APSSD). The guidelines presented provide a classification structure that will facilitate budget and audit reporting to the Department.

Several principles guided the design of the account classification structure in this publication. Taken together, they support the needs of decision-makers - school officials, other public officials, creditors, and the general public - who use district and other school entity's financial reports. These principles are as follows:

- 1) The chart of accounts encourages full disclosure of the financial position of the local education agency (LEA) and other school entities. Emphasis is placed on the accurate classification of financial transactions. Expenditures are recorded in the accounting categories applicable, regardless of the implications of some of those decisions.
- 2) Comprehensive financial reporting is encouraged. The LEA or other school entity should incorporate all financial activities into a single accounting and reporting system for full disclosure. The account classifications here encourage this procedure. Accounts for such activities as food services, student activities, community services, and commercial-like enterprises should all be included in the financial reports of the LEA or other school entity.
- 3) Simplified reporting is encouraged. Only the minimum number of funds consistent with legal and operating requirements should be established, since unnecessary funds result in undue complexity and inefficient financial administration.
- 4) Financial reporting emphasizes the results of LEA or other school entity operations more than the resources applied. The account code structure emphasizes program accounting and the application of supporting services costs to the "*products*" of the educational enterprise.
- 5) The account classification system is flexible; it meets the needs of both small and large LEAs and other school entities while retaining comparability of reported data. The guidelines here include a minimum list of accounts essential for state reporting.
- 6) The classification of accounts and the recommended reporting structure remain in accordance with GAAP.

Section 2. The Account Classification Structure

Important note: As used throughout this document, “#” indicates “not applicable to APSSDs” and “*” indicates National Center for Educational Statistics (NCES) reporting.

This publication provides for classifying three basic types of financial activity:

- 1) Revenues and other sources of funds,
- 2) Expenditures and other uses of funds, and
- 3) Transactions affecting the balance sheet.

For each type of transaction, the specific account code is made up of a combination of classifications called dimensions. Each dimension describes one way of classifying financial activity. A school location dimension is required for districts with schools implementing school-based budgeting for fund 15, and for financial reporting requirements under the Every Student Succeeds Act (ESSA). The dimensions applicable to each type of transaction are as follows:

Revenues:

- Fund
- Revenue Source
- (#) Program and Project/Reporting
- (#) Location

Expenditures:

- Fund
- Program and Project/Reporting
- Function
- Object
- (#) Location

(#) Balance Sheet

- Fund
- Balance Sheet Account

Coding structures applicable to each dimension are shown below. An additional identifying dimension may be added, if required, to accommodate computerized record keeping systems. Also, depending on each district’s needs, the location dimension may be either two or three digits. Under the Every Student Succeeds Act (ESSA), districts will be reporting school-based information for each 3-digit school code as assigned in the County-District-School system. For additional information, please refer to the [guidance for school-level reporting under ESSA](#).

Revenues

Fund	Revenue Source	(#) Program and Project/Reporting	(#) Location
xx	xxxx	xxx	xxx

Expenditures

Fund	Program and Project/Reporting	Function	Object	(#) Location
XX	XXX	XXX	XXX	XXX

(#) Balance Sheet

Fund	Balance Sheet Account
XX	XXX

Section 3. Revenue Dimensions

Fund (Subfund)

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources. It also contains all related liabilities and residual equities or balances, or changes therein. Funds are established to carry on specific activities or attain certain objectives of an LEA according to special legislation, regulations, or other restrictions. A list of funds, descriptions, and account codes is provided in Chapter 2.

Revenue Source

This dimension classifies revenue by type and source. There are four broad source categories: local, intermediate, state, and federal.

Program and Project/Reporting

Programs and projects are activities and procedures designed to accomplish an objective or set of objectives.

Location

The location code identifies the individual schools of the district. This is mandatory for districts with schools that prepare school-based budgets, and for financial reporting under the Every Student Succeeds Act. Required maintenance under Education Facilities Construction Financing Act (EFCFA) is required to be reported by school facility. Location is not applicable to APSSDs.

Section 4. Expenditure Dimensions

Fund (Subfund)

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources. It also contains all related liabilities and residual equities or balances, or changes therein. Funds are established to carry on specific activities or attain certain objectives of an LEA according to special legislation, regulations, or other restrictions. A list of funds, descriptions, and account codes is provided in Chapter 2.

Program and Project/Reporting

Programs and projects are activities and procedures designed to accomplish an objective or set of objectives.

Function

The function describes the activity for which a service or material object is acquired. Functions consist of activities, which have the same general operational objectives. Furthermore, categories of activities comprising each of these divisions are grouped according to the principle that the activities should be combinable, comparable, relatable, and mutually exclusive.

Object

The object is the service or commodity bought. These categories are divided into sub-objects for more detailed accounting.

Location

The location code identifies the individual schools of the district. This is mandatory for districts with schools that prepare school-based budgets, and for financial reporting under the Every Student Succeeds Act. Required maintenance under Education Facilities Construction Financing Act (EFCFA) is required to be reported by school facility. Location is not applicable to APSSDs.

Section 5. Balance Sheet Dimensions

Fund (Subfund)

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources. It also contains all related liabilities and residual equities or balances, or changes therein. Funds are established to carry on specific activities or attain certain objectives of an LEA according to special legislation, regulations, or other restrictions. A list of funds, descriptions, and account codes is provided in Chapter 2.

Balance Sheet Account (Account Type)

These classifications correspond to the items normally appearing on the balance sheet. A listing of balance sheet accounts, descriptions, and codes is contained in Chapter 2.

Section 6. The Minimum Chart of Accounts

Used in its entirety, the chart of accounts classification structure (particularly the expenditure classifications) can generate a variety of detailed data. Hence, an LEA or other school entity may choose in some ways which parts of the system it needs or wants to use. It may choose:

- 1) To design its own program and project/reporting code structure.
- 2) To expand the level of detail of the function or object dimension by using more specific categories described in the chart of accounts (the three-digit function code may be expanded to four digits).
- 3) To add dimensions not included in the publication such as organizational unit, level of instruction or job classification.

Whatever course an LEA or other school entity chooses, it must follow a certain minimum list of these classifications to meet state reporting requirements. **Dimensions, accounts, and coding structures listed in this chart of accounts are minimum requirements unless labeled as optional.** See Appendix A of this document for the expenditure account outline listing the minimum level of detail to be maintained in the chart of accounts for compliance with New Jersey Department of Education and federal reporting requirements, by operating type (regular/charter/renaissance, county special services, vocational, and APSSD).

A school district or other school entity must prepare a revenue and expenditure report each month and a final year-end report in conformity with the dimensions, accounts, coding structures and minimum requirements outlined in this publication. Such reports must be in addition to any expanded formats a district or other school entity may design on its own.

Budgetary records must be maintained in conformity with the annual school district budget and APSSD budget supplemented as necessary. Supplemental budgetary records for special projects must be maintained in conformity with the uniform grant project budget statement.

Chapter 2: Account Classification Descriptions

This chapter describes the account classification structure in detail. Each component of the dimensions in the accounting system are numbered and defined. This chapter contains five sections for all school districts, charter schools, renaissance school projects, and APSSDs: funds, revenue classifications, expenditure classifications, balance sheet accounts, and miscellaneous accounts as well as a sixth section specific to county vocational and special services districts.

Section 1. Fund Descriptions

Governmental accounting systems should be organized and operated on a fund basis. The diverse nature of governmental operations and the necessity of assuring legal compliance preclude recording and summarizing financial transactions in a single accounting entity. Instead, the required accounts are organized based on funds, each of which is completely independent of another. Each fund must be accounted for so that the identity of its resources, obligations, revenues, expenditures, and fund equities is continuously maintained. These purposes are accomplished by providing a complete self-balancing set of accounts for each fund, which shows its assets, liabilities, reserves, fund balances, revenues, and expenditures.

A fund is a fiscal and accounting entity, with a self-balancing set of accounts recording cash and other resources, together with all related liabilities and residual equities or balances, or changes therein. If one were to compare fund accounting with commercial accounting, each fund would equate to an independent business, with a separate set of records owned by one entity, the district.

The classifications of funds included here are similar to those used by other state and local government units and follow the reporting structure required by GASB 34. They consist of the following:

Governmental Fund Types

The funds through which most district functions are typically financed. The reporting focus of these funds is on determining financial position rather than net income. Governmental funds track the financial activity of the LEAs or other school entity's basic services such as regular and special education. The governmental fund category includes the general fund, special revenue fund, capital projects fund, debt service fund, and permanent fund.

Proprietary Fund Types

The funds used to account for district activities for which a fee is charged to external users for goods or services. The proprietary fund category includes enterprise and internal service funds.

Fiduciary Fund Types

The funds used to account for assets held by a district or other school entity as trustee or agent for individuals, private organizations, or other governmental units and therefore are not available to support the district's own programs. GASB Statement No. 84 establishes criteria for identifying fiduciary activities. Fiduciary funds are comprised of Trust and Custodial Funds and include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and custodial (agency) funds. Each trust fund is treated for accounting measurement purposes in a manner similar to either a governmental fund or a proprietary fund. Trust funds are distinguished from custodial (agency) funds generally by the existence of a trust agreement that affects the degree of management

involvement and the length of time that the resources are held. Custodial (agency) funds are purely custodial (assets equal liabilities) and thus do not involve measurements of results of operations.

NJDOE released a [broadcast memo on March 27, 2020](#) regarding accounting changes for school districts related to Governmental Accounting Standards Board (GASB) Statement No. 84, which establishes criteria for identifying fiduciary activities of all state and local governments. GASB issued [Implementation Guide No. 2019-2, Fiduciary Activities](#). The Implementation Guide, which is an authoritative document, includes questions and answers on topics such as identifying fiduciary activities and reporting fiduciary activities. Based on review of GASB Statement No. 84, NJDOE prescribes the following accounting and reporting requirements for the following activity:

- Student Activity Funds are to be reported in the Special Revenue Fund,
- Scholarship Funds are to be reported in the Special Revenue Fund,
- Unemployment Trust Fund is to be reported in the General Fund, and
- Payroll Agency and Flexible Spending Accounts are to be reported in the General Fund.

Subsequent to release of the GASB Statement No. 84 guidance broadcast on March 27, 2020, the Governmental Accounting Standards Board (GASB) issued a [media advisory](#) on May 8, 2020 which postponed the effective date of Statement No. 84, *Fiduciary Activities* by one year and requiring implementation for fiscal year 2020-21.

Governmental Funds

Governmental Fund Code	Governmental Fund Description (# indicates the fund or subfund is not applicable to APSSD)
10	<p>General Fund. Accounts for all financial resources of the district, charter school, renaissance school project, and APSSD except those required to be accounted for in another fund. General fund balance sheet and revenue accounts use fund code 10. A district, charter school, renaissance school project, or APSSD may have only one general fund. Expenditure reporting requires further breakout in the fund code for character class delineation as follows in codes 11 through 19.</p> <p>Pursuant to GASB Statement No. 84, Unemployment Trust Funds, and Payroll Agency and Flexible Spending Accounts are to be reported in the General Fund.</p>
11	<p>General Current Expense. Accounts for all expenditures of the district for current expenses. Expenditures included here would be regular program instruction costs and the administrative and other support services costs related to providing the district's normal operations.</p>
12	<p>Capital Outlay. Accounts for all expenditures of the district for capital outlay supported by current revenues. It includes increases in the general fund capital reserve, equipment purchases, and facilities acquisition and construction services. Payments made on the lease purchase of equipment are recorded as rental payments under the appropriate program/function in general current expense, not capital outlay.</p> <p>APSSDs utilize fund 12 to record and report depreciation on capitalized assets (personal property, e.g. furniture and equipment) by educational program type (e.g. cognitive — mild; visually impaired; emotional regulation impairment) and non-</p>

	instructional depreciation by function (e.g. support services, general administration, school administration.) Note that depreciation of a multi-use school building (e.g. instruction, administration, maintenance) may be recorded in line 75980 (12-000-400-790) and does not require allocation across the functional areas.
13	(#) Special Schools. Accounts for all expenditures of the LEA other than state and federal grants for current expenses of special schools. It includes the entire cost of adult school programs, including community schools.
15	(#) School-based Budgets. Accounts for revenues and expenditures, by school, for those schools required to prepare school-based budgets for whole school reform. (N/A for charter schools, renaissance school projects, and APSSDs.) Districts with schools preparing school-based budgets must record all the revenues and expenditures for each school separately in character class 15. Revenues for schools in the district that do not prepare school-based budgets would be recorded in fund code 10.
16	Reserved.

19	Reserved.
20	(#) Special Revenue Fund. Accounts for the proceeds of specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specified purposes. Some examples of special revenue funds might include restricted state or federal grants-in-aid and restricted tax levies. One fund is used, supplemented by the use of program codes. Pursuant to GASB Statement No. 84, Student Activity Funds and Scholarship Funds are to be reported in the Special Revenue Fund. (#) Student Activity Funds are funds which are owned, operated, and managed by the student body under the guidance and direction of adults or a staff member for educational, recreational, or cultural purposes. If the board of education subsidizes a portion of a student activity fund, that subsidy should be included in the general fund budget of that district. Some examples of student activity funds include: <ol style="list-style-type: none"> 1. Homeroom 2. Yearbook 3. Class Years 4. Choral and Band Groups 5. Classes 6. Student Clubs 7. Student Council 8. 30	(#) Capital Projects Fund. Accounts for financial resources used to acquire or construct major capital facilities (other than those of proprietary and fiduciary funds). The source of revenue in this fund would be the sale of bonds, grants, or transfers from the general fund to augment the grant. Separate accounting must be used for each capital project.
40	Debt Service Fund. Accounts for the accumulation of resources for, and the payment of, long-term debt, principal and interest. The source of revenue in this fund would be state aid, debt service tax levy, transfers from capital projects after completion of the original purpose, or transfers from general fund capital reserve. (N/A for charter schools and renaissance school projects.)
50	(#) Permanent Fund. Accounts for resources legally restricted such that only earnings, and not the principal, may be used to support the district's activities. An example is a fund established by an outside contributor with the restriction that only the income may be used. Permanent funds do not include trust and custodial (agency) funds (defined below).
Proprietary Funds

60	(#) Enterprise Fund. May be used to account for any activity for which a fee is charged to external users for goods or services. The enterprise fund is required to be used for any activity whose principal revenue sources meet any of the following criteria: <ul style="list-style-type: none"> • Laws or regulations require the district to recover costs through fees and charges; • The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service); or • Debt is backed solely by revenues from fees and charges (thus, not debt that is backed by the full faith and credit of the district). <p>Some examples of enterprise funds include funds used for the food service program, a bookstore operation, an athletic stadium, and a community swimming pool. CSSD districts which provide services for nonpublic students that are not included in the enrollments would report related revenue and expenditures in the enterprise fund. Insignificant activities of districts are not required to be included in an enterprise fund.</p>

Proprietary Fund Code	Proprietary Fund Description (# indicates the fund or subfund is not applicable to APSSD)
70	(#) Internal Service Fund. Accounts for any activity that provides goods or services to other district funds, other districts, or to other governmental units, on a cost-reimbursable basis. Some examples of internal service funds could include central warehousing and purchasing, central data processing, and central printing and duplicating. Internal service funds are used if the reporting government is the predominant participant in the activity. Otherwise, the activity should be reported as an enterprise fund.
Fiduciary Funds

<i>Note:</i>	GASB issued <i>Implementation Guide No. 2019-2, Fiduciary Activities</i> , which is an authoritative document, and includes questions and answers on topics such as identifying fiduciary activities and reporting fiduciary activities.
80	(#) Trust Fund. Accounts for assets held in a trustee capacity for others and therefore cannot be used to support the district's own programs. Three trust fund types are used to account for resources held and administered by the district when it is acting in a fiduciary capacity for individuals, private organizations or other governmental units. These funds are distinguished from custodial funds generally by the existence of a trust agreement that affects the degree of management involvement and the length of time that the resources are held.
81	Pension and Other Employee Benefit Trust. Accounts for resources held in trust for the members and beneficiaries of various employee benefit plans.
82	Investment Trust Fund. Accounts for the portion of investment pools reported by the sponsoring district.
83	Private Purpose Trust Fund. Accounts for all other trust arrangements.
90	(#) Custodial Fund. Accounts for resources held by the reporting district in a purely custodial capacity that involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Districts must maintain the financial integrity of the individual agencies through a separate accounting of each activity for which the district is acting as an agent. Custodial funds would include parent-teacher organizations.

