Maple Shade High School (05-3010-030)

2022-2023

County: Burlington
District: Maple Shade School District
180 Frederick Ave
Maple Shade, NJ 08052

Principal: Mr. Matthew La Grou
School Website
856-779-2880

909
Total Students

07-12
Grades Offered

Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

Important Notes for 2022-23 Reports: The 2022-23 School Performance Reports include all data that was previously reported prior to the COVID-19 pandemic, which includes all assessment, student growth, and accountability data. Data throughout the reports has been impacted by the pandemic in various ways, so the NJDOE recommends caution in comparing data from year to year.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- One-page guides to help start conversations for school board members, administrators, educators, elementary, and middle and high school families
- Reference Guide with details on all the data in these reports
- Frequently Asked Questions
- Understanding Adjusted Cohort Graduation Rates
- Understanding Student Growth Percentiles
- Data Privacy Rules (why you see *'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our feedback survey. Contact reportcard@doe.nj.gov with any questions about the reports

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2020-21	2021-22	2022-23
7	175	170	166
8	165	190	172
9	152	146	181
10	130	139	145
11	114	120	122
12	134	125	123
Total	870	890	909

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages for 2020-21, 2021-22, and 2022-23 may show a range, depending on the overall school population size.

Student Group	2020-21	2021-22	2022-23
Female	51.0%	50.0%	50.0%
Male	49.0%	50.0%	50.0%
Non-Binary/Undesignated Gender	≤1%	≤1%	≤1%
Economically Disadvantaged Students	38.6%	28.0%	45.8%
Students with Disabilities	19.9%	18.8%	19.6%
English Learners	1.8%	4.7%	5.2%
Homeless Students	1.0%	1.3%	3.3%
Students in Foster Care	0.5%	0.1%	0.1%
Military-Connected Students	0.5%	0.4%	0.1%
Migrant Students	0.1%	0.1%	0.1%

Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2020-21	2021-22	2022-23
White	53.7%	50.0%	47.6%
Hispanic	25.5%	27.4%	27.4%
Black or African American	14.9%	16.1%	16.7%
Asian	2.8%	3.0%	3.2%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%
American Indian or Alaska Native	0.0%	0.0%	0.0%
Two Or More Races	3.1%	3.5%	5.1%

Report Key:
* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note,see note below table

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Full and Shared Time Status

This table shows the number of full- and shared-time students for the last three years. The full-time equivalent is the number of full-time students plus half the number of shared-time students.

Enrollment Status	2020-21	2021-22	2022-23
Full Time Students	870	890	909
Shared Time Students	0	0	0
Full Time Equivalent	870	890	909

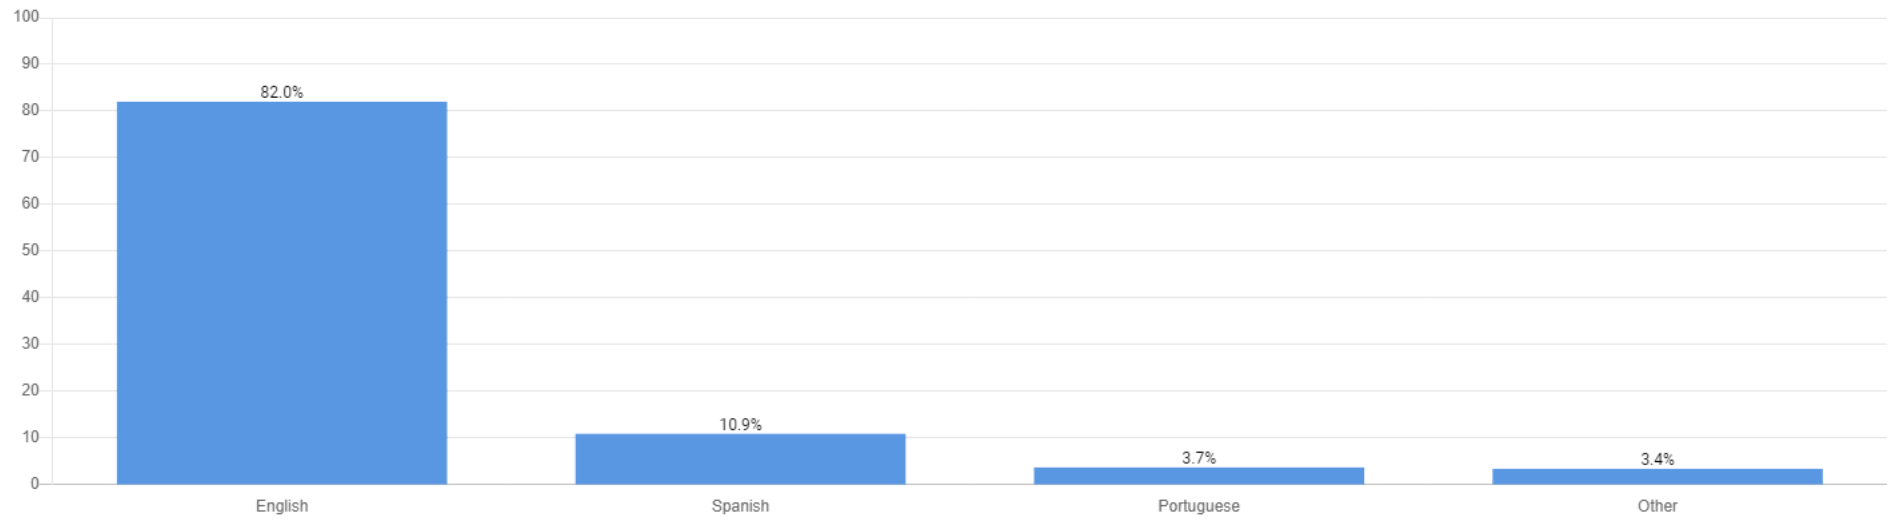

Report Key:
* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note,see note below table

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

Report Key:
* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note,see note below table

Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

A student's SGP falls between 1 and 99 and can be grouped into three levels. An mSGP below 35 indicates low growth, an mSGP between 35 and 65 indicates typical growth, and an mSGP greater than 65 indicates high growth. If the SGPs for all students are ordered from smallest to largest, the mSGP is the percentile in the middle of the list.

The NJDOE Student Growth page has more information about SGPs and mSGPs, including a video that explains how both SGPs and mSGPs are calculated.

