Which statement best describes your experience with data submission?

1. I have uploaded data in NJ SMART.
2. I have never uploaded data.
3. I have used another data submission system outside of an NJDOE-based system.

Introduction to NJSLEDS

Introduction to NJSLEDS

The New Jersey Department of Education (NJDOE) is transitioning from the current NJ SMART system to the New Jersey Statewide Longitudinal Education Data System (NJSLEDS) as part of a strategic effort to enhance statewide data management, ensure long-term sustainability, and align with evolving education policies and technology standards.

Why The Transition?

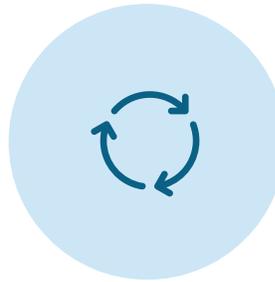

Improved Data Management:
Strengthens the state's ability to maintain and analyze education data efficiently.

Shift to Source-Based Data Integrity: Enforces best practices by requiring data corrections at the source—improving auditability, data governance, and alignment with federal reporting models.

Long-Term Sustainability:
Ensures direct ownership and adaptability to meet future policy and compliance needs.

Foundation for Future Integration:
While current uploads still rely on .CSV UTF-8 files, NJSLEDS is being built to eventually support direct system-to-system integration via API, reducing manual work and improving accuracy in the long-term.

NJSLEDS will continue to provide the data necessary to monitor student progress, support decision-making, and secure funding for New Jersey's school districts. Districts are encouraged to submit data regularly to maintain an up-to-date and impactful system.

Transition Goals and Benefits

Our goal: Ensure a seamless transition while modernizing the application.

- Transitioning NJ SMART to NJSLEDS with a redesigned architecture.
- Migrating the longitudinal application to an internally managed, cloud-based infrastructure.

Key Benefits:

- Smooth transition with minimal disruption to users.
- Consistent data submission process by maintaining familiar input file layouts.
- Immediate continuity while leveraging a modernized infrastructure.

What this means for the future:

- While the new platform enhances reliability, further optimizations may be needed to fully leverage advanced scalability and features.
- Further enhancements could introduce more automation, improved performance, and expanded capabilities.

This migration prioritizes stability, ensuring a smooth transition while allowing for future enhancements as needed.

Transition Timeline

February

-  **Cohort 1 Kickoff**
-  **February 5, 2025:** Launch Pilot 1 (Staff Vacancy) for Cohort 1
-  **February 19, 2025:** End Pilot 1 (Staff Vacancy) for Cohort 1

March

-  **March 6, 2025:** Launch Pilot 2 (Student Management) for Cohort 1
-  **Cohort 2 Kickoff**
-  **March 13, 2025:** Launch Pilot 1 (Staff Vacancy) for Cohort 2
-  **March 20, 2025:** End Pilot 2 (Student Management) Pilot for Cohort 1 and Pilot 1 (Staff Vacancy) for Cohort 2

April

-  **April 3, 2025:** Launch Pilot 3 (Staff Management) for Cohort 1 and Pilot 2 (Student Management) for Cohort 2
-  **April 17, 2025:** End Pilot 3 (Staff Management) for Cohort 1 and Pilot 2 (Student Management) for Cohort 2

May

-  **Cohort 3 Kickoff**
-  **May 1, 2025:** Launch Pilot 4 (Special Education) for Cohorts 1 and 2; Pilot 3 (Staff Management) for Cohort 2, and Pilot 1 (Staff Vacancy) and Pilot 2 (Student Management) for Cohort 3
-  **May 15, 2025:** End Pilot 4 (Special Education) for Cohorts 1 and 2; Pilot 3 (Staff Management) for Cohort 2, and Pilot 1 (Staff Vacancy) and Pilot 2 (Student Management) for Cohort 3
-  **May 29, 2025:** Launch Pilot 5 (State Assessment Registration (SAR) and Performance Report) for Cohorts 1 and 2, and Pilot 3 (Staff Management) and Pilot 4 (Special Education) for Cohort 3

June

-  **June 12, 2025:** End Pilot 5 (State Assessment Registration (SAR) and Performance Report) Pilot for Cohorts 1 and 2, and Pilot 3 (Staff Management) and Pilot 4 (Special Education) for Cohort 3