Section 2. Revenue Classifications

Revenues are classified by type and source for the various funds of a district or other school entity. The term revenues means increases in (sources of) fund financial resources other than from interfund transfers and debt issue proceeds and redemptions of demand bonds. Revenues are generally additions to assets that do not increase any liability and do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets.

Program and Project/Reporting

When an LEA receives money for restricted uses, it frequently must prepare a report showing the amount received and the amounts expended for those purposes. When revenues of this nature are received, the LEA assigns a program and project/reporting classification to the revenue transactions. The structure and classification of the program and project/reporting codes assigned is identical to those in the program and project/reporting code used to classify expenditures. The third section of this chapter, *Expenditure Classifications* provides a detailed discussion of the program and project/reporting dimension. Otherwise, 000 is assigned as the program and project/reporting dimension of revenue accounts.

Revenue Source

Revenues are classified by four major sources: local, intermediate, state, and federal. Within each source of revenue, individual items of revenue are classified into basic groupings of similar types of revenue such as taxes or tuition. These group headings are not account titles; they are used only as a convenient means of identifying specific revenue accounts.

The revenue source classification includes “*other financing sources*” which constitute fund revenues in a strict fund accounting context, but are not considered revenues to the LEA or other school entity. They include the sale of bonds and the receipt of interfund transfers. These other sources are described in the 5000 accounts.

In coding the revenue accounts, adherence to the federal publication *Financial Accounting for Local and State School Systems 2014 Edition* has been maintained wherever possible. This results in some instances in a skip in number sequence. An asterisk (*) placed after an account code indicates the account is a federal reporting account code.

An “a” placed after an account code indicates the account is applicable to APSSDs.

Revenue Source Codes:

Revenue Source Code	Revenue Source Code Description
1000	<p>Revenue from Local Sources. Revenue from local sources is the amount of money produced within the boundaries of the LEA and available to the LEA for its use. Money collected in the same amount by another governmental unit as an agent of the LEA (less collections costs) is recorded as revenue from local sources. Shared revenue (revenue levied by another governmental unit but shared in proportion to the amount collected within the LEA) is also recorded as revenue from local sources.</p> <p>Revenue from local sources may be either restricted or unrestricted. Restricted revenues are recorded in the special revenue fund and unrestricted revenues are recorded in the general fund. Restricted revenues from local sources include funds received from a local foundation, trust, booster club, or individual that has provided the funds for an express written purpose.</p>
1200 *	<p>Revenue from Local Governmental Units Other than LEAs. Revenue received from the appropriations of another local governmental unit.</p>
1210 *	<p>Ad Valorem Taxes — Local Tax Levy. Taxes levied for school purposes by a local governmental unit other than the LEA. The LEA is not the final authority, within legal limits, in determining the amount to be raised. For example, after an LEA has determined that a certain amount of revenue is necessary, another governmental unit may exercise discretionary power in reducing or increasing the amount. This revenue code in general fund includes only the base local tax levy. The levy for separate proposals is recorded in revenue codes 1211 and 1212, in order for districts and municipalities to more easily track the amounts being raised.</p> <p>In 2026-27, this revenue code in special revenue fund was updated to include PEA levy pursuant to P.L. 2024, c.100 (N.J.S.A. 18A:7F-38).</p>
1211	<p>Local Tax Levy – Separate Proposal for School Election. The general fund local tax levy for separate proposals passed at the annual school election is recorded in this revenue code.</p>
1212	<p>Local Tax Levy – Separate Proposal Passed at Prior Special Election. The general fund local tax levy for separate proposals passed at a prior special election is recorded in this revenue code.</p>
1220	<p>Municipal Surplus. Revenue from unappropriated surplus or from unappropriated anticipated receipts of a municipality or municipalities, which has been transferred to the LEA.</p>
1230	<p>Other Revenue from Local Governmental Units Other Than LEAs. This includes payroll taxes collected by municipalities for the benefit of the school district, pursuant to <i>N.J.S.A. 40:48C-15</i> (P.L.2018, c.68).</p>

Revenue Source Code	Revenue Source Code Description
1300 a	Tuition. Revenue from individuals, other LEAs and other sources for education provided by the LEA. Fees for adult education programs are recorded in account 1990. (Note: county vocational and special services districts — see Section 6 for tuition account codes available for use by vocational and special services districts).
1310 *a	Tuition from Individuals. Tuition paid by an individual to attend school in an LEA other than the one in which they reside. This code is also used to record tuition received from members of the community or district employees to send children to the preschool program recorded in fund 20.
1320 *a	Tuition from Other LEAs within the State. Tuition received from an LEA located within New Jersey for educating students residing within the paying district. This code is also used to record tuition received from an LEA located within New Jersey for educating students residing within the paying district that attend the receiving district's preschool program recorded in fund 20.
1321 *	Tuition from Other Governmental Sources within the State. Tuition received from a governmental source located in New Jersey such as tuition paid by the court system.

1520	Dividends on Investments. Revenue from dividends on stocks held for investment.
1530	Gains or Losses from Investments. Gains or losses recognized from the sale of investments or changes in the fair value of investments. Gains represent the excess of sale proceeds (or fair value) over cost or any other basis on the date of sale (or valuation) over sales value (or fair value). All recognized investment gains may be accounted for using accounts 1531 and 1532. For financial statement purposes, GASB Statement 31 requires that all investment income, including the changes in fair value of investments, be reported as revenue in the operating statement.
1531	Realized Gains (Losses) on Investments. Gains or losses realized from the sale of investments. Gains represent the excess of sale proceeds over cost or any other basis on the date of sale. Losses represent the excess of the cost or any other basis at the date of sale over sales value. Note that for financial statement purposes, the net of all realized and unrealized investment gains and losses should be reported as a single line in the financial statements.
1532	Unrealized Gains (Losses) on Investments. Gains or losses recognized from changes in the value of investments. Gains represent the excess of fair value over cost or any other basis on the date of valuation. Losses represent the excess of the cost or any other basis at the date of valuation over fair value. For financial reporting purposes, the net of all realized and unrealized investment gains and losses should be reported as a single line in the financial statements.

Revenue Source Code	Revenue Source Code Description

Multiple classifications may be established within this series to differentiate activities.
1900	Other Revenues from Local Sources.
1910 *a	Rentals. Revenue from the rental of either real or personal property owned by the LEA or APSSD. Note that rental income from real property held for investment is posted to revenue code 1540.
1920 *a	Contributions and Donations from Private Sources. Revenue received from a philanthropic foundation, private individuals or private organizations for which no repayment or special service to the contributor is expected. This code should be used to record on-behalf payments made by private organizations to school district personnel, such as stipends paid to teachers.
1921	Donations to Address Digital Divide. Revenue from philanthropic donations from local sources, to address the Digital Divide. (Used only in fund 20).
1930 *a	Gains or Losses on Sale of Capital Assets. The amount of revenue over the book value of the fixed assets sold. For example, the gain on the sale would be the portion of the selling price received in excess of the depreciated value (book value). This account is used in the proprietary funds or fiduciary funds. For funds other than proprietary and fiduciary, account 5300 is used to report the proceeds from the disposal of assets. <i>[Accrual basis of accounting]</i>

Revenue Source Code	Revenue Source Code Description
1940 *	Textbook Sales and Rentals. Revenue from the sale or rental of textbooks not including sales from regular bookstore operations.
1950 *	Services Provided Other LEAs. Revenue from services provided to other LEAs other than for tuition and transportation services. For example, data processing, printing, and purchasing.
1960 *	Services Provided Other Local Governmental Units. Revenue from services provided to governmental units other than LEAs. For example, data processing, printing, and purchasing.
1970 *	Services Provided to Other Funds. Revenue from services provided to other funds such as printing, purchasing, or data processing. (Used only with Internal Service Funds.)
1980 *	Refund of Prior Year's Expenditures. Revenues recorded for refunds in the current year of expenditures made in the prior year. If refund and expenditure occurred in the current year, current year expenditures are reduced, as prescribed by GAAP. Tuition overpayments are not considered miscellaneous income, but rather a reduction to the expenditure in the year of refund.
1981	State Health Benefits Refund. Revenues recorded for refunds of employer premiums paid on behalf of employees of the LEA.
1990 *a	Miscellaneous Revenue from Local Sources. Revenue from local sources not provided for elsewhere. Book fines and fees collected for non-accredited adult education program fees are recorded under this classification.

2000 *	Revenue from Intermediate Sources. Revenue from intermediate sources is revenue from funds collected by an intermediate administrative unit, or a political subdivision between the LEA and the State, and distributed to LEAs in amounts that differ in proportion to those which were collected within such systems. An illustration of revenue from intermediate sources is a property tax levied and collected by a county government, which then distributes the money collected to the LEAs on a flat grant or foundation-aid basis.

Revenue Source Code	Revenue Source Code Description
2100 *	Unrestricted Grants-in-Aid. Revenue recorded as grants by the LEA from an intermediate unit, which can be used for any legal purpose by the LEA without restriction.
2110	County Transportation Contributions.
2200 *	Restricted Grants-in-Aid. Revenue recorded as grants by the LEA from an intermediate unit that must be used for a categorical or specific purpose. If such money is not completely used by the LEA, it must be returned, usually, to the intermediate governmental unit.
2300 *	Revenue in Lieu of Taxes. Commitments or payments made out of general revenues by an intermediate governmental unit to the LEA in lieu of taxes it would have had to pay had its property or other tax base been subject to taxation by the LEA on the same basis as privately-owned property or other tax base. It would include payments in lieu of taxes on privately owned property that is not subject to taxation on the same basis as other private property because of an action taken by the intermediate governmental unit. Updated in 2026-27 to include an account in Debt Service Fund pursuant to P.L. 2024, c.79.
2400 *	Revenue for/on Behalf of the LEA. Commitments or payments made by an intermediate governmental jurisdiction for the benefit of the LEA including contributions of equipment or supplies. Such revenue includes payments to a pension fund by the intermediate unit on behalf of an employee of the LEA, and a contribution of capital assets by an intermediate unit to the LEA. Separate accounts may be maintained to identify the specific nature of the revenue item.
3000 *	Revenue from State Sources. Revenue from funds produced within the boundaries of and collected by the State and distributed to LEAs.
3100	Unrestricted Grants-in-Aid. Revenue from State funds which can be used without restriction for any legal purpose desired by the LEA with any unspent balances remaining with the LEA.

4700 *	Grants-In-Aid from the Federal Government through Other Intermediate Agencies. Revenue from the Federal Government through an intermediate agency. Includes Private Industry Council (JTPA/WIOA) revenue.
4800 *	Revenue in Lieu of Taxes. Payments made out of general revenues by the federal government unit to the LEA in lieu of taxes it would have had to pay had its property or other tax base been subject to taxation by the LEA on the same basis as privately owned property or other tax base.
5000 *	Other Financing Sources
5100	Issuance of Bonds. Used to record the face amount of the bonds that are issued. Short-term debt proceeds should not be classified as revenue. When a school district issues short-term debt (debt with a duration of less than 12 months) that is to be repaid from governmental funds, a liability (notes payable) should be recorded in the balance sheet of the fund responsible for repayment of the debt.
5110 *	Bond Principal. Principal from the sale of bonds.
5120	Premium (or Discount) on the Issuance of Bonds. Proceeds from that portion of the sale price of bonds in excess of or below their par value. The premium or discount represents an adjustment of the interest rate and will be amortized using expenditure object account 834 or revenue account 6200.
5200	Interfund Transfers. Amounts transferred from another fund, which will not be repaid. Transfers shall be by resolution of the board of education.
5210	Transfer from Capital Reserve. This account is used to record budgeted transfers to the debt service fund from the capital reserve for the purpose of offsetting principal and interest payments for bonded projects.
5300	Sale or Compensation for Loss of Capital Assets. Amount received, or due to be received, from the sale of school property, or compensation for the loss of capital assets. Any gain on the sale of capital assets for the proprietary funds would be recorded in account 1930.
5400	Loans. Proceeds from loans greater than 12 months.

6300	Special Items. Used to classify special items in accordance with GASB Statement 34. Included are transactions or events within the control of the school district administration that are either unusual in nature or infrequent in occurrence. For some districts, these include the sale of certain general governmental capital assets; sale of infrastructure assets; or significant forgiveness of debt by a financial institution. Special items may also include events that are not within the control of the district. In the governmental funds, these items should be separately captioned or disclosed. <i>[Accrual basis of accounting]</i>
6400	Extraordinary Items. Used to classify items in accordance with GASB 34. Included are transactions or events that are outside the control of school district school administration and are both unusual in nature and infrequent in occurrence. <i>[Accrual basis of accounting]</i>

Section 3. Expenditure Classifications

Expenditures include total obligations incurred, whether paid or unpaid, for current expense, capital outlays, debt service and intergovernmental grants, entitlements and shared revenues. Transfers between funds; exchanges of cash for other current assets such as the investment of cash in U.S. bonds; payments of cash in settlement of liabilities already accounted as expenditures; and the repayment of the principal of current loans payable in the same fiscal year in which the money was borrowed are not considered expenditures.

The expenditure classifications are divided into the following dimensions:

- Fund
- Program and project/reporting
- Function
- Object
- Location (Not applicable to APSSDs)

Program and Project/Reporting

Programs and projects are activities and procedures designed to accomplish an objective or set of objectives. Program and project/reporting codes allow districts to accumulate expenditures to meet a variety of specialized reporting requirements at the local, state and federal level. The program and project/reporting code permits the organization of both restricted and unrestricted projects.

The sample coding structure outlined below represents the minimum requirement by the Department of Education (DOE). A district may choose to use the sample coding structure or develop its own program and project/reporting code structure. While DOE approval is not required, any coding system used must contain at least three digits in the program code and must enable districts to meet the minimum reporting and bookkeeping requirements. Budget submission and final reporting must be submitted to the DOE using the minimum coding structure.

The first digit of the three-digit program code represents the broad category. The second and third digits show the sequence that individual program/projects appear within each broad category and ensure that each program/project contains a unique code. The three-digit code serves as the program and project/reporting dimension for restricted revenues. These program codes will be represented twice, once when used in the general fund and once when used in the special revenue fund, with their related descriptions. Ranges are used to provide flexibility. School districts and other schools may select codes that best fit their accounting systems where code ranges are presented.