Important Note for 2022-23: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations. An alternate measure of academic progress, or growth, called Relative School Improvement Measure (RSIM) was used for the 2021-2022 school year only.

Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Important Note for 2022-23: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations.

ELA Median Student Growth Percentile

Math Median Student Growth Percentile

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

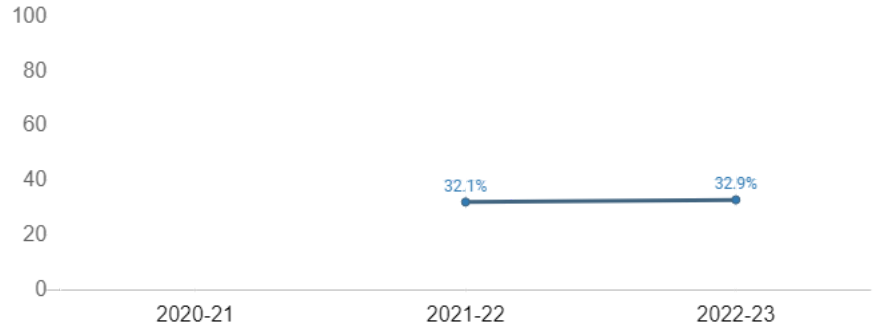

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

English Language Arts and Mathematics Performance Trends

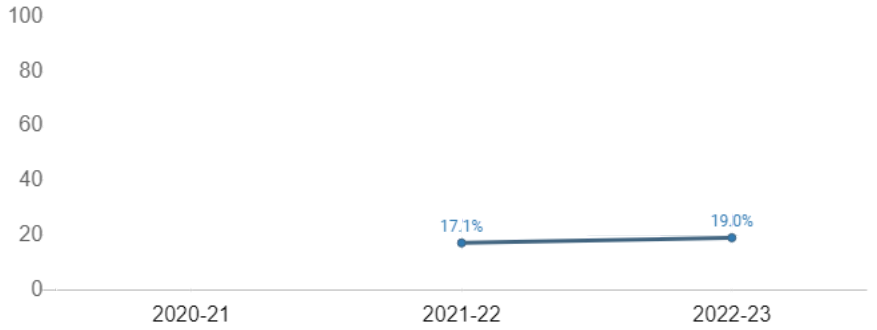

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students who met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students who were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

Important note for 2022-23: Due to the cancellation of statewide assessments in prior years, statewide assessment results are not available for the 2020-21 school year.

ELA Proficiency Rate for Federal Accountability

Math Proficiency Rate for Federal Accountability

Performance Measure	2020-21 ELA	2021-22 ELA	2022-23 ELA	2020-21 Math	2021-22 Math	2022-23 Math
Participation Rate		98.2%	98.6%		97.9%	98.3%
Proficiency Rate for Federal Accountability		32.1%	32.9%		17.1%	19.0%
Annual Target		49.4%	51.4%		35.2%	38.0%
Met Annual Target?		Not Met	Not Met		Not Met	Not Met
Statewide Proficiency Rate for Federal Accountability		49.0%	51.3%		36.0%	38.2%

† Target was met within a confidence interval.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English language arts (ELA) both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results include only students in grades 3 through 9. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long-term goal of 80% proficiency by 2032. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long-term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the NJDOE Accountability page. More information and additional data can also be found on the NJDOE Academic Achievement page.

Student Group	Valid Scores	% of students taking test	School: % of testers met/exceeded expectations	District: % of testers met/exceeded expectations	State: % of testers met/exceeded expectations	Proficiency Rate for Federal Accountability	Annual Target	Met Annual Target

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

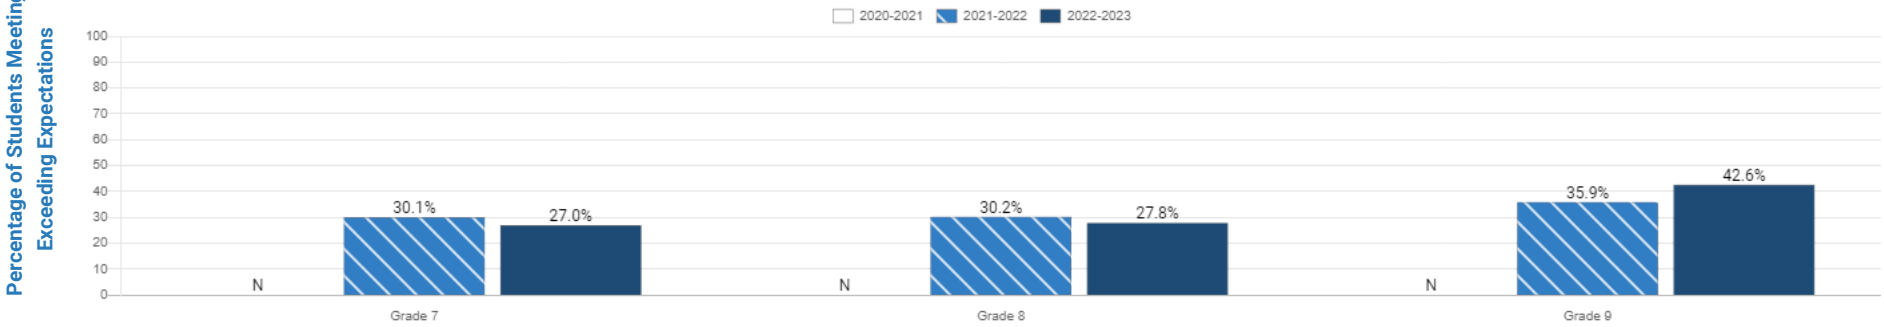

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

English Language Arts Assessment - Performance By Grade: Grade 9

This table shows performance on the English Language Arts (ELA) section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students that took the NJSLA assessment, which includes students that were enrolled less than half a year.

