## **Program Description Provided by the School**

Devereux Glenholme School, a center of Devereux, combines a traditional boarding school experience and therapeutic atmosphere complemented by a positive, motivational program, devoted to young people who struggle with Asperger's, ADHD, PDD, OCD, Tourette's, depression, anxiety and various learning differences. The school provides evidence-based clinical services, a rigorous academic curriculum with speech and language and occupational therapies, a sophisticated, social skill teaching program, and instruction on daily living, as well as an extensive array of extracurricular activities designed to instruct students to achieve competence, socially and emotionally. The program at Glenholme promotes an individualized approach to studies compatible to each young person's talents and capabilities. Our integration of the arts in education and boarding programs stimulates a greater understanding of social, emotional, academic and behavioral areas for students. With an education based in strong character values, the graduates of Glenholme matriculate to colleges and universities or career opportunities.

## **Program Description Provided by the School**

The general philosophy of the Grove School is based on a supportive psycho-educational approach delivered through academic programming structured in a holistic milieu. The emphasis is on the use of insight-oriented psychotherapy, interpersonal relationships and psychological guidance to maximize the educational abilities of the students. Socialization, remedial teaching, psychotherapy, graded responsibilities, creative arts and socialized recreation are the pathways for the school culture and educational program. If related services such as Speech Therapy or Occupational Therapy are required, arrangements must be made between the sending district, the parents, and the specialist. It is not included in the clinical rate. The school accepts eligible male and female students, ages 12-18 years, who have emotional challenges.

### **Description of Clinical Services:**

## **Program Description Provided by the School**

The Arch Bridge School provides therapeutic educational programs for students from Wellspring's residential school programs and for local day students. Academic instruction takes place in a small, structured, nurturing setting. Classes average six to eight students and are instructed by teachers who are certified in a specific subject area, in special education, or both. At the high school level, instruction is geared toward college prep with modifications made for students who have specific learning disabilities or who function below grade level. Elementary classes are small heavily staffed, and serve multiple grade levels. Our younger students' ability to function academically is more diverse and can range from remedial to grade level and above. Teachers in both programs are supported by mental health professionals and behavioral specialists. Emphasis is placed on providing a positive learning experience in a safe school environment while resolving major emotional and psychiatric issues which are obstacles to student learning, growing and returning to their home districts. The median length of stay at the Arch Bridge School at Wellspring is one school year.

## **Program Description Provided by the School**

The mission of Cardinal Cushing School Programs is to maximize student independence through skill acquisition. Programs are individualized to meet the needs of the student and are psycho-educational in nature. The programs range through a continuum of functional academics to vocational education and preparation for semi-independent living. Additionally the residential program provides a therapeutic milieu in which the students learn to develop healthy, appropriate relationships with peers and adults. A full complement of support services includes case management, speech/language therapy, OT and PT, human development/sexuality, social skills, psychopharmacology and counseling, family work, behavior therapy, recreation, adapted physical education, art and music. Psychiatric consultation is also available on site by a consulting psychiatrist. Cardinal Cushing Centers provides individuals with intellectual disabilities and autism spectrum disabilities of all ages, opportunities to discover the benefits of a supportive and vibrant community. We are proud of our nationally recognized offerings for learning, working, living and playing together.

## **Program Description Provided by the School**

The mission of the Boston Higashi School is to help children and young adults with Autism Spectrum Disorder learn to reach their full potential through the application of the methodology of Daily Life Therapy. This unique educational philosophy incorporates a broad and balanced curriculum including academics, art, music, physical education, computer technology and social education. Students take on challenges, learn to overcome obstacles and gain confidence from their own success. This process allows our students to develop a love for learning so they may fully enjoy their family, community, and all life has to offer. As each student grows and learns, their personality and individual character matures allowing them to benefit from and most importantly contribute to society as adults.

## **Program Description Provided by the School**

NECC serves children and adolescents with autism, cognitive disabilities, communication impairment and other related disorders in our Regular, Intermediate, and Intensive (Severe) residential programs. Clinical services are based on principles of Applied Behavior Analysis (ABA). Positive reinforcement programs are designed in response to continued functional analysis of each child's individual behavior. NECC's ACE Curriculum provides educational skills training in academics, communication, daily living, social skills and supported employment. All residential students receive direct health care services through the NECC network of providers. Counseling and psychiatric services are provided as needed. NECC also provides a full range of family support and training programs.