Program Codes:

Program Code	Program Code Description
100	Regular Programs - Elementary/Secondary. Activities that provide students in preschool and grades K–12 with learning experiences to prepare them for activities as citizens, family members, and non-vocational workers. These programs contrast with those designed to improve or overcome physical, mental, social and/or emotional disabilities. Regular program instructional costs include all direct classroom instructional costs (i.e., teacher salaries and other compensation, aides, other instructional staff, classroom speakers, classroom equipment and supplies, etc.), including mainstreamed special education pupils, and are recorded under the appropriate grade category program code. Regular home instruction costs, as defined in <i>N.J.A.C. 6A:16-1.3</i> and <i>6A:16-10.1</i> and .2, are recorded under program 150. All other regular program instructional costs are recorded under program 190. If teachers cross program categories, their salaries should be prorated based on the time spent in each program. This program series is commonly used in the general fund.
105	Regular Programs - Preschool.
110	Regular Programs - Kindergarten.
120	Regular Programs - Grades 1–5.
130	Regular Programs - Grades 6–8.
140	Regular Programs - Grades 9–12.
150	Regular Programs - Home Instruction.
190	Regular Programs - Undistributed.
200 a	Special Programs. Includes activities primarily for students having special needs that require services outside the realm of general education. The special programs include pre-kindergarten, kindergarten, elementary, and secondary services for the intellectual disability (mild, moderate or severe); learning and/or language disabilities mild/moderate or severe; visual impairments; auditory impairments; emotional regulation impairment (formerly behavioral disabilities); multiple disabilities; resource room; autism; and preschool disabilities — part time and full time. When recording special education instructional costs, services that benefit all students in the program classification and are provided in a self-contained classroom, are recorded under the appropriate program category. Salaries should be prorated between programs based on the amount of time spent in each. Special education program codes are generally used with the general fund.

Program Code	Program Code Description
201 a	Special Education — Intellectual Disability - Mild. Mild intellectual disability corresponds to educable and means a level of cognitive development and adaptive behavior in home, school and community settings that are mildly below age expectations.
202 a	Special Education - Intellectual Disability — Moderate.
204 a	Special Education - Learning and/or Language Disabilities - Mild or Moderate.
205 a	Special Education - Learning and/or Language Disabilities — Severe.
206 a	Special Education - Visual Impairments.
207 a	Special Education - Auditory Impairments.
209 a	Special Education - Emotional Regulation Impairment.
212 a	Special Education - Multiple Disabilities.
213	Special Education - Resource Room/Resource Center.
214 a	Special Education - Autism.
215 a	Special Education - Preschool Disabilities — Part-Time.
216 a	Special Education - Preschool Disabilities — Full-Time.
218	Preschool Education. Program of full-day preschool for three- and four-year-old students eligible for Preschool Education Aid (PEA) funding.

Program 218 is used to report the restricted appropriations for state aid pursuant to *N.J.S.A. 18A:7F-54* distributed to school districts with high concentrations of at-risk students and to other districts with at-risk students, for the purpose of providing preschool education. Districts receiving Preschool Education Aid should account for the full cost of the preschool program in fund 20, except for self-contained preschool disabled students and support services needed for preschool disabled students served in general education classrooms. Costs for self-contained preschool disabled students' education and support services needed for preschool disabled students served in general education classrooms should be accounted for in the applicable special education cost centers of the general fund. Preschool Education Aid should reflect the cost of the child's placement in a district program, a licensed child care provider program, or a Head Start Program which provide full-day preschool in accordance with *N.J.A.C. 6A:13A*. Please refer to the school finance website for additional information regarding the [funding and accounting for the preschool program](#).

Program Code	Program Code Description
300 a	Vocational Programs and APSSD Vocational Classes. Activities that provide students with the opportunity to develop the knowledge, skills, and attitudes needed for employment in an occupational area offered during regular school hours. Vocational program codes are used when the district receives funding from state and federal governments for vocational programs that require a local share to be provided by the district. If a district is not required to provide information regarding matching costs as part of a grant agreement, the costs of the local vocational program may be included under regular instruction. Some vocational program examples would be auto shop, wood shop, and graphic arts. Also included are admission costs to field trips which are made as part of the vocational instruction program or class. School entities should maintain sufficient documentation to show a connection between the field trip and the vocational program or class. (Note: County vocational school districts — see Section 6.)
301 to 330	Vocational Programs — Local. Provides the matching portion of the district’s local share for programs that are funded by grants.
320 a	Special Education Vocational Classes. Applicable to only APSSDs. Vocational classes offered in the APSSD must be provided by teachers holding the appropriate vocational certificate. APSSDs may only include the cost of field trips that bear a direct instructional relationship to the vocational class in this program code. Recreational trips are not recorded here, but are recorded in program code 401.
331 to 360	Vocational Programs — State. Restricted. Used only with special revenue fund 20.
361 to 399	Vocational Programs — Federal. Restricted. Used only with special revenue fund 20.
390	Reserved.
400 a	Other Instructional Programs - Elementary/Secondary. Activities that provide students in preschool and grades K–12 with learning experiences not included in the program codes 100-300, 500, and 600.
401 a	School - Sponsored Co-curricular and Extra-curricular Activities. School-sponsored activities, under the guidance and supervision of the LEA or other school entity staff, designed to provide students with experiences as motivation, enjoyment, and improvement of skills and funded fully by the district (no student activity contributions/funds). Co-curricular activities normally supplement the regular instructional program and include such activities as band, chorus, choir, speech, debate, student government, clubs, and honor societies. If the activity is financed by activity revenues, the operations are recorded in the student activity fund in fund 20, program 475.
402 a	School - Sponsored Athletics. Used to record school-sponsored athletics funded by the district, under the guidance and supervision of the LEA or other school entity staff, which usually provide interscholastic competition. However, if such activities

Program Code	Program Code Description
	<p>receive their support from activity receipts, then these activities are to be reported in fund 20, program 475.</p> <p>If the activity is financed wholly or partly by activity revenues that are under the control of the students rather than the board, the operations are recorded in the student activity fund. The only cost reflected in this program under such circumstances would be the board's contribution to the activity. If no activity revenues exist, or if any receipts remain under the control of the board, all costs of the program are recorded in the general fund.</p>
403 to 420	Other Instructional Programs. Used only with character class 11, 12 and 15.
421	<p>Before/After School Programs. Programs associated with remedial/supplementary help for students. Program provides tutoring, homework assistance, and/or structured recreation and social activities. Programs may be held before or after the school day or on Saturdays. This program may include teacher tutors (object code 178) and reading specialists (object code 179). This does not include after school "kid-care" or other programs designed solely as child-care services.</p> <p>Used only with general fund character class 11, 12 and 15.</p>
422	<p>Summer School. Remedial programs for students designed to prevent summer learning loss and make up of credits and/or to provide structured recreation and/or summer employment. This program may include teacher tutors (object code 178) and reading specialists (object code 179). This program code may also be used for enrichment programs for students.</p> <p>Used only with character class 11, 12 and 15 and fund 20.</p> <p>Used with character class 13 for recreational summer school programs only.</p>
423	<p>Instructional Alternative Education Programs. Programs designed for students assigned to alternative campuses, centers or classrooms to provide enhanced learning experiences. Typically, alternative education programs are designed to meet the instructional needs of students that cannot be addressed in a traditional classroom setting. This program may include teacher tutors (object code 178) and reading specialists (object code 179).</p> <p>Used only with general fund character class 11, 12 and 15.</p>
424	<p>Other Supplemental/At-Risk Programs. Programs including small learning communities, academies, tutoring, reading improvement and the associated costs with the staff, supplies, contracted services and equipment. This program may include teacher tutors (object code 178) and reading specialists (object code 179).</p> <p>Used only with general fund character class 11, 12 and 15.</p>

500	Nonpublic School Program. Activities for students attending a school established by an agency other than the State, a subdivision of the State, or the federal government, which usually is supported primarily by private funds, not public funds. The services consist of such activities as those involved in providing instructional services, attendance and social work services, health services, and transportation services for nonpublic school students. The unique program codes in the 500 series should be used with revenue source codes in the 3230 series as well as applicable expenditures within the special revenue fund 20.
501	New Jersey Nonpublic Textbooks Aid. Appropriation of State aid received for the cost of textbooks purchased and loaned to nonpublic school students.
502	New Jersey Nonpublic Auxiliary Services - Basic Skills/Remedial. Appropriation of State aid received for the cost of providing compensatory education to nonpublic school students.
503	Nonpublic Auxiliary - English as a Second Language. Appropriation of State aid received for the cost of providing English as a Second Language programs to nonpublic students.
504	Nonpublic Auxiliary - Home Instruction. Appropriation of State aid received for the costs of providing home instruction to nonpublic students.
505	Nonpublic Auxiliary — Transportation. Appropriation of State aid received for the cost of providing maintenance of vehicular classrooms or transportation to nonpublic students for the purposes of the required nonpublic program, which are usually held offsite.
506	Nonpublic Handicapped - Supplemental Instruction. Appropriation of State aid received for the cost of providing supplementary instruction to nonpublic students.
507	New Jersey Nonpublic Handicapped Services. Appropriation of State aid received for the cost of providing identification, examination and classification services to nonpublic students.
508	Nonpublic Handicapped - Corrective Speech. Appropriation of State aid received for the cost of providing speech correction services to nonpublic students.
509	New Jersey Nonpublic Nursing Services. Appropriation of State aid received for the cost of providing nursing services to nonpublic students.
510	Nonpublic Technology Initiative Program. Appropriation of State aid received for the cost of providing nonpublic school pupils with computers, educational software, networks, distance learning equipment and other technologies that can improve

511	Nonpublic Security Aid Program. Appropriation of State aid received for the cost of providing nonpublic schools with security services, equipment and technology to help ensure a safe and secure school environment for nonpublic school students.
600	Adult/Continuing Education Programs. Activities that develop knowledge and skills to meet immediate and long range educational objectives of adults who, have completed or interrupted formal schooling, have accepted adult roles and responsibilities. Programs include activities to foster the development of fundamental tools of learning, prepare students for a postsecondary career, prepare students for postsecondary education programs, upgrade occupational competence, prepare students for a new or different career, develop skills and appreciation for special interests, or to enrich the aesthetic qualities of life. This would include programs that are outside the normal daytime instruction of the student population, such as adult and evening classes.
601	Accredited Evening/Adult High School/Post-Graduate. Used for program costs that provide basic skills, preparatory adult education courses, accredited courses towards a high school diploma, and supplemental courses for high school graduates intending to enter college. This program is used only with general fund character class 13.
602	Adult Education — Local. Used for the locally funded portion of adult basic education courses (ABE local match). The code may also be used for community enrichment program costs. This program is used only with character class 13.
603 to 618	Adult Education — State. This program is used only with fund 20.
619 to 628	Adult Education — Federal. This program is used only with fund 20.
629	Vocational Evening — Local. Local funds used for those programs that are offered in the evening as adult/continuing education, regardless of the age of the enrollee, and would include GED classes.
630	Vocational Evening — State.
631	Evening School for the Foreign Born — Local.
632	Evening School for the Foreign Born — State.

Program Code	Program Code Description
700	Debt Service. Programs to service the debt of the LEA, including payments of both principal and interest. This program category is to be used with the debt service fund.
701 a	Debt Service — Regular. Includes amounts from local sources and State Debt Service Aid. For APSSD, includes interest and depreciation on buildings. Updated in 2026-27 to include accounts in Debt Service Fund pursuant to P.L. 2024, c.79
702	Reserved.
703	Reserved.
704	Reserved.
800	Community Services Programs. Activities that are not directly related to the provision of educational services in an LEA. These include services such as community recreation programs, civic activities, public libraries, programs of custody and care of children (board funded latchkey programs), and community welfare activities provided by the LEA. Also included are Community Learning Centers. Community Learning Centers offer academic, artistic and cultural enrichment opportunities to students and families when school is not in session in elementary and secondary schools or other accessible facilities. If the program charges fees to the parents for the provision of services, the activity should be accounted for in an enterprise fund. The only cost reflected in the budget in such circumstances would be the board’s contribution to the program, which would be recorded as a transfer to cover deficit. Community service programs are used only with general fund character class 11.
900	Enterprise Programs. Programs that are intended to be self-supporting. This program category would normally be used with the proprietary funds.
910	Food Services. Food service operations are activities that provide food to students and staff in a school. These services include preparing and serving regular and incidental meals or snacks in connection with school activities as well as delivery of food to schools. <i>[Accrual basis of accounting]</i>
990	Other Enterprise Funds. <i>[Accrual basis of accounting]</i>
000 a	Undistributed Expenditures. All charges that are not readily assignable directly to an actual program are classified here. For program-costing purposes, the charges to functions in the 100, 200 and 300 series and this program may be attributed indirectly to instructional, community service and enterprise programs. Charges to functions 400 and 500 and this program normally are not allocated to other programs.

Program Code	Program Code Description
001 to 099	Other Local Projects. Program code used to track expenditures of restricted locally funded projects. Used only with special revenue fund 20.

Function

The function describes the activity for which a service or material object is acquired. The functions of an LEA are classified into five broad areas:

- Instruction;
- Support services;
- Operation of non-instructional services;
- Facilities acquisition and construction; and
- Other outlays.

Functions are further broken down into subfunctions and service areas.

The functions of an APSSD are classified into the following eight cost categories:

- Classroom instruction;
- Administration;
- Support services;
- Operations and maintenance of plant;
- Food services - students;
- Extra-curricular;
- Behavior modification; and
- Costs outside of the above cost categories.

Refer to the Exhibit D Crosswalk for Cost Category Assignment for APSSDs document on the Department's [Uniform Minimum Chart of Accounts and Board Secretary Report Samples](#) webpage, for a detailed listing of the cost category assignments by account and line numbers.

Each of these levels consists of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities are related and can be combined and compared. For example:

- Function - support services = 200
- Subfunction - support services - students = 210
- Service area - attendance and social work services = 211

The function structure in these guidelines is not intended to dictate an organizational structure. Rather, an effort has been made to group together functions in relation to the magnitude of expenditures typically found in the LEA. This grouping corresponds to the categories most frequently requested in reporting to external authorities. The asterisk (*) next to the function code denotes a required federal reporting field in the federal (NCES) chart of accounts.

Instruction. Applicable to LEAs, instruction includes the activities involving the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, computer, Internet, multimedia telephone, and correspondence, that is delivered inside or outside the classroom, or in other teacher-student settings.

Included here are the activities of aides or classroom assistants of any type who assist in the instructional process; salaries paid to substitute teachers; additional compensation paid to teachers for services such as hall monitors, detention duties and chaperoning educational activities; purchased services that are related to instruction such as assembly speakers or standardized specific subject exams; other purchased services including rental or lease of equipment for instruction as well as reimbursements to teachers for school-to-school travel; communication costs directly related to instruction, such as dedicated lines to teaching labs or classrooms; teaching supplies other than textbooks; and dues and fees for teachers' membership in professional organizations. Admission costs for field trips made as part of the regular instruction program are included as instruction.

Instructional costs should be coded to the applicable program. If teachers cross program categories, their salaries should be prorated based on the time spent in each program. Expenditures should also be prorated for department chairpersons or supervisors who teach. Department chairpersons or supervisors who do not teach and whose primary function is the supervision and evaluation of teaching staff members are coded under function 240 —Support Services —School Administration.

Used only with programs 100-600 with the exception of unallocated equipment purchases and tuition, which use program code 000.

Applicable to APSSDs, instruction includes the activities dealing directly with the interaction between teachers and students. Instruction at APSSDs is provided to students in a school classroom and in other learning environments. Instruction may also be provided through some other approved medium such as television, radio, computer, telephone, and correspondence. Included here are the activities of classroom aides/assistants or classroom paraprofessionals which assist in the instructional process. If proration of expenditures is not possible for department chairpersons who also teach, include department chairpersons who also teach in instruction. Full-time department chairperson's expenditures are not recorded in function code 100 (Instruction); rather must be included only in function code 240 (School Administration).

Used only with programs 100-600 with the exception of unallocated equipment purchases.

