Purpose of Transition Teleconference

- Provide a review of State Performance Plan (SPP) Indicator 13 and the specific IDEA requirements for transition planning for students aged 16 and above that will be monitored by NJOSEP as part of the targeted review;

- Provide resources to assist the district with implementing IDEA and facilitating appropriate transition services; and

- Review the procedures and timelines for submission of documentation by the district for the NJOSEP targeted review.
Transition Defined

**Transition** is a *formal process* of *long-range cooperative planning* that will assist students with disabilities to successfully move from school into the adult world.
Indicator 13: Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student’s transition services needs. There also must be evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and evidence that, if appropriate, a representative of any participating agency was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority. [20 U.S.C.1416(a)(3)(B)]
Documents to be Submitted to NJOSEP for Transition Targeted Review

- For **each** of the selected students, age 16 or above:
  - A copy of the **current** IEP;
  - A copy of the student invitation to the IEP meeting;
  - Documentation of transition assessment; **AND**
  - If an agency that may pay or provide services to the student was invited to the last IEP meeting, a copy of the invitation and parental consent to invite the agency.
In the IEP of Students Aged 16 and Older, ........

Focus Points:

1. Is there an appropriate measurable postsecondary goal or goals that covers education or training, or employment, and, as needed, independent living?

2. Is (are) the postsecondary goal(s) updated annually?

3. Is there evidence that the measurable postsecondary goal(s) were based on age appropriate transition assessment?

4. Are there transition services in the IEP that will reasonably enable the student to meet his or her postsecondary goal(s)?
5. Do the transition services include courses of study that will reasonably enable the student to meet his or her postsecondary goal(s)?

6. Is (are) there annual IEP goal(s) related to the student's transition services needs?

7. Is there evidence that the student was invited to the IEP Team meeting where transition services were discussed?

8. If appropriate, is there evidence that a representative of any participating agency was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority?

  - Education – college, trade school
  - If appropriate, independent living

- **Required Evidence:** Current IEP listing postsecondary goal(s) (State sample IEP Form Box A)

- A postsecondary goal MUST be included in the IEP. If the student is uncertain, conduct additional transition assessment to identify a postsecondary goal(s)
**STATEMENT OF TRANSITION PLANNING**

Beginning with the IEP in place for the school year when the student will turn age 14, or younger, if appropriate, develop the long range educational plan for the student’s future. Review annually.

Grade___ Courses of Study (List course names):

Grade___ Projected Courses of Study (List course names):

Grade___ Projected Courses of Study (List course names):

Grade___ Projected Courses of Study (List course names):

**RELATED STRATEGIES AND/OR ACTIVITIES**

In addition to the courses listed above, list related strategies and/or activities that are consistent with the student’s strengths, interests, and preferences, and are intended to assist the student in developing or attaining postsecondary goals related to training, education, employment and, if appropriate, independent living.
How do I write measurable postsecondary goals?

Examples:

- “After graduating high school, the student will _____________________”
- “After graduating high school, the student is planning to ____________________”
- Use results-oriented terms such as “enroll in”, “work”, “live independently”
- Use descriptors such as “full-time” and “part-time”
Appropriate Measurable Postsecondary Goals

- Prior Findings:
  - Leaving this section in the IEP blank, stating “Undecided” or another indication that the student does not have postsecondary goals.