Student Group	Valid Scores	School Mean Scale Score	District Mean Scale Score	State Mean Scale Score	% Level 1: Did not yet meet expectations	% Level 2: Partially met expectations	% Level 3: Approached expectations	% Level 4: Met expectations	% Level 5: Exceeded expectations	% of testers met or exceeded expectations	State: % of testers met or exceeded expectations

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results include students taking end-of-grade assessments in grades 3 through 8, as well as end-of-course assessments (Algebra I, Geometry, Algebra II) in middle school and high school. High school mathematics assessment results include all results for Algebra I and Geometry and/or Algebra II results only for students who took Algebra I in middle school and who are enrolled in their first high school mathematics course that corresponds to an end-of-course assessment. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long-term goal of 80% proficiency by 2032. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long-term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the NJDOE Accountability page. More information and additional data can also be found on the NJDOE Academic Achievement page.

Student Group	Valid Scores	% of students taking test	School: % of testers met/exceeded expectations	District: % of testers met/exceeded expectations	State: % of testers met/exceeded expectations	Proficiency Rate for Federal Accountability	Annual Target	Met Annual Target

NJ SCHOOL PERFORMANCE REPORT

Maple Shade High School
(05-3010-030)
2022-2023

Report Key:
* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note,see note below table

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

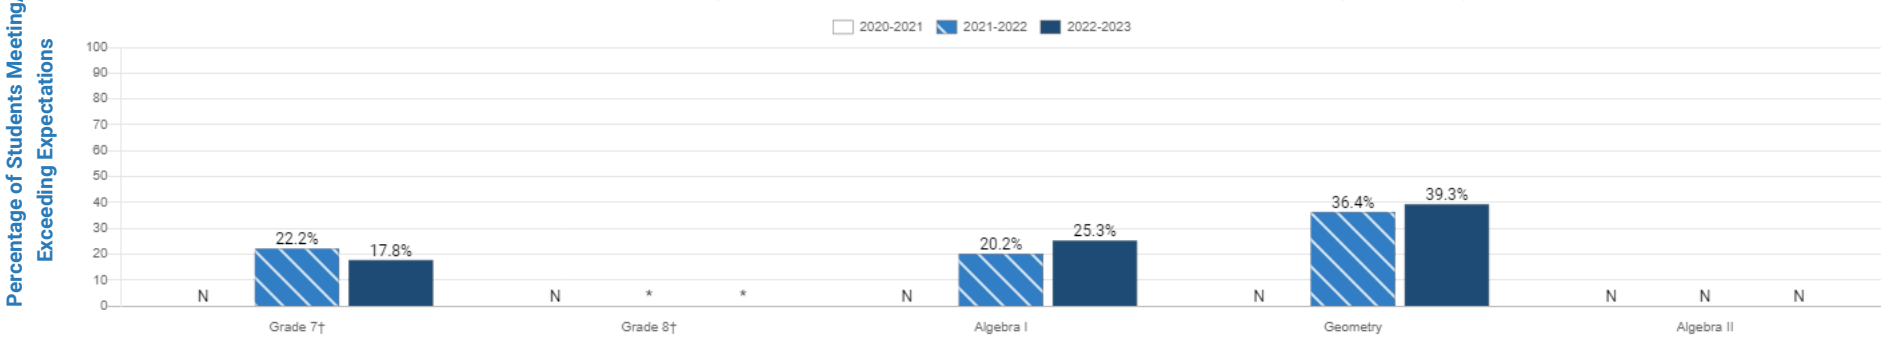

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the New Jersey Student Learning Assessment (NJSLA) for Mathematics for the past three years.

Important note for 2022-23: Due to the cancellation of statewide assessments in prior years, statewide assessment results are not available for the 2020-21 school year. Additionally, end-of-course assessment results for Geometry and Algebra II for 2018-19 and prior years included all students in middle school and grades 9 and 10. The requirements for high school testing changed in 2021-22 so that students are only required to take the NJSLA once in high school. Therefore, 2021-22 and 2022-23 data for Geometry and Algebra II may not be comparable to data from 2018-19.

† Grade level results do not include students who took the Algebra I, Geometry, or Algebra II end of course tests.

Report Key:
* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course during the 2022-23 school year were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student in in grade 9.

Important Note for 2022-23: The NJDOE recommends caution in comparing the 2022-23 Algebra I performance to data prior to 2019-20, as the population of students taking this assessment has changed as a result of new high school testing requirements. NJSLA data is not available for the 2020-21 school year.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

Mathematics Assessment - Performance By Test: Algebra II

This table shows performance on the NJSLA Algebra II end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

Important Note for 2022-23: The NJDOE recommends caution in comparing the 2022-23 Algebra II performance to data prior to 2019-20, as the population of students taking this assessment has changed as a result of new high school testing requirements. NJSLA data is not available for the 2020-21 school year.

Student Group	Valid Scores	School Mean Scale Score	District Mean Scale Score	State Mean Scale Score	% Level 1: Did not yet meet expectations	% Level 2: Partially met expectations	% Level 3: Approached expectations	% Level 4: Met expectations	% Level 5: Exceeded expectations	% of testers met or exceeded expectations	State: % of testers met or exceeded expectations

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Important Note for 2022-23: NJSLA data is not available for 2019-2020 and 2020-21 due to federal waivers and assessment cancellations. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs Assessment for English language proficiency and the percentage of students tested who received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

For additional data showing both the number and percentage of students with an overall score of 4.5 or above, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

Years in District	# Students Tested	% Students with Overall Score Below 4.5	% Students with Overall Score 4.5 or Above
0-2	40	>90%	<10%
3-4	*	*	*
5 or more	*	*	*

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English learners making expected growth to proficiency	Annual Target	Met Target?
Schoolwide/English Learners	31.3%	27.4%	Met Target

† Target was met within a confidence interval.

† This indicates a table specific note,see note below table

Academic Achievement

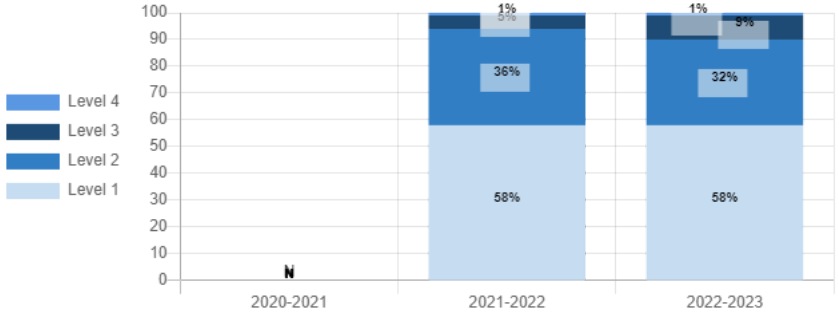

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the NJSLA-Science website for more information about NJSLA-S. These results do not include students who took the Dynamic Learning Maps (DLM) Science assessment. Visit the assessment reports page for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2023 Accountability Data in the School & District Accountability section.