## **Program Description Provided by the School**

The Benedictine School offers coed day and residential special education for individuals ages 5-21 with intellectual disabilities, multiple disabilities, and autism. Each child's needs are met with high staff to student ratios and a multidisciplinary approach using research-based methods implementing the Maryland Department of Education approved curriculum. We believe that each student's greatest potential is achieved through a collaborative, holistic team approach building on the abilities, strengths, and interests of each child. Related services include speech, assistive tech, OT, PT, sensory, behavior management with BCBA's, social work, counseling, transition services, vocational training, nursing 24/7, consulting psychiatrist, consulting dietician, aquatics, adaptive PE, music therapy, home life skills. There are 3 group homes off campus, 1 on campus and suites on campus where students work on self-care skills in a structured homelike environment. Our students are provided opportunities to apply learned living and social skills in natural community settings. We are a fully licensed non-sectarian service provider without regard to racial, ethnic or religious background.

**Program Description Provided by the School**

The Wediko School provides clinical and educational services for boys aged 10-21, with a maximum capacity of 44 residential boys. Students live in dorms with boys of similar age, cared for by residential counseling staff who are supervised by a licensed clinician. Each student participates in daily group therapy, weekly family therapy, individual treatment plans and on-grounds special education services as determined by their IEP. Additional services available, as appropriate, include occupational and/or speech therapy, individual therapy, medical management, psychological evaluations, off-campus trips, career educational and vocational opportunities, and regular after school programming. The rural outdoor landscape (450) acres provides rich opportunity for outdoor activity (e.g., swimming, fishing, mountain biking, nature walks, sledding). Many students also take advantage of the community service opportunities (e.g., Humane Society, volunteering with greyhounds) and/or the Horsepower therapeutic riding program.

## **Program Description Provided by the School**

Crotched Mountain School is a non-profit K-12 coeducational special education school serving children ages 5-21 years old. Crotched Mountain School provides both residential and day programs for students with all disability categories. We offer children the chance to learn and grow at their own pace, and at their own level, from mastery of daily living skills through a high school diploma. Each child's educational program is individualized, and support is available from multiple professionals. We have a skilled nursing facility that can address the needs of medically complex children. Crotched Mountain School is a family-centered program where parents and guardians are intimately involved in planning their children's goals. Crotched Mountain School is accredited by the New England Association of Schools and Colleges and is approved by the NH Department of Education as a special education program serving 105 students as well as the New York State Department of Education and is a Massachusetts 766 approved private school.

## **Program Description Provided by the School**

The Anderson Center for Autism provides specialized service to children with Autism. Applied behavior analysis and positive behavior supports are used with direct instruction, discrete trial instruction, communication and social skills training. There are 23 classrooms of 6 students each. All teachers are New York State (NYS) certified in Special Education. The curriculum reflects NYS Learning Standards and Common Core. The school offers physical education, art and music classes. Individual and group transition/vocational training begin at age 12 in school, on campus and in the community. An interdisciplinary team of teachers, residential staff, speech pathologists, occupational therapists, behavioral specialists, nurses, clinicians and case managers identify student-specific supports and periodically review to reflect achievements. There are 16 residential houses serving 8-10 students with a house ratio of 2-3 students to one staff member. After school activities include yoga, dance, hiking, crafts and more, as well as a comprehensive recreation program, Special Olympics, community recreation and leisure opportunities. Also, there are annual campus events for students, families and staff.

**Program Description Provided by the School**

The Rockland Institute for Special Education provides a comprehensive educational program that is designed to meet the IEP goals of each student while providing for all mandated related services. The following related services are provided: Speech/Language Therapy, Physical Therapy, Occupational Therapy, Vision Therapy, and Counseling. In addition, four of our classes participate in a group social skills program. ADL skills are a key component of the program. An individualized program is developed for each student based on his/her skill levels and needs. At present, our program contains seven classes. The students are grouped by age with the goal of keeping each a three-year age range. In addition to our academic and related service programs, all students participate in Physical Education. Art and Music are provided for selected classes. Once the students reach age 13, they are eligible to participate in the Pre-Vocational Program. This highly structured program provides them with the skills they will need when they turn 16 and become eligible for our off site vocational programs. For students who are not able to go off campus, there are a number of school-based jobs available to them. The strength of our program lies in the dedication of our staff. We have created a warm and loving environment where our students feel safe. We work very closely with our parents and all outside agencies that provide additional support to our students.

### **Program Description Provided by the School**

HMS School for children with Cerebral Palsy is a day and residential school for students to age 21 who have complex multiple disabilities usually resulting from cerebral palsy, traumatic brain injury or other neurological impairment. HMS provides highly individualized special education and intensive coordinated therapy program. Students return to a less intensive school program or transition to adult services in the community. Our teachers collaborate with physical, occupational, speech-language & recreation therapists & health services staff to achieve IEP goals. Music & dance therapy, along with an adaptive art program, enable students to practice learned skills. Residential students have opportunities to participate in extra-curricular activities that reinforce communication, mobility, feeding, social and ADL skills. HMS provides social/emotional support, feeding intervention, routine care & treatment, medical & dental screenings. Our residence accommodates healthcare support services & advancement in assistive technology.