July

-  **July 7, 2025:** Soft Launch Begins
-  **July 31, 2025:** Soft Launch Ends

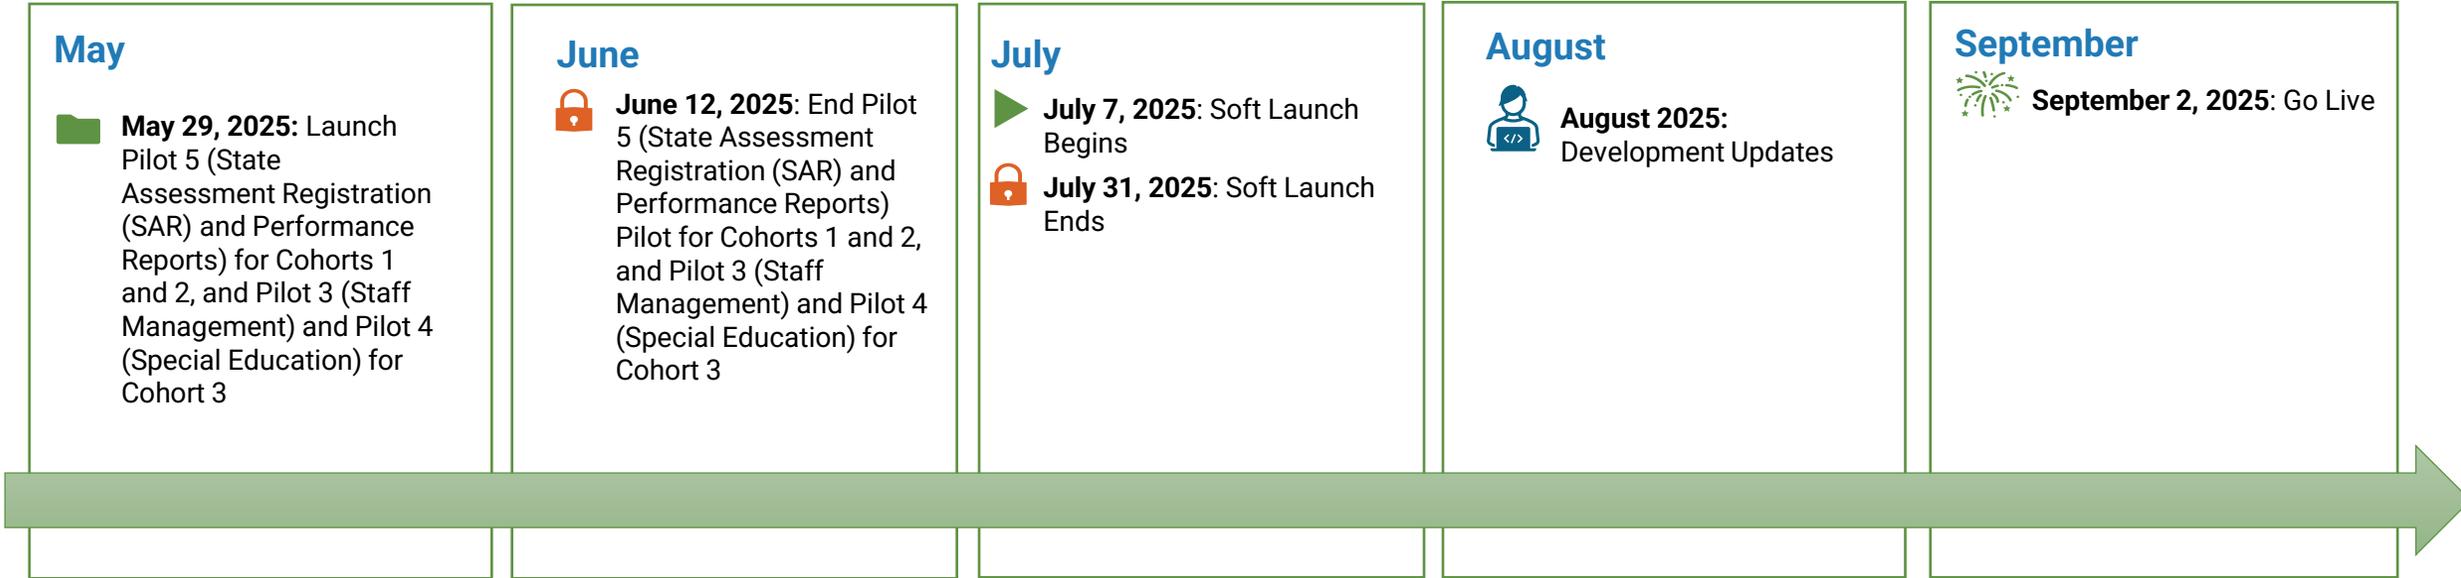

August

-  **August 2025:** Development Updates

September

-  **September 2, 2025:** Go Live

Transition Timeline: May through September

- The final pilot window will open on May 29 and close on June 12. The submissions and cohorts are listed in the above timeline.
- All districts will have the opportunity to participate in the soft launch, which will run from July 7 to July 31, 2025, followed by development updates from August 1 to August 29, 2025.
 - This is a key opportunity for all districts to test submissions, review workflows, and address system errors before the official statewide rollout on September 2.

NJSLEDS Pilot Information

Pilot Testing Process and Milestones

Pilot Testing: We have run **multiple pilot phases, beginning in February and running until June 2025.**

The NJDOE is partnering with school districts to test NJSLEDS through pilot programs, focusing on various data collection and submission capabilities. We have been breaking these Pilots into cohorts to manage the participation and expand the feedback.

Feedback and Refinement: Input from pilots will inform the final development of NJSLEDS, including training and support resources, available on the new [NJSLEDS website](#). From June to July 2025, we will make development changes based on feedback from the pilots in preparation for our **soft launch on July 7, 2025.**

Ensuring Continuity: Focus will be placed on maintaining a smooth transition, ensuring that NJ SMART data submission timelines continue without disruption until NJSLEDS is fully operational on **September 2, 2025.**

What is the NJSLEDS Pilot?