NJSLA Science Assessment: Grade 8 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

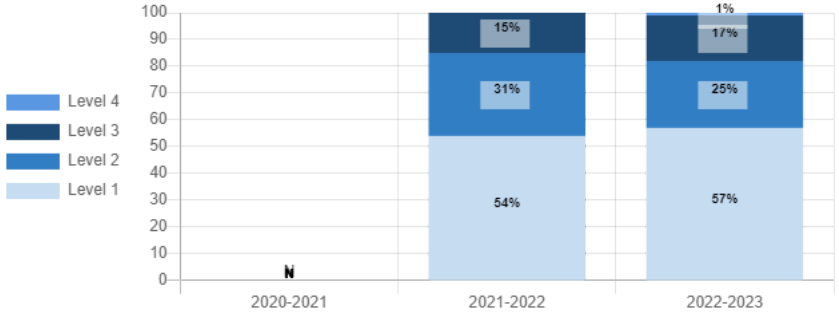

Important note for 2022-23 Reports: Due to the cancellation of statewide assessments in prior years, statewide assessment results are not available for the 2020-21 school year.

NJSLA Science Assessment: Grade 11 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

Important note for 2022-23 Reports: Due to the cancellation of statewide assessments in prior years, statewide assessment results are not available for the 2020-21 school year.

College and Career Readiness

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

Important Note for 2022-23: As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

PSAT, SAT, & ACT - Participation

This table shows information about participation in the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam during the 2022-23 school year. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2022-2023	58.1%	78.3%
12th graders taking SAT in 2022-2023 or prior years	45.5%	61.9%
12th graders taking ACT in 2022-2023 or prior years	0.8%	7.7%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students who scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	453	466	Grade 10: 430 Grade 11: 460	50%	56%
PSAT 10/NMSQT - Math	442	462	Grade 10: 480 Grade 11: 510	21%	35%
SAT - Reading and Writing	507	533	480	64%	67%
SAT - Math	478	525	530	30%	48%
ACT - Reading	*	25	22	*	66%
ACT - English	*	24	18	*	80%
ACT - Math	*	24	22	*	63%
ACT - Science	*	24	23	*	59%

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Students enrolled in one or more AP or IB course

Students taking one or more AP or IB exam

Students with one or more exams with a score of at least 3 on AP exams or 4 on IB exam

Dual Enrollment Coursework - Participation

This graph shows the percentage of 11th and 12th graders who were enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

Report Key:
* Data is not displayed in order to protect student privacy

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

AP/IB Course	Students Enrolled	Students Tested
AP Biology	12	10
AP Calculus AB	4	4
AP Chemistry	0	1

College and Career Readiness

This section contains information about participation in approved Career and Technical Education (CTE) programs, Structured Learning Experiences, work-based learning, and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the NJDOE's Career and Technical Education website.

Career and Technical Education Participation

The graphs below show the percentage of students in grades 9 through 12 who were enrolled in courses in approved Career and Technical Education (CTE) programs. Students enrolled in shared-time Career and Technical Education programs in a county vocational school district are included in the percentages for both the county vocational school and their sending school.

CTE Participants

(completed only one course in an approved CTE program)

CTE Concentrators

(completed two or more courses in a single approved CTE program and/or completed the entire CTE program)

Structured Learning Experiences Participation

The graph below shows the percentage of students in grades 9 through 12 who participated in Structured Learning Experiences (SLEs) during the school year. SLEs include work-based learning (WBL) programs. Examples of WBL experiences include job shadowing, school-based enterprise, community service, service learning, volunteering, internships, cooperative education experiences, and apprenticeships. Depending on the type of WBL experience, these may be paid or unpaid.

For additional information about students in approved career and technical education (CTE) programs/programs of study who participated in WBL experiences during the school year, see the new WBL Participation by Career Cluster table.

College and Career Readiness

This section contains information about participation in approved Career and Technical Education (CTE) programs, Structured Learning Experiences, work-based learning, and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the NJDOE's Career and Technical Education website.

Work-Based Learning Participation by Career Cluster

This table shows the number of students in an approved CTE program/program of study in grades 9 through 12 who participated in a work-based learning experience during the school year. Work-based learning can include career exploration (e.g., community service, job shadowing, school-based enterprise, service learning, or volunteering), career preparation (e.g., cooperative education experience or paid/unpaid internships), or career training (e.g., pre-apprenticeship/apprenticeship registered with the USDOL-OA). This table only includes students enrolled in an approved CTE program/program of study. See the Structured Learning Experiences table for information on all high school students (both CTE and non-CTE).

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students who earned one or more industry-valued credentials, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

College and Career Readiness

Information about New Jersey Student Learning Standards can be found on the NJDOE website. An English course participation table is not included below because students are required to take four years of English in high school. Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Mathematics - Course Participation

This table shows the number of students who were enrolled in Mathematics courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Algebra I	Geometry	Algebra II	Pre-Calculus	Calculus	Statistics	Grade Level and Other Math
7	0	0	0	0	0	0	180
8	44	0	0	0	0	0	179

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2021-22 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students who did not meet some or all graduation requirements because of modifications or exemptions in their Individualized Education Programs (IEPs) may not be counted as graduates in the calculations of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this is only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and will be used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

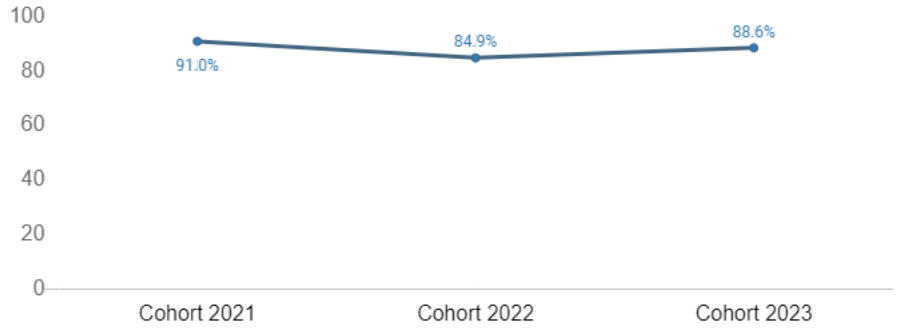

To be included as a graduate in the federal version of the graduation rate, students must have meet state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2021 through 2023 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the NJDOE Graduation Rate page.