### **Program Description Provided by the School**

Mill Creek School provides a comprehensive educational day program for adolescents (ages 12-20) who are classified as emotionally disturbed. Additionally, the students we serve may have multiple learning challenges that may include perceptual or neurological issues. We offer a variety of emotional and learning support services including group counseling, family counseling, psychiatric consultation, and a parents support group. Career and transition services are also offered.

### **Description of Clinical Services:**

Related services and clinical services are included in tuition rate

**Days in Regular Session:** 180 DAYS

## **Program Description Provided by the School**

Melmark, Inc. is an approved private day and residential school that is licensed through the Pennsylvania Department of Education - Bureau of Private Academic Schools. The school serves students with a range of intellectual and developmental disabilities, including Autism, acquired brain injuries and other neurological and genetic brain impairments. All of the students served possess moderate to severe deficits in expressive and receptive communication. The majority of students are referred because of a complex profile of severe problem behaviors and complex educational or medical needs. Therefore, about half of Melmark's student population are also served in our Children's Residential program as they require a 24/7 structured learning environment to be successful. All of the remaining students participate as day students and live within a bus ride to school. The school serves a diverse student population. In addition to traditional classroom and community-based instruction, Melmark offers a host of ancillary and related services such as: speech and language therapy, occupational therapy, physical therapy, adapted physical education, music art, and aquatics instruction. Melmark also offers 24-hour medical and dental treatment for our residential students.

## **Description of Clinical Services:**

Related services and clinical services are included in tuition. Physician, dental, lab and diagnostic studies are additional costs. Personal needs are not included in the rates.

**Days in Regular Session:** 185- 288 DAYS

## **Program Description Provided by the School**

The educational program includes all traditional courses and requirements based on Pennsylvania State Standards. However, when out of state placements are made, we adjust to accommodate any and all changes necessary to meet the student's state requirements. Services include counseling, career guidance, social skills classes, life skills classes when applicable, and personal growth and academic (study) skills.

## **Program Description Provided by the School**

Pressley Ridge School for the Deaf is a year-round approved private school that serves students who are Deaf or Hard of Hearing and are also identified as either Emotionally Disturbed or on the Autism Spectrum. All of the students have behaviors that impede their success in less restrictive settings. We serve students from kindergarten through 12th grade. For the residential students, we provide Home Community Liaisons who maintain regular communication and work closely with the students' families. This includes home visits four times a year. We collaborate with the home school district and we work closely with other agencies to best prepare our students for transition to a less restrictive educational setting as well as to adult services. Our school uses a developmental, trauma-informed approach to behavioral supports and emphasizes access to language and communication. Our goal is to prepare our students to return to their public schools and home communities successfully. Our services help students expand their language and communication skills, increase their academic achievement, reduce disruptive behaviors, develop coping skills, and maintain positive relationships.

## **Description of Clinical Services:**

Psychiatric Services, Speech Language Services including herapists fluent in American Sign Language (ASL)

**Days in Regular Session:** 195

## **Program Description Provided by the School**

Our expertise & passion is working with adolescent students ages 12-17 who have been diagnosed with an Autism Spectrum disorder in addition to Learning Differences. Our students may also be struggling with other problems such as Executive Functioning Deficits, Depression, Anxiety, Emotional Dysregulation, etc. Maple Lake Academy is licensed as a Residential Treatment Center by the State of Utah. We provide an extensive clinical experience for our students (Individual Therapy 90 minutes per week; Family Therapy 90 minutes per week; Group Therapy 4.5 hours per week; and Recreation Therapy 6 hours per week/11.5 hours per week in spring and summer.) Our psychiatrist monitors our student medications and meets with our students every week and as needed. Maple Lake is an accredited high school with advanced education. The classes are standard high school classes that follow the individual accommodation plans of each student. Many of our students have an IEP and we work carefully with the school districts to facilitate an approved IEP.

**Type of School:** RESIDENTIAL

**Program Description Provided by the School**

Little Keswick School (LKS) offers a full academic program based on each student's needs. An Individualized Education Program (IEP) is developed that includes both long term and short-term goals for academics, residential and therapeutic areas. Standardized testing, student records and the present level of performance aid in determining class placement, course selection, and individual objectives in the student's IEP. In addition to the four core subjects, students have PE and afternoon activities including art, shop, and woodworking. Each teacher at LKS holds Virginia teacher certification in special education with endorsements in the areas of emotional disturbance and/or learning disabilities. Specialized program components include: Art Therapy, Occupational Therapy, and Speech/Language Therapy. Our clinical team provides individual, group, and family therapy and addresses individual relational and social functioning. LKS students reside in one of four living areas based on age, social/physical maturation, and long-term goals. The residential program at Little Keswick is a relationship-based model.