The NJSLEDS Pilot is a testing environment intended for districts to:

- Submit sample data to evaluate system workflows ensuring familiarity before official launch
- Identify issues or questions with the submission process
- Share feedback with the NJDOE to inform system improvements'

The goal is to test the system's functionality, detect any bugs, and validate that the system works as intended in a controlled environment.

- Pilot results will have no impact on QSAC, funding, accountability, or public reporting
- Submissions don't have to be perfect—errors are part of the process

Key Pilot Factors

Data Used in the Pilot

- Use representative or test data from your source system whenever possible.
- Do not carry over any updates made within the pilot system to NJ SMART or your source system.
- Do not adjust live systems based on findings during the pilot.

Submission File Layouts

- File layouts are consistent with those used in NJ SMART to ensure continuity.
- Pilot submissions will not include any new fields or submissions, with the exception of Staff Vacancy.

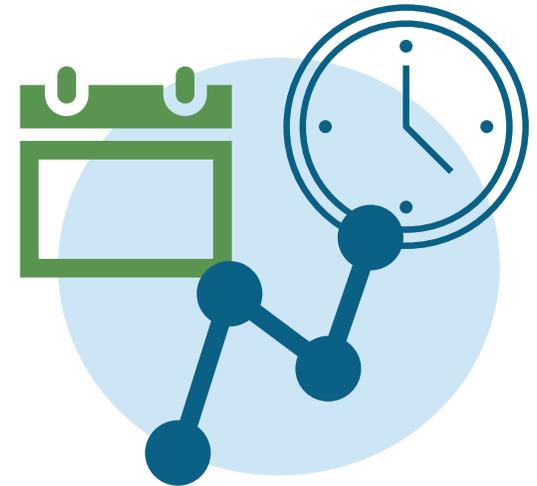

Pilot Data is Temporary

- Records created or modified during the pilot will not be retained after the pilot concludes.
- Any SIDs, SMIDs, or other data created for testing purposes will be cleared before the system launches.

What Pilot Districts Should Do Now

Continue using NJ SMART for official reporting until NJSLEDS fully launches in September 2025.

- This includes
 - SID and SMID submissions through June 30th
 - Course Roster and CTE submissions through August 2nd.
 - Graduation Snapshot on August 29th
- Do not enter pilot data into your SIS or source system or NJ SMART.
- Use the pilot to test submissions and workflows, but not for finalizing corrections.

**Any questions on what
we've covered so far?**

NJSLEDS Soft Launch Information

NJSLEDS Soft Launch: July 7–31, 2025

A statewide preview window for all districts, regardless of pilot participation.

Purpose of the Soft Launch

- Explore the full NJSLEDS platform ahead of the official September 2 launch
- Submit practice files for all submission types
- Review errors, test workflows, and confirm SIS alignment
- Identify local adjustments needed before go-live

Key Reminders

- This is not a continuation of the pilot
- The goal is preparation, not perfection
- Use this time to build confidence with navigation and data flows

Next Steps

- Submissions will pause from August 1–29
- NJDOE will finalize system updates based on soft launch feedback:
 - Logic refinements
 - UI improvements
 - Help Desk readiness

State Assessment Registration (SAR) Submission

State Assessment Registration Submission

The State Assessment Registration Submission collects data for prepopulating the NJSLA, NJGPA, ACCESS 2.0 and DLM vendor registration systems.

- For NJSLA-ELA and NJSLA-Mathematics, all students in grades 3-8 must be reported.
- For NJSLA-ELA, students in grade 9 must be reported.
- For NJSLA-Mathematics, all students in grades 9-12 must be reported at least once and must take Algebra I, except for those with the qualified exceptions:
 - Students who meet the participation criteria and will take the DLM mathematics assessment in high school
 - Students who took Algebra I in middle school must be reported for Geometry or Algebra II in high school, whichever they take first
- For NJSLA-Science, students in grade 5, 8, and 11 must be reported.
- For NJGPA, students in grade 11 must be reported for ELA and Mathematics.
- For ACCESS for ELLs or WIDA Alternate ACCESS, all students in grades K-12 who are taking the assessment must be reported.
- For DLM, all students who meet the participation criteria must be reported for:
 - ELA and Mathematics in grades 3-8 and 11
 - Science in grades 5, 8, and 11.

Determining Who To Submit

A student should appear in the State Assessment Registration Submission if the following requirements are met:

Student is Active in your Student Management

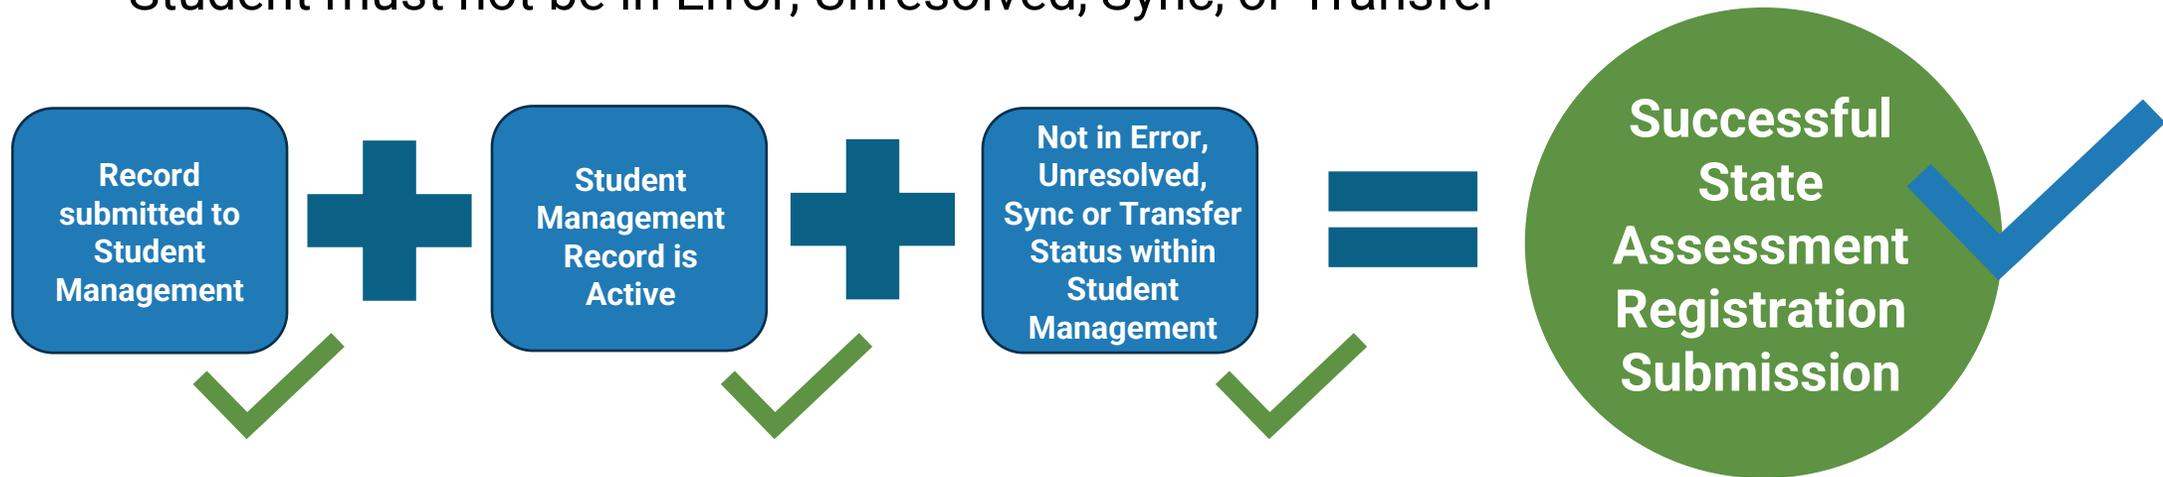

NonPublic field in Student Management is blank
ReportedSharedVoc field in Student Management is N

Student is participating in NJSLA, NJGPA, ACCESS, or DLM Assessments

Reporting Criteria

Student Management criteria:

- Student must be successfully issued a SID number
- Student must be listed in Student Management with a School Status of Active
- Student must not be in Error, Unresolved, Sync, or Transfer

- Each record submitted to the State Assessment Registration Submission will undergo exact matching with your **current** Student Management data.

LEA Reporting Responsibilities

General Rule

- The LEA responsible for reporting a student to Student Management is also responsible for submitting that student to State Assessment Registration

Special Cases

- **Shared-time vocational students** must be reported by the non-vocational district.
- **Testing at another location:** Submitting districts must obtain all necessary registration details from the testing site.

Shared Enrollment Scenarios

- **Sending district:** Registers the student for NJSLA, NJGPA, ACCESS, and DLM—even if the student is tested at the receiving district.
- **Receiving district:** Monitors submissions and notifies the sending district of any issues.

Note for Pilot Testing: Not all districts are participating during the pilot, so shared enrollment functionality may not behave as expected.

Student Reporting Responsibilities

Each student submitted to the State Assessment Registration Submission should have:

- One record for ELA
- One record for Math
- One additional record for Science, if applicable (NJSLA or DLM)

Special Cases

- If a student is taking more than one assessment within the same subject, only one record is required.
- Use a combined value in the StateAssessmentName field to reflect multiple assessments.

Example:

- A student taking both NJSLA ELA and ACCESS for ELLs should be reported with a single ELA record.
 - In the StateAssessmentName field, enter 5 to indicate both assessments.

Student Reporting Responsibilities

Who Should Be Reported

- Only report students who are actively participating in:
 - NJSLA
 - NJGPA
 - ACCESS for ELLs or Alternate ACCESS
 - DLM
- Do not submit students who are not taking any of these assessments.
 - Example: A 12th grader not participating in NJGPA or ACCESS should be excluded.