Function Code	Function Description
200 a	<p>Support Services. Support services provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. These services exist at all schools as adjuncts for fulfilling the objectives of instruction. For schools other than APSSDs these services may also exist for purposes of fulfilling the objectives of community services, and enterprise programs, rather than as entities within themselves.</p>
210 a	<p>Support Services - Students. Activities designed to assess and improve the well-being of students and to supplement the teaching process.</p>
211 a	<p>Attendance and Social Work Services. For all school entities other than APSSDs, the attendance and social work services function includes activities designed to improve student attendance at school and that serve to prevent or solve student problems involving the home, the school, and the community. These services include the supervision of attendance and social work services. This encompasses the identification of nonattendance patterns, promotion of improved attitudes toward attendance, enforcement of attendance laws including the investigation and diagnosis of student problems arising from the home, school, or community, casework and group-work services for the child or parent, and communications with other staff about student problems. Members of the family support team for at-risk students (object code 172), drop-out prevention officers/coordinators (object code 171), community/school coordinators (object code 174) and the family/parent liaison and community parent involvement specialists (object code 173) are budgeted here.</p> <p>Student accounting services - the collection, maintenance, and reporting of school attendance records, family characteristics data, census data, and other pertinent information - are included here.</p> <p>Registration activities for adult education programs are also included here.</p> <p>For APSSDs, the attendance and social work services function includes (except Social Workers' salaries and fringe benefits, which are charged to function code 212) activities designed to improve student attendance at school and which attempt to prevent or solve student problems. Attendance and social work services generally include all activities involving the supervision of attendance and social work services; the identification of nonattendance patterns; promotion of improved attitudes toward attendance; analysis of nonattendance; enforcement of attendance laws; the investigation and diagnosis of student problems arising from the home, school, or community; casework and group work services for the child or parent; and communications with other staff about student problems. As noted above, function code 211 does not include the cost of "School Social Workers" salaries and fringe benefits which are recorded in function code 212. However, all other Attendance and Social Work Services costs are charged here (function code 211).</p>

Function Code	Function Description
212 a	<p>APSSDs, note that student accounting services, such as the collection, maintenance, and reporting of school attendance records, family characteristics data, census data, and other pertinent information are included in function code 211.</p> <p>Social Worker Services — Salary and Fringe Benefits. Function code 212 is dedicated to the exclusive use of APSSDs. The salaries and fringe benefits of all School Social Workers employed by APSSDs are included here. All other costs associated with School Social Worker Services must appear in 211 Attendance and Social Work Services (except Social Workers’ Salaries and Fringe Benefits).</p>
213 a	<p>Health Services. For all school entities other than APSSDs, health services includes physical and mental health services, which are not directly instructional. This function includes supervision of health services, health appraisal (including screening for vision, communicable diseases, and hearing deficiencies), screening for psychiatric services, periodic health examinations, emergency injury and illness care, dental services, nursing services, and communications with parents and medical officials. Salaries of social services coordinators (object code 175) are included here. It is not necessary to prorate the salaries of teaching school nurses between this function and instruction, as the costs are all recorded here. District expenses for personal protective equipment (PPE) for students and staff should be recorded in health services supplies, account 11-000-213-600.</p> <p>For APSSDs, health services includes physical and mental health services, and Non-Instructional School Nurses. This function includes supervision of health services, health appraisals (including screening for vision, communicable diseases, and hearing deficiencies), screening for psychiatric services, periodic health examinations, emergency injury and illness care, dental services, and communications with parents and medical officials. Expenses for personal protective equipment (PPE) for students and staff should be recorded in health services supplies, account 11-000-213-600.</p>
214 a	<p>School Nurse Salary and Employee Benefits. Function code 214 is dedicated to the exclusive use of APSSDs. Only the salaries and fringe benefits of School Nurses employed by APSSDs holding a school nurse certificate are recorded in function code 214. Please note that the salaries and fringe benefits associated with Non-Instructional School Nurses are recorded in function 213.</p>

Function Code	Function Description
215 a	<p>Speech, Occupational Therapy, Physical Therapy, and Related Services. Function code 215 is dedicated to the exclusive use of APSSDs. The salaries and employee benefits for all certified staff providing related services to children inclusive of the services of a physical therapist, occupational therapist, speech therapist, counselor or school psychologist, etc. This function also incorporates purchased professional and technical services, travel, supplies and materials, equipment, and other objects.</p>
216	<p>Speech/Occupational Therapy/Physical Therapy and Related Services. For all school entities other than APSSDs, function code 216 is used for costs of related services as a result of individualized education programs (IEPs). This function includes speech, occupational, and physical therapy and additional counseling. Payments to the Commission for the Blind are recorded as purchased professional-educational services costs under related services (function code 216) or extraordinary services (function code 217 — for other related services unique to a student such as one-to-one aide) dependent upon the nature of the purchased services.</p>
217 a	<p>Extraordinary Services. For all school entities other than APSSDs, costs of services other than related services provided to students as a result of an IEP that are unique to individual students, such as one-to one aides. Payments to the Commission for the Blind are recorded as purchased professional-educational services costs under related services (function code 216) or extraordinary services (function code 217 — for other relates services unique to a student such as one-to-one aide) dependent upon the nature of the purchased services.</p> <p>For APSSDs, function code 217, Student Extraordinary Services, is used to record the costs associated with services provided by one-to-one aides and nurses, inclusive of the salary and fringe benefits. This function also incorporates purchased professional and technical services, travel, supplies and materials, equipment, and other objects. Please note that extraordinary services costs are not included in the total allowable costs when calculating the Certified Actual Cost Per Pupil.</p>
218 a	<p>Guidance Services. For all school entities other than APSSDs, function 218 is used to record guidance services and any other activities, supplemental to the teaching process, which are designed to assess and improve the well-being of students other than functions 211, 213, 216, 217, or 219.</p> <p><i>Guidance services</i> include counseling with students and parents, consulting with other staff members on learning problems, evaluating the abilities of students, assisting students in their education and career plans, assisting students in personal and social development, providing referral assistance, and working with other staff members in planning and conducting guidance programs for students.</p>

Function Code	Function Description
---------------	----------------------

Guidance services also include record maintenance services - the compiling, maintaining, and interpreting of records of individuals for such factors as physical and medical status, standardized test results, personal and social development, school performance, and home background - and they include placement services — the placing of students for educational and occupational situations.

For APSSDs, function code 218 Guidance is used to record costs associated with guidance services and any other activities, supplemental to the teaching process, that are designed to assess and improve the well-being of students. Guidance services involve counseling with students and parents, consulting with other staff members on learning problems, evaluating the abilities of students, assisting students in their educational and career plans, assisting students in personal and social development, providing referral assistance, and working with other staff members in planning and conducting guidance programs for students. Guidance services also include record maintenance services - the compiling, maintaining, and interpreting of records of individuals for such factors as physical and medical status, standardized test results, personal and social development, school performance, and home background - and they include placement services — the placing of students for educational and occupational situations. This includes (within the regulatory maximums) the cost of food/beverages for staff meetings, parent/teacher meetings, workshops and professional development or teacher's meetings.

| 219 | <p>Child Study Teams. For all school entities other than APSSDs, function 219 includes services provided by child study team members, including psychologists, social workers, learning consultants, and other services relating to the classification of students and the development of IEPs. <i>N.J.A.C. 6A:14-3.1</i> defines a child study team as an interdisciplinary group of appropriately certified persons who</p> <ol style="list-style-type: none"> 1) participate in the evaluation of students who may need special education programs and services; 2) participate in the determination of eligibility of students for special education programs and services; 3) may provide services to the educational staff with regard to techniques, materials and programs. These services include, but are not limited to, consultation with school staff and parents, training of school staff; and design, implementation and evaluation of techniques addressing academic and behavioral difficulties; 4) may deliver appropriate related services to students with disabilities; 5) may provide preventive and support services to nondisabled students; and 6) may participate on Intervention and Referral Services teams. Child study team members may provide both support services in the development of the IEP and may provide the actual services for the implementation of the IEP. This may include services to non-classified pupils and regular instruction staff to prevent or remediate learning problems. |
|-----|--|

Function Code	Function Description
	<p>If such services are routine, child study team salaries must be prorated between <i>Child Study Teams</i> and <i>Guidance Services</i> based on time spent. If such services are infrequent, there is no need to prorate.</p>
	<p>Services provided as a result of IEPs that benefit individual students in a program classification are considered extraordinary and are included in function 217, <i>Extraordinary Services</i>. Social workers who are part of the family support team for at-risk students (object code 172) are not recorded here but are recorded in function 211.</p>
220 *a	<p>Support Services - Instructional Staff. Activities associated with assisting the instructional staff with the content and process of providing learning experiences for students.</p>
221 a	<p>Improvement of Instruction Services. Activities primarily related to assisting instructional staff in planning, developing, and evaluating the process of providing learning experiences for students. These activities include curriculum development, techniques of instruction, and child development and understanding. Used with all programs 100 to 900. Department chairperson activities are not assigned here; they are assigned to function 240. School level staff personnel that have the responsibility for supervision of operations, evaluating/monitoring school staff, and coordinating school level activities are considered school administration (function 240). An exception is the performance of monitoring and evaluation of staff as part of a supervisor of instruction function and if so, the full salary of the supervisor of instruction can be accounted for in function 221. However, if the majority of the supervisor of instruction position is performing administrative duties such as monitoring, supervising and evaluation, hiring, and budget preparation, then all or that majority portion of the position should be recorded in school administration. Per NCES, evaluation and monitoring of staff is considered school administration unless performed by a supervisor of instruction, and cannot be allocated to improvement of instruction.</p> <p>The additional compensation paid to teachers for curriculum development work done during the summer months should be recorded under object 104 in this function. For all school entities other than APSSDs, the facilitator, math coach, literacy coach and master teachers (object code 176) are recorded here.</p>
222 a	<p>Educational Media/Library Services. For all school entities other than APSSDs, function code 222 is used to record activities concerned with directing, managing, and supervising educational media services. Educational media services include school library services, audiovisual services, educational television services, and computer assisted instruction services. It would also include communications costs directly related to educational media services/school library, such as on-line reference services as well as activities such as selecting, acquiring, preparing, cataloging, and circulating books and other printed or displayed materials. Educational media is inclusive of all devices, content materials, methods, or experiences used in supporting the teaching and learning process.</p>

Function Code	Function Description
---------------	----------------------

School library services involve selecting, acquiring, preparing, cataloging, and circulating books and other printed materials; planning the use of the library by students, teachers and other members of the instructional staff; and guiding individuals in their use of library books and materials, whether maintained separately or as a part of an instructional materials center. It also includes the cost of binding or other repairs to school library books. Textbooks should not be charged to this function but rather to function 100.

Audiovisual services involve selecting, preparing, caring for, and making available to members of the instructional staff equipment, films, filmstrips, transparencies, tapes, TV programs, and similar materials.

Educational television services concern the planning, programming, writing, and presenting of educational programs or segments of programs by closed circuit or broadcast television.

Computer-assisted instruction services include the development of educational projects that use a computer as the principal medium of instruction. However, the actual provision of computer-assisted instruction is recorded under the instruction function 100. The technology coordinator (object code 177) is recorded here.

For APSSDs, function code 222, Educational Media Services (except School Librarians' salaries and fringe benefits — refer to function code 224) is used to record costs associated with activities concerned with the use of all teaching and learning resources, including hardware, and content materials. Educational media are defined as any devices, content materials, methods, or experiences used for teaching and learning purposes. Educational media services include school library services except School Librarians' salaries and fringe benefits; audiovisual services; educational television services; and computer assisted instruction services. School library services involve selecting, acquiring, preparing, cataloging, and circulating books and other printed materials; planning the use of the library by students, teachers and other members of the instructional staff; and guiding individuals in their use of library books and materials, whether maintained separately or as a part of an instructional materials center. Textbooks should not be charged to this function but rather to function 100. Educational television services concern the planning, programming, writing, and presenting of educational programs or segments of programs by closed circuit or broadcast television.

Computer-assisted instruction services include the development of educational projects that use a computer as the principle medium of instruction. The actual provision of computer-assisted instruction is recorded under the instruction function.

Function Code	Function Description
223 a	<p>Instructional Staff Training Services. For all school entities other than APSSDs, function code 223 is used to record the cost associated with activities that contribute to the professional occupational growth and competence of members of the instructional staff. Professional development costs include reimbursement to teaching staff for attendance at out-of-district workshops, and the costs for in-house sponsored programs for teaching staff. The in-house program costs for <i>non-instructional</i> staff members are included under function 251. The reimbursed costs for other instructional staff members are recorded under the applicable function.</p> <p>Reimbursed costs include registration, travel, overnight accommodations and meals. The direct cost for in-house programs include the reasonable allocation of staff time for program development, materials and supplies, and any outside consultant fees and their related expenses. Allocated costs may not include any costs relating to the supervision or evaluation of staff of curriculum work and any tuition reimbursements. Tuition reimbursement is considered an employee benefit and is coded to the employee benefit function. If not allocating benefits, use function 291. Stipends for attendance and related substitute costs are not recorded here, but are recorded in the applicable teacher salary accounts.</p> <p>For APSSDs, function code 223, Instructional Staff Training Services is used to record costs associated with activities concerned with the use of all teaching and learning resources, including hardware, and content materials. Also refer to function code 222 - Educational Media.</p>
224 a	<p>School Librarian Salary and Employee Benefits. This function code is available for the exclusive use of APSSDs and includes only the salary and employee benefits costs of school librarians. All other costs commonly associated with school librarian functions and duties must be recorded in function code 222, Educational Media Services.</p>
230 *a	<p>Support Services - General Administration. For all school entities other than APSSDs, function code 230 is used to record costs associated with activities concerned with establishing and administering policy for operating the LEA. These include board of education services and executive administration services.</p> <p><i>Board of Education Services</i> involve activities of the elected or appointed body that have been created according to state law and vested with responsibilities for educational activities in a given administrative unit. These include board secretary/treasurer activities, school election services (including bond elections and election of officers), staff relations and negotiations services, and board of education expenses. School district meetings and expenses for legal advice are also included, as are the activities of external auditors. Note that if the board secretary acts as the chief business official, then the entire salary is charged to function 251.</p>

Function Code Function Description

Executive Administration Services involve activities associated with the overall general administration of or executive responsibility for the entire LEA. This includes activities in the office of the superintendent.

Only general administrative costs are recorded under this function. The salaries and related costs of assistant superintendents or other administrators for specific support services should not be recorded here but rather should be recorded under the appropriate support services function. If the chief school administrator also acts as a building principal, his/her salary should be prorated between general administration and school administration. Under the chart of accounts, there is no further allocation of the chief school administrator's salary between other functions.

Included in this function would be all district-wide costs for telephone and communication services, postage, legal ads, board related insurance (liability and fidelity), write-off of uncollectible accounts receivable, payments on DOE loans under *N.J.S.A. 18A:7A-56*, and court awarded judgments against the school district that are not covered by liability insurance. Also included in this function are salaries of staff attorneys and salaries of state monitors. Not included in this function would be communication costs related to direct dedicated lines to technology labs or classrooms and judgments against the district resulting from failure to pay bills.

For APSSDs, function code 230, Support Services - General Administration is used to record costs associated with activities concerned with establishing and administering policy for operating the approved private school for students with disabilities. These include all activities in the offices of the superintendent, assistant superintendent, director, assistant director, and executive director. Meetings for the general administration and expenses for non-litigation related legal advice are also included. Includes costs associated with the annual independent audit.

240 *a

Support Services - School Administration. For all school entities other than APSSDs, function code 240 is used to record costs associated with activities concerned with the overall administrative responsibility for a particular school. It includes the activities performed by the principal, assistant principals, and other assistants while they supervise operations of the school, evaluate school staff members, supervise and maintain the records of the school, and coordinate school instructional activities with those of the LEA. Also included here are the activities of department directors or supervisors such as guidance, athletic, and special education. Stipends paid to teachers to perform chairperson duties part time should be recorded here.

