

New Jersey Department of Education New Nonpublic School Registration Form

Registration Process

To be eligible for State and Federal services, a nonpublic school must submit this registration form. Additional reports will be required to receive services; visit the [Nonpublic School Services webpages](#) to learn about the requirements.

All nonpublic schools that submit the New Jersey Department of Education (NJDOE) nonpublic school registration form will undergo a two-tier review process, as follows:

- ✓ Tier 1 review: The Office of Nonpublic School Programs will review the registration form and confirm that all requirements have been met, including submission of the [Health and Safety Requirements of Nonpublic School Facilities Attestation](#). The applicant will receive an email providing the review status.
- ✓ Tier 2 review: The NJDOE county personnel will schedule an on-site visit with the listed nonpublic school administrator and conduct the health and safety review to verify that the school has complied with *The Health and Safety Requirements of Nonpublic School Facilities Attestation*. The applicant will be contacted by the appropriate NJDOE County Office staff to schedule the school visit.
- ✓ After successful completion of the tier 2 review, the applicant will receive an email with their official nonpublic school registration letter.

This process will be on-going throughout the year, but with deadlines provided in the timeline in Table 1.

If the nonpublic school desires to complete the registration process sooner than the deadlines indicated in Table 1, assume the same time requirements apply and the NJDOE will try to accommodate the school.
