STATE OF NEW JERSEY
DEPARTMENT OF EDUCATION

Summary of Additions, Deletions, and Revisions
2020 New Jersey Student Learning Standards – Computer Science and Design Thinking

June 2020

Based on public feedback and review, the Draft New Jersey Student Learning Standards (NJSLS) posted in February of 2020 have been updated. The updated documents use **bolding** to indicate additions and revisions, and brackets [ ] to indicate deletions. This formatting is not accessible to many people. This document serves as the alternate version of the **bolded** and [bracketed] content. It lists all *meaningful* additions, deletions, and revisions.

Revisions

This section includes revisions made to performance expectations.

Performance Expectations

8.1 Computer Science

By the end of grade 5

Draft Performance Expectation	Proposed Performance Expectation	Changes
8.1.5.DA.1: Organize and display data in order to highlight relationships or support a claim.	8.1.5.DA.1: **Collect, organize,** and display data in order to highlight relationships or support a claim.	Added "collect"

Draft Performance Expectation	Proposed Performance Expectation	Changes
8.1.5.DA.3: Organize and present collected data visually to highlight relationships or support claims.	8.1.5.DA.3: Organize and present collected data visually to **communicate insights gained from different views of the data**.	Replaced "highlight relationships or support claims" with "communicate insights gained from different views of the data"

8.2 Design Thinking

By the end of grade 12

Draft Performance Expectation	Proposed Performance Expectation	Changes
8.2.12.ED.1: Use research to create a product or system that addresses a problem and make modifications based on input from potential consumers.	8.2.12.ED.1: Use research to **design and** create a product or system that addresses a problem and make modifications based on input from potential consumers.	Added "design and"