Out-of-Sync: What to Expect During the Pilot

- Flags active students in grades 3-12, and Multilingual Learners in PK-2, who have not been submitted for the State Assessment Registration Submission
- Does not always indicate a problem
- These records do not count against your district and will not block certification
- Use Out-of-Sync as a review tool—testing students should not appear here. If they do, upload their assessment record to bring them into sync

Reporting New Students

Any new student who enrolls during the State Assessment Registration window must be:

- Reported to Student Management first
- Then, included in State Assessment Registration, if they meet the inclusion criteria

- Ensures students appear in:

- Assessment Registration Submission
- Vendor systems (NJSLA, NJGPA, ACCESS, DLM)

- Failure to report may result in:

- Incomplete test rosters
- Missing or inaccurate assessment eligibility
- Noncompliance with state reporting requirements

Cross Validation Rule

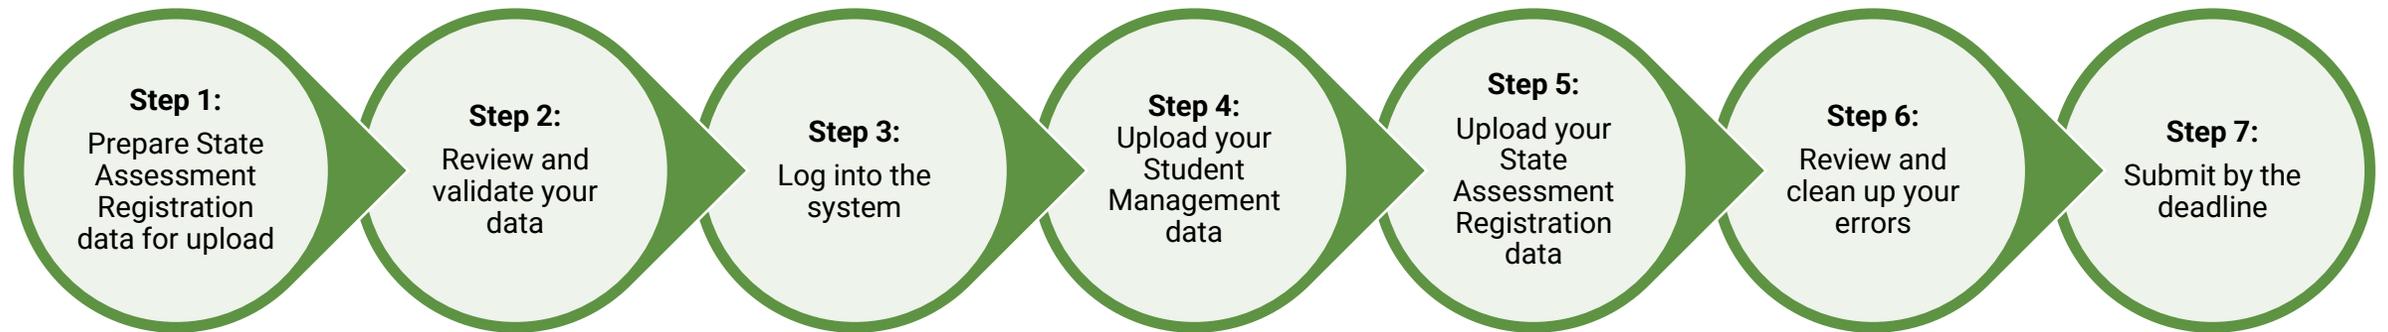

- When submitting students to State Assessment Registration Submission, values for the following data elements must match exactly as they were submitted to Student Management Current Data or an error will occur: Local ID, State ID, Date of Birth, First Name, and Last Name.

	Student Management		SAR Submission
Local ID	123456	=	123456
State ID	1111111111	=	1111111111
Date of Birth	19990302	≠	19950302
First Name	Marcus	=	Marcus
Last Name	Smith	=	Smith

- These elements cross validate with the Student Management Current Data. When in error, check all five fields against your Student Management records to make sure they match.

Welcome to the NJSLEDS User Resources Page

Everything you need to navigate your data submissions, organized by submission type and designed for clarity, accuracy, and ease of use.

The NJSLEDS User Resources page supports districts in submitting complete, timely, and accurate data to the New Jersey Department of Education. Whether you're new to longitudinal data reporting or an experienced data manager, this page provides direct access to the most current tools, templates, and guidance for every step of the submission process.

Each submission area includes a dedicated resource page featuring submission handbooks, reporting responsibilities, frequently asked questions (FAQs), file templates and data layout specifications.

Explore Available Submission Resources

Student Management > Tools for submitting student data, managing transfers, and maintaining enrollment accuracy.	Staff Management > Guidance for reporting core staff information, including SMID assignment and more.
Special Education > Resources for submission of student data related to special education services.	Staff Vacancy > Includes all required materials for reporting vacant, eliminated, and new teaching positions.
State Assessment Registration > Guidance for registering eligible students for statewide assessments.	Performance Reports > Includes tools and resources for submitting district-level performance summaries.

Modules for additional submissions are coming soon as NJSLEDS continues to expand.

The [State Assessment Registration Handbook](#) is a required resource available on the NJSLEDS User Resources website. All districts must use it when preparing submissions.

Before submitting:

- Review all definitions, notes, and common errors.
- Understand that not every data element is required for every submission.
- Be clear on how each element should be implemented.

To support accurate, compliant data submissions:

- Share the handbook with your data coordinator or data administrator.
- Ensure that the data you collect aligns with NJDOE requirements.
- Review your data for accuracy—clean data now means fewer errors and saved time later.

If a definition is unclear or difficult to apply in your context, please contact the NJSLEDS Help Desk. We're here to help.