Department chairpersons, supervisors and directors who have direct responsibility for evaluation and supervision of staff are recorded here. If the chief school administrator also acts as a building principal, his/her salary should be prorated between general administration (function 230) and school administration.

Function Code	Function Description
---------------	----------------------

These activities include the work of clerical staff in support of teaching and administrative duties. Graduation expenses, full-time department chairperson expenditures, and the prorated expenditures of part-time department chairpersons are also included in this function.

For APSSDs, function code 240 Support Services - School Administration is used to record the costs associated with activities concerned with the overall administrative responsibility for a school. They include the activities performed by the principal, assistant principals, vice principals and other assistants while they supervise operations of the school, evaluate school staff members, assign duties to staff members, supervise and maintain the records of the school, and coordinate school instructional activities with those of the approved private school for students with disabilities. These activities include the work of clerical staff in support of teaching and administrative duties. Graduation expenses, full-time department chairpersons' expenditures, and the prorated expenditures of part-time department chairpersons are also included in this function. If proration of expenditures is not possible for department chairpersons who also teach, those expenditures are included in instruction.

Stipends paid to teachers to perform chairperson duties part time must be recorded in function code 240, but only to the extent that the total remuneration paid to the employee is within the allowable maximum salary for the employee's position title. Overages are a non-allowable cost.

251 *a

Central Services. Activities that support other administrative and instructional functions including fiscal services, human resources, strategic planning, purchasing, warehousing and distribution services, and printing services including public information services. The chief business official expenditures are included here.

Fiscal services are activities concerned with the fiscal operations of the school district, charter school, renaissance school project, and APSSD. This function includes budgeting, receiving and disbursing, financial and property accounting, payroll, inventory control, internal auditing, and funds management. For schools other than APSSDs, fiscal service includes the payment of interest on current loans defined as loans repayable within one year of receiving the obligation.

Human resources are activities concerned with maintaining efficient personnel for the school system. It includes such activities as recruitment and placement and maintaining personnel information.

Planning includes activities concerned with selecting or identifying the overall, long-range goals and priorities of the school. Also included are activities associated with conducting and managing programs of research, development, and evaluation for a school.

Public information services include writing, editing, and other preparation necessary to disseminate educational and administrative information to students, managers, and the general public through direct mailing, news media, or personal contact.

Function Code	Function Description
252 a	<p>Administrative Information Technology. Activities concerned with supporting the school district's information technology systems, including supporting administrative networks, maintaining administrative information systems, and processing data for administrative and managerial purposes. Specifically included are costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operations, network support services, hardware maintenance and support services and other technology-related administrative costs. The salary of the network engineer is recorded here.</p>
260 *a	<p>Operation and Maintenance of Plant Services. Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition. These include the activities of maintaining safety in buildings, on the grounds, and near schools. Included in this function are supervision of operation and maintenance services; repair, replacement, and cleaning of building facilities and equipment such as heating, lighting, and ventilating systems; care and upkeep of grounds including landscaping, snow removal, and grounds maintenance; care and upkeep of equipment such as furniture, machines, and movable equipment; provision of security services including police activities for school functions, traffic control on grounds, building alarm systems, employees, not teachers, hired as hall monitors, playground and lunchroom aides; and operation and maintenance of vehicles (other than for pupil transportation vehicles) such as trucks, tractors, graders, and staff vehicles. Also included in this function code and its subset are the costs of building rental, safety, security, and property insurance.</p>
261 a	<p>Required Maintenance for School Facilities. For school entities other than APSSDs, this function code is used to account for the reporting of required maintenance under <i>N.J.A.C. 6A:26-20</i>, Comprehensive Maintenance Plans. Expenditures meeting the definition of required maintenance for school facilities are recorded under this function code. Required maintenance is defined as expenditures for system warranty purposes that are approved for repairs and replacements for the purpose of keeping a school facility open, comfortable and safe for use or in its original condition, including repairs and replacements to a school facility's heating, lighting, ventilation, security and other fixtures to keep the facility or fixtures in effective working condition. Required maintenance includes periodic or occasional inspection; adjustment, lubrication, and cleaning (non-custodial) of buildings and fixtures; replacement of parts; and other actions to assure continuing service and to prevent breakdown.</p> <p>Required maintenance does not include contracted custodial services, expenditures for the cleaning of a school facility or its fixtures, the care and upkeep of grounds or parking lots, and the cleaning of, or repairs and replacement of, movable furnishings or equipment, or other expenditures that are not required to maintain the original condition over the facilities' useful lives.</p>

Function Code	Function Description
---------------	----------------------

The sanitization of school buildings during a health-related emergency that is required to make them usable and safe for students and staff related to the COVID-19 health emergency should be recorded in this function. Required maintenance does not include janitorial or custodial services related to routine cleanings, these costs are recorded in function 262, Custodial Services. Only enhanced costs for COVID-19 sanitization should be recorded in Required Maintenance.

For APSSD, expenses for lead testing of water are recorded in function 261, and enhanced costs for COVID-19 sanitization are recorded in function 262.

262 a	<p>Custodial Services and Building Rentals. Activities include the daily upkeep of the facilities that would not otherwise be required to maintain its original condition over its useful life. This would include custodial services, cleaning of a school facility, and the cleaning or repair of moveable furnishings and equipment. Cleaning services include garbage disposal.</p>
-------	--

Also included in this function are the costs of building rental, property insurance, utilities, employees (other than teachers) hired as hall monitors, playground and lunchroom aides, and operation and maintenance of vehicles (other than for pupil transportation vehicles) such as trucks, tractors, graders, and staff vehicles.

For school districts, lease purchase payments under the Energy Savings Improvement Program at *N.J.S.A. 18A:18A-4.6* are recorded in object 444 in this function. However, expenditures for land and building lease purchase agreements should not be recorded here. The interest portion is included under central services (function 251) and the principal portion included in capital outlay under facilities acquisition and construction services.

For school districts, remodeling costs are not recorded here but instead are included in the capital outlay sub fund under the facilities acquisition and construction services function. The costs of rewiring facilities for the installation of a LAN and/or WAN are not recorded here, but should be budgeted to 12-000-400-450.

For school districts, amounts that will be recouped through user charges (e.g. custodian charges for the use of buildings in the evenings) are recorded here. The amount of those charges should also be included in the district's revenues budget as estimated rental income.

263 a	<p>Care and Upkeep of Grounds. Activities include maintaining and improving the land, but not the buildings. These include snow removal, landscaping, grounds maintenance, etc. Snow plowing as well as lawn care services are recorded here.</p>

Function Code	Function Description
266 a	<p>Security. Activities include maintaining a secure environment for students and staff, whether they are in transit to or from school, on a campus or administrative facility, or participating in school-sponsored events. These include costs associated with security plan development and implementation, installation of security monitoring devices (e.g., cameras, metal detectors), security personnel, purchase of security vehicles and communication equipment, and related costs.</p> <p>Amounts that will be recouped through user charges (e.g. security charges for the use of buildings in the evenings) are recorded here. The amount of those charges should also be included in the district's revenues budget as estimated rental income.</p>
270 *a	<p>Student Transportation Services. For all school entities other than APSSDs, function code 270 is used to record costs associated with activities concerned with conveying students between home and school and from school to other school activities as provided by state and federal law. This function includes supervision of student transportation services, vehicle operation services, monitoring services, and vehicle servicing and maintenance services.</p> <p><i>Vehicle operations services</i> involve operating buses or other vehicles for student transportation from the time the vehicles leave the point of storage until they return to the point of storage.</p> <p><i>Monitoring services</i> entail supervising students as they are transported between home and school and between school and school activities. Such supervision can occur while students are in transit and while they are being loaded and unloaded.</p> <p><i>Vehicle servicing and maintenance services</i> include repairing vehicle parts; replacing vehicle parts; and cleaning, painting, fueling vehicles, and inspecting vehicles for safety.</p> <p>The full costs of the student transportation program should be reported here, including costs related to certain joint transportation agreements, Consolidated Transportation Services Agencies (CTSA) agreements and interlocal agency agreements. There are two types of joint transportation agreements and the nature of the agreement will determine to account for the costs:</p> <ol style="list-style-type: none"> 1) Joint transportation agreements that involve a transportation fleet being operated by the lead district or a CTSA and the participating districts being billed their proportionate share should be accounted for in an internal service fund in the accounting records of the lead district or CTSA. Each of the participating districts, including the lead district, should record their proportionate share of the joint agreement in their current expenses under Student Transportation Services. The internal service fund will record the full costs of the transportation program and record as revenue the amounts billed to the participating districts, including that amount "<i>billed</i>" to the current expense sub fund of their district.

Function Code	Function Description

| | <p>2) Often districts will merely share the costs of a contracted route under the terms of a joint agreement. In these cases, there is no need to segregate the costs of the transportation operations in an internal service fund. Instead, the transportation costs would be recorded directly in Student Transportation Services. The lead district should not net the monies received from other districts against expenditures. The full amount of the costs should be reported as expenditures and the monies received from other districts included in the budget as transportation fees revenue. Also, in instances where the district receives funds from individuals or other local sources such as the municipality towards its transportation program, the full cost of the program should be recorded and the offsetting revenues recorded as transportation fees or revenues from other local governmental units - restricted.</p> |
|--|--|

For APSSDs, function code 270 Student Transportation Services is used to record costs associated with activities concerned with conveying students between the school and school activities. This function includes supervision of student transportation services, vehicle operation services, monitoring services, and vehicle servicing and maintenance services. Vehicle operations services involve operating buses or other vehicles for student transportation, from the time the vehicles leave the point of storage until they return to the point of storage. Monitoring services entail supervising students as they are transported between home and school and between school and school activities. Such supervision can occur while students are in transit and while they are being loaded and unloaded. Vehicle servicing and maintenance services include repairing vehicle parts, replacing vehicle parts, cleaning, painting, fueling vehicles, and inspecting vehicles for safety. Costs associated with transporting students between home and school are included in the calculation of the certified actual cost per student as this is a cost borne by sending districts.

| 280 a | <p>Behavior Modification. Function code 280 is available for the exclusive use of APSSDs to record costs associated with achieving behavioral interventions made subsequent to, and in accordance with an APSSD's adopted board policy defining the procedures, evidence-based strategies, techniques, and approaches to behavior modification as provided by <i>N.J.A.C. 6A:23A-18.22(a)</i>. The APSSD's behavior modification policy must be included in the Office of Special Education's assurance. Behavioral modification costs may include costs associated with various systems of rewards, some of which require the expenditure of funds. Please refer to <i>N.J.A.C. 6A:23A-18.22(b)</i> which prohibits the expenditure of cash, checks or the equivalent to APSSD students and also prohibits as a non-allowable cost, the expenditure of funds for the purchase of replacement meals or components of meals on a regular basis outside of special achievements outlined in the APSSD's behavior modification policy. Also prohibited as an allowable cost for behavior modification are high-dollar value items transferred to APSSD students (e.g. personal electronics). An APSSD wishing to use gift cards under a behavior modification program must have its policy approved by the Office of Special Education in addition to meeting the requirements in <i>N.J.A.C. 6A:23A-18.22</i>.</p> |

Function Code	Function Description
290 *	Other Support Services. All other support services not classified elsewhere.
291 a	<p>Personnel Services — Unallocated Employee Benefits. For all school entities other than APSSDs, function code 291 is available as an option to record the employee benefits under this function as opposed to allocating employee benefits under the applicable programs/functions of the current expense, capital outlay and special schools subfunds. Employee benefits are detailed between group insurance, social security contributions, TPAF contributions-ERIP, TPAF and PERS special assessments, other retirement contributions-PERS, other retirement contributions-regular, other retirement contributions-ERIP, other retirement contribution-deferred PERS, unemployment compensation, workmen's compensation, health benefits, tuition reimbursement, other employee benefits, and unused sick payments to terminated/retired staff. Other employee benefits include uniforms purchased for employees in accordance with union contracts, and assessment billings for COBRA and retirees.</p> <p>For APSSDs, function code 291 is limited to use only when the employee benefit is not readily assignable to a function code where the employee's salary is charged.</p>
300	Operation of Non-Instructional Services. Activities concerned with providing non-instructional services to students, staff, or the community.
310 *a	<p>Food Service Operations. For all school entities other than APSSDs, function code 310 is used to record the costs associated with activities concerned with providing food to students and staff in a school or LEA. This service area includes preparing and serving regular and incidental meals, lunches, or snacks in connection with school activities.</p> <p>The food service operations activity could be recorded in an enterprise fund or the general fund, depending on its revenue sources. If the LEA receives state or federal reimbursement for or collects fees from students for the cost of meals, the entire food service operations activity would be recorded in the enterprise fund. Any contribution by the board towards the food services operation, including salaries, would be recorded in the general fund as an operating transfer to cover deficit.</p> <p>For APSSDs, please note that <i>N.J.A.C. 6A:23A-18.23(a)1</i> authorizes the costs associated with providing meals to be included in the certified actual cost per student for a nonprofit APSSD only when the menu has been approved by the New Jersey Department of Agriculture; the APSSD applies for and receives funding from the Child Nutrition Program; the APSSD charges students for a reduced and/or paid meal; and total food service costs, net of the reimbursement and/or sales, does not exceed the maximum daily price schedule for a high school published annually by the New Jersey Department of Agriculture. Excess expenditures will be considered non-allowable costs, except for where they are solely attributable to substitutions to meals when the disability restricts the diet. <i>N.J.A.C. 6A:23A-18.23(a)2</i> authorizes the same rules for for-profit APSSDs, except for the requirement for the APSSD to apply for and receive funding from the</p>

Function Code	Function Description
---------------	----------------------

Child Nutrition Program since for-profit schools are not eligible to participate in government-funded child nutrition programs. APSSDs must maintain proper documentation supporting substitutions to meals when the disability restricts the child's diet, including, but not limited to:

- 1) medical documentation from the student's health provider supporting the meal substitution; and
- 2) invoices or other records detailing the expenditures related to each student's meal substitutions.

The cost of meals provided to APSSD staff is a non-allowable cost to the APSSD.

320 *	<p>Enterprise Operations. Available for use by school entities other than APSSDs, function 320 is used to record the costs associated with activities that are financed and operated in a manner similar to private business enterprises - where the stated intent is that the costs are financed or recovered primarily through user charges. One example could be the LEA bookstore.</p>
-------	---

Used only with program 990.

330 *	<p>Community Services Operations. Available for use by school entities other than APSSDs, function 330 is used to record the costs associated with activities concerned with providing community services to students, staff, or other community participants. Examples of this function would be the operation of a community swimming pool, a community learning center, a recreation program for the elderly, a childcare center, etc. This also includes maintenance and management of public playgrounds and recreation places controlled by the board of education.</p>
-------	--

Used only with program 800.

400 *	<p>Facilities Acquisition and Construction Services. For all school entities other than APSSDs, function code 400 is used to record the costs associated with activities concerned with acquiring land and buildings, remodeling buildings, constructing buildings and additions to buildings, initially installing or extending service systems and other built-in equipment, and improving sites. The last two digits are used to designate the referendum number approving the expenditure.</p>
-------	---

The capital outlay character class (12) would include the cost of rewiring facilities for the installation of a LAN and/or WAN and the principal portion of lease purchase agreements for land and buildings. The interest payment under the terms of the lease purchase agreement would be recorded in the general current fund under function 251.

For APSSDs, function code 400 is limited to use for recording depreciation of capitalized assets.

