Cumulative GPA Requirement

- New Jersey requires that candidates for certification achieve a cumulative **GPA of at least 3.0 when a GPA of 4.00 equals an A grade** for students graduating on or after **September 1, 2016 (2.75 for those graduating before September 1, 2016)** in a baccalaureate degree program, higher degree program or a State-approved post-baccalaureate certification program with a minimum of 13 semester-hour credits.
- Please note that there are GPA Flexibility Rules where a high praxis score may offset a GPA that is lower than 3.0, but higher than 2.75.

Subject Matter Preparation

- For certification as a **Health** teacher, current regulations require that applicants complete a minimum of 30 credits in a coherent sequence in the subject field of Health. A coherent sequence requires that at least 12 credits are completed at the advanced level of study (junior, senior or graduate level). Related courses may be accepted depending on the course description/content. Please provide a course description if a course is not taken from the Health Department. Courses in pedagogy/education are not accepted towards the subject matter preparation. The final determination as to which courses will be counted towards the subject matter is based on professional and content standards found in the NJ Licensing Code. **All credits must appear on a regionally accredited 2- or 4-year college/university transcript.**

Professional Teacher Preparation

- Current regulations for certification require that applicants complete a coherent sequence of study in professional education which may be completed in a provisional teacher program or an approved teacher preparation program. This is to advise that courses presented by the applicant in professional education must be a coherent sequence of courses that culminates in supervised clinical practice.

Teacher Performance Assessment