Handbook Sections

The following information is provided for each data element in the [State Assessment Registration Handbook](#):

Name of Data Element: The data element name used within the NJSLEDS system.

Definition of Data Elements: A brief description of the data element.

Functional, Policy or Legal Description: The rationale for collecting the data element, and how the data element will be used. Other policy and legal implications for its collection.

CEDS Mapping: An indication of how the NJSLEDS data element maps to Common Education Data Standards (CEDs).

Is This Data Element Required?: Indication of whether the data element is required for file submission.

Acceptable Values: Indication of the data type, minimum and maximum number of characters permitted, and lists values and ranges accepted for each element.

Validation Checks: Specific data validation that will occur with respect to each data element.

Additional Notes: Additional relevant notes about the data element.

Common Errors: Guidance on how to resolve common errors within NJSLEDS.

Warnings: (if applicable) The warning message indicating that the data entered does not meet the standards outline by the NJDOE. Warnings are not considered validation errors.

Use the SAR Template

The [SAR Template](#) is a key component of the data reporting processes.

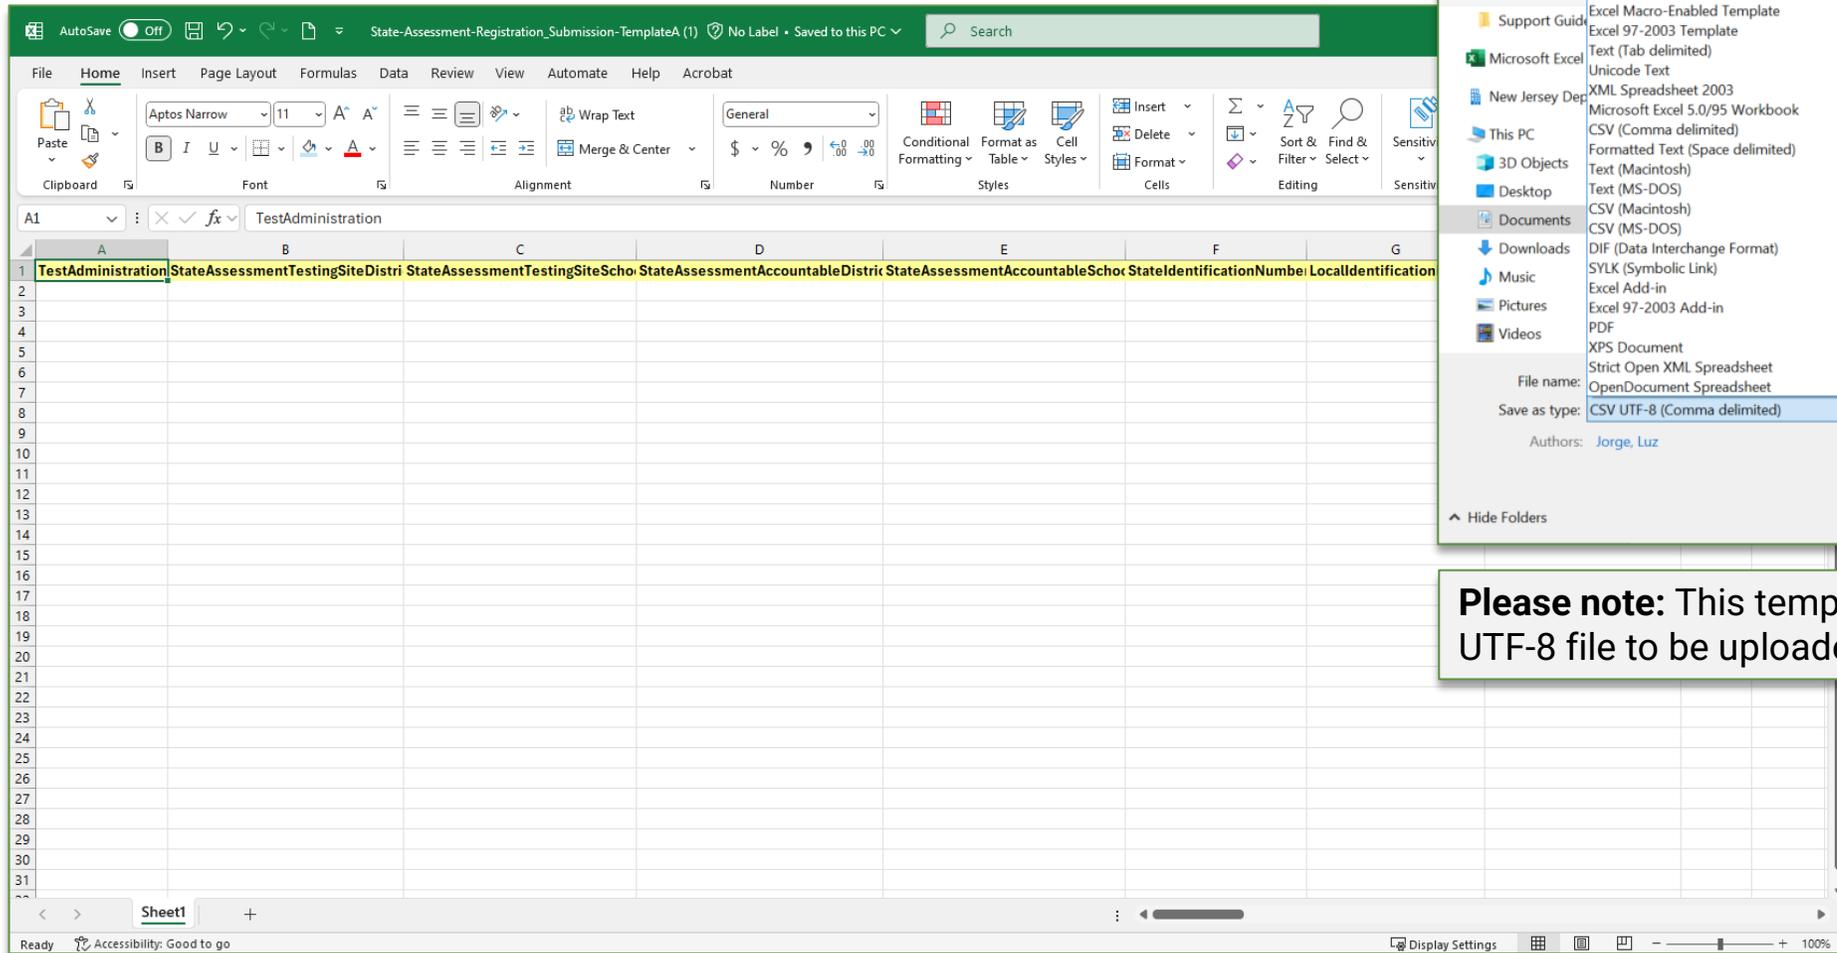

Its purpose is to help you manage and report data to meet state and federal requirements.

We provide this template to collect core data for SAR and ensure that districts report consistent and accurate data in compliance with the law.

This template can be found under the [State Assessment Registration User Resources](#) on the [NJSLEDS User Resources website](#).

SAR Template A

This is a downloadable SAR template provided on the NJSLEDS User Resources website. [Template A](#) contains headers with lookup tables for the data elements.

Please note: This template must be saved as a .CSV UTF-8 file to be uploaded into the NJSLEDS system.

SAR Template B

This is a downloadable SAR template provided on the NJSLEDS User Resources website. [Template B](#) only contains headers for the data elements.

The image shows a screenshot of Microsoft Excel with the 'Save As' dialog box open. The spreadsheet in the background has a header row with the following text: 'TestAdministration StateAssessmentTestingSiteDistri. StateAssessmentTestingSiteScho. StateAssessmentAccountableDistric. StateAssessmentAccountableScho. StateIdentificationNumber. LocalIdentification'. The 'Save As' dialog box is open, showing the 'Save as type' dropdown menu with 'CSV UTF-8 (Comma delimited)' selected. The 'File name' field is empty, and the 'Save' button is highlighted.