Function Code	Function Description
500	Other Uses. A number of outlays of governmental funds are not properly classified as expenditures or do not meet the classification criteria of the preceding functions, but still require budgetary or accounting control. These are classified under “ <i>Other Outlays.</i> ” These accounts are not used with proprietary funds.
510 *a	Debt Service. For school entities other than APSSDs, function code 510 is used for payments servicing the debt of the LEA, including payments of both principal and interest. Interest on current loans (repayable within one year of receiving the obligation) is charged to function 251. For APSSDs, function code 510 is used to record mortgage interest for all APSSD school buildings, administrative buildings, and where approved, for storage facilities. Function code 510 is also used to record depreciation expense attributable to school buildings.
511 (new in 2026-27)	Debt Service on Lease Payments. Function code 511 is used for principal and interest on lease payments governed by N.J.S.A. 18A:7G-5b.
515	Early Retirement Incentive Program (ERIP) Liability. Function code used to record the retirement of the existing ERIP liability. This code is limited in use to the general and debt service funds.
520	Fund Transfers. Transactions that withdraw money from one fund and place it in another without recourse. Fund transfers budgeted to another function activity, such as food services, are coded to the appropriate function and the object code 930. This includes the <i>Contribution to School-based Budgets.</i>
530	Payment to Refunded Bond Escrow Agent. Payment of the proceeds of advance refunding bonds to a bond escrow agent.
540	Scholarships. Payment of scholarships from a trust fund.
545	Payments to Nonpublic Schools. Used to record payments to educational institutions that are not otherwise classified as expenditures, but require budgetary or accounting control. This code is generally associated with a specific program code for purposes of segregating and aggregating expenditures/expenses. Pass-through payments of a federal grant from an LEA to a nonpublic school are recorded using this code. Tuition payments made to other LEAs, vocational schools, CSSDs, regional day schools or APSSD are recorded in function code 100 and are not recorded here. Transfers to charter schools are recorded in function code 100.

Object

This dimension is used to describe the service or commodity obtained as the result of a specific expenditure. There are nine major object categories, each of which is further divided. The following are definitions of the object classes and selected sub object categories:

Object Codes:

Object Code	Object Description
100 *a	<p>Personnel Services - Salaries. Amounts paid to both permanent and temporary school employees including personnel substituting for those in permanent positions and part-time employees. For individuals assigned to more than one activity, their salaries should be prorated according to the amount of time spent in each activity.</p> <p>Used with all functions except 500.</p>
101 a	<p>Salaries of Teachers. For all school entities except for APSSDs, the salaries for all teaching services rendered to pupils including the services of part-time teachers. The cost of additional compensation paid to teachers for services such as hall monitors, detention, and lunchroom aides are also included here. If other employees provide such services, then the costs are not recorded here but under Custodial Services object 107. Additional compensation paid to teachers for chaperoning educational activities are recorded here. Salaries of teachers on sabbatical leave are recorded here. The salaries of department chairpersons who also teach are recorded here. If department chairpersons devote time to both supervision of instruction and teaching, then their salaries are prorated between function/object 100-101 (salaries of teachers) and 240-104 (salaries of other professional staff).</p> <p>Used only with function code 100.</p> <p>For APSSDs, object code 101 Salaries of Teachers is used to record the costs associated with salaries for all teaching services rendered to pupils including the services of part-time and substitute teachers. Salaries of teachers on sabbatical leave are recorded here. The salaries of department chairpersons who also teach are prorated between this object and 104, Salaries of Other Professional Staff. The salary of a head teacher acting as a principal should be recorded entirely under object 103.</p> <p>Used only with function code 100.</p>
102 a	<p>Salaries of Supervisors of Instruction. The salaries for services rendered as general or subject supervisors of instruction. Supervisors of instruction assist teachers in improving instructional methods and the learning process.</p> <p>Used only with functions 221 and 223 and special revenue fund function code 200.</p>

Object Code	Object Description
103 a	<p>Salaries of Principals/Assistant Principals/Program Directors. The salaries of principals, assistant principals, program directors and other personnel performing the function of a principal. The salaries of a head teacher acting as principal should be recorded here. When teachers or other instructional staff members are assigned administrative duties usually performed by the assistant principal and given extra pay for these duties, the salaries for these extra services are also recorded here.</p> <p>For special schools and special revenue fund projects, this object includes salaries of program directors.</p> <p>Used only with function 240 or with special revenue fund code function 200.</p>
104 a	<p>Salaries of Other Professional Staff. The salaries for services rendered by professional staff not recorded in the above objects.</p> <p>Detail breakout required with function codes 218, 219, 221, 223, and 240.</p> <p>Note that salary costs for a supervisor of instruction are recorded in object code 102; not object code 104.</p> <p>Note that APSSDs use object code 104 to record the additional compensation paid to teachers for curriculum development work performed during the summer months. The sum total of allowable remuneration paid to any employee for the school year may not exceed the maximum allowable salary for the position title. Any overage is a non-allowable cost.</p>
105 a	<p>Salaries of Secretarial and Clerical Assistants.</p> <p>Detail breakout required with function codes 218, 219, 221, 223, and 240. Otherwise, may be included in object 100.</p>
106 a	<p>Other Salaries for Instruction. The salaries for any assistants or aides to instructional staff other than secretarial and clerical personnel. This includes the salary of certified staff members providing related services pursuant to an IEP.</p> <p>For APSSDs, includes the salary costs for IEP required in-house student job positions.</p> <p>Used only with function 100.</p>
107 a	<p>Salaries of Non-Instructional Aides. The salaries for transportation aides, lunchroom aides, playground aides and hall monitors.</p> <p>Used only with function 262 and 270.</p>
108	<p>Legal Salaries. The salaries of in-house attorneys.</p> <p>Used only with function 230.</p>

Object Code	Object Description
109	<p>Salaries-Governance Staff (BOE Direct Reports Only). Salaries of any employees that directly report to the Board of Education, not the Superintendent.</p> <p>Used only with function 230.</p>
110 a	<p>Other Salaries. Salaries not recorded in other objects. This object code should not be used to consolidate other objects that are specifically identified for other purposes. For all schools except for APSSDs, this object code may include stipends or extra pay categories not identified in other objects. APSSD guidance for stipends for attendance and related substitute costs is to record those costs in the applicable teachers' salaries account.</p> <p>Used with all functions except 100, 270, and 500.</p>
160	<p>Salaries for Pupil Transportation (Between Home and School)-Regular. Includes salaries for administrative personnel, drivers of pupil transportation vehicles between home and school, and mechanics and other garage employees. The entry is based on the district's hourly rate paid to the employee times the number of hours worked per day. Only salaries of individuals on the payroll of the district are recorded here. Bus attendants are recorded in object 107.</p> <p>Salaries for administrative personnel include supervisors, secretaries, and clerks who are assigned student transportation responsibilities and duties. Salaries for pupil transportation administrative personnel who are employed part-time or who are assigned to activities outside of pupil transportation should be recorded elsewhere.</p> <p>Salaries for administrative personnel and for drivers of pupil transportation vehicles between home and school are recorded here only for individuals meeting state guidelines. Salaries for school bus attendants include salaries of employees who provide physical care for disabled students transported between home and school.</p> <p>Salaries for mechanics and other garage employees include salaries for individuals assigned to school bus maintenance activities and only include those meeting state guidelines.</p> <p>This function does not include salaries related to routes separately established to transport special education pupils. This would be reported under object 161.</p> <p>Used only with function 270 in general fund, and program 218 in special revenue fund.</p>
161	<p>Salaries for Pupil Transportation (Between Home and School) - Special Education. Expenditures meeting the definition of object 160 for routes separately established to transport special education pupils.</p> <p>Used only with function 270.</p>

Object Code	Object Description
162 a	<p>Salaries for Pupil Transportation (Other than Between Home and School). The amount paid to LEA employees for transporting students for school activities other than between home and school. The entry is based on the district’s hourly rate for extra-curricular employees, times the number of hours worked per day.</p> <p>Used only with function 270.</p>
163	<p>Salaries for Pupil Transportation (Between Home and School) — Non-Public Schools. The amount paid to LEA employees for transporting non-public school students between home and school.</p> <p>Used only with function 270.</p>
171	<p>Salaries of Drop-out Prevention Officer/Coordinators. Provides services to staff and students to prevent students from dropping out of school and provides additional support and job counseling to increase academic and social achievement.</p> <p>Used only with function 211.</p>
172 a	<p>Salaries of Family Support Team. For all school entities other than APSSDs, object code 172 is used to record the costs associated with the certified positions of nurse, guidance counselor and social worker whose primary function is to work with at-risk students and their families to provide health and social services. Other members of the team including facilitators and school coordinators are not budgeted in this object but in objects 176 and 174, respectively.</p> <p>Used only with function 211.</p> <p>For APSSDs, object code 172 is used in combination with function code 211 to record the full time, part time and prorated salaries of all family support team members with the certified position of social worker whose primary function is to work with at-risk students and their families to provide social services.</p>

331 a	Legal Services. For all school entities other than APSSDs, legal fees directly related to an approved capital project are recorded under function 4XX. Legal fees related to the activities of the Board of Education are recorded under function 230. Salaries of in-house legal attorneys are recorded in object 108. <i>For APSSDs, litigation is defined at N.J.A.C. 6A:23A-18.5(a)7ii as "a suit brought by or against an APSSD for which a court of law or agency of the State or federal government assigns a docket or other form of tracking number." Attorney's fees and legal costs incurred by the APSSD for other than litigation as defined above are posted to 11-000-230-331 — Legal Services — Non-Litigation. Refer to object codes 336 and 337 for posting of attorney's fees and costs incurred relative to litigation.</i>
332 a	Audit Fees. Audit fees directly related to the year-end audit or other audit services provided by a public school/independent public accountant. Used with function 230.
333	Expenditure and Internal Control Audit Fees. Audit fees required pursuant to N.J.A.C. 6A:23A-5.5. All other audit fees are recorded in object 332. Used with function 230.
334	Architectural/Engineering Services. Fees directly related to an approved capital project are recorded under function 4XX. Architectural/engineering fees related to the maintenance activities of the board of education are recorded under function 230.
335 a	Public Relations Costs. For all school entities other than APSSDs, object code 335 is used to record public relations costs paid to professional consultants. Used only with function 251.

Object Code	Object Description
	For APSSDs, object code 335 is used to record public relations costs that do not meet the definition of “ <i>advertising costs</i> ” set forth <i>N.J.A.C. 6A:23A-18.2</i> . For example, use object code 335 for costs associated with the APSSD’s public outreach made in response to a specific, isolated incident directly related to the operation of the APSSD (line number 47025; account 11-000-251-335). For chart of accounts guidance related to “ <i>advertising costs</i> ,” please refer to object code 891 (line number 45261; account 11-000-230-891).
336 a	Legal Services — Litigation (First \$15,000). Applicable only to APSSDs. Please refer to object code 331 for a definition of litigation. Attorney’s fees and costs incurred relative to litigation, whether the APSSD is a defendant or is the plaintiff in the matter, are charged to object codes 336 or 337. But first, in accordance with <i>N.J.A.C. 6A:23A- 18.5(a) 7 i.</i> , the first \$15,000 of attorney’s fees or other costs per litigation calculated on a per fiscal year basis for each separate item of litigation shall be included within the administrative cost category limit for the fiscal year. Accordingly, the first \$15,000 per litigation incurred during a fiscal year for each separate item of litigation is posted to account 11-000-230-336 (line 45085). Legal fees are subject to accrual within the fiscal year in which the legal services are rendered. Legal billings must be sufficiently detailed to support the posting to object code 336 or 337 for the fiscal year services are rendered.
337 a	Legal Services — Litigation (Above \$15,000). Applicable only to APSSDs. Please refer to object code 331 for a definition of litigation. Attorney’s fees and costs incurred relative to litigation, whether the APSSD is a defendant or is the plaintiff in the matter, are charged to object codes 336 or 337. But first, in accordance with <i>N.J.A.C. 6A:23A- 18.5(a)7 i.</i> , the first \$15,000 of attorney’s fees or other costs per litigation calculated on a per fiscal year basis for each separate item of litigation shall be included within the administrative cost category limit for the fiscal year. Accordingly, any amounts above the first \$15,000 per litigation incurred during a fiscal year for each separate item of litigation is posted to account 11-000-230-337 (line 45086). Legal fees are subject to accrual within the fiscal year in which the legal services are rendered. Legal billings must be sufficiently detailed to support the posting to object code 336 or 337 for the fiscal year services are rendered.

Section 4. Balance Sheet Accounts

Assets and Other Debits

Balance Sheet Code	Balance Sheet Description — Assets and Other Debits
--------------------	---

Current Assets: Accounts 101 through 199 are current assets.

101	Cash in Bank. All funds on deposit with a bank or financial institution.
102	Cash on Hand. Currency, coins, checks, postal and express money orders, and bankers' drafts on hand.
103	Petty Cash. A sum of money set aside for the purpose of paying small obligations for which the issuance of a formal voucher and check would be too expensive and time-consuming.
104	Change Cash. A sum of money set aside for the purpose of providing change.
105	Cash with Fiscal Agents. Deposits with fiscal agents, such as commercial banks, for the payment of matured bonds and interest. This account would also be used for monies held in escrow under lease purchase agreements.
106	Cash Equivalents. Short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition. Examples of items commonly considered to be cash equivalents are Treasury bills, commercial paper, certificates of deposit, money market funds, and cash management pools.
108	Investment — Impact Aid Reserve (General). The restricted asset account comprised of investments held for use exclusively for Impact Aid received under sections 8002 or 8003 of the Elementary and Secondary Education Act of 1965. Used only with fund 10.
109	Investment — Impact Aid Reserve (Capital). The restricted asset account comprised of investments held for use exclusively for Impact Aid received under sections 8007 or 8008 of the Elementary and Secondary Education Act of 1965. Used only with fund 10.

Balance Sheet Code	Balance Sheet Description — Assets and Other Debits
111	Investments. Securities and real estate held for the production of income in the form of interest, dividends, rentals or lease payments. The account does not include capital assets used in district operations. Separate accounts for each category of investments may be maintained.
112	Unamortized Premiums on Investments. The excess of the amount paid for securities over the face value which has not yet been amortized. Use of this account is restricted to short-term investments.
113	Unamortized Discounts on Investments (Credit). The excess of the face value of securities over the amount paid for them which has not yet been written off. Use of this account is normally restricted to short-term investments.
114	Interest Receivable on Investments. The amount of interest receivable on investments, exclusive of interest purchased. Interest purchased should be shown in a separate account.
115	Accrued Interest on Investments Purchased. Interest accrued on investments between the last interest payment date and date of purchase. The account is carried as an asset until the first interest payment date after date of purchase.
116	Investments - Capital Reserve Account. The restricted asset account comprised of investments held for future capital projects and the earnings attributable to those investments. Used only with fund 10.
117	Investments - Maintenance Reserve Account. The restricted asset account comprised of investments held for use exclusively for required maintenance of school facilities. Used only with fund 10.
118	Investments — Current Expense Emergency Reserve. The restricted asset account comprised of investments held for use exclusively to finance unanticipated general fund current expense costs required for a thorough and efficient education. Used only with fund 10.
119	Investments — Debt Service Reserve. The restricted asset account comprised of investments held for use exclusively to retire outstanding debt service obligations of the district. Used only with fund 40.