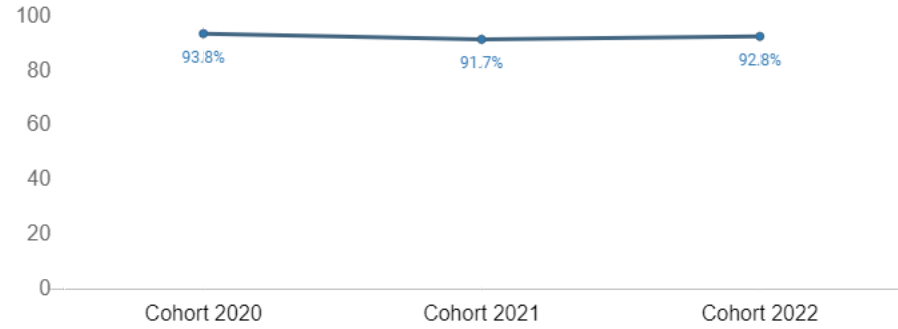

Graduation Rate Trends and Progress

These graphs show the 4-year and 5-year adjusted cohort graduation rates for the most recent three cohorts of students. These charts and tables are based on the state graduation rate, which reflects all students who receive a state-endorsed diploma.

4-Year Graduation Rate Trends

5-Year Graduation Rate Trends

Performance Measure	Cohort 2021 4-Year Rate	Cohort 2022 4-Year Rate	Cohort 2023 4-Year Rate	Cohort 2020 5-Year Rate	Cohort 2021 5-Year Rate	Cohort 2022 5-Year Rate
Graduation Rate	91.0%	84.9%	88.6%	93.8%	91.7%	92.8%

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2021-22 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students who did not meet some or all graduation requirements because of modifications or exemptions in their Individualized Education Programs (IEPs) may not be counted as graduates in the calculations of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this is only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and will be used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have meet state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2021 through 2023 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the NJDOE Graduation Rate page.

Federal Graduation Rates

This table shows the federal version of the 2023 4-year and 2022 5-year graduation rates. To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they graduated, regardless of their graduation cohort. There were no graduation assessment requirements for students graduating with the class of 2023. This means that any students with disabilities in cohort 2023 or cohort 2022 who graduated during the 2023 school year were only required to meet state course and local attendance requirements to be included as graduates. However, any students with disabilities in cohort 2023 or cohort 2022 who graduated during the 2022 school year were required to meet state course, local attendance, and state graduation assessment requirements to be included as graduates. Any students with disabilities who did not meet requirements because of a modification or exemption in their IEP were not included in the graduates count (the numerator) but were included in the adjusted cohort (the denominator). For accountability purposes, graduation data from the prior school year is used, so these graduation rates will be used when the NJDOE runs the accountability system for the 2023-24 school year (along with 2023-24 assessment, growth, and chronic absenteeism data) and will be included in the accountability profiles in fall 2024.

Student Group	2023 4-Year Federal Graduation Rate	2022 5-Year Federal Graduation Rate	State: 2023 4-Year Federal Graduation Rate	State: 2022 5-Year Federal Graduation Rate

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2021-22 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students who did not meet some or all graduation requirements because of modifications or exemptions in their Individualized Education Programs (IEPs) may not be counted as graduates in the calculations of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this is only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and will be used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have meet state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2021 through 2023 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the NJDOE Graduation Rate page.

Accountability Graduation Rates

This table shows Cohort 2022 4-year and Cohort 2021 5-year graduation rates both overall and by student group. For accountability and annual targets, graduation data from the prior year is used. These graduation rates are the "federal version" of the graduation rate for 2022, which means that students with disabilities who did not meet either the state course, local attendance, and/or state graduation assessment requirements are not included as graduates (the numerator), but they are included in the adjusted cohort (the denominator).

Student Group	Cohort 2022: 4-Year Graduation Rate	Cohort 2022: Annual Target	Cohort 2022: Met Target	Cohort 2021: 5-Year Graduation Rate	Cohort 2021: Annual Target	Cohort 2021: Met Target

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2021-22 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students who did not meet some or all graduation requirements because of modifications or exemptions in their Individualized Education Programs (IEPs) may not be counted as graduates in the calculations of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this is only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and will be used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have meet state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2021 through 2023 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the NJDOE Graduation Rate page.

Graduation Pathways

This table shows how graduates met the high school graduation assessment requirements through each type of graduation pathway for both English Language Arts (ELA) and Math.

Important Note for 2022-23 Reports: There were no graduation assessment requirements for any students who graduated with the class of 2023 as a result of P.L.2022, c.60, which was signed by Governor Murphy on Tuesday, July 5, 2022. As a result, no graduation pathway data is reported for the 2022-2023 school year.

Dropout Rate Trends

This table shows the percentage of students in grades 9 through 12 that dropped out during each of the past three school years.

School Year	School Rate	State Rate
2022-2023	0.5%	1.2%
2021-2022	1.3%	1.2%
2020-2021	1.5%	1.1%

Report Key:

Graduation/ Postsecondary

Information about students enrolling in colleges and universities after graduation is collected from the National Student Clearinghouse (NSC), which collects data from at least 97% of higher education institutions nationwide. New Jersey graduates are matched to postsecondary enrollment data by NSC each year. While most students who enroll in a postsecondary institution each year are able to be matched by NSC, there are some students each year who cannot be matched. Some reasons that students may not be matched are: 1. Postsecondary enrollment cannot be shared with the NJDOE if students request a FERPA block on their postsecondary enrollment records; 2. Students who attend a college or university outside of the United States are not included in NSC data; 3. Certain colleges or universities may not participate in sharing data with NSC or may fail to report data for a certain semester or a certain group of students; and 4. NSC may not be able to match a student's name or date of birth in NJ SMART to the information provided by the postsecondary institution(s) with a high level of confidence.