Please note: This template must be saved as a .CSV UTF-8 file to be uploaded into the NJSLEDS system.

Welcome to the New Jersey Statewide Longitudinal Education Data System (NJSLEDS)!

This platform is designed to streamline the process of submitting and uploading essential data for student and staff information, ensuring compliance with state and federal requirements and supporting administrative efficiency.

By participating in the pilot, you and your district will play a vital role in helping the Department of Education collect this crucial data, ensure regulatory compliance, and potentially drive positive changes within our schools.

Important Note for Pilot Participants: Do Not Update SIS with Pilot Data

During the NJSLEDS pilot phases, districts should not update their SIS systems with corrections based on test data submissions. This pilot phase is designed to test and refine the system using test pilot data, not live production data.

- Any errors or discrepancies identified in pilot submissions should only be addressed within their submission .CSV UTF-8 file and not corrected in a district's SIS system.
- SIDs or SMIDs created or associated during the pilot are test SIDs or SMIDs and are not valid for live use. Any new SIDs or SMIDs or corrections to SIDs or SMIDs in NJSLEDS should not be updated in the SIS, as they do not represent real, valid identifiers.
- Districts should continue to follow their existing NJ SMART reporting procedures until NJSLEDS officially launches in September 2025. Once NJSLEDS goes live, districts will be expected to align their SIS updates with the new system.

Submission Schedule

Make sure to upload your Submissions before the scheduled dates below:

 **May 29, 2025:** Launch Pilot 5 (State Assessment Registration and Performance Report) for Cohorts 1 and 2, Pilot 3 (Staff Management) and Pilot 4 (Special Education) for Cohort 3.

 **June 12, 2025:** End Pilot 5 (State Assessment Registration and Performance Report) for Cohorts 1 and 2, Pilot 3 (Staff Management) and Pilot 4 (Special Education) for Cohort 3.

Step 4

Upload Your Student Management Data

Upload Student Management First

Before submitting your State Assessment Registration file, you must upload a current Student Management file to NJSLEDS.

Instructions

- Pull current Student Management records for all students who will be reported for SAR.
- Upload that Student Management file before submitting your SAR file.
- The upload process will follow the same steps you'll see for SAR in the upcoming slides.

