# ACCESS for ELLs

# ACCESS for ELLs Purpose

- The ACCESS for ELLs assessments serve as New Jersey’s English Language Proficiency (ELP) assessments as required by ESSA and N.J.A.C. 6A:15-1.10(b).
  - ACCESS for ELLs is administered in grades K–12 to students identified as English Learners (ELs).
  - ELs are students whose native language is other than English and have varying degrees of ELP in any one of the language domains of speaking, reading, writing, or listening.
- ACCESS for ELLs measures English proficiency growth tied to the WIDA (World-Class Instructional Design and Assessment) English Language Proficiency standards, which are aligned to the academic content area standards.
- An Overall Composite cut score of 4.5 (on a scale from 1.0 to 6.0) on the ACCESS for ELLs assessment is used as **one** of multiple measures by which ELL students are exited from program services in NJ.

# 2022 New Jersey Graduation Proficiency Assessment (NJGPA) Results

# NJGPA Overview

- NJGPA is designed to measure the extent to which students are graduation ready in English Language Arts (ELA) and Mathematics.
- Graduation readiness is reported separately for each content component.
- The ELA component is aligned to the grade 10 standards.
- The Mathematics component is aligned to Algebra I and Geometry standards.

# NJGPA Field Test Legislation

- On July 5, 2022, Governor Murphy signed P.L.2022, c.60 (ACS for A-3196/S-2349), which requires the State Board of Education to administer the NJGPA as a field test for class of 2023.
- The law also prohibits the results of the NJGPA field test (First Pathway), a substitute competency test (Second Pathway), or portfolio appeal (Third Pathway) from being used as prerequisite for graduation for students expected to graduate in the class of 2023.
- There is no graduation assessment requirement for any student who is expected to graduate with the class of 2023.
- This data is to be used to inform teaching and learning prior to graduation.

# 2022 New Jersey Student Learning Assessment (NJSLA)

# Changes to the High School NJSLA

## 2018-2019 NJSLA

- **ELA**
  - All three writing tasks were tested across two different versions of the grade 9 test.
  - Administered to students in grade 9 and 10.
- **Math**
  - All high school students enrolled in Algebra I, Geometry, and Algebra II in grades 9 and 10 were required to test.

## 2021-2022 NJSLA

- **ELA**
  - Two writing tasks assessed on the grade 9 test.
  - Only administered to students in grade 9.
- **Math**
  - Students were only required to test at the end of their first math course in high school (Algebra I, Geometry, or Algebra II).

# Assessment Summary

- The global Covid-19 pandemic had a negative impact on the 2022 NJSLA results.
- Educators are credited with providing their students with social, emotional, and academic supports during a historically challenging time caused by the Covid-19 public health emergency.
- New Jersey's state-wide testing results are mostly consistent with national trends.
- The Department will triangulate data from the 2022 Clearinghouse Survey with 2022 NJSLA data for schools that demonstrated gains over their 2019 assessment results in conjunction with interviews to identify promising practices for duplication and expansion across our State to exponentially accelerate learning for each of the 1.4 million students we serve.
