

Margit Buchhalter-Feldman – I rose from the ashes of Auschwitz, Krakow, Greentsery, Bergen-Belsen as a child of 15 years of age from the Holocaust to rebirth and a new life. My mission is to educate the public and the children who will grow up to be our future leaders of this great country of ours. I want to teach them about mans inhumanity to his fellowman in an attempt to guarantee that such an atrocity as the “Holocaust” will never occur again.