In 2023, NSC implemented an additional manual review process to reduce the number of students who do not match due to #4 above, which may result in NSC matching additional students to postsecondary records moving forward. As a result, the NJDOE is not including trend data from previous years in the 2022-2023 reports and, instead, is only showing enrollment as of fall 2023. Updated postsecondary trend data will be posted on the NJDOE Graduation & Postsecondary webpage.

Postsecondary Enrollment Rates: Fall

This table shows information about Class of 2023 high school graduates enrolled in postsecondary institutions by the fall of 2023. The first column shows the percentage of graduates enrolled in any postsecondary institution, and the next two columns show the percentage of those enrolled students who were enrolled in 2-year and 4-year institutions.

To address the fact that a small percentage of high school graduates each year enroll in a postsecondary institution but are not included in our results, the NJDOE is reporting a range for overall postsecondary enrollment. The lower bound of the range is the percentage of students who were matched by NSC. The upper bound of the range represents an estimate of the percentage of students that may have enrolled, given the potential reasons that students may not be matched. This upper range is equal to the # of graduates who matched to postsecondary enrollment data over 97% of the total graduates. This is because NSC claims that their postsecondary data represents at least 97% of enrollment in higher education institutions.

Student Group	% Enrolled in Any Institution	% of Enrolled in 2-Year Institution	% of Enrolled in 4-Year Institution
Statewide	69.8-72.0%	25.2%	74.8%
Schoolwide	56.8-58.6%	42.7%	57.3%
White	62.0-63.9%	56.8%	43.2%
Hispanic	45.5-46.9%	26.7%	73.3%
Black or African American	50.0-51.5%	20.0%	80.0%
Asian, Native Hawaiian, or Pacific Islander	*	*	*
American Indian or Alaska Native	*	*	*
Two or More Races	*	*	*
Female	63.3-65.3%	34.2%	65.8%
Male	51.4-53.0%	51.4%	48.6%
Non-binary/undesignated gender	*	*	*
Economically Disadvantaged Students	50.0-51.5%	41.7%	58.3%

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Important Note for 2022-23: The NJDOE recommends caution in comparing the 2022-23 chronic absenteeism rates with the rates from prior years as the pandemic has impacted attendance rates over the last several years.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The state average column is the target used for accountability purposes and it reflects the statewide average for students in the grades offered by the school. Each student group has the same target based on all students, so the same "state average" will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	# of Students Chronically Absent	% of Students Chronically Absent	State Average	Met State Average
Schoolwide	170	18.5%	17.2%	Not Met
White	83	18.7%	17.2%	Not Met
Hispanic	43	17.3%	17.2%	Not Met
Black or African American	30	19.5%	17.2%	Not Met
Asian, Native Hawaiian, or Pacific Islander	*	6.9%	17.2%	Met
American Indian or Alaska Native	*	*	**	**
Two or More Races	12	26.7%	17.2%	Not Met
Female	*	20.3%		
Male	*	16.6%

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Important note for 2022-23: The NJDOE recommends caution in comparing the 2022-23 student safety data with the data from 2020-21 and 2019-20 as the pandemic impacted the data for those years.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	4
Weapons	3
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	11
Total Unique Incidents	18
Incidents Per 100 Students Enrolled	1.98

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	4
Weapons	3
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Report Key:

N No Data is available to display
† This indicates a table specific note,see note below table

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Important note for 2022-23: The NJDOE recommends caution in comparing the 2022-23 student safety data with the data from 2020-21 and 2019-20 as the pandemic impacted the data for those years.

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	1	3	4
Religion	0	2	2
Ancestry	1	1	2
Gender	0	2	2
Sexual Orientation	0	1	1
Disability	0	3	3
Other	1	2	3
No Identified Nature	2		2

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year. The NJDOE is additionally required to report on the number, percentage, and demographics of students who received removals and that data is available on the NJDOE website.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	19	2.1%
Any Suspension	19	2.1%
Removal to other education program	3	0.3%
Expulsion	0	0.0%
Arrest	0	0.0%

School Days Missed due to Out-of-School Suspensions
86

Report Key:

** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note,see note below table

Climate and Environment

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	7:25 AM
Typical End Time	2:15 PM
Length of School Day	6 Hrs. 50 Mins.
Full Time - Instructional Time	6 Hrs. 24 Mins.
Shared Time - Instructional Time	3 Hrs. 25 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAx survey and reflects data submitted as of October 2023, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

School Year	Student to Device Ratio
2022-2023	1:1

Student Access to Technology and Internet

The NJDOE collects information on student device types, device owners, and internet connectivity. Reports about student access to technology and internet connectivity can be found on the NJDOE website.

Report Key:
* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note,see note below table

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:
Teachers: All classroom teachers
Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators
Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.
Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.
Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers – Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the School Performance Staff page.

Category	Teachers in School	Teachers in State
Total Number of teachers	79	118,882
Average years experience in public schools	10.4	12.5
Average years experience in district	9.1	11.3
Number of Teachers with 4 or more years experience in the district	53	88,415
Percentage of Teachers with 4 or more years experience in the district	67.1%	74.8%
Number of out-of-field teachers	1	2,811
Percentage of out-of-field teachers	1.3%	2.4%
Number of Teachers with Provisional Credentials	10	8,605
Percentage of Teachers with Provisional Credentials	12.7%	7.3%

Administrators – Experience

This table shows information about the experience of administrators assigned to this school and across the state.

Category	Admin. in School	Admin. in State
Total Number of administrators	7	9,952
Average years experience in public schools	7.6	16.1
Average years experience in district	4.4	12.5
Number of Administrators with 4 or more years experience in the district	3	7,675
Percentage of Administrators with 4 or more years experience in the district	42.9%	77.9%

Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	79	218	118,882
Administrators	7	19	9,952
Librarians/Media Specialists	1	1	1,194
Nurses	1	4	2,960
School Counselors	4	7	4,519
Child Study Team Members	2	21	9,367
School Psychologists	N	4	2,166
School Social Workers	1	6	2,654
Student Assistance Coordinators	1	1	381
School Safety Specialists	N	1	694

