# **Elementary Math Resources**

Tier 1: Universal Supports		
Resource	Additional Information	
<u>STMath</u>	Computer based early learning, K–6, and middle school program. Usually fee based. No cost to parents, schools and districts affect by closures.	
<u>SplashLearn</u>	K–5 Math Learning Program	
<u>Mathalicious</u>	Real-world lessons from Mathalicious for middle school and high school.	
Estimation 180	What a great site to send students to! Building number sense one day at a time. This site has awesome activities that a student could really think about and could really empower their estimation skills.	
Greg Tang Math	Games	
Zearn Math	Teachers can set up a class. <u>Distance Learning with Zearn Math</u> offers "instruction" with a virtual teacher and games and activities. Zearn Math has set up <u>Zearn Math Parent/Caregiver Pack</u> for parents and caregivers.	
Khan Academy	This organization has provided some guidance on how to use <u>Khan</u> <u>Academy for remote learning during school closures</u> .	
<u>Desmos</u>	Free Online Calculators, activities and webinars for teachers.	
Texas Instruments	There are downloads, activities, professional development opportunities and general resources including test prep.	
<u>The Math Learning</u> <u>Center: Preparing for</u> <u>Remote Learning</u>	Great resources and ideas for teaching during this time of nontraditional instruction. Geared to PreK–5 families	
Youcubed	Check out the tasks and more. Great <u>parent learning resources</u> as well. Also, a ton of great math tasks that students could work on at home.
