PETITIONER-APPELLANT, :  
V. : STATE BOARD OF EDUCATION  
BOARD OF EDUCATION OF THE : DECISION ON MOTION  
CITY OF EAST ORANGE, ESSEX :  
COUNTY, :  
RESPONDENT-RESPONDENT. :

---

Decided by the Commissioner of Education, October, 18, 2004

For the Petitioner-Appellant, David R. Giles, Esq.

For the Respondent-Respondent, Love & Randall (Marvin L.  
Comick, Esq., of Counsel)

On November 24, 2004, the appellant C.G. filed an appeal to the State Board of Education from a decision of the Commissioner of Education dismissing her petition in which she claimed that the East Orange Board of Education had denied her daughter, T.G., admission to the district's schools, had violated T.G.'s due process rights and had improperly failed to provide her daughter with an individualized education program. On February 7, 2005, the appellant filed a motion to compel production of documents and to supplement the record on appeal with "up-to-date evidence related to T.G. and her education...." Brief in Support of Motion, at 3. Specifically, the appellant seeks to

supplement the record with T.G's current school transcript and with affidavits of T.G. and the appellant's counsel.

After a review of the papers filed, we deny the appellant's motion. We conclude that the proposed exhibits are not material to the issues on appeal. N.J.A.C. 6A:4-1.9(b).