Report Key:
* Data is not displayed in order to protect student privacy

† This indicates a table specific note,see note below table

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:
Teachers: All classroom teachers
Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators
Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.
Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.
Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Ratio	School Ratio	District Ratio
Students to Teachers	12:1	11:1
Students to Administrators	130:1	126:1
Teachers to Administrators	11:1	11:1
Students to Librarians/Media Specialists †	909:1	2390:1
Students to Nurses †	909:1	598:1
Students to Counselors †	227:1	341:1
Students to Child Study Team Members †,††	89:1	23:1
Students to School Psychologists †	N	598:1
Students to School Social Workers †	909:1	398:1
Students to Student Assistance Coordinators †	909:1	2390:1
Students to School Safety Specialists †	N	2390:1

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Category	Students in School	Teachers in School	Administrators in School	Students in State	Teachers in State	Administrators in State
Female	50.0%	65-70%	*	48.0%	77.0%	57.0%
Male	50.0%	30-35%	*	52.0%	23.0%	43.0%
Non-Binary/Undesignated Gender	≤1%	≤5%	*	≤1%	≤1%	≤1%
White	47.6%	88.6%	57.1%	39.1%	82.2%	74.8%
Hispanic	27.4%	5.1%	0.0%	33.1%	8.3%	8.5%
Black or African American	16.7%	3.8%	42.9%	14.4%	6.3%	14.3%
Asian	3.2%	2.5%	0.0%	10.1%	2.4%	1.4%
American Indian or Alaska Native	0.0%	0.0%	0.0%	0.2%	0.1%	0.1%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%	0.2%	0.4%	0.6%
Two or More Races	5.1%	0.0%	0.0%	2.9%	0.2%	0.4%

This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.
Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2021-22 that were still assigned to this district in 2022-23. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2021-22 Teachers: Same district 2022-23	88.8%	88.4%
2021-22 Administrators: Same district 2022-23	88.2%	86.6%

The tables below report on "experienced" teachers and administrators for federal reporting purposes.
Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.
Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers by Subject Area

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

Subject Area	Total Number of Teachers	% Female	% Male	% Non-binary or Undesignated Gender	% White	% Hispanic	% Black or African American	% Asian	% Native Hawaiian, Pacific Islander	% American Indian or Native American	% Two or More Races	% 4 or more years experience in the district	% Bachelor's Degree(Highest Degree)	% Master's Degree(Highest Degree)	% Doctoral Degree(Highest Degree)

Per-Pupil Expenditures

Per-Pupil Expenditures by Source

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE**) comes from the 2022-23 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage NJDOE webpage ESSA School Level Reporting Information. More in-depth information about district and charter school spending can be found in the User Friendly Budget and the Comprehensive Annual Financial Report (CAFR) and Auditor Management Reports (AMRs).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2022-23 School-Level Per Pupil Expenditures by Source

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Maple Shade Twp	Federal	State & Local	Total	ADE**
District Level Total Expenditures	$1,049	$17,232	$18,281	2,467.0
District Level Central Expenditures		$5,478	$5,478	2,467.0
Maple Shade High School	$698	$12,318	$13,016	919.5
Maude M. Wilkins Elementary School	$839	$10,291	$11,130	578.7
Howard Yocum Elementary	$1,760	$12,812	$14,572	614.9
Ralph J. Steinhauer Elementary School	$1,068	$10,844	$11,912	353.9

Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability System New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's approved ESSA state plan, NJDOE will identify schools in the following four federal categories every three years:

- **Comprehensive Support and Improvement (CSI): Overall Low Performing:**
  - Title I schools with a summative score in the bottom 5% of Title I schools.
- **Comprehensive Support and Improvement (CSI): Low Graduation Rate:**
  - All high schools with a four-year graduation rate of 67% or less
- **Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):**
  - All schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- **Comprehensive Support and Improvement (CSI): Chronically Low Performing:**
  - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e., ATSI schools that do not meet exit criteria.
  - The fall 2023 identification is the first year that the NJDOE identified schools in this category.

Annually, NJDOE will identify schools in the following federal category:

- **Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):**
  - All schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the NJDOE accountability page

Important Note for 2022-23 Reports: The NJDOE received approval to make a one-time change to the identification timeline under the COVID-19 State Plan Addendum. Under the approved Addendum, the NJDOE identified schools for CSI and ATSI status in both fall 2022 and fall 2023. Schools that were identified for CSI or ATSI status in fall 2022 were eligible to exit status at the end of the 2023-2024 school year if all exit criteria were met. Schools that were identified for CSI or ATSI status in fall 2023 will be eligible to exit status at the end of the 2026-2027 school year if all exit criteria are met. Schools identified for TSI status are eligible to exit annually if exit criteria are met.

The NJDOE resumed using median student growth percentiles (mSGPs) to measure academic progress, or growth, for the 2022-2023 school year. The NJDOE had received approval through the Addendum to use an alternate measure of academic progress, Relative School Improvement Measure (RSIM) for the 2021-2022 school year only because mSGPs were unavailable.

Report Key:

Accountability

ESSA Accountability Status

The table below provides the school's federal school status for the 2024-25 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the NJDOE Accountability page includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

Status for 2024-25 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Pacific Islander, Native Hawaiian	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: English Learners	

†This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Additional Targeted Support and Improvement.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years.

ELA and Math Proficiency: Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM) **ELA and Math Growth: For 2022-23, this data reflects median student growth percentiles (mSGPs).** For 2021-22, this data shows the Relative School Improvement Measure (RSIM), which was based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. **Four- and five-year graduation rates:** The adjusted cohort graduation rate **Progress toward English Language Proficiency:** The percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English Language proficiency. **Chronic absenteeism:** The percentage of students who were absent for 10% or more of the days enrolled during the school year.

Important Note for 2022-23: The NJDOE received federal waivers that waived certain assessment and accountability-related requirements for the 2019-20 and 2020-21 school years. As a result, proficiency, growth, and progress toward English language proficiency data is not available for 2020-21. The growth measure used for 2021-22 was an alternate measure used because median student growth percentiles were not available for 2021-22 and the NJDOE resumed using mSGPs for 2022-2023, so growth data for 2021-22 to 2022-23 should not be compared. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

ESSA Acountability Indicator	2020-21	2021-22	2022-23
ELA Proficiency		32.1%	32.9%
Math Proficiency		17.1%	19.0%
ELA Growth		35	30
Math Growth		41	52
4-Year Graduation Rate†	91.0%	84.9%	88.6%
5-Year Graduation Rate†	93.8%	91.7%	92.8%
Progress toward English Language Proficiency		16.7%	31.3%
Chronic Absenteeism	30.8%	24.3%	18.5%

† This table shows the most recent graduation rate for reference, but accountability calculations for a given year use the prior year's graduation rate.

