Dear Dr. Parker:

Subject: Special Education Monitoring – Summit City School District

This correspondence has been sent to inform you of the status of the New Jersey Department of Education, Office of Special Education's (NJOSE) onsite monitoring regarding the Summit City School District's implementation of federal and state special education requirements. Of the 46 requirements reviewed, the district demonstrated compliance with all requirements. No further action regarding this monitoring is required by the district. Summit City School District must maintain a system of oversight to ensure continued compliance with federal and state special education requirements.

Questions regarding the monitoring process should be directed to me at 609-292-0147.

The NJOSE appreciates the cooperation of Summit City School District staff members during the monitoring and verification process.

Sincerely,

A handwritten signature in black ink that reads "Peggy McDonald".
