

## **SCHOOL LIBRARY MEDIA SPECIALIST (SLMS) CERTIFICATE OF ELIGIBILITY (ENDORSEMENT CODE: 2855)**

The school library media specialist (SLMS) endorsement is required for any person who serves as a school library media specialist in all public schools. The functions include delivery of instruction in information literacy skills and the development and coordination of school library media programs and resources. The functions also include the delivery of instruction in the evaluation, selection, organization, distribution, creation and utilization of school library media. Media are defined as all print, non-print and electronic resources including the technologies needed for their use.

To qualify for the **Certificate of Eligibility (CE)**, you will need to present evidence of meeting these requirements:

- Master's degree from a regionally accredited college or university.
- Complete **one** of the three following options:
  1. A graduate curriculum approved by the Department as the basis for the School Library Media Specialist certificate  
  
**OR**
  2. A master's degree in library media studies from a regionally accredited college or university  
  
**OR**
  3. A program of graduate studies consisting of at least 36 semester-hour credits in a coherent sequence of studies including the following:
    - Organization and coordination of school library media programs, resources and instruction to provide a sequential course of study for students;
    - Application of learning theory to reading, listening and viewing library media resources;
    - Access, evaluation, selection and utilization of library media resources;
    - Design and development of multi-media materials;
    - Design, development and integration of information literacy skills and the library media program throughout the school curriculum;
    - Integration of educational resources and technology throughout the school curriculum;
    - Children's literature and young adult literature;
    - Development and implementation of policies and procedures for effective and efficient acquisition, cataloging, processing, circulation, and maintaining equipment and resources to ensure equitable access;
    - Development, implementation and evaluation of library media programs to meet educational goals including management of library personnel, resources and facilities;
    - Utilization of current and emergent technologies in all phases of school library media programs;
    - Field experience that includes instruction and management. This experience must be completed in a school library media center.

**Please consult a regionally accredited, 4-year college/university to register for courses covering these required areas of study. If you believe that you have met this study, please provide official course descriptions along with your application.**

To qualify for the **standard** certificate after a CE has been issued, you will need to present evidence of meeting the requirements below:

- Possess a provisional educational services certificate with an SLMS endorsement by obtaining employment in a position requiring the SLMS endorsement.

NOTE: THIS DOCUMENT IS MADE IN ACCORDANCE WITH THE RULES CURRENTLY IN EFFECT. REQUIREMENTS, PASSING TEST SCORES, AND FEES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

- Complete a coherent college program at a regionally accredited college or university that includes a minimum of nine semester-hour credits in educational theory, curriculum design and integration, teaching methodology, student/learning development, and behavior management. **Note:** *If you believe that this study is contained in coursework already completed, please have your college or university's Department Director/Chair of your program identify the courses that fulfill the areas of study in educational theory, curriculum design and integration, teaching methodology, student/learning development, and behavior management. After you receive the information from the college, please return it to the attention of your examiner at the address above.*
- Complete a year-long school-based residency program in a school library media center. A certified school administrator, principal or supervisor shall provide supervision during the candidate's provisional year.
- Complete graduate level coursework in the school library media topics that were not included in your completed library media master's program.

**Fee Requirement**

- No checks or money orders will be accepted
- Please make the payment online
- Please notify your examiner after payment has been made.
- If your application expires after six months, you will be charged a fee of \$70.
- All fees, including money left on file, are nonrefundable