Balance Sheet Code	Balance Sheet Description — Assets and Other Debits
121	Tax Levy Receivable. The uncollected portion of taxes levied which has become due including any interest or penalties which may be accrued. Separate accounts may be maintained on the basis of tax roll year and/or current and delinquent taxes.
131	Interfund Loans Receivable. An asset account used to record a loan by one fund to another fund in the same governmental unit. It is recommended that separate accounts be maintained for each interfund loan receivable.
132	Interfund Accounts Receivable. An asset account used to indicate amounts owed to a particular fund by another fund in the same district for goods sold or services rendered. It is recommended that separate accounts be maintained for each interfund receivable.
140	Intergovernmental Accounts Receivable. Amounts due to the reporting governmental unit from another governmental unit. These amounts may represent grants-in-aid, shared taxes, taxes collected for the reporting unit by another unit, loans, tuition, and charges for services rendered by the reporting unit for another government.
141	Intergovernmental Accounts Receivable - State.
142	Intergovernmental Accounts Receivable - Federal.
143	Intergovernmental Accounts Receivable — Other.
151	Loans Receivable. Amounts which have been loaned to persons or organizations, including notes taken as security for such loans, where permitted by statutory authority.
152	Allowance for Uncollectible Loans (Credit). The portion of loans receivable estimated not to be collectible. The account is shown on the balance sheet as a deduction from Account 151, Loans Receivable.
153	Other Accounts Receivable. Amount owing on open account from private person, firms, or corporations for goods and services furnished by the district (including tuition, but not including amounts due from other funds or from other governmental units).
154	Allowance for Uncollectible Accounts Receivable (Credit). The portion of accounts receivable that is estimated will not be collected. The account is shown on the balance sheet as a deduction from the Other Accounts Receivable account.
161	Bond Proceeds Receivable. An account used to designate the amount receivable upon sale of bonds.

Balance Sheet Code	Balance Sheet Description — Assets and Other Debits
171	Inventories for Consumption. The cost of supplies and equipment on hand not yet distributed to requisitioning units.
172	Inventories for Resale. The value of goods held by a district for resale rather than for use in its own operations.
173	Work in Process. The costs of materials, labor and overhead assigned to items that have not been completed in the manufacturing process. Used only in the proprietary funds. <i>[Accrual basis of accounting]</i>
181	Prepaid Expenses. Expenses paid for benefits not yet received related to regularly recurring costs of operation. Prepaid expenses differ from deferred charges in that they are spread over a shorter period of time than deferred charges and are regularly recurring costs of operation. Examples of prepaid expenses are prepaid rent, prepaid interest, and unexpired insurance premiums.
191	Deposits. Funds deposited as prerequisite to receiving services and/or goods.
192	Deferred Expenditures. Certain disbursements that are made in one period, but are more accurately reflected as an expenditure/expense in the next fiscal period.
193	Capitalized Bond and Other Debt Issuance Costs. Represents certain bond and other debt issuance costs, including lease-purchase debt issuance costs that are capitalized for the purpose of accounting for the cost/valuation basis of capital assets. <i>[Accrual basis of accounting]</i>
194	Premium and Discount on Issuance of Bonds. Represents amounts to be amortized as debt premium/discount in connection with the issuance of bonds. <i>[Accrual basis of accounting]</i>
199	Other Current Assets. Current assets not provided for elsewhere.
Capital Assets	Accounts 200 through 271 are capital assets.
200	Capital Assets. Those assets which the district intends to hold or continue to have in use over a long period of time. Capital assets include land, improvements to land, easements, buildings and building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have useful lives that extend beyond a single reporting period. <i>[Accrual basis of accounting]</i>

Balance Sheet Code	Balance Sheet Description — Assets and Other Debits
211	<p>Land and Land Improvements. Capital asset account that reflects the acquisition value of land owned by the district. If land is purchased, this account includes the purchase price and costs such as legal fees, filling and excavation costs, and other associated improvement costs incurred to put the land in condition for its intended use. If land is acquired by gift, the account reflects its fair value at the time of acquisition. Further, permanent improvements to land, such as grading and fill, should be accounted for in this account. <i>[Accrual basis of accounting]</i></p> <p>Land and land improvements are considered nonexhaustible assets owing to their significantly long expected useful life. Nonexhaustible assets are not to be depreciated. Therefore, not all assets classified by asset code 211 will result in a depreciation expense. <i>[Accrual basis of accounting]</i></p>
221	<p>Site Improvements. The capital asset account that reflects the acquisition value of nonpermanent improvements to building sites, other than buildings, which add value to land. Examples of such improvements are fences, retaining walls, sidewalks, pavements, gutters, tunnels, and bridges. If the improvements are purchased or constructed, this account contains the purchase or contract price. If improvements are obtained by gift, it reflects the fair value at time of acquisition.</p> <p>Site improvements are improvements that have a limited useful life. Because these improvements decrease in their value/usefulness over time, it is appropriate to depreciate these assets. Therefore, all capitalized site improvements should be depreciated over their expected useful life. <i>[Accrual basis of accounting]</i></p>
222	<p>Accumulated Depreciation on Site Improvements. Accumulated amounts for depreciation of site improvements. <i>[Accrual basis of accounting]</i></p>
231	<p>Buildings and Building Improvements. A capital asset account which reflects the acquisition value of permanent structures used to house persons and property owned by the district. If buildings are purchased or constructed, this account includes the purchase or contract price of all permanent buildings and the fixtures attached to and forming a permanent part of such buildings. This account includes all building improvements, including upgrades made to building wiring for technology. If buildings are acquired by gift, the account reflects their fair value at the time of acquisition. <i>[Accrual basis of accounting]</i></p>
232	<p>Accumulated Depreciation on Buildings and Building Improvements. Accumulated amounts for depreciation of buildings and building improvements. <i>[Accrual basis of accounting]</i></p>
241	<p>Machinery and Equipment. Tangible property of a more or less permanent nature, other than land, buildings, or improvements thereto, which is useful in carrying on operations. Examples are machinery, tools, trucks, cars, buses, computers, purchased software, furniture, and furnishings. <i>[Accrual basis of accounting]</i></p>

Balance Sheet Code	Balance Sheet Description — Assets and Other Debits
242	Accumulated Depreciation on Machinery and Equipment. Accumulated amounts for depreciation of machinery and equipment. <i>[Accrual basis of accounting]</i>
251	Works of Art and Historical Treasures. Individual items or collections of items that are of artistic or cultural importance. <i>[Accrual basis of accounting]</i>
252	Accumulated Depreciation of Works of Art and Historical Collections. Accumulated amounts for the depreciation (as applicable) of works of art and historical treasures. <i>[Accrual basis of accounting]</i>
261	Infrastructure. A capital asset, network, or subsystem that has a useful life that is significantly longer than those of other capital assets. These assets may include water/sewer systems, roads, bridges, tunnels, and other similar assets. <i>[Accrual basis of accounting]</i>
262	Accumulated Depreciation on Infrastructure. Accumulated amounts for the depreciation of infrastructure assets. <i>[Accrual basis of accounting]</i>
271	Construction in Progress. The cost of construction work undertaken but not yet completed. <i>[Accrual basis of accounting]</i>

Budgetary Accounts (Revenue)

Budgetary accounts are integrated into the accounting system in order to compare the actual revenues and expenditures to the budgeted amounts at any point in time. The importance of this procedure is to prevent overspending.

Revenue accounts consist of control accounts as well as individual accounts. The control accounts are used to record the aggregate amount in the general ledger while the detail of the control account is recorded in a subsidiary ledger by individual accounts. The revenue subsidiary ledger is used to record the details of the control accounts and should include estimated and actual revenues.

Budgeted fund balance and withdrawals of reserved fund balance are included here, although not true revenue. Although not a true revenue source, these accounts appear in the revenue section of the annual budget in order to balance the expenditure side.

Budgetary Accounts (Revenue):

Balance Sheet Account	Balance Sheet Description — Budgetary Accounts (Revenue)
301	Estimated Revenues (Control Account / Normal Debit Balance). The amount of revenues estimated to be received or to become receivable during the fiscal period. This account is debited to record the adoption of the annual budget. At the end of the fiscal period this account is closed out and does not appear in the balance sheet. It would only appear in interim financial statements.
302	Revenues (Control Account / Normal Credit Balance). The total of all revenues realized during a period. This includes receivables for revenues whose actual collections will not differ from the amounts in the certified budget (tax levy and state aid) as well as actual receipts of other types of revenue. At the end of the fiscal period this account is closed out and does not appear in the balance sheet. It would only appear in interim financial statements.
303	Budgeted Fund Balance. This account reflects the amount of fund balance the LEA will utilize in supporting the anticipated appropriations for the school budget. This account is also used to record the deposit into capital reserve at budget time through the appropriation of anticipated excess surplus. The account is debited to record the adoption of the annual budget. It would only appear in interim financial statements. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet.
307	Budgeted Withdrawal from Capital Reserve. The budgetary account used to record the formal appropriation of eligible costs for a school facilities project in the current year. This account would only appear in interim financial statements. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet. Used only with fund 10.
308	Budgeted Withdrawal from Sale/Leaseback Reserve. The budgetary account used to record the formal appropriation from the sale/leaseback reserve. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet.
309	Budgeted Withdrawal from Capital Reserve — Excess Costs and Other Capital Projects. A budgetary account used to record the formal appropriation of excess costs accumulated in the capital reserve account for current year appropriations. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet.
310	Budgeted Withdrawal from Maintenance Reserve. A budgetary account used to record the formal appropriation of funds accumulated in the maintenance reserve account for current year appropriations. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet.

Balance Sheet Account	Balance Sheet Description — Budgetary Accounts (Revenue)
311	<p>Budgeted Withdrawal from Tuition Reserve. A withdrawal is made from the Tuition Reserve upon certification of rates in the second year following a contract year. Full appropriation of the applicable year’s reserve must be liquidated and any remaining balance related to that year must be reserved and budgeted for tax relief.</p>
312	<p>Budgeted Withdrawal from Current Expense Emergency Reserve. A withdrawal is made from the Current Expense Emergency Reserve to fund unanticipated general fund current expense costs required for a thorough and efficient education.</p> <p>Used only with fund 10.</p>

Liabilities

Balance Sheet Account	Balance Sheet Description — Liabilities
Current Liabilities	Accounts 401 through 499 are current liabilities.
401	Interfund Loans Payable. A liability account used to record a debt owed by one fund to another fund in the same governmental unit. It is recommended that separate accounts be maintained for each interfund loan.
402	Interfund Accounts Payable. A liability account used to indicate amounts owed by a particular fund and services rendered. It is recommended that separate accounts be maintained for each interfund account payable.
410	Intergovernmental Accounts Payable. Amounts owed by the reporting district to another governmental unit.
411	Intergovernmental Accounts Payable — State.
412	Intergovernmental Accounts Payable — Federal.
413	Intergovernmental Accounts Payable — Other.
421	Accounts Payable. Liabilities on open account owing to private persons, firms or corporations for goods and services received (but not including amounts due to other funds of the district or to other governmental units). Includes amounts due to designated payees in the form of a written order drawn by the district directing the treasurer to pay a specific amount.
422	Judgments Payable. Amounts due to be paid by the school entity as the result of court decisions, including condemnation awards in payment for private property taken for public use.
430	Compensated Absences Payable. Amounts owed to employees for unpaid vacation and sick leave liabilities that will be paid within one year.
431	Contracts Payable. Amounts due on contracts for goods or services received by the district.
432	Construction Contracts Payable — Retainage. Liabilities on account of construction contracts for that portion of the work which has been completed but on which part of the liability has not been paid pending final inspection, or the lapse of a specified time period or both. The unpaid amount is usually a stated percentage of the contract price.
433	Construction Contracts Payable. Amounts due on contracts for construction of buildings, structures, and other improvements.

Balance Sheet Account	Balance Sheet Description — Liabilities
441	Matured Bonds Payable. Bonds which have reached or passed their maturity date but which remain unpaid.
442	Bonds Payable — Current. Bonds that have not reached or passed their maturity date but are due within one year or less. <i>[Accrual basis of accounting]</i>
443	Unamortized Premiums on Bonds Sold. An account that represents that portion of the excess of bond proceeds over par value and that remains to be amortized over the remaining life of such bonds. <i>[Accrual basis of accounting]</i>
451	Loans Payable. Short-term obligations representing amounts borrowed for short periods of time usually evidenced by notes payable or warrants payable.
452	Lease Obligations — Current. Capital lease obligations that are due within one year. <i>[Accrual basis of accounting]</i>
455	Interest Payable. Interest due within one year. <i>[Accrual basis of accounting]</i>
461	Accrued Salaries and Benefits. Salary and fringe benefit costs incurred during the current accounting period which are not payable until a subsequent accounting period.
471	Payroll Deductions and Withholdings. Amounts deducted from employees' salaries for withholding taxes and other purposes. District-paid benefit amounts payable are also included here. A separate liability account may be used for each type of benefit.

- 512 **Accreted Interest.** An account that represents interest that is accrued on deep discount bonds. This account should be used by school districts that issue capital appreciation bonds. Such bonds are usually issued at a deep discount from the face value, and no interest payment is made until maturity. Under full accrual accounting, the district is required to accrete the interest on the bonds over the life of the bonds. Accretion is the process of systematically increasing the carrying amount of the bond to its estimated value at the maturity date of the bond. To calculate accreted interest, the district should impute the effective interest rate, using the present value, the face value (or the future value), and the period of the bond, and multiply the effective interest rate by the book value of the debt at the end of the period. Accreted interest is usually recorded as an addition to the outstanding debt liability. *[Accrual basis of accounting]*
- 513 **Unamortized Gains/Losses on Debt Refunding.** An account that represents the difference between the reacquisition price and the net carrying amount of old debt when a current or advance refunding of debt occurs. This account should be used only when defeasance of debt occurs for proprietary funds. The unamortized loss amount should be deferred and amortized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter. On the balance sheet, this deferred amount should be reported as a deduction from or an addition to the new debt liability. *[Accrual basis of accounting]*
- 521 **Loans Payable.** An unconditional written promise signed by the maker to pay a certain sum of money one year or more after the date of issuance. *[Accrual basis of accounting]*
- 531 **Capital Lease Obligations.** Amounts remaining to be paid on capital lease agreements. *[Accrual basis of accounting]*
- 540 **Long-Term Compensated Absences Payable.** Long-term portion of amounts owed to employees for unpaid vacation and sick leave liabilities. *[Accrual basis of accounting]*
- 541 **Unfunded Pension Liabilities.** The amount of the actuarial deficiency on a pension plan to be contributed by the district on behalf of present employees. *[Accrual basis of accounting]*
- 561 **Arbitrage Rebate Liability.** Liabilities arising from arbitrage rebates to the IRS from bond financing. *[Accrual basis of accounting]*

Unemployment Trust Fund Liability. As the Unemployment Fund does not meet the definition of a fiduciary activity prescribed in GASB Statement No. 84 paragraph 11, the Unemployment Fund is to be reported in the general fund. However, these funds are restricted pursuant to *N.J.S.A. 43:21-7.3(g)*, which requires that employer and employee contributions be held in a trust fund maintained by the governmental entity or instrumentality for unemployment benefit cost purposes and any surplus remaining in this trust fund must be retained in reserve for payment of benefit costs in subsequent years. Accordingly, as use of these funds are restricted by statute, any unemployment net position should be classified as restricted fund balance in the general fund. Any employee contributions are recorded in liability account 580, and any district contributions are to be applied to the restricted fund balance, recorded in account number 10-769. Funds used for the payment for claims will reduce the outstanding liability. Claims which exceed the outstanding liability will be satisfied through use of the restricted fund balance.

Other Long-Term Liabilities. Other long-term liabilities not provided for elsewhere. *[Accrual basis of accounting]*

Budgetary Accounts (Expenditures)

These accounts reflect budgeted and actual amounts related to expenditures and encumbrances. Budgetary accounts are integrated into the accounting system in order to compare the actual revenues and expenditures to the budgeted amounts at any point in time. The importance of this procedure is to prevent overspending.

Expenditure accounts consist of control accounts as well as individual accounts. The control account is used to record the aggregate amount in the general ledger while the detail of the control account is recorded in a subsidiary ledger by individual accounts. The expenditure subsidiary ledger is used to record the details of the control accounts and should include appropriations, encumbrances and expenditures.