Accountability

Accountability Indicator Scores and Summative Ratings - 2022-23 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Title I schools with a summative score in the bottom 5% of Title I schools or any school with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see the NJDOE Accountability page.

ESSA Accountability Indicator	Score	Weight
ELA Proficiency Indicator Score	17.31	10.0%
Math Proficiency Indicator Score	28.85	10.0%
ELA Growth Indicator Score	2.91	12.5%
Math Growth Indicator Score	42.11	12.5%
4-Year Graduation Rate Indicator Score	10.63	12.5%
5-Year Graduation Rate Indicator Score	4.40	12.5%
Progress toward English Language Proficiency Indicator Score	86.96	20.0%
Chronic Absenteeism Indicator Score	35.29	10.0%
Summative Score	33.04	
Summative Rating	17.31	
Comprehensive Support: Overall Low Performing	No	
Comprehensive Support: Low Graduation Rate	No	

† Weights indicated by this symbol were adjusted due to data availablity.

††A modified summative score was calculated using only available data.

Accountability

Accountability Summary by Student Group - 2022-23 School Year

The NJDOE is required under ESSA to identify schools for Targeted Support and Improvement (TSI) and Additional Targeted Support and Improvement (ATSI). Both TSI and ATSI identifications are based on how student groups within schools perform. Schools are identified for ATSI if they have at least one student group that has a summative score that would be in the bottom 5% of Title I schools if it was its own school. Schools are identified for TSI if they have at least one student group that missed annual targets or standards for all indicators for two years in a row. Only student groups that have data for at least 20 students are included in the accountability determinations.

In the table below, the first three columns show information on the identification for ATSI. It shows the summative score for each student group, the cut-off score that was used to identify schools for comprehensive support and improvement (CSI), and whether the school (and student groups) have been identified as requiring ATSI. The remaining columns in the table show whether the student group met annual targets or standards for all indicators for the 2022-23 school year. If at least one student group did not meet all targets and also did not meet all targets in the 2021-22 school year, then the school will be identified as requiring TSI.

For more information about accountability determinations, indicators, and annual targets, see the NJDOE Accountability page.

Student Group	Summative Score	Summative Score Cut-Off for Additional Targeted Support	Requires Additional Targeted Support: Low Performing Student Group	ELA Proficiency	Math Proficiency	ELA Growth	Math Growth	4-Year Graduation Rate	5-Year Graduation Rate	Progress toward English Language Proficiency	Chronic Absenteeism	Requires Targeted Support: Consistently Underperforming Student Group

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- Maple Shade HS is proud to be a pilot school in Mental Health First Aid program through the Lady Gaga Born This Way Foundation and the National Council for Behavioral Health.
- Maple Shade High School has a great selection of sports and activities to engage students in extra-curricular and co-curricular opportunities.
- Maple Shade High School was designated a No Place for Hate School in 2022-2023.

Mission, Vision, Theme:

The Maple Shade School District believes that all children can learn and seeks to maximize each student's aptitude. We provide a safe and productive learning environment for all students that promote responsible citizenship, ethical behavior, and respect.

Awards, Recognition, Accomplishments:

Mental Health Grant

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Courses, Curriculum, Instruction:

Maple Shade High School is a six-year Junior/Senior High School with offerings in academics, athletics, and the arts. Twenty-six honors and AP level classes are available to students in the HS.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Bowling (Boys & Girls), Cheerleading (Coed), Cross Country (Boys & Girls), Field Hockey (Girls), Football (Boys), Lacrosse (Girls), Soccer (Boys & Girls), Softball (Girls), Track and Field - Spring (Boys & Girls), Wrestling (Boys & Girls)

Over 1/3 of our students participate in at least 1 high school or middle school sport. In the Spring of 2023, Softball, Baseball and Boy and Girls Track won BCSL Division Titles.

Clubs and Activities:

Clubs such as Human Relations, History, French, National Honor Society, and DECA are well represented. The DECA Program has brought state and national recognition to the students and our Fall Drama and Spring Musical is a high point. We have raised approx. $50,000 for Pediatric Cancer through the Four Diamonds organization and we will host our 5th annual MiniTHON night this year.

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Before and After School Programs:

Students participate in a wide variety of after school clubs and sports. We also offer tutoring in all content areas and extra support for our ELL student population in after school programs.

Staff and Professional Learning:

"Maple Shade High School provides in-district professional development through weekly staff meetings and several district in-services during the year. Professional development topics range depending on the needs of individual staff members.This year, all of our teachers are working with Penn Literacy Network out of the University of Pennsylvania to ensure we are egagning students the the best, most engaging, research based instructional practices."

Postsecondary Information:

Over 80% of our students move on to attend a 2 year or 4 year college following high school. About 1% enter the military and about 7% into a technical school.

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Student Supports and Services:

Free tutoring is available after school for students in Math, ELA, Science, and Social Studies. We have an excellent Intervention and Referral Services Team (I&RS) which develops comprehensive plans to support students academically. English Language Learners have a dedicated period of intervention as well as a general education teacher who is trained in a Sheltered Instruction Model.

Student Health and Wellness:

All students have the opportunity to participate in our school breakfast program. Students also are exposed to a comprehensive Health and Physical Education curriculum. We have four school counselors and a school nurse who also promote a healthy lifestyle by giving lessons to students and meeting in small groups to promote the idea of a healthy body and mind.

Parent and Community Involvement:

The Parent Teacher Student Association (PTSA) actively participates in the school community and provides a Project Graduation experience for all seniors in addition to scholarship assistance. We are all proud of the positive connections made at Maple Shade.

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers. A school climate survey is given to students, staff, and parents. The information is shared with all stakeholders through our School Safety Team. The students work in collaboration with the staff to promote a positive school culture through daily restorative community circles. Students and staff have embraced the goal of celebrating diversity and creating an environment where all students are safe and comfortable in school.

Facilities:

Our facility houses our Junior High and High School. It is equipped with a library, several computer labs, a TV studio, a dance studio, a weight room a main gym and an auxiliary gym space.

School Safety:

We have a SLEO assigned to our school who meets with our school safety team. We run security and safety drills twice a month.