Why this matters in the pilot:

- Previous Student Management data has been wiped from the system.
- SAR records are validated against what's currently in Student Management.
- Missing or outdated Student Management records will result in submission errors.

Step 5

Upload Your State Assessment Registration Data

The **Submission Upload tab** allows users to quickly and securely upload data files directly into the system.

Choose the Submission Type

Select the Submission type you would like to upload from the drop-down menu below. Add any comments you would like to make and select Next.

No Editing in NJSLEDS: Source vs. Target Systems

- In NJ SMART, users could fix errors right in the platform.
- In NJSLEDS, this is no longer possible.

NJSLEDS is a target system, not a working data tool. It reflects your data—it does not generate or manage it.

Source System: SIS or data collection system

- **The foundation:** Where data originates and is maintained.
- **Editable:** Updates should always be made here first.
- **Feeds into the target system:** Ensures consistent and accurate data.

vs.

Target System: NJSLEDS

- **The reporting destination:** Where data is submitted for state reporting.
- **Not editable:** Changes cannot be made directly here.
- **Designed for scalability:** Supports longitudinal tracking over time.

Why this Change Matters

Editing data at the source is a best practice.

This shift supports:

- **Data quality:** One source of truth—no conflicts or overrides
- **Accountability:** Matches how we report to the federal government
- **Scalability:** Sets the foundation for future automation
- **Security:** Reduces risk of data errors from in-system edits in the future

Steps to Test Error Fixing in Pilot and Soft Launch:

1. Filter submission records to show only those with an error status
2. Export both your filtered submission file and your error report
3. Compare files side-by-side to find the issue in each record
4. Correct errors in the CSV file—not in your SIS.
5. Save as a .CSV UTF-8 and reupload to NJSLEDS.

Reminder: This is a test environment. Use it to explore, not to fix everything.

The **Submission Upload tab** allows users to re-submit State Assessment Registration data once errors are resolved.

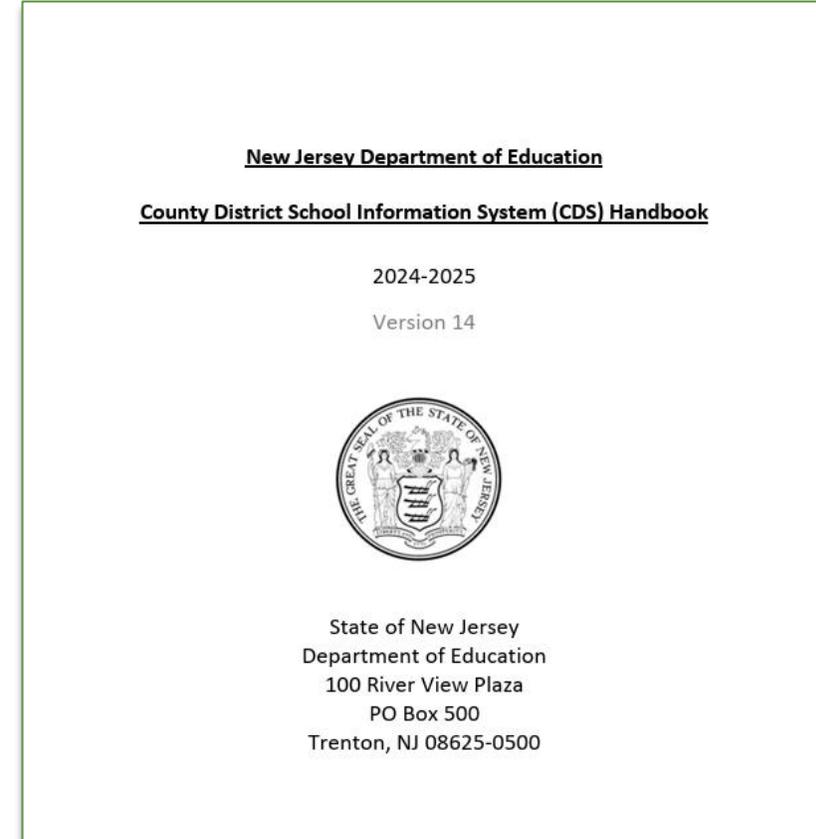

Please note: The submission file should always be uploaded from your source system to ensure data is up-to-date across all systems.

Errors for CDS Codes

District Staff assignments must be reported using the appropriate CDS Codes as specified in the [CDS application](#).

To find a list of valid codes, please refer to the [County District School Code List](#).

If you are unable to find a school code for the staff's location within the current NJSLEDS [County District School Code List](#), kindly contact the NJSLEDS Helpdesk.

Pilot “Snapshot”

During the pilots, we will be mimicking a “Snapshot” on the last day of each pilot.

The current warehouse was loaded with the fall 2024 snapshot data. Our development team is working to pull in the current NJ SMART data. This is occurring bi-weekly so some errors may occur during snapshot based on old data.

We appreciate your patience!

Friendly Reminders

Receive	Users will receive access to their NJSLEDS accounts and an email with their login credentials the day of the pilot launch.
Review and utilize	Review and utilize user resources provided by the NJDOE.
Check	Check the submissions schedule on the User Resources website to ensure data is submitted in a timely manner.
Contact	Contact the Help Desk if you have questions or need assistance.