Budgetary Accounts (Expenditures):

Balance Sheet Code	Balance Sheet Description — Budgetary Accounts (Expenditures)
---------------------------	--

601	Appropriations (Control Account/Normal Credit Balance). The total amount authorized by the school board or legislative body to make expenditures for specific purposes. This account is credited to record the adoption of the annual budget. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet. It would only appear in interim financial statements.
602	Expenditures/Expenses (Control Account/Normal Debit Balance). The total of expenditures in governmental funds or operating expenses in proprietary funds charged against appropriation during such period. The expenditure account is shown in each governmental fund balance sheet as a deduction from the <i>Appropriations</i> account to arrive at the unexpended balance of total appropriations. At the end of the fiscal period, this account is closed out and does not appear in the balance sheet. It would only appear in interim financial statements.
603	Encumbrances (Control Account/Normal Debit or Credit Balance). This account designates obligations in the form of purchase orders, contracts, or salary commitments which are chargeable to an appropriation and for which part of the appropriation is reserved. In an interim balance sheet, encumbrances are deducted along with the expenditures from the <i>Appropriations</i> account to arrive at the unencumbered balance.
604	Increase in Capital Reserve /Interest Deposit to Capital Reserve. The budgetary account used to record increases in the capital reserve account for approved anticipated deposits, under <i>N.J.A.C. 6A:23A-14.1</i> and <i>-14.3</i> .
605	Increase in Sale/Leaseback Reserve. The same reporting mechanism that is used for reporting capital reserve accounts should also be used for the sale/leaseback reserve account. Used to record a budgeted increase in the account balance in accordance with <i>N.J.S.A. 18A:20-4.2 (h)</i> .

Balance Sheet Code	Balance Sheet Description — Budgetary Accounts (Expenditures)
606	<p>Increase in Maintenance Reserve. The budgetary account used to record a budgeted increase in the maintenance reserve for anticipated deposits that will be used to fund future maintenance projects, pursuant to <i>N.J.A.C. 6A:23A-14.2</i> and <i>N.J.A.C. 6A:26</i>.</p>
607	<p>Increase in Current Expense Emergency Reserve/Interest Deposits. The budgetary account used to record a budgeted increase in the current expense emergency reserve, pursuant to <i>N.J.S.A. 18A:7F-41 (c)</i> and <i>N.J.A.C. 6A:23A-14.4</i>, for anticipated deposits that will be used to finance unanticipated general fund current expense costs required for a thorough and efficient education. Any capital gain or interest earned on the account shall become part of the reserve.</p> <p>Used only with fund 10.</p>
608	<p>Increase in Debt Service Reserve. The budgetary account used to record a budgeted increase in the debt service reserve for anticipated deposits that will be used to fund future debt service payments, pursuant to <i>N.J.S.A. 18A:7F-41 (c)(2)</i>.</p> <p>Used only with fund 40.</p>
610	<p>Increase in Bus Advertising Reserve for Fuel Costs. The budgetary account used to record an increase in the Bus Advertising Reserve for Fuel Costs, for advertising funds unspent on fuel costs in accordance with <i>N.J.S.A. 18A:39-31</i>.</p> <p>Used only with fund 10.</p>
611	<p>Increase in Federal Impact Aid Reserve (General). The budgetary account used to record an increase in the reserve for Impact Aid received under sections 8002 or 8003 of the Elementary and Secondary Education Act of 1965, pursuant to <i>N.J.S.A. 18A:7F-41 (c)(3)</i>.</p>
612	<p>Increase in Federal Impact Aid Reserve (Capital). The budgetary account used to record an increase in the reserve for Impact Aid received under sections 8007 or 8008 of the Elementary and Secondary Education Act of 1965, pursuant to <i>N.J.S.A. 18A:7F-41 (c)(3)</i>.</p>

Fund Balances/Fund Net Assets**Balance Sheet Code Balance Sheet Description — Fund Balances/Fund Net Assets**

Statement of Net Assets	Accounts 710 through 730 are for the Statement of Net Assets, accrual basis of accounting.
710	Invested in Capital Assets, Net of Related Debt. This account is used to record the net asset component invested in capital assets, net of related debt, which represents total capital assets less accumulated depreciation less debt directly related to capital assets. <i>[Accrual basis of accounting]</i>
720	Restricted Net Assets. This account is used to record the net assets component-restricted net assets, which represents net assets restricted by sources internal or external to the district. <i>[Accrual basis of accounting]</i>
730	Unrestricted Net Assets. This account is used to record the net asset component-unrestricted net assets, which represents net assets not classified in net assets invested in capital assets net of related debt (710) and restricted net assets (720). <i>[Accrual basis of accounting]</i>
Balance Sheet	Accounts 750 through 772 are balance sheet fund balance accounts.
750	Restricted Fund Balance. A reserve that represents the segregation of a portion of a fund balance to indicate that assets equal to the amount of the reserve are not available for appropriation.
751	Reserve for Inventories. A reserve representing that portion of a fund balance segregated to indicate that assets equal to the amount of the reserve are invested in inventories and are, therefore, not available for appropriation. The use of this account is optional unless the purchases method of accounting for inventory is used.
752	Reserve for Prepaid Items. A reserve representing that portion of a fund balance segregated to indicate that assets equal to the amount of the reserve are invested in prepaid expenses and are, therefore, not available for appropriation. The use of this account is optional.
753	Reserve for Encumbrances — Current Year. A reserve representing that portion of a fund balance segregated to provide for unliquidated encumbrances from the current year, i.e., orders issued in the current year that will be honored in the subsequent year.
754	Reserve for Encumbrances — Prior Year. A reserve representing that portion of a fund balance segregated to provide for unliquidated encumbrances from the prior year.

Balance Sheet Code	Balance Sheet Description — Fund Balances/Fund Net Assets
755	Bus Advertising Revenue Reserved for Fuel Costs. A reserve account used for when a district receives school bus advertising revenue under <i>N.J.S.A. 18A:39-31</i> and is unable to use at least 50 percent of the revenue for fuel costs.
756	Federal Impact Aid Reserve (General). A reserve representing unspent Impact Aid received under sections 8002 or 8003 of the Elementary and Secondary Education Act of 1965.
757	Federal Impact Aid Reserve (Capital). A reserve representing unspent Impact Aid received under sections 8007 or 8008 of the Elementary and Secondary Education Act of 1965.
758	Reserved Fund Balance - Student Activity Fund. Pursuant to GASB Statement No. 84, all assets and liabilities for the student activity fund will be reported in fund 20. Any fund balance is required to be classified as restricted fund balance in this account.
759	Reserved Fund Balance - Scholarship Fund. All assets and liabilities for scholarship funds will be reported in fund 20 pursuant to GASB Statement No. 84. Any fund balance is required to be classified as restricted fund balance in this account.
761	Reserved Fund Balance - Capital Reserve Account. A reserve account maintained in the general fund for the accumulation of funds for future capital projects.
762	Reserve for Adult Education. A reserve representing that portion of a fund balance segregated to indicate that assets equal to the amount of the reserve are tied up and are, therefore, not available for appropriation.
763	Reserve for Sale/Leaseback. A reserve account in the general fund established with all or part of the proceeds from the sale and lease-back of textbooks and non-consumable instructional materials. Subsequent appropriation from the reserve account shall only be made within the original budget certified for taxes or as approved by the Commissioner for good cause.
764	Reserve for Maintenance. A reserve of fund balance to accumulate funds for the statutorily required maintenance of a facility.
765	Reserve for Tuition Payments. A reserve representing that portion of a fund balance segregated to indicate that assets equal to the amount of the reserve are tied up and are, therefore, not available for appropriation.
766	Reserve for Current Expense Emergencies. A reserve of fund balance to accumulate funds to finance future unanticipated general fund current expense costs required for a thorough and efficient education. Any capital gains or interest earned on the account shall become part of the reserve account.
	Used only with fund 10.

Balance Sheet Code	Balance Sheet Description — Fund Balances/Fund Net Assets
767	<p>Reserve for Debt Service. A reserve of fund balance to accumulate funds from the sale of district property to be used to retire outstanding debt service obligations of the district. Any capital gains or interest earned on the account shall become part of the reserve account.</p> <p>Used only with fund 40.</p>
768	Reserved.
769	<p>Reserved Fund Balance - Unemployment Fund. As the Unemployment Fund does not meet the definition of a fiduciary activity prescribed in GASB Statement No. 84 paragraph 11, the Unemployment Fund is to be reported in the general fund. However, these funds are restricted pursuant to <i>N.J.S.A. 43:21-7.3(g)</i>, which requires that employer and employee contributions be held in a trust fund maintained by the governmental entity or instrumentality for unemployment benefit cost purposes and any surplus remaining in this trust fund must be retained in reserve for payment of benefit costs in subsequent years. Accordingly, as use of these funds are restricted by statute, any unemployment net position should be classified as restricted fund balance in the general fund, in this account.</p>
770	<p>Unassigned Fund Balance. Unassigned fund balance represents the excess of the assets of a fund over the fund's liabilities and reserves. It serves as a measure of current available financial resources. Unassigned fund balance may be subdivided into designated and undesignated portions.</p>
771	<p>Designated Fund Balance. A designation representing that portion of unassigned fund balance segregated to indicate that the governing board or senior management has earmarked assets equal to the amount of the designation for a bona fide purpose in the future.</p>
772	Reserved.

Section 5. Miscellaneous Accounts (Clearing Accounts)

Miscellaneous Clearing Accounts:

Account Number	Miscellaneous Clearing Account Description
801	<p>Insurance Adjustments. This account is for the purpose of recording the receipts and expenditures of money for losses of school property from fire, theft, or other causes, when such losses are covered wholly or partly by insurance. At the completion of the project, an excess of revenues over expenditures would be recorded under Account 5300, Other Sources, Sale or Compensation for Loss of Fixed Assets. Expenditures in excess of revenue would be recorded under the appropriate expenditure accounts. In recording the net expenditure in such cases, it should be prorated to each expenditure class in the same proportion as the gross expenditure was divided.</p>
801	<p>Central Depository Accounts. Clearing accounts used for the purpose of maintaining individual cash balances by fund in situations where one central bank account is used more than one fund. When the account balances in this series are summed, the resulting total will always be zero.</p>

Appendix A: Expenditure Account Outline

Section 1. Overview

The following expenditure account outline lists the minimum level of detail to be maintained in the chart of accounts for compliance with NJ Department of Education and federal reporting requirements, by operating type (regular/charter/renaissance, county special services, vocational and approved private school for students with disabilities). This handbook has described in detail the funds, programs, functions, and objects that comprise the coding structure of the chart of accounts. Appendix A lists the coding structure that incorporates the minimum function and object detail required to meet the aforementioned reporting requirements for each program. As reporting needs differ among programs, the function and object coding may be structured at the category or subcategory level. If at the category level (X00), the outline coding is a summary of subcategories with no specific detail breakout required. If a subcategory (XXX) is included in the coding, specific detail breakout is required for those expenditures, with remaining similar category items summarized in an “*other*” or “*miscellaneous*” subcategory (XX0). The account outline is not intended to dictate a standard chart of accounts for all districts, but offers an overview of the minimum expenditure categorizations within programs. When establishing their individual chart of accounts, handbook users should reference the expenditure account outline to assure that the coding established meets the requirements.

Notations for APSSDs:

- School-Based Account Numbers (fund 15) is a general fund sub-accounting utilized by school districts that have been approved to blend federal and local funds. Accordingly, School-Based Account Numbers (fund 15) is not applicable to APSSDs.
- In addition, the employee benefits for Undistributed Expenditures — Support Services — General Administration are listed chronologically by line number and not account number. Therefore, employee benefits are listed in line numbers 45290, 45291, 45292, 45293, 45294, 45295, 45296, 45297, and 45298.

Section 2. Minimum Appropriations and Expenditures Outline

The last four columns in the outline represent the applicability of the indicated line in the different school district operating types. “X” means the line is applicable to the operating type indicated in the column heading. “-” means the line is not applicable to the operating type indicated in the column heading. The school district operating types are:

- Reg/Ch/Ren: Regular, Charter, or Renaissance School Districts
- CSSD: County Special Services School Districts
- Voc: Vocational School Districts
- APSSD: Approved Private School for Students with Disabilities

Appendix B: Supplies and Equipment

Criteria for Distinguishing Supply and Equipment Items

At one time, the federal accounting handbook published by the National Center for Education Statistics (NCES) contained lists of both supplies and equipment. Such lists can never be all-inclusive, and become outdated. Some federal, state, and local laws and regulations, usually in the form of funding programs, present conflicting criteria for distinguishing between supplies and equipment. For these reasons, the use of a supply and equipment list is not practical.

The NCES has provided, in the *Financial Accounting for Local and State School Systems* 2014 Edition, a set of criteria for determining whether an item is classified as equipment or a supply. The four criteria are reproduced below and are in priority order as given by NCES. Unless otherwise bound by federal, state, or local law, school districts should use these criteria in their supply/equipment classification decisions. In cases where the distinction is unclear, the district, as always, must apply reason and good judgment in making its decision.

Equipment Items

An equipment item is any instrument, machine, apparatus, or set of articles which meets **all** the following criteria:

1. It retains its original shape, appearance, and character with use;
2. It does not lose its identity through fabrication or incorporation into a different or more complex unit or substance;
3. It is nonexpendable; that is, if the item is damaged or some of its parts are lost or worn out, it is more feasible to repair the item than to replace it with an entirely new unit;
4. Under normal conditions of use, including reasonable care and maintenance, it can be expected to serve its principal purpose for at least one year.

Capitalization Policy

The NCES decision chart reflects the above criteria and includes an additional point (capitalization threshold). When the answer to the question *“If the item exceeds the minimum dollar value mandated by a state or other government unit (with due regard for group control of some items)”* is yes, and all four of the previously listed criteria have been met, then the item should be classified as equipment.

On January 11, 2001, the NJ Department of Education notified districts that effective July 1, 2001, the capitalization threshold (minimum dollar value for determining if an item is equipment) used by school districts in New Jersey was increased to \$2,000. This higher capitalization threshold required for accounting and financial reporting does not preclude a district from using a lower threshold for insurance or asset management/management control purposes.

Supply Item

An item should be classified as a supply if it does not meet all the stated equipment criteria, and the cost is not more than the capitalization threshold of \$2,000.

Appendix C: Details of Reserved Codes

This section contains details of codes where use has been discontinued. The codes will not be re-used for other purposes therefore they are reserved.

Reserved Fund Codes

Fund Code — Reserved	Fund Code Description
16	American Recovery and Reinvestment Act of 2009- Education Stabilization Fund (ARRA-ESF). Federal awards to states' governors by formula under the SFSF program in exchange for a commitment to advance essential education reforms to benefit students from early learning through post-secondary education. These funds helped implement the new school funding formula under the School Funding Reform Act of 2008. (Removed in 2015-16.)
17	American Recovery and Reinvestment Act of 2009- Government Services Fund (ARRA-GSF). Federal awards to states' governors by formula under the SFSF program in exchange for a commitment to advance essential education reforms to benefit students from early learning through post-secondary education. These funds helped stabilize state and local government budgets in order to minimize and avoid reductions in education and other essential public services. (Removed in 2015-16.)
18	Education Jobs Fund. Federal award to fund compensation and benefits and other expenses, such as support services, necessary to retain existing employees, to recall or rehire former employees, and to hire new employees, in order to provide early childhood, elementary, or secondary educational and related services. Revenues were required to be spent by September 30, 2012.
19	FEMA Community Development Block Grant (CDBG). Accounts for the grants received from Federal Emergency Management Agency (FEMA) for CDBG related to Hurricane Sandy. (Removed in 2017-18.)
